As at the date of this announcement, save for the issue of 537,761,685 Shares pursuant to the subscription agreement dated 25 September 2015 as disclosed in the announcement of the Company dated 28 September 2015, the General Mandate has not been utilized since it was granted. Accordingly, the Company may further allot 1,617,382,746 new Shares under the General Mandate. REASONS FOR THE ISSUE OF CONVERTIBLE BONDS AND USE OF PROCEEDS

The Group is principally engaging in shipbuilding related business.

The Subscriber is a company incorporated in Hong Kong and its principal business is general investment.

The proceeds from the issue of the Convertible Bonds will be approximately HK\$100 million. The Board currently intends to use the proceeds from the issue of the Convertible Bonds as follows:

- (1) approximately HK\$50 million of the proceeds to fund the development and investment of the Group's liquefied natural gas business in the PRC; and

- (2) approximately HK\$50 million all of the proceeds will be used for general working capital purposes (including repayment of debts).

As stated in the 2015 interim report of the Company, the Group and the entire shipbuilding market is facing challenging economic circumstances. In this connection, the Group had actively developed its financial leasing and the business related to liquefied natural gas operations to help form a synergy with the Company's principle operations while mitigating any possible risks brought about by the volatile shipbuilding market. The Directors consider that the issue of Convertible Bonds represents an opportunity to raise additional funds for the Group to consolidate the Group's development in the liquefied natural gas market in the PRC and to replenish the working capital position and enhance financial position of the Group.

Taking into account the terms of the Convertible Bonds, the Company believes that it is in the interests of the Company to issue the Convertible Bonds. In addition, the Directors consider that the issue of the Convertible Bonds will provide the Company with immediate funding without immediate dilution of the shareholding of the existing Shareholders. Having considered that (i) the interest rate payable on the Convertible Bonds is fair and reasonable as compared with the prevailing interest rates generally offered by banks and financial institutions for similar loan facilities; and (ii) if the Convertible Bonds are exercised, the outstanding principal will be converted into equity capital thereby strengthening the financial position of the Group, the Directors consider that the issue of the Convertible Bonds is an appropriate means of fund raising for the Company.

The Directors consider that the terms of the Subscription Agreement and the Convertible Bonds, which were arrived at after arm's length negotiations between the Company and the Subscriber, are fair and reasonable, and are in the interests of the Company and the Shareholders as a whole.
