

## **Changshu Power Wins the Outstanding Contribution Award of Changshu Economic and Technological Development Zone**

On 23 October, Changshu Power was presented the “Changshu Economic and Technological Development Zone Outstanding Award”. The award was presented to praise enterprises which have made outstanding contributions for the social economic development within the zone over the years by the Changshu Economic and Technological Development Zone.

Over the past 20 years, Changshu Power Generation has provided enterprises in the Changshu Economic and Technological Development Zone with premium electricity and other comprehensive energy services. Their effort has received a number of positive comments from companies within the area. Changshu Power Generation is an active tax payer of the comprehensive energy infrastructure industry as well as the local government. The sturdy energy assurance of Changshu Power Generation provides the development zone with strengthened competitiveness, enhancing its attractiveness to funds and investing companies.

As of now, Changshu Economic and Technological Development Zone, being a national development zone, has more than 600 domestic and international companies. This award was exclusively given to Changshu Power Generation and six other companies.
