

Ranked Second in the Country! Yaomeng Power Generation Employees Win the Title of “Technical Expert in Power Industry”

On 14 November, the 12th National Power Industry Vocational Skills Competition Electric Protector Finals ended successfully. Li Muxing, an employee of Yaomeng Power Generation Company, won the second place (single), making new record of the company’s best performance in the history of the power industry competition. At the same time, Li Muxing was awarded the title of “Technical Expert in the Power Industry”, and the tournament will declare the title of "National Technical Expert" for him.

A total of 94 players from 14 companies participated in this competition. The National Power Investment Team ranked second in the group. All 10 participating players won individual awards. Among them, 6 players were from China Power, and Li Muxing from Yao Meng Power scored the most valuable person in his team.
