

Shandong Energy Bureau and SPIC Shandong Branch Conduct Joint Study of Macro-Economy Polices

To better implement the tasks raised at the mobilization meeting of 2022 Shandong Economic Work Conference, Shandong Energy Bureau and SPIC Shandong Branch jointly held a special report meeting on situation and policies. Mr. Guan Zhaoquan, Level I Inspector and Vice Director of Shandong Development and Reform Commission attended the meeting and gave a special report, with the participants including Mr. Liu Xuerong, full-time Vice Secretary of the Party Committee of Shandong Energy Bureau, Mr. Zhen Haicun, General Manager of Shandong Branch, and other managers of Shandong Branch.

At the meeting, Mr. Guan Zhaoquan made a special report of *Comprehensively Open up New Horizon for Building a Modern and Strong Province in the New Era*. Centering on General Secretary Xi Jinping's important instructions and requirements, and adhering to the general rules, orientation and direction of "marching at the forefront, opening up in all respects" and "three taking the lead", the report gave a systematic description of three aspects of gaining a good understanding of the economic situation, making a good start, and ensuring the completion of objectives and tasks. Also, the report intensively interpreted the "Nine Major Projects" in Shandong's energy sector. At the meeting, Mr. Guan Zhaoquan also shared his views on the development of new energy.

In hosting the meeting, Mr. Zheng Haicun expressed thanks for the constant guidance and assistance from Shandong Development and Reform Commission and Shandong Energy Bureau over the past years. He pointed out that this joint study of theories by

young people of Shandong Energy Bureau and SPIC Shandong Branch was a good attempt of the joint building and promotion of both sides. Shandong Branch will continue to implement the energy development strategy of Shandong province, strive to act as the pioneer and leader in replacing the old growth drivers with new ones, and boost the economic and social development of Shandong Province.
