

Mr. Gao Ping Meets with Mr. Yu Jiangtao, Senior Vice President of Mingyang Smart Energy

On March 2, 2022, Mr. Gao Ping, Executive Director and President of CPID, met with Mr. Yu Jiangtao, Senior Vice President of Mingyang Smart Energy and his delegation at headquarters of CPID.

Mr. Gao Ping first extended a warm welcome to Mr. Yu Jiangtao and his delegation. Then, Gao introduced the presence and industrial advantages of CPID in emerging industries such as energy storage, hydrogen energy, rural revitalization and green electric transportation, as well as the results of their ongoing cooperation under the strategic cooperation agreement between the two sides. Gao proposed to follow the trend of national green energy development, give full play to the unique advantages of both sides as leading players in their respective fields, and explore the opportunities for jointly building and develop high-quality joint venture platforms, in order to share risks and benefits and achieve common development.

Mr. Yu Jiangtao expressed his hope for further in-depth cooperation with CPID under the concept of "Common Development for Shared Benefits and Win-Win Results", and highlighted six promising scenarios and modes of cooperation between the two sides in developing new energy projects. Also, he said that based on mutual understanding and trust, Mingyang Smart Energy would deepen the cooperation with CPID on promoting existing projects and future greenfield projects, and was willing to join hands with CPID to build an industry model and benchmark.

Mr. Zhang Chao, Vice President of Mingyang Smart Energy, and Mr. Zhao Yonggang,

Vice President of CPID attended the meeting.
