

China Power Huachuang Wins Two Honorary Titles

Recently, the Government of Shanghai commended the winners of the 2022 Shanghai May Day Labor Award and the 2022 Shanghai Workers' Pioneer Title. The Chemistry Lab of China Power Huachuang won the 2022 Shanghai Workers' Pioneer Title.

During the same period, China Power Huachuang was commended and awarded the honorary title of "Advanced Collective for High Quality Development of the North Bund" by the Government of Hongkou District.

As a national high-tech enterprise, China Power Huachuang aims to be an innovative high-tech leader in the power industry, and strives to become a comprehensive service provider of green and low-carbon energy technologies. China Power Huachuang has obtained CMA certification, CNAS certification, and QHSE system certification, as well as a number of patent grants and sci-tech awards. With the mission of solving technical difficulties for power generation enterprises, China Power Huachuang accelerates its digitalization and intellectualization, and turns "power technology + information technology" from blueprint to reality.
