

Press Release

CSP Zeebrugge Terminal, a Subsidiary of COSCO SHIPPING Ports,

Goes Live with Navis N4

CSP Continues to Roll Out N4 to More Terminals to

Further Enhance Efficiency

Hong Kong – 25 July 2019 – COSCO SHIPPING Ports Limited (“COSCO SHIPPING Ports” or “CSP” or “Company”, HKEX stock code:1199), a leading ports operator in the world, today announced that CSP Zeebrugge Terminal N.V. (“CSP Zeebrugge Terminal”), a subsidiary of CSP, has successfully gone live with Navis N4, a terminal operating system (TOS). Navis N4 helps optimize terminal operations and improve efficiency. With the Navis N4 system, CSP Zeebrugge Terminal is able to better connect important trade routes through its facility and will have better resources to serve their customers in a more efficient way.

Navis is a provider of operational technologies and services that unlock greater performance and efficiency for the world’s leading terminal operators. Navis combines industry best practices with innovative technology and world-class services to improve the operation of terminals and reduce risk.

Mr. ZHANG Wei, Chairman and Managing Director of CSP, said, “CSP is dedicated to further enhancing our competitiveness by continuous improvement of the terminal operating efficiency and sustainable development of the ports and terminals. CSP Zeebrugge Terminal is our first subsidiary to launch Navis N4. With the system, we are better equipped to meet the needs of our customers. We target to roll out N4 to more terminals to further enhance efficiency to provide better service for clients.”
