REASONS FOR AND BENEFITS OF THE FACILITY

The Group is principally engaged in the distribution of films, sub-licensing of film rights, sales of financial assets and property investments and will continue with such business following the formation of the JV Co.

In view of rampant piracy and weak demand for Hong Kong-made movies in the PRC, Hong Kong film production companies adopt a cautious approach in investing films. Such difficult operating environment places strong pressure on the profitability of the Group's film distribution business. As a result, the Directors have been proactively identifying suitable investment opportunities to develop the Group's business.

Following the liberalization of gaming industry in 2002, Macau has successfully established itself as the most important tourism and gaming destination in Asia and foreign investment has poured into Macau. In 2006, 20,000,000 people visited Macau. More visitors need more hotels, transport, residential properties and related services. An influx of expatriates working in overseas casino operators, hotel properties and convention & exhibition sector is demanding high-end serviced apartments. Various entertainment properties, such as small and medium hotels, need professional services on management and branding to meet the increase in competition. There is an upward trend of property value and rental in Macau driven by its significant economic growth.

Given the Directors' positive outlook of the Macau property market and related service position, the Directors believe that the Group would capitalise on the connections and expertise of Mr. Steve Leung in managing and branding of real estate and/or related properties, interior design and property developments to develop the business of JV Co. and to establish a leading position in Macau's property and related services markets. Also, the Directors believe that the formation of JV Co. would enable the Group to diversify its revenue source.

Upon the completion of formation of JV Co., JV Co. is a 75% owned subsidiary of the Company. The Directors believe that the provision of the Facility to JV Co. will facilitate the business of JV Co. and may in turn improve the Group's profitability in the long run.

The directors of JV Co. have confirmed that the proceeds of the Facility shall be used by JV Co. exclusively for investing into, management and branding of real estate and/or related properties in Macau including but not limited to hotel(s), serviced apartment(s), restaurant(s), catering(s), retail(s), resort(s), club(s), residential(s) and any other service position. The Directors consider that the provision of the Facility and the terms of the Facility Agreement are fair and reasonable and in the interests of the Company and the Shareholders as a whole. The Facility will be funded by the Group's internal resources.

Taking into the top-up placing of 1,296,860,000 new Shares as completed on 30th March, 2007 and subject to the completion of the Placing, the Group shall have sufficient internal resources to fund the Facility. In the event that the Placing is not approved by the Shareholders at the special general meeting to be convened on 18th May, 2007, the Company will issue an announcement in respect of the financing arrangement of the Facility.

LETTER OF INTENT

On 11th May, 2007, JV Co. entered into a non-binding letter of intent with China Star, a substantial Shareholder whereby, conditional upon the completion of the Acquisitions and the Disposals. China Star has agreed to appoint JV Co. to manage and conduct branding on the Kingsway Hotel.

Shareholders and/or investors should note that the proposed transaction pursuant to the non-binding letter of intent may or may not proceed, no formally binding documentation have been executed and discussions are currently at a preliminary stage. A further announcement will be made as and when applicable. Accordingly, Shareholders are therefore advised to exercise caution when trading in the Shares.
