

Hong Kong Exchanges and Clearing Limited and The Stock Exchange of Hong Kong Limited take no responsibility for the contents of this announcement, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this announcement.

This announcement is for informational purposes only and is not an offer to sell or the solicitation of an offer to buy securities in the United States or in any other jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction. Neither this announcement nor anything herein forms the basis for any contract or commitment whatsoever. Neither this announcement nor any copy hereof may be taken into or distributed in the United States or to U.S. persons. The securities referred to herein have not been and will not be registered under the United States Securities Act of 1933, as amended, and may not be offered or sold in the United States or outside of the United States to any U.S. persons absent registration or an applicable exemption from registration. No public offer of securities is to be made by the Company in the United States or to U.S. persons.

OVERSEAS REGULATORY ANNOUNCEMENT

This overseas regulatory announcement is issued pursuant to Rule 13.10B of the Rules Governing the Listing of Securities (the “**Listing Rules**”) on The Stock Exchange of Hong Kong Limited (the “**Stock Exchange**”).

Please refer to the attached offering memorandum dated 21 January 2020 in relation to the issuance of US\$2,000 million 11.5% senior notes due 2022 and US\$2,000 million 12.0% senior notes due 2023 by Scenery Journey Limited (the “**Offering Memorandum**”), which is currently available on the website of the Singapore Exchange Securities Trading Limited.

The posting of the Offering Memorandum on the website of the Stock Exchange is only for the purpose of facilitating equal dissemination of information to investors in Hong Kong and compliance with Rule 13.10B of the Listing Rules, and not for any other purposes.

The Offering Memorandum does not constitute a prospectus, notice, circular, brochure or advertisement offering to sell any securities to the public in any jurisdiction, nor is it an invitation to the public to make offers to subscribe for or purchase any securities, nor is it calculated to invite offers by the public to subscribe for or purchase any securities.

The Offering Memorandum must not be regarded as an inducement to subscribe for or purchase any securities of the Company, and no such inducement is intended. No investment decision should be based on the information contained in the Offering Memorandum.

By order of the Board
China Evergrande Group
Hui Ka Yan
Chairman

Hong Kong, 6 February 2020

As at the date of this announcement, the executive Directors are Mr. Hui Ka Yan, Mr. Xia Haijun, Ms. He Miaoling, Mr. Shi Junping, Mr. Pan Darong and Mr. Huang Xiangui; and the independent non-executive Directors are Mr. Chau Shing Yim, David, Mr. He Qi and Ms. Xie Hongxi.

STRICTLY CONFIDENTIAL — DO NOT FORWARD

THIS OFFERING IS AVAILABLE ONLY TO INVESTORS WHO ARE NON-U.S. PERSONS OUTSIDE OF THE UNITED STATES.

IMPORTANT: You must read the following disclaimer before continuing. The following disclaimer applies to the offering memorandum attached to this e-mail. You are therefore advised to read this disclaimer carefully before reading, accessing or making any other use of the attached offering memorandum. In accessing the attached offering memorandum, you agree to be bound by the following terms and conditions including any modifications to them from time to time, each time you receive any information from us as a result of such access.

Confirmation of Your Representation: You have accessed the attached offering memorandum on the basis that you have confirmed your representation to Credit Suisse (Hong Kong) Limited, UBS AG Hong Kong Branch, Merrill Lynch (Asia Pacific) Limited and TFI Securities and Futures Limited (the “**Joint Lead Managers**”) that (1) you and any person you represent are non-U.S. persons outside the United States and to the extent you purchase the securities described in the attached offering memorandum, you will be doing so pursuant to Regulation S under the U.S. Securities Act of 1933, as amended (the “**Securities Act**”), and (2) that you consent to delivery of the attached offering memorandum and any amendments or supplements thereto by electronic transmission.

The attached document is not a prospectus for the purposes of the European Union’s Directive 2003/71/EC (and any amendments thereto) as implemented in member states of the European Economic Area (the “**EU Prospectus Directive**”). The attached document has been prepared on the basis that all offers of the securities made to persons in the European Economic Area will be made pursuant to an exemption under the EU Prospectus Directive from the requirement to produce a prospectus in connection with offers of the securities.

The communication of the attached document and any other document or materials relating to the issue of the securities offered thereby is not being made, and such documents and/or materials have not been approved, by an authorized person for the purposes of section 21 of the United Kingdom’s Financial Services and Markets Act 2000, as amended (the “**FSMA**”). Accordingly, such documents and/or materials are not being distributed to, and must not be passed on to, the general public in the United Kingdom. The communication of such documents and/or materials as a financial promotion is only being made to those persons in the United Kingdom falling within the definition of investment professionals (as defined in Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 (the “**Financial Promotion Order**”), or within Article 43 of the Financial Promotion Order, or to any other persons to whom it may otherwise lawfully be made under the Financial Promotion Order (all such persons together being referred to as “**relevant persons**”). In the United Kingdom, the securities offered thereby are only available to, and any investment or investment activity to which the attached document relates will be engaged in only with, relevant persons. Any person in the United Kingdom that is not a relevant person should not act or rely on the attached document or any of its contents.

PRIIPs Regulation/Prospectus Directive/Prohibition of Sales to EEA Retail Investors — The securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“**EEA**”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “**MiFID II**”); or (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended, the “**Insurance Mediation Directive**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II.

Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the “**PRIIPs Regulation**”) for offering or selling the securities or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the securities or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

MiFID II Product Governance — Any distributor subject to MiFID II (as defined above) that is offering, selling or recommending the securities is responsible for undertaking its own target market assessment in respect of the securities and determining its own distribution channels for the purposes of the MiFID product governance rules under Commission Delegated Directive (EU) 2017/593 (“**Delegated Directive**”). Neither we nor the

Joint Lead Managers make any representations or warranties as to a distributor’s compliance with the Delegated Directive.

The attached offering memorandum has been made available to you in electronic form. You are reminded that documents transmitted via this medium may be altered or changed during the process of transmission and consequently none of the Joint Lead Managers or any person who controls it or any of its directors, employees, representatives or affiliates accepts any liability or responsibility whatsoever in respect of any discrepancies between the offering memorandum distributed to you in electronic format and the hard copy version. We will provide a hard copy version to you upon request.

Restriction: The attached offering memorandum is being furnished in connection with an offering exempt from registration under the Securities Act solely for the purpose of enabling a prospective investor to consider the purchase of the securities described herein. You are reminded that the information in the attached offering memorandum is not complete and may be changed.

THE SECURITIES HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE SECURITIES ACT, OR THE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES OR ANY OTHER JURISDICTION, AND MAY NOT BE OFFERED OR SOLD WITHIN THE UNITED STATES OR TO ANY U.S. PERSONS, EXCEPT PURSUANT TO AN EXEMPTION FROM, OR IN A TRANSACTION NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT AND ANY APPLICABLE STATE OR LOCAL SECURITIES LAWS.

Except with respect to eligible investors in jurisdictions where such offer is permitted by law, nothing in this electronic transmission constitutes an offer or an invitation by or on behalf of either the issuer of the securities or the Joint Lead Managers to subscribe for or purchase any of the securities described herein. In addition, access to this electronic transmission has been limited so that it shall not constitute a general advertisement or solicitation in the United States or elsewhere. If a jurisdiction requires that the offering be made by a licensed broker or dealer and the Joint Lead Managers or any affiliate of the Joint Lead Managers is a licensed broker or dealer in that jurisdiction, the offering shall be described as being made by the Joint Lead Managers or its affiliates on behalf of the issuer in such jurisdiction.

You are reminded that you have accessed the attached offering memorandum on the basis that you are a person into whose possession this offering memorandum may be lawfully delivered in accordance with the laws of the jurisdiction in which you are located and you may not, nor are you authorized to, deliver this offering memorandum, electronically or otherwise, to any other person. If you have gained access to this transmission contrary to the foregoing restrictions, you should not, and will be unable to, purchase any of the securities described therein.

Actions That You May Not Take: You should not reply by e-mail to this electronic transmission, and you may not purchase any securities by doing so. Any reply e-mail communications, including those you generate by using the “Reply” function on your e-mail software, will be ignored or rejected.

YOU ARE NOT AUTHORIZED AND YOU MAY NOT FORWARD OR DELIVER THE ATTACHED OFFERING MEMORANDUM, ELECTRONICALLY OR OTHERWISE, TO ANY OTHER PERSON OR REPRODUCE SUCH OFFERING MEMORANDUM IN ANY MANNER WHATSOEVER. ANY FORWARDING DISTRIBUTION OR REPRODUCTION OF THE ATTACHED OFFERING MEMORANDUM, IN WHOLE OR IN PART, IS UNAUTHORIZED. FAILURE TO COMPLY WITH THIS DIRECTIVE MAY RESULT IN A VIOLATION OF THE SECURITIES ACT OR THE APPLICABLE LAWS OF OTHER JURISDICTIONS.

You are responsible for protecting against viruses and other items of a destructive nature. Your use of this e-mail is at your own risk and it is your responsibility to take precautions to ensure that it is free from viruses and other items of a destructive nature.

Scenery Journey Limited (景程有限公司) (the “**Issuer**”), is offering 11.5% Senior Notes due 2022 in the aggregate principal amount of US\$2,000,000,000 (the “**2022 Notes**”) and 12.0% Senior Notes due 2023 in the aggregate principal amount of US\$2,000,000,000 (the “**2023 Notes**”) (together with the 2022 Notes, the “**Notes**”). The 2022 Notes will bear interest at the rate of 11.5% per annum and will mature on October 24, 2022. The 2023 Notes will bear interest at the rate of 12.0% per annum and will mature on October 24, 2023. Interest will be payable semi-annually in arrears on January 24 and July 24 of each year, beginning July 24, 2020 except that for the 2022 Notes, the last interest period will be from and including July 24, 2022 to but excluding October 24, 2022, and for the 2023 Notes, the last interest period will be from and including July 24, 2023 to but excluding October 24, 2023.

The Notes are senior obligations of the Issuer guaranteed by Tianji Holding Limited (“**Tianji**”) or the “**Parent Guarantor**”) and certain of its existing subsidiaries (the “**Subsidiary Guarantors**”), other than (1) those organized under the laws of the PRC, and (2) certain other subsidiaries specified in the sections entitled “Description of 2022 Notes” and “Description of 2023 Notes.” We refer to the guarantee by the Parent Guarantor as the Parent Guarantee. We refer to the guarantees by the Subsidiary Guarantors as Subsidiary Guarantees. Under certain circumstances and subject to certain conditions, a subsidiary of Tianji may instead provide a limited-recourse guarantee, or JV Subsidiary Guarantee. We refer to the subsidiaries providing a JV Subsidiary Guarantee as JV Subsidiary Guarantors.

Hengda Real Estate Group Co., Ltd (恒大地产集团有限公司) (the “**Company**”) will enter into a keepwell and equity interest purchase agreement (the “**Keepwell and EIPU**”) with the Issuer, Tianji and Citicorp International Limited as trustee of the Notes (the “**Trustee**”) as more fully described in “Description of the Keepwell and EIPU”. The Keepwell and EIPU does not constitute a guarantee by the Company of the Notes.

The Notes are subject to optional redemption as described in this offering memorandum. Upon the occurrence of a Change of Control Triggering Event (as defined in each indenture governing each series of the Notes (each, an “**Indenture**”)), we must make an offer to repurchase all such Notes outstanding at a purchase price equal to 101% of their principal amount, plus accrued and unpaid interest, if any, to the date of repurchase.

The Notes will be (1) at least *pari passu* in right of payment with all other unsecured, unsubordinated Indebtedness of the Issuer (subject to any priority rights of such unsecured, unsubordinated Indebtedness pursuant to applicable law), (2) senior in right of payment to any existing and future obligations of the Issuer expressly subordinated in right of payment to the Notes, (3) guaranteed by the Parent Guarantor, the Subsidiary Guarantors and the JV Subsidiary Guarantors (if any) on a senior basis, subject to certain limitations, (4) effectively subordinated to the other secured obligations of the Issuer, the Company, the Subsidiary Guarantors and the JV Subsidiary Guarantors (if any), to the extent of the value of the assets serving as security therefor, and (5) effectively subordinated to all existing and future obligations of the Non-Guarantor Subsidiaries. In addition, applicable law may limit the enforceability of the Subsidiary Guarantees and the JV Subsidiary Guarantees (if any). See the section entitled “Risk Factors — Risks Relating to the Parent Guarantee, Subsidiary Guarantees, and the JV Subsidiary Guarantees.”

Several investors may purchase a majority of the Notes being offered under this offering memorandum.

For a more detailed description of the Notes, see the sections entitled “Description of 2022 Notes” and “Description of 2023 Notes” beginning on page 186.

Investing in the Notes involves risks. See the section entitled “Risk Factors”.

We expect the Notes to be assigned a rating of B by Standard and Poor's Ratings Services, or S&P and B2 by Moody's Investors Service, or Moody's. We have also been assigned a long-term corporate credit rating of B+ with a stable outlook by S&P, a corporate family rating of B1 with a stable outlook by Moody's and a long-term foreign currency issuer default rating of B+ with a stable outlook by Fitch. We cannot assure investors that these ratings will not be adversely revised or withdrawn in the future.

Application will be made to the Singapore Exchange Securities Trading Limited (the “**SGX-ST**”) for the listing and quotation of the Notes on the SGX-ST. The SGX-ST assumes no responsibility for the correctness of any of the statements made, opinions expressed or reports contained herein. Approval in-principle from, admission to the Official List of, and the listing and quotation of the Notes on, the SGX-ST are not to be taken as an indication of the merits of the offering, the Issuer, the Company, the Parent Guarantor, the Subsidiary Guarantors, the JV Subsidiary Guarantors (if any) or any of their respective associated companies (if any), the Notes, the Parent Guarantee, the Subsidiary Guarantees or the JV Subsidiary Guarantees (if any). This offering memorandum has not been and will not be registered as a prospectus with the Monetary Authority of Singapore (the “**MAS**”) under the Securities and Futures Act, Chapter 289 of Singapore (the “**SFA**”). Please see the selling restrictions set out under the section “Plan of Distribution” of this offering memorandum.

The Notes, the Parent Guarantee, the Subsidiary Guarantees and the JV Subsidiary Guarantees (if any) have not been and will not be registered under the United States Securities Act of 1933, as amended, or the Securities Act, and may not be offered or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. Accordingly, the Notes are being offered and sold only to non-U.S. persons outside the United States in compliance with Regulation S under the Securities Act. For a description of certain restrictions on resale or transfer, see the section entitled “Transfer Restrictions” of this offering memorandum.

With reference to the Notice on Promoting the Reform of the Filing and Registration System for Issuance of Foreign Debt by Enterprises (國家發展改革委關於推進企業發行外債備案登記制管理改革的通知 (發改外資[2015]2044號)) (the “**NDRC Notice**”) promulgated by National Development and Reform Commission (the “**NDRC**”) of the PRC on September 14, 2015 which came into effect on the same day, we have registered the issuance of the Notes with the NDRC and obtained a certificate from the NDRC dated January 28, 2019 evidencing such registration. Pursuant to the registration certificate, we will cause relevant information relating to the issue of the Notes to be reported to the NDRC within 10 PRC working days after the issue date of the Notes.

It is expected that the delivery of the Notes will be made on or about January 24, 2020 through the book-entry facilities of Euroclear Bank SA/NV (“**Euroclear**”) and Clearstream Banking S.A. (“**Clearstream**”) against payment therefor in immediately available funds.

This offering memorandum does not constitute an offer to sell to, or a solicitation of an offer to buy from, any person in any jurisdiction to whom it is unlawful to make the offer or solicitation in such jurisdiction. Neither the delivery of this offering memorandum nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in our affairs since the date of this offering memorandum or that the information contained in this offering memorandum is correct as of any time after that date.

IN CONNECTION WITH THIS OFFERING, ANY INITIAL PURCHASER, AS STABILIZING MANAGER, OR ANY PERSON ACTING FOR IT, MAY PURCHASE AND SELL THE NOTES IN THE OPEN MARKET. THESE TRANSACTIONS MAY, TO THE EXTENT PERMITTED BY APPLICABLE LAWS AND REGULATIONS, INCLUDE SHORT SALES, STABILIZING TRANSACTIONS AND PURCHASES TO COVER POSITIONS CREATED BY SHORT SALES. THESE ACTIVITIES MAY STABILIZE, MAINTAIN OR OTHERWISE AFFECT THE MARKET PRICE OF THE NOTES. AS A RESULT, THE PRICE OF THE NOTES MAY BE HIGHER THAN THE PRICE THAT OTHERWISE MIGHT EXIST IN THE OPEN MARKET. IF THESE ACTIVITIES ARE COMMENCED, THEY MAY BE DISCONTINUED AT ANY TIME AND MUST IN ANY EVENT BE BROUGHT TO AN END AFTER A LIMITED TIME.

We, having made all reasonable inquiries, confirm that: (i) this offering memorandum contains all information with respect to us, our subsidiaries and affiliates referred to in this offering memorandum and the Notes, the Subsidiary Guarantees and the JV Subsidiary Guarantees (if any) that is material in the context of the issue and offering of the Notes; (ii) the statements contained in this offering memorandum relating to us and our subsidiaries and our affiliates are in every material respect true and accurate and not misleading; (iii) the opinions and intentions expressed in this offering memorandum with regard to us and our subsidiaries and affiliates are honestly held, have been reached after considering all relevant circumstances and are based on reasonable assumptions; (iv) there are no other facts in relation to us, our subsidiaries and affiliates, the Notes, the Subsidiary Guarantees and the JV Subsidiary Guarantees (if any), the omission of which would, in the context of the issue and offering of

the Notes, make this offering memorandum, as a whole, misleading in any material respect; and (v) we have made all reasonable enquiries to ascertain such facts and to verify the accuracy of all such information and statements. We accept responsibility accordingly.

This offering memorandum is highly confidential. We are providing it solely for the purpose of enabling you to consider a purchase of the Notes. You should read this offering memorandum before making a decision whether to purchase the Notes. You must not use this offering memorandum for any other purpose, or disclose any information in this offering memorandum to any other person.

We have prepared this offering memorandum, and we are solely responsible for its contents. You are responsible for making your own examination of us and your own assessment of the merits and risks of investing in the Notes. By purchasing the Notes, you will be deemed to have acknowledged that you have made certain acknowledgements, representations and agreements as set forth under the section entitled “Transfer Restrictions” below.

No representation or warranty, express or implied, is made by the Initial Purchasers, the Trustee or any of their respective affiliates or advisors as to the accuracy or completeness of the information set forth herein, and nothing contained in this offering memorandum is, or should be relied upon as, a promise or representation, whether as to the past or the future.

Each person receiving this offering memorandum acknowledges that: (i) such person has been afforded an opportunity to request from us and to review, and has received, all additional information considered by it to be necessary to verify the accuracy of, or to supplement, the information contained herein; (ii) such person has not relied on the Initial Purchasers or the Trustee or any person affiliated with the Initial Purchasers or the Trustee in connection with any investigation of the accuracy of such information or its investment decision; and (iii) no person has been authorized to give any information or to make any representation concerning us, our subsidiaries and affiliates, the Notes, the Subsidiary Guarantees or the JV Subsidiary Guarantees (if any) other than as contained herein and information given by our duly authorized officers and employees in connection with investors’ examination of us and the terms of the offering of the Notes and, if given or made, any such other information or representation should not be relied upon as having been authorized by us, the Initial Purchasers or the Trustee.

PRIIPs Regulation/Prospectus Directive/Prohibition of Sales to EEA Retail Investors — The securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“**EEA**”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “**MiFID II**”); or (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended, the “**Insurance Mediation Directive**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the “**PRIIPs Regulation**”) for offering or selling the securities or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the securities or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

MiFID II Product Governance — Any distributor subject to MiFID II (as defined above) that is offering, selling or recommending the securities is responsible for undertaking its own target market assessment in respect of the securities and determining its own distribution channels for the purposes of the MiFID product governance rules under Commission Delegated Directive (EU) 2017/593 (“**Delegated Directive**”). Neither we nor any Joint Lead Manager make any representations or warranties as to a distributor’s compliance with the Delegated Directive.

The communication of the attached document and any other document or materials relating to the issue of the securities described therein is not being made, and such documents and/or materials have not been approved, by an authorized person for the purposes of section 21 of the United Kingdom’s

Financial Services and Markets Act 2000, as amended (“**FSMA**”). Accordingly, such documents and/or materials are not being distributed to, and must not be passed on to, the general public in the United Kingdom. The communication of such documents and/or materials as a financial promotion is only being made to those persons in the United Kingdom falling within the definition of investment professionals (as defined in Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005, as amended (the “**Financial Promotion Order**”)), or within Article 49(2)(a) to (d) of the Financial Promotion Order, or to any other persons to whom it may otherwise lawfully be made under the Financial Promotion Order (all such persons together being referred to as “**relevant persons**”). In the United Kingdom, the securities described in the attached document are only available to, and any investment or investment activity to which the attached document relates will be engaged in only with, relevant persons. Any person in the United Kingdom that is not a relevant person should not act or rely on the attached document or any of its contents.

Notification under Section 309B(1)(c) of the SFA — the Issuer has determined, and hereby notifies all relevant persons (as defined in Section 309A(1) of the SFA), that the Notes are prescribed capital markets products (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

The Notes, the Subsidiary Guarantees and the JV Subsidiary Guarantees (if any) have not been approved or disapproved by the United States Securities and Exchange Commission, any state securities commission in the United States or any other United States regulatory authority, nor have any of the foregoing authorities passed upon or endorsed the merits of the offering or the accuracy or adequacy of this offering memorandum. Any representation to the contrary is a criminal offense in the United States.

We are not, and the Initial Purchasers are not, making an offer to sell the Notes, including the Subsidiary Guarantees and the JV Subsidiary Guarantees (if any), in any jurisdiction except where an offer or sale is permitted. The distribution of this offering memorandum and the offering of the Notes, including the Subsidiary Guarantees and the JV Subsidiary Guarantees (if any), may in certain jurisdictions be restricted by law. Persons into whose possession this offering memorandum comes are required by us and the Initial Purchasers to inform themselves about and to observe any such restrictions. For a description of the restrictions on offers, sales and resales of the Notes, including the Subsidiary Guarantees and the JV Subsidiary Guarantees (if any), and distribution of this offering memorandum, see the sections entitled “Transfer Restrictions” and “Plan of Distribution” below.

This offering memorandum summarizes certain material documents and other information, and we refer you to them for a more complete understanding of what we discuss in this offering memorandum. In making an investment decision, you must rely on your own examination of us and the terms of the offering, including the merits and risks involved. We are not making any representation to you regarding the legality of an investment in the Notes by you under any legal, investment or similar laws or regulations. You should not consider any information in this offering memorandum to be legal, business or tax advice. You should consult your own professional advisors for legal, business, tax and other advice regarding an investment in the Notes.

We reserve the right to withdraw the offering of the Notes at any time, and the Initial Purchasers reserve the right to reject any commitment to subscribe for the Notes in whole or in part and to allot to any prospective purchaser less than the full amount of the Notes sought by such purchaser. The Initial Purchasers and certain related entities may acquire for their own account a portion of the Notes.

CERTAIN DEFINITIONS, CONVENTIONS AND CURRENCY PRESENTATION

We have prepared this offering memorandum using a number of conventions, which you should consider when reading the information contained herein. When we use the terms “**we**,” “**us**,” “**our**,” the “**Company**,” the “**Group**” and words of similar import, we are referring to Hengda Real Estate Group Co., Ltd itself, or to Hengda Real Estate Group Co., Ltd. and its consolidated subsidiaries, as the context requires.

Market data, industry forecast and PRC and property industry statistics in this offering memorandum have been obtained from both public and private sources, including market research, publicly available information and industry publications. Although we believe this information to be reliable, it has not been independently verified by us or the Initial Purchasers or their respective directors and advisors, and neither we, the Initial Purchasers nor our or their respective directors and advisors make any representation as to the accuracy or completeness of that information. In addition, third-party information providers may have obtained information from market participants and such information may not have been independently verified. Due to possibly inconsistent collection methods and other problems, such statistics herein may be inaccurate. You should not unduly rely on such market data, industry forecast and PRC and property industry statistics.

In this offering memorandum, all references to “**US\$**” and “**U.S. dollars**” are to United States dollars, the official currency of the United States of America, or the United States or U.S.; all references to “**HK\$**” and “**H.K. dollars**” are to Hong Kong dollars, the official currency of the Hong Kong Special Administrative Region of the PRC, or Hong Kong; and all references to “**RMB**” or “**Renminbi**” are to Renminbi, the official currency of the People’s Republic of China, or China or the PRC.

We record and publish our financial statements in Renminbi. Unless otherwise stated in this offering memorandum, all translations from Renminbi amounts to U.S. dollars were made at the rate of RMB6.8650 to US\$1.00, the noon buying rate in New York City for cable transfers payable in Renminbi as set forth in the H.10 statistical release of the Federal Reserve Bank of New York on June 28, 2019, and all translations from H.K. dollars into U.S. dollars were made at the rate of HK\$7.8103 to US\$1.00, the noon buying rate in New York City for cable transfers payable in H.K. dollars as set forth in the H.10 statistical release of the Federal Reserve Bank of New York on June 28, 2019. All such translations in this offering memorandum are provided solely for your convenience and no representation is made that the Renminbi amounts referred to herein have been, could have been or could be converted into U.S. dollars or H.K. dollars, or vice versa, at any particular rate or at all. For further information relating to the exchange rates, see the section entitled “Exchange Rate Information.”

References to “**PRC**” and “**China**,” for the statistical purposes of this offering memorandum, except where the context otherwise requires, do not include Hong Kong, Macau Special Administrative Region of the PRC, or Macau, or Taiwan. “**PRC government**” or “**State**” means the central government of the PRC, including all political subdivisions (including provincial, municipal and other regional or local governments) and instrumentalities thereof, or, where the context requires, any of them.

In addition, unanticipated events may adversely affect the actual results we achieve. Important factors that could cause actual results to differ materially from our expectations are disclosed under the section entitled “Risk Factors” in this offering memorandum. Except as required by law, we undertake no obligation to update or otherwise revise any forward-looking statements contained in this offering memorandum, whether as a result of new information, future events or otherwise after the date of this offering memorandum. All forward-looking statements contained in this offering memorandum are qualified by reference to the cautionary statements set forth in this section.

ENFORCEMENT OF CIVIL LIABILITIES

We are incorporated in the People's Republic of China with limited liability, and the Parent Guarantor and each Subsidiary Guarantor and JV Subsidiary Guarantor (if any) is also incorporated or may be incorporated, as the case may be, outside the United States in jurisdictions such as the British Virgin Islands, and Hong Kong. The PRC, the British Virgin Islands, Hong Kong and other jurisdictions have different bodies of securities laws from the United States and protections for investors may differ.

All of our assets and all of the assets of the Parent Guarantor and Subsidiary Guarantors are located outside the United States. In addition, all of our directors and officers and the Parent Guarantor's and Subsidiary Guarantors' directors and officers are nationals or residents of countries other than the United States (principally, the PRC), and all or a substantial portion of such persons' assets are located outside the United States. As a result, it may be difficult for investors to effect service of process within the United States upon us, any of the Parent Guarantor and Subsidiary Guarantors or such persons or to enforce against us or any of the Parent Guarantor and Subsidiary Guarantors or such persons judgments obtained in United States courts, including judgments predicated upon the civil liability provisions of the securities laws of the United States or any state thereof.

We, the Parent Guarantor and each of the Subsidiary Guarantors expect to appoint Law Debenture Corporate Services Inc. as our and their respective agent to receive service of process with respect to any action brought against us, the Parent Guarantor or the Subsidiary Guarantors in the United States federal courts located in the Borough of Manhattan, The City of New York under the federal securities laws of the United States or of any state of the United States or any action brought against us or the Subsidiary Guarantors in the courts of the State of New York in the Borough of Manhattan, The City of New York under the securities laws of the State of New York.

We have been advised by our British Virgin Islands legal advisors, Maples and Calder (Hong Kong) LLP, that any final and conclusive monetary judgment of a competent foreign court for a definite sum against the Company in the courts of United States (the "**Foreign Court**"), for a definite sum, may be treated by the courts of the British Virgin Islands as a cause of action in itself so that no retrial of the issues would be necessary provided that in respect of the judgment of the Foreign Court: (i) the Foreign Court had jurisdiction in the matter and the Company either submitted to such jurisdiction or was resident or carrying on business within such jurisdiction and was duly served with process; (ii) the judgment given by the Foreign Court was not in respect of penalties, taxes, fines or similar fiscal or revenue obligations of the Company; (iii) in obtaining the judgment there was no fraud on the part of the person in whose favor judgment was given or on the part of the Foreign Court; (iv) recognition or enforcement of the judgment would not be contrary to British Virgin Islands public policy; and (v) the proceedings pursuant to which judgment was obtained were not contrary to natural justice.

Hong Kong has no arrangement for the reciprocal enforcement of judgments with the United States. However, under Hong Kong common law, a foreign judgment (including one from a court in the United States predicated upon U.S. federal or state securities laws) may be enforced in Hong Kong by bringing an action in a Hong Kong court and seeking summary or default judgment on the strength of the foreign judgment, provided that the foreign judgment is for debt or a definite sum of money and is final and conclusive on the merits. In addition, the Hong Kong courts may refuse to recognize or enforce a foreign judgment if such judgment:

- (a) was obtained by fraud;
- (b) was rendered by a foreign court that lacked the appropriate jurisdiction at the time (as determined by Hong Kong jurisdictional rules);
- (c) is contrary to public policy or natural justice;

- (d) is based on foreign penal, revenue or other public law; or
- (e) falls within Section 3(1) of the Foreign Judgment (Restriction on Recognition and Enforcement) Ordinance.

We have also been advised by our PRC legal advisors, Commerce & Finance Law Offices, that there is uncertainty as to whether the courts of China would (i) enforce judgments of U.S. courts obtained against us, our directors or officers, the Parent Guarantor, any Subsidiary Guarantor or JV Subsidiary Guarantor (if any) or their directors or officers predicated upon the civil liability provisions of the U.S. federal or state securities laws or (ii) entertain original actions brought in China against us, our directors or officers, the Parent Guarantor, any Subsidiary Guarantor or JV Subsidiary Guarantor (if any) or their directors or officers predicated upon the U.S. federal or state securities laws.

SUMMARY

This summary does not contain all the information that may be important to you in deciding to invest in the Notes. You should read the entire offering memorandum, including the section entitled “Risk Factors” and our consolidated financial statements and related notes thereto, before making an investment decision.

Overview

As the PRC flagship of the real estate development business of China Evergrande Group, our ultimate controlling shareholder, we are the largest real estate development company in China in terms of contracted sales attributable to the Group in 2019, according to China Real Estate Information Corporation. Founded in Guangzhou City, Guangdong Province in 1996, we have become a leading national property developer through our economies of scale and widely recognized brand name, under the leadership of our management team. Over the years, our focus on a centralized management system, a standardized operational model and quality products have allowed us to quickly replicate our success across China. We focus primarily on provincial capitals and other selected cities that we believe have high-growth potential. We continue to improve our geographical mix by focusing on replenishment of quality land reserves and taking a balanced approach to the distribution of land reserves among first-, second- and third-tier cities. Our land reserves cover most of the provincial capitals and municipalities in China. Through our standardized operational model, we have been able to simultaneously manage projects in various development and sale stages in 232 cities across China as of June 30, 2019.

Our residential property development integrates planning, design, construction and property management and follows our standardized process management to ensure development speed and product quality. We have been awarded the highest recognition in China in real estate development, architectural planning and design, construction, construction supervision and property management, and have been ranked among the “Top 10 Property Developers of China” for 15 consecutive years since 2004 by China Real Estate Top 10 Research Group, an organization constituted by Enterprise Research Institute of the Development Research Center of the State Council, Tsinghua University Real Estate Research Center and China Index Academy. We were ranked No. 1 of the “Top 500 Real Estate Companies of China” for three consecutive years since 2017. China Evergrande Group, our parent company, were also ranked 138th on Fortune Global 500 in 2019, improving by 358 positions from 496th when it first entered the list in 2016.

We had the largest land reserves by area among all PRC property developers listed in China and Hong Kong as of June 30, 2019, based on the land reserve data disclosed by relevant companies in their applicable stock exchange filing. We had a total of 828 property projects under development or held for future development, a total planned GFA of approximately 257.5 million sq.m. of high-quality and relatively low-cost land as of June 30, 2019 with an average cost of approximately RMB1,823 per square meter, as calculated by dividing our aggregate land purchase price by our aggregate planned GFA.

As of June 30, 2019, we had construction permits for 752 of our property projects under development, with a total GFA of approximately 122.4 million sq.m., and had pre-sale permits for 583 of our projects, with a total GFA of approximately 66.3 million sq.m., of which approximately 42.1 million sq.m. remained unsold.

Over the years, we have developed and introduced various distinctive product series to the market, including:

- *Mid- to mid-high-end series* represented by products within our Evergrande Oasis (恒大綠洲) series, Evergrande Metropolis (恒大名都) series, Evergrande City (恒大城) series, Evergrande Atrium (恒大雅苑) series, Evergrande Royal Scenic Bay (恒大御景灣), Evergrande Emerald Court (恒大翡翠華庭) series, Evergrande Bay (恒大江灣) series, Evergrande Plaza (恒大廣場) series and Evergrande Bund (恒大外灘) series which we target to account for approximately 85% of our current projects, and are marketed toward middle to upper-middle income residents, who currently constitute the largest segment of residential real estate purchasers. Evergrande Metropolis and Evergrande City are urban residential complexes in major cities, while Evergrande Oasis and Evergrande Atrium are located in areas with the requisite natural landscape. These series are equipped with well-developed facilities and amenities within the complexes.
- *High-end series* represented by products within our Evergrande Palace (恒大華府) series, Evergrande Royal Scenic Peninsula (恒大御景半島) series, Evergrande Emperor Scenic (恒大帝景) series and Evergrande Royal Scenic (恒大御景) series, which we target to account for approximately 15% of our current projects, and are positioned as high-end and premium residential properties in urban centers. These series target high-income residents in such regions.

We design and develop all of our product series under our standardized operational model and market them under the brand name of “Evergrande” on a nationwide basis.

We strive to provide high-quality residential products to the market by focusing on every step of the development process, from site selection, planning, landscaping and construction to fitting-out and property management. We aim to deliver “best-in-class” end-products to our customers. Over years, our products have gained wide brand recognition among consumers, as reflected by our strong contracted sales and sales records. For the years ended December 31, 2016, 2017, 2018 and 2019, our total contracted sales, which have not been audited or reviewed by our auditors, amounted to approximately RMB354.2 billion, RMB478.3 billion, RMB521.9 billion and RMB548.0 billion, respectively, with a total contracted sales GFA of approximately 42.2 million sq.m., 48.0 million sq.m., 49.7 million sq.m. and 53.1 million sq.m., respectively. The average selling price for our contracted sales in 2016, 2017, 2018 and 2019 was approximately RMB8,393 per sq.m., RMB9,964 per sq.m., RMB10,501 per sq.m. and RMB10,325 per sq.m., as calculated based on our internal records.

Our Competitive Strengths

We believe that we possess the following principal strengths that enable us to compete in the residential property market in China:

- We are the largest real estate development company in China;
- We are a leader of the standardized operational model for large-scale quality property developments;
- We have strategically acquired large, relatively low-cost land reserves;
- We have leveraged our industry-leading brand name and strategic partnerships with renowned suppliers to develop quality products that are well-recognized by the market;
- We offer a comprehensive product mix that caters to different market segment demands;
- We are able to effectively control our costs at every stage of the project development;

- We possess a highly experienced and stable management team with proven execution capabilities to adapt and respond to market changes; and
- We have proven capability to develop projects and achieve asset turnover rapidly.

You should refer to the section entitled “Business — Our Competitive Strengths” for further information about these strengths.

Our Business Strategies

Our principal business strategies are:

- Continue to replenish our land reserves in first- and second-tier cities and selected third-tier cities in prime locations;
- Continue to optimize and leverage our standardized operational model;
- Maintain a comprehensive product offering with a primary focus on residential properties;
- Adopt prudent and disciplined financial policies; and
- Focus on product quality to enhance our brand.

You should refer to the section entitled “Business — Business Strategies” for further information about these strategies.

Proposed Reorganization and Strategic Investments

On October 3, 2016, we and our direct controlling shareholder, Guangzhou Kailong Real Estate Company Limited (“**Kailong Real Estate**”) entered into an agreement (the “**Cooperation Agreement**”), as amended on April 20, 2017, December 29, 2017, June 13, 2018, December 28, 2018, March 13, 2019 and December 13, 2019 with, among others, Shenzhen Special Economic Zone Real Estate & Properties (Group) Co., Ltd. (“**Shenzhen Real Estate**”), pursuant to which, subject to entering into a definitive agreement, Shenzhen Real Estate will, by way of issue of Renminbi ordinary shares and/or the payment of cash consideration, acquire 100% of the equity interest in the Company (the “**Target Assets**”) from Kailong Real Estate and certain investors of the Company. The acquisition will result in Kailong Real Estate becoming the controlling shareholder of Shenzhen Real Estate (the “**Proposed Reorganization**”) and will enable China Evergrande Group, our ultimate controlling shareholder, to effectively list its real estate assets on the Shenzhen Stock Exchange A-share market.

The Cooperation Agreement provides, among others, the following:

- The parties will exercise their best endeavors to complete the Proposed Reorganization and the final scheme and transactional details of the Proposed Reorganization will be set out in a definitive agreement (the “**Reorganization Agreement**”).
- There will be an exclusive period to December 31, 2020 during which time the parties may not discuss or enter into any agreements with any other party in respect of transactions of the same or similar in nature as the Proposed Reorganization.

- The parties will enter into an agreement in respect of an undertaking on business performance of the Target Assets. Kailong Real Estate will, in accordance with the relevant provisions of applicable laws and regulations and regulatory documents as well as market practices, provide an undertaking on the net profit of the Target Assets for 2018, 2019 and 2020 (the “**Relevant Period of the Cooperation Agreement**”). If the actual profit of the Target Assets is less than such amount upon the expiry of the Relevant Period of the Cooperation Agreement, Kailong Real Estate will, in compliance with the regulations of the regulatory authorities and in an approved manner, provide certain compensation for any shortfall in profit.
- The consideration for the Target Assets will be determined by the parties through consultation based on the appraised value of the assets as determined by a qualified valuer for securities transactions with such appraised value having been filed with and approved by the Shenzhen People’s Government State-owned Assets Administration Commission (“**Shenzhen SASAC**”), plus the additional cash earnings of the Company for the period between the valuation date and the date of the Reorganization Agreement.
- The issue price of the consideration shares by Shenzhen Real Estate to Kailong Real Estate will not be lower than 90% of the reference market price of the Shenzhen Real Estate shares. The reference market price will be the average closing prices of the Shenzhen Real Estate shares for one of the 20 trading days, 60 trading days or 120 trading days prior to the date of announcement by the board of Shenzhen Real Estate on their resolution on the Proposed Reorganization. The final issue price will be determined by the parties through consultation.
- Prior to the signing of the Reorganization Agreement, the Company may introduce strategic investments and that the parties involved in the Proposed Reorganization will be adjusted accordingly upon the introduction of any strategic investors.
- The Proposed Reorganization requires the following approvals: (1) the board of directors, the board of supervisors (if necessary), and the shareholders of Shenzhen Real Estate having approved the Proposed Reorganization, (2) the shareholders of Shenzhen Real Estate having approved Kailong Real Estate from making a general offer in respect of the Proposed Reorganization, (3) the Board and the shareholders of China Evergrande Group, our ultimate shareholder, having approved the Proposed Reorganization, (4) Shenzhen SASAC’s having approved the valuation of the Target Assets and its filing, (5) the Shenzhen Municipal Government and the Shenzhen SASAC having approved the Proposed Reorganization, (6) the Proposed Reorganization having passed the anti-trust review by the Ministry of Commerce, (7) the China Securities Regulatory Commission having approved the Proposed Reorganization, (8) The Stock Exchange of Hong Kong Limited (the “**Hong Kong Stock Exchange**”) having consented to the proposed spin-off and the granting of a waiver from exemption to provide the shareholders of China Evergrande Group with an assured entitlement to the shares of Shenzhen Real Estate, and (9) approvals/filings from other competent authorities in accordance with applicable laws and regulations.

On December 30, 2016, May 31, 2017 and November 6, 2017, we and Kailong Real Estate entered into investment agreements (the “**Investment Agreements**”), as amended with certain investors (respectively, the “**first round investors**,” the “**second round investors**,” and the “**third round investors**,” and collectively, the “**Investors**”), who agreed to subscribe for new capital of the enlarged equity interest in us for an aggregate amount of RMB130 billion (the “**Capital Increase**”) in return of an aggregate of approximately 36.54% of our enlarged equity interest (the “**Strategic Investments**”). The purpose of the capital injection was to raise funds as well as to allow Shenzhen Real Estate to maintain its public float upon completion of the Proposed Reorganization.

The Investment Agreements provide, among others, the following:

- We and Kailong Real Estate have undertaken to the first round investors and second round investors that our net profit deducting extraordinary gains or losses for the financial years of 2017, 2018 and 2019 (the “**Relevant Period**” with respect to the first and second round investors) shall not be less than RMB24.3 billion, RMB50 billion and RMB55 billion, respectively (each a “**Performance Undertaking Amount**” to the first and second round investors).
- We and Kailong Real Estate have undertaken to the third round investors that our net profit deducting extraordinary gains or losses for the financial years of 2018, 2019 and 2020 (the “**Relevant Period**” with respect to the third round investors) shall not be less than RMB50 billion, RMB55 billion and RMB60 billion, respectively (each a “**Performance Undertaking Amount**” to the third round investors).
- Prior to the entering into of the Reorganization Agreement and subject to the dividend payment not adversely affecting our ability to continue to operate, the Company will distribute at least 68% of its net profit for each of the financial years under the Relevant Period to its shareholders. If our net profit for a financial year in the Relevant Period is less than the Performance Undertaking Amount for that financial year, the proportional dividend to be paid by us to the Investors will be adjusted upward by in accordance with the following formula: percentage ratio of the proportional dividend payable to the Investors equals (i) percentage of equity interest held by the Investors divided by (ii) our actual net profit for that financial year/the Performance Undertaking Amount for that year. If the percentage ratio calculated by the formula is greater than 100%, then the distribution to the Investors will be based on 100%.
- The dividend payment arrangement will lapse upon the execution of the Reorganization Agreement. Upon the execution of the Reorganization Agreement, dividend payments will be made in accordance with the applicable requirements of the CSRC and the terms of the Reorganization Agreement. If, for any reasons, the Reorganization Agreement is terminated after its execution, we will make up for any shortfall in dividends paid to the Investors during the period between the execution of the Reorganization Agreement and its termination in accordance with the terms of the Investment Agreements.
- If the Proposed Reorganization as contemplated under the Reorganization Agreement is not completed by January 31, 2021 and the failure to complete is not attributable to the relevant Investor, the relevant Investor will have the right within two months of the expiry of such deadline to request Kailong Real Estate to either: (i) repurchase the equity interest held by the relevant Investor at its original investment cost; or (ii) transfer shares in us to the relevant Investor without consideration in accordance with the following formula as compensation: Percentage of equity in us to be transferred by Kailong Real Estate to the relevant Investor as compensation equals (a) Percentage interest in us held by the relevant Investor on the signing of the compensation agreement (excluding any additional interest acquired by the relevant Investor after the date of the relevant Investment Agreement) times (b) 50%.

If an Investor has requested Kailong Real Estate to repurchase its equity in us, Kailong Real Estate will have the option of electing not to repurchase such interest. In such an event, the Investor will have the right to request Dr. Hui to replace Kailong Real Estate to repurchase such equity interest in us from the Investor in accordance with the terms of the relevant Investment Agreement at the Investor’s original investment cost.

The Proposed Reorganization constitutes a spin-off requiring the approval of the Hong Kong Stock Exchange. On January 24, 2017, China Evergrande Group received in-principle approval for the proposed spin-off in relation to the Proposed Reorganization from the Hong Kong Stock Exchange.

SUMMARY CONSOLIDATED FINANCIAL AND OTHER DATA

The following tables present the Company's and Tianji's summary financial and other data.

The summary consolidated financial data of the Company as of and for each of the fiscal years ended December 31, 2016, 2017 and 2018 (except for EBITDA data) are derived from the Company's audited consolidated financial statements as of and for the years ended December 31, 2017 and 2018, which were audited by our independent auditor, PricewaterhouseCoopers Zhong Tian LLP. The selected condensed consolidated financial statements of the Company as of and for the six months ended June 30, 2018 and 2019 (except for EBITDA data) are derived from the Company's unaudited condensed consolidated financial information for the six months ended June 30, 2019, which were reviewed by our independent auditor, PricewaterhouseCoopers Zhong Tian LLP in accordance with the China Standards on Review Engagement 2101 "Review of Financial Statements". The financial information of the Company has been prepared and presented in accordance with PRC GAAP, which differs in certain material respects from generally accepted accounting principles in other jurisdictions. The Company has adopted CAS No.22, CAS No. 23 and CAS No. 37 (hereinafter collectively referred to as the "New Financial Instrument Standards", and in 2019, the Ministry of Finance issued "Notice of the Ministry of Finance on Revising the Format of the General Enterprise Financial Statements for 2019 (Accounting [2019] 6)" and its interpretation (the "Notice"). The Group has adopted above-mentioned New Financial Instrument Standards and the Notice on January 1, 2019 and has not restated previous years' consolidated financial statements. Apart from adopting New Financial Instrument Standards and the Notice, the accounting policies adopted in these interim financial statements are consistent with those adopted in the financial statements for the year ended December 31, 2018. For the impact of the adoption of the new standards, please refer to Note 2(3) to the Company's review report as of and for the six months ended June 30, 2019 included elsewhere in the offering memorandum.

The summary consolidated financial data of Tianji as of and for the years ended December 31, 2016, 2017 and 2018 (except for EBITDA data) are derived from Tianji's audited consolidated financial statements as of and for the years ended December 31, 2017 and 2018, which were audited by its independent auditor, PricewaterhouseCoopers. The selected condensed consolidated financial information of Tianji as of and for the six months ended June 30, 2018 and 2019 were derived from Tianji's unaudited condensed consolidated interim financial information as of and for the six months ended June 30, 2019, which were reviewed by its independent auditor, PricewaterhouseCoopers in accordance with Hong Kong Standard on Review Engagements 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". The financial information of Tianji has been prepared and presented in accordance with HKFRS, which differs in certain respects from generally accepted accounting principles in other jurisdictions. Tianji has adopted HKFRS 9 and HKFRS 15 with effect from January 1, 2018 and has not restated previous years' consolidated financial statements. Therefore, the audited consolidated financial statements for the year ended December 31, 2018 are not comparable with the consolidated financial statements for the years ended December 31, 2016 and 2017. For impact of the adoption of HKFRS 9 and HKFRS 15, please refer to Note 3(b) and 3(c) to Tianji's audited consolidated financial statements as of and for the year ended December 31, 2018 included elsewhere in this offering memorandum. In addition, Tianji has adopted HKFRS 16 with effect from January 1, 2019 and has not restated previous years' consolidated financial statements. Therefore, the unaudited interim financial information for the six months ended June 30, 2019 is not comparable with the financial statements or information for the years ended December 31, 2016, 2017 and 2018 and the six months ended June 30, 2018. For impact of the adoption of HKFRS 16, please refer to Note 4 to Tianji's unaudited interim financial information as of and for the six months ended June 30, 2019 included elsewhere in this offering memorandum.

The summary financial data below should be read in conjunction with the consolidated financial statements or financial information of the Company and Tianji and the notes thereto included elsewhere in this offering memorandum. Historical results are not necessarily indicative of results that may be achieved in any future period.

Notes:

- (1) EBITDA for any period is calculated as revenue less cost of sales, taxes and surcharges, selling expenses and administrative expenses, and plus depreciation and amortization, land appreciation tax and capitalized interest in cost of sales. EBITDA is not a standard measure under PRC GAAP. EBITDA is a widely used financial indicator of a company's ability to service and incur debt. EBITDA should not be considered in isolation or construed as an alternative to cash flows, net income or any other measure of financial performance or as an indicator of our operating performance, liquidity, profitability or cash flows generated by operating, investing or financing activities. In evaluating EBITDA, we believe that investors should consider, among other things, the components of EBITDA such as sales and operating expenses and the amount by which EBITDA exceeds capital expenditures and other charges. We have included EBITDA because we believe it is a useful supplement to cash flow data as a measure of our performance and our ability to generate cash flow from operations to cover debt service and taxes. EBITDA presented herein may not be comparable to similarly titled measures presented by other companies. Investors should not compare our EBITDA to EBITDA presented by other companies because not all companies use the same definition. Investors should also note that EBITDA as presented herein may be calculated differently from Consolidated EBITDA as defined and used in the Indentures governing the Notes. Interest expense excludes amounts capitalized. See the sections entitled "Description of 2022 Notes — Definitions" and "Description of 2023 Notes — Definitions" for a description of the manner in which Consolidated EBITDA is defined for purposes of the Indentures governing the Notes.
- (2) EBITDA margin is calculated by dividing EBITDA by revenue.

RISK FACTORS

You should carefully consider the risks and uncertainties described below and other information contained in this offering memorandum before making an investment decision. The risks and uncertainties described below may not be the only ones that we face. Additional risks and uncertainties that we are not aware of or that we currently believe are immaterial may also adversely affect our business, financial condition and/or results of operations. If any of the possible events described below occur, our business, financial condition or results of operations could be materially and adversely affected. In any such case, we may not be able to satisfy our obligations under the Notes, and you could lose all or part of your investment.

Risks Relating to Our Business

Our business is subject to extensive governmental regulation and, in particular, we are susceptible to policy changes in the PRC property sector.

Our business is subject to extensive governmental regulation. As with other PRC property developers, we must comply with various requirements mandated by the PRC laws and regulations, including the policies and procedures established by local authorities designed to implement such laws and regulations. In particular, the PRC government exerts considerable direct and indirect influence on the development of the PRC property sector by imposing industry policies and other economic measures, such as control over the supply of land for property development, control of foreign exchange, property financing, taxation and foreign investment. Through these policies and measures, the PRC government may restrict or reduce land available for property development, raise benchmark interest rates of commercial banks, place additional limitations on the ability of commercial banks to make loans to property developers and property purchasers, and impose additional taxes and levies on property sales and restrict foreign investment in the PRC property sector. Many of the property industry policies carried out by the PRC government are unprecedented and are expected to be refined and improved over time. Other political, economic and social factors may also lead to further adjustments and changes of such policies. As the residential property prices in certain cities in China rose rapidly in recent years, in order to prevent the overheating of the property market and the possible formation of a speculative bubble, the PRC government introduced a series of regulatory measures in an effort to stabilize the real estate market and facilitate its sustainable development, including raising the down payment ratio and residential mortgage loan interest rate, limiting the number of houses that a single household may purchase, increasing the supply of affordable housing to low- and middle-income families, increasing the supply of public housing to targeted populations, restricting foreign investments in properties in China, abolishing the preferential business tax treatment on transfer of ordinary housing within five years and launching new property tax schemes in certain cities. Recently, the property market in the PRC has witnessed signs of a slowdown, with some developers reported to have lowered prices in order to stimulate sales and some local governments reported to have relaxed property purchase restrictions previously imposed as cooling measures to help boost demand. We cannot assure you that the PRC government will not adopt additional and more stringent industry policies, regulations and measures in the future. For instance, the PRC government has reformed regulations replacing the business tax regime, which is levied on the total revenue of the company, with a value-added tax system, which assesses increments of new value created by the company, for the real estate sector in 2016 as part of China's major overhaul of its tax structure. In addition, the PRC government may impose a countrywide real estate tax in the future. We are not sure when or whether such tax reforms will be imposed and neither can we assess the adverse impact of such new tax policies on our business operations and financial results. If we fail to adapt our operations to such new policies, regulations and measures that may come into effect from time to time, our business prospects, results of operations and financial condition may be materially and adversely affected.

You should read the various risk factors under the section entitled “— Risks Relating to the Property Industry in China” below for more risks and uncertainties relating to the extensive PRC regulations.

We are highly dependent on the performance of the residential property markets in China, particularly in the regions where we have or will have operations.

Our business and prospects depend on the performance of the PRC residential property markets. Any housing market downturn in China generally or in the regions where we operate could adversely affect our business, results of operations and financial condition. For the six months ended June 30, 2019, our revenue was RMB201,189 million, which decreased from RMB284,209 million for the same period in 2018. Please see “Selected Consolidated Financial and Other Data — Management’s Discussion and Analysis for the Six Months Ended June 30, 2019” for more details. As of June 30, 2019, we had 828 properties under development or held for future development across China located in 232 cities. As of June 30, 2019, based on our GFA under development or held for future development, Shandong Province and Guangdong Province constituted our largest two regional property markets in China. Over-concentration of our properties under development within any particular city or region, such as Shandong Province and Guangdong Province, during any protracted period of time may expose us to more regional risks. Any adverse developments in regional economies where we have significant operations could have a material adverse effect on our results of operations and financial condition.

The market experienced fluctuations in property prices during the past few years. There have been increasing concerns over housing affordability and sustainability of market growth. In addition, demand for properties in China has been adversely affected and will continue to be so affected by the macro-economic control measures implemented by the PRC government and the recent and potential future global economic downturns. You may find more detailed risk factors relating to the PRC government control measures in the property sector in the section entitled “— Risks Relating to the Property Industry in China,” especially under “— The PRC government may adopt further measures to slow down growth in the property sector.” We cannot assure you that the demand for new residential properties in geographical locations where we have or will have operations will continue to grow in the future or that there will not be over-development or market downturn in the domestic residential property sector. Any such adverse development and the ensuing decline in property sales or decrease in property prices in China may materially and adversely affect our business and financial condition.

We may be adversely affected by fluctuations in the global economy and financial markets.

The global financial markets have been affected by a general slowdown of economic growth globally, resulting in substantial volatility in global financial markets and tightening of liquidity in global credit markets. Since 2011, the tightening monetary policies and high inflation in the PRC, global economic uncertainties and the euro zone sovereign debt crisis have resulted in adverse market conditions and increased volatility in the PRC and overseas financial markets. While it is difficult to predict how long these conditions will exist and the extent to which we may be affected, these developments may continue to present risks to our business operations for an extended period of time, including increase in interest expenses on our bank borrowings, or reduction in the amount of banking facilities currently available to us. In June 2016, the United Kingdom held a remain-or-leave referendum on its membership within the European Union, the result of which favored the exit of the United Kingdom from the European Union (“**Brexit**”). A process of negotiation will determine the future terms of the United Kingdom’s relationship with the European Union, as well as whether the United Kingdom will be able to continue to benefit from the European Union’s free trade and similar agreements. Given the lack of precedent, it is unclear how Brexit would affect the fiscal, monetary and regulatory landscape within the United Kingdom, the European Union and globally. This event has resulted in a downgrade of the credit ratings of the United Kingdom and the uncertainty before, during and after the period of negotiation may also create a negative economic impact and increase volatility in global markets.

The outlook for the world economy and financial markets remains uncertain. In Europe, several countries are facing difficulties in refinancing sovereign debt. In the United States, the unemployment rate remains relatively high. In Asia and other emerging markets, some countries are expecting increasing inflationary pressure as a consequence of liberal monetary policy or excessive foreign fund

inflow and outflow, or both. In the Middle East, Eastern Europe and Africa, political unrest in various countries has resulted in economic instability and uncertainty. China's economic growth may also slow down due to weakened exports as well as recent developments surrounding the trade war with the United States. Starting in April 2018, the United States imposed tariffs on various categories of imports from China, and the PRC responded with similarly sized tariffs on United States' products. While China and the United States reached a phase one trade deal in January 2020, the amicable resolution of such a trade war remains elusive, and the lasting impacts any trade war may have on the PRC economy and the industries our clients operate in remain uncertain.

These and other issues resulting from the global economic slowdown or uncertainty and financial market turmoil have adversely affected, and may continue adversely affecting, homeowners and potential property purchasers, which may lead to a decline in the general demand for our products and erosion of their sale prices. In addition, any further tightening of liquidity in the global financial markets may negatively affect our access to capital and liquidity. Therefore, if the global economic slowdown and turmoil in the financial markets continue, our business, financial condition and results of operations may be adversely affected.

We face risks associated with the Proposed Reorganization and Strategic Investments.

In 2016, China Evergrande Group, our ultimate controlling shareholder, announced the Proposed Reorganization and related Strategic Investments. For more information see "Summary — Proposed Reorganization and Strategic Investments." We cannot assure you that China Evergrande Group will be able to successfully complete the Proposed Reorganization or that the Proposed Reorganization and Strategic Investments will perform as planned or prove to be beneficial to China Evergrande Group operations and cash flow. In the event that the Proposed Reorganization does not occur or fails to obtain government approval, or the Strategic Investments fails to benefit China Evergrande Group, China Evergrande Group's operations and financial condition may be materially and adversely affected, which in turn may have a material adverse effect on our operation and financial condition. In addition, if the Proposed Reorganization does not proceed as anticipated, we may not be able to establish a listing platform in the PRC within the planned timeframe, which may further limit our source and flexibility of financing in the short term and affect the implementation of our business strategies. Each of these factors may have a material effect on our business, results of operations, financial condition and prospect.

If we are unable to comply with the restrictions and covenants in our debt agreements or the Existing Indentures, there could be a default under the terms of these agreements or the Existing Indentures, which could cause repayment of our debt to be accelerated.

If we are unable to comply with the restrictions and covenants in the Existing Indentures or our current or future debt obligations and other agreements, there could be a default under the terms of these agreements. For example, some of the instruments in which the Company is a guarantor require the lending bank's prior consent before the Company can pledge or dispose of part or all of its material assets. We believe that we have obtained all necessary consents for pledging or disposing of our material assets, but we cannot assure you that the lending banks will have the same view. In the event of a default under these agreements, the holders of the debt could terminate their commitments to lend to us, accelerate repayment of the debt and declare all outstanding amounts due and payable or terminate the agreements, as the case may be. Furthermore, some of our debt agreements, including the Existing Indentures, contain cross-acceleration or cross-default provisions. As a result, our default under one debt agreement may cause the acceleration of repayment of not only such debt but also other debt, including the Notes or the Existing Notes, or result in a default under our other debt agreements, including the Existing Indentures and certain other loan agreements containing cross-default provisions. From time to time, we may have defaulted under certain of our facilities, which may in turn trigger the cross-default provisions under our other facilities, and we may be required to work with our lenders to obtain consents and waivers with respect to these defaults and cross-defaults. We cannot assure you that a default or cross-default will not exist at any time or can be cured on time or at all. If any cross-default

is triggered or any of the other defaults occurs and the relevant indebtedness is accelerated, which may in turn cause an acceleration of repayment of the Notes and the Existing Notes, we cannot assure you that our assets and cash flow would be sufficient to repay in full all of our indebtedness, or that we would be able to find alternative financing. Even if we could obtain alternative financing, we cannot assure you that it would be on terms that are favorable or acceptable to us.

We have substantial indebtedness and a deterioration of our cash flow position could materially and adversely affect our ability to service our indebtedness and to continue our operations.

We maintain a significant level of indebtedness to finance our operations. As of December 31, 2016, 2017 and 2018 and June 30, 2019, our aggregate outstanding borrowings were RMB541.9 billion, RMB621.4 billion, RMB523.9 billion (US\$76.3 billion) and RMB579.1 billion (US\$84.4 billion), respectively. Our total borrowings described above do not include our guarantees or indemnity obligations in respect of mortgage facilities for certain purchasers of our property units of approximately RMB247.7 billion, RMB339.1 billion, RMB402.4 billion (US\$58.6 billion) and RMB406.1 billion (US\$59.2 billion) as of December 31, 2016, 2017 and 2018 and June 30, 2019, respectively. Furthermore, our total borrowings do not include our guarantees for borrowings of independent third parties having continuous business relationship with us, which is approximately RMB23.3 billion, RMB9.1 billion, RMB15.5 billion (US\$2.3 billion) and RMB12.3 billion (US\$1.8 billion) as of December 31, 2016, 2017 and 2018 and June 30, 2019, respectively. Out of our total borrowings of RMB579.1 billion (US\$84.4 billion) as of June 30, 2019, RMB310.1 billion (US\$45.2 billion) was due within a period not exceeding one year, approximately RMB266.4 billion (US\$38.8 billion) was due within a period of more than one year but not exceeding five years, and approximately RMB2.6 billion (US\$0.4 billion) was due within a period of more than five years. We have incurred and will continue to incur a significant amount of interest expense in relation to our bank and other borrowings, the Existing Notes, the Notes and other financing arrangements. Most of this interest expense has been or will be capitalized as a part of the properties under development rather than being recorded as expense in our income statement upon their incurrence. Accordingly, such capitalized interest expenses may adversely affect our gross profit margin upon recognition of the sales of the relevant properties in future periods.

We recorded net operating cash outflow for the years ended December 31, 2016 and 2017. We recorded net operating cash inflow of RMB134.7 billion and RMB3.3 billion for the year ended December 31, 2018 and for the six months ended June 30, 2019, respectively. However, the PRC governmental policies in the property sector will continue to exert pressure on our operating cash flow. The PRC government requires that a land grant contract be entered into within 10 working days after the closing of the land grant, and that the down-payment of 50% of the land premium be paid within one month of signing the land grant contract, with the remaining to be paid in full according to the terms and conditions of the land grant contract and under all circumstances within one year of the date of land grant contract. We cannot assure you that we will be able to generate sufficient cash flow from operations to support the repayment of our current indebtedness. Some of our financing arrangements also contain provisions that the relevant lender has an overriding right to demand repayment at any time. If we are unable to make scheduled payments in connection with our debt and other fixed payment obligations as they become due or upon the demand of the relevant lenders before the due date of the relevant financing arrangements, we may need to renegotiate the terms and conditions of such obligations or to obtain additional equity or debt financing. We cannot assure you that our renegotiation efforts would be successful or timely or that we would be able to refinance our obligations on acceptable terms or at all. If financial institutions decline to lend additional funds to us or to refinance our existing loans when they mature as a result of our credit risk and we fail to raise financing through other means, our financial condition, cash flow position and our business prospects may be materially and adversely affected.

In addition, some of our financing arrangements contain provisions that may not work to our advantage if we encounter difficulties in servicing our debt obligations. For example, the Existing Indentures define “events of default” in a broad manner and contain cross-default provisions that will

make a default under one debt a default under the other debt, including the Notes. You may find additional information relating to “events of default” under the Notes in the sections entitled “Description of 2022 Notes” and “Description of 2023 Notes.”

We cannot assure you that we will be able to maintain the relevant financial ratios under our financing agreements from time to time and that we will not default. If we are unable to obtain forbearance or waiver arrangements with the relevant lenders and upon occurrence of any default, event of default or cross-default in the future, this could lead to, among other things, an acceleration of our debt obligations, which could in turn have a material adverse effect on our financial condition. See “— If we are unable to comply with the restrictions and covenants in our debt agreements or the Existing Indentures, there could be a default under the terms of these agreements or the Existing Indentures, which could cause repayment of our debt to be accelerated.”

We rely principally on dividends paid by, and guarantees or security provided by, our subsidiaries to fund our cash and financing requirements, and any limitation on the ability of our PRC subsidiaries to pay dividends to us or provide guarantees or security for our benefit could have a material adverse effect on our ability to conduct our business.

We are a holding company and rely principally on dividends paid by our subsidiaries for cash requirements, including the funds necessary to service any debt we incur and to pay any dividend we declare. If any of our subsidiaries incurs debt in its own name, the instruments governing the debt may restrict dividends or other distributions on its equity interest to us. Currently, some of the instruments governing the debt for our PRC subsidiaries contain restrictions that require our PRC subsidiaries to obtain the lending banks’ approval prior to distributing any dividends. Such restrictions may adversely affect the calculation of our Consolidated EBITDA, and in turn our ability to undertake additional financing, investment or other transactions under the terms of the Notes. In addition, the shares and assets, including dividends derived from these shares, of certain of our subsidiaries are pledged to secure some of our indebtedness. Furthermore, applicable PRC laws, rules and regulations permit payment of dividends by our PRC subsidiaries on a combined basis only out of their retained earnings, if any, determined in accordance with the PRC accounting standards.

Our PRC subsidiaries are required to set aside a certain percentage of their after-tax profit based on the PRC accounting standards each year for their reserve fund in accordance with the requirements of relevant laws and provisions in their respective articles of associations. As a result, our PRC subsidiaries combined may be restricted in their ability to transfer any portion of their net income to us whether in the form of dividends, loans or advances. Any limitation on the ability of our subsidiaries to pay dividends to us could materially and adversely limit our ability to grow, make investments or acquisitions that could be beneficial to our businesses, pay dividends, service our debts or otherwise fund and conduct our business. Under the PRC Enterprise Income Tax Law and its implementation regulations, PRC income tax at the rate of 10% is applicable to dividends paid by PRC enterprises from their earnings derived since January 1, 2008 to “non-resident enterprises” (non-PRC enterprises that do not have an establishment or place of business in China, or that have such establishment or place of business but the relevant income is not effectively connected with such establishment or place of business) subject to any lower withholding tax rate as may be contained in any applicable income tax treaty or agreement that China has entered into with the government of the jurisdiction where such “non-resident enterprises” were incorporated. Provided that we or our non-PRC subsidiaries are considered “non-resident enterprises” under the PRC tax law, any dividend that we or any such non-PRC subsidiary receive from our PRC subsidiaries will be subject to PRC taxation at the 10% rate unless any lower treaty rate is applicable.

We may not have adequate financing to fund our land acquisitions and property developments.

Property development is capital intensive. We have financed our property projects primarily through our shareholders’ contributions, bank and other borrowings, pre-sale proceeds of properties under development, proceeds from the sale of completed properties, funds raised from the capital

markets such as our issuance of the Existing Notes and share placements. Our ability to obtain adequate financing for land acquisition and property development on terms which will allow us to achieve a reasonable return is dependent on a number of factors that are beyond our control, such as general economic conditions, our financial strength and performance, credit availability from financial institutions, cost of borrowing, as well as monetary policies in China and PRC regulations relating to the property sector. We cannot assure you that we will always be able to meet our sales target or the PRC government will not limit our access to capital, our flexibility and ability to use bank loans or other forms of financing to finance our property development. In November 2009, the PRC government raised the minimum down-payment of land premium to 50%. In March 2010, the PRC government further tightened this requirement by setting the minimum land premium at no less than 70% of the prevailing price at the locality of the land parcel granted, and the bidding deposit at not less than 20% of such minimum land premium. Currently, the PRC government requires that a land grant contract must be entered into within 10 working days after the closing of the land grant, and the down-payment of 50% of the land premium must be paid within one month of signing the land grant contract, with the remaining to be paid in full within one year of the date of the land grant contract. Such change in policy may constrain our cash otherwise available for additional land acquisition and construction. The PRC government could also introduce other initiatives that may further limit our access to capital, and/or consequently reduce our flexibility and ability to use bank loans or other forms of financing to finance our acquisitions and property developments, such as restricting the grant or extension of revolving credit facilities to property developers that hold a large amount of idle land and vacant commodity properties, prohibiting commercial banks from taking commodity properties that have been vacant for more than three years as security for mortgage loans, and forbidding property developers from using borrowings obtained from any local banks to fund property developments outside that local region. In addition, in April 2010, the State Council of the PRC (中華人民共和國國務院), or the State Council, issued the Notice on Resolutely Curbing the Excessive Hike of Property Prices in Some Cities 《國務院關於堅決遏制部分城市房價過快上漲的通知》, which mandates that developers who hold idle land or speculate in land will not be granted bank loans for the development of new property projects. In September 2010, People's Bank of China (中國人民銀行), the central bank of China, or the PBOC, and China Banking Regulatory Commission (中國銀行業監督管理委員會), or the CBRC, jointly issued a notice to prohibit banks from lending to any property developer for its new projects or renewal of its existing loans if such developer has a track record of maintaining idle land, changing the use and nature of land without proper approval, delaying the construction commencement or completion date, hoarding properties or other non-compliance. On May 8, 2019, the China Banking and Insurance Regulatory Commission (中國銀行保險監督管理委員會), or the CBIRC, issued the Notice on Launching the Work of Consolidating the Achievements in Rectification of Chaotic Practices and Promoting the Compliance Construction 《中國銀保監會關於開展“鞏固治亂象成果促進合規建設”工作的通知》, which prohibited trust institutions from providing financing for land acquisitions or granting working capital loans to property developers directly or in disguised form. We cannot assure you that we will be able to secure adequate financing to fund our land acquisitions (including any unpaid land premium for past acquisitions), to finance our project construction or to renew our existing credit facilities prior to their expiration. If we are unable to secure adequate financing, or if the PRC government adopts further restrictive credit policies in the future, this may materially and adversely affect our business, financial condition and results of operations.

Changes in interest rates may increase our financing costs.

Changes in interest rates have affected and will continue to affect our financing costs and, ultimately, our results of operations. The benchmark one-year bank lending rates published by the PBOC as of December 31, 2016, 2017 and 2018 and June 30, 2019 were 4.35%, 4.35%, 4.35% and 4.35%, respectively. Interest expenses of borrowings we incurred in the years ended December 31, 2016, 2017 and 2018 and June 30, 2019 were RMB4,079 million, RMB4,502 million, RMB4,839 million (US\$704.9 million) and RMB2,439 million (US\$355.4 million), respectively. On July 20, 2013, pursuant to the Notice on Further Promoting the Market-oriented Interest Rate Reform 《中國人民銀行關於進一步推進利率市場化改革的通知》, the PBOC abolished the regulation of the benchmark lending rates for financial institutions and began allowing lending rates to be determined by financial institutions

pursuant to market principles. We cannot assure you that financial institutions will not raise lending rates or that interest rates for U.S. dollar loans will not fluctuate significantly, and we cannot assure you that the PBOC will not take more stringent measures to increase the rates in the future. We have also not hedged against any of our interest rate exposure. Any further increase in these rates will increase our financing cost and may materially and adversely affect our business, financial condition and results of operations.

We may not always be able to obtain land reserves that are suitable for our future property development.

We derive our revenue principally from the sale of properties that we have developed. To have a steady stream of developed properties available for sale and continuous growth in the long term, we need to replenish and increase our land reserves that are suitable for development. We acquire land primarily through government-organized auction and the listing-for-sale process, and by acquiring equity interests in project companies that hold land use rights and by participating in the PRC government's redevelopment policies programs. Our ability to identify and acquire suitable development sites is subject to a number of factors, some of which are beyond our control, such as the overall economic conditions, our effectiveness in identifying and acquiring land parcels suitable for development and competition for such land parcels. The availability of substantially all of the land in China is controlled by the PRC government. Thus the PRC government's land policies have a direct impact on our ability to acquire land use rights for development and our costs of acquisition. In recent years, the PRC central and local governments have implemented various measures to regulate the means by which property developers obtain land for property development. The PRC government also controls land supply through zoning, land usage regulations and other means. All these measures further intensify the competition for land in China among property developers.

In March 2010, the PRC Ministry of Land and Resources issued the Circular on Strengthening Real Estate Land Supply and Supervision 《關於加強房地產用地供應和監管有關問題的通知》, under which the minimum price for a given land transfer is required to be equal to at least 70% of the benchmark price for land in the surrounding locality and the bidding deposit for such land transfer is required to be equal to at least 20% of the applicable minimum transfer price. Property developers are also required to pay 50% of the land premium (including any deposits previously paid) as a down-payment within one month of signing a land grant contract and pay the remaining land premium in full within one year from the date of the land grant contract. In addition, in September 2010, the PRC Ministry of Housing and Urban-Rural Development (中華人民共和國住房和城鄉建設部), formerly known as PRC Ministry of Construction (中華人民共和國建設部), or MOHURD, issued the Notice On Further Strengthening the Administration and Control of Real Estate Land and Construction 《關於進一步加強房地產用地和建設管理調控的通知》, which stipulates, among other things, that the planning and construction conditions and land use standards should be specified when a parcel of land is to be granted, and the restrictions on the area of any parcel of land granted for commodity properties should be strictly implemented. The development and construction of large low-density residential properties should be strictly restricted, and the plot ratio for residential land is required to be more than 1.0. In addition, a property developer and its shareholders will be prohibited from participating in any bidding to acquire additional land until any illegal behavior in which it has engaged, such as leaving its land idle for more than one year, has been completely rectified.

On June 1, 2012, the Ministry of Land and Resources promulgated the revised Measures on the Disposal of Idle Land 《閒置土地處置辦法》, which provide that, if any land parcel constitutes "idle land" due to government-related action, the holder of the relevant land use rights is required to explain to the relevant municipality or county-level land administrative department(s) the reasons for the land becoming idle, consult the relevant governmental authorities and rectify the situation accordingly.

The means of rectification include the extension of the period permitted for commencing development, the adjustment of the land use and planning conditions, and the substitution of the relevant idle land parcels with other land parcels.

On November 5, 2012, the Ministry of Land and Resources, the PRC Ministry of Finance, the PBOC and the CBRC jointly promulgated the Notice on Strengthening Land Reserves and Financing Administration 《關於加強土地儲備與融資管理的通知》 in order to strengthen land bank administration, determine the reasonable scale and structure of land bank, strengthen the administration of land pre-development, reservation and protection, and regulate the financing of land reservation and the use of land reservation funds.

On February 2, 2016, the Ministry of Land and Resources, the MOF, the PBOC and the CBRC jointly promulgated the Circular on Issues Concerning the Standardization of Land Reserve and Fund Management 《關於規範土地儲備和資金管理等相關問題的通知》 in order to further standardize land reserve behaviors and adjust financing methods for land reservation.

On April 1, 2017, the Ministry of Land and Resources and the Ministry of Housing and Urban-Rural Development jointly promulgated the Circular on Recently Tightening the Management and Control over Residential Properties and Land Supply 《關於加強近期住房及用地供應管理和調控有關工作的通知》, which stipulated, among other things, (i) the scale, structure and time sequence of housing land supply will be adjusted in due time according to the commercial housing inventory cycle, and the supply of land (a) with the inventory cycle of more than 36 months shall be suspended, (b) with the inventory cycle of 18 to 36 months shall be reduced, (c) with the inventory cycle of six to 12 months shall be increased, and (d) with the inventory cycle of less than six months shall be increased and accelerated; (ii) the local authority will build a fund inspection system to ensure that the real estate developers use own legal funds to acquire land use right; and (iii) the local bidding system of the land use right shall be determined in a flexible manner, according to the local actual status and specific conditions of land.

The implementation of these regulations may increase land transfer prices and require property developers to maintain a higher level of working capital.

If we fail to acquire sufficient land reserves suitable for development in a timely manner and at acceptable prices, our prospects and competitive position may be adversely affected and our business strategies, growth potential and performance may be materially and adversely affected.

We may forfeit land to the PRC government if we fail to comply with the terms of the land grant contracts.

Under PRC laws, if we fail to develop a property project according to the terms of the land grant contract, including those relating to the payment of land premium, demolition and resettlement costs and other fees, specified usage of the land and the time for commencement and completion of the property development, the PRC government may issue a warning, impose a penalty and/or liquidated damages, and/or order us to forfeit the land. Under the current PRC laws and regulations, if we fail to pay any outstanding land premium by the stipulated deadline, we may be subject to a late payment penalty calculated on a per-day basis. As of June 30, 2019, we had outstanding land premiums with respect to a small number of projects which we had not paid based on the underlying land grant contracts. We have obtained the relevant local governments' approvals to either extend the payment of the outstanding land premiums or pay such outstanding land premiums in installments, except for several projects that we are in discussions with the relevant local governments regarding their potential re-zoning plans. We cannot assure you that we will be able to secure similar government approvals if we fail to pay land premiums in the future. Currently, the PRC government requires that a land grant contract must be entered into within 10 working days after the closing of the land grant, and the down-payment of 50% of the land premium must be paid within one month of signing the land grant contract, with the remaining to be paid in full within one year of the date of land grant contract. Such policies may materially and adversely affect our ability to make timely payment of land premiums.

In addition, if we fail to commence development of a property project within the stipulated period as required under the current PRC laws without the approval from the relevant PRC land authorities, the relevant PRC land bureau may serve a warning notice on us and impose idle land fees up to 20% of the land premium unless such failure is caused by a government action or a force majeure event. The Notice on Promoting Economization of Land Use 《關於促進節約集約用地的通知》 issued by the State Council in January 2008 further confirmed the idle land fee at 20% of the land premium. If we fail to commence such development for more than two years, the land is subject to forfeiture to the PRC government unless the delay in development is caused by government actions or force majeure. Even if the commencement of the land development complies with the land grant contract, if the developed GFA on the land is less than one-third of the total GFA of the project or if the total capital expenditure is less than 25% of the total investment of the project and the suspension of the development of the land is more than one year without government approval, the land will still be treated as idle land. Furthermore, the Ministry of Land and Resources issued a Notice on Restricting the Administration of Construction Land and Promoting the Use of Approved Land 《關於嚴格建設用地管理促進批而未用土地利用的通知》 in August 2009, which reiterates the current rules regarding idle land. In September 2010, the Ministry of Land and Resources and the MOHURD jointly issued the Notice On Further Strengthening the Administration and Control of Real Estate Land and Construction 《關於進一步加強房地產用地和建設管理調控的通知》, which provides that a property developer and its shareholders will be prohibited from participating in land bidding before any illegal behavior in which it engages, such as (1) having land idle for more than one year due to its own reasons; (2) illegal transfer of land use rights; (3) noncompliance with the land development requirements specified in a land grant contract; and (4) crimes such as taking land by forging official documents and illegal land speculation, has been completely rectified. We cannot assure you that circumstances leading to imposition of penalty, liquidated damages or forfeiture of our land will not arise in the future. If we are required to pay substantial idle land fees, our results of operations and our reputation may be adversely affected. If we forfeit land, we will not only lose the opportunity to develop the property projects on such land, but may also lose all our investments in the land, including land premiums paid and development costs incurred.

We are exposed to pre-sale related contractual and legal risks.

We make certain undertakings in our pre-sale contracts. These pre-sale contracts and PRC laws and regulations provide for remedies with respect to any breach of such undertakings. For example, if we pre-sell a property project and we fail to complete that property project, we will be liable to the purchasers for their losses. Should we fail to complete a pre-sold property project on time, our purchasers may seek compensation for late delivery pursuant to either their contracts with us or PRC laws and regulations. If our delay extends beyond a specified period, our purchasers may terminate the pre-sale contracts and claim compensation. We cannot assure you that we will not experience delays in completion and delivery of our projects, which may have a material adverse effect on our business, financial condition and results of operations.

Our business will be adversely affected if mortgage financing becomes more costly or otherwise less attractive or available.

Substantially all of the purchasers of our residential properties rely on mortgages to fund their purchases. An increase in interest rates may significantly increase the cost of mortgage financing and affect the affordability of residential properties. In addition, the PRC government and commercial banks may increase the down-payment requirements, impose other conditions or otherwise change the regulatory framework in a manner that would make mortgage financing unavailable or unattractive or less available or less attractive to potential property purchasers.

Over the years, the PRC government has promulgated a range of laws, regulations and government policies regarding mortgage financing as a means to regulate the PRC property market. While the intent of these has generally been to reduce perceived speculation in the property market, during the global financial crisis the PRC government implemented a number of measures designed to stimulate the economy, including lowering the down payment requirements for purchasing residential properties and

PBOC benchmark bank lending rates. However, since the fourth quarter of 2009, the PRC government has again enacted policies intended to restrain property purchases for investment or speculation purposes and to keep property prices from rising too quickly. Measures include requiring and adjusting the minimum down payment for the acquisition of residential properties, requiring and adjusting the minimum mortgage loan interest rate for purchases of residential properties, requiring commercial banks to suspend mortgage loans to customers for purchase of multiple residential properties.

For commercial property buyers, PRC banks are not allowed to finance the purchase of any pre-sold properties. The minimum down-payment for commercial property buyers has been increased to 50% of the purchase price, with minimum mortgage loan interest rates at 110% of the relevant PBOC benchmark one-year bank lending interest rate and maximum maturities of no more than 10 years. In addition, mortgagee banks may not lend to any individual borrower if the monthly repayment of the anticipated mortgage loan would exceed 50% of the individual borrower's monthly income or if the total debt service of the individual borrower would exceed 55% of such individual's monthly income. Since 2013, as a result of foregoing factors, PRC banks have generally tightened mortgage lending, which had affected the demand in the property market in general. Since September 2016, certain local governments including without limitation Beijing, Shanghai, Guangzhou, Shenzhen, Tianjin, Suzhou, Zhengzhou, Wuxi, Hefei, Wuhan, Nanjing, Fuzhou, Foshan, Dongguan, Huizhou and Hangzhou have issued new property market control policies, including restoring or strengthening the restriction on purchases of residential properties and tightening credit policy. Our business, financial condition and results of operations may therefore be adversely affected. Property purchasers in the PRC have been and will continue to be affected by these regulations and their amendments as may be made thereto from time to time.

We cannot assure you that the PRC government will not further increase down payment requirements, impose other conditions or otherwise change the regulatory framework in a manner that would make mortgage financing unavailable or unattractive to potential property purchasers. Nor can we assure you that such regulatory changes would not adversely affect our business, financial condition and results of operations.

In addition, in line with industry practice, we provide guarantees to banks for mortgages they offer to our purchasers up until the relevant property and the individual property ownership certificates with respect to the relevant properties are issued to our purchasers and the mortgage registrations for the relevant properties have been completed. If there are changes in laws, regulations, policies and practices that would prohibit property developers from providing guarantees to banks in respect of mortgages offered to property purchasers and the banks would not accept any alternative guarantees by third parties, or if no third party is available or willing in the market to provide such guarantees, it may become more difficult for property purchasers to obtain mortgages from banks and other financial institutions during sales and pre-sales of our properties. Such difficulties in financing could result in a substantially lower rate of sale and pre-sale of our properties, which would materially and adversely affect our cash flow, financial condition and results of operations.

Intensified competition might adversely affect our business and our financial position.

In recent years, many property developers, including overseas developers and State-owned developers have aggressively competed in the PRC property development market, including in Guangdong Province and other regions of China where we have operations. Competition among property developers may cause an increase in land premiums and raw material costs, shortages in quality construction contractors, a surplus in property supply leading to decreasing property prices, further delays in the issue of government approvals and higher costs to attract or retain talented employees.

Moreover, residential property markets across China are influenced by various other factors, including changes in economic conditions, banking practices and consumer sentiment. If we fail to compete effectively or to adapt to the changes in market conditions, our business operations and financial condition will be materially and adversely affected.

Potential liability for environmental damages could result in substantial outflow of our resources.

We are subject to a variety of laws and regulations concerning the protection of health and environment. The particular environmental laws and regulations that apply to any given project development site vary according to the site's location, the site's environmental condition, the present and former uses of the site, as well as adjoining properties. Efforts taken to comply with environmental laws and regulations or address issues raised during environmental audits may result in delays in development, cause us to incur substantial compliance costs and can prohibit or severely restrict project development activity in environmentally-sensitive regions or areas. We cannot predict the impact of unforeseeable environmental contingencies on new or changed laws or regulations on our existing projects or properties that we may develop in the future.

As required by PRC laws and regulations, each project we develop is required to undergo environmental assessments and we are required to submit an environmental impact assessment report to the relevant governmental authorities for approval before commencement of its construction. According to the PRC Environment Impact Assessment Law 《中華人民共和國環境影響評價法》 as amended on July 2, 2016 and December 29, 2018, the intensity of environmental supervision and law enforcement has increased. If a real estate developer required to submit an environmental impact assessment report or an environmental impact analysis table has not obtained the approval from the relevant governmental authorities before commencement of the construction, more severe punishment will be imposed on the developer, including a fine equal to 1% to 5% of the total investment amount of the project, and an order to restore the original conditions before the construction. In addition, the relevant environmental authorities have the right to conduct environmental audits on any projects. We are from time to time subject to environmental audits by relevant government authorities on our projects. Although the environmental audits conducted by the relevant PRC environmental protection agencies to date have not revealed any environmental violations that we believe would have a material adverse effect on our business, financial condition or results of operations, it is possible that there are potential material environmental liabilities that we do not expect, including but not limited to penalties or temporary suspension of the project development. In addition, we cannot ensure that our operations will not result in environmental liabilities or that our contractors will not violate any environmental laws and regulations in their operations that may be attributed to us. You should refer to the section entitled “Business — Environmental and Safety Matters” for more information in respect of environmental matters.

We may not be able to execute our contemplated expansion plan successfully.

As of June 30, 2019, we had 828 properties under development or held for future development with an estimated total planned GFA of 257.5 million sq.m. in 232 strategically selected cities across 31 provinces and municipalities in China. We may also continue to explore the feasibility of expanding our operations into other cities or some overseas markets. Although our planned projects are carefully chosen after rounds of screening, review and deliberation, such large-scale and rapid expansion has placed and may continue to place a substantial strain on our managerial and financial resources. The rapid increase in the volume of our developments brought by such expansion has also presented and may continue to present challenges in terms of project construction and delivery management. Although we have formulated a standardized operational model to facilitate the management of our projects nationwide, any failure to follow our standards or inconsistencies in our compliance across different geographical regions in China or outside China, should we wish to expand into other markets, may negatively impact our reputation and damage our brand. In addition, any failure in effectively managing our large volume of developments within a short period of time may adversely affect our ability to deliver properties to our buyers in a timely manner and harm our reputation and our growth prospects. Furthermore, our expansion plans are based on our forward-looking assessment of the market prospects. We cannot assure you that our market assessment will turn out to be accurate, or that we will be able to execute our contemplated expansion plan successfully or that we will succeed in integrating our expanded operations despite our standardized operational model. We cannot assure you that we will be

able to effectively manage our rapid expansion or that our expanded operations will generate adequate returns on our investments or positive operating cash flows. Any failure in effectively managing our expanded operations may materially and adversely affect our business prospects, results of operations and financial condition.

Our land appreciation tax provisions and prepayments may not be sufficient to meet our LAT obligations.

In accordance with the current PRC laws and regulations on land appreciation tax, or LAT, all persons, including companies and individuals, that receive income from the sale or transfer of state-owned land use rights, buildings and their attached facilities are subject to LAT at progressive rates ranging from 30% to 60% of the appreciated value of the property, with certain exemptions available for the sale of ordinary residential properties if the appreciated value does not exceed 20% of the deductible items as defined in the relevant LAT regulations. Pursuant to the relevant rules issued by the State Administration of Taxation of China (中華人民共和國國家稅務總局), or SAT, LAT obligations must be settled with the relevant tax bureaus within specific timeframes subsequent to the delivery of the completed projects.

In May 2010, the SAT issued the Notice on Strengthening the Collection of Land Appreciation Tax 《關於加強土地增值稅徵管工作的通知》, which requires that the minimum LAT prepayment rate be at 2% for provinces in the eastern region of China, 1.5% for provinces in the central and northeastern regions of China and 1% for provinces in the western region of China. According to the notice, the local tax bureaus will determine the applicable LAT prepayment rates based on the types of the properties. However, there are uncertainties in the interpretation and implementation of the LAT regulations and the relevant tax authorities may change their requirements as to the amount or timing of payment of provisional LAT. Although we believe we have made sufficient prepayments and/or provisions for LAT in compliance with PRC laws and regulations as interpreted by local tax authorities, we cannot assure you that our LAT prepayments and provisions will be sufficient to cover our LAT liabilities and that the relevant tax authorities will agree with the basis on which we calculated our LAT liabilities. Our results of operations, cash flow and financial condition may be materially and adversely affected if our LAT liabilities, as finally determined by the relevant tax authorities, are substantially higher than our LAT provisions and prepayments.

We have limited experience in hotel management and our results in this segment may be adversely affected by our inexperience.

We believe our hotel management business primarily serves as a value enhancer to our brand and an organic component of our overall residential property market strategy. Our experience in hotel management is limited and we cannot assure you that we will be able to successfully leverage our experience in residential property development to meet challenges in the hotel management business. We cannot assure you that we will be able to procure the services of professional hotel management companies for such projects. We could face considerable reputational and financial risks if such hotels are mismanaged or do not meet the expectations of our residential, business and other customers. Additionally, we cannot assure you that there will be sufficient demand for such hotel facilities in the localities of these properties. If we fail in our efforts in such hotel business, our financial condition and results of operations will be adversely affected.

Our success depends on the continuing services of our key management members.

We depend on the services provided by our senior management and other skilled and experienced key staff members, in particular, our chairman, Dr. Hui, and our other executive officers. Most of them have more than 10 years of experience in the PRC property markets and have in-depth knowledge of various aspects of the property development. As competition for experienced managerial talents and skilled personnel in the property development market is intense and the pool of qualified candidates is limited, we may not be able to retain the services of our senior executives or key personnel, or attract

and retain high-quality senior executives or key personnel in the future. We cannot assure you that Dr. Hui or our other executive officers or members of our key staff are willing and able to continue in their present positions. The loss of the services of our senior management or other key personnel and failure to find qualified replacements could disrupt and adversely affect our operations. Any negative news regarding our senior management team may also adversely affect our reputation or business. Moreover, along with our rapid growth and expansion into other regional markets in China, we will need to hire and retain skilled managers to lead and manage our regional operations. If we cannot attract and retain qualified personnel, our business and future growth may be adversely affected.

We may not be able to complete our development projects on time or at all.

Property development projects require substantial capital expenditures prior to and during the construction period, and construction of a property project may take many months or several years before it generates positive cash flow through pre-sales or sales. Meanwhile, the progress and cost for a development project can be adversely affected by many factors, including:

- delays in obtaining necessary licenses, permits or approvals from governmental agencies or authorities;
- relocation of existing residents and/or demolition of existing structures;
- shortages of materials, equipment, contractors and skilled labor;
- labor disputes;
- natural catastrophes;
- adverse weather conditions;
- changes in city zoning, planning and plot ratios; and
- construction accidents. Operations at construction sites are intrinsically dangerous, involving the use of industrial machinery and the hoisting of heavy construction materials, typically within confined spaces. In addition, construction operations may also be affected by use of various contractors and adverse weather conditions. If any accidents occur at our construction sites, we may be subject to legal liability, prolonged negative publicity or official investigation, and we may have to stop work on construction sites for a prolonged period of time while we undertake safety checks, any of which would have a material adverse effect on our business, financial condition and results of operations.

Construction delays or failure to complete the construction of a project according to its planned specifications, schedules or budgets as a result of the above factors may adversely affect our results of operations and financial position and may also cause reputational damage. We cannot assure you that we will not experience such delays in delivery of our property projects in the future or that we will not be subject to any liabilities for any such delays.

Our business will be adversely affected if we fail to obtain, or experience material delays in obtaining, necessary governmental approvals for any major property development.

Real estate markets in China are strictly regulated by the PRC government. Property developers must comply with various laws and regulations of the PRC government, including rules issued by local governments to enforce these laws and regulations. To develop and complete a property project, we must apply for various licenses, permits, certificates and approvals, including land use rights certificates, construction land planning permits, construction works planning permits, construction permits, pre-sale permits and certificates of completion, at the relevant government departments. Before the government

issues any certificate or permit, we must first meet specific conditions. We cannot assure you that we will not encounter serious delays or other difficulties in fulfilling such conditions, or that we will be able to adapt to new rules and regulations that may come into effect from time to time with respect to the property industry. There may also be delays on the part of the relevant regulatory bodies in reviewing our applications and granting approvals. In the event that we fail to obtain, or encounter significant delays in obtaining, the necessary governmental approvals for any of our major property projects, we will not be able to continue with our development plans, and our business, financial condition and results of operations will be adversely affected.

Our failure to meet all requirements for the issue of property ownership certificates may lead to compensatory liability to our customers.

According to PRC law, property developers must meet various requirements within 90 days after delivery of property or such other time period provided in sales contracts for the customers to apply for property ownership certificates, including passing various governmental clearances, formalities and procedures. We usually stipulate the delivery dates in our sales contracts so as to leave sufficient time for us to complete the formalities and obtain the relevant approvals. However, we cannot assure you that there will not be delays in our property development. There may also be factors beyond our control that may delay the delivery of property ownership certificates, including a shortage in human resources at various governmental offices and time-consuming inspections and approval processes at various government agencies. Under current PRC laws and regulations and under our sales contracts, we are required to compensate our customers for delays in our deliveries. If our delay extends beyond a specified period, our customers are also entitled to terminate the sales contracts. We cannot assure you that we will be able to timely deliver all property ownership certificates in the future or that we will not be subject to any liabilities as a result of any delays in delivery of property ownership certificates. In the case of serious delays on one or more property projects, our business and reputation will be harmed.

If we cannot continue to obtain qualification certificates, our business may be adversely affected.

As a precondition to engaging in real estate property development in China, a property developer must obtain a qualification certificate and renew it on an annual basis unless the rules and regulations allow a longer renewal period. According to the current PRC regulations on qualification of property developers, a newly established property developer must first apply for a provisional qualification certificate with a one-year validity, which can be extended for a maximum of two years. If the newly established property developer fails to commence a property development project within the one-year period when the provisional qualification certificate is in effect, it will not be allowed to extend its provisional qualification certificate. Experienced property developers must also apply for renewal of their qualification certificates once every two to three years in most cities, subject to an annual verification by relevant governmental authorities. It is mandatory under government regulations that developers fulfill all statutory requirements before obtaining or renewing their qualification certificates.

Property developers in China must also produce valid qualification certificates when they apply for pre-sale permits. We cannot assure you that we will be able to pass the annual verification of the qualification certificates or that we or each of our project companies will be able to obtain formal qualification certificates in a timely manner, or at all, as and when they become due to expire. For example, qualification certificates of certain of our project companies have expired and we are in the process of renewing them. If we or our project companies do not possess valid qualification certificates, the government will refuse to issue pre-sale and other permits necessary for our property development business. In addition, the government may impose a penalty on us and our project companies for failure to comply with the relevant licensing requirements. If we or any of our project companies are unable to meet the relevant requirements, and are therefore unable to obtain or renew the qualification certificates or pass the annual verification, our business and financial condition could be materially and adversely affected.

We cannot assure you that we will not encounter significant problems in satisfying conditions necessary for the issuance of licenses, certificates, permits or approvals. If we fail to obtain or renew the necessary licenses, certificates, permits or approvals for any of our PRC subsidiaries, property projects, or our expanded new businesses, our business, results of operations and financial condition may be materially and adversely affected.

The fair value of our investment properties is likely to fluctuate from time to time and may decrease significantly in the future, which may materially and adversely impact our profitability.

We are required to reassess the fair value of our investment properties at every balance sheet date for which we issue financial statements. Under HKFRS, gains or losses arising from changes in the fair value of our investment properties are included in our income statements in the period in which they arise. Our valuations are based on a direct comparison approach, under which our investment properties are directly compared with other comparable properties of similar size, character and location, in order to provide a fair comparison of capital values.

A capitalization approach has also been adopted, under which the estimated net income generated from the investment properties is capitalized at an appropriate rate to arrive at the value conclusions. Our investment properties were revalued by an independent property valuer as of December 31, 2016, 2017 and 2018 and June 30, 2019, on an open market, existing use basis, which reflected market conditions on those dates. Based on such valuation, we recognized the aggregate fair market value of our investment properties on our consolidated balance sheets, and recognized fair value gains on investment properties and the relevant deferred tax on our consolidated income statements. For the years ended December 31, 2016, 2017 and 2018 and the six months ended June 30, 2019, the fair value gains on our investment properties were RMB4,925 million, RMB8,537 million, RMB1,688 million (US\$246 million) and RMB1,202 million (US\$175 million), respectively. During the same periods, the fair value losses on disposal of our investment properties were RMB992 million, RMB682 million, RMB58 million (US\$8 million) and RMB439 million (US\$64 million), respectively.

The significant increase in the fair market value of our investment properties from 2016 to 2017 was primarily due to the additional area of investment properties in 2017. Fair value gains or losses do not, however, change our cash position as long as the relevant investment properties are held by us and, therefore, do not increase our liquidity in spite of the increased profit. The amount of revaluation adjustments has been, and will continue to be, subject to market fluctuations. We cannot assure you that changes in the market conditions will continue to create fair value gains on our investment properties at the previous levels or at any level at all, or that the fair value of our investment properties will not decrease in the future. In particular, the fair value of our investment properties could decline in the event that our industry experiences a downturn as a result of PRC government regulatory policies or a global economic downturn. All these factors are beyond our control. Any significant decrease in the fair value of our investment properties may materially and adversely impact our profitability.

We may not be able to obtain land use rights certificates with respect to certain parcels of land under contract.

We have entered into land grant contracts, transfer agreements or certain land transaction confirmation letters, but have not obtained all land use rights certificates in respect of some projects as disclosed in the section entitled “Business — Project Overview — Properties Under Development and Held for Future Development.” If we fail to obtain, or experience material delays in obtaining, the land use rights certificates with respect to these parcels of land, our business, financial condition and results of operations may be materially and adversely affected.

We rely on third-party contractors for certain services in our property development.

We engage third-party contractors to provide various services, including construction, landscaping, gardening, equipment installation, interior decoration, mechanical and electrical installation and utilities installation. We generally select third-party contractors through our standardized tender process. We endeavor to employ only companies with good reputations, strong track records, performance reliability and adequate financial resources, and we have implemented strict quality control procedures and closely monitor the construction progress. However, we cannot assure you that such third-party contractors will always provide satisfactory services of the quality required by us. If the performance of any third-party contractor is not satisfactory, we may need to replace such contractor or take other remedial actions, which could adversely affect the cost and development schedule of our projects. In addition, as we are expanding our business into additional cities in China, there may be a shortage of third-party contractors that meet our quality requirements in such regions. Moreover, the contractors may undertake projects from other developers, engage in risky undertakings or otherwise encounter financial or other difficulties, which may adversely affect their ability to complete our property projects on time, within budget or at all. All of these third-party related factors may have material adverse impact on our reputation, credibility, financial position and business operations.

Our profit margin is sensitive to fluctuations in the cost of construction materials.

Construction costs are one of the predominant components of our cost of sales. Construction costs encompass all costs for the design and construction of a project, including payments to third-party contractors, costs of construction materials, foundation and substructure, fittings, facilities for utilities and related infrastructure such as roads and pipelines. Historically, material costs have been the principal driver of the construction costs of our property development projects, with the cost of third-party contractors remaining relatively stable. However, as most of the material costs are often included in the construction costs paid to our contractors, it has been difficult for us to estimate such costs.

Construction costs may fluctuate as a result of the volatile price movement of construction materials such as steel and cement. We seek to reduce our exposure to short-term price fluctuations of construction materials and limit project cost overruns by centralizing our procurement to lower our purchase costs. We also manage the cost of outsourced construction work through a process of tenders which, among other things, takes into account procurement of principal construction materials such as steel and cement at fixed prices. In line with industry practice, if there is a significant price fluctuation (depending on the specific terms of each contract), we will be required to re-negotiate, top up or refund, depending on the price movement, existing construction contracts. Additionally, should our existing contractors fail to perform under their contracts, we might be required to pay more to contractors under replacement contracts. Our profit margin is sensitive to changes in market prices for construction materials and our project margins will be materially and adversely affected if we are not able to pass all of the increased costs onto our customers.

If we are not properly insulated from the rising cost of labor, our results of operations may be adversely affected.

As a result of economic growth and boom in the property industry in the PRC, wages for construction workers have experienced increases in recent years. In addition, the PRC Labor Contract Law 《中華人民共和國勞動合同法》 that came into effect on January 1, 2008 enhanced the protection for employees and increased employers' liability which may further increase our labor costs. Under the terms of most of our construction contracts, the construction contractors are responsible for the wages of construction workers for our property development and bear the risk of fluctuations in wages during the term of the relevant contract. The contractors are also liable if they do not purchase work injury insurance for their workers as required. However, we are exposed to the price volatility of labor to the extent that we periodically enter into new or renew existing construction contracts at different terms

during the life of a project, which may span several years, or if we choose to hire the construction workers directly. If we are unable to pass on any increase in the cost of labor, to either our construction contractors or to the purchasers of our properties, our results of operations may be adversely affected.

We guarantee mortgage loans of our customers and may become liable to mortgagee banks if our customers default on their mortgage loans.

As we pre-sell properties before their actual completion of construction, in accordance with industry practice, banks require us to guarantee our customers' mortgage loans. Typically, we guarantee mortgage loans taken out by our customers up until we complete the relevant properties and the property ownership certificates and certificates are delivered to the mortgagee banks. If a purchaser defaults on a mortgage loan, we may have to repurchase the underlying property by paying off the mortgage. If we fail to do so, the mortgagee bank may auction the underlying property and recover any additional amount outstanding from us as the guarantor of the mortgage loans. In line with industry practice, we do not conduct any independent credit checks on our customers whose mortgage loans we guarantee but rely on the evaluation of such customers by the mortgagee banks.

As of December 31, 2016, 2017 and 2018 and June 30, 2019, our outstanding guarantees in respect of our customers' mortgage loans amounted to RMB247.7 billion, RMB339.1 billion, RMB402.4 billion (US\$58.6 billion) and RMB406.1 billion (US\$59.2 billion), respectively. Should substantial defaults occur and if we are called upon to honor our guarantees, our financial condition and results of operations could be materially and adversely affected.

We bear demolition and resettlement costs associated with some of our property developments and such costs may increase.

We are required to compensate owners and residents of demolished buildings on some of our property developments for their relocation and resettlement in accordance with the PRC urban housing demolition and relocation regulations. The compensation we pay is calculated in accordance with formulas published by the relevant local authorities. These formulas take into account the location, type of building subject to demolition, local income levels and many other factors. We cannot assure you that these local authorities will not change or adjust their formulas from time to time without sufficient advance notice. If they do so, the land costs may be subject to substantial increases, which can adversely affect our cash flow, financial condition and results of operations. In addition, despite these government-sanctioned formulas, if we fail to reach an agreement over the amount of compensation with any existing owner or resident, either we or such owner or resident may apply to the relevant authorities for a ruling on the amount of compensation. Dissenting owners and residents may also refuse to relocate. This administrative process or such resistance or refusal to relocate may delay the timetable of our development projects, and an unfavorable final ruling may result in us paying more than the amount calculated under the formulas. Such delays in our development projects will also lead to an increase in the cost and delay the cash inflow from pre-sales of the relevant projects, and the recognition of sales as revenue upon completion, which may in turn materially and adversely affect our business, results of operations and financial condition.

Property owners may cease to engage us as the provider of property management services.

We provide property management services to our property owners through our property management subsidiary, Jinbi Property Management Co., Ltd. (金碧物業有限公司), or Jinbi Property Management. Under PRC laws and regulations, the property owners of a residential development have the right to change the property management service provider upon the approval by a certain percentage of the property owners. If owners of the properties that we have developed choose to terminate our property management services, or our property management services receive unsatisfactory reviews by property owners, our reputation, future sales of properties and results of operations could be materially and adversely affected.

We have limited insurance to cover our potential losses and claims.

We do not carry insurance against all potential losses or damages with respect to our properties before their delivery to customers other than those buildings over which our lending banks have security interests and for which we are required to maintain insurance coverage under the relevant loan agreements. In addition, we do not maintain insurance coverage against liability from tortious acts or other personal injuries related to our project constructions or for business interruption. We cannot assure you that we would not be sued or held liable for damages due to such tortious acts and other personal injuries. Moreover, there are certain losses for which insurance is not available on commercially practicable terms in China, such as losses suffered due to earthquakes, typhoons, flooding, war and civil disorder. If we suffer from any losses, damages or liabilities in the course of our operations and property development, we may not have sufficient financial resources to remedy the damages or to satisfy our potential obligations. In addition, any payments we make to cover any losses, damages or liabilities may have a material adverse effect on our business, results of operations and financial condition.

Our results of operations may vary significantly from period to period.

We derive a majority of our revenue from the sale of residential properties that we have developed. In accordance with our accounting policy, we recognize revenue upon the completion and delivery of the properties to purchasers, which may take place more than 12 months after the commencement of pre-sale. As a result, our results of operations may vary significantly from period to period due to the construction timetables and timing of sales and delivery of our various development projects. Additionally, selling prices of properties vary and are largely determined by local market conditions. Although our properties are developed under the standardized operational model, the average selling price for properties in the same series may vary from city to city, which may affect our business, results of operations and financial condition. Seasonal variations may cause further fluctuations in our interim revenue and profits. For example, we have a number of projects in northern China where winter weather conditions can hinder the execution of our development projects and delay our timetable and revenue recognition. In light of the above, we believe that period-to-period comparisons of our results of operations may not be as meaningful as they would be for a business with mostly recurring revenue from period to period.

The Issuer and the Parent Guarantor may be deemed PRC resident enterprises under the PRC Enterprise Income Tax Law, which may subject them to PRC taxation on their worldwide income, require them to withhold taxes on interest they pay on the Notes and require holders of the Notes to pay taxes on gains realized from the sale of the Notes.

The Issuer and the Parent Guarantor are the offshore companies with substantially all of our group operations conducted through our operating subsidiaries in China. Under the PRC Enterprise Income Tax Law that took effect on January 1, 2008 and as amended, enterprises established outside China whose “de facto management bodies” are located in China are considered “resident enterprises” for PRC tax law purposes and will generally be subject to the uniform 25% enterprise income tax rate as to their global income. Under the implementation regulations issued by the State Council relating to the PRC Enterprise Income Tax Law, a “de facto management body” is defined as a body that has significant and overall management control over the business, personnel, accounts and properties of an enterprise. In April 2009, the SAT promulgated a circular to clarify the definition of “de facto management bodies” for enterprises incorporated overseas with controlling shareholders that are PRC enterprises. However, there are no official implementation rules regarding the determination of the “de facto management bodies” for overseas enterprises that are not ultimately controlled by PRC enterprises. Therefore, it remains unclear how the tax authorities will treat an overseas enterprise invested or controlled by another overseas enterprise or ultimately controlled by a Hong Kong permanent resident as is in our case. Although the Issuer and the Parent Guarantor are currently not treated as a PRC resident enterprise by the relevant PRC tax authorities, substantially all of our management is currently based in China and will remain in China in the future. As a result, the Issuer and the Parent Guarantor may be treated as a PRC resident enterprise for PRC enterprise income tax purposes. If the Issuer and the Parent

Guarantor are deemed to be a PRC resident enterprise, they would be subject to the PRC enterprise income tax at the rate of 25% on their worldwide income. Furthermore, the Issuer or the Parent Guarantor, as the case may be, may be obligated to withhold PRC income tax of 10% on payments of interest and other amounts on the Notes or the Parent Guarantor to investors that are non-residents enterprise (or 20% for non-resident individual holders of the Notes) or lower rates for holders who qualify for the benefits of a double-taxation treaty with China, because the interest and other distributions may be regarded as being derived from sources within China. If we are required to withhold PRC tax from interest payments on the Notes, we may be required, subject to certain exceptions, to pay such additional amounts as will result in receipt by the holders of the Notes of such amounts as would have been received had no such withholding been required. The requirement to pay additional amounts will increase the cost of servicing interest payments on the Notes and could have an adverse effect on our financial condition. Any gain realized by non-PRC investors from the transfer of the Notes may be regarded as being derived from sources within China and accordingly may be subject to a 10% PRC income tax for non-PRC enterprise holders of the Notes (20% in the case of non-resident individuals) if the Issuer and the Parent Guarantor is treated as a PRC resident enterprise, subject to the provisions of an applicable treaty.

Any disputes with our joint venture or co-development partners may materially and adversely affect our business.

We carry out and plan to carry out some of our business through joint ventures or in collaboration with third parties. Such joint venture arrangements or collaborations involve a number of risks, including:

- disputes with our partners in connection with the performance of their obligations under the relevant project, joint venture or cooperative property development agreements;
- disputes as to the scope of each party's responsibilities under these arrangements;
- financial difficulties encountered by our partners affecting their ability to perform their obligations under the relevant project, joint venture or cooperative property development agreements with us; or
- conflicts between the policies or objectives adopted by our partners and those adopted by us.

Any of these and other factors may materially and adversely affect our business.

Our controlling shareholder may take actions that are not in, or may conflict with, our or our creditors' best interests, including those of the holders of the Notes.

As of December 31, 2019, Dr. Hui and Mrs. Hui beneficially owned 76.83% of the outstanding shares of China Evergrande Group, our controlling shareholder, primarily through Xin Xin (BVI) Limited. Xin Xin (BVI) Limited, and ultimately Dr. Hui and Mrs. Hui, have and will continue to have the ability to exercise a controlling influence over our business, and may cause us to take actions that are not in, or may conflict with, our or our creditors' best interests, including those of the holders of the Notes, such as matters relating to our management and policies and the election of our directors and senior management. Xin Xin (BVI) Limited, and ultimately Dr. Hui and Mrs. Hui, will be able to influence our major policy decisions, including our overall strategic and investment decisions, by controlling the election of our directors and, in turn, indirectly controlling the selection of our senior management, determining the timing and amount of any dividend payments, approving our annual budgets, deciding on increases or decreases in our share capital, determining our issuance of new securities, approving mergers, acquisitions and disposals of our assets or businesses, and amending our articles of association.

We face uncertainty with respect to indirect transfers of equity interests in PRC resident enterprises by their non-PRC holding companies.

Pursuant to The Announcement on Matters Concerning Withholding of Income Tax of Non-resident Enterprises at Source (國家稅務總局關於非居民企業所得稅源泉扣繳有關問題的公告) (the “SAT Circular 37”), which was issued by the SAT on October 17, 2017 and was made effective from December 1, 2017, gains derived from indirect transfer of equity interests in PRC resident enterprises may be subject to PRC withholding tax. SAT Circular 37 also provides that, where a non-PRC resident enterprise transfers its equity interests in a PRC resident enterprise to its related parties at a price lower than the fair market value, the relevant PRC tax authorities have the power to make a reasonable adjustment with respect to the taxable income of the transaction.

On February 3, 2015, the SAT promulgated the Announcement of Certain Issues on Enterprise Income Tax Regarding Indirect Transfer of Properties by Non-resident Enterprises 《關於非居民企業間接轉讓財產企業所得稅若干問題的公告》, or the Announcement 7. The Announcement 7, among others, (1) defines what “indirect transfer of taxable properties of China” is; (2) clarifies how to tax gains derived from indirect transfer of taxable properties of China; (3) clarifies how to determine reasonable commercial purposes; and (4) provides procedures and required documents for reporting indirect transfer of taxable properties of China to competent tax authorities. In order to implement the Announcement 7, the SAT promulgated the Circular on Issuing the Work Procedures concerning the Enterprise Income Tax on the Indirect Transfer of Properties by Non-resident Enterprises (Trial) 《非居民企業間接轉讓財產企業所得稅工作規程(試行)》 on May 13, 2015 which specifies tax authorities’ corresponding responsibilities and operating procedures concerning the collection of enterprise income tax on the indirect transfer of properties by non-resident enterprises. As a result, we may become at risk of being taxed under SAT Circular 37 and Announcement 7 due to any future indirect transfer of equity interests in our PRC subsidiaries. We may be required to allocate significant resources to comply with SAT Circular 37 and Announcement 7 or to establish that we should not be taxed under SAT Circular 37, and Announcement 7 which may have a material adverse effect on our financial condition and results of operations.

We may be involved from time to time in material disputes, administrative, legal and other proceedings arising out of our operations or subject to fines and sanctions in relation to our non-compliance with certain PRC laws and regulations and may face significant liabilities or damage to our reputation as a result.

We may be involved from time to time in material disputes with various parties involved in the acquisition, development and sale of our properties, including contractors, suppliers, construction workers, original residents, co-development or other partners, banks and purchasers. These disputes may lead to protests, legal or other proceedings and may result in damage to our reputation, substantial costs and diversion of resources and management’s attention. As most of our projects are composed of multiple phases, purchasers of our properties in earlier phases may commence legal actions against us if our subsequent planning and development of the projects are perceived to be inconsistent with our representations and warranties made to such earlier purchasers. In addition, we may have compliance issues with regulatory bodies in the course of our operations, which may subject us to administrative proceedings and unfavorable decrees that result in liabilities, fines or sanctions and cause damage to our reputation and delays to our property developments. We may also be involved in disputes or legal proceedings in relation to delays in the completion and delivery of our projects. The occurrence of any of the above events, and failure to comply with any applicable PRC laws or regulations, may have a material adverse effect on our business, financial condition and results of operations. Additionally, we may also be involved in disputes relating to our equity interests in the project companies and relevant projects, which may adversely affect our reputation and business. Further, any failure or alleged failure by us or any of our directors, officers or other agents to fully adhere to the PRC or other applicable anti-corruption laws, or any investigation in relation to such failure or alleged failure by any regulatory

body, could also materially and adversely affect our reputation and our business, financial condition and results of operations. For more information, you should refer to the section entitled “Business — Legal Proceedings.”

We may face negative publicity or unfavorable research reports.

From time to time, our Company may face negative publicity or unfavorable research reports relating to our business, financial performance, financial reporting or operations. We may defend ourselves against such allegations through legal and administrative proceedings as appropriate. However, we cannot assure you that such proceedings will result in a ruling or decision to our favor nor that the negative publicity effect imposed by those allegations would be eliminated or reduced upon a positive ruling.

Any such negative publicity or unfavorable research report, even if malicious or prepared on an unfounded factual basis, could have a material adverse effect on the trading price of the Notes or have a materially adverse effect on the image or reputation of our Company.

We may be exposed to intellectual property infringement, misappropriation or other claims by third parties and a deterioration in our brand image could adversely affect our business.

We believe that we have built an excellent reputation in China for the quality of our various product series. We have also placed great importance on the continuous enhancement of our brand name and the increase in our brand recognition. Our brand strategy, however, depends on our ability to use, develop and protect our intellectual properties, such as our trademarks. Although we have applied for trademark registration for our names and logos, we have not successfully registered all of these trademarks in China or elsewhere. As a result, we could be subject to trademark disputes. The defense and prosecution of intellectual property lawsuits and related legal and administrative proceedings can be both costly and time-consuming and may significantly divert our resources and the time and attention of our management personnel. An adverse ruling in any such litigation or proceedings could subject us to significant liabilities to third parties, require us to seek licenses from third parties, to pay ongoing royalties, or subject us to injunctions prohibiting the use of our name and logo.

Any recurrence of the global financial crisis and economic downturn or a deterioration of our cash flow position may have a material adverse effect on our ability to service our indebtedness and continue our operations.

The global capital and credit markets have in recent years experienced periods of extreme volatility and disruption. The global financial crisis in recent years has caused banks and other credit providers to restrict the availability of new credit facilities and to require more collateral and higher pricing upon the renewal of existing credit facilities. The recurrence of the global financial crisis or prolonged disruptions to the credit market may further slow down the growth of the PRC economy and sales of property, limiting our ability to raise funds from current or other funding sources, or cause our access to funds to be more expensive, which may materially and adversely affect our business, financial position and operating results.

In addition to bank loans and other borrowings, we rely on internally generated funds, in particular, pre-sale proceeds of our properties as a major source of funding for our operations. If our pre-sale activities are significantly limited or otherwise materially and adversely affected as a result of changes in the relevant PRC laws and regulations, the occurrence of a global economic downturn or a significant economic slowdown in China generally or in the cities where we have properties, our cash flow position and ability to service our indebtedness may be materially and adversely affected. Furthermore, if banks or other financial institutions decline to provide additional loans to us or to re-finance our existing loans when they mature as a result of our perceived credit risk, and we fail to raise financing through other channels, our business and financial position may be materially and adversely affected.

We may not be able to continue to attract and retain quality tenants for our investment properties and the illiquid nature of investment properties could restrain our revenue and cash flow and limit our ability to respond to adverse changes in the performance of our properties.

Our investment properties compete for tenants with other properties based on, among other things, location, quality, maintenance, property management, rent levels and other lease terms. We cannot assure you that existing or prospective tenants will not choose other properties. Any future increase in the supply of properties which compete with ours would increase the competition for tenants and as a result we may have to reduce rent or incur additional costs to make our properties more attractive. If we are not able to retain our existing tenants or attract new tenants to replace those that leave or to lease our new properties, our occupancy rates may decline. If we fail to attract well-known brands as our tenants or keep our existing tenants, our investment properties may become less attractive and competitive.

Moreover, holding a large amount of investment properties and collecting rents, as compared to selling them, could restrain our revenue and cash flow in the short term. The property market is also affected by many factors that are beyond our control, including but not limited to general economic conditions, the availability of mortgage financing and interest rates, and we cannot accurately determine the market price of our investment properties nor are we able to predict whether we will be able to sell any of our investment properties at the price or on the terms set by us, or whether any price or other terms offered by a prospective purchaser would be acceptable to us. In addition, investment properties may not be readily convertible for alternative uses without substantial capital expenditure. These factors and any others that would impede our ability to respond to adverse changes in the performance of our investment properties could materially and adversely affect our business, financial condition and results of operations.

Risks Relating to the Property Industry in China

The PRC government may adopt further measures to balance growth in the property sector.

Along with the economic growth in China, investments in the property sectors have increased significantly in the past few years. In response to concerns over the increase in property investments, the PRC government has, since 2004, introduced various policies and measures to curtail property developments, including:

- suspending land supply for villa construction and restricting land supply for high-end residential property construction;
- requiring that at least 70% of the land supply approved by any local government for residential property development during any given year must be used for developing low- to medium-cost and small- to medium-size units for sale or as low-cost rental properties;
- requiring that at least 70% of the total development and construction area of residential projects approved or constructed on or after June 1, 2006 in any administrative jurisdiction must consist of units with a unit floor area of less than 90 sq.m. and that projects which have received project approvals prior to this date but have not obtained construction permits must adjust their planning in order to comply with this new requirement, with the exception that municipalities under direct administration of the PRC central government and provincial capitals and certain cities may deviate from such ratio under special circumstances upon approval from MOHURD;
- suspending mortgage loans to purchasers for their third residential properties and beyond, and to non-local residents who have not paid local tax or social security for longer than a one-year period;

- for a commercial property buyer, (i) requiring banks not to finance any purchase of pre-sold properties, (ii) increasing the minimum amount of down-payment to 50% of the purchase price of the underlying property, (iii) increasing the minimum mortgage loan interest rate to 110% of the relevant PBOC benchmark one-year bank lending interest rate and (iv) limiting the terms of such bank borrowings to no more than 10 years, with commercial banks allowed flexibility based on their risk assessment;
- for a buyer of commercial/residential dual-purpose properties, increasing the minimum amount of down-payment to 45% of the purchase price of the underlying property, with the other terms similar to those for commercial properties;
- limiting the grant or extension of revolving credit facilities to property developers that hold a large amount of idle land and vacant commodity properties;
- limiting the number of homes that local residents can buy in a specified period; and
- proposing to enlarge the scope of trials in levying property tax.

Although the various control measures are intended to promote more balanced property development in the long term, we cannot assure you that these measures will not adversely affect the development and sales of our properties. Many of the property industry policies carried out by the PRC government are unprecedented and are expected to be amended and revised over time. Other political, economic and social factors may also lead to further adjustments and changes of such policies. The PRC government could adopt additional and more stringent industry policies, regulations and measures in the future, which could further slow down the property development in China. Our results of operations may be materially affected by these factors. If we fail to adapt our operations to new policies, regulations and measures that may come into effect from time to time with respect to the real property industry, or such policy changes disrupt our business, reduce our sales or average selling prices, or cause us to incur additional costs, our business prospects, results of operations and financial condition may be materially and adversely affected.

Changes of laws and regulations with respect to pre-sale may adversely affect our cash flow position and performance.

We depend on cash flows from pre-sale of properties as an important source of funding for our property projects. Under current PRC laws and regulations, property developers must fulfill certain conditions before they can commence pre-sale of the relevant properties and may only use pre-sale proceeds to finance the development of such properties. In August 2005, PBOC in a report entitled “2004 Real Estate Financing Report” recommended to discontinue the practice of pre-selling unfinished properties because such practices, in PBOC’s opinion, create significant market risks and generate transactional irregularities. In July 2007, an economic research group under the PRC National Development and Reform Commission (中華人民共和國國家發展和改革委員會), or NDRC, recommended the abolishment of the pre-sale system. These recommendations have not been adopted by any PRC governmental authority and have no mandatory effect. In April 2010, MOHURD issued the Notice on Further Strengthening the Supervision of Real Estate Market and Improving the Pre-Sale System of Commodity Housing 《關於進一步加強房地產市場監管完善商品住房預售制度有關問題的通知》. The notice urges local governments to enact regulations on the sale of completed residential properties in light of local conditions and encourages property developers to sell residential properties only when they are completed. Recently, certain developers have commenced the practice of trial sale of completed residential properties. We cannot assure you that the PRC governmental authority will not ban the practice of pre-selling residential properties prior to completion or implement further restrictions on the pre-sale of such properties, such as imposing additional conditions for a pre-sale permit or further restrictions on the use of pre-sale proceeds. Proceeds from the pre-sale of our properties are an important source of financing for our property developments. Consequently, any restriction on our ability to pre-sell our properties, including any increase in the amount of up-front expenditure we must

incur prior to obtaining the pre-sale permit, would extend the time period required for recovery of our capital outlay and would require that we seek alternative means to finance the various stages of our property developments. This, in turn, could have an adverse effect on our business, cash flow, results of operations and financial condition.

PRC regulations relating to acquisitions of PRC companies by foreign entities may limit our ability to acquire PRC companies and adversely affect the implementation of our strategy as well as our business and prospects.

The Provisions on the Acquisition of Domestic Enterprises by Foreign Investors 《關於外國投資者併購境內企業的規定》 (the “**M&A Provisions**”) issued by six PRC ministries, including MOFCOM, effective from September 8, 2006 as amended, provide the rules with which foreign investors must comply should they seek to purchase by agreement the equities of the shareholders of a domestic non-foreign-invested enterprise or subscribe to the increased capital of a domestic non-foreign funded enterprise, and thus convert the domestic non-foreign-invested enterprise into a foreign invested enterprise to conduct asset merger and acquisition. It stipulates that the business scope upon acquisition of domestic enterprises must be subject to the relevant negative list issued by NDRC and MOFCOM from time to time, which restricts the scope of permitted foreign investment. It also provides the takeover procedures for equity interests in domestic companies. On October 8, 2016, the NDRC and the MOFCOM jointly issued a notice regarding the scope of industries subject to the special administrative measures for foreign investment entry, according to which the M&A Provisions still apply to convert the domestic non-foreign-invested enterprises into foreign invested enterprises. On March 15, 2019, the Foreign Investment Law 《中華人民共和國外商投資法》 was formally passed by the Thirteenth National People’s Congress of the PRC and has taken effect as of January 1, 2020. The Foreign Investment Law has replaced the Law on Sino-Foreign Equity Joint Ventures, the Law on Wholly Foreign-owned Enterprises and the Law on Sino-Foreign Cooperative Joint Ventures to become the legal foundation for foreign investment in the PRC. To implement the Foreign Investment Law, the State Council promulgated the Implementing Regulations of the Foreign Investment Law 《外商投資法實施條例》, and MOFCOM and SAMR further promulgated the Measures for Reporting of Information on Foreign Investment 《外商投資信息報告辦法》. As of January 1, 2020, the establishment of the foreign invested enterprises, including establishment through purchasing the equities of a domestic non foreign-invested enterprise or subscribe to the increased capital of a domestic non-foreign funded enterprise, and its subsequent changes are required to submit an initial or change report through the Enterprise Registration System.

Our PRC legal advisors have advised us that there are uncertainties as to how the M&A Provisions will be interpreted or implemented as the Foreign Investment Law and its related implementing regulations and newly enacted and its interpretation and enforcement still involve uncertainties.

The property market in the PRC is still at a relatively early stage of development.

The property development industry and ownership of private property in the PRC are still in a relatively early stage of development. Although demand for private residential property in the PRC has been growing rapidly in recent years, such growth is often coupled with volatility in market conditions and fluctuation in property prices. We cannot predict how much and when demand will develop, as many social, political, economic, legal and other factors may affect the development of the market. The level of uncertainty is increased by limited availability of accurate financial and market information as well as the overall low level of transparency in the PRC.

The lack of an effective liquid secondary market for residential property may discourage investors from acquiring new properties because resale is not only difficult, but can also be a long and costly process. The limited amount of property mortgage financing available to PRC individuals compounded by the lack of security of legal title and enforceability of property rights may further inhibit demand for residential developments.

In addition, risk of property over-supply is increasing in parts of China, where property investment, trading and speculation have become overly active. In the event of actual or perceived over-supply, property prices may fall significantly and our revenue and profitability will be adversely affected.

Risks Relating to China

PRC economic, political and social conditions as well as governmental policies can affect our business.

The PRC economy differs from the economies of most of the developed countries in many aspects, including:

- political structure;
- degree of government involvement and control;
- degree of development;
- level and control of capital investment and reinvestment;
- control of foreign exchange; and
- allocation of resources.

The PRC economy has been transitioning from a centrally planned economy to a more market-oriented economy. For approximately three decades, the PRC government has implemented economic reform measures to utilize market forces in the development of the PRC economy. Although we believe these reforms will have a positive effect on the overall and long-term development of China, we cannot predict whether changes in the PRC economic, political and social conditions and in its laws, regulations and policies will have any adverse effect on our current or future business, financial condition or results of operations.

In May 2017, Moody's Investors Service downgraded China's sovereign credit rating for the first time since 1989 and changed its outlook from stable to negative, citing concerns on the country's rising levels of debt and expectations of slower economic growth. In September 2017, S&P Global Ratings downgraded China's sovereign credit rating for the first time since 1999, citing similar concerns. The full impact of such actions by international rating agencies remains to be seen, but the perceived weaknesses in China's economic development model, if proven and left unchecked, would have profound implications. If China's economic conditions worsen, or if the banking and financial systems experience difficulties from over-indebtedness, businesses in China may face a more challenging operating environment.

Inflation in China may have a material adverse effect on our business, financial condition and results of operations.

While the PRC economy has experienced rapid growth, such growth has been uneven among various sectors of the economy and in different geographic areas of the country. Rapid economic growth can lead to growth in money supply and inflation. If prices of our properties rise at a rate that is insufficient to compensate for the rise in our costs, our business, financial condition and results of operation may be materially and adversely affected. To control inflation in the past, the PRC government has imposed control on bank credits, limits on loans for fixed assets and restrictions on state bank lending. Such austerity measures can lead to a slowdown in the economic growth and may materially and adversely affect our business, financial condition and results of operations.

Changes in PRC foreign exchange regulations may adversely affect our business operations.

The PRC government imposes controls on the convertibility between Renminbi and foreign currencies and the remittance of foreign exchange out of China. We receive substantially all our revenue in Renminbi. Under our current corporate structure, our income is primarily derived from dividend payments from our PRC subsidiaries. Our PRC subsidiaries must convert their Renminbi earnings into foreign currency before they may pay cash dividends to us or service their foreign currency-denominated obligations. Under existing PRC foreign exchange regulations, payments of current-account items may be made in foreign currencies without prior approval from SAFE by complying with certain procedural requirements.

However, approval from appropriate governmental authorities is required when Renminbi is converted into foreign currencies and remitted out of China for capital-account transactions, such as the repatriation of equity investment in China and the repayment of the principal of loans denominated in foreign currencies. Such restrictions on foreign exchange transactions under capital accounts also affect our ability to finance our PRC subsidiaries. Subsequent to this offering, we have the choice, as permitted by the PRC foreign investment regulations, to invest our net proceeds from this offering in the form of registered capital or a shareholder loan into our PRC subsidiaries to finance our operations in China. Our choice of investment is affected by the relevant PRC regulations with respect to capital-account and current-account foreign exchange transactions in China. Our investment decisions are additionally affected by various other measures taken by the PRC government relating to the PRC property market. In addition, our transfer of funds to our subsidiaries in China is subject to approval by PRC governmental authorities in the case of an increase in registered capital, and subject to approval by and registration with PRC governmental authorities in case of shareholder loans to the extent that the existing foreign investment approvals received by our PRC subsidiaries permit any such shareholder loans at all. These limitations on the flow of funds between us and our PRC subsidiaries could restrict our ability to act in response to changing market conditions.

Fluctuations in the value of Renminbi may adversely affect our business and the value of distributions by our PRC subsidiaries.

The value of Renminbi depends, to a large extent, on the PRC domestic and international economic, financial and political developments and governmental policies, as well as the currency's supply and demand in the local and international markets. From 1994 to 2005, the conversion of Renminbi into foreign currencies was based on exchange rates set and published daily by PBOC in light of the previous day's interbank foreign exchange market rates in China and the then current exchange rates on the global financial markets. The official exchange rate for the conversion of Renminbi into the U.S. dollar was largely stable until July 2005. On July 21, 2005, PBOC revalued Renminbi by reference to a basket of foreign currencies, including the U.S. dollar. As a result, the value of Renminbi appreciated by more than 2% on that day. Since then, the PBOC has allowed the official Renminbi exchange rate to float against a basket of foreign currencies. The PBOC doubled the width of US\$-RMB onshore trading band to $\pm 2\%$ from $\pm 1\%$ on March 17, 2014, which further increased the volatility between US\$-RMB exchanges. For the year ended December 31, 2014, Renminbi depreciated 0.36% against the U.S. dollar, the first depreciation since the Renminbi exchange reform in 2005. The PBOC announced on August 11, 2015 that it would improve the middle price quotation mechanism for determining the US\$-RMB exchange rates. On the same day, the daily reference rate for Renminbi against U.S. dollars depreciated by 1.9% to 6.2298 compared with 6.1162 for August 10, 2015. The International Monetary Fund announced on September 30, 2016 that, effective from October 1, 2016, the Renminbi will be added to its Special Drawing Rights currency basket. Such change and additional future changes may increase the volatility in the trading value of the Renminbi against foreign currencies. The PRC government may adopt further reforms of its exchange rate system, including making the Renminbi freely convertible in the future. We cannot assure you that such exchange rate will not fluctuate widely against the U.S. dollar or any other foreign currency in the future. Since our income and profits are denominated in Renminbi, any appreciation of Renminbi will increase the value of dividends and other distributions payable by our PRC subsidiaries in foreign currency terms.

Conversely, any depreciation of Renminbi will decrease the value of dividends and other distributions payable by our PRC subsidiaries in foreign currency terms. Fluctuation of the value of Renminbi will also affect the amount of our foreign debt service in Renminbi terms since we have to convert Renminbi into foreign currencies to service our indebtedness denominated in foreign currencies.

There are limited hedging instruments available in China to reduce our exposure to exchange rate fluctuations between Renminbi and other currencies. To date, we have not entered into any hedging transactions to reduce our exposure to such risks. Following the issuance of the Bonds, we may enter into foreign exchange or interest rate hedging arrangements in respect of our U.S. dollar-denominated liabilities under the Bonds. These hedging arrangements may require us to pledge or transfer cash and other collateral to secure our obligations under the arrangements, and the amount of collateral required may increase as a result of mark-to-market adjustments. The Managers and their respective affiliates may enter into such hedging arrangements and these arrangements may be secured by pledges of our cash and other assets. If we were unable to provide such collateral, it could constitute a default under such hedging arrangements.

We may incur additional cost to comply with the new policy regarding the tax bureau to collect social insurance and may be required by the tax bureau to make additional social insurance contributions.

On July 20, 2018, China's Central Committee and the State Council released the Reform Plan on the National and Local Taxation Collection and Management System (the "Taxation Collection Reform Plan"). Set to take effect on January 1, 2019, the plan places the responsibility of calculating and collecting social insurance premiums solely with the tax bureau, which is expected to improve social insurance compliance since the tax bureau is better resourced to monitor and collect contributions. The impact of the newly adopted Taxation Collection Reform Plan is still uncertain. We may incur additional cost to comply with this new plan and may be required by the tax bureau to make additional social insurance contributions, which may have a material adverse impact on our business, financial condition and results of operations.

Interpretation of PRC laws and regulations involves uncertainty.

Our core business is conducted within China and is governed by PRC laws and regulations. The PRC legal system is based on written statutes, and prior court decisions can only be used as a reference. Since 1979, the PRC government has promulgated laws and regulations in relation to economic matters such as foreign investment, corporate organization and governance, commerce, taxation and trade, with a view to developing a comprehensive system of commercial law, including laws relating to property ownership and development. However, due to the fact that these laws and regulations have not been fully developed, and because of the limited volume of published cases and the non-binding nature of prior court decisions, interpretation of PRC laws and regulations involves a degree, sometimes a significant degree, of uncertainty. Furthermore, the legal protections available to us under these laws, rules and regulations may be limited. Any litigation or regulatory enforcement action in China may be protracted and could result in substantial costs and diversion of resources and management attention.

Depending on the governmental agency or the presentation of an application or case to such agency, we may receive less favorable interpretations of laws and regulations than our competitors. In addition, any litigation in China may be protracted and result in substantial costs and diversion of resources and management attention. All these uncertainties may cause difficulties in the enforcement of our land use rights, entitlements under our permits, and other statutory and contractual rights and interests.

You may experience difficulty in effecting service of legal process, enforcing foreign judgments or bringing original actions in China based on foreign laws against us, our directors and our senior management.

We conduct substantially all of our operations in China and substantially all of our assets are located in China. In addition, the substantial majority of our directors and senior management reside within China. As a result, it may not be possible for investors to effect service of process outside China upon the substantial majority of our directors and senior management. Recently, the Supreme People's Court and the Department of Justice of the Hong Kong Special Administrative Region entered into the Arrangement on Reciprocal Recognition and Enforcement of Judgments in Civil and Commercial Matters between the Courts of the Mainland and of the Hong Kong Special Administrative Region (《關於內地與香港特別行政區法院相互認可和執行民商事案件判決的安排》), providing for the reciprocal recognition and enforcement of judgments of courts with each other. However, the PRC does not have treaties providing for the reciprocal recognition and enforcement of judgments of courts with the United Kingdom, Japan or many other countries. As a result, recognition and enforcement in China of judgments of a court in any of the other non-PRC jurisdictions may be difficult and uncertain.

The national and regional economies in China and our prospects may be adversely affected by natural disasters, acts of God, and occurrence of epidemics.

Our business is subject to general economic and social conditions in China. Natural disasters, epidemics and other acts of God which are beyond our control may adversely affect the economy, infrastructure and livelihood of the people in China. Some regions in China, including the cities where we operate, are under the threat of flood, earthquake, sandstorm, snowstorm, fire, drought or epidemics such as Severe Acute Respiratory Syndrome, or SARS, H5N1 avian flu or the human swine flu, also known as Influenza A (H1N1). For instance, a serious earthquake and its successive aftershocks hit Sichuan Province in April 2013 and resulted in tremendous loss of lives and destruction of assets in the region. We have projects located in Chengdu, approximately 100 kilometers from the earthquake's epicenter in Lushan County, Sichuan Province. Earthquakes with such magnitude may adversely affect our ability to complete and sell or lease our properties as scheduled or cause material damage or loss to our properties. In addition, past occurrences of epidemics, depending on their scale, have caused different degrees of damage to the national and local economies in China. A recurrence of SARS or an outbreak of any other epidemics in China, such as the H5N1 avian flu or the human swine flu, especially in the cities where we have operations, may result in material disruptions to our property development and our sales and marketing, which in turn may adversely affect our financial condition and results of operations.

Risks Relating to the Notes

Certain initial investors may own a majority of one or more series of the Notes to be issued and may therefore be able to exercise certain rights and powers on behalf of all holders of such series of Notes. Additionally, this may reduce the liquidity of such series of Notes in the secondary trading market.

Certain initial investors, including Dr. Hui and other affiliates of China Evergrande Group, may purchase and own a majority of one or more series of the Notes being offered under this offering memorandum. Dr. Hui Ka Yan, the chairman of the Company, is expected to be allocated an aggregate principal amount of US\$20 million of the 2022 Notes and US\$580 million of the 2023 Notes. Mr. Xia Haijun, the chief executive officer and executive director of our parent company China Evergrande Group, is expected to be allocated an aggregate principal amount of US\$50 million of the 2022 Notes. Any holder of a majority in aggregate principal amount of any series of Notes will have certain rights and powers under the Indentures and related documents. For example, subject to certain exceptions, the holders of a majority in aggregate principal amount of a series of Notes may direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee for the particular series or exercising any trust or power conferred on it. In addition, as described in “Description of 2022 Notes — Amendments and Waivers” and “Description of 2023 Notes — Amendments and Waivers,” the Indentures, the Notes, the Parent Guarantee, the Subsidiary Guarantees and the JV Subsidiary Guarantees (if any) may be amended with the consent of the holders of a majority in aggregate principal amount of the relevant series of Notes, and any Default or Event of Default or compliance with any provision of the Indentures, the relevant series of Notes, the Parent Guarantee, the Subsidiary Guarantees or the JV Subsidiary Guarantees (if any) may be waived with the consent of the holders of a majority in aggregate principal amount of the relevant series of the outstanding Notes, subject in each case to certain exceptions. Accordingly, any holder that holds a majority in aggregate principal amount of an outstanding series of Notes will be able to exercise such rights and powers on behalf of all holders of such series of Notes and control the outcome of votes on such matters.

In addition, any holder that holds a significant percentage of a series of Notes, even if less than a majority, will be able to exercise certain rights and powers and will have significant influence on matters voted on by holders of such series of Notes. For example, holders of at least 25% in aggregate principal amount of each series of Notes may declare all of such series of Notes to be immediately due and payable if certain types of Events of Default have occurred and are continuing.

Additionally, the existence of any such significant holder may reduce the liquidity of the relevant series of Notes in the secondary trading market. If such holder sells a material portion of any series of the Notes at any one time, it may materially and adversely affect the trading price of the Notes.

The Issuer is a special purchase vehicle and currently does not have operating activities or revenue, and payments with respect to the Notes are dependent upon cash flow from other members of our Group.

The Issuer is a special purchase vehicle and currently does not have any operating activities or revenue. We conduct our operations primarily through our PRC subsidiaries, which, along with certain of our offshore subsidiaries (such offshore subsidiaries, together with our PRC subsidiaries, “**Non-Guarantor Subsidiaries**”), will not provide guarantees for the Notes. The Issuer’s primary assets will be intergroup loans to our other subsidiaries. Accordingly, the Issuer’s ability to pay principal and interest on the Notes will depend upon its receipt of principal and interest payments on the intergroup loans from such borrowing subsidiaries and the ability of the Parent Guarantor, the Subsidiary Guarantors and the JV Guarantors (if any), if any, to honor their obligations under the Parent Guarantee,

the Subsidiary Guarantees and the JV Guarantees, if any. The borrowing subsidiaries, the Parent Guarantor, any of the Subsidiary Guarantors and the JV Guarantors, if any, may not have material operations or assets, and therefore depend upon the receipt of sufficient funds from their respective subsidiaries or other members in our Group to meet their obligations.

Creditors, including trade creditors of Non-Guarantor Subsidiaries and Unrestricted Subsidiaries and any holders of preferred shares in such entities, would have a claim on the these subsidiaries' assets that would be prior to the claims of holders of the Notes. As a result, our payment obligations under the Notes will be effectively subordinated to all existing and future obligations of our Non-Guarantor Subsidiaries and Unrestricted Subsidiaries, including their obligations under guarantees they have issued or will issue in connection with our business operations, and all claims of creditors of our Non-Guarantor Subsidiaries and Unrestricted Subsidiaries will have priority as to the assets of such entities over our claims and those of our creditors, including holders of the Notes. In addition, certain of our offshore subsidiaries are permitted to not guarantee the Notes, provided that, the consolidated assets of all these offshore subsidiaries (other than the Issuer, Exempted Subsidiaries and Listed Subsidiaries) do not exceed 20% of our Relevant Total Assets. As of June 30, 2019, our Non-Guarantor Subsidiaries and Unrestricted Subsidiaries had total borrowings of approximately RMB579,144 million (US\$84,362 million), capital commitments of approximately RMB276,625 million (US\$40,295 million) and contingent liabilities arising from guarantees of approximately RMB436,033 million (US\$63,515 million). The Notes, the Existing Notes and their respective indentures permit us, the Parent Guarantor, the Subsidiary Guarantors, the JV Subsidiary Guarantors (if any) and our Non-Guarantor Subsidiaries and Unrestricted Subsidiaries to incur additional indebtedness (including secured indebtedness) and issue additional guarantees, subject to certain limitations. In addition, our secured creditors or those of the Parent Guarantor or any Subsidiary Guarantor or JV Subsidiary Guarantor (if any) would have priority as to our assets or the assets of such Subsidiary Guarantor or JV Subsidiary Guarantor (if any) securing the related obligations over claims of holders of the Notes.

Under the terms of the Notes, a Subsidiary Guarantee required to be provided by a subsidiary of the Company under the terms of the Notes may be replaced by a limited-recourse guarantee, or JV Subsidiary Guarantee, following the sale or issuance to, or a purchase from, a third party of an equity interest in such subsidiary or its direct or indirect majority shareholders (subject to the satisfaction of certain conditions). Recovery under a JV Subsidiary Guarantee is limited to an amount equal to our proportional interest in the issued share capital of such Subsidiary Guarantor, or JV Subsidiary Guarantor, multiplied by the fair market value of the total assets in such JV Subsidiary Guarantor and its subsidiaries, on a consolidated basis, as of the date of the last fiscal year end of the Company. As a result, the amount that may be recovered by the Notes Trustee pursuant to a JV Subsidiary Guarantee (compared to a Subsidiary Guarantee) is reduced, which in turn may affect your ability to recover any amounts due under the Notes.

We have substantial indebtedness and may incur substantial additional indebtedness in the future, which could adversely affect our financial health and our ability to generate sufficient cash to satisfy our outstanding and future debt obligations.

We maintain a significant level of indebtedness to finance our operations. As of December 31, 2016, 2017 and 2018 and June 30, 2019, our aggregate outstanding borrowings were RMB541.9 billion, RMB621.4 billion, RMB523.9 billion (US\$76.3 billion) and RMB579.1 billion (US\$84.4 billion), respectively. Our total borrowings described above do not include guarantees or indemnity we provided. Since June 30, 2019, we have also incurred additional debt in the ordinary course of business to finance our operations and to refinance our debt. See also "Description of Material Indebtedness and Other Obligations."

Our substantial indebtedness could have important consequences to you. For example, it could:

- limit our ability to satisfy our obligations under the Notes and the Existing Notes and other debt;

- increase our vulnerability to adverse general economic and industry conditions;
- require us to dedicate a substantial portion of our cash flow from operations to servicing and repaying our indebtedness, thereby reducing the availability of our cash flow to fund working capital, capital expenditures and for other general corporate purposes;
- limit our flexibility in planning for or reacting to changes in our businesses and the industry in which we operate;
- place us at a competitive disadvantage compared to our competitors that have less debt;
- limit, along with the financial and other restrictive covenants of our indebtedness, among other things, our ability to borrow additional funds; and
- increase the cost of additional financing.

In the future, we may from time to time incur substantial additional indebtedness and contingent liabilities. Under the Notes, our ability to incur additional debt is subject to the limitation on indebtedness and preferred stock covenant. Under such covenant, we may incur (i) certain Permitted Indebtedness or (ii) additional indebtedness if we can, among other things, satisfy the Fixed Charge Coverage Ratio. The Fixed Charge Coverage Ratio is derived by dividing Consolidated EBITDA by Consolidated Fixed Charges. Because our definition of Consolidated EBITDA includes our unrealized gains on valuation adjustments on our investment properties, our Consolidated EBITDA and therefore our ability to incur additional debt under such covenant, could be substantially larger when compared to other similarly situated PRC-based issuers of high-yield bonds whose covenant does not typically include unrealized gains in the calculation of their respective consolidated EBITDA. In addition, Consolidated Fixed Charges comprises of Consolidated Interest Expense and dividends paid on any Disqualified Stock or Preferred Stock of the Company or any Restricted Subsidiary. Because our definition of Consolidated Interest Expense, with respect to interest accruing on indebtedness of any person other than the Company or any Restricted Subsidiary that is guaranteed by, or secured by a lien on any asset of, the Company or any Restricted Subsidiary only includes interest that has become due and payable by the Company or any Restricted Subsidiary, as the case maybe, our Consolidated Fixed Charges would be substantially lower, and therefore our ability to incur additional debt under such covenant could be substantially larger, when compared to other similarly situated PRC high yield issuers whose covenant typically includes such interest regardless of whether it has become due and payable by the Company or any Restricted Subsidiary or not. If we or our subsidiaries incur additional debt, the risks that we face as a result of our already substantial indebtedness and leverage could intensify.

Our ability to generate sufficient cash to satisfy our outstanding and future debt obligations will depend upon our future operating performance, which will be affected by prevailing economic conditions and financial, business and other factors, many of which are beyond our control. We anticipate that our operating cash flow will be sufficient to meet our anticipated operating expenses and to service our debt obligations as they become due. However, we cannot assure you that we will be able to generate sufficient cash flow for these purposes. If we are unable to service our indebtedness, we will be forced to adopt an alternative strategy that may include actions such as reducing or delaying capital expenditures, selling assets, restructuring or refinancing our indebtedness or seeking equity capital. These strategies may not be instituted on satisfactory terms, if at all.

In addition, the terms of the Indentures and the Existing Indentures prohibit us from incurring additional indebtedness unless (i) we are able to satisfy certain financial ratios or (ii) we are able to incur such additional indebtedness pursuant to any of the exceptions to the financial ratio requirements, and meet any other applicable restrictions. Our ability to meet our financial ratios may be affected by events beyond our control. We cannot assure you that we will be able to meet these ratios. Certain of our financing arrangements also impose operating and financial restrictions on our business. See for example the section entitled “Description of Material Indebtedness and Other Obligations.” Such

restrictions in the Indentures, the Existing Indentures and our other financing arrangements may negatively affect our ability to react to changes in market conditions, take advantage of business opportunities we believe to be desirable, obtain future financing, fund required capital expenditures, or withstand a continuing or future downturn in our business or the general economy. Any of these factors could materially and adversely affect our ability to satisfy our obligations under the Notes and other debt.

Our subsidiaries are subject to restrictions on the payment of dividends and the repayment of intercompany loans or advances to us and our subsidiaries.

The Issuer depends on the receipt, directly or indirectly, of dividends and the interest and principal payments on intercompany loans or advances from our subsidiaries, including our PRC subsidiaries, to satisfy its obligations, including its obligations under the Notes and the Existing Notes. The ability of our subsidiaries to pay dividends and make payments on intercompany loans or advances to their shareholders is subject to, among other things, distributable earnings, cash flow conditions, restrictions contained in the articles of association of our subsidiaries, applicable laws and restrictions contained in the debt instruments or agreements of such subsidiaries. Currently, some of the instruments governing debt for our subsidiaries contain restrictions that require such subsidiaries to obtain approval from lending banks or other financial institutions prior to distributing any dividends. Such restrictions may adversely affect the calculation of our Consolidated EBITDA, and in turn our ability to undertake additional financing, investment or other transactions under the terms of the Notes. In addition, the shares and assets, including dividends derived from these shares, of certain of our subsidiaries are pledged to secure some of our indebtedness. Furthermore, if any of our subsidiaries raises capital by issuing equity securities to third parties, dividends declared and paid with respect to such equity securities would not be available to us to make payments on the Notes. These restrictions could reduce the amounts that we receive from our subsidiaries, which would restrict our ability to meet our payment obligations under the Notes and the obligations of the Parent Guarantor, Subsidiary Guarantors or JV Subsidiary Guarantors (if any) under the Parent Guarantee, Subsidiary Guarantees or JV Subsidiary Guarantees as the case may be.

PRC laws and regulations permit payment of dividends only out of accumulated profits as determined in accordance with PRC accounting standards and regulations and such profits differ from profits determined in accordance with HKFRS in certain significant respects, including the use of different bases of recognition of revenue and expenses. Our PRC subsidiaries are also required to set aside a portion of their after-tax profits according to PRC accounting standards and regulations to fund certain reserves that are not distributable as cash dividends. In practice, our PRC project companies may pay dividends when (i) they have completed the project development, or at least have completed a phase of the project or a stand-alone tower or building and its revenue is recognized and (ii) the required government tax clearance and foreign exchange procedures have been completed. In addition, starting from January 1, 2008, dividends for the year 2008 and onward paid by our PRC subsidiaries to their non-PRC parent companies will be subject to a 10% withholding tax, unless there is a tax treaty between the PRC and the jurisdiction in which the overseas parent company is incorporated that specifically exempts or reduces such withholding tax. Pursuant to an avoidance of double taxation arrangement between Hong Kong and the PRC, if the non-PRC parent company is a Hong Kong resident and directly holds a 25% or more interest in the PRC enterprise, such PRC withholding tax rate may be lowered to 5%, although there exists uncertainty due to several PRC governmental circulars regarding whether and the extent to which Hong Kong holding companies may be eligible for the benefits under this arrangement. As a result of such restrictions, there could be timing limitations on payments from our PRC subsidiaries to meet payments required by the Notes or to satisfy the obligations of the Parent Guarantor, the Subsidiary Guarantors or JV Subsidiary Guarantors (if any) under the Parent Guarantee, the Subsidiary Guarantees or JV Subsidiary Guarantees, as the case may be, and there could be restrictions on payments required to redeem the Notes at maturity or as required for any early redemption.

Furthermore, although we currently do not have any offshore shareholder loan to our PRC subsidiaries, we may resort to such offshore lending in the future, rather than equity contribution, to our PRC subsidiaries to finance their operations. In such event, the market interest rates that our PRC subsidiaries can pay with respect to offshore loans generally may not exceed comparable interest rates in the international finance markets. The interest rates on shareholder loans paid by our subsidiaries, therefore, are likely to be lower than the interest rate for the Notes, or any of the Existing Notes. Our PRC subsidiaries are also required to pay a 10% (if the interest is paid to a Hong Kong resident under certain circumstances) withholding tax on our behalf on the interest paid under any shareholder loan. Prior to payment of interest and principal on any such shareholder loan, the PRC subsidiaries (as foreign-invested enterprises in China) must present evidence of payment of the withholding tax on the interest payable on any such shareholder loan and evidence of registration with SAFE, as well as any other documents that SAFE or its local branch may require.

As a result of the foregoing, we cannot assure you that we will have sufficient cash flow from dividends or payments on intercompany loans or advances from our subsidiaries to satisfy our obligations under the Notes, the Existing Notes or the obligations of the Parent Guarantor, the Subsidiary Guarantors or JV Subsidiary Guarantors (if any) under the Parent Guarantee, the Subsidiary Guarantees or JV Subsidiary Guarantees as the case may be.

Under PRC regulations, we may not be able to transfer to our PRC subsidiaries proceeds from this offering in the form of a loan, which could impair our ability to make timely payments of interest, or even principal, under the Notes or the Existing Notes.

According to the existing PRC rules and regulations relating to supervision of foreign debt, loans by foreign companies to their subsidiaries in China, such as our PRC subsidiaries established as foreign invested enterprises in China, are considered foreign debt, and such loans must be registered with the relevant local branches of SAFE. Such rules and regulations also provide that the total outstanding amount of such foreign debt borrowed by any foreign-invested enterprise may not exceed the difference between its total investment and its registered capital, each as approved by the relevant PRC authorities. According to the Guide for Foreign Debt Registration Management 《外債登記管理操作指引》 promulgated in April 2013, for a foreign-invested real estate enterprise that was established prior to June 1, 2007, SAFE could process such enterprise's foreign debt registration in an amount not exceeding the difference between the total investment in such enterprise and its registered capital. However, it is uncertain how the SAFE and local authorities will interpret and implement this Guide. Foreign-invested enterprises include joint ventures and wholly foreign-owned enterprises established in China, such as most of our PRC subsidiaries. Therefore, the proceeds of this offering that will be used for land acquisitions and developments in China may only be transferred to our PRC subsidiaries as equity investments and not as loans. Without having the flexibility to transfer funds to our PRC subsidiaries as loans, we cannot assure you that the dividend payments from our PRC subsidiaries will be available on each interest payment date to pay the interest due and payable under the Notes or the Existing Notes, or on the maturity date to pay the principal of the outstanding Notes or the Existing Notes.

We may not be able to repurchase the Notes and the Existing Notes upon a change of control triggering event.

We must offer to purchase the Notes and the Existing Notes upon the occurrence of a change of control triggering event, at a purchase price equal to 101% of the principal amount plus accrued and unpaid interest in accordance with the terms of the respective indentures. See the sections entitled “Description of 2022 Notes,” “Description of 2023 Notes,” and “Description of Material Indebtedness and Other Obligations.”

The source of funds for any such purchase would be our available cash or third-party financing. However, we may not have sufficient available funds at the time of the occurrence of any change of control triggering event to make purchases of outstanding Notes and the outstanding Existing Notes. Our failure to make the offer to purchase or to purchase the outstanding Notes and the outstanding Existing

Notes would constitute an Event of Default under the Notes and the Existing Notes. The Event of Default may, in turn, constitute an event of default under other indebtedness, any of which could cause the related debt to be accelerated after any applicable notice or grace periods. If our other debt were to be accelerated, we may not have sufficient funds to purchase the Notes, the Existing Notes and repay the debt.

In addition, the definition of change of control triggering event for purposes of the Indentures does not necessarily afford protection for the holders of the Notes in the event of some highly leveraged transactions, including certain acquisitions, mergers, refinancings, restructurings or other recapitalizations. These types of transactions could, however, increase our indebtedness or otherwise affect our capital structure or credit ratings. The definition of change of control triggering event for purposes of the Indentures also includes a phrase relating to the sale of “all or substantially all” of our assets. Although there is a limited body of case law interpreting the phrase “substantially all,” there is no precise established definition under applicable law. Accordingly, our obligation to make an offer to purchase the Notes and the ability of a holder of the Notes to require us to purchase its Notes pursuant to the offer as a result of a highly leveraged transaction or a sale of less than all of our assets may be uncertain.

The terms of the Notes permit us to make investments in Unrestricted Subsidiaries and minority owned joint ventures; the terms of the Notes also give us flexibility to pay dividends and repurchase our shares.

In light of land prices, sizes of projects, the competitive landscape and other factors, we may from time to time consider developing properties jointly with other property developers. As a result, we may need to make investments in joint ventures (including joint ventures in which we may own less than a 50% equity interest) and such joint ventures may or may not be Restricted Subsidiaries under the Indentures and the Existing Indentures. Although the Indentures and the Existing Indentures restrict us and our Restricted Subsidiaries from making investments in Unrestricted Subsidiaries or joint ventures, these restrictions are subject to important exceptions and qualifications. In particular, the Indentures do not impose a minimum shareholding requirement or restrict the types of business these entities are engaged in. Under the Indentures, we are also not required to satisfy the Fixed Charge Coverage Ratio for such investments up to 12.5% of the Total Assets. We also have a general basket of making investments that is not subject to any conditions for up to 1% of the Total Assets. See the sections entitled “Description of 2022 Notes — Certain Covenants — Limitation on Restricted Payments” and “Description of 2023 Notes — Certain Covenants — Limitation on Restricted Payments.”

In addition, notwithstanding any other provision of the “Limitation on Restricted Payments” covenant under the terms of the Notes, we are not required to satisfy the Fixed Charge Coverage Ratio for any restricted payment consisting solely of the declaration or payment of dividends in cash on our Common Stock or the repurchase of our Common Stock and otherwise have flexibility to make substantial amounts of dividend distributions on our Common Stock and repurchases of our Common Stock. See “Description of 2022 Notes — Certain Covenants — Limitation on Restricted Payments” and “Description of 2023 Notes — Certain Covenants — Limitation on Restricted Payments.”

The terms of the Notes permit us to buy out minority interests in non-wholly owned Restricted Subsidiaries, and such purchases will not constitute Restricted Payments.

The Indentures permit us to redeem, repurchase or otherwise acquire minority interests in our Restricted Subsidiaries held by Independent Third Parties, and such purchases will not constitute Restricted Payments. See “Description of 2022 Notes — Certain Covenants — Limitation on Restricted Payments” and “Description of 2023 Notes — Certain Covenants — Limitation on Restricted Payments.” Even though such transactions would potentially increase our ownership interests in the relevant Restricted Subsidiary, we may have to pay substantial amounts of consideration in these transactions, whether in cash or other assets, which may adversely impact our business, results of operations and financial condition.

The terms of the Notes permit us to designate any Non-Core Entity as an Unrestricted Subsidiary in connection with any Qualified Spin-off IPO, and investments we retain in such Unrestricted Subsidiaries will not constitute Restricted Payments upon such designation.

As part of our strategy, we have taken significant initiatives or made investments to enter new businesses with a view to establishing alternative revenue sources and diversifying our business. We may spin off such new businesses in the future as we desire. Subject to certain restrictions, in connection with a spin-off listing of Non-Core Entities that are engaged in businesses other than our core real estate development business, the terms of the Notes permit us to designate any such Non-Core Entity as an Unrestricted Subsidiary, and any interests we retain in such Non-Core Entities will not constitute Restricted Payments upon such designation. See “Description of 2022 Notes — Certain Covenants — Limitation on Restricted Payments” and “Description of 2023 Notes — Certain Covenants — Limitation on Restricted Payments.” and the definition of “Permitted Investment” therein. We currently do not have any plan for such spin off listing of Non-Core Entities and do not expect to make such designations. The effects of any such designation, if applicable, include, but are not limited to, that:

- any entity so designated as an Unrestricted Subsidiary will no longer be subject to the covenants under the Indentures;
- the Subsidiary Guarantees of any entity so designated as an Unrestricted Subsidiary may be released; and
- interest expenses on Indebtedness of any entity so designated as an Unrestricted Subsidiary will not be included in the calculation of our Consolidated Interest Expense, other than such interest expenses on Indebtedness that is Guaranteed by the Company or a Restricted Subsidiary.

In addition, the terms of the Notes provide us with additional flexibility to designate subsidiaries as Unrestricted Subsidiaries, so long as such subsidiaries do not have existing indebtedness that could actually trigger a cross-default to the debt of the Company at the time of designation, and if other conditions are satisfied. See “Description of 2022 Notes — Certain Covenants — Designation of Restricted and Unrestricted Subsidiaries” and “Description of 2023 Notes — Certain Covenants — Designation of Restricted and Unrestricted Subsidiaries.”

The terms of the Notes permit the Company and each Subsidiary Guarantor and JV Subsidiary Guarantor to transfer all or substantially all of its and its Restricted Subsidiaries’ properties and assets to any Restricted Subsidiary.

The Company and each Subsidiary Guarantor or JV Subsidiary Guarantor will be permitted to sell, convey, transfer, lease or otherwise dispose of all or substantially all of its and its Restricted Subsidiaries’ properties and assets to any Restricted Subsidiary without satisfying the restrictions under consolidation, merger and sale of assets covenant. See “Description of 2022 Notes — Consolidation, Merger and Sale of Assets” and “Description of 2023 Notes — Consolidation, Merger and Sale of Assets.” The effects of any such transfer, if applicable, include, but are not limited to, that the Person into which such assets are transferred may not be the Company or a Subsidiary Guarantor or JV Subsidiary Guarantor and will have no obligation to become a Subsidiary Guarantor or JV Subsidiary Guarantor concurrently with the transaction.

Certain of our offshore Restricted Subsidiaries will be permitted to not provide a Subsidiary Guarantee or a JV Subsidiary Guarantee.

According to the terms of the Notes, certain offshore Restricted Subsidiaries will not be required to deliver a Subsidiary Guarantee or a JV Subsidiary Guarantee, including the following:

- a publicly listed Restricted Subsidiary and its Subsidiaries (see the definition of “Listed Subsidiary” in “Description of 2022 Notes” and “Description of 2023 Notes”);
- any Restricted Subsidiary organized in any jurisdiction other than the PRC that is directly or indirectly owned by certain of PRC Persons (see the definition of “Exempted Subsidiary” in “Description of 2022 Notes” and “Description of 2023 Notes”);
- any Restricted Subsidiary the provision of a Subsidiary Guarantee or a JV Subsidiary Guarantee by which would be prohibited by any applicable laws or regulations or any applicable rules or policies of any applicable governmental or regulatory bodies or agencies; and
- offshore Restricted Subsidiaries whose consolidated assets (excluding that of the Issuer, Exempted Subsidiaries and Listed Subsidiaries) in the aggregate do not exceed 20% of our Relevant Total Assets.

See “The Parent Guarantee, the Subsidiary Guarantees and the JV Subsidiary Guarantees” sections and the definitions of “Listed Subsidiary,” “Exempted Subsidiary” and “Relevant Total Assets” in the “Description of 2022 Notes “ and “Description of 2023 Notes.” As a result of these exemptions, certain of our offshore Restricted Subsidiaries, which may constitute substantial revenue sources and/or hold substantial assets, will not be guaranteeing the Notes.

We may be able to redeem the Notes in whole at a redemption price equal to 100% of the principal amount plus accrued and unpaid interest in the event we are required to pay additional amounts because we are treated as a PRC “resident enterprise.”

In the event that we are treated as a PRC “resident enterprise” under the PRC Enterprise Income Tax Law, as described in “— Risks Relating to Our Business — The issuer and the Parent Guarantor may be deem PRC resident enterprises under the PRC Enterprise Income Tax Law, which may subject them to PRC taxation on their worldwide income, require them to withhold taxes on interest they pay on the Notes and require holders of the Notes to pay taxes on gains realized from the sale of the Notes,” we may be required to withhold PRC tax on interest payable to non-resident holders of the Notes. In such case, we will, subject to certain exceptions, be required to pay such additional amounts so that a holder of a Note will receive the same amounts as he would have received had no such withholding been required. As described under “Description of 2022 Notes — Redemption for Taxation Reasons” and “Description of 2023 Notes — Redemption for Taxation Reasons.” In the event we are required to pay additional amounts as a result of certain changes in or interpretations of tax law, including any change of interpretation or the stating of an official position that results in our being required to withhold tax on interest payments as a result of our being treated as a PRC “resident enterprise,” we may select to redeem the Notes in whole at a redemption price equal to 100% of the principal amount plus accrued and unpaid interest. A holder of the Notes may therefore be redeemed at an earlier time prior to the Notes’ stated maturity date.

The insolvency laws of the British Virgin Islands, Hong Kong and other local insolvency laws may differ from U.S. bankruptcy law or those of another jurisdiction with which holders of the Notes are familiar.

Because some of the Subsidiary Guarantors are incorporated under the laws of the British Virgin Islands, an insolvency proceeding relating to us or any such Subsidiary Guarantor, even if brought in the United States, would likely involve British Virgin Islands insolvency laws, the procedural and substantive provisions of which may differ from comparable provisions of United States federal bankruptcy law. In addition, we and our other Subsidiary Guarantors are incorporated or may be incorporated in Hong Kong and the insolvency laws of Hong Kong may also differ from the laws of the United States or other jurisdictions with which the holders of the Notes are familiar.

We conduct substantially all of our business operations through PRC-incorporated subsidiaries in China. The Subsidiary Guarantors, as equity holders in our PRC subsidiaries, are necessarily subject to the bankruptcy and insolvency laws of China in a bankruptcy or insolvency proceeding involving any of such PRC subsidiaries. Any JV Subsidiary Guarantors that become equity holders of our PRC subsidiaries would also be subject to such laws. The PRC laws and regulations relating to bankruptcy and insolvency and the legal proceedings in that regard may differ significantly from those of the United States and other jurisdictions with which the holders of the Notes are familiar. You should analyze the risks and uncertainties carefully before you invest in our Notes.

We may not be able to obtain and remit foreign exchange.

Our ability to satisfy our obligations under the Notes depends solely upon the ability of our PRC subsidiaries to obtain and remit sufficient foreign currency to pay dividends to us and, if applicable, to repay shareholder loans. Our PRC subsidiaries must present certain documents to the SAFE, its authorized branch or the designated foreign exchange bank, for approval before they can obtain and remit foreign currencies out of China, including, in the case of dividends, evidence that the relevant PRC taxes have been paid and, in the case of shareholder loans, evidence of the registration of the loan with the SAFE. Prior to payment of interest and principal on any shareholder loan we make to our PRC subsidiaries, the relevant PRC subsidiary must also present evidence of payment of the 10% (or 7% if the interest is paid to a Hong Kong resident under certain circumstances) withholding tax on the interest payable in respect of such shareholder loan. If any PRC subsidiary for any reason fails to satisfy any of the PRC legal requirements for remitting foreign currency payments, the PRC subsidiary will be unable to pay us dividends or interest and principal on shareholder loans, which may affect our ability to satisfy our obligations under the Notes or the Existing Notes.

Our operations are restricted by the terms of the Notes and the Existing Notes, which could limit our ability to plan for or to react to market conditions or meet our capital needs, which could increase your credit risk.

The Indentures and the Existing Indentures include a number of significant restrictive covenants. These covenants restrict, among other things, our ability, and the ability of our Restricted Subsidiaries, to:

- incur or guarantee additional indebtedness and issue disqualified or preferred stock;
- declare dividends on capital stock or purchase or redeem capital stock;
- make investments or other specified restricted payments;
- issue or sell capital stock of Restricted Subsidiaries;
- guarantee indebtedness of Restricted Subsidiaries;

- sell assets;
- create liens;
- enter into sale and leaseback transactions;
- engage in any business other than permitted business;
- enter into agreements that restrict the Restricted Subsidiaries' ability to pay dividends, transfer assets or make intercompany loans;
- enter into transactions with shareholders or affiliates; and
- effect a consolidation or merger.

These covenants could limit our ability to plan for or react to market conditions or to meet our capital needs. Our ability to comply with these covenants may be affected by events beyond our control, and we may have to curtail some of our operations and growth plans to maintain compliance.

A trading market for the Notes may not develop, and there are restrictions on resale of the Notes.

The Notes are a new issue of securities for which there is currently no trading market. Although application will be made to the SGX-ST for the listing and quotation of the Notes on the SGX-ST, we cannot assure you that we will obtain or be able to maintain a listing on the SGX-ST, or that if listed, a liquid trading market will develop. We have been advised that the Initial Purchasers intend to make a market in the Notes, but no Initial Purchasers are obligated to do so and may discontinue such market making activity at any time without notice. In addition, the Notes are being offered pursuant to exemptions from registration under the Securities Act and, as a result, you will only be able to resell your Notes in transactions that have been registered under the Securities Act or in transactions not subject to or exempt from registration under the Securities Act. See "Transfer Restrictions." We cannot predict whether an active trading market for the Notes will develop or be sustained. If an active trading market does not develop or does not continue, the market price and liquidity of the Notes could be adversely affected.

The Notes will initially be held in book-entry form, and therefore you must rely on the procedures of the relevant Clearing System to exercise any rights and remedies.

The Notes will initially only be issued in global certificated form and held through Euroclear and Clearstream. Interests in the global notes will trade in book-entry form only, and the Notes in definitive registered form, or definitive registered notes, will be issued in exchange for book-entry interests only in very limited circumstances. Owners of book-entry interests will not be considered owners or holders of the Notes. Payments of principal, interest and other amounts owing on or in respect of the global notes representing the Notes will be made to the paying agent which will make payments to Euroclear and Clearstream. Thereafter, these payments will be credited to accounts of participants that hold book-entry interests in the global notes representing the Notes and credited by such participants to indirect participants. After payment to the common depositary for Euroclear and Clearstream, we will have no responsibility or liability for the payment of interest, principal or other amounts to the beneficial owners of book-entry interests. Accordingly, if you beneficially own a book-entry interest, you must rely on the procedures of Euroclear and Clearstream, and if you are not a participant in Euroclear and Clearstream, on the procedures of the participant through which you beneficially own your interest, to exercise any rights and obligations of a holder of the Notes under the Indentures. Unlike the holders of the Notes themselves, owners of book-entry interests will not have the direct right to act upon our solicitations for consents, requests for waivers or other actions from holders of the Notes. Instead, if you beneficially own a book-entry interest, you will be permitted to act only to the extent you have received appropriate

proxies to do so from Euroclear and Clearstream. The procedures implemented for the granting of such proxies may not be sufficient to enable you to vote on a timely basis. Similarly, upon the occurrence of an event of default under the Indentures, unless and until definitive registered notes are issued in respect of all book-entry interests, as a beneficial owner of a book-entry interest, you will be restricted to acting through Euroclear and Clearstream and their respective direct and indirect participants. The procedures to be implemented through Euroclear and Clearstream may not be adequate to ensure the timely exercise of rights under the Notes.

The ratings assigned to the Notes and our corporate ratings may be lowered or withdrawn or the ratings outlook might change any time in the future.

The Notes are expected to be assigned a rating of B2 by Moody's and B by S&P, respectively. The ratings address our ability to perform our obligations under the terms of the Notes and credit risks in determining the likelihood that payments will be made when due under the Notes. A rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time. We cannot assure you that a rating will remain for any given period of time or that a rating will not be lowered or withdrawn entirely or an outlook will not be changed by the relevant rating agency if in its judgment circumstances so warrant. Such a change may occur for a variety of reasons, including our recent increase in the proportion of our short-term debt in relation to our overall debt levels and the increase in our overall level of indebtedness. We have no obligation to inform holders of the Notes of any such revision, downgrade, withdrawal or change in outlook. A suspension, reduction or withdrawal at any time of, or a change in outlook relating to, the rating assigned to us, the Notes or any of the Existing Notes may adversely affect the market price of the Notes.

The liquidity and price of the Notes following their issuance may be volatile.

The price and trading volume of the Notes may be highly volatile. Factors such as variations in our revenues, earnings and cash flows, proposals for new investments, strategic alliances and/or acquisitions, changes in interest rates, fluctuations in price for comparable companies, government regulations and changes thereof applicable to our industry and general economic conditions nationally or internationally could cause the price of the Notes to change. Any such developments may result in large and sudden changes in the trading volume and price of the Notes. We cannot assure you that these developments will not occur in the future.

There may be less publicly available information about us than is available in certain other jurisdictions.

As we are not listed, there may be less publicly available information about us than is regularly made available by public companies in other countries. In addition, the financial information in this offering memorandum has been prepared in accordance with HKFRS, which may differ in material respects from other GAAPs, which may in turn be material to the financial information contained in this offering memorandum. We have not prepared a reconciliation of our consolidated financial information and our consolidated financial statements and related footnotes between HKFRS and other GAAPs. In making an investment decision, you must rely upon your own examination of us, the terms of the offering and our financial information. You should consult your own professional advisors for an understanding of the differences between HKFRS and any other GAAPs and how those differences might affect the financial information contained in this offering memorandum.

We will follow the applicable corporate disclosure standards for debt securities listed on the SGX-ST, and such standards may be different from those applicable to debt securities listed in certain other countries.

For so long as the Notes are listed on the SGX-ST and the rules of the SGX-ST so require, we will be subject to continuing listing obligations in respect of the Notes. The disclosure standards imposed by the SGX-ST may be different from those imposed by securities exchanges in other countries or regions such as the United States or Hong Kong. As a result, the level of information that is available may not correspond to what holders of the Notes are accustomed to.

Risks Relating to the Parent Guarantee, the Subsidiary Guarantees and the JV Subsidiary Guarantees

In this section, we use terms as defined in the Indentures and the Existing Indentures, and you should refer to those documents for an accurate understanding of such defined terms.

Our Parent Guarantor and initial Subsidiary Guarantors do not currently have significant operations and certain Subsidiary Guarantees may in some cases be replaced by limited-recourse guarantees.

We conduct substantially all of our business operations through our PRC subsidiaries, but none of our current PRC subsidiaries and their direct PRC or non-PRC subsidiaries and minority-owned companies will provide a Subsidiary Guarantee or a JV Subsidiary Guarantee either upon issuance of the Notes or at any time thereafter. No future subsidiaries that are organized under the laws of PRC or their future PRC or non-PRC subsidiaries and minority-owned companies will provide a Subsidiary Guarantee or a JV Subsidiary Guarantee at any time in the future. In addition, certain of our offshore subsidiaries are permitted to not guarantee the Notes. See “— Risks Relating to the Notes — Certain of our offshore Restricted Subsidiaries will be permitted to not provide a Subsidiary Guarantee or a JV Subsidiary Guarantee.” As a result, the Notes will be effectively subordinated to all the debt and other obligations, including contingent obligations and trade payables, of the PRC subsidiaries and such subsidiaries and companies.

The Parent Guarantor and the initial Subsidiary Guarantors that will guarantee the Notes do not have significant operations. In addition, the Parent Guarantor and certain Subsidiary Guarantors also guarantee our obligations under the Existing Notes and certain of our bank loans. We cannot assure you that the Parent Guarantor, the initial Subsidiary Guarantors or any subsidiaries that may become Subsidiary Guarantors or JV Subsidiary Guarantors in the future will have the funds necessary to satisfy our financial obligations under the Notes and the Existing Notes if we are unable to do so. See “— Risks Relating to the Notes — The Issuer is a newly established company and currently does not have operating activities or revenue, and payments with respect to the Notes are dependent upon cash flow from other members of our Group.”

In addition, a Subsidiary Guarantee required to be provided by a subsidiary of the Company under the terms of the Notes may be replaced by a limited-recourse JV Subsidiary Guarantee following the sale or issuance to, or purchase from, a third party of an equity interest in such subsidiary or its direct or indirect majority shareholders (subject to the satisfaction of certain conditions). Recovery under a JV Subsidiary Guarantee is limited to an amount equal to our proportional interest in the issued share capital of such JV Subsidiary Guarantor multiplied by the fair market value of the total assets in such JV Subsidiary Guarantor and its subsidiaries, on a consolidated basis, as of the date of the last fiscal year end of the Company.

The Parent Guarantee, the Subsidiary Guarantees and the JV Subsidiary Guarantees, if any, may be released under certain circumstances.

A Parent Guarantee, Subsidiary Guarantees and JV Subsidiary Guarantees may be released in certain circumstances. See “— Release of the Parent Guarantee, Subsidiary Guarantees and JV Subsidiary Guarantees” under the sections entitled “Description of 2022 Notes “ and “Description of 2023 Notes.”

The Parent Guarantee, the Subsidiary Guarantees or JV Subsidiary Guarantees may be challenged under applicable insolvency or fraudulent transfer laws, which could impair the enforceability of the Parent Guarantee, the Subsidiary Guarantees or JV Subsidiary Guarantees.

Under bankruptcy laws, fraudulent transfer laws, insolvency or unfair preference or similar laws in the British Virgin Islands, Hong Kong and other jurisdictions where future Subsidiary Guarantors or JV Subsidiary Guarantors (if any) may be established, a guarantee could be voided, or claims in respect of a guarantee could be subordinated to all other debts of that guarantor if, among other things, the guarantor, at the time it incurred the indebtedness evidenced by, or when it gives, its guarantee:

- incurred the debt with the intent to hinder, delay or defraud creditors or was influenced by a desire to put the beneficiary of the guarantee in a position which, in the event of the guarantor’s insolvency, would be better than the position the beneficiary would have been in had the guarantee not been given;
- received less than reasonably equivalent value or fair consideration for the incurrence of such guarantee;
- was insolvent or rendered insolvent by reason of the incurrence of such guarantee;
- was engaged in a business or transaction for which the guarantor’s remaining assets constituted unreasonably small capital; or
- intended to incur, or believed that it would incur, debts beyond its ability to pay such debts as they mature.

The measure of insolvency for purposes of the foregoing will vary depending on the laws of the applicable jurisdiction. Generally, however, a guarantor would be considered insolvent at a particular time if it were unable to pay its debts as they fell due or if the sum of its debts was then greater than all of its properties at a fair valuation or if the present fair saleable value of its assets was then less than the amount that would be required to pay its probable liabilities in respect of its existing debts as they became absolute and matured.

In addition, a guarantee may be subject to review under applicable insolvency or fraudulent transfer laws in certain jurisdictions or subject to a lawsuit by or on behalf of creditors of the guarantor. In such case, the analysis set forth above would generally apply, except that the guarantee could also be subject to the claim that, since the guarantee was not incurred for the benefit of the guarantor, the obligations of the guarantor thereunder were incurred for less than reasonably equivalent value or fair consideration.

In an attempt to limit the applicability of insolvency and fraudulent transfer laws in certain jurisdictions, the obligations of the Parent Guarantor, Subsidiary Guarantors or JV Subsidiary Guarantors (if any) under the Parent Guarantee, Subsidiary Guarantees or JV Subsidiary Guarantees (as the case may be) will be limited to the maximum amount that can be guaranteed by the Parent Guarantor or applicable Subsidiary Guarantor or JV Subsidiary Guarantor without rendering the guarantee, as it relates to the Parent Guarantor or such Subsidiary Guarantor or JV Subsidiary Guarantor, voidable under such applicable insolvency or fraudulent transfer laws.

If a court voids the Parent Guarantee, a Subsidiary Guarantee or JV Subsidiary Guarantee (as the case may be), subordinates such guarantee to other indebtedness of the Parent Guarantor, Subsidiary Guarantor or JV Subsidiary Guarantor, or holds the Parent Guarantee, Subsidiary Guarantee or JV Subsidiary Guarantee (as the case may be) unenforceable for any other reason, holders of the Notes would cease to have a claim against the Parent Guarantor, the Subsidiary Guarantor or JV Subsidiary Guarantor (as the case may be) based upon such guarantee, would be subject to the prior payment of all liabilities (including trade payables) of such Parent Guarantor, Subsidiary Guarantor or JV Subsidiary Guarantor (as the case may be), and would solely be creditors of us and any of the Parent Guarantor, Subsidiary Guarantors or JV Subsidiary Guarantors whose guarantees have not been voided or held unenforceable. We cannot assure you that, in such an event, after providing for all prior claims, there would be sufficient assets to satisfy the claims of the holders of the Notes.

Risks Relating to the Keepwell and EIPU

The Keepwell and EIPU is not a guarantee of the payment obligations under the Notes, the Parent Guarantee and the Subsidiary Guarantees and performance by the Company of its obligations under the Keepwell and EIPU is subject to the approvals of the relevant authorities.

The Company will enter into the Keepwell and EIPU in relation to the Notes, as further discussed in “Description of the Keepwell and EIPU.” Pursuant to the terms of the Keepwell and EIPU, the Trustee may take action against the Company to enforce the provisions of the Keepwell and EIPU. However, neither the Keepwell and EIPU nor any actions taken under the Keepwell and EIPU can be deemed as a guarantee by the Company of the payment obligation of the Issuer under the Notes or the payment obligation of the Parent Guarantor under the Parent Guarantee or any of the Subsidiary Guarantors under the relevant Subsidiary Guarantees. Accordingly, the Company will be obliged to cause the Issuer, the Parent Guarantor or the Subsidiary Guarantors to obtain, before the due date of the relevant payment obligations, funds sufficient to enable the Issuer, the Parent Guarantor or the relevant Subsidiary Guarantors to pay such payment obligations in full as they fall due and to maintain a certain consolidated net worth, rather than assume the payment obligation as would be the case under a guarantee.

In addition, under the Keepwell and EIPU, upon the occurrence of an Event of Default, the Company agrees to purchase from the Parent Guarantor or any of its subsidiaries, equity interest in subsidiaries held by the Company or such subsidiaries (the “**Purchase**”) at a purchase price based on the terms of such Keepwell and EIPU. In case the Purchase is conducted at a price below an amount determined in accordance with the terms of the Keepwell and EIPU, the Company also agrees to make either (i) a loan to the Parent Guarantor or any of its subsidiaries incorporated outside the PRC; or (ii) an investment in the Parent Guarantor or any of its subsidiaries incorporated outside the PRC, in each case with a loan amount or an investment amount, as the case may be, calculated as set forth in the Keepwell and EIPU.

Furthermore, even if the Company intends to perform its obligations under the Keepwell and EIPU, depending on the manner in which the Company performs its obligations under the Keepwell and EIPU in causing the Parent Guarantor or Subsidiary Guarantor to obtain, before the due date of the relevant payment obligations, funds sufficient to meet such Parent Guarantor or Subsidiary Guarantor’s obligations under the relevant Parent Guarantee or Subsidiary Guarantees, such performance may be subject to obtaining prior consent, approvals, registration and/or filings from relevant governmental authorities, including but not limited to MOF, CSRC, NDRC, MOFCOM, SAFE and SASAC (where applicable). Although the Company is required to use all reasonable efforts to obtain any required consents and approvals in order to fulfil its obligations under the Keepwell Deed, there is no assurance that such consents or approvals will be obtained in a timely manner or at all. Furthermore, depending on the manner of the performance of the Keepwell and EIPU, the Company, the Parent Guarantor, the Issuer, the Subsidiary Guarantors and the PRC Subsidiaries may be subject to PRC tax, such as income tax, withholding tax, transfer tax, stamp tax or other taxes under applicable PRC Laws.

In addition, any claim by the Issuer, the Parent Guarantors, the Subsidiary Guarantors, the Trustee and/or holders of Notes against the Company in relation to the Keepwell Deed will be effectively subordinated to all existing and future obligations of the Company's subsidiaries (which do not guarantee the Notes), particularly the PRC operating subsidiaries of the Company, and all claims by creditors of such subsidiaries (which do not guarantee the Notes) will have priority to the assets of such entities over the claims of the Issuer, the Parent Guarantor, the Subsidiary Guarantors, the Trustee and/or holders of Notes under the Keepwell and EIPU.

Performance by the Company of its undertaking under the Keepwell and EIPU may be subject to consent from third party creditors and shareholders, and may also be restricted if any of the equity interests are secured in favor of third party creditors.

Under the Keepwell and EIPU, the Company agrees to purchase from the Parent Guarantor or its subsidiaries, the equity interest in subsidiaries held by such Parent Guarantor or subsidiaries. The ability of the Company to perform this undertaking may be affected by its present or future financing agreements of the Parent Guarantor and its subsidiaries:

- in the event that such financial agreements contain non-disposal or other restrictive covenants that would prevent the sale of an equity interest by the Parent Guarantor or such subsidiaries, the Parent Guarantor or such subsidiary would need to obtain the consent from the third party creditor before it is able to proceed with the sale of such equity interest; and
- in the event that certain equity interests have been secured in favor of third party creditors, the Parent Guarantor or such subsidiaries would need to arrange for these security interests to be released before it is able to proceed with the sale of such equity interests.

In addition, the sale of the equity interests in certain non-wholly-owned companies may be subject to pre-emptive rights or other restrictions in such company's articles of association, shareholders' agreement or otherwise that would require the selling shareholder to obtain consent or waiver from other third party shareholders before any equity interest can be sold to the Company. Any sale of the equity interests would also require independent shareholders' approval and compliance with other requirements, if any, under the Listing Rules. In the event the obligation to purchase under the Keepwell and EIPU becomes effective there is no assurance that any required consents or waivers can be obtained from third party shareholders in a timely manner or at all.

USE OF PROCEEDS

We intend to use the net proceeds mainly to refinance our existing indebtedness and for general corporate purposes.

We may adjust the foregoing plans in response to changing market conditions and, thus, reallocate the use of the proceeds. Pending application of the net proceeds of this offering, we intend to invest such net proceeds in demand deposits, time deposits or money market instruments.

EXCHANGE RATE INFORMATION

China

The PBOC sets and publishes daily a base exchange rate with reference primarily to the supply and demand of Renminbi against a basket of currencies in the market during the prior day. The PBOC also takes into account other factors, such as the general conditions existing in the international foreign exchange markets. From 1994 to July 20, 2005, the conversion of Renminbi into foreign currencies, including Hong Kong dollars and U.S. dollars, was based on rates set daily by the PBOC on the basis of the previous day's inter-bank foreign exchange market rates and then current exchange rates in the world financial markets. During this period, the official exchange rate for the conversion of Renminbi to U.S. dollars remained generally stable. Although the PRC government introduced policies in 1996 to reduce restrictions on the convertibility of Renminbi into foreign currencies for current account items, conversion of Renminbi into foreign currencies for capital items, such as foreign direct investment, loan principals and securities trading, still requires the approval of SAFE and other relevant authorities. On July 21, 2005, the PRC government introduced a managed floating exchange rate system to allow the value of the Renminbi to fluctuate within a regulated band based on market supply and demand and by reference to a basket of currencies. On the same day, the value of the Renminbi appreciated by approximately 2% against the U.S. dollar. On May 18, 2007, the PBOC enlarged the floating band for the trading prices in the inter-bank foreign exchange market of the Renminbi against the U.S. dollar from 0.3% to 0.5% around the central parity rate, effective on May 21, 2007. This allows the Renminbi to fluctuate against the U.S. dollar by up to 0.5% above or below the central parity rate published by PBOC. In June 2010, the PBOC announced that it intended to further reform the RMB exchange rate regime by allowing greater flexibility in the RMB exchange rate, and on April 16, 2012 the band was further expanded to 1.0% and to 2.0% on March 17, 2014. The PBOC announces the closing price of a foreign currency traded against the Renminbi in the inter-bank foreign exchange market after the closing of the market on each working day, and makes it the central parity for the trading against the Renminbi on the following working day. On 11 August 2015, the PBOC announced plans to improve the central parity rate of the Renminbi against the U.S. dollar by authorizing market-makers to provide parity to the China Foreign Exchange Trading Center operated by the PBOC with reference to the interbank foreign exchange market closing rate of the previous day, the supply and demand for foreign currencies as well as changes in exchange rates of major international currencies. On the same day, the central parity rate of the Renminbi against the U.S. dollar depreciated by nearly 2.0% as compared to 10 August 2015, and further depreciated by nearly 1.6% on 12 August 2015 as compared to 11 August 2015. The International Monetary Fund announced on 30 September 2016 that the Renminbi joins its Special Drawing Rights currency basket. Such change and additional future changes may increase the volatility in the trading value of the Renminbi against foreign currencies.

The following table sets forth the noon buying rate for U.S. dollars in New York City for cable transfer in Renminbi as set forth in the H.10 statistical release of the Federal Reserve Bank of New York for the periods indicated:

Hong Kong

The H.K. dollar is freely convertible into the U.S. dollar. Since 1983, the H.K. dollar has been linked to the U.S. dollar at the rate of HK\$7.80 to US\$1.00. The Basic Law of the Hong Kong Special Administrative Region of the People's Republic of China (the “**Basic Law**”), which came into effect on July 1, 1997, provides that no foreign exchange control policies shall be applied in Hong Kong.

The market exchange rate of the Hong Kong dollar against the U.S. dollar continues to be determined by the forces of supply and demand in the foreign exchange market. However, against the background of the fixed rate system which applies to the issuance and withdrawal of Hong Kong currency in circulation, the market exchange rate has not deviated significantly from the level of HK\$7.80 to US\$1.00. In May 2005, the Hong Kong Monetary Authority broadened the 22-year-old trading band from the original rate of HK\$7.80 per U.S. dollar to a rate range of HK\$7.75 to HK\$7.85 per U.S. dollar. The Hong Kong government has indicated its intention to maintain the link within that rate range. Under the Basic Law, the Hong Kong dollar will continue to circulate and remain freely convertible. However, no assurance can be given that the Hong Kong government will maintain the link at HK\$7.80 to US\$1.00 or at all.

Except as otherwise disclosed in this offering memorandum, there has been no material adverse change in our borrowings since June 30, 2019. See “Description of Material Indebtedness and Other Obligations” for more information on our outstanding indebtedness.

We continue to incur additional indebtedness through bank borrowings or issuance of debt securities or otherwise in our ordinary course of business. In addition, we may from time to time enter into other and different forms of financing arrangements subject to market conditions, including but not limited to corporate bonds, securitization arrangements including asset backed or receivables financing, offshore facilities, trust financing arrangements or perpetual loan arrangements. See “Description of Material Indebtedness and Other Obligations.”

SELECTED CONSOLIDATED FINANCIAL AND OTHER DATA

The following tables present the Company's and Tianji's selected financial and other data.

The selected consolidated financial data of the Company as of and for the years ended December 31, 2016, 2017 and 2018 (except for EBITDA data) are derived from the Company's audited consolidated financial statements as of and for the years ended December 31, 2017 and 2018, which were audited by our independent auditor, PricewaterhouseCoopers Zhong Tian LLP. The selected condensed consolidated financial statements of the Company as of and for the six months ended June 30, 2018 and 2019 (except for EBITDA data) are derived from the Company's unaudited condensed consolidated financial information as of and for the six months ended June 30, 2019, which were reviewed by our independent auditor, PricewaterhouseCoopers Zhong Tian LLP in accordance with the China Standards on Review Engagement 2101 "Review of Financial Statements". The financial information of the Company has been prepared and presented in accordance with PRC GAAP, which differs in certain material respects from generally accepted accounting principles in other jurisdictions. The Company has adopted CAS No.22, CAS No. 23 and CAS No. 37 (hereinafter collectively referred to as the "New Financial Instrument Standards", and in 2019, the Ministry of Finance issued "Notice of the Ministry of Finance on Revising the Format of the General Enterprise Financial Statements for 2019 (Accounting [2019] 6)" and its interpretation (the "Notice"). The Group has adopted above-mentioned New Financial Instrument Standards and the Notice on January 1, 2019 and has not restated previous years' consolidated financial statements. Apart from adopting New Financial Instrument Standards and the Notice, the accounting policies adopted in these interim financial statements are consistent with those adopted in the financial statements for the year ended December 31, 2018. For the impact of the adoption of the new standards, please refer to Note 2(3) to the Company's review report as of and for the six months ended June 30, 2019 included elsewhere in the offering memorandum.

The selected consolidated financial data of Tianji as of and for the years ended December 31, 2016, 2017 and 2018 (except for EBITDA data) are derived from Tianji's audited consolidated financial statements as of and for the years ended December 31, 2017 and 2018, which were audited by its independent auditor, PricewaterhouseCoopers. The selected condensed consolidated financial information of Tianji as of and for the six months ended June 30, 2018 and 2019 were derived from Tianji's unaudited condensed consolidated financial information as of and for the six months ended June 30, 2019, which were reviewed by its independent auditor, PricewaterhouseCoopers in accordance with Hong Kong Standard on Review Engagements 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". The financial information of Tianji has been prepared and presented in accordance with HKFRS, which differs in certain respects from generally accepted accounting principles in other jurisdictions. Tianji has adopted HKFRS 9 and HKFRS 15 with effect from January 1, 2018 and has not restated previous years' consolidated financial statements. Therefore, the audited consolidated financial statements for the year ended December 31, 2018 are not comparable with the consolidated financial statements for the years ended December 31, 2016 and 2017. For impact of the adoption of HKFRS 9 and HKFRS 15, please refer to Note 3(b) and 3(c) to Tianji's audited consolidated financial statements as of and for the year ended December 31, 2018 included elsewhere in this offering memorandum. In addition, Tianji has adopted HKFRS 16 with effect from January 1, 2019 and has not restated previous years' consolidated financial statements. Therefore, the unaudited interim financial information for the six months ended June 30, 2019 is not comparable with the financial statements or information for the years ended December 31, 2016, 2017 and 2018 and the six months ended June 30, 2018. For impact of the adoption of HKFRS 16, please refer to Note 4 to Tianji's unaudited interim financial information as of and for the six months ended June 30, 2019 included elsewhere in this offering memorandum.

The selected financial data below should be read in conjunction with the consolidated financial statements or financial information of the Company and Tianji and the notes thereto included elsewhere in this offering memorandum. Historical results are not necessarily indicative of results that may be achieved in any future period.

Notes:

- (1) EBITDA for any period is calculated as revenue less cost of sales, taxes and surcharges, selling expenses and administrative expenses, and plus depreciation and amortization, land appreciation tax and capitalized interest in cost of sales. EBITDA is not a standard measure under PRC GAAP. EBITDA is a widely used financial indicator of a company's ability to service and incur debt. EBITDA should not be considered in isolation or construed as an alternative to cash flows, net income or any other measure of financial performance or as an indicator of our operating performance, liquidity, profitability or cash flows generated by operating, investing or financing activities. In evaluating EBITDA, we believe that investors should consider, among other things, the components of EBITDA such as sales and operating expenses and the amount by which EBITDA exceeds capital expenditures and other charges. We have included EBITDA because we believe it is a useful supplement to cash flow data as a measure of our performance and our ability to generate cash flow from operations to cover debt service and taxes. EBITDA presented herein may not be comparable to similarly titled measures presented by other companies. Investors should not compare our EBITDA to EBITDA presented by other companies because not all companies use the same definition. Investors should also note that EBITDA as presented herein may be calculated differently from Consolidated EBITDA as defined and used in the Indentures governing the Notes. Interest expense excludes amounts capitalized. See the sections entitled "Description of 2022 Notes — Definitions" and "Description of 2023 Notes — Definitions" for a description of the manner in which Consolidated EBITDA is defined for purposes of the Indentures governing the Notes.
- (2) EBITDA margin is calculated by dividing EBITDA by revenue.

Management's Discussion and Analysis for the Six Months Ended June 30, 2019

Revenue

Our revenue was RMB201.2 billion for the six months ended June 30, 2019, representing a decrease of 29.2% as compared with the same period in 2018. Revenue generated from the property development decreased by 30.6% to RMB193.4 billion. The decrease was mainly due to a decrease in GFA delivered compared to the same period in 2018 since there was a decrease in GFA delivered during the six months ended June 30, 2019 because of differences in property delivery schedules as set forth in the property sale contracts. Revenue generated from property management increased significantly to RMB2.3 billion, from the six months ended June 30, 2018 and revenue from construction services increased by 24.5% to RMB0.6 billion from the six months ended June 30, 2018, which were mainly due to an increase in GFA under our management for the six months ended June 30, 2019. Our revenue from hotel operation remained relatively stable at RMB0.6 billion for the six months ended June 30, 2018 and 2019. Revenue generated from investment properties amounted to RMB3.0 billion, representing an increase of 102.3% from the six months ended June 30, 2018. The increase was mainly due to increased rental income as a result of an increase in the rentable GFA of investment properties.

Gross Profit

Our gross profit was RMB66.9 billion for the six months ended June 30, 2019, representing a decrease of 36.1% as compared with the same period of 2018. Decrease in gross profit for the six months ended June 30, 2019 was mainly attributable to a decrease in GFA delivered, compared with the same period of 2018. The average selling price of the properties per square meter remained relatively stable as compared with the same period of 2018. Gross profit margin was 33.2% for the six months ended June 30, 2019, representing a decrease by 9.7 percentage compared to the same period of 2018. The decrease was mainly due to increases in construction costs for delivered properties, land costs and interests costs.

Selling and Marketing Costs

In the six months ended June 30, 2019, our selling and marketing costs decreased to RMB7.7 billion from RMB7.8 billion for the same period of 2018, representing a decrease of 1.08%. The decrease was generally in line with our decreased sales of property in the first half of 2019.

Financial Expenses, Net

In the six months ended June 30, 2019, our net financial expenses increased to RMB2.4 billion from RMB1.4 billion for the same period in 2018, which was mainly attributable to exchange losses we recognized during the period.

Investment

In the six months ended June 30, 2019, our investment decreased to RMB0.1 billion from RMB1.6 billion for the same period in 2018, primarily due to the one-off gain we recognized for disposal of a subsidiary in the first half of 2018.

Borrowings

As of June 30, 2019, our borrowings amounted to RMB579.1 billion (US\$84.4 billion). The following table sets forth maturities of our borrowings:

	As of June 30, 2019	As percentage of total borrowings
	(RMB billion)	
Less than one year.	310.1	53.5%
One to two years.	266.4	46.0%
Two to five years	2.6	0.5%
	<u>579.1</u>	<u>100.0%</u>

A portion of our borrowings were secured by a pledge of properties and equipment, land use rights, investment properties, properties under development, completed properties held for sale, cash and the equity interests of certain subsidiaries. As of June 30, 2019, the average annualized interest rate on our outstanding Renminbi borrowings was 8.4%, and the average annualized interest rate on our outstanding foreign currency borrowings was 6.4%.

Foreign Exchange Exposure

Our business is principally conducted in Renminbi. A significant portion of residential and investment properties are located in Mainland China. However, 14.9% of our borrowings as of June 30, 2019 were denominated in US dollar or HK dollar.

We estimate the Renminbi exchange rate to continue its two-way volatility as the Renminbi exchange mechanism becomes increasingly market-oriented. We incurred exchange losses during the six months ended June 30, 2019 due to depreciation in Renminbi. However, there is still uncertainty on the actual exchange losses or gains relating to borrowings in foreign currencies when they are repaid on due dates.

We will closely monitor our foreign exchange risk exposure and will adjust our debt profile based on market changes. We have not entered into any forward exchange contracts to hedge our exposure to foreign exchange risk.

Liquidity

As of June 30, 2019, the total balance of our cash and cash equivalents and restricted cash was RMB217.7 billion.

Overview of the PRC Economy

From 2003 to 2007, China's real GDP grew at a CAGR of approximately 11.0%, making it one of the fastest growing major economies in the world. Amid the global financial crisis, China achieved an annual real GDP growth of 9.6% in 2008 and maintained positive economic growth throughout the crisis. China was among the first countries to recover from the global financial crisis. In February 2011, it overtook Japan to become the world's second largest economy. China's economic growth slowed in 2012 due to various factors, including the European debt crises and weaker global demand for exports. According to the National Bureau of Statistics, China's real GDP growth was approximately 6.5% in 2018.

Overall Economic Growth

China's nominal GDP has increased from RMB21,631 billion in 2006 to RMB90,031 billion in 2018, representing a CAGR of approximately 12.6%. Over the same period, China's nominal GDP per capita increased at a CAGR of 12.1% from RMB16,500 in 2006 to RMB64,644 in 2018, demonstrating a significant increase in the purchasing power of the PRC population. The table below sets out selected economic statistics of China for the periods indicated.

Overview of the PRC Property Market

Between 2008 and 2018

Favorable economic conditions in the PRC have contributed to the strong growth of the PRC property market. From 2008 to 2018, investments in real estate development in China increased at a CAGR of 14.4%, the total GFA of commodity properties sold increased at a CAGR of 10.0%. The table below sets out certain information about the PRC property market over the periods indicated.

Recent Developments in the PRC Property Market

Land prices in the PRC are affected by multiple factors in recent years. Following the global economy recovery in early 2009, total land sales increased from approximately RMB604 billion to close to approximately RMB1 trillion from 2009 to 2010. On the other hand, the PRC government has been introducing austerity measures since 2009 to regulate the property market and curb housing prices, which led to a decline in the average land selling price in 2011. According to the National Bureau of Statistics of China, the average land selling prices were RMB2,439 per sq.m. in 2010, RMB1,965 per sq.m. in 2011, RMB2,077 per sq.m. in 2012, and RMB2,555 per sq.m. in 2013, RMB3,001 per sq.m. in 2014, and RMB3,341 per sq.m. in 2015, and RMB4,145 per sq.m. in 2016, RMB5,350 per sq.m. in 2017 and RMB5,525 per sq.m. in 2018; reflecting a year-on-year growth rate of 28.9%, (19.4%), 5.7%, 23.0%, 17.5%, 11.3%, 24.1%, 29.1% and 3.3%, respectively.

Regulatory Milestones of the PRC Property Industry

From time to time, the PRC government has taken actions to tighten its control over the property market. In particular, the PRC government has taken measures to discourage speculation in the residential property market and to increase the supply of affordable housing. The table below sets out the key regulatory milestones of the PRC property industry, including major policies and measures implemented by the PRC government since 2008:

2008 . . . The State Council issued Notice on Promoting the Land Saving and Intensive Use 《國務院關於促進節約集約用地的通知》 on January 3, 2008, which provided for stricter supervision on land development and regulation of idle land.

In October 2008, the PBOC reduced the minimum down payment requirement to 20% of the purchase price of the underlying property and the minimum mortgage loan interest rate to 70% of the PBOC benchmark interest rate for the purchase of a principal residence with a total GFA less than 90 sq.m.

On October 22, 2008, the State Council, the MOF and the SAT jointly announced the decision to reduce the tax expenses of property transactions.

In October 2008, the CBRC issued regulatory notices to restrict trust financing companies from providing trust loans, in form or in nature, to (i) property projects that have not obtained the requisite land use rights certificates, construction land planning permits, construction works planning permits and construction work commencement permits; (ii) property developers that had not been issued with Class 2 qualification certificates by the relevant competent construction authorities; (iii) property projects of which less than 30% of the total investments are funded by the property developers' own capital (except for affordable housing and commodity apartments, of which 20% of the total investment shall be funded by the developer's own capital); and (iv) property developers for payment of land premium or for working capital purposes.

2009 . . . The State Council issued a Notice on Adjusting the Capital Ratio of Fixed Assets Investment Project 《國務院關於調整固定資產投資項目資本金比例的通知》. The Notice provides that the minimum capital requirements for affordable housing and ordinary commodity apartments are 20%, and the minimum capital requirement for other real estate development projects is 30%. These regulations apply to both domestic and foreign investment projects.

2010 . . . On March 8, 2010, the Ministry of Land and Resources instituted measures aimed at ensuring sufficient land supply for government-subsidized residential property.

On April 17, 2010, the State Council announced its decision to implement diverse credit policies for different types of purchases.

On September 21, 2010, the Ministry of Land and Resources and the MOHURD instituted measures to require relevant governmental authorities to (i) strengthen the management of the annual plan for land supply and residential property construction; (ii) accelerate the approval process for land supply and construction for residential properties; (iii) strengthen the management of land grants for residential properties; (iv) strengthen the supervision on land supply and construction of residential properties; and (v) strengthen the supervision and investigation of illegal conduct.

On September 29, 2010, the PBOC and the CBRC issued the Notice on the Improvement of Diversified Residential Credit Policies 《中國人民銀行、中國銀行業監督管理委員會關於完善差別化住房信貸政策有關問題的通知》 to require, among other things, all commercial banks to suspend (i) the extension of loans to individuals for purchase of third or subsequent residences and (ii) the extension of loans to non-local residents who cannot provide certificates evidencing payment of local taxes or social insurance for more than one year. For the purchase of a primary residence, the minimum down payment was increased to 30% of the purchase price of the underlying property.

On September 29, 2010, the MOF, the SAT and the MOHURD issued the Notice on Adjustment of Preferential Policies for Deed Tax and Individual Income Tax for Real Estate Transactions 《財政部、國家稅務總局關於住房和城鄉建設部關於調整房地產交易環節契稅個人所得稅優惠政策的通知》 to curb transfers by individuals of residential properties purchased within one year through the levying of individual income tax.

On December 19, 2010, the Ministry of Land and Resources promulgated the Circular on Issues Pertaining to the Strengthened Implementation of Real Estate Land Use Regulatory Policies and the Healthy Development of the Property Market 《關於嚴格落實房地產用地調控政策促進土地市場健康發展有關問題的通知》 to further regulate the granting of land use rights for real estate development and tighten regulation of idle land.

On November 4, 2010, the MOHURD and SAFE issued the Notice on Further Standardization of the Administration of Housing Purchase by Foreign Entities and Individuals 《關於進一步規範境外機構和個人購房管理的通知》 to further restrict foreign individuals from purchasing property in the PRC.

2011 . . . On January 27, 2011, the MOF and the SAT jointly issued the Notice on Business Tax Imposed on Individuals Transferring Houses 《財政部、國家稅務總局關於調整個人住房轉讓營業稅政策的通知》 to curb transfers of properties by individuals within five years of purchase.

In January 2011, the State Council issued a notice to further restrict property purchases and strengthen regulations on land transfers, property development projects and idle land. Among other things, the notice (i) increased the minimum down payment for the purchase of a second home from 50% to 60%; (ii) required local governmental authorities to take steps to expand the coverage of low-income housing by increasing supply of low-income housing through construction, redevelopment, purchases and long-term leases and to build 10 million units of low-income housing in 2011; (iii) increased the minimum down payment from 20% to 30% for the purchase of the first residential property of a family if the underlying property has a unit GFA of 90 sq.m. or more; (iv) required that if a property developer failed to obtain the relevant construction permits and failed to commence construction within two years from the designation of land for property development, the relevant land use rights granted be forfeited and an idle land penalty be imposed; (v) prohibited the transfers of land or a property development project if the amount of property development investment (excluding the land premium) incurred is less than 25% of the total investment amount in respect of the project; and (vi) prohibited families holding local residency and owning two or more residential properties and families holding non-local residency and owning at least one residential property or who cannot provide a local tax payment certificate or a social security certificate from purchasing additional residential properties in their local district.

In March 2011, the MOHURD released the Notice on Inspection in respect of Standardized Management of Low-Income Housing Security Policy, requesting all local government authorities to fully understand the importance and long-term nature of the standardized management of low-income housing security policy, continue adopting effective measures, implement management accountability, improve management standards, and set up a comprehensive scientific, orderly, efficient, open and transparent management system.

In July 2011, MOHURD issued the Notice on Relevant Issues Relating to Enhanced Implementation of Real Estate Control Policies 《關於進一步落實房地產調控政策有關問題的函》 to enhance the implementation of purchase restrictions in second-tier and third-tier cities and to increase the number of cities subject to property purchase restrictions. This notice set out five criteria and encouraged local governments to, subject to local market conditions, implement property purchase restrictions if three or more of the following criteria are met: (i) prices of new residential units in the relevant city recorded year-on-year increase or recorded month-on-month increase during the six months ended June 30, 2011 according to information provided by the National Bureau of Statistics; (ii) the average price of new residential units in the relevant city in June 2011 had been higher than or closed to the maximum average price of residential units pre-determined by the relevant authorities; (iii) the sales volume of new commodity properties in the relevant city increased significantly from January 2011 to June 2011, as compared with the same period in past year; (iv) the relevant city is located close to major city(ies) with property purchase restrictions implemented and the proportion of non-local purchasers of properties in such city remained high; and (v) state-wide restrictive policies in real estate market had not been fully implemented in the relevant city which resulted in continued and significant increase in property prices and dissatisfaction of local residents. In addition, the PRC government plans to build 36 million units of low-income housing during its “Twelfth Five-year” period. Through large-scale and nationwide development of low-income housing, it is expected that by the end of the “Twelfth Five-year” period, the coverage of low-income housing in urban cities and counties will reach 20% or above nationwide.

2012 . . . On June 1, 2012, the Ministry of Land and Resources promulgated the revised Measures on the Disposal of Idle Land 《閒置土地處置辦法》, which became effective on July 1, 2012. Under these measures, if any land parcel constitutes “idle land” due to government-related acts, the holder of the relevant land use rights are required to explain to the relevant municipality or county-level land administrative department(s) the reasons for the land becoming idle, consult the relevant government authorities and rectify the situation accordingly. The means of rectification include but are not limited to the extension of the period permitted for commencing development, the adjustment of the land use and planning conditions or the substitution of the relevant idle land parcels with other land parcels.

2013 . . . On February 26, 2013, the General Office of the State Council promulgated the Notice on Continuing Adjustment and Control of Property Markets 《關於繼續做好房地產市場調控工作的通知》, which reiterated the importance of controlling property prices and promoting the healthy development of the PRC property market. The notice mandated provincial governments to increase the effectiveness of regulations designed to achieve national property control policies. Key goals are to (i) fine tune existing measures to control property prices, (ii) curb property speculation, (iii) increase the supply of commodity housing, (iv) accelerate the development of affordable housing projects, and (v) manage the market expectation of the property industry and strengthen the credit management of property developers.

2014 . . . On September 29, 2014 the PBOC and CBRC jointly issued Circular on Further Improving Financial Services for Housing Consumption 《關於進一步做好住房金融服務工作的通知》 which provides that, for a family who buys on loan its first ordinary house for self-use, the minimum percentage of down payment is 30%, and the lower limit of loan interest rate is 70% of the benchmark rate, to be decided by banking financial institutions in light of risk conditions. For a family who has paid up the loan of its first house and applies again to buy on loan an ordinary commodity house for the purpose of improving living conditions, the loan policies for first house shall apply. In cities where the measures of “restrictions on house buying” are lifted or not imposed, for a family who owns two or more houses and has paid up loans for them, and applies to buy another house on loan, banking financial institutions shall decide on the percentage of down payment and interest rate by prudently considering the borrower’s solvency and credit status.

From third quarter of 2014 many cities have canceled or mitigated restriction on buying of houses. For example, Some cities such as Hangzhou, Wuhan, Jinan, Nanjing and Suzhou have canceled restriction on numbers of houses one can buy. Some cities such as Ningbo, Qingdao and Nanchang have canceled such restriction in certain of its areas.

2015 . . . In March 2015, the PBOC, CBRC and MOHURD jointly issued a notice to lower the minimum down payment to 40% for the family that owns a residential property and has not paid off its existing mortgage loan applying for a new mortgage loan to purchase another ordinary residential property for self-use to improve living conditions and allow the bank at its own discretion to decide the down payment ratio and loan interest rate taking into consideration the solvency and credit standing of the borrower. The minimum down payment is adjusted to 20% for the family that apply for housing reserve loan to buy first ordinary residential property for self-use and 30% for the family that owns a residential property and has paid off its existing mortgage loan applying for a second housing reserve loan to buy another residential property for self-use to improve living conditions.

Furthermore, according to a notice jointly issued by SAT and MOF, effective from March 31, 2015, a business tax is levied on the entire sales proceeds from resale of properties if the holding period is shorter than two years, and if the holding period is more than two years, business tax for transfer of ordinary residences will not be imposed, whereas for the transfer of non-ordinary residences business tax shall be paid on the basis of price difference between the transfer income and the purchase cost.

In August, 2015, the CBRC, MOF and PBOC jointly issued a notice to lower the minimum down payment to 20% for the family that owns a residential property and has paid off its existing mortgage loan applying for a second housing reserve loan to buy another residential property to improve living conditions. In Beijing, Shanghai, Guangzhou and Shenzhen, the minimum down payment of applying for housing reserve loan to buy a second residential property can be decided by local government in combination with local reality.

2016 . . . On February 1, 2016, the PBOC and CBRC jointly issued a notice which provides that in cities where restrictions on purchase of residential properties are not being implemented, the minimum down payment ratio for a personal housing commercial loan obtained by a household for purchasing its first ordinary residential property is, in principle, 25% of the property price, which can be adjusted downward by 5% by local authorities. For existing residential property household owners who have not fully repaid the previous loan and are obtaining further personal housing commercial loan to purchase an additional ordinary residential property for the purpose of improving living conditions, the minimum down payment ratio shall be not less than 30% which is lower than the previous requirement of not less than 40%.

From May 1, 2016, the reform to replace business tax with value-added tax is implemented nationwide and expanded to cover several key sectors such as real estate, construction, financial services and lifestyle services.

From September 30, 2016 to date, Beijing, Tianjin, Suzhou, Chengdu and other cities have issued new property market control policies, including restoring the restriction on purchases of residential properties and tightening credit policy. On October 12, 2016, the MOHURD required investigation and punishment of persons or entities that spread rumors, deliberately hype or disrupt the market to protect the rights and interests of housing buyers.

2017 . . . On April 1, 2017, the MOHURD and the Ministry of Land and Resources jointly issued the “Circular of Relevant Work on Strengthening the Recent Administration and Control of Housing and Land Supply” 《關於加強近期住房及用地供應管理和調控有關工作的通知》 which provides, among others, that cities and counties that have more than one million inhabitants shall make three-year (2017–2019) and five-year (2017–2021) plans for housing land supply, and make such plans public by the end of June 2017. The circular further requires that local governments shall adjust the size, structure and timing of land supply for residential housing in due course based on the period of depleting commodity residential housing inventory. In addition, the circular stipulates that local authorities shall adopt the examination system of land acquisition capital to insure that the property developers use internal funds to acquire lands and that, if the land bid capital originate from a questionable source, the property developers shall be disqualified and prohibited from bidding for land for a designated time.

On November 19, 2017, the Interim Regulations of the People’s Republic of China on Business Tax 《中華人民共和國營業稅暫行條例》 was abolished and the Interim Regulations of the People’s Republic of China on Value-added Tax 《中華人民共和國增值稅暫行條例》 was revised by the State Council. According to the revised Interim Regulations on Value-added Tax, selling goods, providing labor services of processing, repairs or maintenance, or selling services, intangible assets or real property in the PRC, or importing goods to the PRC, shall be subject to value added tax.

2018 . . . On March 8, 2018, the Administration on Qualifications of Real Estate Service Enterprises was abolished and the Regulation on Property Management was revised by the State Council. According to the revised Regulation on Property Management, the qualification system for enterprises engaging in property management activities was cancelled.

2019 . . . On March 19, 2018, the Regulation on Property Management was revised by the State Council.

On May 8, 2019, the China Banking and Insurance Regulatory Commission issued the Notice on Launching the Work of Consolidating the Achievements in Rectification of Chaotic Practices and Promoting the Compliance Construction 《中國銀保監會關於開展“鞏固治亂象成果促進合規建設”工作的通知》, which further tightens the financing channels of property developers.

On December 28, 2019, the PBOC issued the Announcement on Matters Concerning the Shift of the Pricing Benchmark for Existing Floating Rate Loans to the LPR 《存量浮動利率貸款的定價基準轉換為LPR有關事宜公告》, which provides that financial institutions shall not be allowed to sign floating rate loan contracts based on the benchmark lending rate as of January 1, 2020. In addition, financial institutions shall sign floating rate loan contracts or amend the way of interest rate of existing floating rate loans contracts based on the LPR plus some basis points as agreed by the lender and the borrower.

Over the years, land premiums have generally been on the rise in China. It is widely expected that land premiums will continue to rise as the PRC economy continues to develop and demolition and resettlement costs continue to increase.

BUSINESS

Overview

As the PRC flagship of the real estate development business of China Evergrande Group, we are the largest real estate development company in China in terms of contracted sales attributable to our Group in 2019, according to China Real Estate Information Corporation. Founded in Guangzhou City, Guangdong Province in 1996, we have become a leading national property developer through our economies of scale and widely recognized brand name under the leadership of our management team. Over the years, our focus on a centralized management system, a standardized operational model and offerings of quality products have allowed us to quickly replicate our success across China. We focus primarily on provincial capitals and other selected cities that we believe have high-growth potential. We continue to improve our geographical mix by focusing on replenishment of quality land reserves and taking a balanced approach to the distribution of land reserves among first-, second- and third-tier cities. Our land reserves cover most of the provincial capitals and municipalities in China. Through our standardized operational model, we have been able to simultaneously manage projects in various development and sale stages in 232 cities across China as of June 30, 2019.

Our residential property development integrates planning, design, construction and property management and follows our standardized process management to ensure development speed and product quality. We have been awarded the highest recognition in China in real estate development, architectural planning and design, construction, construction supervision and property management, and have been ranked among the “Top 10 Property Developers of China” for 15 consecutive years since 2004 by China Real Estate Top 10 Research Group, an organization constituted by Enterprise Research Institute of the Development Research Center of the State Council, Tsinghua University Real Estate Research Center and China Index Academy. We were ranked as No. 1 of the “Top 500 Real Estate Companies of China” for three consecutive years since 2017. China Evergrande Group, our parent company, were also ranked 138th on Fortune Global 500 in 2019, improving by 358 positions from 496th when we first entered the list in 2016.

We had the largest land reserves among all PRC property developers listed in China and Hong Kong as of June 30, 2019, based on the land reserve data disclosed by relevant companies in their applicable stock exchange filings. We had a total of 828 property projects under development or held for future development, a total planned GFA of approximately 257.5 million sq.m. of high-quality and relatively low-cost land as of June 30, 2019 with an average cost of approximately RMB1,823 per square meter, as calculated by dividing our aggregate land purchase price by our aggregate planned GFA.

As of June 30, 2019, we had construction permits for 752 of our property projects under development, with a total GFA of approximately 122.4 million sq.m., and had pre-sale permits for 583 of our projects, with a total GFA of approximately 66.3 million sq.m., of which approximately 42.1 million sq.m. remained unsold.

Over the years, we have developed and introduced various distinctive product series to the market, including:

- *Mid- to mid-high-end series* represented by products within our Evergrande Oasis (恒大綠洲) series, Evergrande Metropolis (恒大名都) series, Evergrande City (恒大城) series, Evergrande Atrium (恒大雅苑) series, Evergrande Royal Scenic Bay (恒大御景灣), Evergrande Emerald Court (恒大翡翠華庭) series, Evergrande Bay (恒大江灣) series, Evergrande Plaza (恒大廣場) series and Evergrande Bund (恒大外灘) series which we target to account for approximately 85% of our current projects, and are marketed toward middle to upper-middle income residents, who currently constitute the largest segment of residential real estate purchasers. Evergrande Metropolis and Evergrande City are urban residential complexes in major cities, while Evergrande Oasis and Evergrande Atrium are located in areas with the requisite natural landscape. These series are equipped with well-developed facilities and amenities within the complexes.
- *High-end series* represented by products within our Evergrande Palace (恒大華府) series, Evergrande Royal Scenic Peninsula (恒大御景半島) series, Evergrande Emperor Scenic (恒大帝景) series and Evergrande Royal Scenic (恒大御景) series, which we target to account for approximately 15% of our current projects, and are positioned as high-end and premium residential properties in urban centers. These series target high-income residents in such regions.

We design and develop all of our product series under our standardized operational model and market them under the brand name of “Evergrande” on a nationwide basis.

We strive to provide high-quality residential products to the market by focusing on every step of the development process, from site selection, planning, landscaping and construction to fitting-out and property management. We aim to deliver “best-in-class” end-products to our customers. Over the years, our products have gained wide brand recognition among consumers, as reflected by our strong contracted sales and sales records. For the years ended December 31, 2016, 2017, 2018 and 2019, our total contracted sales, which have not been audited or reviewed by our auditors, amounted to approximately RMB354.2 billion, RMB478.3 billion, RMB521.9 billion and RMB548.0 billion, respectively, with a total contracted sales GFA of approximately 42.2 million sq.m., 48.0 million sq.m., 49.7 million sq.m. and 53.1 million sq.m., respectively. The average selling price for our contracted sales in 2016, 2017, 2018 and 2019 was approximately RMB8,393 per sq.m., RMB9,964 per sq.m., RMB10,501 per sq.m. and RMB10,325 per sq.m., as calculated based on our internal records.

Our Competitive Strengths

We believe that we possess the following principal competitive strengths that have allowed us to compete effectively with our peers in the property markets in China:

We are the largest real estate development company in China.

As the PRC flagship of the real estate development business of China Evergrande Group, we are the largest real estate development company in China in terms of contracted sales attributable to the Group. In 2019, our contracted sales amounted to approximately RMB548.0 billion, representing a 5% increase compared to our contracted sales in 2018 at RMB521.9 billion. The contracted sales area in 2019 amounted to approximately 53.1 million sq.m. with an average contracted selling price of RMB10,325 per sq.m.

China Evergrande Group, our parent company, were ranked 138th on Fortune Global 500 in 2019. We have also been awarded the highest recognition in China in real estate development, architectural planning and design, construction, construction supervision and property management, and have been ranked among the “Top 10 Property Developers of China” for 15 consecutive years since 2004 by China Real Estate Top 10 Research Group. We have also been ranked No. 1 of the “Top 500 Real Estate Companies of China” for three consecutive years since 2017.

We believe our leading position in the industry nationwide results from our overall strength, efficient management, comprehensive operational model and high-quality products and services. Over the years, we have developed at a rapid growth rate. We believe this leading position will enable us to further take advantage of our strengths and achieve a stronger performance.

We are a leader of the standardized operational model for large-scale quality property developments.

We believe that our industry-leading standardized operational model for quality real estate development is the core strength that has enabled us to effectively execute our rapid and successful nationwide expansion in recent years. We formulate our standardized operational model at our headquarters, which are then implemented through our regional offices under close supervision and monitoring by our senior management. Our standardized model covers various phases in our development process including planning and design of all of our projects nationwide, nationwide centralized bidding and procurement processes, project developments, construction and quality control and sales and marketing as well as property management. Our standardized operational model has allowed us to maintain our high-quality standards on a nationwide basis, to effectively control our costs, to reduce our execution risks and to achieve remarkable growth in recent years.

To support our business plan, we have established a standardized operational procedure across all regional offices, under which the staffing level and compensation schemes are determined by our senior management at the headquarters to ensure the consistency of organizational structure and staff qualification across all regional offices. We have implemented a uniform financial management and reporting system, under which the finance department of each regional office is directly managed by our headquarters. This system allows us to standardize, consolidate and centralize our capital management nationwide. Our centralized internal risk management also covers our archives management and accounts approval process in all our regional offices. We have also established a nationwide contract processing and approval system, which plays an important role in our cost control, facilitates our centralized monitoring of contract execution and in turn strengthens our internal control.

- ***Standardized Project Selection***

With respect to the selection of new project sites, we follow a set of strict standards, including:

- **Selection of cities:** provincial capitals, municipalities and other selected cities with sound economic growth, strong purchasing power, small land supply and great transaction volume;
- **Selection of location:** urban areas with a good environment, including near parks, rivers, good scenery and landscape, convenient transportation, well-planned municipal facilities and growth potential;
- **Selection of project scale:** generally not less than 20,000 sq.m. in GFA for projects in first-tier and second-tier cities and not less than 300,000 sq.m. in GFA for projects in third-tier cities;

- **Profitability:** favorable terms in land premium payment and optimal investment return; and
- **Sales:** target of launching pre-sales within six to eight months from the date of the land acquisition, thereby improving our speed of asset turnover and shortening our cash conversion cycle.

We believe that our standardized project selection process has ensured that each of our new projects is in line with our overall development strategy while minimizing operational risk.

- *Standardized Planning and Design*

We have developed project series based on our product positioning, and created standard residential unit layouts, which are then customized for different regional markets and product series. Our standardized designs for each project contain detailed specifications to be followed through each step of the development process, including material and quality standards for building construction, landscaping, ancillary facilities and interior decoration, to ensure consistency and quality of our products throughout the country. In order to maximize our ecological planning effect of low density and high green ratio, we have developed standard design rules for buildings, structures, facades and landscape. With respect to ancillary facilities, we have also established a standardized functional configuration. Our projects are generally equipped with luxurious clubhouses, sports centers, commercial centers, nursery schools and other amenities. In addition, we have also standardized our decoration and finishing based on different regional markets and different types of residential units. These standardized planning and design measures ensure the accurate positioning of our projects, streamlining our planning, the implementation of our brand strategy and the quality of our products.

- *Standardized Use of Materials*

We have also standardized our use of materials, building on our standardized planning and design. We have standardized our procurement of materials in massive quantities in connection with our construction, landscaping, ancillary facilities and decoration. This procurement system has effectively accelerated the progress of our project construction and ensured our product quality. Standardized use of materials has also enabled us to centralize our procurement to reduce construction cost.

- *Standardized and Centralized Tender Process*

We believe that our effective centralized tender process enables us to achieve economies of scale and significant purchasing power. All large-scale projects handled by our regional offices must undergo a centralized bidding process that is supervised by our headquarters. All participants in the bidding must be among the top-rated product, equipment or service providers in their respective fields. Our headquarters are responsible for selecting the ultimate qualified bidder according to our standardized selection and evaluation process. We believe that such standardized tender process has afforded us with significant economies of scale and allowed us to maintain our competitive cost structure while securing quality products, equipment and services at reasonable prices.

- *Standardized Construction Management*

We utilize standardized development models nationwide and closely manage all aspects of the development process based on strict development schedules and specific quality standards. We stipulate construction milestones and strict quality control measures to ensure our construction contractors adhere to both the pre-set construction timeline and our quality standards. We believe

standardized construction management enables us to minimize the construction time and achieve our target of launching pre-sales within six to eight months from the date of the land acquisition, thereby shortening our cash conversion cycle and maximizing our investment return.

- *Standardized Marketing*

Our sales and marketing efforts follow standardized procedures in developing, approving and implementing sales and marketing campaigns for all our projects. We formulate our marketing, promotion, pricing and advertising strategies for each of our projects in a highly coordinated and consistent manner to maintain brand equity, but allowing flexibility to adapt to local market dynamics.

We launch our projects for pre-sale only after we have substantially completed the relevant landscaping, ancillary facilities and mock-up units in order to demonstrate our superior product quality which in turn strengthens consumer confidence. We believe our actual on-site launch standard enhances the marketing impact, saleability and pricing of our products.

We have strategically acquired large, relatively low-cost land reserves, with 257.5 million sq.m. in 232 cities across China as of June 30, 2019, focusing on provincial capitals and other selected cities that we believe have high-growth potential.

Our national land acquisition strategy aims to achieve greater regional diversification and higher growth by focusing on provincial capitals and other selected cities across China that we believe have high-growth potential.

- *Large-scale, Quality and Relatively Low-cost Land Reserves with Significant Appreciation Potential*

We had the largest land reserves among all PRC property developers listed in China and Hong Kong as of June 30, 2019, based on the land reserve data disclosed by relevant companies in their applicable stock exchange filing. As of December 31, 2016, 2017 and 2018 and June 30, 2019, we had a total planned GFA of approximately 209 million sq.m., 269 million sq.m., 256 million sq.m. and 257.5 million sq.m., respectively, of quality and relatively low-cost land. The average cost of our land reserves as of June 30, 2019 was approximately RMB1,823 per square meter, as calculated by dividing our aggregate land purchase price by our aggregate planned GFA. In the first half of 2019, we acquired land reserves from the acquisition of 58 new projects, which were more focused towards first- and second-tier cities. We believe the size of our current land reserves can satisfy our development needs for the next five to eight years and our strategic site locations will provide significant appreciation and profitability potential.

- *Well Diversified and Balanced Land Reserves with Extensive Presence in Large Provincial Capitals and Other Selected Cities that We Believe Have High-growth Potential*

Our land reserves are well diversified in terms of both geographic location and project type to achieve maximum profit potential. Currently, we have developments in all the first-tier cities, including Beijing, Shanghai, Guangzhou and Shenzhen, and cover most of the provincial capitals and all municipalities in China. We have also expanded our operations into other selected third-tier cities that we believe have high-growth potential on a national basis since the second half of 2010.

- *Premier Project Location*

Our urban projects are generally located in downtown or prime locations with a natural landscape and well-developed infrastructure and transportation systems.

We have leveraged our industry-leading brand name and strategic partnerships with renowned suppliers to develop quality products that are well-recognized by the market.

- ***We Have Been Recognized as One of the Top 10 Property Developers in China for 15 Consecutive Years***

We consistently market all of our new projects under the “Evergrande” brand to instill brand awareness nationwide and for customers to identify our brand name with high- quality residential projects. Since 2004, we have been ranked as one of the “Top 10 Property Developers in China” for 15 consecutive years by the “Top 10 Property Developers Research Group of China” jointly constituted by the Institute of Enterprise Research of the Development and Research Center of the State Council, the Real Estate Research Institute of Tsinghua University and the China Index Academy.

- ***Partnership with Prominent Suppliers to Develop Quality Products***

We maintain strict quality control measures throughout our development chain and partner with renowned international and national service and product providers to deliver top-quality products. We initiate our project planning process immediately after we acquire a land site and initially focus primarily on the structural and landscape designs of the site to ensure that they are of the best fit to the overall project. Since 2004, we have been consolidating our selection of vendors and suppliers to ensure that we work with first-rate vendors in the fields of construction landscaping and interior decoration and source raw materials from top suppliers. By working with a small number of high-quality partners, we are able to receive superior services throughout the development process. In our current development projects, we primarily engage reputable construction companies in China, including China State Construction Engineering Corporation and Zhong-Tie Construction Group Corporation Limited, for a majority of our project construction work; reputable fitting-out companies in China, including Suzhou Gold Mantis Construction & Decoration Co., Ltd, and Shenzhen Grandland Decoration & Construction Co., Ltd. for our fitting-out and interior decoration work; and landscaping industry leaders including GVL International Landscaping Design Co., Ltd. for most of our landscaping work.

We offer a comprehensive product mix that caters to different market segment demands.

We believe that a comprehensive product mix, an in-depth knowledge of target markets and accurate product positioning are the keys to our rapid growth in China. We have a wide range of products that cater to different market segments. We generally target a product mix of 15% high-end products, and 85% mid- to mid-high-end products in terms of the number of projects. We believe this proportion allows us to meet the demands of a broad range of target clientele across different geographic regions. Our diversified product range consists of residential properties that cater to the needs of first- time homebuyers and wealthy property owners as well as non-residential properties, including hotels, resorts and commercial properties.

We place strong emphasis on market research which allows us to understand the underlying market trends and enables us to adjust our product design accordingly. We have developed various standardized product series with appropriate modifications to suit the needs of various markets and customer segments. We believe that our strong brand recognition as well as our strong adaptability in different regional markets will enable us to achieve sustainable growth and high quality coordinated development.

We are able to effectively control our costs at key stages of the project development.

- *Land Acquisition*

As an early mover, we are able to access cities and regions with relatively low-cost land and high-growth potential, develop quality and cost-efficient projects and achieve cost saving at an early stage of the process.

- *Design, Tender and Procurement*

We implement a standardized operational model for design and material procurement. We are able to limit construction costs through a centralized tender process and reduce material and equipment costs through economies of scale and centralized procurement.

- *Management*

We adopt well-planned and efficient management systems and measures over the entire process of project development to reduce management and operating expenses.

We possess a highly experienced and stable management team with proven execution capabilities to adapt and respond to market changes.

- *Highly Experienced Management Team in China*

We have a highly experienced management team composed of well-regarded experts in real estate development, planning and design, and finance and other fields. The team is led by our chairman, Dr. Hui, who is a professor and doctoral advisor in management with Wuhan University of Science and Technology. He is also a standing committee member of the 12th and 13th Chinese People's Political Consultative Conference and the vice chairman of the China Real Estate Association.

Our regional management teams are trained at our headquarters and most of them have been with our Company for more than 10 years. Over years, we have recruited our staff members from a candidate pool comprised of top students from top universities in China. As of June 30, 2019, approximately 90% of our management personnel had a bachelor's degree or higher. We believe our experienced and stable management team has contributed to our success and will further enhance our execution capabilities and focus both at the headquarters and regional company level.

- *Effective Management Structure*

We have created an effective management structure by implementing an internationally advanced management approach, which is complemented with practical experience accumulated over the years. We have adopted a three-tier management system comprising the board of directors, senior management at the headquarter level and senior management at the regional subsidiary level. This management structure ensures a direct reporting line between the regional offices and the headquarters, which enhances the overall internal control of our Company. We adopt a result-oriented management model that is focused on goal-setting and performance evaluation which allows the Company to achieve rapid and sustainable development.

We aim to motivate our staff effectively through our core values of quality, integrity, innovation and efficiency. Through our superior management structure and result-oriented compensation schemes, we are able to cultivate an effective corporate culture that commands strong loyalty from our team members, which in turn enhances our competitiveness, creativity and our execution capabilities.

- *Proven Execution Ability to Adapt and Respond to Changing Market Conditions*

Our management team has developed superior strategic insights and can respond quickly to changing market conditions. Since the inception of our Company, our senior management team has periodically reviewed and set, and each time successfully implemented, our strategic plans for each phase of our growth, by focusing on accumulating a talent pool for growth, building low-cost land reserves, emphasizing product quality and branding strategy and securing financing in a timely manner to support our expansion. Under the leadership of our management team, we have achieved a significant scale and a strong market position in a relatively short period of time. For example, when the PRC government began imposing significant restrictions on home purchases in 2010, our management team further optimized our standardized operational model for premier residential units to increase their marketability and attractiveness to prospective buyers, which we believe helped us to increase our property development revenues in spite of the restrictive regulatory environment.

We have proven capability to develop projects and achieve asset turnover rapidly.

Through our integrated centralized management structure and our standardized operational model, we have proven capability to develop our projects rapidly nationwide and achieve quick asset turnover. In most cases, we have been able to commence pre-sale of our recent property developments within six to nine months after site acquisition.

Our integrated centralized management structure helps ensure efficient execution of our standardized operational model; therefore we can typically complete the project planning and design, project construction, procurement of materials and equipment, as well as obtain relevant government approvals shortly after site acquisition.

Based on our standardized project planning and design, we are able to quickly determine and implement the positioning and design of projects. We have established long-term strategic partnerships with leading vendors and this enables rapid commencement of new projects as well as efficiency and quality of the development. We have adopted a standardized quality control and construction supervision system to monitor the progress and quality of all of our construction projects. In addition, as rapid property development has been one of our key business strategies since our inception, our standardized operational model, especially our standardized marketing procedures, has further improved our efficiency in project management. By shortening the development cycle in many of our projects, we aim to maximize our investment return, which in turn improves our operating cash flow. In most cases, we have been able to commence pre-sale of our recent property developments within six to nine months after site acquisition. As some of our most successful examples, we acquired Evergrande Evergreen Garden Wuhan on January 6, 2016, launched pre-sale of this project on June 18, 2016 and achieved total contracted sales, which have not been audited or reviewed by our auditors, of approximately RMB2.11 billion by the close of the commencement day of pre-sale; we acquired Evergrande Royal Scenic Bay Tianjin on January 29, 2016 launched pre-sale of this project on August 28, 2016 and achieved total contracted sales, which have not been audited or reviewed by our auditors, of approximately RMB1.57 billion by the close of the commencement day of pre-sale; and we acquired Evergrande Dragon Court Nanjing on January 15, 2016 launched pre-sale of this project on September 26, 2016 and achieved total contracted sales, which have not been audited or reviewed by our auditors, of approximately RMB1.33 billion by the close of the commencement day of pre-sale. Our rapid development business model results in a fast turnover of our land reserves.

Business Strategies

We aim to continue to maintain our leadership position in the PRC real estate industry with a focus to capitalize on development opportunities in first- and second-tier cities and other selected cities that we believe have high-growth potential, notwithstanding the regulatory environment. We will

continue to implement our strategy of offering a diversified product range to our customers and to further optimize the standardized operational model of developing quality real estate products. We plan to implement the following strategies to achieve our goals:

Continue to replenish our land reserves in first- and second-tier cities and selected third-tier cities in prime locations

We will continue to focus on first- and second-tier cities where we currently have operations and further penetrate the market of other selected third-tier cities that we believe have high-growth potential. As of June 30, 2019, approximately 65% of our land investment is located in the first and second-tier cities with the rest located in other cities with high-growth potential, including having a large and fast growing population, a high regional economic growth rate and has high levels in resident consumption and savings. We believe those areas present business opportunities due to their sound economic growth rate, rising household disposable income, accelerating urbanization level and increasing demand for quality residential properties. In accordance with our national strategic plan, we will continue to optimize the location of our residential properties by focusing on the replenishment of land reserves closer to the city center in first- and second-tier cities and prime locations in third-tier cities to maintain stable land reserves and achieve a balanced national development distribution.

Continue to optimize and leverage our standardized operational model

We will adhere to our standardized operational model to optimize our entire product chain for quality real estate development with an aim to apply our operational experience to all of our projects nationwide and ensure the successful development and sale of each project.

Maintain a comprehensive product offering with a primary focus on residential properties

We will maintain our strategy of offering a diversified product range to our customers with a view to maintaining a target proportion of 15% and 85% in terms of the number of projects distributed among our high-end, and mid- to mid-high-end property developments, in order to attract the broadest consumer groups.

In addition, while we will continue to focus primarily on residential property developments, we aim to gradually expand and diversify our business mix to include more commercial properties to enhance our long-term financial performance and diversify risks.

Adopt prudent and disciplined financial policies

We have been implementing robust financial policies to grow total cash and net profit margins of our major businesses, including further enhancing the collection of sales proceeds, increasing the turnover of inventory assets, selling part of our investment properties and continuing to co-develop projects with other companies. As a result, we have maintained a high level of cash and cash equivalent over the years.

Moreover, we have also endeavored to manage our indebtedness and reduce our gearing ratio.

We will also continue to optimize commencement and completion plans and payment plans and control major capital expenditures for land and construction. In addition, we will continue to sell certain investment properties in our portfolio, adopt measures to improve the price of the residential properties and strive to reduce operating expenses. With respect to the control of costs and expenses, we will continue to fully implement product upgrades and replacement and standardized reform, ensuring quality while reducing production costs. We will also adopt various new types of media to lower selling expenses and make full use of information technology to lower operating expenses.

Focus on product quality to enhance our brand

We will continue to focus on developing quality real estate products which we believe are integral to enhancing our brand value. We will continue to implement strict quality standards to maintain our competitive advantages over our peers.

Recent Developments

Newly Acquired Land Since June 30, 2019

Set forth below are some of our major land acquisitions made subsequent to June 30, 2019 involving land premiums of over RMB3 billion.

- *Guiyang Evergrande Mansion.* We acquired this project in Guiyang, Guizhou province in 2019, for a total land premium of RMB3,317.8 million. The project occupies an aggregate total site area of approximately 242,743 square meters. We hold a 100% equity interest in this project.
- *Zhuhai Evergrande Yuelongtai Project.* We acquired this project in Zhuhai, Guangdong province in 2019, for a total land premium of RMB7,650.0 million. The project occupies an aggregate total site area of approximately 204,666 square meters. We hold a 60.3% equity interest in this project.
- *Weihai Evergrande The Coronation.* We acquired this project in Weihai, Shandong province in 2019, for a total land premium of RMB3,654.7 million. The project occupies an aggregate total site area of approximately 204,666 square meters. We hold a 51.0% equity interest in this project.

Our Standardized Operational Model

In our standardized operational model, we develop new projects across China based on our years of proven experience in developing quality properties. By adopting the integrated standardized operational model, our headquarters standardizes the management of all regional offices, including the operating model, project selection, project planning and design, material selection, tendering and bidding, construction management and marketing, and directly cooperates with and supervises all regional offices to ensure our internal control measures are well implemented. The chart below sets forth our organizational structure established in accordance with our integrated standardized operational model:

Site Selection

Site selection is typically conducted via a three-stage standard process. First, the development department of our headquarters and our regional offices are responsible for identifying a potential project, collecting information and performing primary screening. Should a potential project pass the primary screening, the development department, marketing department, research and development, or R&D, department and regional offices will be summoned together to conduct an in-depth analysis based on the collective experience of the parties involved and data extracted from our database. The summarized detailed analysis after multiple rounds of screening will then be submitted to our board of directors for review, discussion and final approval. We believe the above measures ensure that the new projects are in line with our overall development strategy and therefore minimize the development risk in the future.

Project Planning and Design

After acquiring the site for a new project, the R&D department, marketing department, regional office and sales agencies will each provide independent market research reports. The Board will arrange meetings with these departments to finalize product positioning and project planning, after which the R&D department will work with the relevant regional office to finalize the project planning and design plan based on the project positioning. This approach will ensure accurate market positioning, planning and design of each project.

Centralized Tender

We organize tenders and invite primarily first-rate construction companies in China to participate in the bidding for interior decoration, gardening and landscaping and other construction work to ensure high-quality construction work performed at competitive prices. We have centralized and standardized our tender process in order to facilitate our standard operating procedures to build quality products rapidly. Our legal department and internal audit department supervise the entire tender process and carefully evaluate and compare each submitted bid. This effectively ensures our quality and progress of construction, which in turn minimizes our construction costs.

Centralized Procurement

Subject to our centralized tender process, we sign long-term procurement agreements with reputable service and product suppliers in China and overseas. We have also established a unified national distribution system. This procurement and distribution system enables us to successfully minimize our overall purchasing costs while ensuring the best product quality.

Project Construction

We strictly adhere to a set of standardized plan management, progress evaluation and quality supervision process that covers all the key project development and management activities conducted by our regional offices. Our headquarters have a dedicated team of professional staff who collect information about the project progress and construction quality from each regional office through an advanced information management system. This strengthens our headquarters' control over project construction progress and quality, which in turn ensures that each property meets our requirements.

Sales and Marketing

Our sales and marketing effort follows standardized procedures so that the marketing, promotion, pricing and advertising strategies for each of our projects are created in a highly coordinated and consistent manner. These strategies are implemented for each project after being reviewed and approved by our board.

Human Resources Management

Our headquarters appoints and removes our regional office management teams. Our employee recruitment criteria, staffing and compensation structure are standardized and formulated by our headquarters, ensuring that the team composition and staff quality meet our standards.

Financial Management and Reporting Requirements

We have implemented a uniform financial management and reporting system, under which the finance department of each regional office is directly managed by our headquarters. This system allows us to standardize, consolidate and centralize our capital management nationwide. Our centralized internal risk management also covers our archives management and accounts approval process in all our regional offices.

For more details on our project development and management procedures, see “— Project Development and Management Procedures.”

Our Property Projects

Our property projects are generally divided into the following three categories:

- completed properties, comprising property projects we have completed since our inception, with the certificates of completion issued by the relevant government authorities;
- properties under development, comprising property projects with respect to which we have received land use rights certificates and partly received construction permits or governmental approval for early construction but have not yet received certificates of completion; and
- properties held for future development, comprising property projects with respect to which we have signed a land grant contract or a land transaction confirmation letter with the relevant PRC land administrative authorities, the project company equity transfer agreements or project cooperation agreements but have not yet obtained the land use right certificates.

Because our projects are typically relatively large in size and some of our projects comprise multi-phase developments on a rolling basis, a single project may include different phases at various stages of completion, under development or held for future development.

Each property project may be subject to multiple land use rights certificates, construction land planning permits, construction works planning permits, construction permits, pre-sale permits and other permits and certificates which are issued at different stages throughout their development. Our classification of properties is not directly comparable with the classification of properties in our consolidated financial information and our consolidated financial statements incorporated elsewhere in this offering memorandum.

The table below sets forth our classification of properties and the corresponding classification of properties in our consolidated financial information and our consolidated financial statements incorporated by reference into this offering memorandum:

<u>This offering memorandum</u>	<u>Consolidated financial information</u>
<ul style="list-style-type: none"> Completed properties, comprising properties with certificates of completion (including completed properties that have been sold) Property under development, comprising properties for which we have obtained land use rights certificates and partly received construction permits or approval letters for early construction, but not yet received certificates of completion Property held for future development, comprising properties for which we have not obtained land use rights certificates, but have entered into the land grant contracts or the project company equity transfer agreements, or cooperation agreements 	<ul style="list-style-type: none"> Completed properties held for sale (excluding completed properties that have been sold) Land use rights (attributable to completed properties held for sale) Investment properties Properties under development Land use rights (attributable to properties under development) Expenditures incurred for projects for which we have not yet obtained land use rights certificates were recorded as prepayments, deposits and other receivables within our current assets

Site Area Calculation. The site area information in this offering memorandum is derived on the following basis:

- when we have received the land use rights certificates for a project, the site area information in respect of such project refers to the site area information in such land use rights certificates; and
- before we receive the land use rights certificates, the site area information in respect of such project refers to the site area information in the relevant land grant contract or the relevant government permits related to such project excluding, however, the areas earmarked for public infrastructure, such as roads and community recreation zones.

When completed properties and properties under development are subject to a single land use rights certificate, we calculate the site area attributable to such completed properties and such properties under development in proportion to their respective total GFA as a percentage of the aggregate total GFA under the land use rights certificate.

GFA Calculation. The GFA information in this offering memorandum is derived on the following basis:

- when the construction of a project is completed and we have received the certificate of completion, the total GFA information in respect of the project refers to the total GFA in such certificate of completion;
- if we have not yet obtained the certificate of completion, but have obtained the construction works planning permit for the project, the total GFA information in respect of the project refers to the total GFA in such construction works planning permit;

- if we have not yet obtained the construction works planning permit, but have obtained the construction land planning outline for the project, the total GFA information in respect of the project refers to the total GFA in such construction land planning outline;
- if we have not yet obtained the construction land planning outline, but have received the government-approved design plan for the project, the total GFA information in respect of the project refers to the total GFA in such government-approved design plan; and
- if we have not obtained any of the above documents for the project, the total GFA information in respect of the project refers to the total GFA based on our current development plan for the project.

Total GFA stated in certificates of completion, pre-sale certificates, construction works planning permits, construction land planning outline and government-approved design plans includes underground GFA. Underground GFA refers to basement and other underground spaces, generally used for parking and storage purposes.

The total GFA information in this offering memorandum includes both saleable and non-saleable GFA. Saleable GFA generally includes residential properties, saleable carparks, retail shops and office space (including internal floor area and shared areas in the building that are exclusively allocated to such properties). Non-saleable GFA generally includes communal facilities, such as schools, floor area for property management purposes as required by the government, project related supplemental facilities and our own properties such as hotels and non-saleable carparks.

Saleable GFA Calculation. The saleable GFA information in this offering memorandum is derived on the following basis:

- if we have obtained property ownership certificate for a project, the saleable GFA information refers to the saleable GFA in the property ownership certificate;
- if we have not yet obtained the property ownership certificate, but have received the pre-sale permit for the project, the saleable GFA information refers to the saleable GFA in the pre-sale permit;
- if we have not yet obtained the pre-sale permit but have received the construction works planning permit for the project, the saleable GFA information in respect of the project refers to the saleable GFA estimated in such construction works planning permit;
- if we have not yet obtained the construction works planning permit, but have received the construction land planning outline for the project, the saleable GFA information in respect of the project refers to the saleable GFA estimated in such construction land planning outline;
- if we have not yet obtained the construction land planning outline, but have received the government-approved design plan for the project, the saleable GFA information in respect of the project is estimated based on such government-approved design plan; and
- if we have not yet obtained any of the above documents for the project, the saleable GFA information in respect of the project is estimated based on our current development plan for the project.

GFA sold information refers to the GFA sold or pre-sold as specified in the relevant sale and purchase agreements on an aggregate basis. GFA sold information in this offering memorandum does not include GFA of parking spaces. Unless the pre-sale of a project has started, we have provided

estimated pre-sale commencement time for such on-going project in this offering memorandum. Unless a project has already been completed, we have likewise provided estimated completion time for such on-going project in this offering memorandum.

Project Overview

Geographical distribution of our property projects as of June 30, 2019 was as follows:

As of June 30, 2019, we had completed the development of a total GFA of 271.2 million sq.m. since our inception. As of June 30, 2019, we held an aggregate 8,401,357 sq.m. of total GFA of commercial space and 360,076 car parking spaces as investment properties.

As of June 30, 2019, we had properties under development or held for future development with a total GFA of 257.5 million sq.m.

During the six months ended June 30, 2019, we had completed properties with a total GFA of approximately 28.7 million sq.m. as compared to approximately 34.3 million sq.m. during the same period in 2018.

We had projects under construction with a total GFA of approximately 122.4 million sq.m. as of June 30, 2019 as compared to approximately 119.5 million sq.m. as of December 31, 2018.

Completed Properties

For all of our completed projects, we have received the land use rights certificates, construction land planning permits, construction works planning permits, construction permits, pre-sale permits and certificates of completion.

Properties Under Development and Held for Future Development

For all of our property projects under development, we have received the land use rights certificates. With respect to “GFA with construction permits” or “GFA under construction,” we had obtained the relevant construction land planning permits, construction works planning permits and construction permits or governmental approval for early construction as of the date specified. Some of them had also received pre-sale permits. With respect to “GFA without construction permits,” we had yet to obtain some or all of the relevant construction land planning permits, construction works planning permits and construction permits as of the date specified. “GFA under development with pre-sale permits” means GFA with construction permits and pre-sale permits.

As of June 30, 2019, we had 828 property projects under development or held for future development with a total GFA of approximately 257.5 million sq.m. As of June 30, 2019, 752 of our property projects under development or held for future development had construction permits with a total GFA of approximately 122.4 million sq.m.

Product Series

Over the years, we have developed and introduced various distinctive product series to the market, including:

- Mid- to mid-high-end series represented by products within our Evergrande Oasis (恒大綠洲) series, Evergrande Metropolis (恒大名都) series, Evergrande City (恒大城) series, Evergrande Atrium (恒大雅苑) series, Evergrande Royal Scenic Bay (恒大御景灣) series, Evergrande Emerald Court (恒大翡翠華庭) series, Evergrande Bay (恒大江灣) series, Evergrande Plaza (恒大廣場) series and Evergrande Bund (恒大外灘) series, which we target to account for approximately 85% of our current projects, and are marketed toward middle to upper-middle income residents, who currently constitute the largest segment of residential real estate purchasers. Evergrande Metropolis and Evergrande City are urban residential complexes in major cities, while Evergrande Oasis and Evergrande Atrium are located in areas with the requisite natural landscape. These series are equipped with well-developed facilities and amenities within the complexes.
- High-end series represented by products within our Evergrande Palace (恒大華府) series, Evergrande Royal Scenic Peninsula (恒大御景半島) series, Evergrande Emperor Scenic (恒大帝景) series and Evergrande Royal Scenic (恒大御景) series, which we target to account for approximately 15% of our current projects, and are positioned as high-end and premium residential properties in urban centers. These series target high-income residents in such regions.

We design and develop all of our product series under our standardized management and market them under the brand name of “Evergrande” on a nationwide basis. We also market products of these series under different project names.

Within our product series, we mainly develop five types of residential properties:

- villas, which are typically independent houses with one to three stories;
- semi-detached villas, which are typically two separate houses that share a common wall;
- townhouses, which are typically connected houses of more than two units;
- condominiums, which are typically low-rise residential buildings of four to 18 stories; and
- high-rise residential buildings, which are typically higher than 18 stories.

Co-Developed Projects

In recent years, we have entered into co-development arrangements with other property developers in which we share the cost of development of a project and sales proceeds from the sale and/or pre-sale of the properties in the development. We consider a number of criteria when evaluating whether to partner with a company for co-development of a project, including the company’s economic strength and property development experience, whether they have obtained all or part of the land use rights, whether the prospective project location is good, the risk profile of the prospective project and the potential for appreciation, whether the payment terms are favorable, and whether there are low capital requirements for the early stages of development. As of June 30, 2019, we had 157 co-developed projects across 22 provinces and autonomous regions in China, including Shandong, Hebei and Zhejiang. For more information about our co-developed projects, please see “— Project Overview.”

Our profit sharing arrangements generally correspond to our equity ownership in the project development company. The terms of our co-development vary but typically, we may: (i) provide the land use rights for a project and our co-developer would contribute to the development costs through capital injections into the project company or advances of land premium; or (ii) develop the project under our name and management.

We believe such co-development arrangements have helped us expand our nation-wide footprint, while lowering our development costs and investment risks associated with construction projects in new geographical regions. We may continue to enter into such co-development arrangements as suitable opportunities arise.

Since June 30, 2019, we have entered into new co-development arrangements with other property developers for ten projects, including:

Project	Province	City	Site area (sq.m.)	GFA (sq.m.)	Attributable interest
Shijiazhuang Evergrande City Lights	Hebei	Shijiazhuang	104,647	141,000	75%

Investment Properties

Along with our residential property projects, we also develop office buildings, commercial properties, retail shop units and carpark spaces as part of our residential complexes for leasing. As we intend to hold these properties for long-term investment purposes, they are treated as investment properties. As of June 30, 2019, these investment properties included 8,401,357 sq.m. of total GFA for commercial spaces and 360,076 car parking spaces. Some of our retail shop units and carpark spaces are, or may be, located in large, multiple-use complexes. We may choose to sell the retail shop units when we believe that sales would generate a better return on our investment than through rental and capital appreciation. In the years ended December 31, 2016, 2017 and 2018 and the six months ended June 30, 2019, our rental income from investment properties amounted to RMB848 million, RMB811 million, RMB1,268 million (US\$184.7 million) and RMB821 million (US\$120 million), respectively. The increase is partly due to increased occupancy of our residential complexes.

Property Development

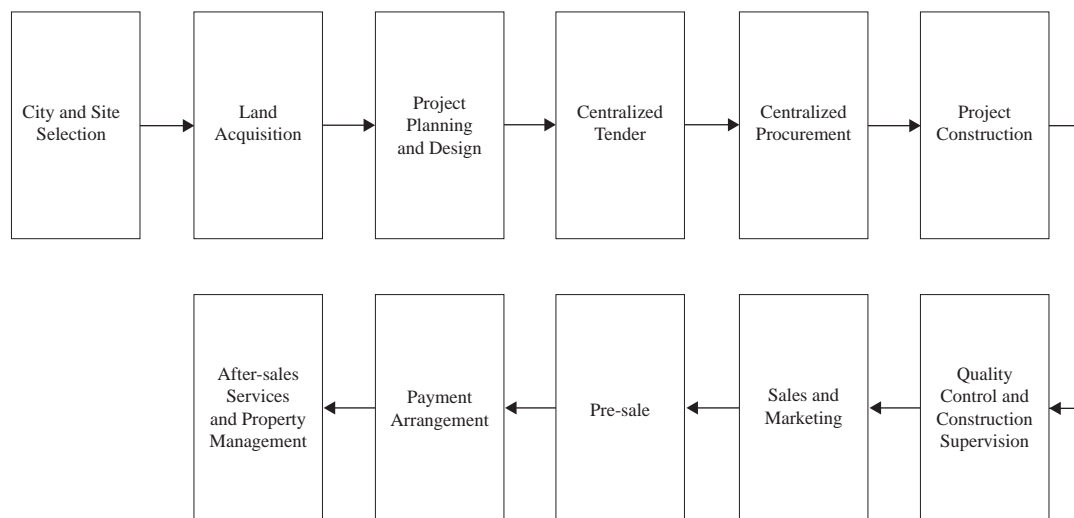

Our business operations are based on our industry-leading standardized operational model for quality real estate development. Our standard operational procedures cover all aspect of our project development process.

We believe our standardized approach to property development has enabled us to rapidly replicate our success in our home base in Guangzhou to other key provincial capitals and surrounding areas in China, to ensure consistent product quality at the same time.

The residential properties we develop are primarily composed of four major standard product series. We have also developed a standard for high-end ancillary facilities, a standard for gardening and landscaping, and a construction standard according to different product series. We develop a diversified portfolio of properties, including low-density residential buildings, multi-story residential buildings, and mid-rise and high-rise residential buildings, to cater to individual needs of different buyers. We generally favor large-scale and extra-large scale projects because our standardized operational model tends to work more effectively and efficiently with them, as they allow the appropriate economies of scale to maximize the upside potential of property development.

Project Development and Management Procedures

We maintain a systematic development approach although each project is designed to cater to the specific target market. Our property development and management procedures are summarized as below:

City and Site Selection

We screen cities and sites in China following a standardized process in order to identify opportunities suitable for our development. The primary criteria in our project site evaluation include the following:

- location in cities that we believe have high-growth potential;
- generally not less than 20,000 sq.m. in GFA for projects in first-tier and second-tier cities and not less than 300,000 sq.m. in GFA for projects in third-tier cities;
- beautiful surrounding environment, with established supporting infrastructure, convenient transportation system and appropriate value appreciation potential;
- minimal or no demolition and resettlement costs, allowing commencement of development soon after the acquisition of the land; and
- appropriate cost and attractive financial return.

Land Acquisition

According to current PRC laws and regulations, state-owned land use rights for property development must be granted by the relevant governmental authorities via public tender, auction and listing-for-sale. Land reserves may also be acquired in the secondary market through acquisition of the equity interests of companies that possess the land use rights. We acquire land use rights either by bidding directly at auctions organized by the relevant government authorities or through acquiring companies that hold land use rights.

As a property developer targeting middle to upper-middle income customers, we believe that acquiring land at competitive prices is critical to our overall development strategy. The ability to identify potentially undervalued land reserves and the effective execution of our land acquisition

strategy are our important strengths. Based on our current development and growth targets, we expect to maintain sufficient land reserves to fulfill our development requirements for the next five to eight years on a rolling basis. As of June 30, 2019, we had approximately 257.5 million sq.m. of GFA under development and held for future development. In accordance with our national strategic plan, we will continue to optimize the location of our residential properties. We will focus more on the development of projects in central urban areas in first- and second-tier cities and prime locations in third-tier cities to maintain stable land reserves and achieve a balanced national development distribution.

As of the date of this offering memorandum, we have not commenced the construction work as required by the relevant original land grant contracts with respect to a number of projects that we have acquired. However, we do not expect such land parcels to be subject to idle land fees or forfeiture primarily for the following reasons:

- the relevant local authorities' failure to deliver certain land to us due to their on-going re-zoning plans;
- our entry into supplementary agreements with the relevant local authorities to extend the commencement of the construction; and/or
- demolition of certain land has not been completed on the part of the government, preventing the construction from commencing on such land.

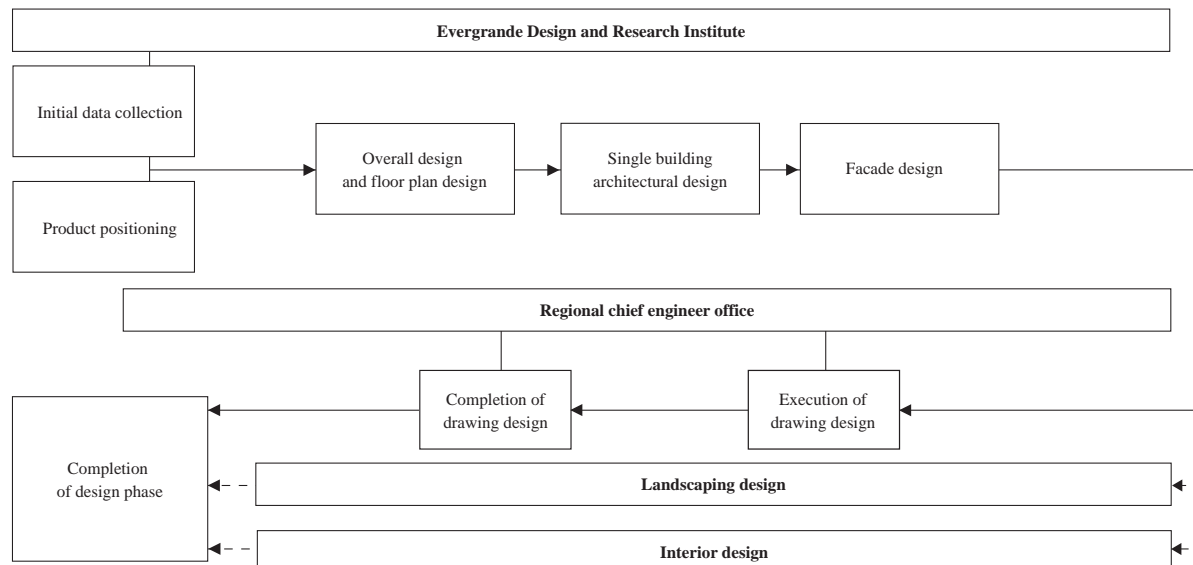

As of the date of this offering memorandum, we have not been required to pay any idle land fee or forfeit any land as a result of noncompliance with the relevant PRC laws and regulations. Although we cannot assure you that circumstances leading to forfeiture or significant delays in our development schedules will not arise in the future, we do not expect that any of our current land reserves will be subject to forfeiture based on our current development plans.

To ensure timely payment of land premiums and efficient execution of our property development, we have adopted internal control procedures to monitor and manage our land acquisitions and related financing. Our legal department has authority to perform due diligence investigations into our land acquisitions and our finance department is responsible for the feasibility analysis and funding sufficiency. Both departments report their findings and issues to our senior management. We also require our regional offices to strictly adhere to the schedules with respect to applications for land use right certificates, construction land planning permits, construction work planning permits and construction permits in compliance with the PRC laws and regulations. We closely monitor the land acquisition and project development process. In the event that we experience delays in payment of land premiums or construction schedules we will seek immediate rectification, including applications for an extension from the relevant government authorities as well as negotiation and entry into supplementary agreements. In addition, as part of our standardized operational model, we endeavor to train our staff at, and coordinate the proceedings in, our bidding and tendering department, development department and engineering department to ensure a timely property development in compliance with the PRC laws and regulations.

Project Planning and Design

We have strong in-house design capabilities. Evergrande Design and Research Institute, our in-house design subsidiary, is a nationally accredited architectural design firm composed of experienced professionals. Our design team works closely with our project managers and marketing team in master-planning and in detailed two-dimensional and three-dimensional architectural designs. Our design team also collaborates with reputable domestic and international design houses in formulating, developing and

finalizing the landscape and interior design for our projects. Our senior management is actively involved in the entire planning and design process, especially in the master- planning and architectural design of our projects. Our design process is summarized as below:

Based on our previous successful experiences, our professional R&D team has designed over 20 standard series of products. We also conduct detailed market research and analysis on the products placed by other major developers into the market. We endeavor to tailor-make and ensure highest construction, gardening, landscaping, and decoration quality in our different product series. We will continue to adopt creative architectural planning and innovative designs with a view to making our products distinctive from other offerings in the market.

In our efforts to integrate quality with distinctive designs for our properties, we have also retained renowned design houses to optimize our architectural design in various aspects. As we seek to standardize the designs of our product series and customize our mature series, we will continue to introduce new series in accordance with market demands and preferences. As an important part of our project planning and design process, we work closely with external landscape and interior designers to maximize the esthetic appeal and eco-value of our properties. In addition to distinctive design features, we also seek to distinguish our property developments by offering additional value-added functions.

We have received numerous awards in recognition of our achievement in various areas of our project designs and floor plans, including the following:

- our construction company has obtained the China Premium Qualification as a general housing construction contractor, which allows us to develop land with a total GFA of over 200,000 sq.m. and top qualifications as a general municipal public works construction contractor to perform construction, municipal engineering, decoration and landscaping of historical style buildings, which allows us to vertically integrate the construction process; and
- Evergrande Group Project Management Ltd. has obtained the China Grade A Engineering Supervision qualification, which is the highest level of engineering supervision qualification recognized in China.

Centralized Tender

We organize tenders, and invite primarily first-rate construction companies in China to participate in the bidding, for interior decoration, gardening and landscaping and other construction work to ensure that we get high-quality construction service at competitive prices. We have centralized and standardized our tender process as a part of our standard operational procedures. We outsource substantially all of our project construction work to independent contractors. We have also acquired a nationally accredited construction company to undertake some of our project construction. We also maintain strict quality control measures throughout our development chain and partner with renowned international and national service and product providers to ensure the quality of our products. Vendors and suppliers we generally partner with in our projects include:

Centralized Procurement

We have signed long-term procurement agreements with reputable service and product suppliers in China and overseas and we have also established a unified national distribution system. The procurement departments in our regional offices are managed directly by our headquarters. Our regional procurement departments submit their procurement plans of material and equipment to our headquarters on a monthly basis. We require that the difference between the actual monthly purchased quantities and the procurement plans should not exceed 10% under normal circumstances. Through such requirements, we endeavor to minimize our overall purchasing costs without compromising our quality requirement.

Our centralized procurement system plays an essential role in helping us achieve economies of scale and favorable commercial terms, and in promoting our long-term partnership with quality suppliers. We have established a rigorous screening and bidding process to select our suppliers. We mainly consider first-rate national suppliers during our screening process, from which we select three to

five suppliers in each category to form our pre-qualified vendor pool. Pre-qualified suppliers are invited to submit bids based on our product specifications and requirements. All submitted bids are reviewed and evaluated by our bidding and tendering committee, which consists of members from our senior management, procurement departments and design team. The bidding and tendering committee determines the winner based on a set of standards described in our bid-solicitation documents, such as product quality, price, supply lead time, financial strength, reputation and after-sales services. Our objective in this centralized procurement system is to obtain the required quality products and services at the best prices. Certain key construction materials and services, such as aluminum alloy materials, hardwood floor panels and site preparation, are partly provided by our subsidiaries.

Since 2006, all our construction material procurement contracts are tri-partite arrangements among us, suppliers and construction contractors. Such arrangements require suppliers to deliver their supplies directly to our regional procurement departments, which then distribute them to our construction contractors. We will effect payments to suppliers on a monthly basis by deducting such payments directly from our fees payable to the construction contractors. These arrangements not only ensure the quality of materials and equipment used in our projects but also relieve the concerns of our suppliers over potential late payment or lack of accountability on the part of construction contractors. Through our large-volume and centralized procurement arrangements, we are able to form long-term strategic partnerships with top suppliers in China and overseas to provide us, and indirectly our customers, with premium products at competitive costs. For example, we source our elevators primarily from OTIS and Shanghai Mitsubishi; power switches from SIEMENS; electrical appliances from Panasonic, Samsung and SIEMENS; kitchen electric appliances from Rinnai; bathroom fixtures from TOTO and KOHLER; switch boards from Panasonic, air conditioners and cabinets from Haier, a renowned domestic brand.

Project Construction

Our headquarters, in collaboration with all our specialized departments, formulates the standard of construction requirements and we require each of our regional offices to follow and implement the standard consistently. Our headquarters has a dedicated team of over 1,000 professional staff who collect and analyze information on project progress and construction quality from all of our regional offices on a weekly basis through our in-house information management system. This team not only sends out professionals to conduct on-site inspection, but also dispatches qualified professionals and engineers to supervise the overall construction of each individual project from time to time.

Under the supervision of our headquarters, each of our regional offices is responsible for the day-to-day management of specific project construction in accordance with our centralized standard. The construction contracts we enter into with construction companies typically contain warranties with respect to quality and timely completion of the construction projects. We require construction companies to comply with the relevant PRC laws and regulations as well as our own standards and specifications. Our construction management department is charged with the responsibility of closely monitoring quality and construction progress as well as controlling cost during construction. In the event of unsatisfactory quality of work, we will reject such work pursuant to our contractual arrangements until it is redone to our satisfaction. Our construction contracts typically require payments based on construction progress until a specified maximum percentage of the total contract sum is paid. Except for approximately 5% of the contract sum, which we generally withhold for two years from the time of completion to cover any contingent expenses incurred as a result of any construction defects, the remaining balance is payable upon confirmation of the construction quality. You should refer to the section entitled “— Quality Control and Construction Supervision” below for additional information on our quality control system.

Quality Control and Construction Supervision

We control the overall project quality directly from our headquarters by the following means:

- provision of professional guidance and technical support to our regional offices for the purpose of overseeing and supervising the construction of all our projects;
- compilation of various standardized technical guidelines and assessment systems, including our property construction management system, to manage the various aspects of project developments;
- results evaluation conducted through the monthly plans and weekly progress reports submitted by our regional offices with respect to all of our projects under development from time to time; and
- dispatch of qualified personnel to conduct on-site quality inspections on a random basis.

We emphasize and enforce our quality control at every stage of a project development from its initial planning and design through its final completion. In addition to our stringent and intensive selection process in choosing our suppliers and service providers as disclosed in the sections entitled “— Centralized Tender” and “— Centralized Procurement” above, we employ strict procedures to select, inspect and test equipment and materials we purchase. Our project management teams inspect equipment and materials to ensure their compliance with the contractual specifications before accepting them and approving payment. We reject and return any supplies that are below our standards or that do not comply with our specifications.

To ensure quality and to monitor the progress and workmanship of a construction project, our wholly owned construction supervision company, Evergrande Engineering and Supervision Co., Ltd., monitors our projects developments on a nationwide basis. Evergrande Engineering and Supervision Co., Ltd. has earned the highest qualification recognized by the PRC government and currently employs over 2,300 qualified construction supervisor-engineers. In compliance with PRC laws and regulations, we also engage certified construction supervision companies to monitor certain aspects of our project construction as specified by the relevant rules and regulations. We also require the construction contractors to implement our quality control procedures, including the appointment of their internal on-site quality control engineers, examination of materials and supplies, and their on-site inspection. We rely on our own qualified construction supervisor-engineers to effectively monitor the construction process to ensure quality control. Our qualified construction supervisor-engineers not only conduct on-site quality inspection of the construction work on a daily and continuous basis, but also are authorized to tear down sub-standard work if they deem it necessary. We have formulated a series of internal quality assurance standards and systems to regulate all major processes and procedures in our project development, including construction works, water and electricity systems, pipe networks, landscaping, fitting-out works, interior design and decoration, controls over raw materials and equipment supply. To control product quality, we have also developed an information management system to enable our headquarters to access information, on a real-time basis, on the construction progress relating to each individual building across our projects anywhere in the country.

We also make great efforts to promote safety and environmental awareness at our construction sites. Many of our construction sites in Guangzhou have received “Double Excellence Construction Sites” awards by Guangzhou municipal government. In addition, prior to handing over our property to a purchaser, our sales and customer service departments, together with our engineers and the property management company, inspect the property to ensure it is fit for delivery.

Sales and Marketing

We combine a centralized sales and marketing management team with the employment of first-rate professional property sales agencies for our sales and marketing in China. Our internal sales and marketing management team is responsible for formulating our nationwide sales and marketing strategies and supervising their execution, while the retained sales agencies are responsible for implementing such strategies and actual sales. This approach assures consistency in our promotion and sales strategy on a nationwide basis and improves efficiency in our sales.

We have over 10,000 personnel to manage and coordinate our marketing and sales. Their principal responsibilities include the following:

- market research;
- brand promotion;
- sales planning;
- property pricing; and
- sales management.

Our centralized sales and marketing management team coordinates with our regional offices in selecting qualified sales agencies and promoting our brands across different regional markets in China. Our marketing and sales management team works closely with other internal teams and external agencies in order to determine the appropriate advertising and selling plans for any particular project. They also monitor sale and pre-sale procedures conducted by sales agencies. In addition, senior members of our sales and marketing management team are also actively involved in such matters as site selection, project planning and project design.

Our promotion channels primarily include advertising through newspapers, television, radio, internet, billboards, magazines and mobile phone text messages. We generally engage first-rate property sales agencies and advertising design houses in China to assist us in our sales campaigns. As part of our marketing strategy, we organize potential customers to visit our property projects via our free shuttle buses. These showcase visits facilitate sales of our properties under development and help promote our brand.

Pre-sale

Like other developers, we pre-sell properties prior to the completion of their construction. Under the PRC pre-sale laws and regulations, property developers must satisfy specific conditions before they may pre-sell their properties under construction. These mandatory conditions include:

- The land premium has been paid in full;
- The land use right certificates, the construction land planning permits, construction works planning permits and the construction permits have been obtained;
- At least 25% of the total project development investments has been made;
- The progress and the expected completion and delivery date of the construction are certain; and
- The pre-sale permit has been obtained.

These mandatory conditions are designed to impose a timing restriction on developers with respect to the commencement of pre-sales. They are predicated on substantial progress in project construction and in capital expenditure. To protect the rights and interests of consumers, local governments generally require developers and property purchasers to use standard sales and purchase contracts prepared under the auspices of such local governments. Developers are required to file all such contracts with local land bureaus and real estate administrative authorities within 30 days of entering into such contracts. Local governments may impose additional conditions from time to time for commencing pre-sale of properties.

In addition to satisfaction of mandatory conditions required by PRC laws and regulations, we typically impose our own additional requirements before we pre-sell. To demonstrate our superior product quality to our potential buyers and to shorten the duration between pre-sale and delivery, we generally commence our pre-sale only after we have completed the landscaping, gardening, and the construction of the on-site show units and the lobby.

Payment Arrangement

Purchasers of our residential properties, including those purchasing our pre-sale properties, may pay us through mortgage loans with banks. We typically require our purchasers to pay a non-refundable deposit upon entering into provisional purchase contracts. If the purchasers later decide not to enter into formal purchase contracts, they will forfeit such deposits to us. Upon executing the formal purchase contracts, we offer the purchasers several types of payment plans with various terms. Typically, the purchasers are required to pay at least 30% of the total purchase price of the property within five days, and the remaining balance within 20 days. If the purchasers choose to fund their purchases by mortgage loans provided by banks, it is their own responsibility to apply for and obtain the mortgage approvals. Upon request, we also assist mortgage applicants by providing the relevant property information to expedite their application process. The payment terms of our sales and pre-sales are substantially identical.

Most of our customers purchase our properties through mortgage financing. In accordance with industry practice in China, we provide guarantees to mortgagee banks in respect of the mortgage loans provided to the purchasers of our pre-sold properties. These guarantees are released upon the earlier of (i) the relevant property ownership certificates being delivered to the purchasers; and (ii) the full repayment of mortgage loans by the purchasers of our properties. In line with industry practice, we do not conduct independent credit checks on our purchasers but rely on the credit checks conducted by the mortgagee banks. As of December 31, 2016, 2017 and 2018 and June 30, 2019, our outstanding guarantees on the mortgage loans of the purchasers of our pre-sold properties were approximately RMB247.7 billion, RMB339.1 billion, RMB402.4 billion (US\$58.6 billion) and RMB406.1 billion (US\$59.2 billion), respectively. You should refer to the section entitled “Risk Factors — Risks Relating to Our Business — We guarantee mortgage loans of our customers and may become liable to the mortgagee banks if our customers default on their mortgage loans” for additional risk disclosure.

After-sales Services and Property Management

We have a dedicated customer service department to manage our after-sales services. We have also set up an ownership certificate department to assist our purchasers in obtaining their property ownership certificates. We offer various communication channels, such as designated mailboxes and emails, for our customers to conveniently express their feedback and complaints about our products or services. Our customer service staff is committed to finding the best solutions to the reported problems. We also provide free publications to our existing customers to cultivate a sense of belonging and community.

Prior to delivery of properties to customers, we usually engage Jinbi Property Management, our subsidiary and a nationally accredited property management company, to manage our properties until the property owners have established a homeowner’s association pursuant to the PRC laws and regulations to choose their own property management company. We also engage well-known external professional property management or consultancy companies to manage some of our high-end projects. As of June

30, 2019, most owners of our developments who had become statutorily entitled to elect their property management companies continued to engage Jinbi Property Management to manage their properties. The property management services we provide in relation to our projects include maintenance of common facilities, cleaning, security, gardening, landscaping and other services.

Competition

We compete with other real estate developers in terms of a number of factors, including product quality, service quality, price, financial resources, brand recognition, ability to acquire proper land reserves and other factors. The property market in China is highly competitive. Our existing and potential competitors include major domestic developers and, to a lesser extent, foreign developers, such as leading developers from Hong Kong. You should refer to the section entitled “Risk Factors — Risks Relating to Our Business — Intensified competition might adversely affect our business and our financial position” for additional disclosure.

Insurance

Property developers are not required under PRC national and local laws and regulations to maintain insurance coverage in respect of their property development operations. We do not maintain insurance coverage on our properties developed for sale other than with respect to those developments over which our lending banks have security interests, or for which we are required to maintain insurance coverage under the relevant loan agreements. In addition, we do not require the construction companies we engage to maintain insurance coverage on properties under construction. We generally do not carry insurance against personal injuries that may occur during the construction of our properties. The construction companies, however, are responsible for quality and safety control during the course of the construction and are required to maintain accident insurance for their construction workers pursuant to PRC laws and regulations. To help ensure construction quality and safety, we have formulated a set of standards and specifications for the construction workers to comply with during the construction process. We deploy our own qualified construction supervisor-engineers and also engage qualified external supervision companies to oversee the construction process. Under PRC laws and regulations, the owner or manager of a property under construction bears the civil liability for personal injuries arising out of construction work unless the owner or manager can prove that it is not at fault. We have taken these and other steps in an effort to prevent construction accidents and personal injuries. We believe that we should be in a position to demonstrate that we were not at fault as the property owner if a personal injury claim should be brought against us. In addition, according to our construction contracts, any liability that may arise from tortious acts committed on work sites should be borne by the construction companies. To date, we have not experienced any destruction of or material damage to our property developments nor have any material personal injury-related claims been brought against us.

We believe that our policies with respect to insurance are in line with the industry practice in China. However, there are risks that we do not have sufficient insurance coverage for losses, damages and liabilities that may arise in our business operations. You should refer to the section entitled “Risk Factors — Risks Relating to Our Business — We have limited insurance to cover our potential losses and claims” for additional risk disclosure.

Environmental and Safety Matters

We believe that our key operations are in material compliance with currently applicable national and local environmental and safety laws and regulations. You should refer to the section entitled “Risk Factors — Risks Relating to Our Business — Potential liability for environmental damages could result in substantial outflow of our resources” for additional risk disclosure.

Legal Proceedings

From time to time we are involved in legal proceedings or disputes in the ordinary course of business, including claims relating to our guarantees for mortgage loans provided to our purchasers, contract disputes with our purchasers and suppliers and disputes with respect to our co-developed projects or land acquisition contracts. For example, in January 2016, Winlok Investment Ltd. (威諾投資有限公司) filed two lawsuits in The Fourth Intermediate People's Court of Beijing against four defendants, including a wholly-owned subsidiary of ours, Marche Limited (麗來富華集團有限公司), which holds the entire equity interest of two of our project companies in Beijing. Two project companies in Beijing participated in the proceedings of the two cases as the third party. The claims alleged that two equity transfer agreements entered into between Niceline Company Limited (麗來有限公司) and Marche Limited were invalid and the investment interests in the aforesaid project companies remained with Niceline Company Limited. The Fourth Intermediate People's Court of Beijing issued a judgment on two cases in February 2018, dismissing all the claims of Winlok Investment Ltd. Winlok Investment Ltd. appealed to the Beijing High People's Court regarding the two cases, requesting the court to vacate the judgment of the Fourth Intermediate People's Court of Beijing and to support its claims. In May 2019, the Beijing High People's Court upheld the judgment of the Fourth Intermediate People's Court of Beijing and dismissed the appeal by Winlok Investment Ltd. In December 2019, Winlok Investment Ltd. further appealed to the Supreme People's Court. As of the date of this offering memorandum, the appeal is pending. We are not aware of any material legal proceedings, claims or disputes currently existing or pending against us except as otherwise disclosed in this offering memorandum. You should refer to the section entitled "Risk Factors — Risks Relating to Our Business — We may be involved from time to time in material disputes, legal and other proceedings arising out of our operations or subject to fines and sanctions in relation to our non-compliance with certain PRC laws and regulations and may face significant liabilities as a result" for additional risk disclosure.

REGULATION

The following discussion summarizes the principal laws, regulations, policies and administrative directives to which we are subject.

The PRC Legal System

The PRC legal system is based on the PRC Constitution and is made up of written laws, regulations, directives and local laws, laws of Special Administrative Regions and laws resulting from international treaties entered into by the PRC government. Court verdicts do not constitute binding precedents. However, they are used for the purposes of judicial reference and guidance.

The National People's Congress of the PRC, or NPC, and the Standing Committee of the NPC are empowered by the PRC Constitution to exercise the legislative power of the State. The NPC has the power to amend the PRC Constitution and enact and amend basic laws governing State agencies and civil and criminal matters. The Standing Committee of the NPC is empowered to enact and amend all laws except for the laws that are required to be enacted and amended by the NPC.

The State Council is the highest organ of the State administration and has the power to enact administrative rules and regulations. The ministries and commissions under the State Council are also vested with the power to issue orders, directives and regulations within the jurisdiction of their respective departments. All administrative rules, regulations, directives and orders promulgated by the State Council and its ministries and commissions must be consistent with the PRC Constitution and the national laws enacted by the NPC. In the event that a conflict arises, the Standing Committee of the NPC has the power to annul administrative rules, regulations, directives and orders.

At the regional level, the provincial and municipal congresses and their respective standing committees may enact local rules and regulations and the people's governments may promulgate administrative rules and directives applicable to their own administrative areas. These local laws and regulations must be consistent with the PRC Constitution, the national laws and the administrative rules and regulations promulgated by the State Council.

The State Council, provincial and municipal governments may also enact or issue rules, regulations or directives in new areas of the law for experimental purposes. After gaining sufficient experience with experimental measures, the State Council may submit legislative proposals to be considered by the NPC or the Standing Committee of the NPC for enactment at the national level.

The PRC Constitution vests the power to interpret laws in the Standing Committee of the NPC. According to the Decision of the Standing Committee of the NPC Regarding the Strengthening of Interpretation of Laws passed in June 1981, the Supreme People's Court, in addition to its power to give general interpretation on the application of laws in judicial proceedings, also has the power to interpret specific cases. The State Council and its ministries and commissions are also vested with the power to interpret rules and regulations that they have promulgated. At the regional level, the power to interpret regional laws is vested in the regional legislative and administrative bodies which promulgate such laws.

The PRC Judicial System

Under the PRC Constitution and the Law of Organization of the People's Courts, the judicial system is made up of the Supreme People's Court, the local courts, military courts and other special courts. The local courts are comprised of the basic courts, the intermediate courts and the higher courts. The basic courts are organized into civil, criminal, economic and administrative divisions. The intermediate courts are organized into divisions similar to those of the basic courts, and are further organized into other special divisions, such as the intellectual property division. The higher level court supervise the basic and intermediate courts. The people's procuratorates also have the right to exercise

legal supervision over the civil proceedings of courts of the same level and lower levels. The Supreme People's Court is the highest judicial body in China. It supervises the administration of justice by all other courts.

The courts employ a two-tier appellate system. A party may appeal against a judgment or order of a local court to the court at the next higher level. Second judgments or orders given at the same level and at the next higher level are final. First judgments or orders of the Supreme People's Court are also final. If, however, the Supreme People's Court or a court at a higher level finds an error in a judgment which has been given in any court at a lower level, or the presiding judge of a court finds an error in a judgment which has been given in the court over which he presides, the case may then be retried according to the judicial supervision procedures.

The Civil Procedure Law of the PRC adopted in April 1991 and revised in August 2012 sets forth the criteria for instituting a civil action, the jurisdiction of the courts, the procedures to be followed for conducting a civil action and the procedures for enforcement of a civil judgment or order. All parties to a civil action conducted within the PRC must comply with the Civil Procedure Law. Generally, a civil case is initially heard by a local court of the municipality or province in which the defendant resides. The parties to a contract may, by express agreement, select a jurisdiction where civil actions may be brought, *provided* that the jurisdiction is either the plaintiff's or the defendant's place of residence, the place of execution or implementation of the contract or the object of the action. However, such selection can not violate the stipulations of grade jurisdiction and exclusive jurisdiction in any case.

A foreign individual or enterprise generally has the same litigation rights and obligations as a citizen or legal person of the PRC. If a foreign country's judicial system limits the litigation rights of PRC citizens and enterprises, the PRC courts may apply the same limitations to the citizens and enterprises of that foreign country within the PRC. If any party to a civil action refuses to comply with a judgment or order made by a court or an award granted by an arbitration panel in the PRC, the aggrieved party may apply to the court to request for enforcement of the judgment, order or award. There are time limits imposed on the right to apply for such enforcement. If at least one of the parties to the dispute is an individual, the time limit is one year. If both parties to the dispute are legal persons or other institutions, the time limit is six months. If a person fails to satisfy a judgment made by the court within the stipulated time, the court will, upon application by either party, mandatorily enforce the judgment.

A party seeking to enforce a judgment or order of a court against a party who is not located within the PRC and does not own any property in the PRC may apply to a foreign court with proper jurisdiction for recognition and enforcement of the judgment or order. A foreign judgment or ruling may also be recognized and enforced by the court according to the PRC enforcement procedures if the PRC has entered into, or acceded to, an international treaty with the relevant foreign country, which provides for such recognition and enforcement, or if the judgment or ruling satisfies the court's examination according to the principal of reciprocity, unless the court finds that the recognition or enforcement of such judgment or ruling will result in a violation of the basic legal principles of the PRC, its sovereignty or security, or for reasons of social and public interests.

The PRC Regulatory Regime

We operate our business substantially in China under a legal regime consisting of the Standing Committee of the National People's Congress, the State Council and several ministries and agencies under its authority including, among others, the Ministry of Land and Resources, the MOHURD, and the Ministry of Environmental Protection. According to the Institutional Reform Program of the State Council (國務院機構改革方案) promulgated by the PRC National People's Congress on March 17, 2018, the Ministry of Land and Resources has been incorporated into the newly organized Ministry of Natural Resources and the MOHURD's functions with respect to urban and rural planning has been transferred to the Ministry of Natural Resources. Besides, the Ministry of Environmental Protection has been incorporated into the newly organized the Ministry of Ecology and the Environment. Both the

Ministry of Land and Resources and the Ministry of Environmental Protection will no longer be retained following the structure reform of administrative organs led by the State Council. Pursuant to the Program for Deepening the Reform of the Party and the State Institutions (深化黨和國家機構改革方案) promulgated by the Central Committee of the PRC Communist Party on March 21, 2018, the reform of the central and state institutions is expected to be completed before the end of the fiscal year of 2018.

Establishment of a Real Estate Development Enterprise

According to the PRC Law on Administration of Urban Real Estate 《城市房地產管理法》 promulgated by the National People's Congress, effective in January 1995, as amended, a real estate developer is defined as an enterprise that engages in the development and operation of real estate for the purpose of making profits. Under the Regulations on Administration of Development of Urban Real Estate 《城市房地產開發經營管理條例》 promulgated by the State Council in July 1998, amended in 2011, 2018 and 2019, an enterprise that is to engage in development of real estate must satisfy the following requirements:

- its registered capital must be RMB1 million or more; and
- it must have four or more full-time professional real estate/construction technicians and two or more full-time accounting officers, each of whom must hold the relevant qualification certificate.

The local government of a province, autonomous region or municipality directly under the PRC central government may, based on local circumstances, impose more stringent requirements on the registered capital and the professional personnel of a real estate developer.

To establish a real estate development enterprise whose business is not falling within the category of prohibited industries for foreign investment, the developer must file the record with the competent administration for industry and commerce. The developer must also report its establishment to the real estate development authority in the location of its registration, within 30 days of the receipt of its business license. Where a foreign-invested enterprise is to be established to engage in the development and operation of real estate, it must also comply with the relevant requirements under the PRC laws and administrative regulations regarding foreign-invested enterprises and apply for approvals relating to foreign investments in China.

Pursuant to the Special Administrative Measures on Access of Foreign Investment (Negative List) (2019 Edition) 《外商投資准入特別管理措施(負面清單)(2019年版) 》, which was promulgated by the NDRC and the MOFCOM on June 30, 2019 and became effective from July 30, 2019, foreign investment in the real estate industry and the construction and operation of villas are not within the scope of special administrative measure but which shall be subject to the same restricted measures as such investments by domestic investors.

Pursuant to the Notice on Adjusting the Percentage of Capital Fund for Investment Projects in Fixed Assets 《關於調整固定資產投資項目資本金比例的通知》 issued by the State Council in May 2009, the minimum portion of the capital funding for ordinary commodity housing projects and affordable housing projects has been reduced to 20%, while that for other real estate projects has been decreased to 30%. Furthermore, pursuant to the Notice on Adjusting and Perfecting the System of Capital Fund for Investment Projects in Fixed Assets 《關於調整和完善固定資產投資項目資本金制度的通知》 issued by the State Council on September 9, 2015, the minimum portion of the capital funding for ordinary commodity housing projects and affordable housing projects remains unchanged at 20%, while it has been adjusted from 30% to 25% for other real estate projects.

In July 2006, MOHURD, MOFCOM, NDRC, PBOC, SAIC and SAFE jointly issued an Opinion on Standardizing the Admittance and Administration of Foreign Capital in the Real Estate Market 《關於規範房地產市場外資准入和管理的意見》, which provides, among other things, that an overseas entity or

individual investing in real estate in China other than for self-use must apply for the establishment of a FIREE in accordance with applicable PRC laws and may only conduct operations within the authorized business scope. The joint opinion attempts to impose additional restrictions on the establishment and operation of FIREE by regulating the amount of registered capital as a percentage of total investment in certain circumstances, limiting the validity of approval certificates and business licenses to one year, restricting the ability to transfer equity interests of a FIREE or its projects and prohibiting the borrowing of money from domestic and foreign lenders where its registered capital is not paid up or the land use rights are not obtained. In addition, the joint opinion also limits the ability of foreign individuals to purchase commodity residential properties in China.

On August 19, 2015, MOHURD, MOFCOM, NDRC, PBOC, SAIC and SAFE jointly issued an Opinion on Adjusting Policies on the Admittance and Administration of Foreign Capital in the Real Estate Market 《關於調整房地產市場外資准入和管理有關政策的通知》 which provides, among others, that (i) the ratio of registered capital to total investment of foreign invested real estate enterprises shall be subject to the Tentative Regulations on the Proportion of the Registered Capital to the Total Amount of Investment of Sino-foreign Equity Joint Ventures 《關於中外合資經營企業註冊資本與投資總額比例的暫行規定》; (ii) the requirement that a foreign invested real estate company must fully pay its registered capital before handling the procedures for domestic loans, foreign loans, and settlement of foreign exchange loans shall be canceled; (iii) the branches and representative offices of foreign institutions established in China (except the enterprises that are approved to operate real estate businesses) and the foreign individuals who work or study in China may purchase commodity houses for the purposes of self-use or living.

In May 2007, MOFCOM and SAFE issued the Circular on Strengthening and Regulating the Examination and Approval and Supervision of Foreign Direct Investment in the Real Estate Sector 《關於進一步加強、規範外商直接投資房地產業審批和監管的通知》, or Circular 50. Under Circular 50, prior to applying for establishment of real estate companies, foreign investors must first obtain land use rights and building ownership, or must have entered into pre-sale or pre-grant agreements with respect to the land use rights or building ownership. If foreign-invested enterprises in China engage in real estate development or operations or if FIREEs in China engage in new real estate project developments, they must first apply to the relevant PRC governmental authorities to expand their scope of business or scale of operations in accordance with the PRC laws and regulations related to foreign investments. In addition, the local PRC governmental authorities must file with MOFCOM for record their approvals of establishment of FIREEs, and must exercise due control over foreign investments in high-end properties. Foreign exchange authorities may not allow capital-account foreign exchange sales and settlements by FIREEs that have been established in contravention of these requirements.

In November 2010, MOFCOM promulgated the Notice on Strengthening Administration of the Approval and Registration of Foreign Investment into Real Estate Industry 《關於加強外商投資房地產業審批備案管理的通知》, which provides that, among other things, in the case that a real estate enterprise is established within the PRC with overseas capital, it is prohibited from purchasing and/or selling real estate properties completed or under construction within the PRC for arbitrage purposes. The local MOFCOM authorities are not permitted to approve foreign-invested investment companies to engage in the real estate development and management.

According to the Several Opinions of the State Council on Further Strengthening the Utilization of Foreign Investment 《國務院關於進一步做好利用外資工作的若干意見》, promulgated by the State Council in April 2010, except where approval by the relevant departments under the State Council is required by the Investment Project Catalog, foreign investment in encouraged and permitted industries with a total investment of less than US\$300 million will be examined and approved by NDRC's branches at the provincial level.

In December 2019, MOFCOM and SAMR issued Measures for Reporting of Information on Foreign Investment 《外商投資信息報告辦法》, which provides that the establishment of the foreign invested enterprises and its subsequent changes are required to submit an initial or change report

through the Enterprise Registration System. The scope of special administrative measure shall be governed by the Special Administrative Measures on Access of Foreign Investment (Negative List) (2019 Edition) (外商投資准入特別管理措施(負面清單)(2019年版)), which was promulgated by the NDRC and the on June 30, 2019 and became effective from July 30, 2019.

On March 15, 2019, the Foreign Investment Law 《中華人民共和國外商投資法》 was adopted at the Second Session of the Thirteenth National People's Congress of the PRC and came into force as of January 1, 2020. The Foreign Investment Law has replaced the Law on Sino-Foreign Equity Joint Ventures, the Law on Wholly Foreign-owned Enterprises and the Law on Sino-Foreign Cooperative Joint Ventures to become the legal foundation for foreign investment in the PRC. The Foreign Investment Law stipulates certain forms of foreign investment and regulates foreign investment through a system of pre-entry national treatment and a “negative list”. The “negative list”, which will be issued by or upon approval by the State Council, refers to special administrative measures for access of foreign investment in specific fields in China. A foreign investor shall not invest in any field prohibited from foreign investment under the “negative list” and shall meet the investment conditions stipulated under the “negative list” for any restricted fields under the “negative list”. For fields not mentioned in the “negative list”, domestic and foreign investments shall be treated equally. To implement the Foreign Investment Law, the state council promulgated the Implementing Regulations of the Foreign Investment Law 《中華人民共和國外商投資法實施條例》 in December 2019. The government and relevant departments shall treat domestic and foreign investments equally in terms of government funding, land allocation, tax deductions and exemptions, qualification, standard setting, project declarations, human resources policies.

Qualifications of a Real Estate Developer

Under the Provisions on Administration of Qualifications of Real Estate Developers 《房地產開發企業資質管理規定》 as amended in May 2015 and December 2018, or the Provisions on Administration of Qualifications, promulgated by MOHURD in March 2000, a real estate developer must apply for registration of its qualifications according to such Provisions on Administration of Qualifications. An enterprise may not engage in property development without a qualification classification certificate for real estate development. MOHURD oversees the qualifications of real estate developers with national operations, and local real estate development authorities at or above the county level oversee the qualifications of local real estate developers.

In accordance with the Provisions on Administration of Qualifications, real estate developers are classified into four classes.

- Class 1 qualifications are subject to preliminary examination by the construction authorities at the provincial level and final approval of MOHURD. A class 1 real estate developer is not restricted as to the scale of its real estate projects and may undertake a real estate development anywhere in the country.
- Class 2 or lower qualifications are regulated by the construction authorities at the provincial level subject to delegation to lower level government agencies. A real estate developer of class 2 or lower may undertake a project with a gross floor area of less than 250,000 sq.m. subject to confirmation by the construction authorities at the provincial level.

Under the relevant PRC laws and regulations, the real estate development authorities will examine applications for registration of qualifications submitted by real estate developers by considering the professional personnel in their employ, financial condition and operating results. A real estate developer that passes the qualification examination will be issued a qualification certificate of the relevant class by the qualification examination authority. A developer of any qualification classification may only engage in the development and sale of real estate within its approved scope of business and may not engage in business which is limited to another classification.

For a newly established real estate developer, the real estate development authority will issue a provisional qualification certificate, if it is an eligible developer, within 30 days of receipt by the authority of the applications. The provisional qualification certificate will be effective for one year from its date of issue and may be extended for not more than two additional years with the approval of the real estate development authority. The real estate developer must apply for qualification classification to the real estate development authority within one month before expiration of the provisional qualification certificate.

Development of a Real Estate Project

Pursuant to the Special Administrative Measures on Access of Foreign Investment (Negative List) (2019 Edition) 《外商投資准入特別措施(負面清單) (2019年版) 》, which was promulgated by the NDRC and the MOFCOM on June 30, 2019 and became effective from July 30, 2019, foreign investment in the real estate industry and the construction and operation of villas are not within the scope of special administrative measure but which shall be subject to the same restricted measures as such investments by domestic investors.

Under the Interim Regulations of the People's Republic of China on Grant and Assignment of the Use Right of State-owned Urban Land 《城鎮國有土地使用權出讓和轉讓暫行條例》 promulgated by the State Council in May 1990, China adopted a system to grant and assign the right to use state-owned land. A land user must pay a land premium to the state as consideration for the grant of the right to use a land site within a specified period of time, and the land user may assign, lease out, mortgage or otherwise commercially exploit the land use rights within the term of use. Under the relevant PRC laws and regulations, the land administration authority at the city or county level may enter into a land grant contract with the land user to provide for the grant of land use rights. The land user must pay the land premium as provided by the land use rights grant contract. After payment in full of the land premium, the land user may register with the land administration authority and obtain a land use rights certificate which evidences the acquisition of land use rights. The relevant PRC laws and regulations provide that land use rights for a site intended for real estate development must be obtained through grant except for land use rights which may be obtained through premium-free allocation by the PRC government pursuant to the PRC laws or the stipulations of the State Council. Government-allocated land is not allowed to be transferred unless the transfer is approved by the relevant PRC government authorities and the land premium, as determined by the relevant PRC government authorities, has been paid.

When carrying out the feasibility study for a construction project, the construction or the developer entity must make a preliminary application for construction on the relevant site to the relevant land administration authority in accordance with the Measures for Administration of Examination and Approval for Construction Sites 《建設用地審查報批管理辦法》 promulgated by the Ministry of Land and Resources in March 1999, as amended in November 2010 and November 2016, and the Measures for Administration of Preliminary Examination of Construction Project Sites 《建設項目用地預審管理辦法》 promulgated by the Ministry of Land and Resources in July 2001, as amended in October 2004, November 2008 and November 2016. After receiving the preliminary application, the land administration authority will carry out preliminary examinations of various aspects of the construction project in compliance with the overall zoning plans and land supply policy of the government, and will issue a preliminary approval in respect of the project site if its examination proves satisfactory. The land administration authority at the relevant city or county will sign a land use rights grant contract with the land user and issue an approval for the construction site to the construction entity or the developer.

Under the Measures for Control and Administration of Grant and Assignment of Right to Use Urban State-owned Land 《城市國有土地使用權出讓轉讓規劃管理辦法》 promulgated by MOHURD in December 1992, the grantee under a land grant contract, i.e. a real estate developer, must further apply for a permit for construction site planning from the relevant municipal planning authority. After obtaining such permit, a real estate developer will organize the necessary planning and design work. Planning and design proposals in respect of a real estate development project are again subject to relevant reporting and approval procedures required under the Law of the People's Republic of China on

Urban and Rural Planning 《中華人民共和國城鄉規劃法》 promulgated by the National People's Congress in October 2007, as amended in April 2015 and April 2019, and local statutes on municipal planning. Upon approval by the authorities, a permit for construction works planning will be issued by the relevant municipal planning authority.

In accordance with the Regulations for the Expropriation and Compensation for Housing on State-owned Land 《國有土地上房屋徵收與補償條例》 promulgated by the State Council and implemented in January 2011, with regard to the expropriation of the housing of entities and individuals on State-owned land for purposes of public interest, the owners of the housing being expropriated shall be offered a fair compensation.

Compensation offered by governments at municipal and county levels that make housing expropriation decisions regarding parties with housing being expropriated include: (i) compensation for the value of the housing being expropriated; (ii) compensation for relocation and temporary settlement caused by the housing being expropriated; and (iii) compensation for the loss arising from the suspension of production and operation caused by expropriation of housing.

The parties whose housing is being expropriated may choose monetary compensation, or may choose to exchange the property rights for another housing. If the parties whose housing is being expropriated choose to exchange the property rights for another housing, governments at municipal and county levels must provide housing used for the exchange of property rights, and calculate and settle the difference between the value of housing being expropriated and the value of the housing used for the exchange of property rights. If residential housing of an individual is expropriated due to renovation of an old urban district and the individual chooses to exchange for the property rights of another housing in the area being renovated, governments at municipal and county levels that make housing expropriation decisions must provide the housing in the area being renovated or the nearby area. The amount of compensation for the value of housing being expropriated may not be less than the market price of the real estate similar to it on the announcement date of the housing expropriation decision. The value of housing being expropriated must be appraised and determined by a real estate price appraisal institution with corresponding qualifications. A party that objects to the appraised value of the housing being expropriated may apply to the real estate price appraisal institution for review of the appraisal.

On June 3, 2011 the MOHURD promulgated Measures for Real Estate Appraisal in Expropriation of Houses on State-owned Land 《國有土地上房屋徵收評估辦法》 which provides that in appraising the value of the expropriated house, the location, purpose of use, building structure, present condition, GFA and the land area occupied, land use right, and other factors affecting the value of the expropriated house shall be taken into consideration.

When the site has been properly prepared and is ready for the commencement of construction works, the developer must apply for a permit for commencement of works from the construction authorities at or above the county level according to the Measures for Administration of Granting Permission for Commencement of Construction Works 《建築工程施工許可管理辦法》 promulgated by MOHURD in June 2014 and amended in September 2018. According to the Notice Regarding Strengthening and Regulating the Administration of Newly-commenced Projects 《國務院辦公廳關於加強和規範新開工項目管理的通知》 issued by the General Office of the State Council on November 17, 2007, before commencement of construction, all kinds of projects shall fulfill certain conditions, including, among other things, compliance with national industrial policy, development plan, land supply policy and market access standard, completion of all approval and filing procedures, compliance with zoning plan in terms of site and planning, completion of proper land use procedures and obtaining proper environmental valuation approvals and construction permit or report.

The development of a real estate project must comply with various laws and legal requirements on construction quality, safety standards and technical guidance on architecture, design and construction work, as well as provisions of the relevant contracts. On January 30, 2000, the State Council promulgated and implemented the Regulation on the Quality Management of Construction Projects 《建設工程質量管

理條例》，as amended, which sets the respective quality responsibilities and liabilities for developers, construction companies, reconnaissance companies, design companies and construction supervision companies. In August 2008, the State Council issued the Regulations on Energy Efficiency for Civil Buildings 《民用建築節能條例》，which reduces the energy consumption of civil buildings and improves the efficiency of the energy utilization. According to this regulation, the design and construction of new buildings must meet the mandatory criteria on energy efficiency for buildings, and failure to meet such criteria will result in no neither commencement of construction or acceptance upon completion. Among other things, this regulation sets forth additional requirements for property developers in the sale of commodity buildings in this respect. After completion of construction works for a project, the real estate developer must organize an acceptance examination by relevant government authorities and experts according to the Provision on Inspection Upon completion of Housing Construction and Municipal Infrastructure Projects 《房屋建築和市政基礎設施工程竣工驗收規定》 promulgated by MOHURD in December 2013, and file with the construction authority at or above the county level where the project is located within 15 days after the construction is qualified for the acceptance examination according to the Interim Measures for Reporting Details Regarding Acceptance Examination Upon Completion of Buildings and Municipal Infrastructure 《房屋建築工程和市政基礎設施工程竣工驗收備案管理暫行辦法》 promulgated by MOHURD in April 2000, as amended in October 2009. The developer must also report details of the acceptance examination according to the Interim Measures for Reporting Details Regarding Acceptance Examination upon Completion of Buildings and Municipal Infrastructure 《房屋建築工程和市政基礎設施工程竣工驗收備案管理暫行辦法》 promulgated by MOHURD in April 2000, as amended in October 2009. A real estate development project may not be delivered until and unless it has satisfactorily passed the necessary acceptance examination. Where a property project is developed in phases, an acceptance examination may be carried out for each phase upon completion.

In China, there are two registers of property interests. Land registration is effected by the issue of land use right certificates by the relevant authorities to the land users. Land use rights may be assigned, mortgaged or leased. The building registration is effected by the issue of property ownership certificates to the property owners. Property or building ownership rights are only related to the building or improvements erected on the land. Under the PRC laws and regulations, all land use rights and property ownership rights that are duly registered are protected by law. Most cities in China maintain separate registries for the registration. However, Shenzhen, Shanghai, Guangzhou and some other major cities have a consolidated registry for both land use rights and the property ownership interests for the building erected on the relevant land.

Land for Property Development

In April 1988, the National People's Congress amended the PRC Constitution to permit the transfer of land use rights in accordance with the laws and regulations. In December 1988, the National People's Congress amended the Land Administration Law 《土地管理法》，as amended, to permit the transfer of land use rights in accordance with the laws and regulations.

Under the Regulations on the Grant of State-owned Land Use Rights Through Public Tender, Auction and Listing-for-Sale 《招標拍賣掛牌出讓國有土地使用權規定》 promulgated by the Ministry of Land and Resources in May 2002, and amended in September 2007 by the Provisions on Transfer of the State-owned Construction Land Use Rights through Tendering, Auction and Listing 《招標拍賣掛牌出讓國有建設用地使用權規定》，land for commercial use, tourism, entertainment and commodity housing development must be granted by public tender, auction or listing-for-sale. Under these regulations, the relevant land administration authority at city or county level, or the grantor, is responsible for preparing the public tender or auction documents and must make an announcement 20 days prior to the day of public tender or auction with respect to the particulars of the land parcel and the time and venue of the public tender or auction. The grantor must also verify the qualification of the bidding and auction applicants, accept an open public auction to determine the winning tender or hold an auction to ascertain a winning bidder. The grantor and the winning tender or bidder will then enter into a confirmation followed by the execution of a contract for assignment of state-owned land use

rights. Over the years, the Ministry of Land and Resources has promulgated further rules and regulations to define the various circumstances under which the state-owned land use rights may be granted by means of public tender, auction and listing-for-sale or by agreement.

Under the Regulation on Grant of State-owned Land Use Rights by Agreements 《協議出讓國有土地使用權規定》 promulgated by the Ministry of Land and Resources on June 11, 2003, except for the project that must be granted through tender, auction and listing as required by the relevant laws and regulations, land use right may be granted through transfer by agreement and the land premium for the transfer by agreement of the state-owned land use right shall not be lower than the benchmark land price.

The Urgent Notice on Further Governing and Rectifying Land Market and Strengthening Administration of Land 《關於深入開展土地市場治理整頓嚴格土地管理的緊急通知》 issued by the General Office of the State Council on April 29, 2004 restated the principle of strict administration of the approval process for the construction land and protection of the basic farmlands.

The Notice on Issues Relating to Strengthening the Land Control 《關於加強土地調控有關問題的通知》 promulgated by the State Council on August 31, 2006 sets forth the administration of the receipt and disbursement of the land premium, modifies the tax policies relating to the construction land, and builds up the system of publicity for the standards of the lowest price with respect to the granted state-owned land use right.

In March 2007, the National People's Congress adopted the PRC Property Rights Law 《中華人民共和國物權法》, which became effective on October 1, 2007. According to the Property Rights Law, when the term of the right to use construction land for residential (but not other) purposes expires, it will be renewed automatically. Unless it is otherwise prescribed by any law, the owner of construction land use rights has the right to transfer, exchange, and use such land use rights as equity contributions or collateral for financing. If the state takes the premises owned by entities or individuals, it must compensate the property owners in accordance with law and protect the lawful rights and interests of the property owners.

In September 2007, the Ministry of Land and Resources further promulgated the Regulations on the Grant of State-owned Construction Land Use Rights Through Public Tender, Auction and Listing-for-sale 《招標拍賣掛牌出讓國有建設用地使用權規定》 to require that land for industrial use, except land for mining, must also be granted by public tender, auction and listing-for-sale. Only after the grantee has paid the land premium in full under the land grant contract, can the grantee apply for the land registration and obtain the land use right certificates. Furthermore, land use rights certificates may not be issued in proportion to the land premium paid under the land grant contract.

In October 2007, the Standing Committee of National People's Congress promulgated the PRC City and Countryside Planning Law 《中華人民共和國城鄉規劃法》, as amended in 2015 and 2019, pursuant to which, a construction planning permit must be obtained from the relevant urban and rural planning government authorities for building any structure, fixture, road, pipeline or other engineering project within an urban or rural planning area.

In November 2007, the Ministry of Land and Resources, the MOF and PBOC jointly promulgated the Administration Measures on Land Reserve 《土地儲備管理辦法》, which is amended in January, 2018, pursuant to which, local authorities should in accordance with the national economic and social development planning, national land planning, overall land use planning as well as urban and rural planning, prepare a three-year rolling plan for land reserve, rationally determine the size of the land reserve for the next three years, and make overall arrangements for the total amount, structure, layout, timing and other aspects of the land resources that can be collected and stored within three years, and give priority to reserve stock of construction land that is idle or used inefficiently.

In November 2009, the MOF, the Ministry of Land and Resources, PBOC, the PRC Ministry of Supervision and the PRC National Audit Office jointly promulgated the Notice on Further Enhancing the Revenue and Expenditure Control over Land Grant 《關於進一步加強土地出讓收支管理的通知》. The notice raises the minimum down-payment for land premiums to 50% and requires the land premium to be fully paid within one year after the signing of a land grant contract, subject to limited exceptions.

In March 2010, the Ministry of Land and Resources promulgated the Notice on Issues Regarding Strengthening Control and Monitor of Real Estate Land Supply 《關於加強房地產用地供應和監管有關問題的通知》. According to the notice, at least 70% of total land supply must be provisioned for affordable housing, redevelopment of shanty towns and small/medium residential units for self-use and the land supply for large residential units will be strictly controlled, while land supply for villa projects will be banned. The notice also requires that the lowest land grant price must be at least 70% of the basic land price in which the granted land is located and the real estate developers' bid deposit should be at least 20% of the lowest land grant price. The land grant contract must be executed within 10 working days after the land transaction is confirmed. The minimum down payment of the land premium will be 50% and must be paid within one month after the execution of the land grant contract. The remainder of the land grant payment must be paid in accordance with the agreement within one year. If the land grant contract is not executed in accordance with the requirement above, the land cannot be handed over and the deposit will not be returned. If no land grant premium is paid after the execution of the land grant contract, the land must be withdrawn.

In September 2010, the Ministry of Land and Resources and MOHURD jointly promulgated the Notice on Further Strengthening Control and Regulation of Land and Construction of Property Development 《關於進一步加強房地產用地和建設管理調控的通知》, which stipulated, among other things, that: (i) at least 70% of land designated for construction of urban housing must be used for affordable housing, housing for resettlement of shanty towns and small to medium-sized ordinary commercial housing; in areas with high housing prices, the supply of land designated for small to medium-sized, price-capped housing must be increased, (ii) developers and their controlling shareholders are prohibited from participating in land biddings before the rectification of certain misconduct, including (1) illegal transfer of land use rights; (2) failure to commence required construction within one year from the delivery of land under land grant contracts due to such developers' own reasons; (3) non-compliance with the land development requirements specified in land grant contracts; and (4) crimes such as swindling land by forging official documents and illegal land speculation; (iii) developers are required to commence construction within one year from the date of delivery of land under the relevant land grant contract and complete construction within three years of commencement; (iv) development and construction of projects of low-density and large-sized housing must be strictly limited and the plot ratio of the planned GFA to the total site area of residential projects must be more than 1:1; and (v) the grant of two or more bundled parcels of lands and undeveloped land is prohibited.

In December 2010, the Ministry of Land and Resources promulgated the Notice on Strict Implementation of Policies Regarding Regulation and Control of Real Property Land and Promotion of the Healthy Development of Land Markets 《關於嚴格落實房地產用地調控政策促進土地市場健康發展有關問題的通知》, which provides, among other things, that: (i) cities and counties that have less than 70% of their land supply designated for affordable housing, housing for redevelopment of shanty towns or small/medium residential units must not provide land for large-sized and high-end housing before the end of this year; (ii) land and resource authorities in local cities and counties will report to Ministry of Land and Resources and provincial land and resource authorities, respectively regarding land with a premium rate of more than 50%; and (iii) land designated for affordable housing which is used for property development against relevant policies or involves illegal income will be confiscated and the relevant land use rights will be withdrawn. Moreover, changing the plot ratio without approval is strictly prohibited.

On January 26, 2011, the General Office of the State Council issued the Notice on Relevant Issues of Further Improvement of the Control in Real Estate Market 《進一步做好房地產市場調控工作有關問題的通知》. This notice, among others, provides that:

- (i) individuals selling houses within five years of purchase will be charged business taxes on the full amount of the sale price of such houses, whether ordinary or non-ordinary;
- (ii) the minimum down payment for second house purchases is raised from 50% to 60%;
- (iii) the PRC government will forfeit the land use rights and impose an idle land fee of up to 20% of the land premium if a developer fails to obtain a construction permit and commence development for more than two years from the commencement date stipulated in the land grant contract; and
- (iv) municipalities directly under the Central Government, municipalities with independent planning status, provincial capitals and cities with high housing prices shall limit the number of homes that local residents can buy in a specified period. In principle, local resident families that own one house and non-local resident families who can provide local tax clearance certificates or local social insurance payment certificates for a required period are permitted to purchase only one additional house (including newly-built houses and second-hand houses). Sales of properties to (a) local resident families who own two or more houses, (b) non-local resident families who own one or more houses, and (c) non-local resident families who cannot provide local tax clearance certificates or local social insurance payment certificates for a required period, shall be suspended in local administrative regions. In order to implement the Notice on Relevant Issues of Further Improvement of the Control in Real Estate Market, many cities have promulgated new measures to restrict the number of houses one family is allowed to purchase.

On May 13, 2011 the Ministry of Land and Resources promulgated Opinions Regarding Upholding and Improvement of the Systems for the Granting of Land through Tender, Auction and Listing-for-sale 《關於堅持和完善土地招標拍賣掛牌出讓制度的意見》, which improve policies of tender, auction and listing in the following aspects:

- (1) Restricting the housing prices or land prices, and granting the land to be used for policy-based housing through listing or auction;
- (2) Prescribing limits on the construction floor area for affordable housing built in conjunction and granting the land to be used for commodity housing through listing or auction; and
- (3) Conducting comprehensive assessment of the conditions for development and utilization of land and the price for granting of land and determining the person with land use right through tender.

In February 2012, the Ministry of Land and Resources promulgated the Notice on Implementation Measures on Urban Housing Land Management and Regulation in 2012 《關於做好2012年房地產用地管理和調控重點工作的通知》, pursuant to which, the target total supply of urban housing land shall not be lower than the annual average supply for the preceding five years.

In May 2012, the Ministry of Land and Resources issued the Catalog for Restricted Land Use Projects (2012 Version) 《限制用地項目目錄(2012年本)》 and the Catalog for Prohibited Land Use Projects (2012 Version) 《禁止用地項目目錄(2012年本)》. In these Catalogs, the Ministry of Land and Resources set forth a ceiling for the land granted by local governments for development of commodity housing as follows: seven hectares for small cities and towns, 14 hectares for medium-sized cities and 20 hectares for large cities.

Pursuant to the Measures on Disposal of Idle Land 《閒置土地處置辦法》 promulgated in April 1994 and amended in June 2012, “idle land” refers to any state-owned land for construction use, of which the holder of the land use right fails to start the construction and development thereof within one year after the commencement date of the construction and development work as agreed upon and prescribed in the contract for fee-based use of state-owned land for construction use, or the decision on allocation of state-owned land for construction use. Any state-owned land for construction use, of which the construction and development has been started but the area of land that is under construction and development is less than one third of the total area of land that should have been under construction and development, or the invested amount is less than 25% of the total investment, or the construction and development of which has been suspended for more than one year, may also be regarded as idle land.

Idle land shall be disposed of in the following ways:

- (1) Where the land has remained idle for more than one year, the competent department of land and resources shall collect the charges for idle land at the rate of 20% of the land assignment or allocation fee; the said charges for idle land shall not be included in the production cost by the holder of the land use right; and
- (2) Where the land has remained idle for more than two years, the right to use state-owned land for construction will be withdrawn without compensation.

However, where the land is idle due to several specified acts of any government or government department, the land administrative authority may, through consultation with the holder of the land use right, choose to extend the time limit for the commencement of land construction and development, withdraw use right to land by providing compensation, or provide another plot of land for exchange, among other options.

On May 22, 2014, the Ministry of Land and Resources promulgated Provisions on the Economical and Intensive Use of Land 《節約集約利用土地規定》 (effective from September 1, 2014 and amended on July 24, 2019), which provides that land and resources authorities shall effectively control the scale of added construction lands in the metropolis; the supply of various lands under compensable use shall be not less than the lowest price standards; it is prohibited to reduce or relieve the land grant price in a disguised form by way of exchanging projects with land, returning fees after collecting them or granting subsidies or awards.

On September 12, 2014, the Ministry of Land and Resources issued Guiding Opinions on Promoting the Economical and Intensive Utilization of Land 《關於推進土地節約集約利用的指導意見》 or the Opinions. The Opinions set major targets for the economical and intensive utilization of land in the upcoming period, including placing the total quantity of land used for construction under control, continuously optimizing land utilization structure and layout, achieving obvious progress in the exploration and comprehensive improvement of land reserves, and improving the system and mechanism for the economic and intensive utilization of land. The Opinions also impose an array of requirements including deepening the reform of the system for the paid use of state-owned construction land, expanding the scope of state-owned land that can be used with compensation offered, gradually promoting the use of land with compensation offered for the construction of profit-making infrastructure and social undertakings and narrowing the scope of land the supply of which is subject to allocation.

On April 1, 2017, the Ministry of Land and Resources and the MOHURD jointly promulgated the Circular on Recently Tightening the Management and Control over Residential Properties and Land Supply 《關於加強近期住房及用地供應管理和調控有關工作的通知》, which stipulated, among other things, (i) the scale, structure and time sequence of housing land supply which will be adjusted according to the commercial housing inventory cycle and the supply of land (a) with an inventory cycle of more than 36 months shall be suspended, (b) with the inventory cycle of 18 to 36 months shall be reduced, (c) with the inventory cycle of six to 12 months shall be increased and (d) with the inventory cycle of less than six months shall be increased and accelerated; (ii) local authorities will build a fund

inspection system to ensure that the real estate developers use legally obtained funds to acquire land use rights and (iii) the local bidding system of the land use rights shall be determined in a flexible manner according to the actual status and specific conditions of land.

On May 19, 2018, the MOHURD promulgate the Circular on Further Maintaining Effective Regulation of the Real Estate Market 《關於進一步做好房地產市場調控工作有關問題的通知》, which provided that the proportion of residential land shall be enhanced in certain cities and the proportion of residential land in urban construction land is recommended to be not less than 25%.

Sale of Commodity Houses

Under the Measures for Administration of Sale of Commodity Houses 《商品房銷售管理辦法》 promulgated by MOHURD in April 2001, sale of commodity houses can include both sales before the completion of the properties, or pre-sale, and sales after the completion of the properties.

Any pre-sale of commodity buildings must be conducted in accordance with the Measures for Administration of Pre-sale of Commodity Buildings in Urban Area promulgated by MOHURD in November 1994 《城市商品房預售管理辦法》, as amended in August 2001 and July 2004, and other related regulations. The pre-sale regulations provide that any pre-sale of commodity properties is subject to specified procedures. According to the current PRC laws and regulations, a pre-sale permit must be in place before a commodity building may be put to pre-sale. Specifically, a developer intending to sell a commodity building before its completion must apply to the real estate development authorities for a pre-sale permit. A commodity building may be sold before completion only if:

- the purchase price has been paid in full for the grant of the land use rights involved and a land use rights certificate has been properly obtained;
- a construction planning permit and a construction permit have been properly obtained;
- funds invested in the development of the commodity buildings for pre-sale represent 25% or more of the total investment in the project and the construction progress as well as the completion and delivery dates have been properly ascertained; and
- a pre-sale permit has been obtained.

The pre-sale proceeds of commodity buildings must be used to develop the relevant project so pre-sold.

Commodity buildings may be put to post-completion sale and delivery after they have passed the acceptance examination and otherwise satisfy the various preconditions for such sale. Before the post-completion sale of a commodity building, the developer must, among other things, submit a real estate development project manual and other documents relating to the project evidencing the satisfaction of the preconditions for post-completion sale to the real estate development authority for its record.

In April 2010, MOHURD issued the Notice on Further Enhancing the Supervision of the Real Estate Market and Perfecting the Pre-sale System of Commodity Houses 《關於進一步加強房地產市場監管完善商品住房預售制度有關問題的通知》. Pursuant to the notice, without pre-sale approval, the commodity houses are not permitted to be pre-sold and the real estate developer is not allowed to charge the buyer any deposit, pre-payment or payment of a similar nature. In addition, the notice urges local governments to enact regulations on the sale of completed commodity properties in light of local conditions and encourages property developers to engage in the practice of selling completed commodity properties.

According to Provisions on Sales of Commodity Properties at Clearly Marked Price 《商品房銷售明碼標價規定》 which was promulgated by the NDRC on March 16, 2011 and became effective on May 1, 2011, all real estate developers and or real estate agencies are required to mark the selling price explicitly and clearly for both newly-built and second-hand commodity properties. The provisions require real estate operators to clearly indicate the prices of commodity properties to the public. With respect to the real estate development projects that have received property pre-sale permits or have completed the filing procedures for the sales of constructed properties, real estate operators shall announce all the commodity properties available for sales within the specified time limit. Furthermore, with regard to a property that has been sold out, real estate operators are obliged to disclose this information and to disclose the actual transaction price. Real estate operators cannot sell commodity properties beyond the explicit marked price or charge any other fees not explicitly marked. Moreover, real estate operators may neither mislead properties purchasers with false or irregular price marking, nor engage in price fraud by using false or misleading price marking methods.

On October 10, 2016, MOHURD promulgated the Circular on Further Regulating the Operation of Real Estate Developers to Protect the Real Estate Market Discipline 《關於進一步規範房地產開發企業經營行為維護房地產市場秩序的通知》, which requires that improper operations of real estate developers shall be investigated and punished according to law. The improper operations include releasing or spreading false housing information and advertisements, maliciously pushing higher and artificially inflating housing prices by fabricating or spreading information on rising property price and other operations.

Transfer of Real Estate

According to the PRC laws and the Provisions on Administration of Transfer of Urban Real Estate 《城市房地產轉讓管理規定》 promulgated by MOHURD in August 1995, as amended in August 2001, a real estate owner may sell, gift or otherwise legally transfer the property to another natural person or legal entity. When transferring a building, the ownership of the building and the land use rights to the site on which the building is situated are transferred together. The parties to a transfer must enter into a written real estate transfer contract and register the transfer with the real estate administration authority having jurisdiction over the location of the real estate within 90 days of the execution of the transfer contract.

Where the land use rights are originally obtained by grant, the real property may only be transferred on the condition that:

- the land premium has been paid in full for the granted land use rights as required by the land grant contract and a land use rights certificate has been properly obtained; and
- in the case of a project in which buildings are being developed, development representing more than 25% of the total investment has been completed; or
- in case of a whole land lot development project, construction works have been carried out as planned, water supply, sewerage, electricity supply, heat supply, access roads, telecommunications and other infrastructure or utilities have been made available, and the site has been leveled and made ready for industrial or other construction purposes.

If the land use rights are originally obtained by grant, the term of the land use rights after transfer of the real estate will be the remaining portion of the original term in the land grant contract. In the event that the assignee intends to change the use of the land provided in the land grant contract, consent must first be obtained from the original land use rights grantor and the planning administration authority at the relevant city or county and an agreement to amend the land grant contract or a new land grant contract must be signed in order to, *inter alia*, change the use of the land and adjust the land premium accordingly.

If the land use rights are originally obtained by allocation, such allocated land use right may be changed to granted land use rights upon approval by the government vested with the necessary approval power as required by the State Council. After the government authorities vested with the necessary approval power approve such change, the grantee must complete the formalities for the grant of the land use rights and pay the land premium according to the relevant statutes. Assignment of Land for commercial use, tourism, entertainment and commodity housing development must be conducted through public tender, auction or listing-for-sale under the current PRC laws and regulations.

Leases of Buildings

The Measures for Administration of Leases of Commodity Housing 《商品房屋租賃管理辦法》 promulgated by MOHURD on December 1, 2010 and implemented on February 1, 2011, requires parties to a leasehold arrangement of a property to register the lease agreement with property administrative authorities of the local government at the municipal or county level where the property is situated within 30 days after entering into such lease agreement. In addition, an enterprise may be imposed a fine of RMB1,000 to RMB10,000 and individuals of RMB1,000 or less if they do not register a leasing agreement within the time limit required by competent authorities. On May 17, 2016, the General Office of the State Council issued the Opinions on Accelerating the Cultivation and Development of Leasing Market 《關於加快培育和發展住房租賃市場的若干意見》, which encourages real estate developers to carry out house leasing business by utilizing built residential properties and newly built properties. The Opinions also provide a guidance on the cooperation between real estate developers and residential property leasing enterprises to develop rental property business. On July 18, 2017, the NDRC, CSRC, MOF, MOHURD, MPS, MLR, SAT, SAIC, PBOC jointly issued the Circular on Accelerating Developing the House Leasing Market in Large and Medium-Sized Cities with a Net Inflow Population 《關於在人口淨流入的大中城市加快發展住房租賃市場的通知》, which encourages real estate developers, agencies, and property management service enterprises to establish subsidiaries to expand their house rental business.

Mortgages of Real Estate

Under the PRC Urban Real Estate Administration Law 《中華人民共和國城市房地產管理法》 promulgated by the Standing Committee of the National People's Congress in July 1994, as amended respectively in 2007, 2009 and 2019 the PRC Security Law 《中華人民共和國擔保法》 promulgated by the National People's Congress in June 1995, the Measures for Administration of Mortgages of Urban Real Estate 《城市房地產抵押管理辦法》 promulgated by MOHURD in May 1997, as amended in August 2001, and Property Law of the People's Republic of China 《中華人民共和國物權法》 promulgated by the National People's Congress in March 2007, when mortgage is created on the ownership of a building legally obtained, such mortgage must be simultaneously created on the land use rights of the land on which the building is situated. The mortgagor and the mortgagee must sign a mortgage contract in writing. China has adopted a system to register mortgages of real estate. After a real estate mortgage contract has been signed, the parties to the mortgage must register the mortgage with the real estate administration authority at the location where the real estate is situated. A real estate mortgage shall be established as of the date of registration. If a mortgage is created on the real estate in respect of which a property ownership certificate has been obtained legally, the registration authority will, when registering the mortgage, make an entry under "third party rights" on the original property ownership certificate and then issue a certificate of third party rights to the mortgagee. If a mortgage is created on the commodity building put to pre-sale or on works in progress, the registration authority will, when registering the mortgage, record the details on the mortgage contract. If construction of a real property is completed during the term of a mortgage, the parties involved will re-register the mortgage of the real property after issue of the certificates evidencing the rights and ownership to the real estate.

The PRC Property Rights Law promulgated in March 2007 that became effective in October 2007 further widens the scope of assets that can be mortgaged, allowing for any asset associated with property rights to be mortgaged as collateral unless a specific prohibition under another law or regulation applies.

The down-payment requirement was subsequently increased to 30% of the property price for residential units with a unit floor area of 90 sq.m. or more in May 2006. You may refer to “— Measures on Stabilizing Housing Prices” below. The initial capital outlay requirement was subsequently increased to 35% by CBRC in August 2004 pursuant to its Guidance on Risk Management of Property Loans Granted by Commercial Banks 《商業銀行房地產貸款風險管理指引》.

In a Circular on Facilitating the Continuously Healthy Development of Property Market 《關於促進房地產市場持續健康發展的通知》 issued by the State Council in August 2003, a series of measures were adopted by the government to control the property market. They included, among others, strengthening the construction and management of low-cost affordable houses, increasing the supply of ordinary commodity houses and controlling the construction of high-end commodity houses. The government also staged a series of measures on lending for residential development, including, among others, improving the loan evaluation and lending process, improving the guarantee mechanism of individual home loans and strengthening the monitoring over property loans. It is expected that the circular will have a positive effect on the development of the PRC property market in the long run by facilitating a continuously healthy growth of the property market in China.

In September 2007, PBOC and CBRC promulgated a Circular on Strengthening the Management of Commercial Real Estate Credit Loans 《關於加強商業性房地產信貸管理的通知》, with a supplement issued in December 2007. The circular aims to tighten the control over real-estate loans from commercial banks to prevent granting excessive credit. The measures include:

- for a first-time home owner, increasing the minimum amount of down payment to 30% of the purchase price of the underlying property if the underlying property has a unit floor area of 90 sq.m. or more and the purchaser is buying the property as its own residence;
- for a second-time home buyer, increasing (i) the minimum amount of down payment to 40% of the purchase price of the underlying property and (ii) the minimum mortgage loan interest rate to 110% of the relevant PBOC benchmark one-year bank lending interest rate. If a member of a family (including the buyer, his/her spouse and their children under 18) has financed the purchase of a residential unit, any member of the family that buys another residential unit with bank loans will be regarded as a second-time home buyer;
- for a commercial property buyer, (i) requiring banks not to finance any purchase of pre-sold properties, (ii) increasing the minimum amount of down payment to 50% of the purchase price of the underlying property, (iii) increasing the minimum mortgage loan interest rate to 110% of the relevant PBOC benchmark one-year bank lending interest rate, and (iv) limiting the terms of such bank loans to no more than 10 years, although the commercial banks are given certain flexibility based on risk assessment;
- for a buyer of commercial/residential dual-purpose properties, increasing the minimum amount of down payment to 45% of the purchase price of the underlying property, with the other terms to be decided by reference to commercial properties; and
- prohibiting commercial banks from providing loans to real-estate developers who have been found by relevant government authorities to be hoarding land and properties.

In addition, commercial banks are also banned from providing loans to projects that have less than 35% of capital funds (proprietary interests), or fail to obtain land use right certificates, construction land planning permits, construction works planning permits or construction permits. Commercial banks are also prohibited from accepting commercial premises that have been vacant for more than three years as collateral for loans. In principle, real-estate development loans provided by commercial banks should only be used for projects where the commercial banks are located. Commercial banks may not provide loans to property developers to finance the payment of land premium.

According to the Notice on Extending the Downward Range of the Interest Rate for Commercial Personal Home Loans and Supporting the Residents in First-time Purchase of Ordinary Residential Homes 《擴大商業性個人住房貸款利率下浮幅度支持居民首次購買普通住房的通知》 issued by PBOC on October 22, 2008, the minimum amount of down payment has been adjusted to 20% since October 27, 2008.

In September 2010, PBOC and the CBRC jointly issued the Notice on Relevant Issues Regarding the Improvement of Differential Mortgage Loan Policies 《關於完善差別化住房信貸政策有關問題的通知》, which provides, among other things, that (i) the minimum down payment is raised to 30% for all first home purchases; (ii) commercial banks in China shall suspend mortgage loans to purchasers for their third residential property and beyond or to non-local residents who cannot provide documentation certifying payment of local tax or social security for longer than a one-year period, and (iii) all property companies with records of being involved in abuse of land, changing the use of land, postponing the construction commencement or completion date, hoarding properties or other non-compliance will be restricted from obtaining bank loans for new projects or extension of credit facilities.

Pursuant to the Notice on Relevant Issues Regarding the Further Improvement of Differentiated Mortgage Loan Policies 《關於進一步完善差別化住房信貸政策有關問題的通知》 which was jointly issued by PBOC and the CBRC in September 2015, in the city where house purchase quota policy is not applied the minimum down payment ratio is adjusted to not less than 25% for a resident family who apply commercial mortgage loan to buy their first ordinary house.

In November 2010, MOHURD, the MOF and PBOC jointly promulgated the Notice on Relevant Issues Concerning Policies of Regulation of Individual Housing Reserve Loan 《關於規範住房公積金個人住房貸款政策有關問題的通知》, which provided that, among other things: (i) where a first-time house purchaser (including the borrower, spouse and minor children) uses housing reserve loans to buy an ordinary house for self-use with a unit floor area: (a) equal to or less than 90 sq.m., the minimum down payment shall be at least 20%, (b) more than 90 sq.m., the minimum down payment shall be at least 30%; (ii) for a second-time house purchaser that uses housing reserve loans, the minimum down payment shall be at least 50%, with the minimum lending interest rate of 110% of the benchmark rate; (iii) the second housing reserve loan will only be available to families whose per capita housing area is below the average in locality, and such loan must only be used to purchase an ordinary house for self-use to improve residence conditions; and (iv) housing reserve loans to families for their third residential property and beyond will be suspended.

On January 26, 2011, the General Office of the State Council promulgated the Notice on Relevant Issues of Further Improvement of the Control in Real Estate Market 《進一步做好房地產市場調控工作有關問題的通知》, which, among other things, raised the minimum down payment for second house purchases from 50% to 60% and abolished the preferential business tax treatment on the transfer of ordinary housing within five years.

On December 28, 2019, the PBOC issued the Announcement on Matters Concerning the Shift of the Pricing Benchmark for Existing Floating Rate Loans to the LPR 《存量浮動利率貸款的定價基準轉換為LPR有關事宜公告》, which provides, among others, that (i) as of January 1, 2020, financial institutions shall not be allowed to sign floating rate loan contracts based on the benchmark lending rate; (ii) as of March 1, 2020, financial institutions shall negotiate terms with the clients to change the way of interest rate setting previously agreed upon in the contract to a method based on the LPR plus some basis points, and in principle, the pricing benchmark shift for existing floating rate loans shall be completed before August 31, 2020; (iii) when the pricing benchmark for existing floating rate loans is shifted to the LPR, the basis points added shall be determined through negotiations between the lender and the borrower, except in the case of commercial personal housing loans.

Insurance

There is no mandatory provision under the PRC laws, regulations and government rules which requires a property developer to take out insurance policies for its real estate developments. According to the common practice of the property industry in China, construction companies are usually required to submit insurance proposals in the course of tendering and bidding for construction projects. Construction companies must pay for the insurance premium at their own costs and take out insurance to cover their liabilities, such as third party liability risk, employer liability risk, risk of non-performance of contract in the course of construction and other kinds of risks associated with the construction and installation works throughout the construction period. The insurance coverage for all these risks will cease immediately after the completion and acceptance upon inspection of construction.

Measures on Stabilizing Housing Prices

The General Office of the State Council promulgated a Circular on Stabilizing Housing Price 《關於切實穩定住房價格的通知》 in March 2005, introducing measures to be taken to restrain housing prices from increasing too fast and to promote a stable development of the real estate market. In April 2005, MOHURD, NDRC, the MOF, the Ministry of Land and Resources, PBOC, SAT and CBRC jointly issued an Opinions on Stabilizing Housing Prices 《關於做好穩定住房價格工作的意見》, containing the following guidance:

- Where the housing price is growing too fast, while the supply of ordinary commodity houses at medium or low prices and low-cost affordable houses is insufficient, the housing construction should mainly involve projects of ordinary commodity houses at medium or low prices and low-cost affordable houses. The construction of low-density, high-end houses should be strictly controlled. The relevant local government authorities are authorized to impose conditions on planning and design such as the building height, plot ratio and green space and to impose such requirements as the selling price, type and gross floor area as preconditions on land assignment. The local governments are also required to strengthen their supervision of real estate developments in their jurisdictions.
- Where the price of land for residential use and the price for residential housing are growing too fast, the proportion of land supply for residential use to the total land supply should be appropriately raised, and the land supply for the construction of ordinary commodity houses at medium or low prices and low-cost affordable houses should be especially increased. Land supply for villa construction should continue to be suspended, and land supply for high-end housing property construction should be strictly restricted.
- Idle land fees must be imposed on land that has not been developed for one year from the contractual construction commencement date. Land use rights of land that has not been developed for two years must be forfeited without compensation.
- Commencing from June 1, 2005, a business tax upon transfer of a residential house by an individual within two years from his/her purchase will be levied on the entire sales proceeds from such sale. For an individual to transfer an ordinary residential house after two years from his/her purchase, the business tax will be exempted. For an individual to transfer a property other than an ordinary residential house after two years from his/her purchase, the business tax will be levied on the difference between the price of such sale and the original purchase price.
- Ordinary residential houses with medium or small gross floor areas and at medium or low prices may be granted preferential treatment, such as planning permits, land supply, credit and taxation. Houses enjoying these preferential policies must satisfy the following conditions in principle: the plot ratio is above 1.0, the gross floor area of one single unit is less than 120 sq.m., and the actual transfer price is lower than 120% of the average transfer

price of comparable houses at comparable locations. The local governments at the provincial level may, based on their actual local circumstances, formulate specific standards for ordinary residential houses that may enjoy the preferential policies.

- Transfer of unfinished commodity properties by any pre-sale purchaser is forbidden. In addition, purchasers are required to buy properties in their real names. Any commodity property pre-sale contract must also be filed electronically with the relevant government agencies immediately after its execution.

The Notice on Adjustment of the Housing Loan Policy and Deposit Rate of Excess Reserve for Commercial Banks 《關於調整商業銀行住房信貸政策和超額準備金存款利率的通知》, promulgated by PBOC in March 2005, includes adjustments to individual housing loan policies of commercial banks as well as individual housing fund loan rate. Pursuant to this notice, the preferential mortgage loan interest rate was replaced by the commercial loan interest rate, subject to certain restrictions on the lower limit on such interest rates. In the urban areas or cities with rapidly increased real estate prices, minimum down payment ratio for individual housing loans was adjusted from 20% to 30%. In May 2006, MOHURD, NDRC, PBOC and other relevant PRC government authorities jointly issued their Opinions on Housing Supply Structure and Stabilization of Property Prices 《關於調整住房供應結構穩定住房價格意見的通知》. Such opinions reiterated the existing measures and ushered in additional measures aimed at curbing rapid increases in property prices in large cities and promoting healthy development of the PRC property market. These measures include:

- requiring that at least 70% of the land supply approved by a local government for residential property development for any given year must be used for developing low-to medium-cost and small-to medium-size units and low-cost rental properties;
- requiring that at least 70% of residential projects approved or constructed on or after June 1, 2006 must consist of units with a unit floor area of less than 90 sq.m. per unit and that projects which have received approvals prior to this date but have not obtained construction permits must adjust their planning in order to be in conformity with this new requirement, with the exception that municipalities under direct administration of the PRC central government, such as Beijing, Chongqing and Shanghai, provincial capitals and certain other cities may deviate from such ratio under special circumstances upon approval from the Ministry of Construction;
- increasing the minimum amount of down-payment from 20% to 30% of the purchase price of the underlying property if the underlying property has a unit floor area of 90 sq.m. or more, effective from June 1, 2006;
- prohibiting commercial banks from lending to real estate developers with an internal capital ratio, calculated by dividing the internal funds by the total project capital required for the relevant projects, of less than 35%, restricting the grant or extension of revolving credit facilities to property developers holding a large amount of idle land and vacant commodity properties, and prohibiting commercial banks from accepting commodity properties which have been vacant for more than three years as security for their loans; and
- imposing a business tax levy on the entire sales proceeds from transfer of properties if the holding period is shorter than five years, effective from June 1, 2006, as opposed to two years when such levy was initially implemented in June 2005, and allowing such business tax to be levied on the difference between the price for such re-sale and the original purchase price in the event that an individual transfers a property other than an ordinary residential property after five years from his/her date of purchase.

In July 2006, MOHURD, NDRC, MOFCOM, PBOC, the State Administration for Industry and Commerce, and SAFE jointly issued an Opinion on Regulating the Access and Management of Foreign Capital in the Real Estate Market 《關於規範房地產市場外資准入和管理的意見》, or the 171 Opinion. The 171 Opinion aims to tighten access by foreign capital to the PRC real estate market and to restrict property purchases in China by foreign institutions or individuals. It provides, among other things, that a foreign institution or individual must establish a foreign-invested enterprise in order to purchase real property in China if the property is not intended for self use. The registered capital of such foreign-invested enterprise must amount to at least 50% of its total investments in PRC real properties if the amounts of such investments exceed US\$10 million. Branches and representative offices of foreign institutions in China and foreign individuals who work or study in China for more than one year may purchase real property for their own use but not for any other purposes. In addition, foreign institutions which have no branches or representative offices in China or foreign individuals who work or study in China for less than a year are prohibited from purchasing any real property in China. In September 2006, SAFE and MOHURD jointly issued a Notice in Respect of Foreign Exchange Issues in the Real Estate Market 《關於規範房地產市場外匯管理有關問題的通知》, or the 47 Notice, to implement the 171 Opinion. The 47 Notice provides specific procedures for purchasing real properties by foreign institutions and foreign individuals. The 47 Notice also forbids a foreign invested real estate enterprise to apply for overseas loans if it has failed to obtain the land use rights certificates, or its own capital funds do not reach 35% of the total investment for the project.

In September 2007, the Ministry of Land and Resources issued the Notice on Implementation of the State Council's Certain Opinions on Resolving Difficulties and Further Strengthening Macro-control of Land Supply 《關於認真貫徹國務院〈關於解決城市低收入家庭住房困難的若干意見〉進一步加強土地供應調控的通知》, pursuant to which, at least 70% of the land supply arranged by the relevant land administration authority at city or county level for residential property development for any given year must be used for developing low- to medium-cost and small-to medium-size units, low-cost rental properties and affordable housing.

In November 2007, the PRC government revised its Catalog of Guidance on Industries for Foreign Investment by, among other things, removing the development of ordinary residences from the foreign-investment-encouraged category and adding secondary market residential property trading and brokering into the foreign-investment-restricted category.

In July 2008, PBOC and CBRC jointly issued the Notice on Financially Promoting the Saving and Intensification of Use of Land 《關於金融促進節約集約用地的通知》, requiring that relevant financial institutions strengthen the administration of construction land project loans, including the administration of commercial real estate credit loans.

In October 2008, PBOC issued the Notice on Extending the Downward Range of the Interest Rate for Commercial Personal Home Loans and Supporting the Residents in First-time Purchase of Ordinary Residential Homes 《擴大商業性個人住房貸款利率下浮幅度支持居民首次購買普通住房的通知》, pursuant to which, since October 27, 2008, the bottom limit of the interest rate applicable to the commercial personal home loans has been extended, the minimum amount of down payment has been adjusted to 20% and the interest rate applicable to personal home loans financed by provident funds has been also reduced.

In October 2008, the MOF and the SAT issued the Notice on the Adjustments to Taxation on Real Property Transactions 《關於調整房地產交易環節稅收政策的通知》, pursuant to which, since November 1, 2008, the rate of deed tax has been reduced to 1% for a first-time home buyer of an ordinary residence with a unit floor area under 90 sq.m., individuals who sell or purchase residential properties are temporarily exempted from stamp duty and who sell residential properties are temporarily exempted from land value-added tax. However, the aforesaid preferential policy regarding deed tax has been replaced by the Notice on Adjustment of Preferential Policies Regarding Deed Tax and Individual Income Tax Incurred in Transfer of Real Property 《關於調整房地產交易環節契稅個人所得稅優惠政策的通知》 jointly promulgated by the MOF, the SAT and MOHURD in September 2010, pursuant to

which, in the case that an individual purchases an ordinary house which is the only house for the family (taking into account the purchaser, the spouse and minor children), the deed tax is reduced by half; in the case that an individual purchases an ordinary house with an GFA of 90 sq.m. or less, which is the only house for the family (taking into account the purchaser, the spouse and minor children), the deed tax is levied at a rate of 1%. Pursuant to the Notice on Adjustment of Preferential Policies Regarding Deed Tax and Business Tax Incurred in Transfer of Real Property 《關於調整房地產交易環節契稅、營業稅優惠政策的通知》, jointly promulgated by the MOF, SAT and MOHURD in February 2016, in the case that an individual purchases an ordinary house with the area of 90 sq.m. or less which is the only house for the household (taking into account the purchaser, the spouse and minor children), the deed tax is reduced to 1%, and for the ordinary house with the area of more than 90 sq.m., the deed tax is reduced to 1.5%. Besides, excluding Beijing, Shanghai, Guangzhou and Shenzhen, in the case that an individual who has owned a house purchases the second ordinary house with the area of 90 sq.m. or less, the deed tax is reduced to 1% and for the ordinary house with the area of more than 90 sq.m., the deed tax is reduced to 2%. Besides, the Notice provides that for any individual who resells the house purchased for less than two years, full business tax is levied and for an individual who resells the house purchased for two years or more, the business tax is exempted.

In December 2008, the General Office of the State Council issued the Several Opinions on Facilitating the Healthy Development of the Real Estate Market 《關於促進房地產市場健康發展的若干意見》, which aims to, among other things, encourage the consumption of the ordinary residence and support the real estate developer to handle the market change. Pursuant to this opinion, in order to encourage the consumption of the ordinary residence, from January 1, 2009 to December 31, 2009, a business tax is imposed on the full amount of the sale income upon the transfer a non-ordinary residence by an individual within two years from the purchase date. For the transfer of a non-ordinary residence that is more than two years from the purchase date and an ordinary residence that is within two years from the purchase date, the business tax is to be levied on the difference between the sale income and the purchase price. In the case of an ordinary residence, the business tax is exempted if that transfer occurs after two years from the purchase date. Furthermore, individuals with an existing ordinary residence that is smaller than the average size for their locality may buy a second ordinary residence under favorable loan terms similar to first-time buyers. In addition, support for real estate developers to deal with the changing market is to be provided by increasing credit financing services to “low-to-medium-level price” or “small-to-medium-sized” ordinary commercial housing projects, particularly those under construction, and providing financial support and other related services to real estate developers with good credit standing for merger and acquisition activities.

On March 30, 2015, SAT and MOF jointly promulgated Circular on Adjusting Policies of Business Tax on Transfer of Individual Houses 《關於調整個人住房轉讓營業稅政策的通知》 which provides that, where individuals sell houses which have been procured for less than two years, they shall pay the business tax in full amount; where individuals sell the non-ordinary houses which have been procured for more than two years (inclusive), they shall pay the business tax on the balance of their sale incomes after deduction of the price for purchasing the houses; where individuals sell ordinary houses which have been procured for more than five years (inclusive), they shall be exempted from the business tax.

In January 2010, the General Office of the State Council issued a Circular on Facilitating the Stable and Healthy Development of Property Market 《關於促進房地產市場平穩健康發展的通知》, which adopted a series of measures to strengthen and improve the regulation of the property market, stabilize market expectation and facilitate the stable and healthy development of the property market. These include, among others, measures to increase the supply of affordable housing and ordinary commodity housing, provide guidance for the purchase of property, restrain speculation of properties, and strengthen risk prevention and market supervision. Additionally, it explicitly requires a family (including a borrower, his or her spouse and children under 18), that has already purchased a residence through mortgage financing and has applied to purchase a second or more residences through mortgage financing, to pay a minimum down-payment of 40% of the purchase price.

On February 11, 2010, CBRC issued a Notice on Relevant Issues on Strengthening Administration of Real Estate Trust Business of Trust Companies 《關於加強信託公司房地產信託業務監管有關問題的通知》, which provides that, among other things, real estate projects must meet the following conditions to be eligible for loan financing from trust companies: (1) real estate projects must have obtained the land use rights certificates, construction land planning permits, construction works planning permits and construction permits; (2) developers or their controlling shareholders must be qualified as class 2 developers or higher; (3) the capital ratio of the project must satisfy the minimum requirements set by relevant authorities; and (4) trust companies may not provide trust funds to finance land reserves.

In April 2010, the State Council issued the Notice on Resolutely Containing the Excessive Hike of Property Prices in Some Cities 《堅決遏制部分城市房價過快上漲的通知》, or the April 2010 Notice, which provides that: (i) if a first-time home buyer (including a borrower, his or her spouse and children under 18) buys a residence with a unit floor area of more than 90 sq.m. for self use, the minimum down payment shall be at least 30%; (ii) if a second-time home buyer uses mortgage financing, the minimum down payment shall be at least 50% of the purchase price with a minimum mortgage lending interest rate of 110% of the benchmark rate; (iii) if a third-time or more homebuyer uses mortgage financing, the minimum down payment and interest rate thereof will be further raised. The April 2010 Notice further requires that in cities where property prices are overly high with excessive price hikes and strained housing supply, commercial banks may suspend extending bank loans for third-time or more home buyers in light of risk exposure. The provision of mortgage loans to non-local residents who cannot present the local tax clearance certificates or social insurance certification of more than one year will also be suspended.

In May 2010, MOHURD, PBOC and CBRC jointly issued the Circular on Regulating the Criteria for Identifying the Second Housing Unit in Connection with Commercial Mortgage Loans 《關於規範商業性個人住房貸款中第二套住房認定標準的通知》, which provides, among other things, that the number of housing units owned by an individual purchaser who is applying for mortgage loans shall be determined by taking into account all housing units owned by the family members of such purchaser (including the purchaser and such purchaser's spouse and children under the age of 18), and that second-time or more purchasers of housing units will be subject to different credit policies when applying for mortgage loans.

In November 2010, MOHURD and SAFE jointly promulgated the Notice on Further Regulating Administration of Purchase of Houses by Overseas Institutions and Individuals 《關於進一步規範境外機構和個人購房管理的通知》, pursuant to which, an overseas individual can only purchase one house for self-use within the PRC and an overseas institution which has established a branch or representative office in the PRC can only purchase non-residential houses for business use in the city where it is registered within the PRC.

On January 26, 2011, the General Office of the State Council promulgated the Notice on Relevant Issues of Further Improvement of the Control in Real Estate Market 《進一步做好房地產市場調控工作有關問題的通知》, which, among other things, limits the number of homes that local residents can buy in a specified period. In principle, local resident families that own one house and non-local resident families who can provide local tax clearance certificates or local social insurance payment certificates for a required period are permitted to purchase only one additional house (including newly-built houses and second-hand houses). Sales of properties to (a) local resident families who own two or more houses, (b) non-local resident families who own one or more houses, and (c) non-local resident families who cannot provide local tax clearance certificates or local social insurance payment certificates for a required period, shall be suspended in local administrative regions. In order to implement the Notice on Relevant Issues of Further Improvement of the Control in Real Estate Market, many cities have promulgated new measures to restrict the number of houses a family is allowed to purchase.

On July 19, 2012, the Ministry of Land and Resources and MOHURD jointly issued the Urgent Notice to Further Tighten Up Real Property Land Administration and Consolidate the Achievement of Macroeconomic Control of the Real Property Market 《關於進一步嚴格房地產用地管理鞏固房地產市

場調控成果的緊急通知》to strengthen the enforcement of macroeconomic policy in the real property market, which requires that residential construction projects must commence construction within one year from the date of land title delivery as stipulated in the land allocation decision or land grant contract and must be completed within three years from the date of construction commencement.

The State Council has approved, on a trial basis, the launch of a new property tax scheme in selected cities. On January 27, 2011, the governments of Shanghai and Chongqing issued their respective measures for implementing pilot property tax schemes, which became effective on January 28, 2011. Under the Shanghai Interim Rules of the Trial in Levy of Property Tax on Certain Houses 《上海市開展對部分個人住房徵收房產稅試點的暫行辦法》, among other things, starting on January 28, 2011, (i) Shanghai shall, on a trial basis, levy property taxes on a second or succeeding house in Shanghai which purchased by a local resident family and each house in Shanghai which is purchased by a non-local resident family; (ii) the applicable rate of the property tax is 0.4% or 0.6%, subject to specified circumstances; and (iii) the property tax shall be temporarily payable on the basis of 70% of the transaction value of the taxable house. Moreover, the Shanghai property tax rule provides several measures for tax deduction or exemption, including the rule that if a local resident family's GFA per capita, calculated on the basis of the consolidated living space owned by such family, is not more than 60 sq.m., such family is temporarily exempted from property tax when purchasing a second house or more in Shanghai. This provisional measure was confirmed to remain in force by the Notice on the Continuance in Force of the Notice of Shanghai Municipal Government concerning the Distribution of Provisional Measure on Levying of Property Tax on Part of Individual Residential Properties in Shanghai on a Trial Basis (關於《上海市人民政府關於印發〈上海市開展對部分個人住房徵收房產稅試點的暫行辦法〉的通知》繼續有效的通知) issued by Shanghai Municipal Government on November 28, 2018. Under the measures issued by the Chongqing government on January 27, 2011 and amended in January, 2017, the property tax in trial areas in nine major districts will be imposed on (i) stand-alone residential properties (such as villas) owned by individuals, (ii) high-end residential properties purchased by individuals on or after January 28, 2011, the purchase prices per square meter of which are two or more times of the average price of new residential properties developed within the nine major districts of Chongqing in the last two years and (iii) the first or further ordinary residential properties purchased on or after January 28, 2011 by individuals who are not local residents, or are not employed in and do not own an enterprise in Chongqing, at rates ranging from 0.5% to 1.2% of the purchase price of the property. Furthermore, the Chongqing property tax rule provides several possible deductions or exemptions, including the following: (i) for stand-alone residential properties owned before January 28, 2011, the deduction area is 180 sq.m.; (ii) for newly purchased stand-alone residential properties and high-end residential properties, the deduction area is 100 sq.m.; (iii) the deduction area shall be based on the family unit, and the deduction can only be enjoyed by one family for its single property. In addition, there is no deduction for individuals who are not local residents, not employed in or do not own an enterprise in Chongqing. These two governments may issue additional measures to tighten the levy of property tax. It is also expected that more local governments will follow Shanghai and Chongqing in imposing property tax on commodity properties, including Beijing, Shenzhen and Hangzhou.

On November 5, 2012, the Ministry of Land and Resources, the MOF, PBOC and CBRC jointly promulgated the Notice on strengthening Land Reserves and Financing Administration 《關於加強土地儲備與融資管理的通知(國土資發[2012]162號)》, in order to strengthen land reserve institutions administration, determine the reasonable scale and structure of land reserves, strengthen the administration of land pre-development, reservation and protection, and regulate the financing of land reserves and the use of land reserve funds. On December 26, 2012, the MOF, or MOF, issued the notice requiring local governments to strictly implement rules relating to the construction and management of low income housing projects. In addition, MOF will provide various measures to support construction of affordable housing in 2013, including measures (1) to ensure that all affordable housing construction financings are strictly confined to permitted financing channels only; and (2) to allow local governmental finance departments to raise funds from housing provident funds, land premium, State-

owned capital operational budgets, local government debts, and to use the funds on projects that need government funding, including public rental housing, low rental housing, and relocation housing projects.

On February 26, 2013, the State Council issued the Notice on Continuing Adjustment and Control of Property Markets 《關於繼續做好房地產市場調控工作的通知》 which requires, among other restrictive measures:

- (i) improving the responsibility system for stabilizing housing prices;

Municipalities directly under the central government, cities listed on state plans and provincial capitals (excluding Lhasa) must set an annual objective for controlling housing prices and publish annual new commodity housing price control target in the first quarter of the year.

- (ii) firmly restraining purchases of residential housing for investment and speculation purposes; and

Municipalities directly under the central government, cities listed on state plans and provincial capitals (excluding Lhasa) which have implemented restrictions on the real estate market are required to designate all administrative areas of the cities as restricted areas, and restricted housing shall include new commodity housing and second-hand housing. Non-local residents who possess one or more residential properties and fail to provide one-year or longer tax payment certificates or social insurance payment certificates are to be barred from purchasing any residential properties located in the administrative area. For cities where housing prices are increasing at an excessive rate, local branches of PBOC may further raise the down payment rate and mortgage interest rate for the purchase of a second residential property. In addition, the state will strictly enforce a 20% tax on house sale profits.

- (iii) expanding ordinary commodity housing units and increasing the supply of land.

The overall housing land supply in 2013 in principle shall not be lower than the average actual land supply in the past five years. Financial institutions, subject to credit requirements, are to prioritize requests for loans for ordinary commodity housing construction projects in which medium and small housing units constitute 70% or more of the total units in such construction project.

On September 29, 2014, the PBOC and the CBRC jointly issued Circular on Further Improving Financial Services for Housing Consumption 《關於進一步做好住房金融服務工作的通知》, which provides that, for a family who buys on loan its first ordinary house for self-use, the minimum percentage of down payment is 30%, and the lower limit of loan interest rate is 70% of the benchmark rate, to be decided by banking financial institutions in light of risk conditions. For a family who has paid up the loan of its first house and applies again to buy on loan an ordinary commodity house for the purpose of improving living conditions, the loan policies for first house shall apply. In cities where the measures of “restrictions on house buying” are lifted or not imposed, for a family who owns two or more houses and has paid up loans for them, and applies to buy another house on loan, banking financial institutions shall decide on the percentage of down payment and interest rate by prudently considering the borrower’s solvency and credit status.

On March 30, 2015, the PBOC, MOHURD and CBRC jointly promulgated the Circular on issues concerning Individual Housing Loan Policies 《關於個人住房貸款政策有關問題的通知》, which provides that, (i) where the household of a resident who owns one house, of which relevant housing loan has not been fully repaid, applies for commercial individual housing loan to purchase an ordinary house for self-living and improving their living conditions, the minimum down payment ratio is adjusted to not less than 40%; (ii) where the household of a worker who pays housing provident fund contributions uses housing provident fund commission loan to purchase the first ordinary house for self-

living, the minimum down payment ratio is 20%; where the household of a worker who owns one house, of which relevant housing loan has been fully repaid, applies for housing provident fund commission loan to purchase an ordinary house for self-living and improving their living conditions, the minimum down payment ratio is 30%.

In August, 2015, the CBRC, the MOF and PBOC jointly issued the Circular on Adjusting the Minimum Down Payment Levels for the Purchase of Houses by Individuals on the Housing Provident Fund Loan 《關於調整住房公積金個人住房貸款購房最低首付款比例的通知》, which lowered the minimum down payment to 20% for the family that owns a residential property and has paid off its existing mortgage loan applying for a second housing reserve loan to buy another residential property to improve living conditions. In Beijing, Shanghai, Guangzhou and Shenzhen, the minimum down payment of applying for housing reserve loan to buy a second residential property can be decided by local government in combination with local reality.

On February 1, 2016, PBOC and CBRC jointly issued the Notice on Issues Concerning Adjusting the Individual Housing Loan Policies 《關於調整個人住房貸款政策有關問題的通知》, which provides that in cities where housing purchase restrictions are not being implemented, the minimum down payment ratio for commercial individual housing loans granted to households for purchasing the first ordinary residential property is, in principle, 25% of the property price, which can be adjusted downward by 5% at local authority's discretion. For household that owns a residential property and has not fully repaid the existing loan applying for a further personal housing commercial loan to purchase an additional ordinary residential property to improve living conditions, the minimum down payment shall be not less than 30%.

On May 2, 2018, the MOHURD, MOF, PBOC and the Ministry of Public Security jointly issued the Notice on Resolving Irregular Withdrawal of Housing Provident Funds 《關於開展治理違規提取住房公積金工作的通知》, which provides, among other things, that all regions shall regulate and improve the housing provident fund withdrawal policy so as to prevent the withdrawal of housing provident funds from housing speculation.

Foreign Exchange Controls

Under the PRC Foreign Currency Administration Rules 《中華人民共和國外匯管理條例》 promulgated in 1996 and revised in 1997 and as amended in 2008 and various regulations issued by SAFE and other relevant PRC government authorities, Renminbi is convertible into other currencies for the purpose of current account items, such as trade related receipts and payments and the payment interest and dividends. The conversion of Renminbi into other currencies and remittance of the converted foreign currency outside China for the purpose of capital account items, such as direct equity investments, loans and repatriation of investment, requires the prior approval from SAFE or its local office. Payments for transactions that take place within China must be made in Renminbi. Unless otherwise approved, PRC companies may repatriate foreign currency payments received from abroad or retain the same abroad. Foreign-invested enterprises may retain foreign exchange in accounts with designated foreign exchange banks subject to a cap set by SAFE or its local office. Foreign exchange proceeds under the current accounts may be either retained or sold to a financial institution engaging in settlement and sale of foreign exchange pursuant to relevant rules and regulations of the State. For foreign exchange proceeds under the capital accounts, approval from SAFE is required for its retention or sale to a financial institution engaging in settlement and sale of foreign exchange, except where such approval is not required under the rules and regulations of the State.

On July 4, 2014, the SAFE issued the Notice on Issues Relating to the Administration of Foreign Exchange for Overseas Investment and Financing and Reverse Investment by Domestic Residents via Special Purpose Vehicles 《關於境內居民通過特殊目的公司境外投融資及返程投資外匯管理有關問題的通知》, or Notice 37, which replaced the Notice on Issues Relating to the Administration of Foreign Exchange for the Financing and Reverse Investment by Domestic Residents via Offshore Special Purpose Vehicles issued by SAFE in October 2005, or Notice 75. Pursuant to Notice 37, any PRC

residents, including both PRC institutions and individual residents, are required to register with the local SAFE branch before making contribution to a company set up or controlled by the PRC residents outside of the PRC for the purpose of overseas investment or financing with their legally owned domestic or offshore assets or interests, referred to in this Notice as a “special purpose vehicle.” Under Notice 37, the term “PRC institutions” refers to entities with legal person status or other economic organizations established within the territory of the PRC. The term “PRC individual residents” includes all PRC citizens (also including PRC citizens abroad) and foreigners who habitually reside in the PRC for economic benefits. A registered special purpose vehicle is required to amend its SAFE registration in the event of any change of basic information including PRC individual resident shareholder, name, term of operation, or PRC individual resident’s increase or decrease of capital, transfer or exchange of shares, merger, division or other material changes. In addition, if a non-listed special purpose vehicle grants any equity incentives to directors, supervisors or employees of domestic companies under its direct or indirect control, the relevant PRC individual residents could register with the local SAFE branch before exercising such options. The SAFE simultaneously issued a series of guidance to its local branches with respect to the implementation of Notice 37.

On March 30, 2015, SAFE issued the Circular on Reforming the Management Approach Concerning the Settlement of Foreign Currency Capital of Foreign-Invested Enterprises 《關於改革外商投資企業外匯資本金結匯管理方式的通知》, effective as of June 1, 2015, which provides that, (i) the capital of foreign-invested enterprises and capital in Renminbi obtained from foreign exchange settlement shall not be (a) directly or indirectly used for the payment beyond the business scope of the enterprises or the payment prohibited by national laws and regulations; (b) directly or indirectly used for investment in securities unless otherwise provided by laws and regulations; (c) directly or indirectly used for granting the entrust loans in Renminbi (unless permitted by the scope of business), repaying the inter-enterprise borrowings (including advances by the third party) or repaying the bank loans in Renminbi that have been sub-lent to the third party; and (d) used for paying the expenses related to the purchase of real estate not for self-use, except for the foreign-invested real estate enterprises; (ii) except for transfer of equity investment in the original currency, foreign-invested enterprises with investment as the primary business are permitted to directly settle the foreign exchange capital or transfer the capital in Renminbi in the Account Pending for Foreign Exchange Settlement Payment to the account of invested enterprises based on the actual investment scale on the premise that the domestic investment project is authentic and compliant.

On June 09, 2016, SAFE issued the Circular on Reforming and Regulating the Policies on the Control over Foreign Exchange Settlement of Capital Account 《關於改革和規範資本項目結匯管理政策的通知》 which provides that, among others, (i) foreign invested enterprise may go through the foreign exchange settlement for their foreign debts at its own discretion; (ii) foreign exchange receipts of capital account, including foreign exchange capital, foreign debts, and repatriated funds raised through overseas listing, subject to discretionary settlement as expressly prescribed in the relevant policies, provisionally, may be settled up to 100% with banks according to the actual need of domestic enterprises for business operation and (iii) foreign exchange receipts of capital account and the receipt in Renminbi obtained from foreign exchange settlement shall not be (a) directly or indirectly used for the payment beyond the business scope of the enterprises or the payment prohibited by national laws and regulations; (b) directly or indirectly used for investment in securities unless otherwise provided by law and regulations; (c) used for the granting of loans to non-affiliated enterprises unless otherwise permitted in business scope of licenses; and (d) except for real estate enterprises, used for the construction or purchase of real estate for purposes other than self-use.

PRC Taxation

Because we are not incorporated in the PRC, your investment in our Notes is largely exempt from PRC tax laws, except as disclosed in the sections entitled “Risk Factors — We may be deemed a PRC resident enterprise under the PRC Enterprise Income Tax Law, which may subject us to PRC taxation on our worldwide income, require us to withhold taxes on interest we pay on the Notes and require holders of the Notes to pay taxes on gains realized from the sale of the Notes,” and “Taxation — PRC

Taxation.” But because virtually all of our business operations are in mainland China and we carry out these business operations through operating subsidiaries and joint ventures organized under the PRC law, our PRC operations and our operating subsidiaries and joint ventures in mainland China are subject to PRC tax laws and regulations, which indirectly affect your investment in our shares.

Dividends from Our PRC Operations

Under the PRC tax laws effective prior to January 1, 2008, dividends paid by our PRC subsidiaries or joint ventures to us were exempt from PRC income tax. However, pursuant to the PRC Enterprise Income Tax Law, effective on January 1, 2008 and amended on February 24, 2017 and December 29, 2018, and its implementation rules which became effective on January 1, 2008, dividends payable by foreign invested enterprises, such as subsidiaries and joint ventures in China, to their foreign investors are subject to withholding tax at a rate of 10%, unless lower treaty rate is applicable.

Under the PRC Enterprise Income Tax Law and its implementation rules, enterprises established under the laws of foreign jurisdictions but whose “de facto management body” is located in China are treated as “resident enterprises” for PRC tax purposes, and will be subject to PRC income tax on their worldwide income. For such PRC tax purposes, dividends from PRC subsidiaries to their foreign shareholders are excluded from such taxable worldwide income. Under the implementation rules of the PRC Enterprise Income Tax Law, “de facto management bodies” are defined as the bodies that have material and overall management control over the business, personnel, accounts and properties of an enterprise. Because this tax law is new and its implementation rules are newly issued, there is uncertainty as to how this new law and its implementation rules will be interpreted or implemented by relevant tax bureaus.

Our Operations in Mainland China

Our subsidiaries and joint ventures through which we conduct our business operations in mainland China are subject to PRC tax laws and regulations.

Deed Tax. Under the PRC Interim Regulation on Deed Tax 《中華人民共和國契稅暫行條例》, a deed tax is chargeable to transferees of land use rights and/or ownership in real properties within the territory of mainland China. These taxable transfers include:

- grant of use right of state-owned land;
- sale, gift and exchange of land use rights, other than transfer of right to manage rural collective land; and
- sale, gift and exchange of real properties.

Deed tax rate is between 3% to 5% subject to determination by local governments at the provincial level in light of the local conditions. In October 2008, the MOF and the SAT issued the Notice on the Adjustments to Taxation on Real Property Transactions 《關於調整房地產交易環節稅收政策的通知》, pursuant to which, since November 1, 2008, the rate of deed tax has been reduced to 1% for a first-time home buyer of an ordinary residence with a unit floor area less than 90 sq.m.; individuals who sell or purchase residential properties are temporarily exempted from stamp duty and those who sell residential properties are temporarily exempted from land value-added tax. However, the aforesaid preferential policy regarding deed tax has been replaced by the Notice on Adjustment of Preferential Policies Regarding Deed Tax and Individual Income Tax Incurred in Transfer of Real Property 《關於調整房地產交易環節契稅個人所得稅優惠政策的通知》 jointly promulgated by the MOF, the SAT and MOHURD on September 29, 2010, pursuant to which, in the case that an individual purchases an ordinary house which is the only house for the family (including the purchaser, the spouse and minor children), deed tax is reduced by half; in the case that an individual purchases an ordinary house with an GFA of 90 sq.m. or below, which is the only house for the family, deed tax is levied at a rate of 1%.

Enterprise Income Tax. Prior to the PRC Enterprise Income Tax Law and its implementation rules that became effective on January 1, 2008, our PRC subsidiaries and joint ventures were generally subject to a 33% corporate income tax. Under the PRC Enterprise Income Tax Law, effective from January 1, 2008, a unified enterprise income tax rate is set at 25% for both domestic enterprises and foreign-invested enterprises. The PRC Enterprise Income Tax Law and its implementation rules provide certain relief to enterprises that were established prior to March 16, 2007, including (1) continuously enjoying the preferential income tax rate during a five-year transition period if such enterprises are entitled to preferential income tax rate before the effectiveness of the PRC Enterprise Income Tax Law; (2) continuously enjoying the preferential income tax rate until its expiry if such enterprises are entitled to tax holidays for a fixed period under the relevant laws and regulations. However, where the preferential tax treatment has not commenced due to losses or accumulated loss not being fully offset, such preferential tax treatment shall be deemed to commence from January 1, 2008 and expire on December 31, 2013. In addition, dividends from PRC subsidiaries to their foreign shareholders will be subject to a withholding tax at a rate of 10% unless any lower treaty rate is applicable. Under the PRC Enterprise Income Tax Law and its implementation rules, enterprises established under the laws of foreign jurisdictions but whose “de facto management body” is located in China are treated as “resident enterprises” for PRC tax purposes, and will be subject to PRC income tax on their worldwide income. Dividends from PRC subsidiaries to their foreign shareholders are excluded from such taxable worldwide income. Under the implementation rules of the PRC Enterprise Income Tax Law, “de facto management bodies” are defined as bodies that have material and overall management control over the business, personnel, accounts and properties of an enterprise. There is uncertainty as to how this law and its implementation rules will be interpreted or implemented by relevant tax bureaus.

In addition, pursuant to the Arrangement between Mainland China and Hong Kong for the Avoidance of Double Taxation and Prevention of Fiscal Evasion with respect to Taxes on Income 《內地和香港特別行政區關於對所得避免雙重徵稅和防止偷漏稅的安排》，signed on August 21, 2006 and applicable, in Hong Kong, to income derived in any year of assessment commencing on or after April 1, 2007 and, in Mainland China, to any year commencing on or after January 1, 2006, a company incorporated in Hong Kong is subject to withholding income tax at a rate of 5% on dividends it receives from its PRC subsidiaries, if it holds a 25% or more equity interest in each such PRC subsidiary at the time of the distribution, or 10% if it holds less than a 25% equity interest in that subsidiary. On August 27, 2015, SAT released the Announcement on Promulgating the Administrative Measures for Non-resident Taxpayers to Enjoy the Treatment Under Taxation Treaties 《關於發布〈非居民納稅人享受稅收協定待遇管理辦法〉的公告》 effective on November 1, 2015, as amended, which provides that any non-resident taxpayer meeting requirements for enjoying preferential treatment under the Tax Conventions or International Transportation Conventions may be entitled to such preferential treatment himself/herself when filing a tax return or making a withholding declaration through a withholding agent, subject to the subsequent administration by the tax authorities. On October 14, 2019, SAT issued the Announcement on Promulgating the Administrative Measures for Non-resident Taxpayers’ Enjoyment of Treaty Benefits 《關於發布非居民納稅人〈享受協定待遇管理辦法〉的公告》，the SAT No. 35 Announcement, effective on January 1, 2020 and replace the above announcement. The SAT No. 35 Announcement restates the foregoing and further expressly states that the non-resident taxpayers who enjoy the treaty benefits shall collect and retain relevant materials for review in accordance with the provisions of the SAT No. 35 Announcement and accept the follow-up administration of tax authorities. In addition, on October 29, 2015, SAT issued the Administration Rules for Non-resident Taxpayers to Enjoy the Treatment Under Taxation Treaties (Trial) 《非居民納稅人享受稅收協定待遇管理規程（試行）》，effective on November 1, 2015, which clarifies the responsibility of the relevant tax authorities to implement the above announcement.

On March 6, 2009, SAT issued the Measures for Dealing with Income Tax of Enterprise Engaged in Real Estate Development and Operation 《房地產開發經營業務企業所得稅處理辦法》 effective on January 1, 2008, amended in 2014 and 2018, which specifically stipulates the rules regarding tax treatment of income and deduction of cost and fees, verification of calculated tax cost and tax treatment on certain matters of the real estate development enterprise according to the Enterprise Income Tax Law and its implementation rules.

Value Added Tax. Under the PRC Interim Regulations on Business Tax 《中華人民共和國營業稅暫行條例》 of 1994, as amended in 2008, services in mainland China are subject to business tax. Taxable services include sale of real property in mainland China. Business tax rate is between 3% to 20% depending on the type of services provided. Sale of real properties and other improvements on the land attract a business tax at the rate of 5% of the turnover of the selling enterprise payable to the relevant local tax authorities. Pursuant to The Decision of the State Council on Abolishing the PRC Interim Regulations on Business Tax and Amending the PRC Interim Regulations on Value-Added Tax 《國務院關於廢止〈中華人民共和國營業稅暫行條例〉和修改〈中華人民共和國增值稅暫行條例〉的決定》 issued and implemented on November 19, 2017 by the State Council, the State Council has decided to abolish the PRC Interim Regulations on Business Tax and introduced the following amendments to the PRC Interim Regulations on Value-Added Tax at the same time. Under the PRC Interim Regulations on Value-Added Tax 《中華人民共和國增值稅暫行條例》 promulgated by the State Council in December 1993 and amended in November 2008, February 2016 and November 2017, all units and individuals engaged in the sale of goods, provision of processing, repairs and replacement services, sales services, intangible properties, real estate, and the importation of goods within the PRC are taxpayers of the value added tax, and should pay value added tax. value added tax rate is between 3% to 17% depending on the type of taxable sales activities provided. On March 20, 2019, MOF, SAT and the General Administration of Customs jointly promulgated issued the Announcement on Relevant Policies for Deepening Value-Added Tax Reform 《關於深化增值稅改革有關政策的公告》 effective from April 1, 2019, which stipulates that the VAT rate will be adjusted downward to 13% for general VAT taxpayers that previously pay VAT at 16% for their taxable sales or imported goods, and to 9% for those previously subject to 10%.

However, on March 23, 2016, SAT issued Notice on Adjustment of Transforming Business Tax to Appreciation Tax 《關於全面推開營業稅改徵增值稅試點的通知》, implemented on May 1, 2016, which provides that the sale of self-developed old real estate projects (refers to real estate projects launched time before April 30, 2016 stating on the construction works commencement permit) by a general taxpayer among real estate developers shall be subject to a simple tax rate of 5%. Real estate developers selling real estate project by advance payment will be subject to an appreciation tax of 3% when receiving advance payment.

Pursuant to the Interim Measures on the Management of Value Added Tax of Self-developed Real Estate Project by the Sale of Real Estate Developers 《房地產開發企業銷售自行開發的房地產項目增值稅徵收管理暫行辦法》 issued on March 31, 2016 and implemented on May 1, 2016 by SAT, VAT is payable by real estate developers in the calendar month immediately following receipt of presale proceeds of real estate self-development in accordance with a given formula. The applicable rate is 11%. Nevertheless, for developers conducting old real estate projects and who have chosen to apply the simplified tax method, the simplified rate of 5% will be applied in calculating the prepaid VAT. The simplified tax method will be applicable for 36 months once chosen.

VAT is payable by taxpayers in the calendar month immediately following receipt of presale proceeds of real estate self-development in accordance with a given formula. The applicable rate is 11%. Nevertheless, for taxpayers conducting old real estate projects and who have chosen to apply the simplified tax method, the simplified rate of 5% will be applied in calculating the prepaid VAT. Once the simplified tax method is chosen, it will be applicable for 36 months.

Old real estate projects refer to (1) real estate projects with commencement dates of construction stated in the Construction Permits prior to April 30, 2016, and (2) construction projects with no commencement dates not stated in the Construction Permits, or construction projects with commencement dates of construction stated in the construction contracts prior to April 30, 2016, but have not yet received Construction Permits.

Pursuant to the Circular on Value-Added Tax Policies for Financial, Real Estate Development, Education Ancillary Service and Other Services 《關於明確金融、房地產開發、教育輔助服務等增值稅政策的公告》 jointly issued by SAT and MOF, on December 21, 2016, effective on May 1, 2016, except

for choosing the simplified tax method, when the general taxpayer sells real estate project developed by itself, the compensation for demolition paid to other companies or individuals upon land acquisition is permitted to be deducted for the purpose of calculation the sales income. Besides, if a real estate developer establishes a project company to develop the granted land after paying the land premium, the project company, for the purpose of calculation the sales income, may deduct the land premium that has be paid by the real estate developer if fulfilling the relevant requirements of changing the grantee of the land use right.

Land Appreciation Tax. Under the PRC Interim Regulation on Land Appreciation Tax 《中華人民共和國土地增值稅暫行條例》 promulgated in 1993 and amended in 2011 and its implementation rules promulgated in 1995, LAT applies to both domestic and foreign investors in real properties in mainland China, irrespective of whether they are corporate entities or individuals. The tax is payable by a taxpayer on the appreciation value derived from the transfer of land use rights, buildings or other facilities on such land, after deducting the “deductible items” that include the following:

- payments made to acquire land use rights;
- costs and charges incurred in connection with the land development;
- construction costs and charges in the case of newly constructed buildings and facilities;
- assessed value in the case of old buildings and facilities;
- taxes paid or payable in connection with the transfer of the land use rights, buildings or other facilities on such land; and
- other items allowed by the MOF.

The tax rate is progressive and ranges from 30% to 60% of the appreciation value as compared to the “deductible items” as follows:

<u>Appreciation value</u>	<u>LAT rate</u>
Portion not exceeding 50% of deductible items	30%
Portion over 50% but not more than 100% of deductible items	40%
Portion over 100% but not more than 200% of deductible items.	50%
Portion over 200% of deductible items	60%

Exemption from LAT is available to the following cases:

- Taxpayers constructing ordinary residential properties for sale (i.e. the residences built in accordance with the local standard for residential properties used by the general population, excluding deluxe apartments, villas, resorts and other high-end premises), where the appreciation amount does not exceed 20% of the sum of deductible items;
- Real estate taken over and repossessed according to laws due to the construction requirements of the state; and
- Due to redeployment of work or improvement of living standard, transfers by individuals of originally self-used residential properties, with five years or longer of self-used residence and with tax authorities’ approval.

According to a notice issued by the MOF in January 1995, the LAT regulation does not apply to the following transfers of land use rights:

- real estate transfer contracts executed before January 1, 1994; and
- first time transfers of land use rights and/or premises and buildings during the five years commencing on January 1, 1994 if the land grant contracts were executed or the development projects were approved before January 1, 1994 and the capital has been injected for the development in compliance with the relevant regulations.

After the enactment of the LAT regulations and the implementation rules in 1994 and 1995, respectively, due to the long period of time typically required for real estate developments and their transfers, many jurisdictions, while implementing these regulations and rules, did not require real estate development enterprises to declare and pay the LAT as they did other taxes. Therefore, in order to assist the local tax authorities in the collection of LAT, the MOF, the SAT, Ministry of Construction and State Land Administration Bureau separately and jointly issued several notices to reiterate that, after the assignments are signed, the taxpayers should declare the tax to the local tax authorities where the real estate is located, and pay the LAT in accordance with the amount as calculated by the tax authority and within the time period as required. For those who fail to acquire proof as regards the tax paid or the tax exemption from the tax authorities, the real estate administration authority will not process the relevant title change procedures, and will not issue the property ownership certificates.

The SAT issued a further notice in July 2002 to require local tax authorities to require prepayment of LAT on the basis of proceeds from pre-sales of real estate.

In December 2006, the SAT issued a Notice on the Administration of the Settlement of Land Appreciation Tax of Property Development Enterprises 《關於房地產開發企業土地增值稅清算管理有關問題通知》, which came into effect on February 1, 2007. The notice required settlement of LAT liabilities by real estate developers. Provincial tax authorities are given authority to formulate their implementation rules according to the notice and their local situation.

To further strengthen LAT collection, in May 2009, the SAT released the Rules on the Administration of the Settlement of Land Appreciation Tax 《土地增值稅清算管理規程》, which came into force on June 1, 2009.

In May 2010, the SAT issued the Circular on Settlement of Land Appreciation Tax 《關於土地增值稅清算有關問題的通知》 to strengthen the settlement of LAT. The circular clarifies certain issues with respect to the calculation and settlement of LAT, such as (i) the recognition of the revenue upon the settlement of LAT; and (ii) the deduction of fees incurred in connection with the property development.

In May 2010, the SAT issued the Notice on Strengthening the Collection of Land Appreciation Tax 《關於加強土地增值稅徵管工作的通知》, which requires that the minimum LAT prepayment rate shall be 2% for provinces in the eastern region of China, 1.5% for provinces in the central and northeastern regions, and 1% for provinces in the western region. According to the notice, the local tax bureaus shall determine the applicable LAT prepayment rates based on the property type.

Urban Land Use Tax. Pursuant to the PRC Interim Regulations on Land Use Tax in respect of Urban Land 《中華人民共和國城鎮土地使用稅暫行條例》 promulgated by the State Council in September 1988, the land use tax in respect of urban land is levied according to the area of relevant land. The annual tax on urban land was between RMB0.2 and RMB10 per square meter. An amendment by the State Council in December 2006 changed the annual tax rate to between RMB0.6 and RMB30 per square meter of urban land.

Buildings Tax. Under the PRC Interim Regulations on Buildings Tax 《中華人民共和國房產稅暫行條例》 promulgated by the State Council in September 1986, as amended in January 2011, buildings tax applicable to domestic enterprises is 1.2%, if it is calculated on the basis of the residual value of a building, and 12%, if it is calculated on the basis of the rental.

According to the Notice on Issues Relating to Assessment of Buildings Tax against Foreign-invested Enterprises and Foreign Individuals 《關於對外資企業及外籍個人徵收房產稅有關問題的通知》, the foreign-invested enterprises, foreign enterprises and foreign individuals are to be levied the same as domestic enterprises.

Stamp Duty. Under the PRC Interim Regulations on Stamp Duty 《中華人民共和國印花稅暫行條例》 promulgated by the State Council in August 1988, as amended in January 2011, for property transfer instruments, including those in respect of property ownership transfers, the duty rate is 0.05% of the amount stated therein; for permits and certificates relating to rights, including property ownership certificates and land use rights certificates, stamp duty is levied on an item-by-item basis of RMB5 per item.

Municipal Maintenance Tax. Under the PRC Interim Regulations on Municipal Maintenance Tax 《中華人民共和國城市維護建設稅暫行條例》 promulgated by the State Council in 1985, as amended on January 8, 2011, a taxpayer, whether an individual or otherwise, of a product tax, value-added tax or business tax is required to pay a municipal maintenance tax, calculated on the basis of product tax, value-added tax and business tax. The tax rate is 7% for a taxpayer whose domicile is in an urban area, 5% for a taxpayer whose domicile is in a county or a town, and 1% for a taxpayer whose domicile is not in any urban area or county or town. Under the Circular Concerning Temporary Exemption from Municipal Maintenance Tax and Education Surcharge For Enterprises with Foreign Investment and Foreign Enterprises issued by the SAT in February 1994, the municipal maintenance tax is not applicable to foreign invested enterprises for the time being, until further explicit stipulations are issued by the State Council.

In October 2010, the State Council issued the Notice on Unification of the Application of Municipal Maintenance Tax and Education Surcharge by Domestic and Foreign Enterprises and Individuals 《關於統一內外資企業和個人城市維護建設稅和教育費附加制度的通知》, pursuant to which, from December 1, 2010, a municipal maintenance tax is applicable to both foreign-invested enterprises, foreign enterprises and foreign individuals, as well as domestic enterprises and individuals.

Pursuant to the Notice on Relevant Issues of Imposition of Municipal Maintenance and Education Surcharge on Foreign-invested Enterprises 《關於對外資企業徵收城市維護建設稅和教育費附加有關問題的通知》 promulgated by the MOF and the SAT in November 2010, foreign-invested enterprises must pay municipal maintenance tax on any value-added tax, consumption tax and business tax incurred on or after December 1, 2010. However, foreign-invested enterprises will be exempted from municipal maintenance tax on any value-added tax, consumption tax and business tax incurred before December 1, 2010.

Education Surcharge. Under the Interim Provisions on Imposition of Education Surcharge 《徵收教育費附加的暫行規定》 promulgated by the State Council in April 1986, and amended in 1990, August 2005 and January 2011, any taxpayer, whether an individual or otherwise, of value-added tax, business tax or consumption tax is liable for an education surcharge, unless such taxpayer is required to pay a rural area education surcharge as provided by the Notice of the State Council on Raising Funds for Schools in Rural Areas. The Education Surcharge rate is 3%, calculated on the basis of consumption tax, value-added tax and business tax. Under the Circular Concerning Temporary Exemption from Municipal Maintenance Tax and Education Surcharge For Enterprises with Foreign Investment and Foreign Enterprises issued by the SAT in February 1994 and the Supplementary Circular Concerning Imposition of Education Surcharge issued by the State Council in October 1994, the education surcharge is not applicable to foreign invested enterprises for the time being.

Pursuant to the aforesaid Unification of Application of Municipal Maintenance Tax and Education Surcharge by Domestic and Foreign Enterprises and Individuals 《關於統一內外資企業和個人城市維護建設稅和教育費附加制度的通知》, from December 1, 2010, an education surcharge is applicable to both foreign-invested enterprises, foreign enterprises and foreign individuals, as well as domestic enterprises and individuals.

Pursuant to the aforesaid Notice on Relevant Issues of Imposition of Municipal Maintenance and Education Surcharge on Foreign-invested Enterprises 《關於對外資企業徵收城市維護建設稅和教育費附加有關問題的通知》, foreign-invested enterprises must pay an education surcharge on any value-added tax, consumption tax and business tax incurred on or after December 1, 2010. However, foreign-invested enterprises will be exempted from paying an education surcharge on any value-added tax, consumption tax and business tax incurred before December 1, 2010.

MANAGEMENT

The following table sets forth certain information with respect to our directors and senior management as of the date of this offering memorandum:

Name	Title
Hui Ka Yan	Chairman
He Miaoling	Director
Zhao Changlong	Director
Ji Xingshun	Supervisor
Zhen Litao	Executive President, Legal Representative
Liang Weikang	Executive Vice President
Lin Manjun	Vice President
Liu Xuefei	Vice President
Zhou Yingqiu	Vice President
Ju Zhiming	Vice President

Directors

Our board of directors consists of 3 directors. The powers and duties of our board include:

- convening shareholders' meetings and reporting the board's work at the shareholders' meetings;
- implementing the resolutions passed at the shareholders' meetings;
- determining our business plans and investment plans;
- formulating our annual budget and final accounts;
- formulating our proposals for profit distributions and for the increase or reduction of our share capital; and
- exercising other powers, functions and duties as conferred by our memorandum and articles of association.

We have entered into service contracts with each of our directors.

We operate our business in a centralized manner. Our corporate headquarters maintain overall control in management and operations of all our subsidiaries. The directors of our various project companies are appointed by our corporate headquarters primarily on the basis of their business expertise, management skills and local knowledge and for the purpose of complying with the various local PRC administrative requirements. These project company directors have limited powers and are required to report to and seek approvals from our headquarters on matters of significance. Our centralized corporate structure frees our senior executives up from the day-to-day administrative functions of our subsidiaries and allow them to focus on our overall business development and operations.

A description of the business experience and present employment of each of our directors is provided below.

Directors

Hui Ka Yan (許家印), aged 61, is the chairman of the board of directors. Dr. Hui is responsible for organizing the overall development strategies of the Group. He has over 31 years of experience in real estate investment, property development and corporate management. Currently, Dr. Hui is a member

of the 11th National Committee of the Chinese People's Political Consultative Conference and a member of the standing committee of the 12th and 13th National Committee and also the vice-chairman of the China Enterprise Confederation, China Enterprise Directors Association and China Real Estate Association. He was accredited as a "National Model Worker" (one of the highest civilian honors in China) by the State Council. He graduated from Wuhan University of Science and Technology in 1982, and was awarded an honorary doctorate degree in commerce by the University of West Alabama in 2008. Dr. Hui has been a professor in management in Wuhan University of Science and Technology since 2003 and was appointed as doctoral tutor of that university in 2010.

He Miaoling (何妙玲), aged 54, is a director of the Company. Ms. He has more than 29 years of experience in marketing strategies and brand promotion in the property industry. She joined us in August 1997. Ms. He is currently responsible for our real estate projects marketing management and business administration. She graduated from South China University of Technology with a bachelor's degree in applied mathematics in 1989 and received a master's degree in engineering management in 2011.

Zhao Changlong (趙長龍), aged 55, is a director of the Company. Mr. Zhao has more than 32 years of experience in project development and operational management. He joined us since 1998 and he holds a bachelor's degree in engineering.

Senior management

Zhen Litao (甄立濤), aged 51, is our executive president and legal representative. Mr. Zhen is responsible for the daily management of the Company. He has over 27 years of experience in development, operation and management of real estate projects. He joined us in 2009. Mr. Zhen holds a master's degree in business management and is a registered PRC constructor and senior engineer.

Liang Weikang (梁偉康), aged 50, is our executive vice president. Mr. Liang is responsible for the management and supervision of our projects. He has more than 26 years of experience in development, operation and management of real estate projects. Mr. Liang joined us in 2003. Mr. Liang holds a master's degree in engineering management.

Lin Manjun (林漫俊), aged 49, is our vice president. Mr. Lin is responsible for overseeing construction bidding, contracts and budgeting accounts during the development and construction process of our real estate projects. He has over 26 years of experience in construction design and management of the tendering and bidding process. He joined us in 2003. He holds a degree in architecture.

Liu Xuefei (劉雪飛), aged 44, is our vice president. Ms. Liu is responsible for the sales and commercial management of the Company. She has over 21 years of experience in management of marketing strategies of real estate projects. She joined us in 2004 and she holds a master's degree in business administration.

Zhou Yingqiu (周映秋), aged 45, is our vice president, responsible for the development, supervision and management of projects and land grant contracts. Ms. Zhou has more than 20 years of experience in real estate investment and management. She joined us in 2002 and she holds a master's degree in engineering management.

Ju Zhiming (鞠志明), aged 48, is our vice president. Mr. Ju is responsible for the financial operation and management of the Company with over 25 years of experience. Mr. Ju joined us in 2003 and he holds a bachelor's degree in accounting.

DESCRIPTION OF MATERIAL INDEBTEDNESS AND OTHER OBLIGATIONS

To fund our existing property projects and to finance our working capital requirements, we have entered into financing agreements with various financial institutions, such as banks, financial limited companies, trust companies and assets management companies. As of June 30, 2019, our total external borrowings amounted to RMB579,144 million (US\$84,362 million). Set forth below is a summary of the material terms and conditions of these loans and other indebtedness. See “Risk Factors — Risks Relating to Our Business — If we are unable to comply with the restrictions and covenants in our debt agreements or the Indentures, there could be a default under the terms of these agreements or the Indentures, which could cause repayment of our debt to be accelerated.”

Project Loan Agreements

Certain of our PRC subsidiaries have entered into loan agreements or entrusted loan agreements with various PRC banks and financial limited companies. The banks include, but are not limited to, China CITIC Bank, The Agricultural Bank of China, Industrial and Commercial Bank of China (“ICBC”), China Minsheng Bank, China Everbright Bank, Postal Savings Bank of China, Bank of China, and Industrial Bank Co., Ltd. These loans are project loans to finance the construction of our projects and have terms ranging from 24 months to 60 months, which generally correspond to the construction periods of the particular projects. As of June 30, 2019, the aggregate outstanding amount under these project loans totaled approximately RMB193,973 million (US\$28,255 million), RMB72,090 million (US\$10,501 million) of which was due within one year and RMB121,883 million (US\$17,754 million) of which was due between one and five years. Subsequent to June 30, 2019, we entered into additional project loan agreements in the ordinary course of business to finance our operations.

Our project loans are typically secured by land use rights, properties and pledges over shares and assets of such project companies, as well as guaranteed by certain of our other PRC subsidiaries. The Notes, the Parent Guarantee, the Subsidiary Guarantees and JV Subsidiary Guarantees (if any) will be structurally subordinated to these loans and any other indebtedness incurred by our PRC Subsidiaries.

Interest

The principal amounts outstanding under the project loans generally bear interest at floating rates calculated by reference to the relevant bank’s benchmark interest rate per annum. Floating interest rates generally are subject to review by the lending banks annually. Interest payments are payable either monthly or quarterly and must be made on each payment date as provided in the particular loan agreement. As of June 30, 2019, the weighted average interest rate on the aggregate outstanding amount of our project loans was 6.7% per annum.

Covenants

Under these project loans, many of our subsidiary borrowers have agreed, among other things, not to take the following actions without first obtaining the relevant lenders’ prior consent:

- create encumbrances on any part of their property or assets or deal with their assets in a way that may adversely affect their ability to repay their loans;
- grant guarantees to any third parties that may adversely affect their ability to repay their loans;
- make any major changes to their corporate structures, such as entering into joint ventures, mergers and acquisitions and reorganizations;
- alter the nature or scope of their business operations in any material respect;

- incur additional debts that may adversely affect the ability to repay loans; and
- transfer part or all of their liabilities under the loans to a third party.

Events of Default

The project loans contain certain customary events of default, including insolvency and breaches of the terms of the loan agreements. The banks are entitled to terminate their respective agreements and/or demand immediate repayment of the loans and any accrued interest upon the occurrence of an event of default.

Guarantee and Security

Certain of our PRC subsidiaries and our Company have entered into guarantee agreements with the PRC financial institutions in connection with some of the project loans pursuant to which these subsidiaries and our Company have guaranteed all liabilities of the subsidiary borrowers under these project loans. Under certain guarantee agreements, we must obtain the bank's approval before such guarantors can engage in debt financing and equity financing through direct financing markets, and any selling, gifting, leasing, transferring, mortgaging, pledging and other methods of disposal of part or all of its material assets.

Dividend Restrictions

Pursuant to the project loans with certain PRC financial institutions, some of our PRC subsidiaries also agreed not to distribute any dividend, including, but not limited to:

- before the principal amount of and accrued interest on the relevant project loan have been fully paid;
- if the distribution is more than 30% of after-tax net profit of the current year or more than 20% of all the undistributed profits; or
- if the borrower's after-tax profit is nil or negative.

Trust Financing Agreements

From time to time, we may enter into financing arrangements with trust companies pursuant to which we receive financing from trust companies in the PRC. Upon the receipt of the financed amount from a trust company, we may transfer the title to less than 50% of the shares in one of our PRC subsidiaries and pledge the remaining shares of such subsidiary. Alternatively, we may pledge 100% of the shares of such subsidiary without transferring title to any such shares. These trust financing arrangements are typically guaranteed by the Company and/or certain PRC subsidiaries and/or are mortgaged by land use rights and/or buildings and have a term of 1–2 years, at the end of which, we will repay the financed amount. Upon such repayment, the trust company will transfer back to us the title to all of the shares of the relevant subsidiary. We typically have an option for early repayment of the financed amount after a specified period of time. These financing agreements contain customary events of default, including non-payment of principal or interest and breaches of the terms of the agreement. Certain trust financing agreements contain provision of dividend restriction. If an event of default has occurred, the trust company may, with prior notice, exercise its rights to realize the security held under the share pledge and/or the mortgage and demand payment from our Company or our PRC subsidiaries as guarantor of the financed amount. As of June 30, 2019, the aggregate outstanding amount (excluding interest) under these financing arrangements totaled approximately RMB235,146 million (US\$34,253 million).

Financial Guarantees

Customer Guarantees

In line with industry practice, we provide guarantees to mortgagee banks in respect of mortgage loans taken out by purchasers of our properties. Such guarantee obligations typically terminate upon the delivery of the relevant property ownership certificates on the underlying property to the bank. As of June 30, 2019, the aggregate outstanding amount guaranteed was RMB406,093 million (US\$59,154 million).

Guarantees for Borrowings of Cooperation Parties and joint ventures

We also provide guarantees for certain of our cooperation parties, who are mainly construction subcontractors that are independent third parties and joint ventures, to obtain borrowings after assessing their credit history. As of June 30, 2019, the guarantees for borrowings of cooperation parties amounted to RMB8,985 million (US\$1,309 million), and the guarantees for borrowings of joint ventures amounted to RMB20,955 million (US\$3,052 million).

Commitments for Property Development Expenditure

As of June 30, 2019, we have contracted but not provided for the following commitments for property development expenditure: (1) property development activities of RMB223,030 million (US\$32,488 million), (2) acquisition of land use rights of RMB51,605 million (US\$7,517 million) and (3) acquisition of subsidiaries and equity investment of RMB1,990 million (US\$290 million).

PRC Corporate Bonds

On June 19, 2015, the Company issued 5.38%, five-year public PRC corporate bonds with an aggregated principal amount of RMB5,000 million at 100% of the face value. As of January 21, 2020, outstanding balance of these bonds is RMB2,024 million.

On July 7, 2015, the Company issued 6.98%, seven-year PRC corporate bonds with an aggregated principal amount of RMB8,200 million at 100% of the face value.

On October 16, 2015, the Company issued 7.38%, five-year non-public PRC corporate bonds with an aggregated principal amount of RMB17,500 million and 7.88%, five-year PRC corporate bonds with an aggregated principal amount of RMB2,500 million at 100% of the face value. As of January 21, 2020, the outstanding balance of these two series of bonds is RMB8,083 million and RMB2,500 million, respectively.

On May 6, 2019, the Company issued 6.27%, four-year public PRC corporate bonds with an aggregated principal amount of RMB15.0 billion and 6.80%, five-year public PRC corporate bonds with an aggregated principal amount of RMB5.0 billion at 100% of the face value.

On January 8, 2020, the Company issued 6.98%, three-year public PRC corporate bonds with an aggregated principal amount of RMB4.5 billion at 100% of the face value.

Except for the PRC corporate bonds amounting to RMB2,500 million issued on October 16, 2015, other PRC corporate bonds contain the early redemption options. Early redemption options are regarded as embedded derivatives not closely related to the host contract.

OFFSHORE FINANCING

The 2020 Notes

On November 6, 2018, the Issuer entered into an indenture (the “**2020 Indenture**”), pursuant to which the Issuer issued an aggregate principal amount of US\$565,000,000 11.0% senior notes due 2020 (the “**Original 2020 Notes**”) on November 6, 2018 and an aggregate principal amount of US\$1,000,000,000 11.0% additional notes (together with the Original 2020 Notes, the “**2020 Notes**”) on November 23, 2018. The 2020 Notes are listed on the SGX-ST.

As of the date of this offering memorandum, we had a total amount of US\$1,565,000,000 principal amount of the 2020 Notes outstanding.

Guarantee

The obligations pursuant to the 2020 Notes are guaranteed by Tianji Holding Limited (“**Tianji**” or the “**2020 Parent Guarantor**”) and certain existing subsidiaries of Tianji (the “**2020 Subsidiary Guarantors**”), other than those organized under the laws of the PRC and certain other subsidiaries specified under the 2020 Indenture. We refer to these guarantees as the 2020 Parent Guarantees and the 2020 Subsidiary Guarantees. Under certain circumstances and subject to certain conditions, a subsidiary of Tianji may instead provide a limited-recourse guarantee, or the 2020 JV Subsidiary Guarantee. We refer to the subsidiaries providing a 2020 JV Subsidiary Guarantee as 2020 JV Subsidiary Guarantors.

Each of the 2020 Parent Guarantor, 2020 Subsidiary Guarantors and 2020 JV Subsidiary Guarantors (if any) will, jointly and severally, guarantee the due and punctual payment of the principal, any premium, and interest on, and all other amounts payable under the 2020 Notes.

Keepwell and EIPU

The obligations pursuant to the 2020 Notes have the benefit of a keepwell and equity interest purchase agreement from the Company.

Interest

The 2020 Notes bear an interest rate of 11.0% per annum. Interest is payable semi-annually in arrears.

Covenants

Subject to certain conditions and exceptions, the 2020 Indenture, the 2020 Parent Guarantee and each of the related 2020 Subsidiary Guarantees contain certain covenants, restricting us and each of the related restricted subsidiaries from, among other things:

- incurring or guaranteeing additional indebtedness and issuing disqualified or preferred stock;
- declaring dividends on its capital stock or purchase or redeem capital stock;
- making investments or other specified restricted payments;
- issuing or selling capital stock of restricted subsidiaries;
- guaranteeing indebtedness of restricted subsidiaries;
- selling assets;

- creating liens;
- entering into sale and leaseback transactions;
- entering into agreements that restrict the related restricted subsidiaries' ability to pay dividends, transfer assets or make intercompany loans;
- entering into transactions with shareholders or affiliates; and
- effecting a consolidation or merger.

Events of default

The 2020 Indenture contains certain customary events of default, including default in the payment of principal or of any premium on the 2020 Notes when such payments become due and payable, default in payment of interest which continues for 30 consecutive days, and other events of default substantially similar to the Events of Default under the 2020 Indenture. If an event of default occurs and is continuing, the trustee under the 2020 Indenture or the holders of at least 25% of the outstanding 2020 Notes may declare the principal of the 2020 Notes plus a premium and any accrued and unpaid interest to be immediately due and payable. Upon the occurrence of certain specified events of default, the principal of, premium (if any), and accrued and unpaid interest on the outstanding 2020 Notes will automatically become and be immediately due and payable without any declaration or other act on the part of the trustee or any holder.

Change of control

Upon the occurrence of certain events of change of control and a rating decline, the Issuer will make an offer to repurchase all outstanding 2020 Notes at a purchase price equal to 101% of their principal amount plus any accrued and unpaid interest, if any, to the date of repurchase.

Maturity and redemption

The maturity of the 2020 Notes is November 6, 2020.

At any time prior to November 6, 2020, the Issuer may at our option redeem the 2020 Notes, in whole but not in part, at a redemption price equal to 100% of the principal amount of the 2020 Notes redeemed plus the applicable premium as of, and accrued and unpaid interest, if any, to (but not including), the redemption date.

At any time and from time to time prior to November 6, 2020, the Issuer may, with the proceeds from sales of certain types of the Company's shares, redeem up to 35% of the aggregate principal amount of the 2020 Notes at a redemption price equal to 111.0% of the principal amount of the 2020 Notes, plus any accrued and unpaid interest, if any, to the redemption date, provided that at least 65% of the aggregate principal amount of the 2020 Notes originally issued remains outstanding after each such redemption and any such redemption takes place within 60 days of the closing of the related sale of the Company's shares and subject to certain conditions.

The 2022 Notes

Offshore facility agreements

We have entered into various facility agreements with offshore banks and financial institutions. Such offshore facilities are typically secured by onshore standby letters of credit and contain customary covenants and restrictions including, amongst others, negative pledge on assets (with certain exemptions), financial covenants including consolidated tangible net worth, consolidated net borrowings and interest coverage ratios. These offshore facility agreements also contain certain customary events of default, including non-payment of principal or interest, cross default, insolvency and breaches of its terms. If an event of default occurs, all amounts outstanding including all interest accrued thereon may become immediately due and payable.

DESCRIPTION OF 2022 NOTES

For purposes of this “Description of 2022 Notes” the term “**Issuer**” refers only to Scenery Journey Limited (景程有限公司), and any successor obligor on the Notes. Hengda Real Estate Group Co., Ltd. (恒大地產集團有限公司) is referred to as the “**Company**.” Tianji Holding Limited, which guarantees the Notes is referred to as the “**Parent**” and such guarantee is referred to as the “**Parent Guarantee**.” Each subsidiary of the Company (other than the Parent) which guarantees the Notes is referred to as a “**Subsidiary Guarantor**” and each such guarantee is referred to as a “**Subsidiary Guarantee**.” Each subsidiary of the Company that in the future provides a “**JV Subsidiary Guarantee**” (as defined herein) is referred to as a “**JV Subsidiary Guarantor**.”

The Notes are to be issued under an indenture (the “**Indenture**”), to be dated as of the Original Issue Date, among the Company, the Issuer, the Parent and the Subsidiary Guarantors, as guarantors, and Citicorp International Limited, as trustee (the “**Trustee**”).

The following is a summary of certain provisions of the Indenture, the Notes, the Parent Guarantee, the Subsidiary Guarantees and the JV Subsidiary Guarantees (if any). This summary does not purport to be complete and is qualified in its entirety by reference to all of the provisions of the Indenture, the Notes, the Parent Guarantee, the Subsidiary Guarantees and the JV Subsidiary Guarantees (if any). It does not restate those agreements in their entirety. Whenever particular sections or defined terms of the Indenture not otherwise defined herein are referred to, such sections or defined terms are incorporated herein by reference. Copies of the Indenture will be available for inspection upon prior request during usual business hours on any weekday (except public holidays) on or after the Original Issue Date at the corporate trust office of the Trustee at 20/F, Citi Tower, One Bay East, 83 Hoi Bun Road, Kwun Tong, Kowloon.

The Notes:

- are general obligations of the Issuer;
- are senior in right of payment to any existing and future obligations of the Issuer expressly subordinated in right of payment to the Notes;
- are at least *pari passu* in right of payment with all the unsecured, unsubordinated Indebtedness of the Issuer, including the Existing Notes;
- are guaranteed by the Parent, the Subsidiary Guarantors and the JV Subsidiary Guarantors (if any) on a senior basis, subject to the limitations described below under the section entitled “— The Parent Guarantee, the Subsidiary Guarantees and the JV Subsidiary Guarantees” and in the section entitled “Risk Factors — Risks Relating to the Parent Guarantee, Subsidiary Guarantees and the JV Subsidiary Guarantees;”
- will benefit from a keepwell and equity interest purchase undertaking (the “**Keepwell and EIPU**”) to be entered into by the Company, the Parent, the Issuer and the Trustee in favor of the Trustee and the Holders, unless released in accordance with the Indenture;
- are effectively subordinated to the secured obligations of the Parent, the Issuer, the Subsidiary Guarantors and the JV Subsidiary Guarantors (if any), to the extent of the value of the assets serving as security therefor; and
- are effectively subordinated to all existing and future obligations of the Non-Guarantor Subsidiaries.

The Issuer will initially issue US\$2,000,000,000 in aggregate principal amount of the Notes, which will mature on October 24, 2022 unless earlier redeemed pursuant to the terms thereof and the Indenture. The Indenture allows additional Notes to be issued from time to time, subject to certain limitations described under the section entitled “— Further Issues.” Unless the context requires otherwise, references to the “Notes” for all purposes of the Indenture and this “Description of 2022 Notes” include any Additional Notes that are actually issued. The Notes will bear interest at 11.5% per annum from the Original Issue Date or from the most recent interest payment date to which interest has been paid or duly provided for, payable semiannually in arrears on January 24 and July 24 of each year, commencing July 24, 2020 except that the last interest period will be from and including July 24, 2022 to but excluding October 24, 2022 (each an “**Interest Payment Date**”).

Interest on the Notes, when in the form of Global Notes, will be paid to the Holders of record at the close of business when in certificated form, on January 9 or July 9, immediately preceding an Interest Payment Date (each, a “**Record Date**” and provided that the Record Date for any interest payment due on October 24, 2022 shall be October 9, 2022), notwithstanding any transfer, exchange or cancellation thereof after a Record Date and prior to the immediately following Interest Payment Date; *provided* that so long as the Global Note is held on behalf of Euroclear, Clearstream or any other clearing system, each payment in respect of the Global Note will be made to the person shown as the holder of the Notes in the register of Holders at the close of business (of the relevant clearing system) on the Clearing System Business Day before the due date for such payments, where “**Clearing System Business Day**” means a weekday (Monday to Friday, inclusive) except December 25 and January 1. In any case in which the date of the payment of principal of, premium, if any, on, or interest on, the Notes is not a Business Day in the relevant place of payment or in the place of business of the Paying Agent then payment of such principal, premium or interest need not be made on such date but may be made on the next succeeding Business Day. Any payment made on such Business Day shall have the same force and effect as if made on the date on which such payment is due, and no interest on the Notes shall accrue for the period after such due date. Interest on the Notes will be calculated on the basis of a 360-day year comprised of twelve 30-day months.

The Notes will be issued only in fully registered form, without coupons, in denominations of US\$200,000 and integral multiples of US\$1,000 in excess thereof. No service charge will be made for any registration of transfer or exchange of the Notes, but the Issuer may require payment of a sum sufficient to cover any transfer tax or other similar governmental charge payable in connection therewith.

All payments on the Notes will be made by wire transfer in U.S. dollars by the Issuer and the Issuer will maintain an office or agency (which initially will be the office of the Paying Agent currently located at Citibank, N.A., London Branch, c/o Citibank, N.A., Dublin Branch, One North Wall Quay, Dublin 1, Ireland) where the Notes may be surrendered for registration of transfer or exchange or for presentation for payment or repurchase. Notwithstanding the immediately preceding sentence, if the Notes are in certificated form and the Issuer acts as its own paying agent, payment of interest may instead be made by check mailed (at the expense of the Issuer) to the address of the Holders as such address appears in the Note register. Interest payable on the Notes held through Euroclear or Clearstream will be available to Euroclear or Clearstream participants (as defined herein) on the Business Day following payment thereof.

The Parent Guarantee, the Subsidiary Guarantees and the JV Subsidiary Guarantees

The Parent Guarantee:

- is a general obligation of the Parent;
- is effectively subordinated to the secured obligations of the Parent, to the extent of the value of the assets serving as security therefor;

- is senior in right of payment to all future obligations of the Parent expressly subordinated in right of payment to such Parent Guarantee; and
- ranks at least *pari passu* with all unsecured, unsubordinated Indebtedness of the Parent, including the parent guarantee for the Existing Notes.

The initial Subsidiary Guarantors that will execute the Indenture on the Original Issue Date will consist of Ever Grace Group Limited (恒善集團有限公司), Ample Treasure Group Limited (寶豐集團有限公司), Luckyup Group Limited (昇祺集團有限公司), Instant Choice Development Ltd., Ample Treasure Holding Limited (寶豐集團控股有限公司), Will Glory Holdings Limited (好耀控股有限公司), Forbidden City Culture Co., Limited (紫禁城弘華文化有限公司), Ever Sure Industries Limited (永瑞實業有限公司), Shui Wah Investment Limited (穗華投資有限公司), Shengtong Holding Limited (盛通控股有限公司), Wisdom Gain Group Limited (智盈集團有限公司), Grow Rising Investment Limited (晉廷投資有限公司), Accord Sino Group Limited (協華集團有限公司), Merry Full Investments Limited (怡滿投資有限公司), Million Castle Investments Limited, Benefit East Investments Limited (益東投資有限公司), Champion Glory Holdings Limited (卓康集團有限公司), Champion Globe Limited (特靈有限公司), Champion King Investments Limited (彩僑投資有限公司), Fortune Luck Corporation Limited (順利有限公司), Cheung Fu Department Store Enterprise Limited (象富百貨集團有限公司), China Agriculture Technology Limited (中國農業科技有限公司), Baojun Limited (保駿有限公司), Perfect Vantage Investments Limited (歷冠投資有限公司), Bai Chang Limited (百昌有限公司), Minsin International (Holdings) Limited (明誠國際(集團)有限公司), Billion Sino Investments Limited (億中投資有限公司), Allywing Investments Limited (榮邦投資有限公司), California Place Dalian Limited (加州豪庭大連有限公司), Fortune Star International Investment Limited (福星國際投資有限公司), Xing Hong Holdings Limited (興鴻控股有限公司), Rosy Dynasty Limited (翠御有限公司), Joy Vision Holdings Limited (樂景控股有限公司), Sanli (China) Holdings Limited (三立(中國)控股有限公司), Metro Wisdom Limited (慧都有限公司), Ji Feng Limited (吉豐有限公司), Rise Eagle Worldwide Limited (振騰環球有限公司), Jicheng International (HK) Limited (集成國際(香港)有限公司), Lucky Benefit Limited, Loyal Power Investments Limited (旺權投資有限公司), Rising Sheen Limited (升亮有限公司), City Faith Limited (都信有限公司), South Honest Limited (誠南有限公司), First Key Investments Limited (元基投資有限公司), Hinto Developments Limited, Triumph Hero International Limited (勝雄國際有限公司), Spread Glory Investments Limited (廣亮投資有限公司), New Insight Holdings Limited (創見控股有限公司), Easy Gain Investment Holdings Limited (盈潤投資控股有限公司), Honor Business Investment Limited (榮商投資有限公司), Link Care Limited (環照有限公司), Cheer Motion Development Limited (致能發展有限公司), China Sea Group (Hong Kong) Investment Limited (中海集團(香港)投資有限公司), Crown Wise Investment Limited (冠惠投資有限公司), Dragon Joy (China) Limited (龍悅(中國)有限公司), Dragon Pioneer Development Limited (龍添發展有限公司), Excel Sky (Hong Kong) Limited (俊天(香港)有限公司), Fortune Ascent Property Management Limited (升裕物業管理有限公司) (formerly known as Fortune Ascent Limited (升裕有限公司)), Future Lead Enterprises Limited (天領企業有限公司), Glory Sign Development Limited (皇誌發展有限公司), Gold Ascot Limited (金士福有限公司), Grace Target Holdings Limited (喜志集團有限公司), Honour In Investments Limited (誠然投資有限公司), Jiakang Holdings Limited (嘉康控股有限公司), Jiazhi Holdings Limited (嘉智控股有限公司), Joy Wealthy Investment Limited (悅才投資有限公司), Lucky Universe Holding Limited (瑞宇集團有限公司), Pacific Plus Enterprises Limited (匯太企業有限公司), Palm Island Resort Limited (棕櫚島渡假村有限公司), Prime Light Holdings Limited (柏天集團有限公司), Prime Sun Holding Limited (盛日控股有限公司), Prosper Power Development Limited (能昌發展有限公司), Sharp Goal Investments Limited (銳怡投資有限公司), Starlet Development Limited (星能發展有限公司), Sunny Net Development Limited (日訊發展有限公司), Thousand Grand Holding Limited (千宏控股有限公司), TrendRichInvestment Limited (毅富投資有限公司), Chang Xing Holdings Limited (昌興控股有限公司), Cheer Champ Investment Limited (誌昌投資有限公司), Dragon Charm Investments Limited (龍創投資有限公司), Dragon Fortune Limited, East Best Investments Limited (東卓投資有限公司), Ever Shiny International Limited, Full Jolly Investments Limited (滿怡投資有限公司), Good Wave International Limited (佳濤國際有限公司), Healthy Time International Limited (建時國際有限公司), Lofty Reap Limited (上豐有限公司), Luck Fortune Holdings Limited, Lucky Universe Enterprises Limited (瑞宇企業有限公司), Marche Limited, Marvel First Developments Limited, Menkia Holdings Limited (萬家控股有限公司), On Lucky Holdings Limited (安利達控股有限公司), Opal

The Subsidiary Guarantors are holding companies that do not have significant operations.

Other than the initial Subsidiary Guarantors, none of the other Restricted Subsidiaries organized outside of the PRC (the “**Other Non-Guarantor Subsidiaries**”) will be a Subsidiary Guarantor on the Original Issue Date. In addition, none of the Restricted Subsidiaries existing on the Original Issue Date that are Subsidiaries organized under the laws of the PRC and the future Restricted Subsidiaries that are organized under the laws of the PRC (together, the “**PRC Restricted Subsidiaries**”), the Exempted Subsidiaries and the Listed Subsidiaries (as long as they continue to be Exempted Subsidiaries or Listed Subsidiaries, as applicable) will provide a Subsidiary Guarantee or a JV Subsidiary Guarantee on the Original Issue Date or at any time in the future.

Although the Indenture contains limitations on the amount of additional Indebtedness that Non-Guarantor Subsidiaries may incur, the amount of such additional Indebtedness could be substantial.

In the case of a Restricted Subsidiary (i) that is, or is proposed by the Company or any Restricted Subsidiary to be, established, or commences investment for the purposes of commencing business activities, after the Original Issue Date, (ii) that is incorporated in any jurisdiction other than the PRC and that is not an Exempted Subsidiary or a Listed Subsidiary and (iii) in respect of which the Company or any Restricted Subsidiary (x) is proposing to sell, whether through the sale of existing Capital Stock or the issuance of new Capital Stock, no less than 20% of the Capital Stock of such Restricted Subsidiary or (y) is proposing to purchase Capital Stock of an entity and designate such entity as a Restricted Subsidiary, the Company may, concurrently with the consummation of such sale or purchase, provide a JV Subsidiary Guarantee instead of a Subsidiary Guarantee for (a) such Restricted Subsidiary and (b) the Restricted Subsidiaries that are Subsidiaries of such Restricted Subsidiary, that are organized in any jurisdiction other than the PRC and that are not Exempted Subsidiaries or Listed Subsidiaries, if the following conditions, in the case of both (a) and (b), are satisfied:

- concurrently with providing the JV Subsidiary Guarantee, such JV Subsidiary Guarantor has delivered to the Trustee:
 - (i) (A) a duly executed Guarantee of such JV Subsidiary Guarantor (the “**JV Subsidiary Guarantee**”) and each Restricted Subsidiary that is a Subsidiary of such JV Subsidiary Guarantor that is not organized under the laws of the PRC, an Exempted Subsidiary or a Listed Subsidiary and (B) a duly executed supplemental indenture to the Indenture pursuant to which the JV Subsidiary Guarantor will become a party to the Indenture pursuant to which such JV Subsidiary Guarantor will guarantee the payment of the Notes, each of which provides, among other things, that the aggregate claims of the Trustee under such JV Subsidiary Guarantee and all JV Subsidiary Guarantees provided by the Restricted Subsidiaries and shareholders of such JV Subsidiary Guarantor will be limited to the JV Entitlement Amount;
 - (ii) an Officers’ Certificate certifying a copy of the Board Resolution to the effect that such JV Subsidiary Guarantee has been approved by a majority of the disinterested members of the Board of Directors; and

- (iii) a legal opinion by a law firm of recognized international standing confirming that under New York law such JV Subsidiary Guarantee is legal, valid, binding and enforceable against the JV Subsidiary Guarantor providing the JV Subsidiary Guarantee (subject to customary qualifications and assumptions);
- such sale or issuance of Capital Stock is made to, or such purchase of Capital Stock is purchased from, an Independent Third Party at a consideration that is not less than (in the case of a sale or issuance) or no more than (in the case of a purchase) the appraised value of such Capital Stock by an independent appraisal firm of recognized international standing appointed by the Company;
- all capital contributions (by way of transfer of cash or other property or any payment for property or services for the use of others or otherwise) to be made into a JV Subsidiary Guarantor from the date it provides its JV Subsidiary Guarantee shall be made directly or by contribution of assets or services having an equivalent Fair Market Value by (i) the Company and the Restricted Subsidiaries and (ii) such Independent Third Party in proportion to their respective direct or indirect ownership percentages of the Capital Stock of such JV Subsidiary Guarantor; and
- as of the date of execution of the JV Subsidiary Guarantee, no document exists that is binding on the Company or such Restricted Subsidiaries that would have the effect of (a) prohibiting the Company or such Restricted Subsidiary from providing such JV Subsidiary Guarantee, or (b) requiring the Company or any such Restricted Subsidiaries to deliver or keep in place a guarantee on terms that are more favorable to the recipients of such guarantee than the JV Subsidiary Guarantee.

In the event of a bankruptcy, liquidation or reorganization of any Non-Guarantor Subsidiary, such Non-Guarantor Subsidiary will pay the holders of its debt and its trade creditors before it will be able to distribute any of its assets to the Company, the Parent, the Issuer, the Subsidiary Guarantors or the JV Subsidiary Guarantors, if any (either directly or indirectly).

As of June 30, 2019,

- the Company and its consolidated subsidiaries had total consolidated borrowings of approximately RMB579,144 million (US\$84,362 million), RMB472,344 million (US\$68,805 million) of which were secured; and
- the Non-Guarantor Subsidiaries and Unrestricted Subsidiaries had total borrowings of approximately RMB579,144 million (US\$84,362 million).

In addition, as of June 30, 2019, the Non-Guarantor Subsidiaries and Unrestricted Subsidiaries had capital commitments of approximately RMB276,625 million (US\$40,295 million) and contingent liabilities arising from guarantees of approximately RMB436,033 million (US\$63,515 million).

The Subsidiary Guarantee of each Subsidiary Guarantor:

- is a general obligation of such Subsidiary Guarantor;
- is effectively subordinated to the secured obligations of such Subsidiary Guarantor, to the extent of the value of the assets serving as security therefor;
- is senior in right of payment to all future obligations of such Subsidiary Guarantor expressly subordinated in right of payment to such Subsidiary Guarantee; and

- ranks at least *pari passu* with all unsecured, unsubordinated Indebtedness of such Subsidiary Guarantor, including the subsidiary guarantees provided for the Existing Notes.

If any is provided, the JV Subsidiary Guarantee of each JV Subsidiary Guarantor:

- will be a general obligation of such JV Subsidiary Guarantor;
- will be enforceable only up to the JV Entitlement Amount;
- will be effectively subordinated to the secured obligations of such JV Subsidiary Guarantor, to the extent of the value of the assets serving as security therefor;
- will be limited to the JV Entitlement Amount, and will be senior in right of payment to all future obligations of such JV Subsidiary Guarantor expressly subordinated in right of payment to such JV Subsidiary Guarantee; and
- will be limited to the JV Entitlement Amount, and will rank at least *pari passu* with all unsecured, unsubordinated Indebtedness of such JV Subsidiary Guarantor.

The Company will cause (x) each of the future Restricted Subsidiaries (other than Persons organized under the laws of the PRC, Exempted Subsidiaries or Listed Subsidiaries), as soon as practicable after it becomes a Restricted Subsidiary and (y) each of the Exempted Subsidiaries and Listed Subsidiaries that remains as a Restricted Subsidiary, as soon as practicable after it ceases to be an Exempted Subsidiary or a Listed Subsidiary, as the case may be (each such Person in clause (x) or (y), a “**Potential Subsidiary Guarantor**”), to execute and deliver to the Trustee a supplemental indenture to the Indenture pursuant to which such Restricted Subsidiary will guarantee the payment of the Notes as a Subsidiary Guarantor or a JV Subsidiary Guarantor. Notwithstanding the foregoing sentence, the Company may elect to have any Restricted Subsidiary organized under laws outside the PRC not provide a Subsidiary Guarantee or a JV Subsidiary Guarantee at the time such entity becomes a Potential Subsidiary Guarantor (Restricted Subsidiaries (other than the PRC Restricted Subsidiaries, the Exempted Subsidiaries and the Listed Subsidiaries) that do not provide Subsidiary Guarantees or JV Subsidiary Guarantees in accordance with the Indenture, the “**New Non-Guarantor Subsidiaries**”), *provided* that, after taking into account the consolidated assets of such Restricted Subsidiary, the Consolidated Assets of all Restricted Subsidiaries organized under laws outside the PRC (other than the Issuer, Exempted Subsidiaries and Listed Subsidiaries) that are neither Subsidiary Guarantors nor JV Subsidiary Guarantors do not account for more than 20% of the Relevant Total Assets of the Company.

Each Restricted Subsidiary that guarantees the Notes after the Original Issue Date other than a JV Subsidiary Guarantor is referred to as a “**Future Subsidiary Guarantor**” and upon execution of the applicable supplemental indenture to the Indenture will be a “**Subsidiary Guarantor**.”

Under the Indenture, as supplemented from time to time, each of the Parent, the Subsidiary Guarantors and JV Subsidiary Guarantors (if any) will jointly and severally guarantee the due and punctual payment of the principal of, premium, if any, and interest on, and all other amounts payable under, the Notes; *provided* that any JV Subsidiary Guarantee will be limited to the JV Entitlement Amount. The Parent, the Subsidiary Guarantors and JV Subsidiary Guarantors will (1) agree that their respective obligations under the Parent Guarantee, the Subsidiary Guarantees and the JV Subsidiary Guarantees, as the case may be, will be enforceable irrespective of any invalidity, irregularity or unenforceability of the Notes or the Indenture and (2) waive their right to require the Trustee to pursue or exhaust its legal or equitable remedies against the Issuer prior to exercising its rights under the Parent Guarantee, the Subsidiary Guarantees and the JV Subsidiary Guarantees, as the case may be. Moreover, if at any time any amount paid under a Note or the Indenture is rescinded or must otherwise be restored, the rights of the Holders under the Parent Guarantee, the Subsidiary Guarantees and the JV Subsidiary

Guarantees, as the case may be, will be reinstated with respect to such payment as though such payment had not been made. All payments under the Parent Guarantee, the Subsidiary Guarantees and the JV Subsidiary Guarantees, as the case may be, are required to be made in U.S. dollars.

Under the Indenture, as supplemented from time to time,

- each Subsidiary Guarantee will be limited to an amount not to exceed the maximum amount that can be guaranteed by the applicable Subsidiary Guarantor without rendering the Subsidiary Guarantee, as it relates to such Subsidiary Guarantor, voidable under applicable law relating to fraudulent conveyance or fraudulent transfer or similar laws affecting the rights of creditors generally; and
- each JV Subsidiary Guarantee will be limited to an amount which is the lower of (i) the JV Entitlement Amount and (ii) an amount not to exceed the maximum amount that can be guaranteed by the applicable JV Subsidiary Guarantor without rendering the JV Subsidiary Guarantee, as it relates to such JV Subsidiary Guarantor, voidable under applicable law relating to fraudulent conveyance or fraudulent transfer or similar laws affecting the rights of creditors generally.

If a Subsidiary Guarantee or a JV Subsidiary Guarantee were to be rendered voidable, it could be subordinated by a court to all other Indebtedness (including guarantees and other contingent liabilities) of the applicable Subsidiary Guarantor or the applicable JV Subsidiary Guarantor, as the case may be, and, depending on the amount of such Indebtedness, a Subsidiary Guarantor's liability on its Subsidiary Guarantee or a JV Subsidiary Guarantor's liability on its JV Subsidiary Guarantee, as the case may be, could in each case be reduced to zero. The obligations of each Subsidiary Guarantor under its Subsidiary Guarantee and each JV Subsidiary Guarantor under its JV Subsidiary Guarantee may be limited, or possibly invalid, under applicable laws. See the section entitled "Risk Factors — Risks Relating to the Parent Guarantee, Subsidiary Guarantees and the JV Subsidiary Guarantees — The Parent Guarantee, the Subsidiary Guarantees or JV Subsidiary Guarantees may be challenged under applicable insolvency or fraudulent transfer laws, which could impair the enforceability of the Parent Guarantee, the Subsidiary Guarantees or JV Subsidiary Guarantees."

Release of the Parent Guarantee, Subsidiary Guarantees and JV Subsidiary Guarantees

The Parent Guarantee may be released in certain circumstances, including:

- upon repayment in full of the Notes; or
- upon a defeasance as described under the section entitled "— Defeasance — Defeasance and Discharge."

No release of a Parent Guarantor of its Parent Guarantee shall be effective against the Trustee or the Holders until the Company has delivered to the Trustee an Officer's Certificate stating that all requirements relating to such release have been complied with and such release is authorized and permitted by the terms of the Indenture.

A Subsidiary Guarantee given by a Subsidiary Guarantor and a JV Subsidiary Guarantee given by a JV Subsidiary Guarantor may be released in certain circumstances, including:

- upon repayment in full of the Notes;
- upon a defeasance as described under the section entitled "— Defeasance — Defeasance and Discharge;"

- upon the designation by the Company of a Subsidiary Guarantor or a JV Subsidiary Guarantor, as the case may be, as an Unrestricted Subsidiary in compliance with the terms of the Indenture;
- upon the sale, disposition or merger of a Subsidiary Guarantor or a JV Subsidiary Guarantor, as the case may be, in compliance with the terms of the Indenture (including the covenants under the sections entitled “— Certain Covenants — Limitation on Sales and Issuances of Capital Stock in Restricted Subsidiaries,” “— Certain Covenants — Limitation on Asset Sales” and “— Consolidation, Merger and Sale of Assets”) resulting in such Subsidiary Guarantor or JV Subsidiary Guarantor, as the case may be, no longer being a Restricted Subsidiary, so long as (1) such Subsidiary Guarantor or JV Subsidiary Guarantor, as the case may be, is simultaneously released from its obligations in respect of any of the Company’s other Indebtedness or any Indebtedness of any other Restricted Subsidiary and (2) the proceeds from such sale, disposition or merger are used for the purposes permitted or required by the Indenture;
- in the case of a Subsidiary Guarantee, upon its replacement with a JV Subsidiary Guarantee; or
- in the case of a Subsidiary Guarantor, upon its becoming a New Non-Guarantor Subsidiary in compliance with the terms of the Indenture.

The Company may request the Trustee to release the Subsidiary Guarantee provided by any Subsidiary Guarantor and the Subsidiary Guarantee provided by each Restricted Subsidiary that is the Subsidiary of such Subsidiary Guarantor organized under laws outside the PRC, and upon such release such Subsidiary Guarantor and each Restricted Subsidiary that is the Subsidiary of such Subsidiary Guarantor organized under laws outside the PRC will become New Non-Guarantor Subsidiaries (such that each New Non-Guarantor Subsidiary will no longer Guarantee the Notes) (without any requirement to seek the consent or approval of the Holders of the Notes), *provided* that, after the release of such Subsidiary Guarantees, the Consolidated Assets of all Restricted Subsidiaries organized under laws outside the PRC (other than the Exempted Subsidiaries and Listed Subsidiaries) that are neither Subsidiary Guarantors nor JV Subsidiary Guarantors (including the New Non-Guarantor Subsidiaries) do not account for more than 20% of the Relevant Total Assets. A Subsidiary Guarantee of a Subsidiary Guarantor may only be released pursuant to this paragraph if, as of the date of such proposed release, no document exists that is binding on the Company or any of the Restricted Subsidiaries that would have the effect of (x) prohibiting the Company or any of the Restricted Subsidiaries from releasing such Subsidiary Guarantee or (y) requiring the Company, the Parent, the Issuer or such Subsidiary Guarantor to deliver or keep in place a guarantee of other Indebtedness of the Company, the Parent or the Issuer by such Subsidiary Guarantor.

The Trustee shall comply with a request referred to in the preceding paragraph if the conditions precedent to such release set forth in the Indenture have been complied with, as evidenced by an Officers’ Certificate from the Company, and the Trustee shall take all actions necessary to effect and evidence such release in accordance with the terms of the Indenture.

No release of a Subsidiary Guarantor and JV Subsidiary Guarantor from their Subsidiary Guarantee and JV Subsidiary Guarantee shall be effective against the Trustee or the Holders until the Company has delivered to the Trustee an Officer’s Certificate stating that all requirements relating to such release have been complied with and such release is authorized and permitted by the terms of the Indenture.

Replacement of Subsidiary Guarantees with JV Subsidiary Guarantees

A Subsidiary Guarantee given by a Subsidiary Guarantor may be released following the sale of existing Capital Stock or the issuance of new Capital Stock by the Company or any Restricted Subsidiary in (a) such Subsidiary Guarantor or (b) any other Subsidiary Guarantor that, directly or indirectly, owns a majority of the Capital Stock of such Subsidiary Guarantor, in each case where such sale or issuance is for no less than 20% of the issued Capital Stock of the relevant Subsidiary Guarantor, *provided* that the following conditions are satisfied or complied with:

- concurrently with the release of such Subsidiary Guarantee, such JV Subsidiary Guarantor has delivered to the Trustee:
 - (i) (A) a duly executed JV Subsidiary Guarantee of such JV Subsidiary Guarantor and each Restricted Subsidiary that is a Subsidiary of such JV Subsidiary Guarantor and that is not organized under the laws of the PRC, an Exempted Subsidiary or a Listed Subsidiary and (B) a duly executed supplemental indenture to the Indenture pursuant to which such JV Subsidiary Guarantor becomes a party to the Indenture as a JV Subsidiary Guarantor, each of which provides, among other things, that the aggregate claims of the Trustee under such JV Subsidiary Guarantee and all JV Subsidiary Guarantees provided by the Restricted Subsidiaries and shareholders of such JV Subsidiary Guarantor will be limited to the JV Entitlement Amount;
 - (ii) an Officers' Certificate certifying a copy of a Board Resolution to the effect that such JV Subsidiary Guarantee has been approved by a majority of the disinterested members of the Board of Directors; and
 - (iii) a legal opinion by a law firm of recognized international standing confirming that under New York law such JV Subsidiary Guarantee is valid, binding and enforceable against the JV Subsidiary Guarantor providing the JV Subsidiary Guarantee (subject to customary qualifications and assumptions).
- such sale or issuance of Capital Stock is made to an Independent Third Party at a consideration that is not less than the appraised value of such Capital Stock by an independent appraisal firm of recognized international standing appointed by the Company;
- all capital contributions (by way of transfer of cash or other property or any payment for property or services for the use of others or otherwise) to be made into such JV Subsidiary Guarantor from the date of the sale of existing Capital Stock or issuance of new Capital Stock as referred to above, shall be made directly or by contribution of assets or services having an equivalent Fair Market Value by (i) the Company and the Restricted Subsidiaries and (ii) such Independent Third Party that purchased or subscribed for Capital Stock in the JV Subsidiary Guarantor in proportion to their respective direct or indirect ownership percentages of the Capital Stock of such JV Subsidiary Guarantor; and
- as of the date of such proposed release, no document exists that is binding on the Company or any of the Restricted Subsidiaries that would have the effect of (a) prohibiting the Company or any of the Restricted Subsidiaries from releasing such Subsidiary Guarantee, (b) prohibiting the Company or any of the Restricted Subsidiaries from providing such JV Subsidiary Guarantee or (c) requiring the Company or any of the Restricted Subsidiaries to deliver or keep in force a replacement guarantee on terms that are more favorable to the recipients of such guarantee than the JV Subsidiary Guarantee.

Notwithstanding the foregoing paragraph, any such sale or issuance of the Capital Stock of the relevant Subsidiary Guarantor (including where such sale results in the relevant Subsidiary Guarantor ceasing to be a Restricted Subsidiary) will need to comply with the other covenants set forth in the Indenture, including, without limitation, the “Limitation on Asset Sales” and “Limitation on Restricted Payments” covenants.

Any Net Cash Proceeds from the sale of such Capital Stock shall be applied by the Company or any Restricted Subsidiary in accordance with the “Limitation on Asset Sales” covenant.

As of the date of the Indenture, all of the Company’s Subsidiaries will be “Restricted Subsidiaries” other than City Expert (Ningbo) Property Co., Ltd. (城博(寧波)置業有限公司), City Expert Limited (城博有限公司), Fortex Development Limited (嘉達發展有限公司), Foshan Nanhai Juncheng Property Development Co., Ltd. (佛山市南海俊誠房地產開發有限公司), Global City Development Limited, Ideal Market Holdings Limited (旭智控股有限公司), Key Alliance Investments Limited (建聯投資有限公司), Ningbo Sanli Jiada Property Co., Ltd. (寧波三立嘉達置業有限公司), Ningbo Sanli Xianghe Property Co., Ltd. (寧波三立祥和置業有限公司), Ningbo Sanli Yongheng Property Co., Ltd. (寧波三立甬恒置業有限公司), Ningbo Yucheng Property Co., Ltd. (寧波御誠置業有限公司), 寧波御都置業有限公司, Pioneer Time Investment Limited, Prosper Trade Investments Limited (興業投資有限公司), Ray Shine Group Limited (利輝集團有限公司), Wuhan Donghu Hengda Real Estate Development Co., Ltd. (武漢東湖恒大地產開發有限公司), Splendid Ritzy Limited, VMS Real Estate Fund 2 SPC Cayman Islands, VMS Wanchai 1 Fund SP Cayman Islands, EV Wanchai 1 Holdings Limited British Virgin Islands, EV Wanchai 1 Land Holdings Limited, All Peace Investments Limited, Charm Best Investment Limited, Chongqing Zhongyu Property Development Co., Ltd. (重慶中渝物業發展有限公司), Chongqing Victoria Harbour Land Co., Ltd. (重慶維港置地有限公司), Chongqing Zhongyu Jiamei Property Management Co., Ltd. (重慶中渝嘉美物業管理有限公司)* and Profit Concept Finance Limited (創盈財務有限公司) and any Subsidiary of these Subsidiaries. However, under the circumstances described below under the section entitled “— Certain Covenants — Designation of Restricted and Unrestricted Subsidiaries,” the Issuer will be permitted to designate certain of the Company’s Subsidiaries as Unrestricted Subsidiaries. The Unrestricted Subsidiaries will generally not be subject to the restrictive covenants in the Indenture and will not guarantee the Notes.

Keepwell and EIPU

Under the Keepwell and EIPU,

- (1) upon receipt of the written notice from the Trustee substantially in the form set forth in Schedule 1 of the Keepwell and EIPU in accordance with the Indenture following an Event of Default, the Company agrees that it shall, subject to obtaining all necessary approvals, consents, licenses, orders, permits and any other authorizations from the relevant authorities (the “**Purchase Approvals**”), purchase, directly or indirectly, the Capital Stock held by Restricted Subsidiaries that are Subsidiaries of the Parent incorporated outside the PRC at a certain purchase price and terms set forth in the Keepwell and EIPU;
- (2) if the Trustee has received notification from the Company that the purchase price in clause (1) is (x) insufficient to cover any shortfall in the ability of the Parent, the Issuer and the Subsidiary Guarantors to pay any amounts payable under the Notes, the Indenture, the Parent Guarantee and the Subsidiary Guarantees or (y) any Purchase Approval is unlikely to be obtained, and the Trustee sends the Company a written notice from the Trustee substantially in the form set forth in Schedule 3 of the Keepwell and EIPU in accordance with the Indenture following an Event of Default, the Company agrees that it shall, subject to obtaining all necessary approvals, consents, licenses, orders, permits and any other authorizations from the relevant authorities, invest, directly or indirectly, (by equity and/or shareholders’ loan) in Restricted Subsidiaries that are Subsidiaries of the Parent incorporated outside the PRC on terms set forth in the Keepwell and EIPU; and

- (3) the Company agrees that it shall cause the Parent, the Issuer, each Subsidiary Guarantor and each JV Subsidiary Guarantor, if any, to (i) have a consolidated net worth (as defined in the Keepwell and EIPU) of at least US\$1.00 at all times (and with respect to the Parent only, at least RMB1.0 billion at all times), (ii) have sufficient liquidity to ensure timely payment of any amounts payable under the Notes, the Parent Guarantee and the Subsidiary Guarantees as and when due, and (iii) remain solvent and a going concern at all times under the laws of their respective jurisdictions of incorporation or applicable accounting standards.

Further Issues

Subject to the covenants described below, the Issuer may, from time to time, without notice to or the consent of the Holders, create and issue Additional Notes having the same terms and conditions as the Notes (including the benefit of the Parent Guarantee, the Subsidiary Guarantees and the JV Subsidiary Guarantees (if any)) in all respects (or in all respects except for the issue date, issue price and the first payment of interest on them and, to the extent necessary, certain temporary securities law transfer restrictions, as applicable) (“**Additional Notes**”) so that such Additional Notes may be consolidated and form a single class with the previously outstanding Notes and vote together as one class on all matters with respect to the Notes; *provided* that the issuance of any such Additional Notes shall then be permitted under the “Limitation on Indebtedness and Preferred Stock” covenant described below and the other provisions of the Indenture.

Optional Redemption

At any time prior to July 24, 2022, the Issuer may, upon giving not less than 30 days’ nor more than 60 days’ notice to the Holders and the Trustee, at its option redeem the Notes, in whole but not in part, at a redemption price equal to 100% of the principal amount of the Notes redeemed plus the Applicable Premium as of, and accrued and unpaid interest, if any, to (but not including), the redemption date. Neither the Trustee nor the Paying Agent shall be responsible for calculating or verifying the Applicable Premium.

At any time and from time to time prior to July 24, 2022 the Issuer may, upon giving not less than 30 days’ nor more than 60 days’ notice to the Holders and the Trustee, redeem up to 35% of the aggregate principal amount of the Notes with the Net Cash Proceeds of one or more sales of Common Stock of the Company in an Equity Offering at a redemption price of 111.5% of the principal amount of the Notes redeemed, plus accrued and unpaid interest, if any, to (but not including) the redemption date; *provided* that at least 65% of the aggregate principal amount of the Notes originally issued on the Original Issue Date remains outstanding after each such redemption and any such redemption takes place within 60 days after the closing of the related Equity Offering.

At any time from and including July 24, 2022 to but excluding October 24, 2022, the Issuer may, upon giving not less than 15 days’ nor more than 30 days’ notice to the Holders and the Trustee, at its option redeem the Notes, in whole but not in part, at a redemption price equal to 100% of the principal amount of the Notes redeemed plus accrued and unpaid interest, if any, to (but not including) the redemption date.

If less than all of the Notes are to be redeemed at any time, the Notes for redemption will be selected as follows:

- (1) if the Notes are listed on any national securities exchange and/or are held through a clearing system, in compliance with the requirements of the principal national securities exchange on which the Notes are listed (if any) and/or the requirements of the clearing system through which the Notes are held; or

- (2) if the Notes are not listed on any national securities exchange or held through a clearing system, on a pro rata basis, by lot or by such method as the Trustee in its sole and absolute discretion deems fair and appropriate, unless otherwise required by applicable law.

A Note of US\$200,000 in principal amount or less shall not be redeemed in part. If any Note is to be redeemed in part only, the notice of redemption relating to such Note will state the portion of the principal amount to be redeemed. A new Note in principal amount equal to the unredeemed portion will be issued upon cancellation of the original Note. On and after the redemption date, interest will cease to accrue on Notes or portions of them called for redemption.

Repurchase of Notes Upon a Change of Control Triggering Event

Not later than 30 days following a Change of Control Triggering Event, the Issuer or the Parent will make an Offer to Purchase all outstanding Notes (a “**Change of Control Offer**”) at a purchase price equal to 101% of the principal amount thereof plus accrued and unpaid interest, if any, to (but not including) the Offer to Purchase Payment Date.

Each of the Issuer and the Parent has agreed in the Indenture that it will timely repay all Indebtedness or obtain consents as necessary under, or terminate, agreements or instruments that would otherwise prohibit a Change of Control Offer required to be made pursuant to the Indenture. Notwithstanding this agreement of the Issuer and the Parent, it is important to note that if the Issuer or the Parent is unable to repay (or cause to be repaid) all of the Indebtedness, if any, that would prohibit repurchase of the Notes or is unable to obtain the requisite consents of the holders of such Indebtedness, or terminate any agreements or instruments that would otherwise prohibit a Change of Control Offer, it would continue to be prohibited from purchasing the Notes. In that case, the Issuer’s or the Parent’s failure to purchase tendered Notes would constitute an Event of Default under the Indenture.

Certain of the events constituting a Change of Control Triggering Event under the Notes will also constitute an event of default under certain debt instruments of the Company and its Subsidiaries. Future debt of the Company, the Parent or the Issuer may also (1) prohibit the Issuer or the Parent from purchasing Notes in the event of a Change of Control Triggering Event; (2) provide that a Change of Control Triggering Event is a default; or (3) require repurchase of such debt upon a Change of Control Triggering Event. Moreover, the exercise by the Holders of their right to require the Issuer or the Parent to purchase the Notes could cause a default under other Indebtedness, even if the Change of Control Triggering Event itself does not, due to the financial effect of the purchase on the Issuer or the Parent. The Issuer’s or the Parent’s ability to pay cash to the Holders following the occurrence of a Change of Control Triggering Event may be limited by the Company’s, the Parent’s, the Issuer’s and the Subsidiary Guarantors’ then-existing financial resources. There can be no assurance that sufficient funds will be available when necessary to make the required purchase of the Notes. See the section entitled “Risk Factors — Risks Relating to the Notes — We may not be able to repurchase the Notes upon a change of control triggering event.” The phrase “all or substantially all,” as used with respect to the assets of any Person in the definition of “Change of Control,” will likely be interpreted under applicable law of the relevant jurisdictions and will be dependent upon particular facts and circumstances. As a result, there may be a degree of uncertainty in ascertaining whether a sale or transfer of “all or substantially all” the assets of such Person has occurred.

Notwithstanding the above, the Issuer and the Parent will not be required to make a Change of Control Offer following a Change of Control Triggering Event if a third party makes the Change of Control Offer in the same manner at the same time and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by the Issuer or the Parent and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer.

Except as described above with respect to a Change of Control Triggering Event, the Indenture does not contain provisions that permit the Holders to require that the Issuer or the Parent purchase or redeem the Notes in the event of a takeover, recapitalization or similar transaction.

The Trustee shall not be required to take any steps to ascertain whether a Change of Control Triggering Event or any event which could lead to the occurrence of a Change of Control Triggering Event has occurred or may occur and shall not be liable to any person for any failure to do so. The Trustee shall be entitled to assume that no such event has occurred until it has received written notice to the contrary from the Company.

No Mandatory Redemption or Sinking Fund

There will be no mandatory redemption or sinking fund payments for the Notes.

Additional Amounts

All payments by or on behalf of the Parent, the Issuer, a Subsidiary Guarantor or a JV Subsidiary Guarantor of principal of, and premium (if any) and interest on, the Notes and any payments under the Parent Guarantee, the Subsidiary Guarantees or JV Subsidiary Guarantees (if any) will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or within any jurisdiction in which the Parent, the Issuer or the applicable Subsidiary Guarantor or JV Subsidiary Guarantor is organized or resident for tax purposes (or any political subdivision or taxing authority thereof or therein) (each, as applicable, a “**Relevant Taxing Jurisdiction**”) or any jurisdiction through which payments on the Notes or a Guarantee are made (or any political subdivision or taxing authority thereof or therein) (as applicable and together with the Relevant Taxing Jurisdictions, each, a “**Relevant Jurisdiction**”), unless such withholding or deduction is required by law or by regulation or governmental policy having the force of law. In the event that any such withholding or deduction is so required, the Parent, the Issuer, the applicable Subsidiary Guarantor or JV Subsidiary Guarantor, as the case may be, will pay such additional amounts (“**Additional Amounts**”) as will result in receipt by the Holder of each Note of such amounts as would have been received by such Holder had no such withholding or deduction been required, except that no Additional Amounts shall be payable:

- (1) for or on account of:
 - (a) any tax, duty, assessment or other governmental charge that would not have been imposed but for:
 - (i) the existence of any present or former connection between the Holder or beneficial owner of such Note and the Relevant Jurisdiction other than merely holding such Note or the receipt of payments thereunder or under a Parent Guarantee, Subsidiary Guarantee or JV Subsidiary Guarantee, including, without limitation, such Holder or beneficial owner being or having been a national, domiciliary or resident of such Relevant Jurisdiction or treated as a resident thereof or being or having been physically present or engaged in a trade or business therein or having or having had a permanent establishment therein;
 - (ii) the presentation of such Note (in cases in which presentation is required) more than 30 days after the later of the date on which the payment of the principal of, premium, if any, and interest on, such Note became due and payable pursuant to the terms thereof or was made or duly provided for, except to the extent that the Holder thereof would have been entitled to such Additional Amounts if it had presented such Note for payment on any date within such 30-day period;
 - (iii) the failure of the Holder or beneficial owner to comply with a timely request of the Parent, the Issuer, any Subsidiary Guarantor or any JV Subsidiary Guarantor, addressed to the Holder to provide information concerning such Holder’s or beneficial owner’s nationality, residence, identity or connection with any Relevant

Jurisdiction, if and to the extent that due and timely compliance with such request is required by law to reduce or eliminate any withholding or deduction as to which Additional Amounts would have otherwise been payable to such Holder; or

- (iv) the presentation of such Note (in cases in which presentation is required) for payment in the Relevant Jurisdiction, unless such Note could not have been presented for payment elsewhere;
 - (b) any estate, inheritance, gift, sale, transfer, personal property or similar tax, assessment or other governmental charge;
 - (c) any tax, assessment, withholding or deduction required by sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, as amended (“**FATCA**”), any current or future Treasury Regulations or rulings promulgated thereunder, any intergovernmental agreement between the United States and any other jurisdiction to implement FATCA, any law, regulation or other official guidance enacted in any jurisdiction implementing FATCA, or any agreement with the U.S. Internal Revenue Service under FATCA; or
 - (d) any combination of taxes, duties, assessments or other governmental charges referred to in the preceding clauses (a), (b) and (c); or
- (2) to a Holder that is a fiduciary, partnership or person other than the sole beneficial owner of any payment to the extent that such payment would be required to be included in the income under the laws of a Relevant Jurisdiction, for tax purposes, of a beneficiary or settlor with respect to the fiduciary, or a member of that partnership or a beneficial owner who would not have been entitled to such Additional Amounts had that beneficiary, settlor, partner or beneficial owner been the Holder thereof.

Whenever there is mentioned in any context the payment of principal of, and any premium or interest on, any Note or under the Parent Guarantee, any Subsidiary Guarantee or any JV Subsidiary Guarantee, such mention shall be deemed to include payment of Additional Amounts provided for in the Indenture to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

Redemption for Taxation Reasons

The Notes may be redeemed, at the option of the Issuer, as a whole but not in part, upon giving not less than 30 days’ nor more than 60 days’ notice to the Holders (which notice shall be irrevocable) and the Trustee, at a redemption price equal to 100% of the principal amount thereof, together with accrued and unpaid interest (including any Additional Amounts), if any, to the date fixed by the Issuer, as the case may be, for redemption (the “**Tax Redemption Date**”) if, as a result of:

- (1) any change in, or amendment to, the laws (or any regulations or rulings promulgated thereunder) of a Relevant Taxing Jurisdiction affecting taxation; or
- (2) any change in the existing official position or the stating of an official position regarding the application or interpretation of such laws, regulations or rulings (including a holding, judgment or order by a court of competent jurisdiction),

which change or amendment becomes effective (or in the case of a statement, is announced) (i) with respect to the Parent, the Issuer or any initial Subsidiary Guarantor, on or after the Original Issue Date, or (ii) with respect to any Future Subsidiary Guarantor, JV Subsidiary Guarantor, on or after the date such Future Subsidiary Guarantor or JV Subsidiary Guarantor becomes a Subsidiary Guarantor or JV Subsidiary Guarantor, with respect to any payment due or to become due under the Notes or the Indenture, the Parent, the Issuer, a Subsidiary Guarantor or a JV Subsidiary Guarantor, as the case may

be, is, or on the next Interest Payment Date would be, required to pay Additional Amounts, and such requirement cannot be avoided by the taking of reasonable measures by the Parent, the Issuer, such Subsidiary Guarantor or JV Subsidiary Guarantor, as the case may be; *provided* that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Parent, the Issuer, a Subsidiary Guarantor or a JV Subsidiary Guarantor, as the case may be, would be obligated to pay such Additional Amounts if a payment in respect of the Notes were then due.

Prior to the mailing of any notice of redemption of the Notes pursuant to the foregoing, the Parent, the Issuer, a Subsidiary Guarantor or JV Subsidiary Guarantor, as the case may be, will deliver to the Trustee at least 30 days but not more than 60 days before the Tax Redemption Date:

- (1) an Officers' Certificate stating that such change or amendment referred to in the prior paragraph has occurred, describing the facts related thereto and stating that such requirement cannot be avoided by the Parent, the Issuer, a Subsidiary Guarantor or JV Subsidiary Guarantor, as the case may be, taking reasonable measures available to it; and
- (2) an Opinion of Counsel or an opinion of a tax consultant, in either case of recognized standing with respect to tax matters of the Relevant Taxing Jurisdiction, stating that the requirement to pay such Additional Amounts results from such change or amendment referred to in the prior paragraph.

The Trustee shall and is entitled to accept such Officers' Certificate and Opinion of Counsel as sufficient evidence of the satisfaction of the conditions precedent described above, in which event it shall be conclusive and binding on the Holders.

Any Notes that are redeemed will be canceled.

Certain Covenants

Set forth below are summaries of certain covenants contained in the Indenture.

Limitation on Indebtedness and Preferred Stock

- (1) The Company will not, and will not permit any Restricted Subsidiary to, Incur any Indebtedness (including Acquired Indebtedness), and the Company will not permit any Restricted Subsidiary to issue Preferred Stock, *provided* that the Company, the Parent, the Issuer or any Subsidiary Guarantor may Incur Indebtedness (including Acquired Indebtedness) and any Non-Guarantor Subsidiary may Incur Permitted Subsidiary Indebtedness if, after giving effect to the Incurrence of such Indebtedness and the receipt and application of the proceeds therefrom, (x) no Default has occurred and is continuing and (y) the Fixed Charge Coverage Ratio would be not less than 2.5 to 1.0. Notwithstanding the foregoing, the Company will not permit any Restricted Subsidiary to Incur any Disqualified Stock (other than Disqualified Stock held by the Company, the Parent, Issuer or a Subsidiary Guarantor, so long as it is so held).
- (2) Notwithstanding the foregoing, the Company and, to the extent provided below, any Restricted Subsidiary may Incur each and all of the following ("Permitted Indebtedness"):
 - (a) Indebtedness under the Notes (excluding any Additional Notes), the Parent Guarantee and each Subsidiary Guarantee and JV Subsidiary Guarantee;
 - (b) any Pari Passu Guarantee;

- (c) Indebtedness of the Company or any Restricted Subsidiary and Preferred Stock of any Restricted Subsidiary outstanding on the Original Issue Date excluding Indebtedness permitted under clause (d); *provided* that such Indebtedness of Restricted Subsidiaries shall be included in the calculation of Permitted Subsidiary Indebtedness (other than any such Indebtedness described in clauses (a) and (b) above and clauses (d), (f), (g) and (m) below);
- (d) Indebtedness of the Company or Indebtedness or Preferred Stock of any Restricted Subsidiary owed to or held by the Company or any Restricted Subsidiary; *provided* that (i) any event which results in any such Restricted Subsidiary ceasing to be a Restricted Subsidiary or any subsequent transfer of such Indebtedness or Preferred Stock (other than to the Company or any Restricted Subsidiary) shall be deemed, in each case, to constitute an Incurrence of such Indebtedness not permitted by this clause (d) and (ii) if the Parent, the Issuer, any Subsidiary Guarantor or any JV Subsidiary Guarantor is the obligor and none of the Parent, the Issuer, the Subsidiary Guarantors and JV Subsidiary Guarantors is an obligee on such Indebtedness, such Indebtedness must expressly be subordinated in right of payment to the Notes, in the case of the Issuer, the Parent Guarantee, in the case of the Parent, the Subsidiary Guarantee of such Subsidiary Guarantor, in the case of a Subsidiary Guarantor, or the JV Subsidiary Guarantee of such JV Subsidiary Guarantor, in the case of a JV Subsidiary Guarantor; *provided* further that, any Preferred Stock issued by a Subsidiary Guarantor and held by the Company or another Restricted Subsidiary must by the terms thereof or by operation of law be subordinated in right of payment to the Subsidiary Guarantee of such Subsidiary Guarantor or the JV Subsidiary Guarantee of such JV Subsidiary Guarantor;
- (e) Indebtedness (“**Permitted Refinancing Indebtedness**”) issued in exchange for, or the net proceeds of which are used to refinance or refund, replace, exchange, renew, repay, defease, discharge or extend (collectively, “refinance” and “refinances” and “refinanced” shall have a correlative meaning), then outstanding Indebtedness (or Indebtedness that is no longer outstanding but that is refinanced substantially concurrently with the Incurrence of such Permitted Refinancing Indebtedness) Incurred under the immediately preceding paragraph (1) or clauses (a), (b), (c), (e), (h), (o), (p), (q), (r), (s), (t), (u), (v) or (w) of this paragraph (2) and any refinancings thereof in an amount not to exceed the amount so refinanced (plus premiums, accrued interest, fees and expenses); *provided* that (i) Indebtedness the proceeds of which are used to refinance the Notes or Indebtedness that is *pari passu* with, or subordinated in right of payment to, the Notes, the Parent Guarantee, a Subsidiary Guarantee or a JV Subsidiary Guarantee shall only be permitted under this clause (e) if (A) in case the Notes are refinanced in part or the Indebtedness to be refinanced is *pari passu* with the Notes, the Parent Guarantee, a Subsidiary Guarantee or a JV Subsidiary Guarantee, such new Indebtedness, by its terms or by the terms of any agreement or instrument pursuant to which such new Indebtedness is outstanding, is expressly made *pari passu* with, or subordinate in right of payment to, the remaining Notes, the Parent Guarantee or such Subsidiary Guarantee or JV Subsidiary Guarantee, as the case may be, or (B) in case the Indebtedness to be refinanced is subordinated in right of payment to the Notes, the Parent Guarantee, a Subsidiary Guarantee or a JV Subsidiary Guarantee, such new Indebtedness, by its terms or by the terms of any agreement or instrument pursuant to which such new Indebtedness is issued or remains outstanding, is expressly made subordinate in right of payment to the Notes, the Parent Guarantee, such Subsidiary Guarantee or JV Subsidiary Guarantee, as the case may be, at least to the extent that the Indebtedness to be refinanced is subordinated to the Notes, the Parent Guarantee, such Subsidiary Guarantee or such JV Subsidiary Guarantee; (ii) such new Indebtedness, determined as of the date of Incurrence of such new Indebtedness, does not mature prior to the Stated Maturity of the Indebtedness to be refinanced, and the Average Life of such new Indebtedness is at least equal to the remaining Average Life of the

Indebtedness to be refinanced; (iii) in no event may Indebtedness of the Issuer, the Parent or any Subsidiary Guarantor or any JV Subsidiary Guarantor be refinanced pursuant to this clause by means of any Indebtedness of the Company or any Restricted Subsidiary that is not the Parent, the Issuer, a Subsidiary Guarantor or a JV Subsidiary Guarantor; and (iv) in no event may Indebtedness of the Issuer, the Parent or any Subsidiary Guarantor be refinanced pursuant to this clause by means of any Indebtedness of any JV Subsidiary Guarantor (*provided* that this sub-clause (iv) shall not prohibit the replacement of a Subsidiary Guarantee by a JV Subsidiary Guarantee if otherwise permitted by the Indenture); *provided further* that the repayment, redemption or discharge of an old Project Debt may be classified as being “refinanced” within the meaning of this clause (e) by a new Project Debt Incurred within 180 days after the repayment, redemption or discharge of such old Project Debt;

- (f) Indebtedness Incurred by the Company or any Restricted Subsidiary pursuant to (A) Hedging Obligations entered into in the ordinary course of business and designed solely to protect the Company or any Restricted Subsidiary from fluctuations in interest rates, currencies or the price of commodities and not for speculation or (B) other derivative contracts entered into for non-speculative purposes in connection with the business of the Company or any Restricted Subsidiary;
- (g) Pre-Registration Mortgage Guarantees by the Company or any Restricted Subsidiary;
- (h) Indebtedness Incurred by the Company or any Restricted Subsidiary for the purpose of financing (x) all or any part of the purchase price of assets, real or personal property (including the lease purchase price of land use rights) or equipment to be used in the ordinary course of business by the Company or a Restricted Subsidiary, including any such purchase through the acquisition of Capital Stock of any Person that owns such real or personal property or equipment which will, upon acquisition, become a Restricted Subsidiary, or (y) all or any part of the purchase price or the cost of development, construction or improvement of real or personal property (including the lease purchase price of land use rights) or equipment to be used in the ordinary course of business by the Company or a Restricted Subsidiary; *provided* that in the case of clauses (x) and (y), (A) the aggregate principal amount of such Indebtedness shall not exceed such purchase price or cost, (B) such Indebtedness shall be Incurred no later than 180 days after the acquisition of such property or completion of such development, construction or improvement and (C) on the date of the Incurrence of such Indebtedness and after giving effect thereto, the aggregate principal amount outstanding of all such Indebtedness Incurred under this clause (h) (together with refinancings thereof and the aggregate principal amount outstanding of Indebtedness that was Incurred under clauses (q), (r), (s), (t), (u) and (v) below and the refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred under such clauses and this clause (h) to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) does not exceed an amount equal to 25% of Total Assets;
- (i) Indebtedness Incurred by the Company or any Restricted Subsidiary constituting reimbursement obligations with respect to workers’ compensation claims or self-insurance obligations or bid, performance or surety bonds (in each case other than for an obligation for borrowed money);
- (j) Indebtedness Incurred by the Company or any Restricted Subsidiary constituting reimbursement obligations with respect to letters of credit, trade guarantees or similar instruments issued in the ordinary course of business to the extent that such letters of

credit, trade guarantees or similar instruments are not drawn upon or, if drawn upon, to the extent such drawing is reimbursed no later than 30 days following receipt by the Company or such Restricted Subsidiary of a demand for reimbursement;

- (k) Indebtedness arising from agreements providing for indemnification, adjustment of purchase price or similar obligations, or from Guarantees or letters of credit, surety bonds or performance bonds securing any obligation of the Company or any Restricted Subsidiary pursuant to such agreements, in any case, Incurred in connection with the disposition of any business, assets or Restricted Subsidiary (other than the Capital Stock of the Parent and the Issuer and any asset of the Issuer), other than Guarantees of Indebtedness Incurred by any Person acquiring all or any portion of such business, assets or Restricted Subsidiary for the purpose of financing such acquisition; *provided* that the maximum aggregate liability in respect of all such Indebtedness in the nature of such Guarantee shall at no time exceed the gross proceeds actually received from the sale of such business, assets or Restricted Subsidiary;
- (l) Indebtedness arising from the honoring by a bank or other financial institution of a check, draft or similar instrument drawn against insufficient funds in the ordinary course of business *provided*, however, that such Indebtedness is extinguished within five Business Days of Incurrence;
- (m) Guarantees by the Company or any Restricted Subsidiary of Indebtedness of the Company or any Restricted Subsidiary that was permitted to be Incurred by another provision of this covenant, subject to the “Limitation on Issuances of Guarantees by Restricted Subsidiaries” covenant;
- (n) Indebtedness of the Company or any Restricted Subsidiary with a maturity of one year or less used by the Company or any Restricted Subsidiary for working capital; *provided* that the aggregate principal amount of Indebtedness permitted by this clause (n) at any time outstanding does not exceed 2% of Total Assets;
- (o) Indebtedness of the Company or any Restricted Subsidiary constituting an obligation to pay the deferred purchase price of Capital Stock of a Person pursuant to a Staged Acquisition Agreement, to the extent that such deferred purchase price is paid within 12 months after the date on which the Company or such Restricted Subsidiary enter into such Staged Acquisition Agreement; *provided* that such Person is either a Restricted Subsidiary or would become a Restricted Subsidiary upon completion of the transactions under such Staged Acquisition Agreement;
- (p) Indebtedness of the Company or any Restricted Subsidiary in an aggregate principal amount outstanding at any time (together with refinancings thereof) not to exceed US\$30.0 million (or the Dollar Equivalent thereof);
- (q) Indebtedness Incurred or Preferred Stock issued by the Company or any Restricted Subsidiary arising from any Investment made by a Financial Company Investor in a PRC Restricted Subsidiary; *provided* that on the date of the Incurrence of such Indebtedness or issuance of Preferred Stock and after giving effect thereto, the aggregate principal amount outstanding of all such Indebtedness and Preferred Stock Incurred under this clause (q) (together with refinancings thereof and the aggregate principal amount outstanding of Indebtedness that was Incurred under clause (h) above and clauses (r), (s), (t), (u) and (v) below and the refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred under such clauses and this clause (q) to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) does not exceed an amount equal to 25% of Total Assets;

- (r) Indebtedness Incurred by the Company or any Restricted Subsidiary constituting a Guarantee of Indebtedness of any Person (other than the Company or a Restricted Subsidiary) by the Company or such Restricted Subsidiary, if (x) the aggregate of all Indebtedness Incurred under this clause (r) (together with refinancing thereof and the aggregate principal amount outstanding of Indebtedness that was Incurred under clauses (h) and (q) above and clauses (s), (t), (u) and (v) below and the refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred under such clauses and this clause (r) to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) does not exceed an amount equal to 25% of Total Assets and (y) the aggregate of all Indebtedness Incurred under this clause (r) (together with refinancing thereof) does not exceed an amount equal to 7.5% of Total Assets;
- (s) Bank Deposit Secured Indebtedness Incurred by the Company or any Restricted Subsidiary, *provided* that on the date of Incurrence of such Indebtedness, the aggregate principal amount outstanding of such Indebtedness Incurred under this clause (s) (together with refinancing thereof and the aggregate principal amount outstanding of Indebtedness that was Incurred under clauses (h), (q) and (r) above and clauses (t), (u) and (v) below and the refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred under such clauses and this clause (s) to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) does not exceed an amount equal to 25% of Total Assets;
- (t) (x) Indebtedness Incurred by any PRC Restricted Subsidiary which is secured by Investment Properties, and Guarantees thereof by the Company or any Restricted Subsidiary or (y) Capitalized Lease Obligations, or Attributable Indebtedness with respect to a Sale and Leaseback Transaction that would otherwise be permitted under the section entitled "Limitation on Sale and Leaseback Transactions," Incurred by any PRC Restricted Subsidiary; *provided* that on the date of the Incurrence of such Indebtedness and after giving effect thereto, the aggregate principal amount outstanding of all such Indebtedness Incurred under this clause (t) (together with refinancings thereof and the aggregate principal amount outstanding of Indebtedness that was Incurred under clauses (h), (q), (r) and (s) above and clauses (u) and (v) below and the refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred under such clauses and this clause (t) to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) does not exceed an amount equal to 25% of Total Assets;
- (u) Indebtedness of the Company or any Restricted Subsidiary constituting an obligation to pay the deferred purchase price of Capital Stock of a Person pursuant to a Minority Interest Staged Acquisition Agreement, to the extent that such deferred purchase price is paid within 12 months after the date the Company or such Restricted Subsidiary enters into such Minority Interest Staged Acquisition Agreement; *provided* that on the date of the Incurrence of such Indebtedness and after giving effect thereto, the aggregate principal amount outstanding of all such Indebtedness Incurred under this clause (u) (together with refinancings thereof and the aggregate principal amount outstanding of Indebtedness that was Incurred under clauses (h), (q), (r), (s) and (t) above and clause (v) below and the refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred under such clauses and this clause (u) to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) does not exceed an amount equal to 25% of Total Assets; and

- (v) Acquired Indebtedness of any Restricted Subsidiary Incurred and outstanding on the date on which such Restricted Subsidiary became a Restricted Subsidiary (other than Indebtedness Incurred (i) to provide all or any portion of the funds utilized to consummate the transaction or series of transactions pursuant to which a Person becomes a Restricted Subsidiary or (ii) otherwise in contemplation of a Person becoming a Restricted Subsidiary or any such acquisition); *provided* that on the date of the Incurrence of such Indebtedness and after giving effect thereto, the aggregate principal amount outstanding of all such Indebtedness Incurred pursuant to this clause (v) (together with refinancing thereof and the aggregate principal amount outstanding of Indebtedness that was Incurred under clauses (h), (q), (r), (s), (t) and (u) above and the refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred under such clauses and this clause (v) to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) does not exceed an amount equal to 25% of Total Assets.
- (3) For purposes of determining compliance with this “Limitation on Indebtedness and Preferred Stock” covenant, in the event that an item of Indebtedness meets the criteria of more than one of the types of Indebtedness described above, including under the proviso in the first paragraph of part (1), the Company, in its sole discretion, shall classify, and from time to time may reclassify, such item of Indebtedness in one or more types of Indebtedness described above.
- (4) Notwithstanding any other provision of this covenant, the maximum amount of Indebtedness that may be Incurred pursuant to this covenant will not be deemed to be exceeded with respect to any outstanding Indebtedness due solely to the result of fluctuations in the exchange rates of currencies, *provided* that such Indebtedness was permitted to be Incurred at the time of such Incurrence.

Limitation on Restricted Payments

The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly (the payments or any other actions described in clauses (1) through (4) below being collectively referred to as “**Restricted Payments**”):

- (1) declare or pay any dividend or make any distribution on or with respect to the Company’s or any Restricted Subsidiary’s Capital Stock (other than dividends or distributions payable or paid in shares of the Company’s or any Restricted Subsidiary’s (other than the Parent and the Issuer) Capital Stock (other than Disqualified Stock or Preferred Stock) or in options, warrants or other rights to acquire shares of such Capital Stock) held by Persons other than the Company or any Wholly Owned Restricted Subsidiary;
- (2) purchase, call for redemption or redeem, retire or otherwise acquire for value any shares of Capital Stock of the Company or any Restricted Subsidiary (including options, warrants or other rights to acquire such Capital Stock) or any direct or indirect parent of the Company held by any Person other than the Company or any Wholly Owned Restricted Subsidiary;
- (3) make any voluntary or optional principal payment, or voluntary or optional redemption, repurchase, defeasance, or other acquisition or retirement for value, of Indebtedness that is subordinated in right of payment to the Notes, the Parent Guarantee, any of the Subsidiary Guarantees or any of the JV Subsidiary Guarantees (excluding any intercompany Indebtedness between or among the Company and the Restricted Subsidiaries); or
- (4) make any Investment, other than a Permitted Investment;

if, at the time of, and after giving effect to, the proposed Restricted Payment:

- (a) a Default has occurred and is continuing or would occur as a result of such Restricted Payment;
- (b) the Company could not Incur at least US\$1.00 of Indebtedness under the proviso in the first paragraph of part (1) of the covenant entitled “— Limitation on Indebtedness and Preferred Stock;” or
- (c) such Restricted Payment, together with the aggregate amount of all (1) Restricted Payments made by the Company and its Restricted Subsidiaries after the Original Issue Date and (2) payments made by the Company and its Restricted Subsidiaries after the Measurement Date but on or before the Original Issue Date that would have been Restricted Payments had they been made after the Original Issue Date, shall exceed the sum of:
 - (i) 50% of the aggregate amount of the Consolidated Net Income of the Company (or, if the Consolidated Net Income is a loss, minus 100% of the amount of such loss) accrued on a cumulative basis during the period (taken as one accounting period) beginning on January 1, 2018 and ending on the last day of the Company’s most recently ended fiscal quarter for which consolidated financial statements of the Company (which the Company shall use its reasonable best efforts to compile in a timely manner) are available (which may include internal consolidated financial statements); plus
 - (ii) 100% of the aggregate Net Cash Proceeds received by the Company after the Measurement Date as a capital contribution to its common equity or from the issuance and sale of its Capital Stock (other than Disqualified Stock) to a Person who is not the Company or a Subsidiary of the Company, including any such Net Cash Proceeds received upon (A) the conversion of any Indebtedness (other than Subordinated Indebtedness) of the Company into Capital Stock (other than Disqualified Stock) of the Company, or (B) the exercise by a Person who is not the Company or a Subsidiary of the Company of any options, warrants or other rights to acquire Capital Stock of the Company (other than Disqualified Stock) in each case after deducting the amount of any such Net Cash Proceeds used to redeem, repurchase, defease or otherwise acquire or retire for value any Subordinated Indebtedness or Capital Stock of the Company; plus
 - (iii) the amount by which Indebtedness of the Company or any Restricted Subsidiary is reduced on the Company’s consolidated balance sheet upon the conversion or exchange (other than by a Subsidiary of the Company) subsequent to the Measurement Date of any Indebtedness of the Company or any Restricted Subsidiary convertible or exchangeable into Capital Stock (other than Disqualified Stock) of the Company (less the amount of any cash, or the Fair Market Value of any other property, distributed by the Company upon such conversion or exchange); plus
 - (iv) an amount equal to the net reduction in Investments (other than reductions in Permitted Investments) that were made after the Measurement Date in any Person resulting from (A) payments of interest on Indebtedness, dividends or repayments of loans or advances by such Person, in each case to the Company or any Restricted Subsidiary (except, in each case, to the extent any such payment or proceeds are included in the calculation of Consolidated Net Income), (B) the unconditional release of a Guarantee provided by the Company or a Restricted Subsidiary after the Measurement Date of an obligation of another Person, (C) to the extent that an Investment made after the Measurement Date is sold or otherwise liquidated or repaid for cash, the lesser of (x) cash return of capital with respect to such Investment (less the cost of disposition, if any) and (y) the initial amount of such Investment, or (D) from redesignations of Unrestricted Subsidiaries as

Restricted Subsidiaries, not to exceed, in each case, the amount of Investments (other than Permitted Investments) made by the Company or a Restricted Subsidiary after the Measurement Date in any such Person; plus

(v) US\$75.0 million (or the Dollar Equivalent thereof).

The foregoing provision shall not be violated by reason of:

- (1) the payment of any dividend or redemption of any Capital Stock within 60 days after the related date of declaration or call for redemption if, at said date of declaration or call for redemption, such payment or redemption would comply with the preceding paragraph;
- (2) the redemption, repurchase, defeasance or other acquisition or retirement for value of Subordinated Indebtedness of the Company, the Parent, the Issuer or any of the Subsidiary Guarantors or JV Subsidiary Guarantors with the Net Cash Proceeds of, or in exchange for, a substantially concurrent Incurrence of Permitted Refinancing Indebtedness;
- (3) the redemption, repurchase or other acquisition of Capital Stock of the Parent, the Issuer or any Subsidiary Guarantor or JV Subsidiary Guarantors (or options, warrants or other rights to acquire such Capital Stock) in exchange for, or out of the Net Cash Proceeds of a substantially concurrent capital contribution or sale (other than to the Company or a Subsidiary of the Company) of, Capital Stock (other than Disqualified Stock) of the Parent, the Issuer or any Subsidiary Guarantor (or options, warrants or other rights to acquire such Capital Stock); *provided* that the amount of any such Net Cash Proceeds that are utilized for any such Restricted Payment will be excluded from clause (c)(ii) of the preceding paragraph;
- (4) the redemption, repurchase, defeasance or other acquisition or retirement for value of Subordinated Indebtedness of the Company, the Parent, the Issuer or any of the Subsidiary Guarantors or JV Subsidiary Guarantors in exchange for, or out of the Net Cash Proceeds of, a substantially concurrent capital contribution or sale (other than to the Company or a Subsidiary of the Company) of, Capital Stock (other than Disqualified Stock) of the Company, the Parent, the Issuer or any of the Subsidiary Guarantors or JV Subsidiary Guarantors (or options, warrants or other rights to acquire such Capital Stock); *provided* that the amount of any such Net Cash Proceeds that are utilized for any such Restricted Payment will be excluded from clause (c)(ii) of the preceding paragraph;
- (5) any dividend or distribution declared, paid or made by a Restricted Subsidiary payable, on a pro rata basis or on a basis more favorable to the Company, to all holders of a class of Capital Stock of such Restricted Subsidiary; *provided* that, with respect to a Restricted Subsidiary of which less than a majority of the Voting Stock is directly or indirectly owned by the Company, such dividend or distribution shall be declared, paid or made on a pro rata basis or on a basis more favorable to the Company, as determined by the ownership of the Voting Stock;
- (6) the redemption, repurchase or other acquisition of Capital Stock of the Company (or options, warrants or other rights to acquire such Capital Stock) in exchange for, or out of the Net Cash Proceeds of a substantially concurrent capital contribution or sale (other than to a Subsidiary of the Company) of, Capital Stock (other than Disqualified Stock) of the Company (or options, warrants or other rights to acquire such Capital Stock); *provided* that the amount of any such Net Cash Proceeds that are utilized for any such Restricted Payment will be excluded from clause (c)(ii) of the preceding paragraph;
- (7) the redemption, repurchase, defeasance or other acquisition or retirement for value of Subordinated Indebtedness of the Company in exchange for, or out of the Net Cash Proceeds of, a substantially concurrent capital contribution or sale (other than to the Company or a

Subsidiary of the Company) of, Capital Stock (other than Disqualified Stock) of the Company (or options, warrants or other rights to acquire such Capital Stock); *provided* that the amount of any such Net Cash Proceeds that are utilized for any such Restricted Payment will be excluded from clause (c)(ii) of the preceding paragraph;

- (8) *[Reserved]*;
- (9) the purchase by a Restricted Subsidiary (other than the Issuer) of Capital Stock in any PRC Restricted Subsidiary (not exceeding 20% of the total Capital Stock in such PRC Restricted Subsidiary) pursuant to an agreement entered into by such Restricted Subsidiary with an Independent Third Party solely for the purpose of acquiring real property or land use rights, *provided* that (x) such purchase occurs within 12 months after such PRC Restricted Subsidiary acquires the real property or land use rights it was formed to acquire and (y) the Company delivers to the Trustee a Board Resolution set forth in an Officers' Certificate confirming that, in the opinion of the Board of Directors, the purchase price of such Capital Stock is less than or equal to the fair market value of such Capital Stock (determined by multiplying the fair market value of such PRC Restricted Subsidiary by the percentage that such Capital Stock represents in the total Capital Stock of such PRC Restricted Subsidiary);
- (10) the purchase of Capital Stock of a Person, and payments made, pursuant to a Staged Acquisition Agreement or a Minority Interest Staged Acquisition Agreement;
- (11) dividends paid to, or the purchase of Capital Stock of any PRC Restricted Subsidiary held by any Financial Company Investor in respect of any Preferred Stock issued or Indebtedness outstanding on the Original Issue Date or issued or Incurred under paragraph (2)(q) of the "Limitation on Indebtedness and Preferred Stock" covenant;
- (12) (A) the repurchase, redemption or other acquisition or retirement for value of the Capital Stock of the Company or any Restricted Subsidiary (directly or indirectly, including through any trustee, agent or nominee) in connection with an employee benefit plan, and any corresponding Investment by the Company or any Restricted Subsidiary in any trust or similar arrangements to the extent of such repurchased, redeemed, acquired or retired Capital Stock, or (B) the repurchase, redemption or other acquisition or retirement for value of any Capital Stock of the Company or any Restricted Subsidiary held by an employee benefit plan of the Company or any Restricted Subsidiary, any current or former officer, director, consultant, or employee of the Company or any Restricted Subsidiary (or permitted transferees, estates or heirs of any of the foregoing); *provided* that the aggregate consideration paid for all such repurchased, redeemed, acquired or retired Capital Stock shall not exceed US\$50.0 million (or the Dollar Equivalent thereof using the Original Issue Date as the date of determination);
- (13) cash payment in lieu of fractional shares in connection with the exercise of warrants, options or other securities convertible into or exchangeable for Capital Stock of the Company, *provided*, however, that any such cash payment shall not be for the purpose of evading the limitation of this "— Limitation on Restricted Payments" covenant (as determined in good faith by the Board of Directors of the Company);
- (14) the redemption, repurchase or other acquisition of Capital Stock of any Restricted Subsidiary (other than the Parent and the Issuer) (not exceeding 50% of the total Capital Stock in such Restricted Subsidiary) from an Independent Third Party; or
- (15) any dividend or distribution declared, paid or made by the Company to Strategic Investors in accordance with the terms of the Investment Agreements,

provided that, in the case of clause (2), (3) or (4) of the preceding paragraph, no Default shall have occurred and be continuing or would occur as a consequence of the actions or payments set forth therein.

Subject to the immediately following paragraph, each Restricted Payment made pursuant to clause (1) of the preceding paragraph shall be included in calculating whether the conditions of clause (c) of the first paragraph of this “Limitation on Restricted Payments” covenant have been met with respect to any subsequent Restricted Payment.

Notwithstanding any other provision of this “Limitation on Restricted Payments” covenant, clause (b) of the first paragraph of this covenant does not have to be satisfied with respect to any Restricted Payment consisting solely of the declaration or payment of dividends in cash on the Common Stock of the Company or the repurchase of Common Stock of the Company; *provided* that, the only amount of any Restricted Payment made pursuant to this paragraph that shall be included in calculating whether the conditions of clause (c) of the first paragraph of this “Limitation on Restricted Payments” covenant have been met shall be the excess amount, if any, of (x) the aggregate amount of all declarations and payments of dividends on such Common Stock during any fiscal year of the Company and price paid for all such repurchased Common Stock during such fiscal year over (y) 35% of the consolidated profit for the year of the Company calculated in accordance with GAAP for the fiscal year immediately before such fiscal year.

The amount of any Restricted Payment (other than cash) will be the Fair Market Value on the date of the Restricted Payment of the asset(s) or securities proposed to be transferred or issued by the Company or the Restricted Subsidiary, as the case may be, pursuant to the Restricted Payment. The value of any assets or securities that are required to be valued by this covenant will be the Fair Market Value. The Board of Directors’ determination of the Fair Market Value of a Restricted Payment or any such assets or securities must be based upon an opinion or appraisal issued by an appraisal or investment banking firm of recognized international standing if the Fair Market Value exceeds US\$10.0 million (or the Dollar Equivalent thereof).

Not later than the date of making any Restricted Payment in excess of US\$10.0 million (or the Dollar Equivalent thereof) (other than any Restricted Payments set forth in clauses (5) through (15) above), the Company will deliver to the Trustee an Officers’ Certificate stating that such Restricted Payment is permitted and setting forth the basis upon which the calculations required by this covenant entitled “— Limitation on Restricted Payments” were computed, together with a copy of any fairness opinion or appraisal required by the Indenture.

Limitation on Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries

- (1) Except as provided below, the Company will not, and will not permit any Restricted Subsidiary to, create or otherwise cause or permit to exist or become effective any encumbrance or restriction on the ability of any Restricted Subsidiary to:
 - (a) pay dividends or make any other distribution on any Capital Stock of such Restricted Subsidiary owned by the Company or any other Restricted Subsidiary;
 - (b) pay any Indebtedness or other obligation owed to the Company or any other Restricted Subsidiary;
 - (c) make loans or advances to the Company or any other Restricted Subsidiary; or
 - (d) sell, lease or transfer any of its property or assets to the Company or any other Restricted Subsidiary.

- (2) The provisions of clause (1) do not apply to any encumbrances or restrictions:
- (a) existing in agreements as in effect on the Original Issue Date, or in the Notes, the Parent Guarantee, the Subsidiary Guarantees, the JV Subsidiary Guarantees, the Indenture, the Keepwell and EIPU, or under any Pari Passu Guarantee or any Indebtedness guaranteed by a Pari Passu Guarantee, and any extensions, refinancings, renewals or replacements of any of the foregoing agreements; *provided* that the encumbrances and restrictions in any such extension, refinancing, renewal or replacement, taken as a whole, are no more restrictive in any material respect to the Holders than those encumbrances or restrictions that are then in effect and that are being extended, refinanced, renewed or replaced;
 - (b) existing under or by reason of applicable law, rule, regulation or order;
 - (c) existing with respect to any Person or the property or assets of such Person acquired by the Company or any Restricted Subsidiary, at the time of such acquisition and not incurred in contemplation thereof, which encumbrances or restrictions are not applicable to any Person or the property or assets of any Person other than such Person or the property or assets of such Person so acquired, and any extensions, refinancings, renewals or replacements thereof; *provided* that the encumbrances and restrictions in any such extension, refinancing, renewal or replacement, taken as a whole, are no more restrictive in any material respect to the Holders than those encumbrances or restrictions that are then in effect and that are being extended, refinanced, renewed or replaced;
 - (d) that otherwise would be prohibited by the provision described in clause (1)(d) of this covenant if they arise, or are agreed to, in the ordinary course of business and, that (i) restrict in a customary manner the subletting, assignment or transfer of any property or asset that is subject to a lease or license, or (ii) exist by virtue of any Lien on, or agreement to transfer, option or similar right with respect to any property or assets of the Company or any Restricted Subsidiary not otherwise prohibited by the Indenture or (iii) do not relate to any Indebtedness, and that do not, individually or in the aggregate, detract from the value of property or assets of the Company or any Restricted Subsidiary in any manner material to the Company or any Restricted Subsidiary;
 - (e) with respect to a Restricted Subsidiary (other than the Parent and the Issuer) and imposed pursuant to an agreement that has been entered into for the sale or disposition of all or substantially all of the Capital Stock of, or property and assets of, such Restricted Subsidiary that is permitted by the covenants entitled “— Limitation on Sales and Issuances of Capital Stock in Restricted Subsidiaries,” “— Limitation on Indebtedness and Preferred Stock” and “— Limitation on Asset Sales;”
 - (f) with respect to any Restricted Subsidiary and imposed pursuant to an agreement that has been entered into for the Incurrence of Indebtedness or issuance of Preferred Stock of the type described under clause (2)(h), (2)(n), (2)(o), (2)(p), (2)(q), (2)(r), (2)(s), (2)(t), (2)(u) or 2(v) of the covenant entitled “— Limitation on Indebtedness and Preferred Stock” if the encumbrances or restrictions are (i) customary for such types of agreements and (ii) would not, at the time agreed to, be expected to materially and adversely affect (w) the ability of the Company to honor its commitments under the Keepwell and EIPU, (x) the ability of the Issuer to make the required payments on the Notes, (y) the Parent to make required payments under its Parent Guarantee, or (z) any Subsidiary Guarantor or JV Subsidiary Guarantor to make required payments under its Subsidiary Guarantee or JV Subsidiary Guarantee; *provided* that the encumbrances and restrictions in any such extension, refinancing, renewal or replacement, taken as a whole, are no more restrictive in any material respect to the Holders than those encumbrances or restrictions that are then in effect and that are being extended,

refinanced, renewed or replaced, *provided* further that, the Board of Directors is empowered to determine as to whether the conditions set forth in clauses (i) and (ii) are met, which determination shall be conclusive if evidenced by a Board Resolution;

- (g) existing in customary provisions in joint venture agreements and other similar agreements permitted under the Indenture, to the extent such encumbrance or restriction relates to the activities or assets of a Restricted Subsidiary that is a party to such joint venture and if (i) the encumbrances or restrictions are customary for a joint venture or similar agreement of that type and (ii) the encumbrances or restrictions would not, at the time agreed to, be expected to materially and adversely affect (w) the ability of the Company to honor its commitments under the Keepwell and EIPU, (x) the ability of the Issuer to make the required payments on the Notes, (y) the Parent to make required payments under its Parent Guarantee, or (z) any Subsidiary Guarantor or JV Subsidiary Guarantor to make required payments under its Subsidiary Guarantee or JV Subsidiary Guarantee, *provided* further that, the Board of Directors is empowered to determine as to whether of the conditions set forth in clauses (i) and (ii) are met, which determination shall be conclusive if evidenced by a Board Resolution; or
- (h) existing with respect to any Unrestricted Subsidiary or the property or assets of such Unrestricted Subsidiary that is designated as a Restricted Subsidiary in accordance with the terms of the Indenture at the time of such designation and not incurred in contemplation of such designation, which encumbrances or restrictions are not applicable to any Person or the property or assets of any Person other than such Subsidiary or its subsidiaries or the property or assets of such Subsidiary or its subsidiaries, and any extensions, refinancing, renewals or replacements thereof; *provided* that the encumbrances and restrictions in any such extension, refinancing, renewal or replacement, taken as a whole, are no more restrictive in any material respect to the Holders than those encumbrances or restrictions that are then in effect and that are being extended, refinanced, renewed or replaced.

Limitation on Sales and Issuances of Capital Stock in Restricted Subsidiaries

The Company will not sell, and will not permit any Restricted Subsidiary, directly or indirectly, to issue or sell any shares of Capital Stock of a Restricted Subsidiary (including options, warrants or other rights to purchase shares of such Capital Stock) except:

- (1) to the Company or a Wholly Owned Restricted Subsidiary, or in the case of a Restricted Subsidiary that is not a Wholly Owned Restricted Subsidiary, pro rata to its shareholders or incorporators;
- (2) to the extent such Capital Stock represents director's qualifying shares or is required by applicable law to be held by a Person other than the Company or a Wholly Owned Restricted Subsidiary;
- (3) for the issuance or sale of the Capital Stock of a Restricted Subsidiary (other than the Parent and the Issuer) if, immediately after giving effect to such issuance or sale, such Restricted Subsidiary would no longer constitute a Restricted Subsidiary and any remaining Investment in such Person would have been permitted to be made under the "— Limitation on Restricted Payments" covenant if made on the date of such issuance or sale and *provided* that the Company complies with the "— Limitation on Asset Sales" covenant; *provided* that, paragraph (18)(b) of the definition of "Permitted Investments" shall not apply if such Investment would otherwise have been permitted under paragraph (18) of such definition; and

- (4) the issuance or sale of Capital Stock of a Restricted Subsidiary (other than the Parent and the Issuer) (which remains a Restricted Subsidiary after any such issuance or sale); *provided* that the Company or such Restricted Subsidiary applies the Net Cash Proceeds of such issuance or sale in accordance with the covenant entitled “— Limitation on Asset Sales.”

Limitation on Issuances of Guarantees by Restricted Subsidiaries

The Company will not permit any Restricted Subsidiary which is not the Parent, the Issuer, a Subsidiary Guarantor or a JV Subsidiary Guarantor, directly or indirectly, to Guarantee any Indebtedness (“**Guaranteed Indebtedness**”) of the Company, the Parent, Issuer or any Subsidiary Guarantor, unless (1) (a) such Restricted Subsidiary, simultaneously executes and delivers a supplemental indenture to the Indenture providing for an unsubordinated Subsidiary Guarantee (in the case of a Subsidiary Guarantor) or JV Subsidiary Guarantee (in the case of a JV Subsidiary Guarantor) of payment of the Notes by such Restricted Subsidiary and (b) such Restricted Subsidiary waives, and will not in any manner whatsoever claim or take the benefit or advantage of, any rights of reimbursement, indemnity or subrogation or any other rights against the Company or any other Restricted Subsidiary as a result of any payment by such Restricted Subsidiary under its Subsidiary Guarantee or JV Subsidiary Guarantee, as the case may be, until the Notes have been paid in full, (2) such Guarantee is permitted by clauses (2)(d) or (s) (in the case of clause (2)(s), with respect to the Guarantee provided by the Company or any Restricted Subsidiary through the pledge of one or more bank accounts or deposits to secure (or the use of any Guarantee or letter of credit or similar instruments to Guarantee) any Bank Deposit Secured Indebtedness), under the caption “— Limitation on Indebtedness and Preferred Stock” or (3) such Restricted Subsidiary is incorporated in the PRC.

If the Guaranteed Indebtedness (1) ranks *pari passu* in right of payment with the Notes, the Parent Guarantee, any Subsidiary Guarantee or any JV Subsidiary Guarantee, then the Guarantee of such Guaranteed Indebtedness shall rank *pari passu* in right of payment with, or subordinated to, the Parent Guarantee, the Subsidiary Guarantee or the JV Subsidiary Guarantee, as the case may be, or (2) is subordinated in right of payment to the Notes, the Parent Guarantee, any Subsidiary Guarantee or any JV Subsidiary Guarantee, then the Guarantee of such Guaranteed Indebtedness shall be subordinated in right of payment to the Parent Guarantee, the Subsidiary Guarantee or the JV Subsidiary Guarantee, as the case may be, at least to the extent that the Guaranteed Indebtedness is subordinated to the Notes, the Parent Guarantee, the Subsidiary Guarantee or the JV Subsidiary Guarantee.

The Company will not permit any JV Subsidiary Guarantor, directly or indirectly, to guarantee any Indebtedness of the Company or any other Restricted Subsidiary unless the aggregate claims of the creditor under such guarantee will be limited to the JV Entitlement Amount, which, absent manifest error, may be conclusively evidenced by an Officers’ Certificate from the Company certifying to that effect. The Trustee is fully protected in relying on such an Officers’ Certificate with respect to such guarantee given by the relevant JV Subsidiary Guarantor. If any JV Subsidiary Guarantor guarantees any Indebtedness of the Company or any other Restricted Subsidiary where the aggregate claims of the creditor under such guarantee exceeds the JV Entitlement Amount, such JV Subsidiary Guarantee shall be replaced with a Subsidiary Guarantee given by a Subsidiary Guarantor.

Limitation on Transactions with Shareholders and Affiliates

The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly, enter into, renew or extend any transaction or arrangement (including, without limitation, the purchase, sale, lease or exchange of property or assets, or the rendering of any service) with (x) any holder (or any Affiliate of such holder) of 10% or more of any class of Capital Stock of the Company or (y) any Affiliate of the Company (each an “**Affiliate Transaction**”), unless:

- (1) the Affiliate Transaction is on fair and reasonable terms that are no less favorable to the Company or the relevant Restricted Subsidiary, as the case may be, than those that would have been obtained in a comparable transaction by the Company or the relevant Restricted Subsidiary with a Person that is not an Affiliate of the Company or such Restricted Subsidiary; and
- (2) the Company delivers to the Trustee:
 - (a) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of US\$25.0 million (or the Dollar Equivalent thereof), a Board Resolution set forth in an Officers’ Certificate certifying that such Affiliate Transaction complies with this covenant and such Affiliate Transaction has been approved by a majority of the disinterested members of the Board of Directors; and
 - (b) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of US\$50.0 million (or the Dollar Equivalent thereof), in addition to the Board Resolution required in clause 2(a) above, an opinion as to the fairness to the Company or such Restricted Subsidiary, as the case may be, of such Affiliate Transaction from a financial point of view issued by an accounting, appraisal or investment banking firm of recognized international standing.

The foregoing limitation does not limit, and shall not apply to:

- (1) the payment of reasonable and customary regular fees and other compensation for the service as board members to directors of the Company or any Restricted Subsidiary who are not employees of the Company or any Restricted Subsidiary;
- (2) transactions between or among the Company and any Wholly Owned Restricted Subsidiary or between or among Wholly Owned Restricted Subsidiaries;
- (3) any Restricted Payment of the type described in clause (1), (2) or (3) of the first paragraph of the covenant entitled “— Limitation on Restricted Payments” if permitted by that covenant;
- (4) any sale of Capital Stock (other than Disqualified Stock) of the Company;
- (5) the payment of compensation to officers and directors of the Company or any Restricted Subsidiary pursuant to an employee stock or share option scheme, so long as such scheme is in compliance with the listing rules of The Stock Exchange of Hong Kong Limited if the Company were listed on The Stock Exchange of Hong Kong Limited, which as of the Original Issue Date require a majority shareholder approval for any such scheme;
- (6) any purchase of Capital Stock of the type specified in clause (9), (10) or (11) of the second paragraph of the covenant entitled “— Limitation on Restricted Payments;” and

- (7) any repurchase, redemption or other acquisition or retirement for value of any Capital Stock of the Company or any Restricted Subsidiary pursuant to clause (12) of the second paragraph of the covenant entitled “— Limitation on Restricted Payments.”

In addition, the requirements of clause (2) of the first paragraph of this covenant shall not apply to (i) Investments (including Permitted Investments that are permitted under paragraph (18) of the definition of “Permitted Investments” but otherwise excluding any other Permitted Investments) not prohibited by the “Limitation on Restricted Payments” covenant, (ii) transactions pursuant to agreements in effect on the Original Issue Date and described in this offering memorandum, or any amendment or modification or replacement thereof, so long as such amendment, modification or replacement is not more disadvantageous to the Company and the Restricted Subsidiaries than the original agreement in effect on the Original Issue Date, and (iii) any transaction between or among any of the Company, any Wholly Owned Restricted Subsidiary and any Restricted Subsidiary that is not a Wholly Owned Restricted Subsidiary or between or among the Company or a Restricted Subsidiary on the one part and a Jointly Controlled Entity, an Associate or an Unrestricted Subsidiary on the other part; *provided* that in the case of clause (iii), (a) such transaction is entered into in the ordinary course of business, (b) in the case of a transaction with a Restricted Subsidiary that is not a Wholly Owned Restricted Subsidiary, none of the minority shareholders or minority partners of or in such Restricted Subsidiary (other than those that beneficially own in the aggregate no more than 10% of the Capital Stock of such Restricted Subsidiary) is a Person described in clause (x) or (y) of the first paragraph of this covenant (other than by reason of such minority shareholder or minority partner being an officer or director of such Restricted Subsidiary or being a Subsidiary of the Company), or (c) in the case of a transaction with a Jointly Controlled Entity, an Associate or an Unrestricted Subsidiary, none of the shareholders or partners (other than the Company or a Restricted Subsidiary) of such Jointly Controlled Entity, Associate or Unrestricted Subsidiary (other than shareholders or partners that beneficially own in the aggregate no more than 10% of the Capital Stock of such Jointly Controlled Entity, Associate or Unrestricted Subsidiary) is a Person described in clause (x) or (y) of the first paragraph of this covenant (other than by reason of such shareholder or partner being a director or officer of such Jointly Controlled Entity, Associate or Unrestricted Subsidiary or by reason of being a Subsidiary, Jointly Controlled Entity or Associate of the Company).

In addition, for so long as Evergrande has any outstanding high yield debt securities (the terms of which contain a customary restriction on transactions with shareholders and affiliates), the requirements of clause (2) of the first paragraph of this covenant shall not apply to transactions between the Company or any Restricted Subsidiary on the one hand and Evergrande or any Subsidiary of Evergrande on the other hand (“**Intra-Evergrande Affiliate Transactions**”), *provided* that (x) either (i) the listing rules of The Hong Kong Stock Exchange are applicable to Evergrande and its Subsidiaries, (ii) the listing rules of the Shanghai Stock Exchange are applicable to the Company and the Restricted Subsidiaries, or (iii) the listing rules of the Shenzhen Stock Exchange are applicable to the Company and the Restricted Subsidiaries; and (y) such transactions comply in all respects with all applicable listing rules described in clause (x).

Limitation on Liens

The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly, incur, assume or permit to exist any Lien on the Capital Stock of the Parent, the Issuer, any Subsidiary Guarantor or JV Subsidiary Guarantor (other than paragraph (1) of the definition of “Permitted Liens”), unless the Notes are equally and ratably secured by such Lien.

The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly, incur, assume or permit to exist any Lien of any nature whatsoever on any of its assets or properties of any kind, whether owned at the Original Issue Date or thereafter acquired, except Permitted Liens, unless the Notes are equally and ratably secured by such Lien.

Limitation on Sale and Leaseback Transactions

The Company will not, and will not permit any Restricted Subsidiary to, enter into any Sale and Leaseback Transaction; *provided* that the Company or any Restricted Subsidiary may enter into a Sale and Leaseback Transaction if:

- (1) the Company or any Restricted Subsidiary could have (a) Incurred Indebtedness in an amount equal to the Attributable Indebtedness relating to such Sale and Leaseback Transaction under the covenant entitled “— Limitation on Indebtedness and Preferred Stock” and (b) Incurred a Lien to secure such Indebtedness pursuant to the covenant entitled “— Limitation on Liens,” in which case, the corresponding Indebtedness and Lien will be deemed Incurred pursuant to those provisions;
- (2) the gross cash proceeds of that Sale and Leaseback Transaction are at least equal to the Fair Market Value of the property that is the subject of such Sale and Leaseback Transaction; and
- (3) the transfer of assets in that Sale and Leaseback Transaction is permitted by, and the Company or such Restricted Subsidiary applies the proceeds of such transaction in compliance with, the covenant entitled “— Limitation on Asset Sales.”

Limitation on Asset Sales

The Company will not, and will not permit any Restricted Subsidiary to, consummate any Asset Sale, unless:

- (1) no Default shall have occurred and be continuing or would occur as a result of such Asset Sale;
- (2) the consideration received by the Company or such Restricted Subsidiary, as the case may be, is at least equal to the Fair Market Value of the assets sold or disposed of; and
- (3) at least 75% of the consideration received consists of cash, Temporary Cash Investments or Replacement Assets; *provided* that in the case of an Asset Sale in which the Company or such Restricted Subsidiary receives Replacement Assets involving aggregate consideration in excess of US\$50.0 million (or the Dollar Equivalent thereof), the Company shall deliver to the Trustee an opinion as to the fairness to the Company or such Restricted Subsidiary of such Asset Sale from a financial point of view issued by an accounting, appraisal or investment banking firm of international standing. For purposes of this provision, each of the following will be deemed to be cash:
 - (a) any liabilities, as shown on the Company’s most recent consolidated balance sheet, of the Company or any Restricted Subsidiary (other than contingent liabilities and liabilities that are by their terms subordinated to the Notes or any Subsidiary Guarantee or any JV Subsidiary Guarantee or the obligations under the Keepwell and the EIPU) that are assumed by the transferee of any such assets pursuant to a customary assumption, assignment, novation or similar agreement that releases the Company or such Restricted Subsidiary, as the case may be, from further liability; and
 - (b) any securities, notes or other obligations received by the Company or any Restricted Subsidiary from such transferee that are promptly, but in any event within 30 days of closing, converted by the Company or such Restricted Subsidiary, as the case may be, into cash, to the extent of the cash received in that conversion,

provided that clauses (1), (2) and (3) above shall not apply to any Asset Sale to any Person that will, upon the consummation of such Asset Sale, become a Restricted Subsidiary.

Within 360 days after the receipt of any Net Cash Proceeds from an Asset Sale, the Company (or any Restricted Subsidiary) may apply such Net Cash Proceeds to:

- (1) permanently repay Senior Indebtedness of the Parent, the Issuer or a Subsidiary Guarantor or any Indebtedness of a Restricted Subsidiary that is not the Parent, the Issuer or a Subsidiary Guarantor (and, if such Senior Indebtedness repaid is revolving credit Indebtedness, to correspondingly reduce commitments with respect thereto) in each case owing to a Person other than the Company or a Restricted Subsidiary; or
- (2) acquire properties and assets that replace the properties and assets that were the subject of such Asset Sale or Replacement Assets.

Pending application of such Net Cash Proceeds as set forth in clause (1) or (2) above, the Company may make an Investment in cash or Temporary Cash Investments.

Any Net Cash Proceeds from Asset Sales that are not applied or invested as provided in clauses (1) and (2) in the immediately preceding paragraph will constitute “**Excess Proceeds**.” Excess Proceeds of less than US\$10.0 million (or the Dollar Equivalent thereof) will be carried forward and accumulated. When accumulated Excess Proceeds exceed US\$10.0 million (or the Dollar Equivalent thereof), within 10 days thereof, the Issuer or the Parent must make an Offer to Purchase Notes having a principal amount equal to:

- (1) accumulated Excess Proceeds, multiplied by
- (2) a fraction (x) the numerator of which is equal to the outstanding principal amount of the Notes and (y) the denominator of which is equal to the outstanding principal amount of the Notes and all *pari passu* Indebtedness similarly required to be repaid, redeemed or tendered for in connection with the related Asset Sales, rounded down to the nearest US\$1,000.

The offer price in any Offer to Purchase will be equal to 100% of the principal amount plus accrued and unpaid interest to the date of purchase, and will be payable in cash.

If any Excess Proceeds remain after consummation of an Offer to Purchase, the Company may use those Excess Proceeds for any purpose not otherwise prohibited by the Indenture. If the aggregate principal amount of Notes (and any other *pari passu* Indebtedness) tendered in such Offer to Purchase exceeds the amount of Excess Proceeds, the Notes (and such other *pari passu* Indebtedness) will be purchased by the Company on a pro rata basis. Upon completion of each Offer to Purchase, the amount of Excess Proceeds will be reset at zero.

Use of Proceeds

The Company will not, and will not permit any Restricted Subsidiary to, use the net proceeds (if any) from the sale of the Notes, in any amount, for any purpose other than (1) as specified under the caption “Use of Proceeds” in this offering memorandum (or in the case of any Additional Notes, the offering document relating to the sale of such Additional Notes) and (2) pending the application of all of such net proceeds in such manner, to invest the portion of such net proceeds not yet so applied in Temporary Cash Investments.

Designation of Restricted and Unrestricted Subsidiaries

The Board of Directors may designate any Restricted Subsidiary (other than the Parent and the Issuer) to be an Unrestricted Subsidiary; *provided* that (1) no Default shall have occurred and be continuing at the time of or after giving effect to such designation; (2) neither the Company, the Parent, the Issuer, any Subsidiary Guarantor nor any JV Subsidiary Guarantor provides credit support (other than any Guarantee in compliance with clause (6) below) for the Indebtedness of such Restricted Subsidiary; (3) such Restricted Subsidiary has no outstanding Indebtedness that could trigger a cross-default to the Indebtedness of the Company, the Parent or Issuer at the time of the designation; (4) such Restricted Subsidiary does not own any Disqualified Stock of the Company or Disqualified Stock or Preferred Stock of another Restricted Subsidiary or hold any Indebtedness of, or any Lien on any property of, the Company or any Restricted Subsidiary, if such Disqualified or Preferred Stock or Indebtedness could not be Incurred under the covenant entitled “— Limitation on Indebtedness and Preferred Stock” or such Lien would violate the covenant entitled “— Limitation on Liens;” (5) such Restricted Subsidiary does not own any Voting Stock of another Restricted Subsidiary, and all of its Subsidiaries are Unrestricted Subsidiaries or are being concurrently designated to be Unrestricted Subsidiaries in accordance with this paragraph; and (6) the Investment deemed to have been made thereby in such newly-designated Unrestricted Subsidiary and each other newly-designated Unrestricted Subsidiary being concurrently redesignated would be permitted to be made by the covenant entitled “—Limitation on Restricted Payments.”

The Board of Directors may designate any Unrestricted Subsidiary to be a Restricted Subsidiary; *provided* that (1) no Default shall have occurred and be continuing at the time of or after giving effect to such designation; (2) any Indebtedness of such Unrestricted Subsidiary outstanding at the time of such designation which will be deemed to have been Incurred by such newly designated Restricted Subsidiary as a result of such designation would be permitted to be Incurred by the covenant entitled “— Limitation on Indebtedness and Preferred Stock;” (3) any Lien on the property of such Unrestricted Subsidiary at the time of such designation which will be deemed to have been incurred by such newly-designated Restricted Subsidiary as a result of such designation would be permitted to be incurred by the covenant entitled “— Limitation on Liens;” (4) such Unrestricted Subsidiary is not a Subsidiary of another Unrestricted Subsidiary (that is not concurrently being designated as a Restricted Subsidiary); and (5) if such Restricted Subsidiary is not organized under the laws of the PRC, such Restricted Subsidiary shall upon such designation execute and deliver to the Trustee a supplemental indenture to the Indenture by which such Restricted Subsidiary shall become a Subsidiary Guarantor or a JV Subsidiary Guarantor to the extent required under the section entitled “-The Parent Guarantee, the Subsidiary Guarantees and the JV Subsidiary Guarantees.”

Government Approvals and Licenses; Compliance with Law

The Company will, and will cause each Restricted Subsidiary to, (1) obtain and maintain in full force and effect all governmental approvals, authorizations, consents, permits, concessions and licenses as are necessary to engage in the business of the Company or any Restricted Subsidiary; (2) preserve and maintain good and valid title to its properties and assets (including land-use rights) free and clear of any Liens other than Permitted Liens; and (3) comply with all laws, regulations, orders, judgments and decrees of any governmental body, except to the extent that failure so to obtain, maintain, preserve and comply with would not reasonably be expected to have a material adverse effect on (a) the business, results of operations or prospects of the Company and the Restricted Subsidiaries, taken as a whole, or (b) the ability of the Company, the Parent, the Issuer or any Subsidiary Guarantor or any JV Subsidiary Guarantor to perform its obligations under the Notes, the Parent Guarantee, the relevant Subsidiary Guarantee, the relevant JV Subsidiary Guarantee, the Indenture or the Keepwell and the EIPU.

Anti-Layering

The Parent will not Incur, and will not permit the Issuer or any Subsidiary Guarantor or JV Subsidiary Guarantor to Incur, any Indebtedness if such Indebtedness is contractually subordinated in right of payment to any other Indebtedness of the Parent, the Issuer, such Subsidiary Guarantor or such JV Subsidiary Guarantor, as the case may be, unless such Indebtedness is also contractually subordinated in right of payment to the Parent Guarantee, the Notes, the applicable Subsidiary Guarantee or the applicable JV Subsidiary Guarantee, on substantially identical terms. This does not apply to distinctions between categories of Indebtedness that exist by reason of any Liens or Guarantees securing or in favor of some but not all of such Indebtedness.

Suspension of Certain Covenants

If, on any date following the date of the Original Issue Date, the Notes have a rating of Investment Grade from the two Rating Agencies and no Default has occurred and is continuing (a “**Suspension Event**”), then, beginning on that day and continuing until such time, if any, at which the Notes cease to have a rating of Investment Grade from at least one of the two Rating Agencies, the provisions of the Indenture summarized under the following sections will be suspended:

- (1) “— Certain Covenants — Limitation on Indebtedness and Preferred Stock;”
- (2) “— Certain Covenants — Limitation on Restricted Payments;”
- (3) “— Certain Covenants — Limitation on Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries;”
- (4) “— Certain Covenants — Limitation on Sales and Issuances of Capital Stock in Restricted Subsidiaries;”
- (5) “— Certain Covenants — Limitation on Issuances of Guarantees by Restricted Subsidiaries;”
- (6) “— Certain Covenants — Limitation on Sale and Leaseback Transactions;”
- (7) “— Certain Covenants — Limitation on Asset Sales;”
- (8) “— Certain Covenants — Limitation on the Company’s Business Activities;” and
- (9) the requirements under clauses (3) and (4) of the first, second and third paragraphs under “— Certain Covenants — Consolidation, Merger and Sale of Assets.”

During any period that the foregoing covenants have been suspended, the Board of Directors may not designate any of the Restricted Subsidiaries as Unrestricted Subsidiaries pursuant to the covenant summarized under the section entitled “— Certain Covenants — Designation of Restricted and Unrestricted Subsidiaries” or the definition of “Unrestricted Subsidiary.”

Such covenants will be reinstituted and apply according to their terms as of and from the first day on which a Suspension Event ceases to be in effect. Such covenants will not, however, be of any effect with regard to actions of the Company or any Restricted Subsidiary properly taken in compliance with the provisions of the Indenture during the continuance of the Suspension Event, and following reinstatement the calculations under the covenant summarized under the section entitled “— Certain Covenants — Limitation on Restricted Payments” will be made as if such covenant had been in effect since the Original Issue Date except that no Default will be deemed to have occurred solely by reason of a Restricted Payment made while that covenant was suspended. There can be no assurance that the Notes will ever achieve a rating of Investment Grade or that any such rating will be maintained.

Provision of Financial Statements and Reports

- (1) So long as any of the Notes remains outstanding, the Company will file with the Trustee and furnish to the Holders upon request:
 - (a) as soon as they are available, but in any event within 130 calendar days after the end of the fiscal year of the Company, copies of its financial statements (on a consolidated basis) in the English language, in respect of such financial year (including a statement of income, balance sheet and cash flow statement) audited by a member firm of an internationally recognized firm of independent accountants;
 - (b) as soon as they are available, but in any event within 130 calendar days after the end of the second financial quarter of the Company, copies of its statement of income, balance sheet and cash flow statement (on a consolidated basis) in the English language, in respect of such half-year period reviewed by a member firm of an internationally recognized firm of independent accountants; and
 - (c) as soon as they are available, but in any event within 130 calendar days after the end of the fiscal year of the Parent, copies of its financial statements (on a consolidated basis) in the English language, in respect of such financial year (including a statement of income, balance sheet and cash flow statement) audited by a member firm of an internationally recognized firm of independent accountants;

provided that, if the A-Share Listco, the Parent, the Issuer and the Trustee enter into a keepwell and equity interest purchase undertaking in favor of the Trustee on behalf of the Holders and substantially similar to the Keepwell and EIPU, the Company may comply with sub-clauses (a) and (b) above by providing such information in respect of the A-Share Listco in lieu of the Company; *provided further* that the Trustee may enter into such new keepwell and equity interest purchase undertaking at the request of the Company and shall not require the consent of the Holders to do so.

- (3) In addition, so long as any of the Notes remains outstanding, the Company will provide to the Trustee (a) within 120 days after the close of each fiscal year ending after the Original Issue Date, an Officers' Certificate stating the Fixed Charge Coverage Ratio with respect to such fiscal year and showing in reasonable detail the calculation of the Fixed Charge Coverage Ratio, including the arithmetic computations of each component of the Fixed Charge Coverage Ratio, with a certificate from the Company's external auditors verifying the accuracy of the calculation and arithmetic computation; *provided* that the Company shall not be required to provide such auditor certification if its external auditors refuse to provide such certification as a result of a firm policy of such external auditors not to provide such certification for any issuer; and (b) as soon as possible and in any event within 30 days after the Company becomes aware or should reasonably become aware of the occurrence of a Default, an Officers' Certificate setting forth the details of the Default, and the action which the Company proposes to take with respect thereto.

Limitation on the Company's Business Activities

The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly, engage in any business other than Permitted Businesses; *provided* that the Company or any Restricted Subsidiary may own Capital Stock of an Unrestricted Subsidiary or joint venture or other entity that is engaged in a business other than Permitted Businesses as long as any Investment therein was not prohibited under the "— Limitation on Restricted Payments" covenant and, with respect to the Issuer, under the "— Limitation on the Issuer's Business Activities."

Limitation on the Issuer's Business Activities

The Issuer will not engage in any business activity or undertake any other activity, except any activity relating to: (a) the offering, sale or issuance of the Notes (including any Additional Notes) and the Incurrence of Indebtedness represented by the Notes (including any Additional Notes), subject to compliance with the Indenture; (b) the offering, sale or issuance of other Indebtedness permitted by the Indenture and the Incurrence of Indebtedness represented by such Indebtedness and the granting of any Lien in connection therewith, subject to compliance with the Indenture; (c) the fulfillment of any obligations under the Indenture, any Indebtedness referred to in clause (a) or (b) above or any other any document relating to the Indebtedness referred to in clause (a) or (b) above or for the purposes of any consent solicitation, tender offer or exchange offer for such Indebtedness or the listing, redemption, refinancing or discharge of such Indebtedness; (d) the ownership of cash and cash equivalents; (f) Hedging Obligations for itself; (g) the maintenance of its corporate existence; (h) the establishment and/or maintenance of any employment agreements, incentive plans or other benefit plans for its employees; and (i) the offering, sale or issuance of its Capital Stock to the Parent or the Company.

The Issuer will not (a) issue any Capital Stock other than the issuance of its ordinary shares to the Parent or the Company or (b) acquire or receive any property or assets (including, without limitation, any Capital Stock or Indebtedness of any Person), other than (y) any future intercompany Indebtedness owed by the Parent, the Company or any Restricted Subsidiary to the Issuer in respect of the borrowing of the gross proceeds of the issuance of Indebtedness by the Issuer or payments in respect thereof or (z) cash for ongoing corporate activities of the Issuer described in the preceding paragraph.

Events of Default

The following events will be defined as “**Events of Default**” in the Indenture:

- (1) default in the payment of principal of (or premium, if any, on) the Notes when the same becomes due and payable at maturity, upon acceleration, redemption or otherwise;
- (2) default in the payment of interest on any Note when the same becomes due and payable, and such default continues for a period of 30 consecutive days;
- (3) default in the performance or breach of the provisions of the covenant entitled “— Consolidation, Merger and Sale of Assets” or the failure by the Issuer or the Parent to make or consummate an Offer to Purchase in the manner described under the section entitled “— Repurchase of Notes upon a Change of Control Triggering Event” or “— Certain Covenants — Limitation on Asset Sales;”
- (4) the Company or any Restricted Subsidiary defaults in the performance of or breaches any other covenant or agreement in the Indenture, the Parent Guarantee, the Subsidiary Guarantees, the Keepwell and EIPU or under the Notes (other than a default specified in clause (1) or (2) above) and such default or breach continues for a period of 30 consecutive days after written notice by the Trustee or the Holders of 25% or more in aggregate principal amount of the Notes;
- (5) there occurs with respect to any Indebtedness of the Company or any Restricted Subsidiary having an outstanding principal amount of US\$20.0 million (or the Dollar Equivalent thereof) or more in the aggregate for all such Indebtedness of all such Persons, whether such Indebtedness now exists or shall hereafter be created, (a) an event of default that has caused the holder thereof to declare such Indebtedness to be due and payable prior to its Stated Maturity and/or (b) a failure to make a principal payment when due;

- (6) one or more final judgments or orders for the payment of money are rendered against the Company or any Restricted Subsidiary and are not paid or discharged, and there is a period of 60 consecutive days following entry of the final judgment or order that causes the aggregate amount for all such final judgments or orders outstanding and not paid or discharged against all such Persons to exceed US\$20.0 million (in excess of amounts which the Company's insurance carriers have agreed to pay under applicable policies) during which a stay of enforcement, by reason of a pending appeal or otherwise, is not in effect;
- (7) an involuntary case or other proceeding is commenced against the Company or any Significant Subsidiary with respect to it or its debts under any applicable bankruptcy, insolvency or other similar law now or hereafter in effect seeking the appointment of a receiver, liquidator, assignee, custodian, trustee, sequestrator or similar official of the Company or any Significant Subsidiary or for any substantial part of the property and assets of the Company or any Significant Subsidiary and such involuntary case or other proceeding remains undismissed and unstayed for a period of 60 consecutive days; or an order for relief is entered against the Company or any Significant Subsidiary under any applicable bankruptcy, insolvency or other similar law as now or hereafter in effect;
- (8) the Company or any Significant Subsidiary (a) commences a voluntary case under any applicable bankruptcy, insolvency or other similar law now or hereafter in effect, or consents to the entry of an order for relief in an involuntary case under any such law, (b) consents to the appointment of or taking possession by a receiver, liquidator, assignee, custodian, trustee, sequestrator or similar official of the Company or any Significant Subsidiary or for all or substantially all of the property and assets of the Company or any Significant Subsidiary or (c) effects any general assignment for the benefit of creditors (other than, in each case under (b), any of the foregoing that arises from any solvent liquidation or restructuring of a Significant Subsidiary in the ordinary course of business that shall result in the net assets of such Significant Subsidiary being transferred to or otherwise vested in the Company or any Restricted Subsidiary on a pro rata basis or on a basis more favorable to the Company); and
- (9) the Company, the Parent, any Subsidiary Guarantor or any JV Subsidiary Guarantor denies or disaffirms its obligations under the Keepwell and EIPU, the Parent Guarantee, the relevant Subsidiary Guarantee or the relevant JV Subsidiary Guarantee (as the case may be) or, except as permitted by the Indenture, the Keepwell and EIPU, the Parent Guarantee, any Subsidiary Guarantee or any JV Subsidiary Guarantee is determined to be unenforceable or invalid or shall for any reason cease to be in full force and effect.

If an Event of Default (other than an Event of Default specified in clause (7) or (8) above) occurs and is continuing under the Indenture, the Trustee or the Holders of at least 25% in aggregate principal amount of the Notes then outstanding, by written notice to the Issuer (and to the Trustee if such notice is given by the Holders), may, and the Trustee at the written request of such Holders shall (subject to being indemnified and/or secured to its satisfaction), declare the principal of, premium, if any, and accrued and unpaid interest on the Notes to be immediately due and payable. Upon a declaration of acceleration, such principal of, premium, if any, and accrued and unpaid interest shall be immediately due and payable. If an Event of Default specified in clause (7) or (8) above occurs with respect to the Company or any Significant Subsidiary, the principal of, premium, if any, and accrued and unpaid interest on the Notes then outstanding shall automatically become and be immediately due and payable without any declaration or other act on the part of the Trustee or any Holder.

The Holders of at least a majority in principal amount of the outstanding Notes by written notice to the Issuer and to the Trustee may on behalf of the Holders of the Notes waive all past defaults and rescind and annul a declaration of acceleration and its consequences if:

- (1) all existing Events of Default, other than the nonpayment of the principal of, premium, if any, and interest on the Notes that have become due solely by such declaration of acceleration, have been cured or waived, and
- (2) the rescission would not conflict with any judgment or decree of a court of competent jurisdiction.

Upon such waiver, the Default will cease to exist, and any Event of Default arising therefrom will be deemed to have been cured, but no such waiver will extend to any subsequent or other Default or impair any right consequent thereon.

The Holders of at least a majority in aggregate principal amount of the outstanding Notes may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee. However, the Trustee may refuse to follow any direction that conflicts with law or the Indenture, that may involve the Trustee in personal liability, or that the Trustee determines in good faith may be unduly prejudicial to the rights of Holders not joining in the giving of such direction and may take any other action it deems proper that is not inconsistent with any such written direction received from Holders. A Holder may not institute any proceeding, judicial or otherwise, with respect to the Indenture or the Notes, or for the appointment of a receiver or trustee, or for any other remedy under the Indenture or the Notes, unless:

- (1) the Holder has previously given the Trustee written notice of a continuing Event of Default;
- (2) the Holders of at least 25% in aggregate principal amount of outstanding Notes make a written request to the Trustee to pursue the remedy;
- (3) such Holder or Holders offer the Trustee indemnity and/or security satisfactory to the Trustee against any costs, liability or expense to be incurred in compliance with such written request;
- (4) the Trustee does not comply with the request within 60 days after receipt of the written request and the offer of indemnity and/or security; and
- (5) during such 60-day period, the Holders of a majority in aggregate principal amount of the outstanding Notes do not give the Trustee a written direction that is inconsistent with the request.

However, such limitations do not apply to the right of any Holder of a Note to receive payment of the principal of, premium, if any, or interest on, such Note, or to bring suit for the enforcement of any such payment, on or after the due date expressed in such Note, which right shall not be impaired or affected without the consent of the Holder.

Two officers of the Company must certify to the Trustee in writing, on or before a date not more than 120 days after the end of each fiscal year ending after the Original Issue Date, that a review has been conducted of the activities of the Company and the Restricted Subsidiaries and the Company's, the Parent's, the Issuer's and the Subsidiary Guarantors' performance under the Indenture, the Keepwell and EIPU and that the Company, the Parent, the Issuer and the Subsidiary Guarantors have fulfilled all obligations thereunder, or, if there has been a default in the fulfillment of any such obligation, specifying each such default and the nature and status thereof. The Company will also be obligated to notify the Trustee in writing of any default or defaults in the performance of any covenants or agreements under the Indenture. See the section entitled "— Certain Covenants — Provision of Financial Statements and Reports."

Consolidation, Merger and Sale of Assets

The Company will not consolidate with, merge with or into another Person, permit any Person to merge with or into it, or sell, convey, transfer, lease or otherwise dispose of all or substantially all of its Subsidiaries' (that are Restricted Subsidiaries) properties and assets (computed on a consolidated basis) (as an entirety or substantially an entirety in one transaction or a series of related transactions), unless:

- (1) the Company shall be the continuing Person;
- (2) immediately after giving effect to such transaction, no Default shall have occurred and be continuing;
- (3) immediately after giving effect to such transaction on a pro forma basis, the Company shall have a Consolidated Net Worth equal to or greater than the Consolidated Net Worth of the Company immediately prior to such transaction;
- (4) immediately after giving effect to such transaction on a pro forma basis the Company could Incur at least US\$1.00 of Indebtedness under the first paragraph of the covenant entitled "— Certain Covenants — Limitation on Indebtedness and Preferred Stock;"
- (5) the Company delivers to the Trustee (x) an Officers' Certificate (attaching the arithmetic computations to demonstrate compliance with clauses (3) and (4)) and (y) an Opinion of Counsel, in each case stating that such consolidation, merger or transfer and the relevant supplemental indenture complies with this provision and that all conditions precedent provided for in the Indenture relating to such transaction have been complied with; and
- (6) no Rating Decline shall have occurred.

Neither the Parent nor the Issuer will consolidate with, merge with or into another Person, permit any Person to merge with or into it, or sell, convey, transfer, lease or otherwise dispose of all or substantially all of its Subsidiaries' (that are Restricted Subsidiaries) properties and assets (computed on a consolidated basis) (as an entirety or substantially an entirety in one transaction or a series of related transactions), unless:

- (1) the Parent or the Issuer, as applicable, shall be the continuing Person;
- (2) immediately after giving effect to such transaction, no Default shall have occurred and be continuing;
- (3) immediately after giving effect to such transaction on a pro forma basis, the Company shall have a Consolidated Net Worth equal to or greater than the Consolidated Net Worth of the Company immediately prior to such transaction;
- (4) immediately after giving effect to such transaction on a pro forma basis the Company could Incur at least US\$1.00 of Indebtedness under the first paragraph of the covenant entitled "— Certain Covenants — Limitation on Indebtedness and Preferred Stock;"
- (5) the Company delivers to the Trustee (x) an Officers' Certificate (attaching the arithmetic computations to demonstrate compliance with clauses (3) and (4)) and (y) an Opinion of Counsel, in each case stating that such consolidation, merger or transfer complies with this provision and that all conditions precedent provided for in the Indenture relating to such transaction have been complied with; and
- (6) no Rating Decline shall have occurred.

No Subsidiary Guarantor or JV Subsidiary Guarantor will consolidate with, merge with or into another Person, permit any Person to merge with or into it, or sell, convey, transfer, lease or otherwise dispose of all or substantially all of its and its Subsidiaries' (that are Restricted Subsidiaries) properties and assets (computed on a consolidated basis) (as an entirety or substantially an entirety in one transaction or a series of related transactions) to another Person (other than the Parent, the Issuer or another Subsidiary Guarantor or, in the case of a JV Subsidiary Guarantor, other than to another JV Subsidiary Guarantor, the Parent, the Issuer or a Subsidiary Guarantor), unless:

- (1) such Subsidiary Guarantor or JV Subsidiary Guarantor shall be the continuing Person, or the Person (if other than it) formed by such consolidation or merger, or with or into which the Subsidiary Guarantor consolidated or merged, or that acquired or leased such property and assets shall be the Parent, the Issuer, another Subsidiary Guarantor or shall become a Subsidiary Guarantor concurrently with the transaction (or, in the case of a JV Subsidiary Guarantor, another JV Subsidiary Guarantor, the Parent, the Issuer or a Subsidiary Guarantor);
- (2) immediately after giving effect to such transaction, no Default shall have occurred and be continuing;
- (3) immediately after giving effect to such transaction on a pro forma basis, the Company shall have a Consolidated Net Worth equal to or greater than the Consolidated Net Worth of the Company immediately prior to such transaction;
- (4) immediately after giving effect to such transaction on a pro forma basis, the Company could Incur at least US\$1.00 of Indebtedness under the first paragraph of the covenant entitled "— Certain Covenants — Limitation on Indebtedness and Preferred Stock;"
- (5) the Company delivers to the Trustee (x) an Officers' Certificate (attaching the arithmetic computations to demonstrate compliance with clauses (3) and (4)) and (y) an Opinion of Counsel, in each case stating that such consolidation, merger or transfer and the relevant supplemental indenture complies with this provision and that all conditions precedent provided for in the Indenture relating to such transaction have been complied with; and
- (6) no Rating Decline shall have occurred;

provided that this paragraph shall not apply to any sale or other disposition that complies with the "— Certain Covenants — Limitation on Asset Sales" covenant or any Subsidiary Guarantor or JV Subsidiary Guarantor whose Subsidiary Guarantee or JV Subsidiary Guarantee, as the case may be, is unconditionally released in accordance with the provisions described under the section entitled "— The Parent Guarantee, the Subsidiary Guarantees and the JV Subsidiary Guarantees — Release of the Subsidiary Guarantees and JV Subsidiary Guarantees."

The foregoing requirements shall not apply to a consolidation or merger of any Subsidiary Guarantor or JV Subsidiary Guarantor with and into the Parent, the Issuer or any other Subsidiary Guarantor or JV Subsidiary Guarantor, so long as the Parent, the Issuer or such Subsidiary Guarantor or JV Subsidiary Guarantor survives such consolidation or merger.

Notwithstanding the foregoing, (i) the Company, the Parent, the Issuer and each Subsidiary Guarantor or JV Subsidiary Guarantor shall be permitted to sell, convey, transfer, lease or otherwise dispose of all or substantially all of its and Subsidiaries' (that are Restricted Subsidiaries) properties and assets (computed on a consolidated basis) (as an entirety or substantially an entirety in one transaction or a series of related transactions) to any Restricted Subsidiary or any Person that will, upon the consummation of such sale, conveyance, transfer, lease or disposal, become a Subsidiary Guarantor and (ii) for the avoidance of doubt, the provisions in this covenant entitled "Consolidation, Merger and Sale of Assets" shall not apply to transactions pursuant to or contemplated under the A-Share Listing.

Although there is a limited body of case law interpreting the phrase “substantially all,” there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve “all or substantially all” of the property or assets of a Person.

The foregoing provisions would not necessarily afford Holders protection in the event of highly-leveraged or other transactions involving the Company, which may adversely affect Holders.

No Payments for Consents

The Company will not, and shall not permit any of its Subsidiaries to, directly or indirectly, pay or cause to be paid any consideration, whether by way of interest, fee or otherwise, to any Holder for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the Indenture or the Notes unless such consideration is offered to be paid or is paid to all Holders that consent, waive or agree to amend such term or provision within the time period set forth in the solicitation documents relating to such consent, waiver or amendment. Notwithstanding the foregoing, the Company and its Subsidiaries shall be permitted, in any offer or payment of consideration for, or as an inducement to, any consent, waiver or amendment of any of the terms or provisions of the Indenture or the Notes, to exclude Holders in any jurisdiction where (A)(i) the solicitation of such consent, waiver or amendment in the manner deemed appropriate by the Company, (ii) the payment of the consideration therefor or (iii) the conduct or completion of a related offer to purchase or exchange the Notes for cash or other securities in the manner deemed appropriate by the Company would be prohibited or would require the Company or any of its Subsidiaries to (a) file a registration statement, prospectus or similar document or subject the Company or any of its Subsidiaries to ongoing periodic reporting or similar requirements under any securities laws (including, but not limited to, the United States federal securities laws and the laws of the European Union or its member states), or conduct a bondholder identification exercise to establish the availability of an exemption from registration under Rule 802 under the Securities Act, in each case which the Company in its sole discretion determines would be burdensome, (b) qualify as a foreign corporation or other entity or as a dealer in securities in such jurisdiction if it is not otherwise required to so qualify, (c) generally consent to service of process in any such jurisdiction or (d) subject the Company or any of its Subsidiaries to taxation in any such jurisdiction if it is not otherwise so subject; or (B) such solicitation would otherwise not be permitted under applicable law in such jurisdiction.

Defeasance

Defeasance and Discharge

The Indenture will provide that the Issuer will be deemed to have paid and will be discharged from any and all obligations in respect of the Notes on the 183rd day after the deposit referred to below, and the provisions of the Indenture will no longer be in effect with respect to the Notes (except for, among other matters, certain obligations to register the transfer or exchange of the Notes, to replace stolen, lost or mutilated Notes, to maintain paying agencies, to pay Additional Amounts and to hold monies for payment in trust) if, among other things:

- (1) the Issuer (a) has deposited with the Trustee, in trust, money and/or U.S. Government Obligations that through the payment of interest and principal in respect thereof in accordance with their terms will provide money in an amount sufficient to pay the principal of, premium, if any, and accrued interest on the Notes on the Stated Maturity for such payments in accordance with the terms of the Indenture and the Notes and (b) delivers to the Trustee an Opinion of Counsel or a certificate of an internationally recognized firm of independent accountants to the effect that the amount deposited by the Issuer is sufficient to provide payment for the principal of, premium, if any, and accrued interest on, the Notes on the Stated Maturity for such payment in accordance with the terms of the Indenture;

- (2) the Issuer has delivered to the Trustee an Opinion of Counsel of recognized international standing to the effect that the creation of the defeasance trust does not violate the U.S. Investment Company Act of 1940, as amended, and after the passage of 123 days following the deposit, the trust fund will not be subject to the effect of Section 547 of the United States Bankruptcy Code or Section 15 of the New York Debtor and Creditor Law;
- (3) the Company shall have delivered to the Trustee an Officers' Certificate stating that the deposit was not made by it or the Issuer with the intent of preferring the Holders over any other of its creditors or with the intent of defeating, hindering, delaying or defrauding any other of its creditors or others; and
- (4) immediately after giving effect to such deposit on a pro forma basis, no Event of Default, or event that after the giving of notice or lapse of time or both would become an Event of Default, shall have occurred and be continuing on the date of such deposit or during the period ending on the 183rd day after the date of such deposit, and such defeasance shall not result in a breach or violation of, or constitute a default under, any other agreement or instrument to which the Company or any Restricted Subsidiary is a party or by which the Company or any Restricted Subsidiary is bound.

In the case of either discharge or defeasance, the Subsidiary Guarantees and JV Subsidiary Guarantees will terminate.

Defeasance of Certain Covenants

The Indenture will further provide that (i) the provisions of the Indenture will no longer be in effect with respect to clauses (3), (4), (5)(x) and (7) under the first paragraph and clauses (3), (4), (5)(x) and (6) under the second paragraph under the section entitled “— Consolidation, Merger and Sale of Assets” and all the covenants described herein under the section entitled “— Certain Covenants,” other than as described under the sections entitled “— Certain Covenants — Government Approvals and Licenses; Compliance with Law” and “— Certain Covenants-Anti-Layering,” and (ii) clause (3) under “Events of Default” with respect to such clauses (3), (4), (5)(x) and (7) under the first paragraph and such clauses (3), (4), (5)(x) and (6) under the second paragraph under “— Consolidation, Merger and Sale of Assets” and with respect to such other events set forth in clause (i) above, clause (4) under “— Events of Default” with respect to such other covenants set forth in clause (i) above and clauses (5) and (6) under “— Events of Default” shall be deemed not to be Events of Default, upon, among other things, the deposit with the Trustee, in trust, of money, U.S. Government Obligations or a combination thereof that through the payment of interest and principal in respect thereof in accordance with their terms will provide money in an amount sufficient to pay the principal of, premium, if any, and accrued interest on the Notes on the Stated Maturity of such payments in accordance with the terms of the Indenture and the Notes, and the satisfaction of the provisions described in clause (2) of the preceding paragraph.

Defeasance and Certain Other Events of Default

In the event that the Issuer exercises its option to omit compliance with certain covenants and provisions of the Indenture with respect to the Notes as described in the immediately preceding paragraph and the Notes are declared due and payable because of the occurrence of an Event of Default that remains applicable, the amount of money and/or U.S. Government Obligations on deposit with the Trustee will be sufficient to pay amounts due on the Notes at the time of their Stated Maturity but may not be sufficient to pay amounts due on the Notes at the time of the acceleration resulting from such Event of Default. However the Issuer will remain liable for such payments.

Amendments and Waiver

Amendments Without Consent of Holders

The Indenture, the Notes, the Keepwell and EIPU, the Parent Guarantee, the Subsidiary Guarantees or the JV Subsidiary Guarantees (if any) may be amended, without notice to or the consent of any Holder, to:

- (1) cure any ambiguity, defect, omission or inconsistency in the Indenture, the Notes or the Keepwell and EIPU;
- (2) comply with the provisions described under the section entitled “-Consolidation, Merger and Sale of Assets;”
- (3) evidence and provide for the acceptance of appointment by a successor Trustee;
- (4) add any Subsidiary Guarantor or JV Subsidiary Guarantor, or any Subsidiary Guarantee or JV Subsidiary Guarantee or release any Subsidiary Guarantor or JV Subsidiary Guarantor from any Subsidiary Guarantee or JV Subsidiary Guarantee, as the case may be, as provided or permitted by the terms of the Indenture;
- (5) provide for the issuance of Additional Notes in accordance with the limitations set forth in the Indenture;
- (6) release the Keepwell and EIPU as provided or permitted by the terms of the Indenture;
- (7) add the A-Share Listco as a parent that Guarantees the Notes or add the Company as a Guarantor of the Notes as provided or permitted by the terms of the Indenture;
- (8) in any other case where a supplemental indenture to the Indenture is required or permitted to be entered into pursuant to the provisions of the Indenture without the consent of any Holder;
- (9) effect any changes to the Indenture in a manner necessary to comply with the procedures of the relevant clearing system;
- (10) add any collateral to secure the Notes, the Parent Guarantee and/or any Subsidiary Guarantee(s);
- (11) to conform the text of the Indenture, the Notes, the Parent Guarantee or the Subsidiary Guarantees to any provision of this “Description of 2022 Notes” to the extent that such provision in this “Description of 2022 Notes” was intended to be a verbatim recitation of a provision of the Indenture, the Notes, the Parent Guarantee or the Subsidiary Guarantees; or
- (12) make any other change that does not materially and adversely affect the rights of any Holder.

Amendments With Consent of Holders

Amendments of the Indenture, the Notes, the Keepwell and EIPU, the Parent Guarantee, the Subsidiary Guarantees or the JV Subsidiary Guarantees (if any) may be made by the Company, the Parent, the Issuer, the Subsidiary Guarantors, the JV Subsidiary Guarantors and the Trustee with the consent of the Holders of not less than a majority in aggregate principal amount of the outstanding Notes, and the holders of a majority in aggregate principal amount of the outstanding Notes may waive future compliance by the Company, the Parent, the Issuer, the Subsidiary Guarantors and the JV

Subsidiary Guarantors with any provision of the Indenture, the Notes, the Keepwell and EIPU, the Parent Guarantee, the Subsidiary Guarantees or the JV Subsidiary Guarantees; *provided*, however, that no such modification, amendment or waiver may, without the consent of each Holder affected thereby:

- (1) change the Stated Maturity of the principal of, or any installment of interest on, any Note;
- (2) reduce the principal amount of, or premium, if any, or interest on, any Note;
- (3) change the currency of payment of principal of, or premium, if any, or interest on, any Note;
- (4) impair the right to institute suit for the enforcement of any payment on or after the Stated Maturity (or, in the case of a redemption, on or after the redemption date) of any Note;
- (5) reduce the above-stated percentage of outstanding Notes the consent of whose Holders is necessary to modify or amend the Indenture;
- (6) waive a default in the payment of principal of, premium, if any, or interest on any Note;
- (7) release the Company, Parent, any Subsidiary Guarantor or JV Subsidiary Guarantor from the Keepwell and EIPU, the Parent Guarantee, its Subsidiary Guarantee or JV Subsidiary Guarantee, as the case may be, except as provided in the Indenture;
- (8) *[Reserved]*;
- (9) reduce the percentage or aggregate principal amount of outstanding Notes the consent of whose Holders is necessary for waiver of compliance with certain provisions of the Indenture or for waiver of certain defaults;
- (10) amend, change or modify the Keepwell and EIPU, the Parent Guarantee, any Subsidiary Guarantee or JV Subsidiary Guarantee in a manner that adversely affects Holders;
- (11) *[Reserved]*;
- (12) reduce the amount payable upon a Change of Control Offer or an Offer to Purchase with the Excess Proceeds from any Asset Sale or, change the time or manner by which a Change of Control Offer or an Offer to Purchase with the Excess Proceeds or other proceeds from any Asset Sale may be made or by which any Note must be repurchased pursuant to a Change of Control Offer or an Offer to Purchase with the Excess Proceeds or other proceeds from any Asset Sale;
- (13) change the redemption date or the redemption price of any Note from that stated under the sections entitled “— Optional Redemption” or “— Redemption for Taxation Reasons;”
- (14) amend, change or modify the obligation of the Parent, the Issuer, any Subsidiary Guarantor or any JV Subsidiary Guarantor to pay Additional Amounts; or
- (15) amend, change or modify any provision of the Indenture or the related definition affecting the ranking of any Note, the Parent Guarantee, any Subsidiary Guarantee or any JV Subsidiary Guarantee in a manner which adversely affects Holders.

Unclaimed Money

Claims against the Issuer for the payment of principal of, premium, if any, or interest, on the Notes will become void unless presentation for payment is made as required in the Indenture within a period of six years.

No Personal Liability of Incorporators, Stockholders, Officers, Directors or Employees

No recourse for the payment of the principal of, premium, if any, or interest on any of the Notes or for any claim based thereon or otherwise in respect thereof, and no recourse under or upon any obligation, covenant or agreement of the Company, the Parent, the Issuer or any of the Subsidiary Guarantors or any of the JV Subsidiary Guarantors in the Indenture, or in any of the Notes, the Parent Guarantee, the Subsidiary Guarantees or JV Subsidiary Guarantees or because of the creation of any Indebtedness represented thereby, shall be had against any incorporator, stockholder, officer, director, employee or controlling person of the Company, the Parent, the Issuer, any of the Subsidiary Guarantors or any of the JV Subsidiary Guarantors or of any successor Person thereof. Each Holder, by accepting the Notes, waives and releases all such liability. The waiver and release are part of the consideration for the issuance of the Notes, the Parent Guarantee, the Subsidiary Guarantees and the JV Subsidiary Guarantees. Such waiver may not be effective to waive liabilities under the federal securities laws.

Concerning the Trustee, the Paying Agent, the Transfer Agent and Registrar

Citicorp International Limited has been appointed as trustee under the Indenture and Citibank, N.A., London Branch has been appointed as paying agent, transfer agent and registrar (the “**Paying Agent**,” the “**Transfer Agent**” and the “**Registrar**”; collectively, the “**Agents**”) with regard to the Notes. Except during the continuance of a Default, the Trustee will not be liable, except for the performance of such duties as are specifically set forth in the Indenture and no others, and no implied covenants or obligations shall be read into the Indenture against the Trustee. If an Event of Default has occurred and is continuing, the Trustee will use the same degree of care, as applicable, and skill in its exercise of the rights and powers vested in them under the Indenture as a prudent person would exercise under the circumstances in the conduct of such person’s own affairs.

The Indenture contains limitations on the rights of the Trustee, should it become a creditor of the Issuer, the Parent, or any of the Subsidiary Guarantors, to obtain payment of claims in certain cases or to realize on certain property received by it in respect of any such claims, as security or otherwise. The Trustee is permitted to engage in other transactions with the Company and its Affiliates; *provided*, however, that if it acquires any conflicting interest, it must eliminate such conflict or resign.

The Trustee will be under no obligation to exercise any rights or powers conferred under the Indenture for the benefit of the Holders unless such Holders have offered to the Trustee indemnity and/or security satisfactory to it against any loss, liability, cost or expense.

Each Holder shall be solely responsible for making its own independent appraisal of and investigation into the financial condition, creditworthiness, condition, affairs, status and nature of the Issuer, the Company, the Parent Guarantor, the Subsidiary Guarantor and JV Subsidiary Guarantor, if any, and the Trustee shall not at any time have any responsibility for the same and no Holder shall rely on the Trustee in respect thereof.

Book-Entry; Delivery and Form

The Notes will be represented by a global note in registered form without interest coupons attached (the “**Global Note**”). On the Original Issue Date, the Global Note will be deposited with a common depositary and registered in the name of the common depositary or its nominee for the accounts of Euroclear and Clearstream.

Global Note

Ownership of beneficial interests in the Global Note (the “**book-entry interests**”) will be limited to persons that have accounts with Euroclear and/or Clearstream or persons that may hold interests through such participants. Book-entry interests will be shown on, and transfers thereof will be effected only through, records maintained in book-entry form by Euroclear and Clearstream and their participants.

Except as set forth below under “— Individual Definitive Notes,” the book-entry interests will not be held in definitive form. Instead, Euroclear and/or Clearstream will credit on their respective book-entry registration and transfer systems a participant’s account with the interest beneficially owned by such participant. The laws of some jurisdictions may require that certain purchasers of securities take physical delivery of such securities in definitive form. The foregoing limitations may impair the ability to own, transfer or pledge book-entry interests.

So long as the Notes are held in global form, the common depositary for Euroclear and/or Clearstream (or its nominee) will be considered the sole holder of the Global Note for all purposes under the Indenture and “holders” of book-entry interests will not be considered the owners or Holders of Notes for any purpose. As such, participants must rely on the procedures of Euroclear and Clearstream and indirect participants must rely on the procedures of the participants through which they own book-entry interests in order to transfer their interests in the Notes or to exercise any rights of Holders under the Indenture.

None of the Issuer, the Trustee, the Agents or any of their respective agents will have any responsibility or be liable for any aspect of the records relating to the book-entry interests. The Notes are not issuable in bearer form.

Payments on the Global Note

Payments of any amounts owing in respect of the Global Note (including principal (if any), premium, interest and additional amounts) will be made to the Paying Agent in U.S. dollars. The Paying Agent will, in turn, make such payments to the common depositary for Euroclear and Clearstream, which will distribute such payments to participants in accordance with their procedures. Each of the Parent, the Issuer, the Subsidiary Guarantors and the JV Subsidiary Guarantors will make payments of all such amounts without deduction or withholding for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature, except as may be required by law, in which case the Parent, the Issuer, the relevant Subsidiary Guarantor or the relevant JV Subsidiary Guarantor shall pay Additional Amounts to the extent required under “— Additional Amounts.”

Under the terms of the Indenture, the Parent, the Issuer, any Subsidiary Guarantor, any JV Subsidiary Guarantor and the Trustee and the Agents will treat the registered holder of the Global Note (i.e., the common depositary or its nominee) as the owner thereof for the purpose of receiving payments and for all other purposes. Consequently, none of the Parent, the Issuer, the Subsidiary Guarantors, the JV Subsidiary Guarantors, the Trustee, the Agents or any of their respective agents has or will have any responsibility or liability for:

- any aspect of the records of Euroclear, Clearstream or any participant or indirect participant relating to or payments made on account of a book-entry interest, for any such payments made by Euroclear, Clearstream or any participant or indirect participants, or for maintaining, supervising or reviewing any of the records of Euroclear, Clearstream or any participant or indirect participant relating to or payments made on account of a book-entry interest; or
- Euroclear, Clearstream or any participant or indirect participant.

Payments by participants to owners of book-entry interests held through participants are the responsibility of such participants.

Redemption of Global Note

In the event the Global Note, or any portion thereof, is redeemed, the common depositary will distribute the U.S. dollar amount received by it in respect of the Global Note so redeemed to Euroclear and/or Clearstream, as applicable, who will distribute such amount to the holders of the book-entry interests in such Global Note. The redemption price payable in connection with the redemption of such book-entry interests will be equal to the U.S. dollar amount received by the common depositary, Euroclear or Clearstream, as applicable, in connection with the redemption of such Global Note (or any portion thereof). The Issuer understands that under existing practices of Euroclear and Clearstream, if fewer than all of the Notes are to be redeemed at any time, Euroclear and Clearstream will credit their respective participants' accounts on a proportionate basis (with adjustments to prevent fractions) or by lot or on such other basis as they deem fair and appropriate; *provided*, however, that no book-entry interest of US\$200,000 principal amount, or less, as the case may be, will be redeemed in part.

Action by Owners of Book-Entry Interests

Euroclear and Clearstream have advised that they will take any action permitted to be taken by a Holder of Notes only at the direction of one or more participants to whose account the book-entry interests in the Global Note are credited and only in respect of such portion of the aggregate principal amount of Notes as to which such participant or participants has or have given such direction. Euroclear and Clearstream will not exercise any discretion in the granting of consents, waivers or the taking of any other action in respect of the Global Note.

Transfers

Transfers between participants in Euroclear and Clearstream will be effected in accordance with Euroclear and Clearstream's rules and will be settled in immediately available funds. If a Holder requires physical delivery of individual definitive notes for any reason, including to sell the Notes to persons in jurisdictions which require physical delivery of such securities or to pledge such securities, such Holder must transfer its interest in the Global Note in accordance with the normal procedures of Euroclear and Clearstream and in accordance with the provisions of the Indenture.

Book-entry interests in the Global Note will be subject to the restrictions on transfer discussed under "Transfer Restrictions."

Any book-entry interest in a Global Note that is transferred to a person who takes delivery in the form of a book-entry interest in another Global Note will, upon transfer, cease to be a book-entry interest in the first-mentioned Global Note and become a book-entry interest in the other Global Note and, accordingly, will thereafter be subject to all transfer restrictions, if any, and other procedures applicable to book-entry interests in such other Global Note for as long as it retains such a book-entry interest.

Global Clearance and Settlement Under the Book-Entry System

Book-entry interests owned through Euroclear or Clearstream accounts will follow the settlement procedures applicable. Book-entry interests will be credited to the securities custody accounts of Euroclear and Clearstream holders on the business day following the settlement date against payment for value on the settlement date.

The book-entry interests will trade through participants of Euroclear or Clearstream, and will settle in same-day funds. Since the purchaser determines the place of delivery, it is important to establish at the time of trading of any book-entry interests where both the purchaser's and seller's accounts are located to ensure that settlement can be made on the desired value date.

Information Concerning Euroclear and Clearstream

We understand as follows with respect to Euroclear and Clearstream:

Euroclear and Clearstream hold securities for participating organizations and facilitate the clearance and settlement of securities transactions between their respective participants through electronic book-entry changes in accounts of such participants. Euroclear and Clearstream provide to their participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream interface with domestic securities markets. Euroclear and Clearstream participants are financial institutions, such as underwriters, securities brokers and dealers, banks and trust companies, and certain other organizations. Indirect access to Euroclear or Clearstream is also available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodian relationship with a Euroclear or Clearstream participant, either directly or indirectly.

Although the foregoing sets out the procedures of Euroclear and Clearstream in order to facilitate the original issue and subsequent transfers of interests in the Notes among participants of Euroclear and Clearstream, neither Euroclear nor Clearstream is under any obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time.

None of the Issuer, the Parent, the Subsidiary Guarantors, the JV Subsidiary Guarantors, the Trustee, the Agents or any of their respective agents will have responsibility for the performance of Euroclear or Clearstream or their respective participants of their respective obligations under the rules and procedures governing their operations, including, without limitation, rules and procedures relating to book-entry interests.

Individual Definitive Notes

If (1) the common depositary or any successor to the common depositary is at any time unwilling or unable to continue as a depositary for the reasons described in the Indenture and a successor depositary is not appointed by the Company within 90 days, (2) either Euroclear or Clearstream, or a successor clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention to permanently cease business or does in fact do so, or (3) any of the Notes has become immediately due and payable in accordance with “— Events of Default” and the Company has received a written request from a Holder, the Company will issue individual definitive notes in registered form in exchange for the Global Note. Upon receipt of such notice from the common depositary or the Trustee, as the case may be, the Parent and the Issuer will use its best efforts to make arrangements with the common depositary for the exchange of interests in the Global Note for individual definitive notes and cause the requested individual definitive notes to be executed and delivered to the Registrar in sufficient quantities and authenticated by the Trustee for delivery to Holders. Persons exchanging interests in the Global Note for individual definitive notes will be required to provide the Registrar, through the relevant clearing system, with written instruction and other information required by the Issuer and the registrar to complete, execute and deliver such individual definitive notes. In all cases, individual definitive notes delivered in exchange for the Global Note or beneficial interests therein will be registered in the names, and issued in any approved denominations, requested by the relevant clearing system.

Individual definitive notes will not be eligible for clearing and settlement through Euroclear or Clearstream.

Notices

All notices or demands required or permitted by the terms of the Notes or the Indenture to be given to or by the Holders are required to be in writing and may be given or served by being sent by prepaid courier or by being deposited, first-class postage prepaid, in the mails of the relevant jurisdiction, if intended for the Parent, the Issuer or any Subsidiary Guarantor, addressed to the Parent, the Issuer or such Subsidiary Guarantor, as the case may be, or if intended for the Trustee, addressed to the Trustee at the corporate trust office of the Trustee and, if intended for any Holder, addressed to such Holder at such Holder's last address as it appears in the Note register (or otherwise delivered to such Holders in accordance with applicable Euroclear or Clearstream procedures).

Any such notice or demand will be deemed to have been sufficiently given or served when so sent or deposited and, if to the Holders, when delivered in accordance with the applicable rules and procedures of the relevant clearing system. Any such notice shall be deemed to have been delivered on the day such notice is delivered to the relevant clearing system or if by mail, when so sent or deposited.

Consent to Jurisdiction; Service of Process

The Company, the Parent, the Issuer and each of the Subsidiary Guarantors will irrevocably (1) submit to the non-exclusive jurisdiction of any U.S. federal or New York state court located in the Borough of Manhattan, The City of New York in connection with any suit, action or proceeding arising out of, or relating to, the Notes, the Keepwell and EIPU, the Parent Guarantee, any Subsidiary Guarantee, any JV Subsidiary Guarantee, the Indenture or any transaction contemplated thereby; and (2) designate and appoint Law Debenture Corporate Services Inc. for receipt of service of process in any such suit, action or proceeding.

Governing Law

Each of the Notes, the Keepwell and EIPU, the Parent Guarantee, the Subsidiary Guarantees, the JV Subsidiary Guarantees and the Indenture provides that such instrument will be governed by, and construed in accordance with, the laws of the State of New York.

Definitions

- (6) a transaction covered by the covenant entitled “— Consolidation, Merger and Sale of Assets;” and
- (7) any sale, transfer or other disposition by the Company or any Restricted Subsidiary, including the sale or issuance by the Company or any Restricted Subsidiary of any Capital Stock of any Restricted Subsidiary, to the Company or any Restricted Subsidiary.

“Associate” has the meaning set forth in the definition of “Permitted Investment.”

“Attributable Indebtedness” means, in respect of a Sale and Leaseback Transaction, the present value, discounted at the interest rate implicit in the Sale and Leaseback Transaction, of the total obligations of the lessee for rental payments during the remaining term of the lease in the Sale and Leaseback Transaction.

“Average Life” means, at any date of determination with respect to any Indebtedness, the quotient obtained by dividing (1) the sum of the products of (a) the number of years from such date of determination to the dates of each successive scheduled principal payment of such Indebtedness and (b) the amount of such principal payment by (2) the sum of all such principal payments.

“Bank Deposit Secured Indebtedness” means Indebtedness of the Company or any Restricted Subsidiary that is (i) secured by a pledge of one or more bank accounts or deposits of the Company or a Restricted Subsidiary or (ii) guaranteed by a guarantee or a letter of credit (or similar instruments) from or arranged by the Company or a Restricted Subsidiary and is used by the Company and the Restricted Subsidiaries to effect exchanges of U.S. dollars or Hong Kong dollars into Renminbi or vice versa, or to remit Renminbi or any foreign currency into or outside the PRC.

“Board of Directors” means the board of directors elected or appointed by the stockholders of the Company to manage the business of the Company or any committee of such board duly authorized to take the action purported to be taken by such committee.

“Board Resolution” means any resolution of the Board of Directors taking an action which it is authorized to take and adopted at a meeting duly called and held at which a quorum of disinterested members (if so required) was present and acting throughout or adopted by written resolution executed by every member of the Board of Directors.

“Business Day” means any day which is not a Saturday, Sunday, legal holiday or other day on which banking institutions in The City of New York, London or Hong Kong (or in any other place in which payments on the Notes are to be made) are authorized by law or governmental regulation to close.

“Capitalized Lease” means, with respect to any Person, any lease of any property (whether real, personal or mixed) which, in conformity with GAAP, is required to be capitalized on the balance sheet of such Person.

“Capitalized Lease Obligations” means the discounted present value of the rental obligations under a Capitalized Lease.

“Capital Stock” means, with respect to any Person, any and all shares, interests, participations or other equivalents (however designated, whether voting or non-voting) in equity of such Person, whether outstanding on the Original Issue Date or issued thereafter, including, without limitation, all Common Stock and Preferred Stock.

“Change of Control” means the occurrence of one or more of the following events:

- (1) the merger, amalgamation or consolidation of Evergrande or the Company with or into another Person or the merger or amalgamation of another Person with or into Evergrande or the Company, or the sale of all or substantially all the assets of Evergrande or the Company to another Person (which, for the avoidance of doubt, shall not include transactions pursuant to or contemplated under the A-Share Listing).
- (2) Permitted Holders are the beneficial owners of less than 40% of the total voting power of the Voting Stock of Evergrande;
- (3) any “person” or “group” (as such terms are used in Sections 13(d) and 14(d) of the Exchange Act) is or becomes the “beneficial owner” (as such term is used in Rule 13d-3 of the Exchange Act), directly or indirectly, of total voting power of the Voting Stock of Evergrande greater than such total voting power held beneficially by the Permitted Holders;
- (4) individuals who on the Original Issue Date constituted the board of directors of Evergrande, together with any new directors whose election by the board of directors of Evergrande was approved by a vote of at least a majority of the directors present at the meeting voting on such election who were either directors or whose election was previously so approved, cease for any reason to constitute a majority of the board of directors of Evergrande then in office;

- (5) the adoption of a plan relating to the liquidation or dissolution of Evergrande or the Company;

- (3) that any Note not tendered will continue to accrue interest pursuant to its terms;
- (4) that, unless the Issuer or the Parent defaults in the payment of the purchase price, any Note accepted for payment pursuant to the Offer to Purchase shall cease to accrue interest on and after the Offer to Purchase Payment Date;
- (5) that Holders electing to have a Note purchased pursuant to the Offer to Purchase will be required to surrender the Note, together with the form entitled “Option of the Holder to Elect Purchase” on the reverse side of the Note completed, to the Paying Agent at the address specified in the notice prior to the close of business on the Business Day immediately preceding the Offer to Purchase Payment Date;
- (6) that Holders will be entitled to withdraw their election if the Paying Agent receives, not later than the close of business on the third Business Day immediately preceding the Offer to Purchase Payment Date, a facsimile transmission or letter setting forth the name of such Holder, the principal amount of Notes delivered for purchase and a statement that such Holder is withdrawing his election to have such Notes purchased; and
- (7) that Holders whose Notes are being purchased only in part will be issued new Notes equal in principal amount to the unpurchased portion of the Notes surrendered; *provided* that each Note purchased and each new Note issued shall be in a principal amount of US\$200,000 or integral multiples of US\$1,000.

On one Business Day prior to the Offer to Purchase Payment Date, the Issuer or the Parent will deposit with the Paying Agent money sufficient to pay the purchase price of all Notes or portions thereof so accepted by the Issuer or the Parent. On the Offer to Purchase Payment Date, the Issuer or the Parent shall (a) accept for payment on a pro rata basis Notes or portions thereof tendered pursuant to an Offer to Purchase; and (b) deliver, or cause to be delivered, to the Trustee all Notes or portions thereof so accepted together with an Officers' Certificate specifying the Notes or portions thereof accepted for payment by the Issuer or the Parent. The Paying Agent shall promptly mail to the Holders of Notes so

accepted payment in an amount equal to the purchase price, and the Trustee or an authenticating agent shall as soon as reasonably practicable authenticate and mail to such Holders a new Note equal in principal amount to any unpurchased portion of the Note surrendered; *provided* that each Note purchased and each new Note issued shall be in a principal amount of US\$200,000 or integral multiples of US\$1,000. The Issuer or the Parent will publicly announce the results of an Offer to Purchase as soon as practicable after the Offer to Purchase Payment Date. The Company will comply with Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable, in the event that the Issuer or the Parent is required to repurchase Notes pursuant to an Offer to Purchase.

To the extent that the provisions of any securities laws or regulations of any jurisdiction conflict with the provisions of the Indenture governing any Offer to Purchase, the Issuer and the Parent will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Indenture by virtue of such compliance. The Issuer and the Parent will not be required to make an Offer to Purchase if a third party makes the Offer to Purchase in compliance with the requirements set forth in the Indenture applicable to an Offer to Purchase made by the Issuer or the Parent and purchases all Notes properly tendered and not withdrawn under the Offer to Purchase.

The offer is required to contain or incorporate by reference information concerning the business of the Company and its Subsidiaries which the Issuer and the Parent in good faith believes will assist such Holders to make an informed decision with respect to the Offer to Purchase, including a brief description of the events requiring the Issuer or the Parent to make the Offer to Purchase, and any other information required by applicable law to be included therein. The offer is required to contain all instructions and materials necessary to enable such Holders to tender Notes pursuant to the Offer to Purchase.

DESCRIPTION OF 2023 NOTES

For purposes of this “Description of 2023 Notes” the term “**Issuer**” refers only to Scenery Journey Limited (景程有限公司), and any successor obligor on the Notes. Hengda Real Estate Group Co., Ltd. (恒大地產集團有限公司) is referred to as the “**Company**.” Tianji Holding Limited, which guarantees the Notes is referred to as the “**Parent**” and such guarantee is referred to as the “**Parent Guarantee**.” Each subsidiary of the Company (other than the Parent) which guarantees the Notes is referred to as a “**Subsidiary Guarantor**” and each such guarantee is referred to as a “**Subsidiary Guarantee**.” Each subsidiary of the Company that in the future provides a “**JV Subsidiary Guarantee**” (as defined herein) is referred to as a “**JV Subsidiary Guarantor**.”

The Notes are to be issued under an indenture (the “**Indenture**”), to be dated as of the Original Issue Date, among the Company, the Issuer, the Parent and the Subsidiary Guarantors, as guarantors, and Citicorp International Limited, as trustee (the “**Trustee**”).

The following is a summary of certain provisions of the Indenture, the Notes, the Parent Guarantee, the Subsidiary Guarantees and the JV Subsidiary Guarantees (if any). This summary does not purport to be complete and is qualified in its entirety by reference to all of the provisions of the Indenture, the Notes, the Parent Guarantee, the Subsidiary Guarantees and the JV Subsidiary Guarantees (if any). It does not restate those agreements in their entirety. Whenever particular sections or defined terms of the Indenture not otherwise defined herein are referred to, such sections or defined terms are incorporated herein by reference. Copies of the Indenture will be available for inspection upon prior request during usual business hours on any weekday (except public holidays) on or after the Original Issue Date at the corporate trust office of the Trustee at 20/F, Citi Tower, One Bay East, 83 Hoi Bun Road, Kwun Tong, Kowloon.

The Notes:

- are general obligations of the Issuer;
- are senior in right of payment to any existing and future obligations of the Issuer expressly subordinated in right of payment to the Notes;
- are at least *pari passu* in right of payment with all the unsecured, unsubordinated Indebtedness of the Issuer, including the Existing Notes;
- are guaranteed by the Parent, the Subsidiary Guarantors and the JV Subsidiary Guarantors (if any) on a senior basis, subject to the limitations described below under the section entitled “— The Parent Guarantee, the Subsidiary Guarantees and the JV Subsidiary Guarantees” and in the section entitled “Risk Factors — Risks Relating to the Parent Guarantee, Subsidiary Guarantees and the JV Subsidiary Guarantees;”
- will benefit from a keepwell and equity interest purchase undertaking (the “**Keepwell and EIPU**”) to be entered into by the Company, the Parent, the Issuer and the Trustee in favor of the Trustee and the Holders, unless released in accordance with the Indenture;
- are effectively subordinated to the secured obligations of the Parent, the Issuer, the Subsidiary Guarantors and the JV Subsidiary Guarantors (if any), to the extent of the value of the assets serving as security therefor; and
- are effectively subordinated to all existing and future obligations of the Non-Guarantor Subsidiaries.

The Issuer will initially issue US\$2,000,000,000 in aggregate principal amount of the Notes, which will mature on October 24, 2023 unless earlier redeemed pursuant to the terms thereof and the Indenture. The Indenture allows additional Notes to be issued from time to time, subject to certain limitations described under the section entitled “— Further Issues.” Unless the context requires otherwise, references to the “Notes” for all purposes of the Indenture and this “Description of 2023 Notes” include any Additional Notes that are actually issued. The Notes will bear interest at 12.0% per annum from the Original Issue Date or from the most recent interest payment date to which interest has been paid or duly provided for, payable semiannually in arrears on January 24 and July 24 of each year, commencing July 24, 2020 except that the last interest period will be from and including July 24, 2023 to but excluding October 24, 2023 (each an “**Interest Payment Date**”).

Interest on the Notes, when in the form of Global Notes, will be paid to the Holders of record at the close of business when in certificated form, on January 9 or July 9, immediately preceding an Interest Payment Date (each, a “**Record Date**” and provided that the Record Date for any interest payment due on October 24, 2023 shall be October 9, 2023), notwithstanding any transfer, exchange or cancellation thereof after a Record Date and prior to the immediately following Interest Payment Date; *provided* that so long as the Global Note is held on behalf of Euroclear, Clearstream or any other clearing system, each payment in respect of the Global Note will be made to the person shown as the holder of the Notes in the register of Holders at the close of business (of the relevant clearing system) on the Clearing System Business Day before the due date for such payments, where “**Clearing System Business Day**” means a weekday (Monday to Friday, inclusive) except December 25 and January 1. In any case in which the date of the payment of principal of, premium, if any, on, or interest on, the Notes is not a Business Day in the relevant place of payment or in the place of business of the Paying Agent then payment of such principal, premium or interest need not be made on such date but may be made on the next succeeding Business Day. Any payment made on such Business Day shall have the same force and effect as if made on the date on which such payment is due, and no interest on the Notes shall accrue for the period after such due date. Interest on the Notes will be calculated on the basis of a 360-day year comprised of twelve 30-day months.

The Notes will be issued only in fully registered form, without coupons, in denominations of US\$200,000 and integral multiples of US\$1,000 in excess thereof. No service charge will be made for any registration of transfer or exchange of the Notes, but the Issuer may require payment of a sum sufficient to cover any transfer tax or other similar governmental charge payable in connection therewith.

All payments on the Notes will be made by wire transfer in U.S. dollars by the Issuer and the Issuer will maintain an office or agency (which initially will be the office of the Paying Agent currently located at Citibank, N.A., London Branch, c/o Citibank, N.A., Dublin Branch, One North Wall Quay, Dublin 1, Ireland) where the Notes may be surrendered for registration of transfer or exchange or for presentation for payment or repurchase. Notwithstanding the immediately preceding sentence, if the Notes are in certificated form and the Issuer acts as its own paying agent, payment of interest may instead be made by check mailed (at the expense of the Issuer) to the address of the Holders as such address appears in the Note register. Interest payable on the Notes held through Euroclear or Clearstream will be available to Euroclear or Clearstream participants (as defined herein) on the Business Day following payment thereof.

The Parent Guarantee, the Subsidiary Guarantees and the JV Subsidiary Guarantees

The Parent Guarantee:

- is a general obligation of the Parent;
- is effectively subordinated to the secured obligations of the Parent, to the extent of the value of the assets serving as security therefor;

- is senior in right of payment to all future obligations of the Parent expressly subordinated in right of payment to such Parent Guarantee; and
- ranks at least *pari passu* with all unsecured, unsubordinated Indebtedness of the Parent, including the parent guarantee provided for the Existing Notes.

The initial Subsidiary Guarantors that will execute the Indenture on the Original Issue Date will consist of Ever Grace Group Limited (恒善集團有限公司), Ample Treasure Group Limited (寶豐集團有限公司), Luckyup Group Limited (昇祺集團有限公司), Instant Choice Development Ltd., Ample Treasure Holding Limited (寶豐集團控股有限公司), Will Glory Holdings Limited (好耀控股有限公司), Forbidden City Culture Co., Limited (紫禁城弘華文化有限公司), Ever Sure Industries Limited (永瑞實業有限公司), Shui Wah Investment Limited (穗華投資有限公司), Shengtong Holding Limited (盛通控股有限公司), Wisdom Gain Group Limited (智盈集團有限公司), Grow Rising Investment Limited (晉廷投資有限公司), Accord Sino Group Limited (協華集團有限公司), Merry Full Investments Limited (怡滿投資有限公司), Million Castle Investments Limited, Benefit East Investments Limited (益東投資有限公司), Champion Glory Holdings Limited (卓康集團有限公司), Champion Globe Limited (特靈有限公司), Champion King Investments Limited (彩僑投資有限公司), Fortune Luck Corporation Limited (順利有限公司), Cheung Fu Department Store Enterprise Limited (象富百貨集團有限公司), China Agriculture Technology Limited (中國農業科技有限公司), Baojun Limited (保駿有限公司), Perfect Vantage Investments Limited (歷冠投資有限公司), Bai Chang Limited (百昌有限公司), Minsin International (Holdings) Limited (明誠國際(集團)有限公司), Billion Sino Investments Limited (億中投資有限公司), Allywing Investments Limited (榮邦投資有限公司), California Place Dalian Limited (加州豪庭大連有限公司), Fortune Star International Investment Limited (福星國際投資有限公司), Xing Hong Holdings Limited (興鴻控股有限公司), Rosy Dynasty Limited (翠御有限公司), Joy Vision Holdings Limited (樂景控股有限公司), Sanli (China) Holdings Limited (三立(中國)控股有限公司), Metro Wisdom Limited (慧都有限公司), Ji Feng Limited (吉豐有限公司), Rise Eagle Worldwide Limited (振騰環球有限公司), Jicheng International (HK) Limited (集成國際(香港)有限公司), Lucky Benefit Limited, Loyal Power Investments Limited (旺權投資有限公司), Rising Sheen Limited (升亮有限公司), City Faith Limited (都信有限公司), South Honest Limited (誠南有限公司), First Key Investments Limited (元基投資有限公司), Hinto Developments Limited, Triumph Hero International Limited (勝雄國際有限公司), Spread Glory Investments Limited (廣亮投資有限公司), New Insight Holdings Limited (創見控股有限公司), Easy Gain Investment Holdings Limited (盈潤投資控股有限公司), Honor Business Investment Limited (榮商投資有限公司), Link Care Limited (環照有限公司), Cheer Motion Development Limited (致能發展有限公司), China Sea Group (Hong Kong) Investment Limited (中海集團(香港)投資有限公司), Crown Wise Investment Limited (冠惠投資有限公司), Dragon Joy (China) Limited (龍悅(中國)有限公司), Dragon Pioneer Development Limited (龍添發展有限公司), Excel Sky (Hong Kong) Limited (俊天(香港)有限公司), Fortune Ascent Property Management Limited (升裕物業管理有限公司) (formerly known as Fortune Ascent Limited (升裕有限公司)), Future Lead Enterprises Limited (天領企業有限公司), Glory Sign Development Limited (皇誌發展有限公司), Gold Ascot Limited (金士福有限公司), Grace Target Holdings Limited (喜志集團有限公司), Honour In Investments Limited (誠然投資有限公司), Jiakang Holdings Limited (嘉康控股有限公司), Jiazhi Holdings Limited (嘉智控股有限公司), Joy Wealthy Investment Limited (悅才投資有限公司), Lucky Universe Holding Limited (瑞宇集團有限公司), Pacific Plus Enterprises Limited (匯太企業有限公司), Palm Island Resort Limited (棕櫚島渡假村有限公司), Prime Light Holdings Limited (柏天集團有限公司), Prime Sun Holding Limited (盛日控股有限公司), Prosper Power Development Limited (能昌發展有限公司), Sharp Goal Investments Limited (銳怡投資有限公司), Starlet Development Limited (星能發展有限公司), Sunny Net Development Limited (日訊發展有限公司), Thousand Grand Holding Limited (千宏控股有限公司), TrendRichInvestment Limited (毅富投資有限公司), Chang Xing Holdings Limited (昌興控股有限公司), Cheer Champ Investment Limited (誌昌投資有限公司), Dragon Charm Investments Limited (龍創投資有限公司), Dragon Fortune Limited, East Best Investments Limited (東卓投資有限公司), Ever Shiny International Limited, Full Jolly Investments Limited (滿怡投資有限公司), Good Wave International Limited (佳濤國際有限公司), Healthy Time International Limited (建時國際有限公司), Lofty Reap Limited (上豐有限公司), Luck Fortune Holdings Limited, Lucky Universe Enterprises Limited (瑞宇企業有限公司), Marche Limited, Marvel First Developments Limited, Menkia Holdings Limited (萬家控股有限公司), On Lucky Holdings Limited (安利達控股有限公司), Opal

House Development Limited, Oriental Fame Holdings Limited (東榮控股有限公司), Prime Sun Enterprises Limited (盛日企業有限公司), Reego Group Limited (銳高集團有限公司), Silver Opportunity Investment Limited (銀機投資有限公司), Superb Capital Enterprises Limited, Upper East Property Holdings Company Limited (上東置業控股有限公司), Vast Wheel Company Limited (浩輪有限公司), White Heron Limited, Win Harbour Investments Limited (凱港投資有限公司), Win Peak Group Limited (凱峰集團有限公司), Shengtong (BVI) Limited (盛通(BVI)控股有限公司) and Shengyu (BVI) Limited (盛譽(BVI)有限公司). The Subsidiary Guarantors are holding companies that do not have significant operations.

Other than the initial Subsidiary Guarantors, none of the other Restricted Subsidiaries organized outside of the PRC (the “**Other Non-Guarantor Subsidiaries**”) will be a Subsidiary Guarantor on the Original Issue Date. In addition, none of the Restricted Subsidiaries existing on the Original Issue Date that are Subsidiaries organized under the laws of the PRC and the future Restricted Subsidiaries that are organized under the laws of the PRC (together, the “**PRC Restricted Subsidiaries**”), the Exempted Subsidiaries and the Listed Subsidiaries (as long as they continue to be Exempted Subsidiaries or Listed Subsidiaries, as applicable) will provide a Subsidiary Guarantee or a JV Subsidiary Guarantee on the Original Issue Date or at any time in the future.

Although the Indenture contains limitations on the amount of additional Indebtedness that Non-Guarantor Subsidiaries may incur, the amount of such additional Indebtedness could be substantial.

In the case of a Restricted Subsidiary (i) that is, or is proposed by the Company or any Restricted Subsidiary to be, established, or commences investment for the purposes of commencing business activities, after the Original Issue Date, (ii) that is incorporated in any jurisdiction other than the PRC and that is not an Exempted Subsidiary or a Listed Subsidiary and (iii) in respect of which the Company or any Restricted Subsidiary (x) is proposing to sell, whether through the sale of existing Capital Stock or the issuance of new Capital Stock, no less than 20% of the Capital Stock of such Restricted Subsidiary or (y) is proposing to purchase Capital Stock of an entity and designate such entity as a Restricted Subsidiary, the Company may, concurrently with the consummation of such sale or purchase, provide a JV Subsidiary Guarantee instead of a Subsidiary Guarantee for (a) such Restricted Subsidiary and (b) the Restricted Subsidiaries that are Subsidiaries of such Restricted Subsidiary, that are organized in any jurisdiction other than the PRC and that are not Exempted Subsidiaries or Listed Subsidiaries, if the following conditions, in the case of both (a) and (b), are satisfied:

- concurrently with providing the JV Subsidiary Guarantee, such JV Subsidiary Guarantor has delivered to the Trustee:
 - (i) (A) a duly executed Guarantee of such JV Subsidiary Guarantor (the “**JV Subsidiary Guarantee**”) and each Restricted Subsidiary that is a Subsidiary of such JV Subsidiary Guarantor that is not organized under the laws of the PRC, an Exempted Subsidiary or a Listed Subsidiary and (B) a duly executed supplemental indenture to the Indenture pursuant to which the JV Subsidiary Guarantor will become a party to the Indenture pursuant to which such JV Subsidiary Guarantor will guarantee the payment of the Notes, each of which provides, among other things, that the aggregate claims of the Trustee under such JV Subsidiary Guarantee and all JV Subsidiary Guarantees provided by the Restricted Subsidiaries and shareholders of such JV Subsidiary Guarantor will be limited to the JV Entitlement Amount;
 - (ii) an Officers’ Certificate certifying a copy of the Board Resolution to the effect that such JV Subsidiary Guarantee has been approved by a majority of the disinterested members of the Board of Directors; and

- (iii) a legal opinion by a law firm of recognized international standing confirming that under New York law such JV Subsidiary Guarantee is legal, valid, binding and enforceable against the JV Subsidiary Guarantor providing the JV Subsidiary Guarantee (subject to customary qualifications and assumptions);
- such sale or issuance of Capital Stock is made to, or such purchase of Capital Stock is purchased from, an Independent Third Party at a consideration that is not less than (in the case of a sale or issuance) or no more than (in the case of a purchase) the appraised value of such Capital Stock by an independent appraisal firm of recognized international standing appointed by the Company;
- all capital contributions (by way of transfer of cash or other property or any payment for property or services for the use of others or otherwise) to be made into a JV Subsidiary Guarantor from the date it provides its JV Subsidiary Guarantee shall be made directly or by contribution of assets or services having an equivalent Fair Market Value by (i) the Company and the Restricted Subsidiaries and (ii) such Independent Third Party in proportion to their respective direct or indirect ownership percentages of the Capital Stock of such JV Subsidiary Guarantor; and
- as of the date of execution of the JV Subsidiary Guarantee, no document exists that is binding on the Company or such Restricted Subsidiaries that would have the effect of (a) prohibiting the Company or such Restricted Subsidiary from providing such JV Subsidiary Guarantee, or (b) requiring the Company or any such Restricted Subsidiaries to deliver or keep in place a guarantee on terms that are more favorable to the recipients of such guarantee than the JV Subsidiary Guarantee.

In the event of a bankruptcy, liquidation or reorganization of any Non-Guarantor Subsidiary, such Non-Guarantor Subsidiary will pay the holders of its debt and its trade creditors before it will be able to distribute any of its assets to the Company, the Parent, the Issuer, the Subsidiary Guarantors or the JV Subsidiary Guarantors, if any (either directly or indirectly).

As of June 30, 2019,

- the Company and its consolidated subsidiaries had total consolidated borrowings of approximately RMB579,144 million (US\$84,362 million), RMB472,344 million (US\$68,805 million) of which were secured; and
- the Non-Guarantor Subsidiaries and Unrestricted Subsidiaries had total borrowings of approximately RMB579,144 million (US\$84,362 million).

In addition, as of June 30, 2019, the Non-Guarantor Subsidiaries and Unrestricted Subsidiaries had capital commitments of approximately RMB276,625 million (US\$40,295 million) and contingent liabilities arising from guarantees of approximately RMB436,033 million (US\$63,515 million).

The Subsidiary Guarantee of each Subsidiary Guarantor:

- is a general obligation of such Subsidiary Guarantor;
- is effectively subordinated to the secured obligations of such Subsidiary Guarantor, to the extent of the value of the assets serving as security therefor;
- is senior in right of payment to all future obligations of such Subsidiary Guarantor expressly subordinated in right of payment to such Subsidiary Guarantee; and
- ranks at least *pari passu* with all unsecured, unsubordinated Indebtedness of such Subsidiary Guarantor, including the subsidiary guarantees provided for the Existing Notes.

If any is provided, the JV Subsidiary Guarantee of each JV Subsidiary Guarantor:

- will be a general obligation of such JV Subsidiary Guarantor;
- will be enforceable only up to the JV Entitlement Amount;
- will be effectively subordinated to the secured obligations of such JV Subsidiary Guarantor, to the extent of the value of the assets serving as security therefor;
- will be limited to the JV Entitlement Amount, and will be senior in right of payment to all future obligations of such JV Subsidiary Guarantor expressly subordinated in right of payment to such JV Subsidiary Guarantee; and
- will be limited to the JV Entitlement Amount, and will rank at least *pari passu* with all unsecured, unsubordinated Indebtedness of such JV Subsidiary Guarantor.

The Company will cause (x) each of the future Restricted Subsidiaries (other than Persons organized under the laws of the PRC, Exempted Subsidiaries or Listed Subsidiaries), as soon as practicable after it becomes a Restricted Subsidiary and (y) each of the Exempted Subsidiaries and Listed Subsidiaries that remains as a Restricted Subsidiary, as soon as practicable after it ceases to be an Exempted Subsidiary or a Listed Subsidiary, as the case may be (each such Person in clause (x) or (y), a “**Potential Subsidiary Guarantor**”), to execute and deliver to the Trustee a supplemental indenture to the Indenture pursuant to which such Restricted Subsidiary will guarantee the payment of the Notes as a Subsidiary Guarantor or a JV Subsidiary Guarantor. Notwithstanding the foregoing sentence, the Company may elect to have any Restricted Subsidiary organized under laws outside the PRC not provide a Subsidiary Guarantee or a JV Subsidiary Guarantee at the time such entity becomes a Potential Subsidiary Guarantor (Restricted Subsidiaries (other than the PRC Restricted Subsidiaries, the Exempted Subsidiaries and the Listed Subsidiaries) that do not provide Subsidiary Guarantees or JV Subsidiary Guarantees in accordance with the Indenture, the “**New Non-Guarantor Subsidiaries**”), *provided* that, after taking into account the consolidated assets of such Restricted Subsidiary, the Consolidated Assets of all Restricted Subsidiaries organized under laws outside the PRC (other than the Issuer, Exempted Subsidiaries and Listed Subsidiaries) that are neither Subsidiary Guarantors nor JV Subsidiary Guarantors do not account for more than 20% of the Relevant Total Assets of the Company.

Each Restricted Subsidiary that guarantees the Notes after the Original Issue Date other than a JV Subsidiary Guarantor is referred to as a “**Future Subsidiary Guarantor**” and upon execution of the applicable supplemental indenture to the Indenture will be a “**Subsidiary Guarantor**.”

Under the Indenture, as supplemented from time to time, each of the Parent, the Subsidiary Guarantors and JV Subsidiary Guarantors (if any) will jointly and severally guarantee the due and punctual payment of the principal of, premium, if any, and interest on, and all other amounts payable under, the Notes; *provided* that any JV Subsidiary Guarantee will be limited to the JV Entitlement Amount. The Parent, the Subsidiary Guarantors and JV Subsidiary Guarantors will (1) agree that their respective obligations under the Parent Guarantee, the Subsidiary Guarantees and the JV Subsidiary Guarantees, as the case may be, will be enforceable irrespective of any invalidity, irregularity or unenforceability of the Notes or the Indenture and (2) waive their right to require the Trustee to pursue or exhaust its legal or equitable remedies against the Issuer prior to exercising its rights under the Parent Guarantee, the Subsidiary Guarantees and the JV Subsidiary Guarantees, as the case may be. Moreover, if at any time any amount paid under a Note or the Indenture is rescinded or must otherwise be restored, the rights of the Holders under the Parent Guarantee, the Subsidiary Guarantees and the JV Subsidiary Guarantees, as the case may be, will be reinstated with respect to such payment as though such payment had not been made. All payments under the Parent Guarantee, the Subsidiary Guarantees and the JV Subsidiary Guarantees, as the case may be, are required to be made in U.S. dollars.

Under the Indenture, as supplemented from time to time,

- each Subsidiary Guarantee will be limited to an amount not to exceed the maximum amount that can be guaranteed by the applicable Subsidiary Guarantor without rendering the Subsidiary Guarantee, as it relates to such Subsidiary Guarantor, voidable under applicable law relating to fraudulent conveyance or fraudulent transfer or similar laws affecting the rights of creditors generally; and
- each JV Subsidiary Guarantee will be limited to an amount which is the lower of (i) the JV Entitlement Amount and (ii) an amount not to exceed the maximum amount that can be guaranteed by the applicable JV Subsidiary Guarantor without rendering the JV Subsidiary Guarantee, as it relates to such JV Subsidiary Guarantor, voidable under applicable law relating to fraudulent conveyance or fraudulent transfer or similar laws affecting the rights of creditors generally.

If a Subsidiary Guarantee or a JV Subsidiary Guarantee were to be rendered voidable, it could be subordinated by a court to all other Indebtedness (including guarantees and other contingent liabilities) of the applicable Subsidiary Guarantor or the applicable JV Subsidiary Guarantor, as the case may be, and, depending on the amount of such Indebtedness, a Subsidiary Guarantor's liability on its Subsidiary Guarantee or a JV Subsidiary Guarantor's liability on its JV Subsidiary Guarantee, as the case may be, could in each case be reduced to zero. The obligations of each Subsidiary Guarantor under its Subsidiary Guarantee and each JV Subsidiary Guarantor under its JV Subsidiary Guarantee may be limited, or possibly invalid, under applicable laws. See the section entitled "Risk Factors — Risks Relating to the Parent Guarantee, Subsidiary Guarantees and the JV Subsidiary Guarantees — The Parent Guarantee, the Subsidiary Guarantees or JV Subsidiary Guarantees may be challenged under applicable insolvency or fraudulent transfer laws, which could impair the enforceability of the Parent Guarantee, the Subsidiary Guarantees or JV Subsidiary Guarantees."

Release of the Parent Guarantee, Subsidiary Guarantees and JV Subsidiary Guarantees

The Parent Guarantee may be released in certain circumstances, including:

- upon repayment in full of the Notes; or
- upon a defeasance as described under the section entitled "— Defeasance — Defeasance and Discharge."

No release of a Parent Guarantor of its Parent Guarantee shall be effective against the Trustee or the Holders until the Company has delivered to the Trustee an Officer's Certificate stating that all requirements relating to such release have been complied with and such release is authorized and permitted by the terms of the Indenture.

A Subsidiary Guarantee given by a Subsidiary Guarantor and a JV Subsidiary Guarantee given by a JV Subsidiary Guarantor may be released in certain circumstances, including:

- upon repayment in full of the Notes;
- upon a defeasance as described under the section entitled "— Defeasance — Defeasance and Discharge;"
- upon the designation by the Company of a Subsidiary Guarantor or a JV Subsidiary Guarantor, as the case may be, as an Unrestricted Subsidiary in compliance with the terms of the Indenture;

- upon the sale, disposition or merger of a Subsidiary Guarantor or a JV Subsidiary Guarantor, as the case may be, in compliance with the terms of the Indenture (including the covenants under the sections entitled “— Certain Covenants — Limitation on Sales and Issuances of Capital Stock in Restricted Subsidiaries,” “— Certain Covenants — Limitation on Asset Sales” and “— Consolidation, Merger and Sale of Assets”) resulting in such Subsidiary Guarantor or JV Subsidiary Guarantor, as the case may be, no longer being a Restricted Subsidiary, so long as (1) such Subsidiary Guarantor or JV Subsidiary Guarantor, as the case may be, is simultaneously released from its obligations in respect of any of the Company’s other Indebtedness or any Indebtedness of any other Restricted Subsidiary and (2) the proceeds from such sale, disposition or merger are used for the purposes permitted or required by the Indenture;
- in the case of a Subsidiary Guarantee, upon its replacement with a JV Subsidiary Guarantee; or
- in the case of a Subsidiary Guarantor, upon its becoming a New Non-Guarantor Subsidiary in compliance with the terms of the Indenture.

The Company may request the Trustee to release the Subsidiary Guarantee provided by any Subsidiary Guarantor and the Subsidiary Guarantee provided by each Restricted Subsidiary that is the Subsidiary of such Subsidiary Guarantor organized under laws outside the PRC, and upon such release such Subsidiary Guarantor and each Restricted Subsidiary that is the Subsidiary of such Subsidiary Guarantor organized under laws outside the PRC will become New Non-Guarantor Subsidiaries (such that each New Non-Guarantor Subsidiary will no longer Guarantee the Notes) (without any requirement to seek the consent or approval of the Holders of the Notes), *provided* that, after the release of such Subsidiary Guarantees, the Consolidated Assets of all Restricted Subsidiaries organized under laws outside the PRC (other than the Exempted Subsidiaries and Listed Subsidiaries) that are neither Subsidiary Guarantors nor JV Subsidiary Guarantors (including the New Non-Guarantor Subsidiaries) do not account for more than 20% of the Relevant Total Assets. A Subsidiary Guarantee of a Subsidiary Guarantor may only be released pursuant to this paragraph if, as of the date of such proposed release, no document exists that is binding on the Company or any of the Restricted Subsidiaries that would have the effect of (x) prohibiting the Company or any of the Restricted Subsidiaries from releasing such Subsidiary Guarantee or (y) requiring the Company, the Parent, the Issuer or such Subsidiary Guarantor to deliver or keep in place a guarantee of other Indebtedness of the Company, the Parent or the Issuer by such Subsidiary Guarantor.

The Trustee shall comply with a request referred to in the preceding paragraph if the conditions precedent to such release set forth in the Indenture have been complied with, as evidenced by an Officers’ Certificate from the Company, and the Trustee shall take all actions necessary to effect and evidence such release in accordance with the terms of the Indenture.

No release of a Subsidiary Guarantor and JV Subsidiary Guarantor from their Subsidiary Guarantee and JV Subsidiary Guarantee shall be effective against the Trustee or the Holders until the Company has delivered to the Trustee an Officer’s Certificate stating that all requirements relating to such release have been complied with and such release is authorized and permitted by the terms of the Indenture.

Replacement of Subsidiary Guarantees with JV Subsidiary Guarantees

A Subsidiary Guarantee given by a Subsidiary Guarantor may be released following the sale of existing Capital Stock or the issuance of new Capital Stock by the Company or any Restricted Subsidiary in (a) such Subsidiary Guarantor or (b) any other Subsidiary Guarantor that, directly or indirectly, owns a majority of the Capital Stock of such Subsidiary Guarantor, in each case where such sale or issuance is for no less than 20% of the issued Capital Stock of the relevant Subsidiary Guarantor, *provided* that the following conditions are satisfied or complied with:

- concurrently with the release of such Subsidiary Guarantee, such JV Subsidiary Guarantor has delivered to the Trustee:
 - (i) (A) a duly executed JV Subsidiary Guarantee of such JV Subsidiary Guarantor and each Restricted Subsidiary that is a Subsidiary of such JV Subsidiary Guarantor and that is not organized under the laws of the PRC, an Exempted Subsidiary or a Listed Subsidiary and (B) a duly executed supplemental indenture to the Indenture pursuant to which such JV Subsidiary Guarantor becomes a party to the Indenture as a JV Subsidiary Guarantor, each of which provides, among other things, that the aggregate claims of the Trustee under such JV Subsidiary Guarantee and all JV Subsidiary Guarantees provided by the Restricted Subsidiaries and shareholders of such JV Subsidiary Guarantor will be limited to the JV Entitlement Amount;
 - (ii) an Officers' Certificate certifying a copy of a Board Resolution to the effect that such JV Subsidiary Guarantee has been approved by a majority of the disinterested members of the Board of Directors; and
 - (iii) a legal opinion by a law firm of recognized international standing confirming that under New York law such JV Subsidiary Guarantee is valid, binding and enforceable against the JV Subsidiary Guarantor providing the JV Subsidiary Guarantee (subject to customary qualifications and assumptions).
- such sale or issuance of Capital Stock is made to an Independent Third Party at a consideration that is not less than the appraised value of such Capital Stock by an independent appraisal firm of recognized international standing appointed by the Company;
- all capital contributions (by way of transfer of cash or other property or any payment for property or services for the use of others or otherwise) to be made into such JV Subsidiary Guarantor from the date of the sale of existing Capital Stock or issuance of new Capital Stock as referred to above, shall be made directly or by contribution of assets or services having an equivalent Fair Market Value by (i) the Company and the Restricted Subsidiaries and (ii) such Independent Third Party that purchased or subscribed for Capital Stock in the JV Subsidiary Guarantor in proportion to their respective direct or indirect ownership percentages of the Capital Stock of such JV Subsidiary Guarantor; and
- as of the date of such proposed release, no document exists that is binding on the Company or any of the Restricted Subsidiaries that would have the effect of (a) prohibiting the Company or any of the Restricted Subsidiaries from releasing such Subsidiary Guarantee, (b) prohibiting the Company or any of the Restricted Subsidiaries from providing such JV Subsidiary Guarantee or (c) requiring the Company or any of the Restricted Subsidiaries to deliver or keep in force a replacement guarantee on terms that are more favorable to the recipients of such guarantee than the JV Subsidiary Guarantee.

Notwithstanding the foregoing paragraph, any such sale or issuance of the Capital Stock of the relevant Subsidiary Guarantor (including where such sale results in the relevant Subsidiary Guarantor ceasing to be a Restricted Subsidiary) will need to comply with the other covenants set forth in the Indenture, including, without limitation, the “Limitation on Asset Sales” and “Limitation on Restricted Payments” covenants.

Any Net Cash Proceeds from the sale of such Capital Stock shall be applied by the Company or any Restricted Subsidiary in accordance with the “Limitation on Asset Sales” covenant.

As of the date of the Indenture, all of the Company’s Subsidiaries will be “Restricted Subsidiaries” other than City Expert (Ningbo) Property Co., Ltd. (城博(寧波)置業有限公司), City Expert Limited (城博有限公司), Fortex Development Limited (嘉達發展有限公司), Foshan Nanhai Juncheng Property Development Co., Ltd. (佛山市南海俊誠房地產開發有限公司), Global City Development Limited, Ideal Market Holdings Limited (旭智控股有限公司), Key Alliance Investments Limited (建聯投資有限公司), Ningbo Sanli Jiada Property Co., Ltd. (寧波御誠置業有限公司), 寧波御都置業有限公司, Pioneer Time Investment Limited, Prosper Trade Investments Limited (興業投資有限公司), Ray Shine Group Limited (利輝集團有限公司), Wuhan Donghu Hengda Real Estate Development Co., Ltd. (武漢東湖恒大地產開發有限公司), Splendid Ritzy Limited, VMS Real Estate Fund 2 SPC Cayman Islands, VMS Wanchai 1 Fund SP Cayman Islands, EV Wanchai 1 Holdings Limited British Virgin Islands, EV Wanchai 1 Land Holdings Limited, All Peace Investments Limited, Charm Best Investment Limited, Chongqing Zhongyu Property Development Co., Ltd. (重慶中渝物業發展有限公司), Chongqing Victoria Harbour Land Co., Ltd. (重慶維港置地有限公司), Chongqing Zhongyu Jiamei Property Management Co., Ltd. (重慶中渝嘉美物業管理有限公司)* and Profit Concept Finance Limited (創盈財務有限公司) and any Subsidiary of these Subsidiaries. However, under the circumstances described below under the section entitled “— Certain Covenants — Designation of Restricted and Unrestricted Subsidiaries,” the Issuer will be permitted to designate certain of the Company’s Subsidiaries as Unrestricted Subsidiaries. The Unrestricted Subsidiaries will generally not be subject to the restrictive covenants in the Indenture and will not guarantee the Notes.

Keepwell and EIPU

Under the Keepwell and EIPU,

- (1) upon receipt of the written notice from the Trustee substantially in the form set forth in Schedule 1 of the Keepwell and EIPU in accordance with the Indenture following an Event of Default, the Company agrees that it shall, subject to obtaining all necessary approvals, consents, licenses, orders, permits and any other authorizations from the relevant authorities (the “**Purchase Approvals**”), purchase, directly or indirectly, the Capital Stock held by Restricted Subsidiaries that are Subsidiaries of the Parent incorporated outside the PRC at a certain purchase price and terms set forth in the Keepwell and EIPU;
- (2) if the Trustee has received notification from the Company that the purchase price in clause (1) is (x) insufficient to cover any shortfall in the ability of the Parent, the Issuer and the Subsidiary Guarantors to pay any amounts payable under the Notes, the Indenture, the Parent Guarantee and the Subsidiary Guarantees or (y) any Purchase Approval is unlikely to be obtained, and the Trustee sends the Company a written notice from the Trustee substantially in the form set forth in Schedule 3 of the Keepwell and EIPU in accordance with the Indenture following an Event of Default, the Company agrees that it shall, subject to obtaining all necessary approvals, consents, licenses, orders, permits and any other authorizations from the relevant authorities, invest, directly or indirectly, (by equity and/or shareholders’ loan) in Restricted Subsidiaries that are Subsidiaries of the Parent incorporated outside the PRC on terms set forth in the Keepwell and EIPU; and

- (3) the Company agrees that it shall cause the Parent, the Issuer, each Subsidiary Guarantor and each JV Subsidiary Guarantor, if any, to (i) have a consolidated net worth (as defined in the Keepwell and EIPU) of at least US\$1.00 at all times (and with respect to the Parent only, at least RMB1.0 billion at all times), (ii) have sufficient liquidity to ensure timely payment of any amounts payable under the Notes, the Parent Guarantee and the Subsidiary Guarantees as and when due, and (iii) remain solvent and a going concern at all times under the laws of their respective jurisdictions of incorporation or applicable accounting standards.

Further Issues

Subject to the covenants described below, the Issuer may, from time to time, without notice to or the consent of the Holders, create and issue Additional Notes having the same terms and conditions as the Notes (including the benefit of the Parent Guarantee, the Subsidiary Guarantees and the JV Subsidiary Guarantees (if any)) in all respects (or in all respects except for the issue date, issue price and the first payment of interest on them and, to the extent necessary, certain temporary securities law transfer restrictions, as applicable) (“**Additional Notes**”) so that such Additional Notes may be consolidated and form a single class with the previously outstanding Notes and vote together as one class on all matters with respect to the Notes; *provided* that the issuance of any such Additional Notes shall then be permitted under the “Limitation on Indebtedness and Preferred Stock” covenant described below and the other provisions of the Indenture.

Optional Redemption

On or after October 24, 2021, the Issuer may on any one or more occasions redeem all or any part of the Notes, at the redemption prices (expressed as percentages of principal amount) set forth below, plus accrued and unpaid interest, if any, on the Notes redeemed, to (but not including) the applicable date of redemption, if redeemed during the respective period indicated below:

	<u>Redemption Price</u>
From and (including) October 24, 2021 to (but excluding) October 24, 2022	106.0%
From and (including) October 24, 2022 to (but excluding) July 24, 2023	103.0%

At any time prior to October 24, 2021, the Issuer may, upon giving not less than 30 days’ nor more than 60 days’ notice to the Holders and the Trustee, at its option redeem the Notes, in whole but not in part, at a redemption price equal to 100% of the principal amount of the Notes redeemed plus the Applicable Premium as of, and accrued and unpaid interest, if any, to (but not including), the redemption date. Neither the Trustee nor the Paying Agent shall be responsible for calculating or verifying the Applicable Premium.

At any time and from time to time prior to October 24, 2021 the Issuer may, upon giving not less than 30 days’ nor more than 60 days’ notice to the Holders and the Trustee, redeem up to 35% of the aggregate principal amount of the Notes with the Net Cash Proceeds of one or more sales of Common Stock of the Company in an Equity Offering at a redemption price of 112.0% of the principal amount of the Notes redeemed, plus accrued and unpaid interest, if any, to (but not including) the redemption date; *provided* that at least 65% of the aggregate principal amount of the Notes originally issued on the Original Issue Date remains outstanding after each such redemption and any such redemption takes place within 60 days after the closing of the related Equity Offering.

At any time from and including July 24, 2023 to but excluding October 24, 2023, the Issuer may, upon giving not less than 15 days’ nor more than 30 days’ notice to the Holders and the Trustee, at its option redeem the Notes, in whole but not in part, at a redemption price equal to 100% of the principal amount of the Notes redeemed plus accrued and unpaid interest, if any, to (but not including) the redemption date.

If less than all of the Notes are to be redeemed at any time, the Notes for redemption will be selected as follows:

- (1) if the Notes are listed on any national securities exchange and/or are held through a clearing system, in compliance with the requirements of the principal national securities exchange on which the Notes are listed (if any) and/or the requirements of the clearing system through which the Notes are held; or
- (2) if the Notes are not listed on any national securities exchange or held through a clearing system, on a pro rata basis, by lot or by such method as the Trustee in its sole and absolute discretion deems fair and appropriate, unless otherwise required by applicable law.

A Note of US\$200,000 in principal amount or less shall not be redeemed in part. If any Note is to be redeemed in part only, the notice of redemption relating to such Note will state the portion of the principal amount to be redeemed. A new Note in principal amount equal to the unredeemed portion will be issued upon cancellation of the original Note. On and after the redemption date, interest will cease to accrue on Notes or portions of them called for redemption.

Repurchase of Notes Upon a Change of Control Triggering Event

Not later than 30 days following a Change of Control Triggering Event, the Issuer or the Parent will make an Offer to Purchase all outstanding Notes (a “**Change of Control Offer**”) at a purchase price equal to 101% of the principal amount thereof plus accrued and unpaid interest, if any, to (but not including) the Offer to Purchase Payment Date.

Each of the Issuer and the Parent has agreed in the Indenture that it will timely repay all Indebtedness or obtain consents as necessary under, or terminate, agreements or instruments that would otherwise prohibit a Change of Control Offer required to be made pursuant to the Indenture. Notwithstanding this agreement of the Issuer and the Parent, it is important to note that if the Issuer or the Parent is unable to repay (or cause to be repaid) all of the Indebtedness, if any, that would prohibit repurchase of the Notes or is unable to obtain the requisite consents of the holders of such Indebtedness, or terminate any agreements or instruments that would otherwise prohibit a Change of Control Offer, it would continue to be prohibited from purchasing the Notes. In that case, the Issuer’s or the Parent’s failure to purchase tendered Notes would constitute an Event of Default under the Indenture.

Certain of the events constituting a Change of Control Triggering Event under the Notes will also constitute an event of default under certain debt instruments of the Company and its Subsidiaries. Future debt of the Company, the Parent or the Issuer may also (1) prohibit the Issuer or the Parent from purchasing Notes in the event of a Change of Control Triggering Event; (2) provide that a Change of Control Triggering Event is a default; or (3) require repurchase of such debt upon a Change of Control Triggering Event. Moreover, the exercise by the Holders of their right to require the Issuer or the Parent to purchase the Notes could cause a default under other Indebtedness, even if the Change of Control Triggering Event itself does not, due to the financial effect of the purchase on the Issuer or the Parent. The Issuer’s or the Parent’s ability to pay cash to the Holders following the occurrence of a Change of Control Triggering Event may be limited by the Company’s, the Parent’s, the Issuer’s and the Subsidiary Guarantors’ then-existing financial resources. There can be no assurance that sufficient funds will be available when necessary to make the required purchase of the Notes. See the section entitled “Risk Factors — Risks Relating to the Notes — We may not be able to repurchase the Notes upon a change of control triggering event.” The phrase “all or substantially all,” as used with respect to the assets of any Person in the definition of “Change of Control,” will likely be interpreted under applicable law of the relevant jurisdictions and will be dependent upon particular facts and circumstances. As a result, there may be a degree of uncertainty in ascertaining whether a sale or transfer of “all or substantially all” the assets of such Person has occurred.

Notwithstanding the above, the Issuer and the Parent will not be required to make a Change of Control Offer following a Change of Control Triggering Event if a third party makes the Change of Control Offer in the same manner at the same time and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by the Issuer or the Parent and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer.

Except as described above with respect to a Change of Control Triggering Event, the Indenture does not contain provisions that permit the Holders to require that the Issuer or the Parent purchase or redeem the Notes in the event of a takeover, recapitalization or similar transaction.

The Trustee shall not be required to take any steps to ascertain whether a Change of Control Triggering Event or any event which could lead to the occurrence of a Change of Control Triggering Event has occurred or may occur and shall not be liable to any person for any failure to do so. The Trustee shall be entitled to assume that no such event has occurred until it has received written notice to the contrary from the Company.

No Mandatory Redemption or Sinking Fund

There will be no mandatory redemption or sinking fund payments for the Notes.

Additional Amounts

All payments by or on behalf of the Parent, the Issuer, a Subsidiary Guarantor or a JV Subsidiary Guarantor of principal of, and premium (if any) and interest on, the Notes and any payments under the Parent Guarantee, the Subsidiary Guarantees or JV Subsidiary Guarantees (if any) will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or within any jurisdiction in which the Parent, the Issuer or the applicable Subsidiary Guarantor or JV Subsidiary Guarantor is organized or resident for tax purposes (or any political subdivision or taxing authority thereof or therein) (each, as applicable, a “**Relevant Taxing Jurisdiction**”) or any jurisdiction through which payments on the Notes or a Guarantee are made (or any political subdivision or taxing authority thereof or therein) (as applicable and together with the Relevant Taxing Jurisdictions, each, a “**Relevant Jurisdiction**”), unless such withholding or deduction is required by law or by regulation or governmental policy having the force of law. In the event that any such withholding or deduction is so required, the Parent, the Issuer, the applicable Subsidiary Guarantor or JV Subsidiary Guarantor, as the case may be, will pay such additional amounts (“**Additional Amounts**”) as will result in receipt by the Holder of each Note of such amounts as would have been received by such Holder had no such withholding or deduction been required, except that no Additional Amounts shall be payable:

- (1) for or on account of:
 - (a) any tax, duty, assessment or other governmental charge that would not have been imposed but for:
 - (i) the existence of any present or former connection between the Holder or beneficial owner of such Note and the Relevant Jurisdiction other than merely holding such Note or the receipt of payments thereunder or under a Parent Guarantee, Subsidiary Guarantee or JV Subsidiary Guarantee, including, without limitation, such Holder or beneficial owner being or having been a national, domiciliary or resident of such Relevant Jurisdiction or treated as a resident thereof or being or having been physically present or engaged in a trade or business therein or having or having had a permanent establishment therein;

- (ii) the presentation of such Note (in cases in which presentation is required) more than 30 days after the later of the date on which the payment of the principal of, premium, if any, and interest on, such Note became due and payable pursuant to the terms thereof or was made or duly provided for, except to the extent that the Holder thereof would have been entitled to such Additional Amounts if it had presented such Note for payment on any date within such 30-day period;
 - (iii) the failure of the Holder or beneficial owner to comply with a timely request of the Parent, the Issuer, any Subsidiary Guarantor or any JV Subsidiary Guarantor, addressed to the Holder to provide information concerning such Holder's or beneficial owner's nationality, residence, identity or connection with any Relevant Jurisdiction, if and to the extent that due and timely compliance with such request is required by law to reduce or eliminate any withholding or deduction as to which Additional Amounts would have otherwise been payable to such Holder; or
 - (iv) the presentation of such Note (in cases in which presentation is required) for payment in the Relevant Jurisdiction, unless such Note could not have been presented for payment elsewhere;
- (b) any estate, inheritance, gift, sale, transfer, personal property or similar tax, assessment or other governmental charge;
 - (c) any tax, assessment, withholding or deduction required by sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, as amended ("**FATCA**"), any current or future Treasury Regulations or rulings promulgated thereunder, any intergovernmental agreement between the United States and any other jurisdiction to implement FATCA, any law, regulation or other official guidance enacted in any jurisdiction implementing FATCA, or any agreement with the U.S. Internal Revenue Service under FATCA; or
 - (d) any combination of taxes, duties, assessments or other governmental charges referred to in the preceding clauses (a), (b) and (c); or
- (2) to a Holder that is a fiduciary, partnership or person other than the sole beneficial owner of any payment to the extent that such payment would be required to be included in the income under the laws of a Relevant Jurisdiction, for tax purposes, of a beneficiary or settlor with respect to the fiduciary, or a member of that partnership or a beneficial owner who would not have been entitled to such Additional Amounts had that beneficiary, settlor, partner or beneficial owner been the Holder thereof.

Whenever there is mentioned in any context the payment of principal of, and any premium or interest on, any Note or under the Parent Guarantee, any Subsidiary Guarantee or any JV Subsidiary Guarantee, such mention shall be deemed to include payment of Additional Amounts provided for in the Indenture to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

Redemption for Taxation Reasons

The Notes may be redeemed, at the option of the Issuer, as a whole but not in part, upon giving not less than 30 days' nor more than 60 days' notice to the Holders (which notice shall be irrevocable) and the Trustee, at a redemption price equal to 100% of the principal amount thereof, together with accrued and unpaid interest (including any Additional Amounts), if any, to the date fixed by the Issuer, as the case may be, for redemption (the "**Tax Redemption Date**") if, as a result of:

- (1) any change in, or amendment to, the laws (or any regulations or rulings promulgated thereunder) of a Relevant Taxing Jurisdiction affecting taxation; or

- (2) any change in the existing official position or the stating of an official position regarding the application or interpretation of such laws, regulations or rulings (including a holding, judgment or order by a court of competent jurisdiction),

which change or amendment becomes effective (or in the case of a statement, is announced) (i) with respect to the Parent, the Issuer or any initial Subsidiary Guarantor, on or after the Original Issue Date, or (ii) with respect to any Future Subsidiary Guarantor, JV Subsidiary Guarantor, on or after the date such Future Subsidiary Guarantor or JV Subsidiary Guarantor becomes a Subsidiary Guarantor or JV Subsidiary Guarantor, with respect to any payment due or to become due under the Notes or the Indenture, the Parent, the Issuer, a Subsidiary Guarantor or a JV Subsidiary Guarantor, as the case may be, is, or on the next Interest Payment Date would be, required to pay Additional Amounts, and such requirement cannot be avoided by the taking of reasonable measures by the Parent, the Issuer, such Subsidiary Guarantor or JV Subsidiary Guarantor, as the case may be; *provided* that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Parent, the Issuer, a Subsidiary Guarantor or a JV Subsidiary Guarantor, as the case may be, would be obligated to pay such Additional Amounts if a payment in respect of the Notes were then due.

Prior to the mailing of any notice of redemption of the Notes pursuant to the foregoing, the Parent, the Issuer, a Subsidiary Guarantor or JV Subsidiary Guarantor, as the case may be, will deliver to the Trustee at least 30 days but not more than 60 days before the Tax Redemption Date:

- (1) an Officers' Certificate stating that such change or amendment referred to in the prior paragraph has occurred, describing the facts related thereto and stating that such requirement cannot be avoided by the Parent, the Issuer, a Subsidiary Guarantor or JV Subsidiary Guarantor, as the case may be, taking reasonable measures available to it; and
- (2) an Opinion of Counsel or an opinion of a tax consultant, in either case of recognized standing with respect to tax matters of the Relevant Taxing Jurisdiction, stating that the requirement to pay such Additional Amounts results from such change or amendment referred to in the prior paragraph.

The Trustee shall and is entitled to accept such Officers' Certificate and Opinion of Counsel as sufficient evidence of the satisfaction of the conditions precedent described above, in which event it shall be conclusive and binding on the Holders.

Any Notes that are redeemed will be canceled.

Certain Covenants

Set forth below are summaries of certain covenants contained in the Indenture.

Limitation on Indebtedness and Preferred Stock

- (1) The Company will not, and will not permit any Restricted Subsidiary to, Incur any Indebtedness (including Acquired Indebtedness), and the Company will not permit any Restricted Subsidiary to issue Preferred Stock, *provided* that the Company, the Parent, the Issuer or any Subsidiary Guarantor may Incur Indebtedness (including Acquired Indebtedness) and any Non-Guarantor Subsidiary may Incur Permitted Subsidiary Indebtedness if, after giving effect to the Incurrence of such Indebtedness and the receipt and application of the proceeds therefrom, (x) no Default has occurred and is continuing and (y) the Fixed Charge Coverage Ratio would be not less than 2.5 to 1.0. Notwithstanding the foregoing, the Company will not permit any Restricted Subsidiary to Incur any Disqualified Stock (other than Disqualified Stock held by the Company, the Parent, Issuer or a Subsidiary Guarantor, so long as it is so held).

- (2) Notwithstanding the foregoing, the Company and, to the extent provided below, any Restricted Subsidiary may Incur each and all of the following (“Permitted Indebtedness”):
- (a) Indebtedness under the Notes (excluding any Additional Notes), the Parent Guarantee and each Subsidiary Guarantee and JV Subsidiary Guarantee;
 - (b) any *Pari Passu* Guarantee;
 - (c) Indebtedness of the Company or any Restricted Subsidiary and Preferred Stock of any Restricted Subsidiary outstanding on the Original Issue Date excluding Indebtedness permitted under clause (d); *provided* that such Indebtedness of Restricted Subsidiaries shall be included in the calculation of Permitted Subsidiary Indebtedness (other than any such Indebtedness described in clauses (a) and (b) above and clauses (d), (f), (g) and (m) below);
 - (d) Indebtedness of the Company or Indebtedness or Preferred Stock of any Restricted Subsidiary owed to or held by the Company or any Restricted Subsidiary; *provided* that (i) any event which results in any such Restricted Subsidiary ceasing to be a Restricted Subsidiary or any subsequent transfer of such Indebtedness or Preferred Stock (other than to the Company or any Restricted Subsidiary) shall be deemed, in each case, to constitute an Incurrence of such Indebtedness not permitted by this clause (d) and (ii) if the Parent, the Issuer, any Subsidiary Guarantor or any JV Subsidiary Guarantor is the obligor and none of the Parent, the Issuer, the Subsidiary Guarantors and JV Subsidiary Guarantors is an obligee on such Indebtedness, such Indebtedness must expressly be subordinated in right of payment to the Notes, in the case of the Issuer, the Parent Guarantee, in the case of the Parent, the Subsidiary Guarantee of such Subsidiary Guarantor, in the case of a Subsidiary Guarantor, or the JV Subsidiary Guarantee of such JV Subsidiary Guarantor, in the case of a JV Subsidiary Guarantor; *provided* further that, any Preferred Stock issued by a Subsidiary Guarantor and held by the Company or another Restricted Subsidiary must by the terms thereof or by operation of law be subordinated in right of payment to the Subsidiary Guarantee of such Subsidiary Guarantor or the JV Subsidiary Guarantee of such JV Subsidiary Guarantor;
 - (e) Indebtedness (“**Permitted Refinancing Indebtedness**”) issued in exchange for, or the net proceeds of which are used to refinance or refund, replace, exchange, renew, repay, defease, discharge or extend (collectively, “refinance” and “refinances” and “refinanced” shall have a correlative meaning), then outstanding Indebtedness (or Indebtedness that is no longer outstanding but that is refinanced substantially concurrently with the Incurrence of such Permitted Refinancing Indebtedness) Incurred under the immediately preceding paragraph (1) or clauses (a), (b), (c), (e), (h), (o), (p), (q), (r), (s), (t), (u), (v) or (w) of this paragraph (2) and any refinancings thereof in an amount not to exceed the amount so refinanced (plus premiums, accrued interest, fees and expenses); *provided* that (i) Indebtedness the proceeds of which are used to refinance the Notes or Indebtedness that is *pari passu* with, or subordinated in right of payment to, the Notes, the Parent Guarantee, a Subsidiary Guarantee or a JV Subsidiary Guarantee shall only be permitted under this clause (e) if (A) in case the Notes are refinanced in part or the Indebtedness to be refinanced is *pari passu* with the Notes, the Parent Guarantee, a Subsidiary Guarantee or a JV Subsidiary Guarantee, such new Indebtedness, by its terms or by the terms of any agreement or instrument pursuant to which such new Indebtedness is outstanding, is expressly made *pari passu* with, or subordinate in right of payment to, the remaining Notes, the Parent Guarantee or such Subsidiary Guarantee or JV Subsidiary Guarantee, as the case may be, or (B) in case the Indebtedness to be refinanced is subordinated in right of payment to the Notes, the Parent Guarantee, a Subsidiary Guarantee or a JV Subsidiary Guarantee, such new Indebtedness, by its terms or by the terms of any agreement or instrument pursuant to

which such new Indebtedness is issued or remains outstanding, is expressly made subordinate in right of payment to the Notes, the Parent Guarantee, such Subsidiary Guarantee or JV Subsidiary Guarantee, as the case may be, at least to the extent that the Indebtedness to be refinanced is subordinated to the Notes, the Parent Guarantee, such Subsidiary Guarantee or such JV Subsidiary Guarantee; (ii) such new Indebtedness, determined as of the date of Incurrence of such new Indebtedness, does not mature prior to the Stated Maturity of the Indebtedness to be refinanced, and the Average Life of such new Indebtedness is at least equal to the remaining Average Life of the Indebtedness to be refinanced; (iii) in no event may Indebtedness of the Issuer, the Parent or any Subsidiary Guarantor or any JV Subsidiary Guarantor be refinanced pursuant to this clause by means of any Indebtedness of the Company or any Restricted Subsidiary that is not the Parent, the Issuer, a Subsidiary Guarantor or a JV Subsidiary Guarantor; and (iv) in no event may Indebtedness of the Issuer, the Parent or any Subsidiary Guarantor be refinanced pursuant to this clause by means of any Indebtedness of any JV Subsidiary Guarantor (*provided* that this sub-clause (iv) shall not prohibit the replacement of a Subsidiary Guarantee by a JV Subsidiary Guarantee if otherwise permitted by the Indenture); *provided further* that the repayment, redemption or discharge of an old Project Debt may be classified as being “refinanced” within the meaning of this clause (e) by a new Project Debt Incurred within 180 days after the repayment, redemption or discharge of such old Project Debt;

- (f) Indebtedness Incurred by the Company or any Restricted Subsidiary pursuant to (A) Hedging Obligations entered into in the ordinary course of business and designed solely to protect the Company or any Restricted Subsidiary from fluctuations in interest rates, currencies or the price of commodities and not for speculation or (B) other derivative contracts entered into for non-speculative purposes in connection with the business of the Company or any Restricted Subsidiary;
- (g) Pre-Registration Mortgage Guarantees by the Company or any Restricted Subsidiary;
- (h) Indebtedness Incurred by the Company or any Restricted Subsidiary for the purpose of financing (x) all or any part of the purchase price of assets, real or personal property (including the lease purchase price of land use rights) or equipment to be used in the ordinary course of business by the Company or a Restricted Subsidiary, including any such purchase through the acquisition of Capital Stock of any Person that owns such real or personal property or equipment which will, upon acquisition, become a Restricted Subsidiary, or (y) all or any part of the purchase price or the cost of development, construction or improvement of real or personal property (including the lease purchase price of land use rights) or equipment to be used in the ordinary course of business by the Company or a Restricted Subsidiary; *provided* that in the case of clauses (x) and (y), (A) the aggregate principal amount of such Indebtedness shall not exceed such purchase price or cost, (B) such Indebtedness shall be Incurred no later than 180 days after the acquisition of such property or completion of such development, construction or improvement and (C) on the date of the Incurrence of such Indebtedness and after giving effect thereto, the aggregate principal amount outstanding of all such Indebtedness Incurred under this clause (h) (together with refinancings thereof and the aggregate principal amount outstanding of Indebtedness that was Incurred under clauses (q), (r), (s), (t), (u) and (v) below and the refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred under such clauses and this clause (h) to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) does not exceed an amount equal to 25% of Total Assets;

- (i) Indebtedness Incurred by the Company or any Restricted Subsidiary constituting reimbursement obligations with respect to workers' compensation claims or self-insurance obligations or bid, performance or surety bonds (in each case other than for an obligation for borrowed money);
- (j) Indebtedness Incurred by the Company or any Restricted Subsidiary constituting reimbursement obligations with respect to letters of credit, trade guarantees or similar instruments issued in the ordinary course of business to the extent that such letters of credit, trade guarantees or similar instruments are not drawn upon or, if drawn upon, to the extent such drawing is reimbursed no later than 30 days following receipt by the Company or such Restricted Subsidiary of a demand for reimbursement;
- (k) Indebtedness arising from agreements providing for indemnification, adjustment of purchase price or similar obligations, or from Guarantees or letters of credit, surety bonds or performance bonds securing any obligation of the Company or any Restricted Subsidiary pursuant to such agreements, in any case, Incurred in connection with the disposition of any business, assets or Restricted Subsidiary (other than the Capital Stock of the Parent and the Issuer and any asset of the Issuer), other than Guarantees of Indebtedness Incurred by any Person acquiring all or any portion of such business, assets or Restricted Subsidiary for the purpose of financing such acquisition; *provided* that the maximum aggregate liability in respect of all such Indebtedness in the nature of such Guarantee shall at no time exceed the gross proceeds actually received from the sale of such business, assets or Restricted Subsidiary;
- (l) Indebtedness arising from the honoring by a bank or other financial institution of a check, draft or similar instrument drawn against insufficient funds in the ordinary course of business *provided*, however, that such Indebtedness is extinguished within five Business Days of Incurrence;
- (m) Guarantees by the Company or any Restricted Subsidiary of Indebtedness of the Company or any Restricted Subsidiary that was permitted to be Incurred by another provision of this covenant, subject to the "Limitation on Issuances of Guarantees by Restricted Subsidiaries" covenant;
- (n) Indebtedness of the Company or any Restricted Subsidiary with a maturity of one year or less used by the Company or any Restricted Subsidiary for working capital; *provided* that the aggregate principal amount of Indebtedness permitted by this clause (n) at any time outstanding does not exceed 2% of Total Assets;
- (o) Indebtedness of the Company or any Restricted Subsidiary constituting an obligation to pay the deferred purchase price of Capital Stock of a Person pursuant to a Staged Acquisition Agreement, to the extent that such deferred purchase price is paid within 12 months after the date on which the Company or such Restricted Subsidiary enter into such Staged Acquisition Agreement; *provided* that such Person is either a Restricted Subsidiary or would become a Restricted Subsidiary upon completion of the transactions under such Staged Acquisition Agreement;
- (p) Indebtedness of the Company or any Restricted Subsidiary in an aggregate principal amount outstanding at any time (together with refinancings thereof) not to exceed US\$30.0 million (or the Dollar Equivalent thereof);
- (q) Indebtedness Incurred or Preferred Stock issued by the Company or any Restricted Subsidiary arising from any Investment made by a Financial Company Investor in a PRC Restricted Subsidiary; *provided* that on the date of the Incurrence of such Indebtedness or issuance of Preferred Stock and after giving effect thereto, the

aggregate principal amount outstanding of all such Indebtedness and Preferred Stock Incurred under this clause (q) (together with refinancings thereof and the aggregate principal amount outstanding of Indebtedness that was Incurred under clause (h) above and clauses (r), (s), (t), (u) and (v) below and the refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred under such clauses and this clause (q) to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) does not exceed an amount equal to 25% of Total Assets;

- (r) Indebtedness Incurred by the Company or any Restricted Subsidiary constituting a Guarantee of Indebtedness of any Person (other than the Company or a Restricted Subsidiary) by the Company or such Restricted Subsidiary, if (x) the aggregate of all Indebtedness Incurred under this clause (r) (together with refinancing thereof and the aggregate principal amount outstanding of Indebtedness that was Incurred under clauses (h) and (q) above and clauses (s), (t), (u) and (v) below and the refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred under such clauses and this clause (r) to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) does not exceed an amount equal to 25% of Total Assets and (y) the aggregate of all Indebtedness Incurred under this clause (r) (together with refinancing thereof) does not exceed an amount equal to 7.5% of Total Assets;
- (s) Bank Deposit Secured Indebtedness Incurred by the Company or any Restricted Subsidiary, *provided* that on the date of Incurrence of such Indebtedness, the aggregate principal amount outstanding of such Indebtedness Incurred under this clause (s) (together with refinancing thereof and the aggregate principal amount outstanding of Indebtedness that was Incurred under clauses (h), (q) and (r) above and clauses (t), (u) and (v) below and the refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred under such clauses and this clause (s) to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) does not exceed an amount equal to 25% of Total Assets;
- (t) (x) Indebtedness Incurred by any PRC Restricted Subsidiary which is secured by Investment Properties, and Guarantees thereof by the Company or any Restricted Subsidiary or (y) Capitalized Lease Obligations, or Attributable Indebtedness with respect to a Sale and Leaseback Transaction that would otherwise be permitted under the section entitled "Limitation on Sale and Leaseback Transactions," Incurred by any PRC Restricted Subsidiary; *provided* that on the date of the Incurrence of such Indebtedness and after giving effect thereto, the aggregate principal amount outstanding of all such Indebtedness Incurred under this clause (t) (together with refinancings thereof and the aggregate principal amount outstanding of Indebtedness that was Incurred under clauses (h), (q), (r) and (s) above and clauses (u) and (v) below and the refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred under such clauses and this clause (t) to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) does not exceed an amount equal to 25% of Total Assets;
- (u) Indebtedness of the Company or any Restricted Subsidiary constituting an obligation to pay the deferred purchase price of Capital Stock of a Person pursuant to a Minority Interest Staged Acquisition Agreement, to the extent that such deferred purchase price is paid within 12 months after the date the Company or such Restricted Subsidiary enters into such Minority Interest Staged Acquisition Agreement; *provided* that on the date of the Incurrence of such Indebtedness and after giving effect thereto, the aggregate principal amount outstanding of all such Indebtedness Incurred under this clause (u) (together with refinancings thereof and the aggregate principal amount

outstanding of Indebtedness that was Incurred under clauses (h), (q), (r), (s) and (t) above and clause (v) below and the refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred under such clauses and this clause (u) to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) does not exceed an amount equal to 25% of Total Assets; and

- (v) Acquired Indebtedness of any Restricted Subsidiary Incurred and outstanding on the date on which such Restricted Subsidiary became a Restricted Subsidiary (other than Indebtedness Incurred (i) to provide all or any portion of the funds utilized to consummate the transaction or series of transactions pursuant to which a Person becomes a Restricted Subsidiary or (ii) otherwise in contemplation of a Person becoming a Restricted Subsidiary or any such acquisition); *provided* that on the date of the Incurrence of such Indebtedness and after giving effect thereto, the aggregate principal amount outstanding of all such Indebtedness Incurred pursuant to this clause (v) (together with refinancing thereof and the aggregate principal amount outstanding of Indebtedness that was Incurred under clauses (h), (q), (r), (s), (t) and (u) above and the refinancings thereof, but excluding any Contractor Guarantee or Guarantee Incurred under such clauses and this clause (v) to the extent the amount of such Contractor Guarantee or Guarantee is otherwise reflected in such aggregate principal amount) does not exceed an amount equal to 25% of Total Assets.
- (3) For purposes of determining compliance with this “Limitation on Indebtedness and Preferred Stock” covenant, in the event that an item of Indebtedness meets the criteria of more than one of the types of Indebtedness described above, including under the proviso in the first paragraph of part (1), the Company, in its sole discretion, shall classify, and from time to time may reclassify, such item of Indebtedness in one or more types of Indebtedness described above.
- (4) Notwithstanding any other provision of this covenant, the maximum amount of Indebtedness that may be Incurred pursuant to this covenant will not be deemed to be exceeded with respect to any outstanding Indebtedness due solely to the result of fluctuations in the exchange rates of currencies, *provided* that such Indebtedness was permitted to be Incurred at the time of such Incurrence.

Limitation on Restricted Payments

The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly (the payments or any other actions described in clauses (1) through (4) below being collectively referred to as “**Restricted Payments**”):

- (1) declare or pay any dividend or make any distribution on or with respect to the Company’s or any Restricted Subsidiary’s Capital Stock (other than dividends or distributions payable or paid in shares of the Company’s or any Restricted Subsidiary’s (other than the Parent and the Issuer) Capital Stock (other than Disqualified Stock or Preferred Stock) or in options, warrants or other rights to acquire shares of such Capital Stock) held by Persons other than the Company or any Wholly Owned Restricted Subsidiary;
- (2) purchase, call for redemption or redeem, retire or otherwise acquire for value any shares of Capital Stock of the Company or any Restricted Subsidiary (including options, warrants or other rights to acquire such Capital Stock) or any direct or indirect parent of the Company held by any Person other than the Company or any Wholly Owned Restricted Subsidiary;

- (3) make any voluntary or optional principal payment, or voluntary or optional redemption, repurchase, defeasance, or other acquisition or retirement for value, of Indebtedness that is subordinated in right of payment to the Notes, the Parent Guarantee, any of the Subsidiary Guarantees or any of the JV Subsidiary Guarantees (excluding any intercompany Indebtedness between or among the Company and the Restricted Subsidiaries); or
- (4) make any Investment, other than a Permitted Investment;

if, at the time of, and after giving effect to, the proposed Restricted Payment:

- (a) a Default has occurred and is continuing or would occur as a result of such Restricted Payment;
- (b) the Company could not Incur at least US\$1.00 of Indebtedness under the proviso in the first paragraph of part (1) of the covenant entitled “— Limitation on Indebtedness and Preferred Stock;” or
- (c) such Restricted Payment, together with the aggregate amount of all (1) Restricted Payments made by the Company and its Restricted Subsidiaries after the Original Issue Date and (2) payments made by the Company and its Restricted Subsidiaries after the Measurement Date but on or before the Original Issue Date that would have been Restricted Payments had they been made after the Original Issue Date, shall exceed the sum of:
 - (i) 50% of the aggregate amount of the Consolidated Net Income of the Company (or, if the Consolidated Net Income is a loss, minus 100% of the amount of such loss) accrued on a cumulative basis during the period (taken as one accounting period) beginning on January 1, 2018 and ending on the last day of the Company’s most recently ended fiscal quarter for which consolidated financial statements of the Company (which the Company shall use its reasonable best efforts to compile in a timely manner) are available (which may include internal consolidated financial statements); plus
 - (ii) 100% of the aggregate Net Cash Proceeds received by the Company after the Measurement Date as a capital contribution to its common equity or from the issuance and sale of its Capital Stock (other than Disqualified Stock) to a Person who is not the Company or a Subsidiary of the Company, including any such Net Cash Proceeds received upon (A) the conversion of any Indebtedness (other than Subordinated Indebtedness) of the Company into Capital Stock (other than Disqualified Stock) of the Company, or (B) the exercise by a Person who is not the Company or a Subsidiary of the Company of any options, warrants or other rights to acquire Capital Stock of the Company (other than Disqualified Stock) in each case after deducting the amount of any such Net Cash Proceeds used to redeem, repurchase, defease or otherwise acquire or retire for value any Subordinated Indebtedness or Capital Stock of the Company; plus
 - (iii) the amount by which Indebtedness of the Company or any Restricted Subsidiary is reduced on the Company’s consolidated balance sheet upon the conversion or exchange (other than by a Subsidiary of the Company) subsequent to the Measurement Date of any Indebtedness of the Company or any Restricted Subsidiary convertible or exchangeable into Capital Stock (other than Disqualified Stock) of the Company (less the amount of any cash, or the Fair Market Value of any other property, distributed by the Company upon such conversion or exchange); plus
 - (iv) an amount equal to the net reduction in Investments (other than reductions in Permitted Investments) that were made after the Measurement Date in any Person resulting from (A) payments of interest on Indebtedness, dividends or repayments of loans or advances

by such Person, in each case to the Company or any Restricted Subsidiary (except, in each case, to the extent any such payment or proceeds are included in the calculation of Consolidated Net Income), (B) the unconditional release of a Guarantee provided by the Company or a Restricted Subsidiary after the Measurement Date of an obligation of another Person, (C) to the extent that an Investment made after the Measurement Date is sold or otherwise liquidated or repaid for cash, the lesser of (x) cash return of capital with respect to such Investment (less the cost of disposition, if any) and (y) the initial amount of such Investment, or (D) from redesignations of Unrestricted Subsidiaries as Restricted Subsidiaries, not to exceed, in each case, the amount of Investments (other than Permitted Investments) made by the Company or a Restricted Subsidiary after the Measurement Date in any such Person; plus

(v) US\$75.0 million (or the Dollar Equivalent thereof).

The foregoing provision shall not be violated by reason of:

- (1) the payment of any dividend or redemption of any Capital Stock within 60 days after the related date of declaration or call for redemption if, at said date of declaration or call for redemption, such payment or redemption would comply with the preceding paragraph;
- (2) the redemption, repurchase, defeasance or other acquisition or retirement for value of Subordinated Indebtedness of the Company, the Parent, the Issuer or any of the Subsidiary Guarantors or JV Subsidiary Guarantors with the Net Cash Proceeds of, or in exchange for, a substantially concurrent Incurrence of Permitted Refinancing Indebtedness;
- (3) the redemption, repurchase or other acquisition of Capital Stock of the Parent, the Issuer or any Subsidiary Guarantor or JV Subsidiary Guarantors (or options, warrants or other rights to acquire such Capital Stock) in exchange for, or out of the Net Cash Proceeds of a substantially concurrent capital contribution or sale (other than to the Company or a Subsidiary of the Company) of, Capital Stock (other than Disqualified Stock) of the Parent, the Issuer or any Subsidiary Guarantor (or options, warrants or other rights to acquire such Capital Stock); *provided* that the amount of any such Net Cash Proceeds that are utilized for any such Restricted Payment will be excluded from clause (c)(ii) of the preceding paragraph;
- (4) the redemption, repurchase, defeasance or other acquisition or retirement for value of Subordinated Indebtedness of the Company, the Parent, the Issuer or any of the Subsidiary Guarantors or JV Subsidiary Guarantors in exchange for, or out of the Net Cash Proceeds of, a substantially concurrent capital contribution or sale (other than to the Company or a Subsidiary of the Company) of, Capital Stock (other than Disqualified Stock) of the Company, the Parent, the Issuer or any of the Subsidiary Guarantors or JV Subsidiary Guarantors (or options, warrants or other rights to acquire such Capital Stock); *provided* that the amount of any such Net Cash Proceeds that are utilized for any such Restricted Payment will be excluded from clause (c)(ii) of the preceding paragraph;
- (5) any dividend or distribution declared, paid or made by a Restricted Subsidiary payable, on a pro rata basis or on a basis more favorable to the Company, to all holders of a class of Capital Stock of such Restricted Subsidiary; *provided* that, with respect to a Restricted Subsidiary of which less than a majority of the Voting Stock is directly or indirectly owned by the Company, such dividend or distribution shall be declared, paid or made on a pro rata basis or on a basis more favorable to the Company, as determined by the ownership of the Voting Stock;
- (6) the redemption, repurchase or other acquisition of Capital Stock of the Company (or options, warrants or other rights to acquire such Capital Stock) in exchange for, or out of the Net Cash Proceeds of a substantially concurrent capital contribution or sale (other than to a

Subsidiary of the Company) of, Capital Stock (other than Disqualified Stock) of the Company (or options, warrants or other rights to acquire such Capital Stock); *provided* that the amount of any such Net Cash Proceeds that are utilized for any such Restricted Payment will be excluded from clause (c)(ii) of the preceding paragraph;

- (7) the redemption, repurchase, defeasance or other acquisition or retirement for value of Subordinated Indebtedness of the Company in exchange for, or out of the Net Cash Proceeds of, a substantially concurrent capital contribution or sale (other than to the Company or a Subsidiary of the Company) of, Capital Stock (other than Disqualified Stock) of the Company (or options, warrants or other rights to acquire such Capital Stock); *provided* that the amount of any such Net Cash Proceeds that are utilized for any such Restricted Payment will be excluded from clause (c)(ii) of the preceding paragraph;
- (8) *[Reserved]*;
- (9) the purchase by a Restricted Subsidiary (other than the Issuer) of Capital Stock in any PRC Restricted Subsidiary (not exceeding 20% of the total Capital Stock in such PRC Restricted Subsidiary) pursuant to an agreement entered into by such Restricted Subsidiary with an Independent Third Party solely for the purpose of acquiring real property or land use rights, *provided* that (x) such purchase occurs within 12 months after such PRC Restricted Subsidiary acquires the real property or land use rights it was formed to acquire and (y) the Company delivers to the Trustee a Board Resolution set forth in an Officers' Certificate confirming that, in the opinion of the Board of Directors, the purchase price of such Capital Stock is less than or equal to the fair market value of such Capital Stock (determined by multiplying the fair market value of such PRC Restricted Subsidiary by the percentage that such Capital Stock represents in the total Capital Stock of such PRC Restricted Subsidiary);
- (10) the purchase of Capital Stock of a Person, and payments made, pursuant to a Staged Acquisition Agreement or a Minority Interest Staged Acquisition Agreement;
- (11) dividends paid to, or the purchase of Capital Stock of any PRC Restricted Subsidiary held by any Financial Company Investor in respect of any Preferred Stock issued or Indebtedness outstanding on the Original Issue Date or issued or Incurred under paragraph (2)(q) of the "Limitation on Indebtedness and Preferred Stock" covenant;
- (12) (A) the repurchase, redemption or other acquisition or retirement for value of the Capital Stock of the Company or any Restricted Subsidiary (directly or indirectly, including through any trustee, agent or nominee) in connection with an employee benefit plan, and any corresponding Investment by the Company or any Restricted Subsidiary in any trust or similar arrangements to the extent of such repurchased, redeemed, acquired or retired Capital Stock, or (B) the repurchase, redemption or other acquisition or retirement for value of any Capital Stock of the Company or any Restricted Subsidiary held by an employee benefit plan of the Company or any Restricted Subsidiary, any current or former officer, director, consultant, or employee of the Company or any Restricted Subsidiary (or permitted transferees, estates or heirs of any of the foregoing); *provided* that the aggregate consideration paid for all such repurchased, redeemed, acquired or retired Capital Stock shall not exceed US\$50.0 million (or the Dollar Equivalent thereof using the Original Issue Date as the date of determination);
- (13) cash payment in lieu of fractional shares in connection with the exercise of warrants, options or other securities convertible into or exchangeable for Capital Stock of the Company, *provided*, however, that any such cash payment shall not be for the purpose of evading the limitation of this "— Limitation on Restricted Payments" covenant (as determined in good faith by the Board of Directors of the Company);

- (14) the redemption, repurchase or other acquisition of Capital Stock of any Restricted Subsidiary (other than the Parent and the Issuer) (not exceeding 50% of the total Capital Stock in such Restricted Subsidiary) from an Independent Third Party; or
- (15) any dividend or distribution declared, paid or made by the Company to Strategic Investors in accordance with the terms of the Investment Agreements,

provided that, in the case of clause (2), (3) or (4) of the preceding paragraph, no Default shall have occurred and be continuing or would occur as a consequence of the actions or payments set forth therein.

Subject to the immediately following paragraph, each Restricted Payment made pursuant to clause (1) of the preceding paragraph shall be included in calculating whether the conditions of clause (c) of the first paragraph of this “Limitation on Restricted Payments” covenant have been met with respect to any subsequent Restricted Payment.

Notwithstanding any other provision of this “Limitation on Restricted Payments” covenant, clause (b) of the first paragraph of this covenant does not have to be satisfied with respect to any Restricted Payment consisting solely of the declaration or payment of dividends in cash on the Common Stock of the Company or the repurchase of Common Stock of the Company; *provided that*, the only amount of any Restricted Payment made pursuant to this paragraph that shall be included in calculating whether the conditions of clause (c) of the first paragraph of this “Limitation on Restricted Payments” covenant have been met shall be the excess amount, if any, of (x) the aggregate amount of all declarations and payments of dividends on such Common Stock during any fiscal year of the Company and price paid for all such repurchased Common Stock during such fiscal year over (y) 35% of the consolidated profit for the year of the Company calculated in accordance with GAAP for the fiscal year immediately before such fiscal year.

The amount of any Restricted Payment (other than cash) will be the Fair Market Value on the date of the Restricted Payment of the asset(s) or securities proposed to be transferred or issued by the Company or the Restricted Subsidiary, as the case may be, pursuant to the Restricted Payment. The value of any assets or securities that are required to be valued by this covenant will be the Fair Market Value. The Board of Directors’ determination of the Fair Market Value of a Restricted Payment or any such assets or securities must be based upon an opinion or appraisal issued by an appraisal or investment banking firm of recognized international standing if the Fair Market Value exceeds US\$10.0 million (or the Dollar Equivalent thereof).

Not later than the date of making any Restricted Payment in excess of US\$10.0 million (or the Dollar Equivalent thereof) (other than any Restricted Payments set forth in clauses (5) through (15) above), the Company will deliver to the Trustee an Officers’ Certificate stating that such Restricted Payment is permitted and setting forth the basis upon which the calculations required by this covenant entitled “— Limitation on Restricted Payments” were computed, together with a copy of any fairness opinion or appraisal required by the Indenture.

Limitation on Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries

- (1) Except as provided below, the Company will not, and will not permit any Restricted Subsidiary to, create or otherwise cause or permit to exist or become effective any encumbrance or restriction on the ability of any Restricted Subsidiary to:
 - (a) pay dividends or make any other distribution on any Capital Stock of such Restricted Subsidiary owned by the Company or any other Restricted Subsidiary;
 - (b) pay any Indebtedness or other obligation owed to the Company or any other Restricted Subsidiary;

- (c) make loans or advances to the Company or any other Restricted Subsidiary; or
 - (d) sell, lease or transfer any of its property or assets to the Company or any other Restricted Subsidiary.
- (2) The provisions of clause (1) do not apply to any encumbrances or restrictions:
- (a) existing in agreements as in effect on the Original Issue Date, or in the Notes, the Parent Guarantee, the Subsidiary Guarantees, the JV Subsidiary Guarantees, the Indenture, the Keepwell and EIPU, or under any Pari Passu Guarantee or any Indebtedness guaranteed by a Pari Passu Guarantee, and any extensions, refinancings, renewals or replacements of any of the foregoing agreements; *provided* that the encumbrances and restrictions in any such extension, refinancing, renewal or replacement, taken as a whole, are no more restrictive in any material respect to the Holders than those encumbrances or restrictions that are then in effect and that are being extended, refinanced, renewed or replaced;
 - (b) existing under or by reason of applicable law, rule, regulation or order;
 - (c) existing with respect to any Person or the property or assets of such Person acquired by the Company or any Restricted Subsidiary, at the time of such acquisition and not incurred in contemplation thereof, which encumbrances or restrictions are not applicable to any Person or the property or assets of any Person other than such Person or the property or assets of such Person so acquired, and any extensions, refinancings, renewals or replacements thereof; *provided* that the encumbrances and restrictions in any such extension, refinancing, renewal or replacement, taken as a whole, are no more restrictive in any material respect to the Holders than those encumbrances or restrictions that are then in effect and that are being extended, refinanced, renewed or replaced;
 - (d) that otherwise would be prohibited by the provision described in clause (1)(d) of this covenant if they arise, or are agreed to, in the ordinary course of business and, that (i) restrict in a customary manner the subletting, assignment or transfer of any property or asset that is subject to a lease or license, or (ii) exist by virtue of any Lien on, or agreement to transfer, option or similar right with respect to any property or assets of the Company or any Restricted Subsidiary not otherwise prohibited by the Indenture or (iii) do not relate to any Indebtedness, and that do not, individually or in the aggregate, detract from the value of property or assets of the Company or any Restricted Subsidiary in any manner material to the Company or any Restricted Subsidiary;
 - (e) with respect to a Restricted Subsidiary (other than the Parent and the Issuer) and imposed pursuant to an agreement that has been entered into for the sale or disposition of all or substantially all of the Capital Stock of, or property and assets of, such Restricted Subsidiary that is permitted by the covenants entitled “— Limitation on Sales and Issuances of Capital Stock in Restricted Subsidiaries,” “— Limitation on Indebtedness and Preferred Stock” and “— Limitation on Asset Sales;”
 - (f) with respect to any Restricted Subsidiary and imposed pursuant to an agreement that has been entered into for the Incurrence of Indebtedness or issuance of Preferred Stock of the type described under clause (2)(h), (2)(n), (2)(o), (2)(p), (2)(q), (2)(r), (2)(s), (2)(t), (2)(u) or 2(v) of the covenant entitled “— Limitation on Indebtedness and Preferred Stock” if the encumbrances or restrictions are (i) customary for such types of agreements and (ii) would not, at the time agreed to, be expected to materially and adversely affect (w) the ability of the Company to honor its commitments under the Keepwell and EIPU, (x) the ability of the Issuer to make the required payments on the Notes, (y) the Parent to make required payments under its Parent Guarantee, or (z) any

Subsidiary Guarantor or JV Subsidiary Guarantor to make required payments under its Subsidiary Guarantee or JV Subsidiary Guarantee; *provided* that the encumbrances and restrictions in any such extension, refinancing, renewal or replacement, taken as a whole, are no more restrictive in any material respect to the Holders than those encumbrances or restrictions that are then in effect and that are being extended, refinanced, renewed or replaced, *provided* further that, the Board of Directors is empowered to determine as to whether the conditions set forth in clauses (i) and (ii) are met, which determination shall be conclusive if evidenced by a Board Resolution;

- (g) existing in customary provisions in joint venture agreements and other similar agreements permitted under the Indenture, to the extent such encumbrance or restriction relates to the activities or assets of a Restricted Subsidiary that is a party to such joint venture and if (i) the encumbrances or restrictions are customary for a joint venture or similar agreement of that type and (ii) the encumbrances or restrictions would not, at the time agreed to, be expected to materially and adversely affect (w) the ability of the Company to honor its commitments under the Keepwell and EIPU, (x) the ability of the Issuer to make the required payments on the Notes, (y) the Parent to make required payments under its Parent Guarantee, or (z) any Subsidiary Guarantor or JV Subsidiary Guarantor to make required payments under its Subsidiary Guarantee or JV Subsidiary Guarantee, *provided* further that, the Board of Directors is empowered to determine as to whether of the conditions set forth in clauses (i) and (ii) are met, which determination shall be conclusive if evidenced by a Board Resolution; or
- (h) existing with respect to any Unrestricted Subsidiary or the property or assets of such Unrestricted Subsidiary that is designated as a Restricted Subsidiary in accordance with the terms of the Indenture at the time of such designation and not incurred in contemplation of such designation, which encumbrances or restrictions are not applicable to any Person or the property or assets of any Person other than such Subsidiary or its subsidiaries or the property or assets of such Subsidiary or its subsidiaries, and any extensions, refinancing, renewals or replacements thereof; *provided* that the encumbrances and restrictions in any such extension, refinancing, renewal or replacement, taken as a whole, are no more restrictive in any material respect to the Holders than those encumbrances or restrictions that are then in effect and that are being extended, refinanced, renewed or replaced.

Limitation on Sales and Issuances of Capital Stock in Restricted Subsidiaries

The Company will not sell, and will not permit any Restricted Subsidiary, directly or indirectly, to issue or sell any shares of Capital Stock of a Restricted Subsidiary (including options, warrants or other rights to purchase shares of such Capital Stock) except:

- (1) to the Company or a Wholly Owned Restricted Subsidiary, or in the case of a Restricted Subsidiary that is not a Wholly Owned Restricted Subsidiary, pro rata to its shareholders or incorporators;
- (2) to the extent such Capital Stock represents director's qualifying shares or is required by applicable law to be held by a Person other than the Company or a Wholly Owned Restricted Subsidiary;
- (3) for the issuance or sale of the Capital Stock of a Restricted Subsidiary (other than the Parent and the Issuer) if, immediately after giving effect to such issuance or sale, such Restricted Subsidiary would no longer constitute a Restricted Subsidiary and any remaining Investment in such Person would have been permitted to be made under the "— Limitation on Restricted Payments" covenant if made on the date of such issuance or sale and *provided* that the

Company complies with the “— Limitation on Asset Sales” covenant; *provided* that, paragraph (18)(b) of the definition of “Permitted Investments” shall not apply if such Investment would otherwise have been permitted under paragraph (18) of such definition; and

- (4) the issuance or sale of Capital Stock of a Restricted Subsidiary (other than the Parent and the Issuer) (which remains a Restricted Subsidiary after any such issuance or sale); *provided* that the Company or such Restricted Subsidiary applies the Net Cash Proceeds of such issuance or sale in accordance with the covenant entitled “— Limitation on Asset Sales.”

Limitation on Issuances of Guarantees by Restricted Subsidiaries

The Company will not permit any Restricted Subsidiary which is not the Parent, the Issuer, a Subsidiary Guarantor or a JV Subsidiary Guarantor, directly or indirectly, to Guarantee any Indebtedness (“**Guaranteed Indebtedness**”) of the Company, the Parent, Issuer or any Subsidiary Guarantor, unless (1) (a) such Restricted Subsidiary, simultaneously executes and delivers a supplemental indenture to the Indenture providing for an unsubordinated Subsidiary Guarantee (in the case of a Subsidiary Guarantor) or JV Subsidiary Guarantee (in the case of a JV Subsidiary Guarantor) of payment of the Notes by such Restricted Subsidiary and (b) such Restricted Subsidiary waives, and will not in any manner whatsoever claim or take the benefit or advantage of, any rights of reimbursement, indemnity or subrogation or any other rights against the Company or any other Restricted Subsidiary as a result of any payment by such Restricted Subsidiary under its Subsidiary Guarantee or JV Subsidiary Guarantee, as the case may be, until the Notes have been paid in full, (2) such Guarantee is permitted by clauses (2)(d) or (s) (in the case of clause (2)(s), with respect to the Guarantee provided by the Company or any Restricted Subsidiary through the pledge of one or more bank accounts or deposits to secure (or the use of any Guarantee or letter of credit or similar instruments to Guarantee) any Bank Deposit Secured Indebtedness), under the caption “— Limitation on Indebtedness and Preferred Stock” or (3) such Restricted Subsidiary is incorporated in the PRC.

If the Guaranteed Indebtedness (1) ranks *pari passu* in right of payment with the Notes, the Parent Guarantee, any Subsidiary Guarantee or any JV Subsidiary Guarantee, then the Guarantee of such Guaranteed Indebtedness shall rank *pari passu* in right of payment with, or subordinated to, the Parent Guarantee, the Subsidiary Guarantee or the JV Subsidiary Guarantee, as the case may be, or (2) is subordinated in right of payment to the Notes, the Parent Guarantee, any Subsidiary Guarantee or any JV Subsidiary Guarantee, then the Guarantee of such Guaranteed Indebtedness shall be subordinated in right of payment to the Parent Guarantee, the Subsidiary Guarantee or the JV Subsidiary Guarantee, as the case may be, at least to the extent that the Guaranteed Indebtedness is subordinated to the Notes, the Parent Guarantee, the Subsidiary Guarantee or the JV Subsidiary Guarantee.

The Company will not permit any JV Subsidiary Guarantor, directly or indirectly, to guarantee any Indebtedness of the Company or any other Restricted Subsidiary unless the aggregate claims of the creditor under such guarantee will be limited to the JV Entitlement Amount, which, absent manifest error, may be conclusively evidenced by an Officers’ Certificate from the Company certifying to that effect. The Trustee is fully protected in relying on such an Officers’ Certificate with respect to such guarantee given by the relevant JV Subsidiary Guarantor. If any JV Subsidiary Guarantor guarantees any Indebtedness of the Company or any other Restricted Subsidiary where the aggregate claims of the creditor under such guarantee exceeds the JV Entitlement Amount, such JV Subsidiary Guarantee shall be replaced with a Subsidiary Guarantee given by a Subsidiary Guarantor.

Limitation on Transactions with Shareholders and Affiliates

The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly, enter into, renew or extend any transaction or arrangement (including, without limitation, the purchase, sale, lease or exchange of property or assets, or the rendering of any service) with (x) any holder (or any Affiliate of such holder) of 10% or more of any class of Capital Stock of the Company or (y) any Affiliate of the Company (each an “**Affiliate Transaction**”), unless:

- (1) the Affiliate Transaction is on fair and reasonable terms that are no less favorable to the Company or the relevant Restricted Subsidiary, as the case may be, than those that would have been obtained in a comparable transaction by the Company or the relevant Restricted Subsidiary with a Person that is not an Affiliate of the Company or such Restricted Subsidiary; and
- (2) the Company delivers to the Trustee:
 - (a) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of US\$25.0 million (or the Dollar Equivalent thereof), a Board Resolution set forth in an Officers’ Certificate certifying that such Affiliate Transaction complies with this covenant and such Affiliate Transaction has been approved by a majority of the disinterested members of the Board of Directors; and
 - (b) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of US\$50.0 million (or the Dollar Equivalent thereof), in addition to the Board Resolution required in clause 2(a) above, an opinion as to the fairness to the Company or such Restricted Subsidiary, as the case may be, of such Affiliate Transaction from a financial point of view issued by an accounting, appraisal or investment banking firm of recognized international standing.

The foregoing limitation does not limit, and shall not apply to:

- (1) the payment of reasonable and customary regular fees and other compensation for the service as board members to directors of the Company or any Restricted Subsidiary who are not employees of the Company or any Restricted Subsidiary;
- (2) transactions between or among the Company and any Wholly Owned Restricted Subsidiary or between or among Wholly Owned Restricted Subsidiaries;
- (3) any Restricted Payment of the type described in clause (1), (2) or (3) of the first paragraph of the covenant entitled “— Limitation on Restricted Payments” if permitted by that covenant;
- (4) any sale of Capital Stock (other than Disqualified Stock) of the Company;
- (5) the payment of compensation to officers and directors of the Company or any Restricted Subsidiary pursuant to an employee stock or share option scheme, so long as such scheme is in compliance with the listing rules of The Stock Exchange of Hong Kong Limited if the Company were listed on The Stock Exchange of Hong Kong Limited, which as of the Original Issue Date require a majority shareholder approval for any such scheme;
- (6) any purchase of Capital Stock of the type specified in clause (9), (10) or (11) of the second paragraph of the covenant entitled “— Limitation on Restricted Payments;” and

- (7) any repurchase, redemption or other acquisition or retirement for value of any Capital Stock of the Company or any Restricted Subsidiary pursuant to clause (12) of the second paragraph of the covenant entitled “— Limitation on Restricted Payments.”

In addition, the requirements of clause (2) of the first paragraph of this covenant shall not apply to (i) Investments (including Permitted Investments that are permitted under paragraph (18) of the definition of “Permitted Investments” but otherwise excluding any other Permitted Investments) not prohibited by the “Limitation on Restricted Payments” covenant, (ii) transactions pursuant to agreements in effect on the Original Issue Date and described in this offering memorandum, or any amendment or modification or replacement thereof, so long as such amendment, modification or replacement is not more disadvantageous to the Company and the Restricted Subsidiaries than the original agreement in effect on the Original Issue Date, and (iii) any transaction between or among any of the Company, any Wholly Owned Restricted Subsidiary and any Restricted Subsidiary that is not a Wholly Owned Restricted Subsidiary or between or among the Company or a Restricted Subsidiary on the one part and a Jointly Controlled Entity, an Associate or an Unrestricted Subsidiary on the other part; *provided* that in the case of clause (iii), (a) such transaction is entered into in the ordinary course of business, (b) in the case of a transaction with a Restricted Subsidiary that is not a Wholly Owned Restricted Subsidiary, none of the minority shareholders or minority partners of or in such Restricted Subsidiary (other than those that beneficially own in the aggregate no more than 10% of the Capital Stock of such Restricted Subsidiary) is a Person described in clause (x) or (y) of the first paragraph of this covenant (other than by reason of such minority shareholder or minority partner being an officer or director of such Restricted Subsidiary or being a Subsidiary of the Company), or (c) in the case of a transaction with a Jointly Controlled Entity, an Associate or an Unrestricted Subsidiary, none of the shareholders or partners (other than the Company or a Restricted Subsidiary) of such Jointly Controlled Entity, Associate or Unrestricted Subsidiary (other than shareholders or partners that beneficially own in the aggregate no more than 10% of the Capital Stock of such Jointly Controlled Entity, Associate or Unrestricted Subsidiary) is a Person described in clause (x) or (y) of the first paragraph of this covenant (other than by reason of such shareholder or partner being a director or officer of such Jointly Controlled Entity, Associate or Unrestricted Subsidiary or by reason of being a Subsidiary, Jointly Controlled Entity or Associate of the Company).

In addition, for so long as Evergrande has any outstanding high yield debt securities (the terms of which contain a customary restriction on transactions with shareholders and affiliates), the requirements of clause (2) of the first paragraph of this covenant shall not apply to transactions between the Company or any Restricted Subsidiary on the one hand and Evergrande or any Subsidiary of Evergrande on the other hand (“**Intra-Evergrande Affiliate Transactions**”), *provided* that (x) either (i) the listing rules of The Hong Kong Stock Exchange are applicable to Evergrande and its Subsidiaries, (ii) the listing rules of the Shanghai Stock Exchange are applicable to the Company and the Restricted Subsidiaries, or (iii) the listing rules of the Shenzhen Stock Exchange are applicable to the Company and the Restricted Subsidiaries; and (y) such transactions comply in all respects with all applicable listing rules described in clause (x).

Limitation on Liens

The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly, incur, assume or permit to exist any Lien on the Capital Stock of the Parent, the Issuer, any Subsidiary Guarantor or JV Subsidiary Guarantor (other than paragraph (1) of the definition of “Permitted Liens”), unless the Notes are equally and ratably secured by such Lien.

The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly, incur, assume or permit to exist any Lien of any nature whatsoever on any of its assets or properties of any kind, whether owned at the Original Issue Date or thereafter acquired, except Permitted Liens, unless the Notes are equally and ratably secured by such Lien.

Limitation on Sale and Leaseback Transactions

The Company will not, and will not permit any Restricted Subsidiary to, enter into any Sale and Leaseback Transaction; *provided* that the Company or any Restricted Subsidiary may enter into a Sale and Leaseback Transaction if:

- (1) the Company or any Restricted Subsidiary could have (a) Incurred Indebtedness in an amount equal to the Attributable Indebtedness relating to such Sale and Leaseback Transaction under the covenant entitled “— Limitation on Indebtedness and Preferred Stock” and (b) Incurred a Lien to secure such Indebtedness pursuant to the covenant entitled “— Limitation on Liens,” in which case, the corresponding Indebtedness and Lien will be deemed Incurred pursuant to those provisions;
- (2) the gross cash proceeds of that Sale and Leaseback Transaction are at least equal to the Fair Market Value of the property that is the subject of such Sale and Leaseback Transaction; and
- (3) the transfer of assets in that Sale and Leaseback Transaction is permitted by, and the Company or such Restricted Subsidiary applies the proceeds of such transaction in compliance with, the covenant entitled “— Limitation on Asset Sales.”

Limitation on Asset Sales

The Company will not, and will not permit any Restricted Subsidiary to, consummate any Asset Sale, unless:

- (1) no Default shall have occurred and be continuing or would occur as a result of such Asset Sale;
- (2) the consideration received by the Company or such Restricted Subsidiary, as the case may be, is at least equal to the Fair Market Value of the assets sold or disposed of; and
- (3) at least 75% of the consideration received consists of cash, Temporary Cash Investments or Replacement Assets; *provided* that in the case of an Asset Sale in which the Company or such Restricted Subsidiary receives Replacement Assets involving aggregate consideration in excess of US\$50.0 million (or the Dollar Equivalent thereof), the Company shall deliver to the Trustee an opinion as to the fairness to the Company or such Restricted Subsidiary of such Asset Sale from a financial point of view issued by an accounting, appraisal or investment banking firm of international standing. For purposes of this provision, each of the following will be deemed to be cash:
 - (a) any liabilities, as shown on the Company’s most recent consolidated balance sheet, of the Company or any Restricted Subsidiary (other than contingent liabilities and liabilities that are by their terms subordinated to the Notes or any Subsidiary Guarantee or any JV Subsidiary Guarantee or the obligations under the Keepwell and the EIPU) that are assumed by the transferee of any such assets pursuant to a customary assumption, assignment, novation or similar agreement that releases the Company or such Restricted Subsidiary, as the case may be, from further liability; and
 - (b) any securities, notes or other obligations received by the Company or any Restricted Subsidiary from such transferee that are promptly, but in any event within 30 days of closing, converted by the Company or such Restricted Subsidiary, as the case may be, into cash, to the extent of the cash received in that conversion,

provided that clauses (1), (2) and (3) above shall not apply to any Asset Sale to any Person that will, upon the consummation of such Asset Sale, become a Restricted Subsidiary.

Within 360 days after the receipt of any Net Cash Proceeds from an Asset Sale, the Company (or any Restricted Subsidiary) may apply such Net Cash Proceeds to:

- (1) permanently repay Senior Indebtedness of the Parent, the Issuer or a Subsidiary Guarantor or any Indebtedness of a Restricted Subsidiary that is not the Parent, the Issuer or a Subsidiary Guarantor (and, if such Senior Indebtedness repaid is revolving credit Indebtedness, to correspondingly reduce commitments with respect thereto) in each case owing to a Person other than the Company or a Restricted Subsidiary; or
- (2) acquire properties and assets that replace the properties and assets that were the subject of such Asset Sale or Replacement Assets.

Pending application of such Net Cash Proceeds as set forth in clause (1) or (2) above, the Company may make an Investment in cash or Temporary Cash Investments.

Any Net Cash Proceeds from Asset Sales that are not applied or invested as provided in clauses (1) and (2) in the immediately preceding paragraph will constitute “**Excess Proceeds**.” Excess Proceeds of less than US\$10.0 million (or the Dollar Equivalent thereof) will be carried forward and accumulated. When accumulated Excess Proceeds exceed US\$10.0 million (or the Dollar Equivalent thereof), within 10 days thereof, the Issuer or the Parent must make an Offer to Purchase Notes having a principal amount equal to:

- (1) accumulated Excess Proceeds, multiplied by
- (2) a fraction (x) the numerator of which is equal to the outstanding principal amount of the Notes and (y) the denominator of which is equal to the outstanding principal amount of the Notes and all *pari passu* Indebtedness similarly required to be repaid, redeemed or tendered for in connection with the related Asset Sales, rounded down to the nearest US\$1,000.

The offer price in any Offer to Purchase will be equal to 100% of the principal amount plus accrued and unpaid interest to the date of purchase, and will be payable in cash.

If any Excess Proceeds remain after consummation of an Offer to Purchase, the Company may use those Excess Proceeds for any purpose not otherwise prohibited by the Indenture. If the aggregate principal amount of Notes (and any other *pari passu* Indebtedness) tendered in such Offer to Purchase exceeds the amount of Excess Proceeds, the Notes (and such other *pari passu* Indebtedness) will be purchased by the Company on a pro rata basis. Upon completion of each Offer to Purchase, the amount of Excess Proceeds will be reset at zero.

Use of Proceeds

The Company will not, and will not permit any Restricted Subsidiary to, use the net proceeds (if any) from the sale of the Notes, in any amount, for any purpose other than (1) as specified under the caption “Use of Proceeds” in this offering memorandum (or in the case of any Additional Notes, the offering document relating to the sale of such Additional Notes) and (2) pending the application of all of such net proceeds in such manner, to invest the portion of such net proceeds not yet so applied in Temporary Cash Investments.

Designation of Restricted and Unrestricted Subsidiaries

The Board of Directors may designate any Restricted Subsidiary (other than the Parent and the Issuer) to be an Unrestricted Subsidiary; *provided* that (1) no Default shall have occurred and be continuing at the time of or after giving effect to such designation; (2) neither the Company, the Parent, the Issuer, any Subsidiary Guarantor nor any JV Subsidiary Guarantor provides credit support (other than any Guarantee in compliance with clause (6) below) for the Indebtedness of such Restricted Subsidiary; (3) such Restricted Subsidiary has no outstanding Indebtedness that could trigger a cross-default to the Indebtedness of the Company, the Parent or Issuer at the time of the designation; (4) such Restricted Subsidiary does not own any Disqualified Stock of the Company or Disqualified Stock or Preferred Stock of another Restricted Subsidiary or hold any Indebtedness of, or any Lien on any property of, the Company or any Restricted Subsidiary, if such Disqualified or Preferred Stock or Indebtedness could not be Incurred under the covenant entitled “— Limitation on Indebtedness and Preferred Stock” or such Lien would violate the covenant entitled “— Limitation on Liens;” (5) such Restricted Subsidiary does not own any Voting Stock of another Restricted Subsidiary, and all of its Subsidiaries are Unrestricted Subsidiaries or are being concurrently designated to be Unrestricted Subsidiaries in accordance with this paragraph; and (6) the Investment deemed to have been made thereby in such newly-designated Unrestricted Subsidiary and each other newly-designated Unrestricted Subsidiary being concurrently redesignated would be permitted to be made by the covenant entitled “—Limitation on Restricted Payments.”

The Board of Directors may designate any Unrestricted Subsidiary to be a Restricted Subsidiary; *provided* that (1) no Default shall have occurred and be continuing at the time of or after giving effect to such designation; (2) any Indebtedness of such Unrestricted Subsidiary outstanding at the time of such designation which will be deemed to have been Incurred by such newly designated Restricted Subsidiary as a result of such designation would be permitted to be Incurred by the covenant entitled “— Limitation on Indebtedness and Preferred Stock;” (3) any Lien on the property of such Unrestricted Subsidiary at the time of such designation which will be deemed to have been incurred by such newly-designated Restricted Subsidiary as a result of such designation would be permitted to be incurred by the covenant entitled “— Limitation on Liens;” (4) such Unrestricted Subsidiary is not a Subsidiary of another Unrestricted Subsidiary (that is not concurrently being designated as a Restricted Subsidiary); and (5) if such Restricted Subsidiary is not organized under the laws of the PRC, such Restricted Subsidiary shall upon such designation execute and deliver to the Trustee a supplemental indenture to the Indenture by which such Restricted Subsidiary shall become a Subsidiary Guarantor or a JV Subsidiary Guarantor to the extent required under the section entitled “-The Parent Guarantee, the Subsidiary Guarantees and the JV Subsidiary Guarantees.”

Government Approvals and Licenses; Compliance with Law

The Company will, and will cause each Restricted Subsidiary to, (1) obtain and maintain in full force and effect all governmental approvals, authorizations, consents, permits, concessions and licenses as are necessary to engage in the business of the Company or any Restricted Subsidiary; (2) preserve and maintain good and valid title to its properties and assets (including land-use rights) free and clear of any Liens other than Permitted Liens; and (3) comply with all laws, regulations, orders, judgments and decrees of any governmental body, except to the extent that failure so to obtain, maintain, preserve and comply with would not reasonably be expected to have a material adverse effect on (a) the business, results of operations or prospects of the Company and the Restricted Subsidiaries, taken as a whole, or (b) the ability of the Company, the Parent, the Issuer or any Subsidiary Guarantor or any JV Subsidiary Guarantor to perform its obligations under the Notes, the Parent Guarantee, the relevant Subsidiary Guarantee, the relevant JV Subsidiary Guarantee, the Indenture or the Keepwell and the EIPU.

Anti-Layering

The Parent will not Incur, and will not permit the Issuer or any Subsidiary Guarantor or JV Subsidiary Guarantor to Incur, any Indebtedness if such Indebtedness is contractually subordinated in right of payment to any other Indebtedness of the Parent, the Issuer, such Subsidiary Guarantor or such JV Subsidiary Guarantor, as the case may be, unless such Indebtedness is also contractually subordinated in right of payment to the Parent Guarantee, the Notes, the applicable Subsidiary Guarantee or the applicable JV Subsidiary Guarantee, on substantially identical terms. This does not apply to distinctions between categories of Indebtedness that exist by reason of any Liens or Guarantees securing or in favor of some but not all of such Indebtedness.

Suspension of Certain Covenants

If, on any date following the date of the Original Issue Date, the Notes have a rating of Investment Grade from the two Rating Agencies and no Default has occurred and is continuing (a “**Suspension Event**”), then, beginning on that day and continuing until such time, if any, at which the Notes cease to have a rating of Investment Grade from at least one of the two Rating Agencies, the provisions of the Indenture summarized under the following sections will be suspended:

- (1) “— Certain Covenants — Limitation on Indebtedness and Preferred Stock;”
- (2) “— Certain Covenants — Limitation on Restricted Payments;”
- (3) “— Certain Covenants — Limitation on Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries;”
- (4) “— Certain Covenants — Limitation on Sales and Issuances of Capital Stock in Restricted Subsidiaries;”
- (5) “— Certain Covenants — Limitation on Issuances of Guarantees by Restricted Subsidiaries;”
- (6) “— Certain Covenants — Limitation on Sale and Leaseback Transactions;”
- (7) “— Certain Covenants — Limitation on Asset Sales;”
- (8) “— Certain Covenants — Limitation on the Company’s Business Activities;” and
- (9) the requirements under clauses (3) and (4) of the first, second and third paragraphs under “— Certain Covenants — Consolidation, Merger and Sale of Assets.”

During any period that the foregoing covenants have been suspended, the Board of Directors may not designate any of the Restricted Subsidiaries as Unrestricted Subsidiaries pursuant to the covenant summarized under the section entitled “— Certain Covenants — Designation of Restricted and Unrestricted Subsidiaries” or the definition of “Unrestricted Subsidiary.”

Such covenants will be reinstituted and apply according to their terms as of and from the first day on which a Suspension Event ceases to be in effect. Such covenants will not, however, be of any effect with regard to actions of the Company or any Restricted Subsidiary properly taken in compliance with the provisions of the Indenture during the continuance of the Suspension Event, and following reinstatement the calculations under the covenant summarized under the section entitled “— Certain Covenants — Limitation on Restricted Payments” will be made as if such covenant had been in effect since the Original Issue Date except that no Default will be deemed to have occurred solely by reason of a Restricted Payment made while that covenant was suspended. There can be no assurance that the Notes will ever achieve a rating of Investment Grade or that any such rating will be maintained.

Provision of Financial Statements and Reports

- (1) So long as any of the Notes remains outstanding, the Company will file with the Trustee and furnish to the Holders upon request:
 - (a) as soon as they are available, but in any event within 130 calendar days after the end of the fiscal year of the Company, copies of its financial statements (on a consolidated basis) in the English language, in respect of such financial year (including a statement of income, balance sheet and cash flow statement) audited by a member firm of an internationally recognized firm of independent accountants;
 - (b) as soon as they are available, but in any event within 130 calendar days after the end of the second financial quarter of the Company, copies of its statement of income, balance sheet and cash flow statement (on a consolidated basis) in the English language, in respect of such half-year period reviewed by a member firm of an internationally recognized firm of independent accountants; and
 - (c) as soon as they are available, but in any event within 130 calendar days after the end of the fiscal year of the Parent, copies of its financial statements (on a consolidated basis) in the English language, in respect of such financial year (including a statement of income, balance sheet and cash flow statement) audited by a member firm of an internationally recognized firm of independent accountants;

provided that, if the A-Share Listco, the Parent, the Issuer and the Trustee enter into a keepwell and equity interest purchase undertaking in favor of the Trustee on behalf of the Holders and substantially similar to the Keepwell and EIPU, the Company may comply with sub-clauses (a) and (b) above by providing such information in respect of the A-Share Listco in lieu of the Company; *provided further* that the Trustee may enter into such new keepwell and equity interest purchase undertaking at the request of the Company and shall not require the consent of the Holders to do so.

- (3) In addition, so long as any of the Notes remains outstanding, the Company will provide to the Trustee (a) within 120 days after the close of each fiscal year ending after the Original Issue Date, an Officers' Certificate stating the Fixed Charge Coverage Ratio with respect to such fiscal year and showing in reasonable detail the calculation of the Fixed Charge Coverage Ratio, including the arithmetic computations of each component of the Fixed Charge Coverage Ratio, with a certificate from the Company's external auditors verifying the accuracy of the calculation and arithmetic computation; *provided* that the Company shall not be required to provide such auditor certification if its external auditors refuse to provide such certification as a result of a firm policy of such external auditors not to provide such certification for any issuer; and (b) as soon as possible and in any event within 30 days after the Company becomes aware or should reasonably become aware of the occurrence of a Default, an Officers' Certificate setting forth the details of the Default, and the action which the Company proposes to take with respect thereto.

Limitation on the Company's Business Activities

The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly, engage in any business other than Permitted Businesses; *provided* that the Company or any Restricted Subsidiary may own Capital Stock of an Unrestricted Subsidiary or joint venture or other entity that is engaged in a business other than Permitted Businesses as long as any Investment therein was not prohibited under the "— Limitation on Restricted Payments" covenant and, with respect to the Issuer, under the "— Limitation on the Issuer's Business Activities."

Limitation on the Issuer's Business Activities

The Issuer will not engage in any business activity or undertake any other activity, except any activity relating to: (a) the offering, sale or issuance of the Notes (including any Additional Notes) and the Incurrence of Indebtedness represented by the Notes (including any Additional Notes), subject to compliance with the Indenture; (b) the offering, sale or issuance of other Indebtedness permitted by the Indenture and the Incurrence of Indebtedness represented by such Indebtedness and the granting of any Lien in connection therewith, subject to compliance with the Indenture; (c) the fulfillment of any obligations under the Indenture, any Indebtedness referred to in clause (a) or (b) above or any other any document relating to the Indebtedness referred to in clause (a) or (b) above or for the purposes of any consent solicitation, tender offer or exchange offer for such Indebtedness or the listing, redemption, refinancing or discharge of such Indebtedness; (d) the ownership of cash and cash equivalents; (f) Hedging Obligations for itself; (g) the maintenance of its corporate existence; (h) the establishment and/or maintenance of any employment agreements, incentive plans or other benefit plans for its employees; and (i) the offering, sale or issuance of its Capital Stock to the Parent or the Company.

The Issuer will not (a) issue any Capital Stock other than the issuance of its ordinary shares to the Parent or the Company or (b) acquire or receive any property or assets (including, without limitation, any Capital Stock or Indebtedness of any Person), other than (y) any future intercompany Indebtedness owed by the Parent, the Company or any Restricted Subsidiary to the Issuer in respect of the borrowing of the gross proceeds of the issuance of Indebtedness by the Issuer or payments in respect thereof or (z) cash for ongoing corporate activities of the Issuer described in the preceding paragraph.

Events of Default

The following events will be defined as “**Events of Default**” in the Indenture:

- (1) default in the payment of principal of (or premium, if any, on) the Notes when the same becomes due and payable at maturity, upon acceleration, redemption or otherwise;
- (2) default in the payment of interest on any Note when the same becomes due and payable, and such default continues for a period of 30 consecutive days;
- (3) default in the performance or breach of the provisions of the covenant entitled “— Consolidation, Merger and Sale of Assets” or the failure by the Issuer or the Parent to make or consummate an Offer to Purchase in the manner described under the section entitled “— Repurchase of Notes upon a Change of Control Triggering Event” or “— Certain Covenants — Limitation on Asset Sales;”
- (4) the Company or any Restricted Subsidiary defaults in the performance of or breaches any other covenant or agreement in the Indenture, the Parent Guarantee, the Subsidiary Guarantees, the Keepwell and EIPU or under the Notes (other than a default specified in clause (1) or (2) above) and such default or breach continues for a period of 30 consecutive days after written notice by the Trustee or the Holders of 25% or more in aggregate principal amount of the Notes;
- (5) there occurs with respect to any Indebtedness of the Company or any Restricted Subsidiary having an outstanding principal amount of US\$20.0 million (or the Dollar Equivalent thereof) or more in the aggregate for all such Indebtedness of all such Persons, whether such Indebtedness now exists or shall hereafter be created, (a) an event of default that has caused the holder thereof to declare such Indebtedness to be due and payable prior to its Stated Maturity and/or (b) a failure to make a principal payment when due;

- (6) one or more final judgments or orders for the payment of money are rendered against the Company or any Restricted Subsidiary and are not paid or discharged, and there is a period of 60 consecutive days following entry of the final judgment or order that causes the aggregate amount for all such final judgments or orders outstanding and not paid or discharged against all such Persons to exceed US\$20.0 million (in excess of amounts which the Company's insurance carriers have agreed to pay under applicable policies) during which a stay of enforcement, by reason of a pending appeal or otherwise, is not in effect;
- (7) an involuntary case or other proceeding is commenced against the Company or any Significant Subsidiary with respect to it or its debts under any applicable bankruptcy, insolvency or other similar law now or hereafter in effect seeking the appointment of a receiver, liquidator, assignee, custodian, trustee, sequestrator or similar official of the Company or any Significant Subsidiary or for any substantial part of the property and assets of the Company or any Significant Subsidiary and such involuntary case or other proceeding remains undismissed and unstayed for a period of 60 consecutive days; or an order for relief is entered against the Company or any Significant Subsidiary under any applicable bankruptcy, insolvency or other similar law as now or hereafter in effect;
- (8) the Company or any Significant Subsidiary (a) commences a voluntary case under any applicable bankruptcy, insolvency or other similar law now or hereafter in effect, or consents to the entry of an order for relief in an involuntary case under any such law, (b) consents to the appointment of or taking possession by a receiver, liquidator, assignee, custodian, trustee, sequestrator or similar official of the Company or any Significant Subsidiary or for all or substantially all of the property and assets of the Company or any Significant Subsidiary or (c) effects any general assignment for the benefit of creditors (other than, in each case under (b), any of the foregoing that arises from any solvent liquidation or restructuring of a Significant Subsidiary in the ordinary course of business that shall result in the net assets of such Significant Subsidiary being transferred to or otherwise vested in the Company or any Restricted Subsidiary on a pro rata basis or on a basis more favorable to the Company); and
- (9) the Company, the Parent, any Subsidiary Guarantor or any JV Subsidiary Guarantor denies or disaffirms its obligations under the Keepwell and EIPU, the Parent Guarantee, the relevant Subsidiary Guarantee or the relevant JV Subsidiary Guarantee (as the case may be) or, except as permitted by the Indenture, the Keepwell and EIPU, the Parent Guarantee, any Subsidiary Guarantee or any JV Subsidiary Guarantee is determined to be unenforceable or invalid or shall for any reason cease to be in full force and effect.

If an Event of Default (other than an Event of Default specified in clause (7) or (8) above) occurs and is continuing under the Indenture, the Trustee or the Holders of at least 25% in aggregate principal amount of the Notes then outstanding, by written notice to the Issuer (and to the Trustee if such notice is given by the Holders), may, and the Trustee at the written request of such Holders shall (subject to being indemnified and/or secured to its satisfaction), declare the principal of, premium, if any, and accrued and unpaid interest on the Notes to be immediately due and payable. Upon a declaration of acceleration, such principal of, premium, if any, and accrued and unpaid interest shall be immediately due and payable. If an Event of Default specified in clause (7) or (8) above occurs with respect to the Company or any Significant Subsidiary, the principal of, premium, if any, and accrued and unpaid interest on the Notes then outstanding shall automatically become and be immediately due and payable without any declaration or other act on the part of the Trustee or any Holder.

The Holders of at least a majority in principal amount of the outstanding Notes by written notice to the Issuer and to the Trustee may on behalf of the Holders of the Notes waive all past defaults and rescind and annul a declaration of acceleration and its consequences if:

- (1) all existing Events of Default, other than the nonpayment of the principal of, premium, if any, and interest on the Notes that have become due solely by such declaration of acceleration, have been cured or waived, and
- (2) the rescission would not conflict with any judgment or decree of a court of competent jurisdiction.

Upon such waiver, the Default will cease to exist, and any Event of Default arising therefrom will be deemed to have been cured, but no such waiver will extend to any subsequent or other Default or impair any right consequent thereon.

The Holders of at least a majority in aggregate principal amount of the outstanding Notes may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee. However, the Trustee may refuse to follow any direction that conflicts with law or the Indenture, that may involve the Trustee in personal liability, or that the Trustee determines in good faith may be unduly prejudicial to the rights of Holders not joining in the giving of such direction and may take any other action it deems proper that is not inconsistent with any such written direction received from Holders. A Holder may not institute any proceeding, judicial or otherwise, with respect to the Indenture or the Notes, or for the appointment of a receiver or trustee, or for any other remedy under the Indenture or the Notes, unless:

- (1) the Holder has previously given the Trustee written notice of a continuing Event of Default;
- (2) the Holders of at least 25% in aggregate principal amount of outstanding Notes make a written request to the Trustee to pursue the remedy;
- (3) such Holder or Holders offer the Trustee indemnity and/or security satisfactory to the Trustee against any costs, liability or expense to be incurred in compliance with such written request;
- (4) the Trustee does not comply with the request within 60 days after receipt of the written request and the offer of indemnity and/or security; and
- (5) during such 60-day period, the Holders of a majority in aggregate principal amount of the outstanding Notes do not give the Trustee a written direction that is inconsistent with the request.

However, such limitations do not apply to the right of any Holder of a Note to receive payment of the principal of, premium, if any, or interest on, such Note, or to bring suit for the enforcement of any such payment, on or after the due date expressed in such Note, which right shall not be impaired or affected without the consent of the Holder.

Two officers of the Company must certify to the Trustee in writing, on or before a date not more than 120 days after the end of each fiscal year ending after the Original Issue Date, that a review has been conducted of the activities of the Company and the Restricted Subsidiaries and the Company's, the Parent's, the Issuer's and the Subsidiary Guarantors' performance under the Indenture, the Keepwell and EIPU and that the Company, the Parent, the Issuer and the Subsidiary Guarantors have fulfilled all obligations thereunder, or, if there has been a default in the fulfillment of any such obligation, specifying each such default and the nature and status thereof. The Company will also be obligated to notify the Trustee in writing of any default or defaults in the performance of any covenants or agreements under the Indenture. See the section entitled "— Certain Covenants — Provision of Financial Statements and Reports."

Consolidation, Merger and Sale of Assets

The Company will not consolidate with, merge with or into another Person, permit any Person to merge with or into it, or sell, convey, transfer, lease or otherwise dispose of all or substantially all of its Subsidiaries' (that are Restricted Subsidiaries) properties and assets (computed on a consolidated basis) (as an entirety or substantially an entirety in one transaction or a series of related transactions), unless:

- (1) the Company shall be the continuing Person;
- (2) immediately after giving effect to such transaction, no Default shall have occurred and be continuing;
- (3) immediately after giving effect to such transaction on a pro forma basis, the Company shall have a Consolidated Net Worth equal to or greater than the Consolidated Net Worth of the Company immediately prior to such transaction;
- (4) immediately after giving effect to such transaction on a pro forma basis the Company could Incur at least US\$1.00 of Indebtedness under the first paragraph of the covenant entitled "— Certain Covenants — Limitation on Indebtedness and Preferred Stock;"
- (5) the Company delivers to the Trustee (x) an Officers' Certificate (attaching the arithmetic computations to demonstrate compliance with clauses (3) and (4)) and (y) an Opinion of Counsel, in each case stating that such consolidation, merger or transfer and the relevant supplemental indenture complies with this provision and that all conditions precedent provided for in the Indenture relating to such transaction have been complied with; and
- (6) no Rating Decline shall have occurred.

Neither the Parent nor the Issuer will consolidate with, merge with or into another Person, permit any Person to merge with or into it, or sell, convey, transfer, lease or otherwise dispose of all or substantially all of its Subsidiaries' (that are Restricted Subsidiaries) properties and assets (computed on a consolidated basis) (as an entirety or substantially an entirety in one transaction or a series of related transactions), unless:

- (1) the Parent or the Issuer, as applicable, shall be the continuing Person;
- (2) immediately after giving effect to such transaction, no Default shall have occurred and be continuing;
- (3) immediately after giving effect to such transaction on a pro forma basis, the Company shall have a Consolidated Net Worth equal to or greater than the Consolidated Net Worth of the Company immediately prior to such transaction;
- (4) immediately after giving effect to such transaction on a pro forma basis the Company could Incur at least US\$1.00 of Indebtedness under the first paragraph of the covenant entitled "— Certain Covenants — Limitation on Indebtedness and Preferred Stock;"
- (5) the Company delivers to the Trustee (x) an Officers' Certificate (attaching the arithmetic computations to demonstrate compliance with clauses (3) and (4)) and (y) an Opinion of Counsel, in each case stating that such consolidation, merger or transfer complies with this provision and that all conditions precedent provided for in the Indenture relating to such transaction have been complied with; and
- (6) no Rating Decline shall have occurred.

No Subsidiary Guarantor or JV Subsidiary Guarantor will consolidate with, merge with or into another Person, permit any Person to merge with or into it, or sell, convey, transfer, lease or otherwise dispose of all or substantially all of its and its Subsidiaries' (that are Restricted Subsidiaries) properties and assets (computed on a consolidated basis) (as an entirety or substantially an entirety in one transaction or a series of related transactions) to another Person (other than the Parent, the Issuer or another Subsidiary Guarantor or, in the case of a JV Subsidiary Guarantor, other than to another JV Subsidiary Guarantor, the Parent, the Issuer or a Subsidiary Guarantor), unless:

- (1) such Subsidiary Guarantor or JV Subsidiary Guarantor shall be the continuing Person, or the Person (if other than it) formed by such consolidation or merger, or with or into which the Subsidiary Guarantor consolidated or merged, or that acquired or leased such property and assets shall be the Parent, the Issuer, another Subsidiary Guarantor or shall become a Subsidiary Guarantor concurrently with the transaction (or, in the case of a JV Subsidiary Guarantor, another JV Subsidiary Guarantor, the Parent, the Issuer or a Subsidiary Guarantor);
- (2) immediately after giving effect to such transaction, no Default shall have occurred and be continuing;
- (3) immediately after giving effect to such transaction on a pro forma basis, the Company shall have a Consolidated Net Worth equal to or greater than the Consolidated Net Worth of the Company immediately prior to such transaction;
- (4) immediately after giving effect to such transaction on a pro forma basis, the Company could Incur at least US\$1.00 of Indebtedness under the first paragraph of the covenant entitled "— Certain Covenants — Limitation on Indebtedness and Preferred Stock;"
- (5) the Company delivers to the Trustee (x) an Officers' Certificate (attaching the arithmetic computations to demonstrate compliance with clauses (3) and (4)) and (y) an Opinion of Counsel, in each case stating that such consolidation, merger or transfer and the relevant supplemental indenture complies with this provision and that all conditions precedent provided for in the Indenture relating to such transaction have been complied with; and
- (6) no Rating Decline shall have occurred;

provided that this paragraph shall not apply to any sale or other disposition that complies with the "— Certain Covenants — Limitation on Asset Sales" covenant or any Subsidiary Guarantor or JV Subsidiary Guarantor whose Subsidiary Guarantee or JV Subsidiary Guarantee, as the case may be, is unconditionally released in accordance with the provisions described under the section entitled "— The Parent Guarantee, the Subsidiary Guarantees and the JV Subsidiary Guarantees — Release of the Subsidiary Guarantees and JV Subsidiary Guarantees."

The foregoing requirements shall not apply to a consolidation or merger of any Subsidiary Guarantor or JV Subsidiary Guarantor with and into the Parent, the Issuer or any other Subsidiary Guarantor or JV Subsidiary Guarantor, so long as the Parent, the Issuer or such Subsidiary Guarantor or JV Subsidiary Guarantor survives such consolidation or merger.

Notwithstanding the foregoing, (i) the Company, the Parent, the Issuer and each Subsidiary Guarantor or JV Subsidiary Guarantor shall be permitted to sell, convey, transfer, lease or otherwise dispose of all or substantially all of its and Subsidiaries' (that are Restricted Subsidiaries) properties and assets (computed on a consolidated basis) (as an entirety or substantially an entirety in one transaction or a series of related transactions) to any Restricted Subsidiary or any Person that will, upon the consummation of such sale, conveyance, transfer, lease or disposal, become a Subsidiary Guarantor and (ii) for the avoidance of doubt, the provisions in this covenant entitled "Consolidation, Merger and Sale of Assets" shall not apply to transactions pursuant to or contemplated under the A-Share Listing.

Although there is a limited body of case law interpreting the phrase “substantially all,” there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve “all or substantially all” of the property or assets of a Person.

The foregoing provisions would not necessarily afford Holders protection in the event of highly-leveraged or other transactions involving the Company, which may adversely affect Holders.

No Payments for Consents

The Company will not, and shall not permit any of its Subsidiaries to, directly or indirectly, pay or cause to be paid any consideration, whether by way of interest, fee or otherwise, to any Holder for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the Indenture or the Notes unless such consideration is offered to be paid or is paid to all Holders that consent, waive or agree to amend such term or provision within the time period set forth in the solicitation documents relating to such consent, waiver or amendment. Notwithstanding the foregoing, the Company and its Subsidiaries shall be permitted, in any offer or payment of consideration for, or as an inducement to, any consent, waiver or amendment of any of the terms or provisions of the Indenture or the Notes, to exclude Holders in any jurisdiction where (A)(i) the solicitation of such consent, waiver or amendment in the manner deemed appropriate by the Company, (ii) the payment of the consideration therefor or (iii) the conduct or completion of a related offer to purchase or exchange the Notes for cash or other securities in the manner deemed appropriate by the Company would be prohibited or would require the Company or any of its Subsidiaries to (a) file a registration statement, prospectus or similar document or subject the Company or any of its Subsidiaries to ongoing periodic reporting or similar requirements under any securities laws (including, but not limited to, the United States federal securities laws and the laws of the European Union or its member states), or conduct a bondholder identification exercise to establish the availability of an exemption from registration under Rule 802 under the Securities Act, in each case which the Company in its sole discretion determines would be burdensome, (b) qualify as a foreign corporation or other entity or as a dealer in securities in such jurisdiction if it is not otherwise required to so qualify, (c) generally consent to service of process in any such jurisdiction or (d) subject the Company or any of its Subsidiaries to taxation in any such jurisdiction if it is not otherwise so subject; or (B) such solicitation would otherwise not be permitted under applicable law in such jurisdiction.

Defeasance

Defeasance and Discharge

The Indenture will provide that the Issuer will be deemed to have paid and will be discharged from any and all obligations in respect of the Notes on the 183rd day after the deposit referred to below, and the provisions of the Indenture will no longer be in effect with respect to the Notes (except for, among other matters, certain obligations to register the transfer or exchange of the Notes, to replace stolen, lost or mutilated Notes, to maintain paying agencies, to pay Additional Amounts and to hold monies for payment in trust) if, among other things:

- (1) the Issuer (a) has deposited with the Trustee, in trust, money and/or U.S. Government Obligations that through the payment of interest and principal in respect thereof in accordance with their terms will provide money in an amount sufficient to pay the principal of, premium, if any, and accrued interest on the Notes on the Stated Maturity for such payments in accordance with the terms of the Indenture and the Notes and (b) delivers to the Trustee an Opinion of Counsel or a certificate of an internationally recognized firm of independent accountants to the effect that the amount deposited by the Issuer is sufficient to provide payment for the principal of, premium, if any, and accrued interest on, the Notes on the Stated Maturity for such payment in accordance with the terms of the Indenture;

- (2) the Issuer has delivered to the Trustee an Opinion of Counsel of recognized international standing to the effect that the creation of the defeasance trust does not violate the U.S. Investment Company Act of 1940, as amended, and after the passage of 123 days following the deposit, the trust fund will not be subject to the effect of Section 547 of the United States Bankruptcy Code or Section 15 of the New York Debtor and Creditor Law;
- (3) the Company shall have delivered to the Trustee an Officers' Certificate stating that the deposit was not made by it or the Issuer with the intent of preferring the Holders over any other of its creditors or with the intent of defeating, hindering, delaying or defrauding any other of its creditors or others; and
- (4) immediately after giving effect to such deposit on a pro forma basis, no Event of Default, or event that after the giving of notice or lapse of time or both would become an Event of Default, shall have occurred and be continuing on the date of such deposit or during the period ending on the 183rd day after the date of such deposit, and such defeasance shall not result in a breach or violation of, or constitute a default under, any other agreement or instrument to which the Company or any Restricted Subsidiary is a party or by which the Company or any Restricted Subsidiary is bound.

In the case of either discharge or defeasance, the Subsidiary Guarantees and JV Subsidiary Guarantees will terminate.

Defeasance of Certain Covenants

The Indenture will further provide that (i) the provisions of the Indenture will no longer be in effect with respect to clauses (3), (4), (5)(x) and (7) under the first paragraph and clauses (3), (4), (5)(x) and (6) under the second paragraph under the section entitled “— Consolidation, Merger and Sale of Assets” and all the covenants described herein under the section entitled “— Certain Covenants,” other than as described under the sections entitled “— Certain Covenants — Government Approvals and Licenses; Compliance with Law” and “— Certain Covenants-Anti-Layering,” and (ii) clause (3) under “Events of Default” with respect to such clauses (3), (4), (5)(x) and (7) under the first paragraph and such clauses (3), (4), (5)(x) and (6) under the second paragraph under “— Consolidation, Merger and Sale of Assets” and with respect to such other events set forth in clause (i) above, clause (4) under “— Events of Default” with respect to such other covenants set forth in clause (i) above and clauses (5) and (6) under “— Events of Default” shall be deemed not to be Events of Default, upon, among other things, the deposit with the Trustee, in trust, of money, U.S. Government Obligations or a combination thereof that through the payment of interest and principal in respect thereof in accordance with their terms will provide money in an amount sufficient to pay the principal of, premium, if any, and accrued interest on the Notes on the Stated Maturity of such payments in accordance with the terms of the Indenture and the Notes, and the satisfaction of the provisions described in clause (2) of the preceding paragraph.

Defeasance and Certain Other Events of Default

In the event that the Issuer exercises its option to omit compliance with certain covenants and provisions of the Indenture with respect to the Notes as described in the immediately preceding paragraph and the Notes are declared due and payable because of the occurrence of an Event of Default that remains applicable, the amount of money and/or U.S. Government Obligations on deposit with the Trustee will be sufficient to pay amounts due on the Notes at the time of their Stated Maturity but may not be sufficient to pay amounts due on the Notes at the time of the acceleration resulting from such Event of Default. However the Issuer will remain liable for such payments.

Amendments and Waiver

Amendments Without Consent of Holders

The Indenture, the Notes, the Keepwell and EIPU, the Parent Guarantee, the Subsidiary Guarantees or the JV Subsidiary Guarantees (if any) may be amended, without notice to or the consent of any Holder, to:

- (1) cure any ambiguity, defect, omission or inconsistency in the Indenture, the Notes or the Keepwell and EIPU;
- (2) comply with the provisions described under the section entitled “-Consolidation, Merger and Sale of Assets;”
- (3) evidence and provide for the acceptance of appointment by a successor Trustee;
- (4) add any Subsidiary Guarantor or JV Subsidiary Guarantor, or any Subsidiary Guarantee or JV Subsidiary Guarantee or release any Subsidiary Guarantor or JV Subsidiary Guarantor from any Subsidiary Guarantee or JV Subsidiary Guarantee, as the case may be, as provided or permitted by the terms of the Indenture;
- (5) provide for the issuance of Additional Notes in accordance with the limitations set forth in the Indenture;
- (6) release the Keepwell and EIPU as provided or permitted by the terms of the Indenture;
- (7) add the A-Share Listco as a parent that Guarantees the Notes or add the Company as a Guarantor of the Notes as provided or permitted by the terms of the Indenture;
- (8) in any other case where a supplemental indenture to the Indenture is required or permitted to be entered into pursuant to the provisions of the Indenture without the consent of any Holder;
- (9) effect any changes to the Indenture in a manner necessary to comply with the procedures of the relevant clearing system;
- (10) add any collateral to secure the Notes, the Parent Guarantee and/or any Subsidiary Guarantee(s);
- (11) to conform the text of the Indenture, the Notes, the Parent Guarantee or the Subsidiary Guarantees to any provision of this “Description of 2023 Notes” to the extent that such provision in this “Description of 2023 Notes” was intended to be a verbatim recitation of a provision of the Indenture, the Notes, the Parent Guarantee or the Subsidiary Guarantees; or
- (12) make any other change that does not materially and adversely affect the rights of any Holder.

Amendments With Consent of Holders

Amendments of the Indenture, the Notes, the Keepwell and EIPU, the Parent Guarantee, the Subsidiary Guarantees or the JV Subsidiary Guarantees (if any) may be made by the Company, the Parent, the Issuer, the Subsidiary Guarantors, the JV Subsidiary Guarantors and the Trustee with the consent of the Holders of not less than a majority in aggregate principal amount of the outstanding Notes, and the holders of a majority in aggregate principal amount of the outstanding Notes may waive future compliance by the Company, the Parent, the Issuer, the Subsidiary Guarantors and the JV

Subsidiary Guarantors with any provision of the Indenture, the Notes, the Keepwell and EIPU, the Parent Guarantee, the Subsidiary Guarantees or the JV Subsidiary Guarantees; *provided*, however, that no such modification, amendment or waiver may, without the consent of each Holder affected thereby:

- (1) change the Stated Maturity of the principal of, or any installment of interest on, any Note;
- (2) reduce the principal amount of, or premium, if any, or interest on, any Note;
- (3) change the currency of payment of principal of, or premium, if any, or interest on, any Note;
- (4) impair the right to institute suit for the enforcement of any payment on or after the Stated Maturity (or, in the case of a redemption, on or after the redemption date) of any Note;
- (5) reduce the above-stated percentage of outstanding Notes the consent of whose Holders is necessary to modify or amend the Indenture;
- (6) waive a default in the payment of principal of, premium, if any, or interest on any Note;
- (7) release the Company, Parent, any Subsidiary Guarantor or JV Subsidiary Guarantor from the Keepwell and EIPU, the Parent Guarantee, its Subsidiary Guarantee or JV Subsidiary Guarantee, as the case may be, except as provided in the Indenture;
- (8) *[Reserved]*;
- (9) reduce the percentage or aggregate principal amount of outstanding Notes the consent of whose Holders is necessary for waiver of compliance with certain provisions of the Indenture or for waiver of certain defaults;
- (10) amend, change or modify the Keepwell and EIPU, the Parent Guarantee, any Subsidiary Guarantee or JV Subsidiary Guarantee in a manner that adversely affects Holders;
- (11) *[Reserved]*;
- (12) reduce the amount payable upon a Change of Control Offer or an Offer to Purchase with the Excess Proceeds from any Asset Sale or, change the time or manner by which a Change of Control Offer or an Offer to Purchase with the Excess Proceeds or other proceeds from any Asset Sale may be made or by which any Note must be repurchased pursuant to a Change of Control Offer or an Offer to Purchase with the Excess Proceeds or other proceeds from any Asset Sale;
- (13) change the redemption date or the redemption price of any Note from that stated under the sections entitled “— Optional Redemption” or “— Redemption for Taxation Reasons;”
- (14) amend, change or modify the obligation of the Parent, the Issuer, any Subsidiary Guarantor or any JV Subsidiary Guarantor to pay Additional Amounts; or
- (15) amend, change or modify any provision of the Indenture or the related definition affecting the ranking of any Note, the Parent Guarantee, any Subsidiary Guarantee or any JV Subsidiary Guarantee in a manner which adversely affects Holders.

Unclaimed Money

Claims against the Issuer for the payment of principal of, premium, if any, or interest, on the Notes will become void unless presentation for payment is made as required in the Indenture within a period of six years.

No Personal Liability of Incorporators, Stockholders, Officers, Directors or Employees

No recourse for the payment of the principal of, premium, if any, or interest on any of the Notes or for any claim based thereon or otherwise in respect thereof, and no recourse under or upon any obligation, covenant or agreement of the Company, the Parent, the Issuer or any of the Subsidiary Guarantors or any of the JV Subsidiary Guarantors in the Indenture, or in any of the Notes, the Parent Guarantee, the Subsidiary Guarantees or JV Subsidiary Guarantees or because of the creation of any Indebtedness represented thereby, shall be had against any incorporator, stockholder, officer, director, employee or controlling person of the Company, the Parent, the Issuer, any of the Subsidiary Guarantors or any of the JV Subsidiary Guarantors or of any successor Person thereof. Each Holder, by accepting the Notes, waives and releases all such liability. The waiver and release are part of the consideration for the issuance of the Notes, the Parent Guarantee, the Subsidiary Guarantees and the JV Subsidiary Guarantees. Such waiver may not be effective to waive liabilities under the federal securities laws.

Concerning the Trustee, the Paying Agent, the Transfer Agent and Registrar

Citicorp International Limited has been appointed as trustee under the Indenture and Citibank, N.A., London Branch has been appointed as paying agent, transfer agent and registrar (the “**Paying Agent**,” the “**Transfer Agent**” and the “**Registrar**”; collectively, the “**Agents**”) with regard to the Notes. Except during the continuance of a Default, the Trustee will not be liable, except for the performance of such duties as are specifically set forth in the Indenture and no others, and no implied covenants or obligations shall be read into the Indenture against the Trustee. If an Event of Default has occurred and is continuing, the Trustee will use the same degree of care, as applicable, and skill in its exercise of the rights and powers vested in them under the Indenture as a prudent person would exercise under the circumstances in the conduct of such person’s own affairs.

The Indenture contains limitations on the rights of the Trustee, should it become a creditor of the Issuer, the Parent, or any of the Subsidiary Guarantors, to obtain payment of claims in certain cases or to realize on certain property received by it in respect of any such claims, as security or otherwise. The Trustee is permitted to engage in other transactions with the Company and its Affiliates; *provided*, however, that if it acquires any conflicting interest, it must eliminate such conflict or resign.

The Trustee will be under no obligation to exercise any rights or powers conferred under the Indenture for the benefit of the Holders unless such Holders have offered to the Trustee indemnity and/or security satisfactory to it against any loss, liability, cost or expense.

Each Holder shall be solely responsible for making its own independent appraisal of and investigation into the financial condition, creditworthiness, condition, affairs, status and nature of the Issuer, the Company, the Parent Guarantor, the Subsidiary Guarantor and JV Subsidiary Guarantor, if any, and the Trustee shall not at any time have any responsibility for the same and no Holder shall rely on the Trustee in respect thereof.

Book-Entry; Delivery and Form

The Notes will be represented by a global note in registered form without interest coupons attached (the “**Global Note**”). On the Original Issue Date, the Global Note will be deposited with a common depositary and registered in the name of the common depositary or its nominee for the accounts of Euroclear and Clearstream.

Global Note

Ownership of beneficial interests in the Global Note (the “**book-entry interests**”) will be limited to persons that have accounts with Euroclear and/or Clearstream or persons that may hold interests through such participants. Book-entry interests will be shown on, and transfers thereof will be effected only through, records maintained in book-entry form by Euroclear and Clearstream and their participants.

Except as set forth below under “— Individual Definitive Notes,” the book-entry interests will not be held in definitive form. Instead, Euroclear and/or Clearstream will credit on their respective book-entry registration and transfer systems a participant’s account with the interest beneficially owned by such participant. The laws of some jurisdictions may require that certain purchasers of securities take physical delivery of such securities in definitive form. The foregoing limitations may impair the ability to own, transfer or pledge book-entry interests.

So long as the Notes are held in global form, the common depositary for Euroclear and/or Clearstream (or its nominee) will be considered the sole holder of the Global Note for all purposes under the Indenture and “holders” of book-entry interests will not be considered the owners or Holders of Notes for any purpose. As such, participants must rely on the procedures of Euroclear and Clearstream and indirect participants must rely on the procedures of the participants through which they own book-entry interests in order to transfer their interests in the Notes or to exercise any rights of Holders under the Indenture.

None of the Issuer, the Trustee, the Agents or any of their respective agents will have any responsibility or be liable for any aspect of the records relating to the book-entry interests. The Notes are not issuable in bearer form.

Payments on the Global Note

Payments of any amounts owing in respect of the Global Note (including principal (if any), premium, interest and additional amounts) will be made to the Paying Agent in U.S. dollars. The Paying Agent will, in turn, make such payments to the common depositary for Euroclear and Clearstream, which will distribute such payments to participants in accordance with their procedures. Each of the Parent, the Issuer, the Subsidiary Guarantors and the JV Subsidiary Guarantors will make payments of all such amounts without deduction or withholding for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature, except as may be required by law, in which case the Parent, the Issuer, the relevant Subsidiary Guarantor or the relevant JV Subsidiary Guarantor shall pay Additional Amounts to the extent required under “— Additional Amounts.”

Under the terms of the Indenture, the Parent, the Issuer, any Subsidiary Guarantor, any JV Subsidiary Guarantor and the Trustee and the Agents will treat the registered holder of the Global Note (i.e., the common depositary or its nominee) as the owner thereof for the purpose of receiving payments and for all other purposes. Consequently, none of the Parent, the Issuer, the Subsidiary Guarantors, the JV Subsidiary Guarantors, the Trustee, the Agents or any of their respective agents has or will have any responsibility or liability for:

- any aspect of the records of Euroclear, Clearstream or any participant or indirect participant relating to or payments made on account of a book-entry interest, for any such payments made by Euroclear, Clearstream or any participant or indirect participants, or for maintaining, supervising or reviewing any of the records of Euroclear, Clearstream or any participant or indirect participant relating to or payments made on account of a book-entry interest; or
- Euroclear, Clearstream or any participant or indirect participant.

Payments by participants to owners of book-entry interests held through participants are the responsibility of such participants.

Redemption of Global Note

In the event the Global Note, or any portion thereof, is redeemed, the common depositary will distribute the U.S. dollar amount received by it in respect of the Global Note so redeemed to Euroclear and/or Clearstream, as applicable, who will distribute such amount to the holders of the book-entry interests in such Global Note. The redemption price payable in connection with the redemption of such book-entry interests will be equal to the U.S. dollar amount received by the common depositary, Euroclear or Clearstream, as applicable, in connection with the redemption of such Global Note (or any portion thereof). The Issuer understands that under existing practices of Euroclear and Clearstream, if fewer than all of the Notes are to be redeemed at any time, Euroclear and Clearstream will credit their respective participants' accounts on a proportionate basis (with adjustments to prevent fractions) or by lot or on such other basis as they deem fair and appropriate; *provided*, however, that no book-entry interest of US\$200,000 principal amount, or less, as the case may be, will be redeemed in part.

Action by Owners of Book-Entry Interests

Euroclear and Clearstream have advised that they will take any action permitted to be taken by a Holder of Notes only at the direction of one or more participants to whose account the book-entry interests in the Global Note are credited and only in respect of such portion of the aggregate principal amount of Notes as to which such participant or participants has or have given such direction. Euroclear and Clearstream will not exercise any discretion in the granting of consents, waivers or the taking of any other action in respect of the Global Note.

Transfers

Transfers between participants in Euroclear and Clearstream will be effected in accordance with Euroclear and Clearstream's rules and will be settled in immediately available funds. If a Holder requires physical delivery of individual definitive notes for any reason, including to sell the Notes to persons in jurisdictions which require physical delivery of such securities or to pledge such securities, such Holder must transfer its interest in the Global Note in accordance with the normal procedures of Euroclear and Clearstream and in accordance with the provisions of the Indenture.

Book-entry interests in the Global Note will be subject to the restrictions on transfer discussed under "Transfer Restrictions."

Any book-entry interest in a Global Note that is transferred to a person who takes delivery in the form of a book-entry interest in another Global Note will, upon transfer, cease to be a book-entry interest in the first-mentioned Global Note and become a book-entry interest in the other Global Note and, accordingly, will thereafter be subject to all transfer restrictions, if any, and other procedures applicable to book-entry interests in such other Global Note for as long as it retains such a book-entry interest.

Global Clearance and Settlement Under the Book-Entry System

Book-entry interests owned through Euroclear or Clearstream accounts will follow the settlement procedures applicable. Book-entry interests will be credited to the securities custody accounts of Euroclear and Clearstream holders on the business day following the settlement date against payment for value on the settlement date.

The book-entry interests will trade through participants of Euroclear or Clearstream, and will settle in same-day funds. Since the purchaser determines the place of delivery, it is important to establish at the time of trading of any book-entry interests where both the purchaser's and seller's accounts are located to ensure that settlement can be made on the desired value date.

Information Concerning Euroclear and Clearstream

We understand as follows with respect to Euroclear and Clearstream:

Euroclear and Clearstream hold securities for participating organizations and facilitate the clearance and settlement of securities transactions between their respective participants through electronic book-entry changes in accounts of such participants. Euroclear and Clearstream provide to their participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream interface with domestic securities markets. Euroclear and Clearstream participants are financial institutions, such as underwriters, securities brokers and dealers, banks and trust companies, and certain other organizations. Indirect access to Euroclear or Clearstream is also available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodian relationship with a Euroclear or Clearstream participant, either directly or indirectly.

Although the foregoing sets out the procedures of Euroclear and Clearstream in order to facilitate the original issue and subsequent transfers of interests in the Notes among participants of Euroclear and Clearstream, neither Euroclear nor Clearstream is under any obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time.

None of the Issuer, the Parent, the Subsidiary Guarantors, the JV Subsidiary Guarantors, the Trustee, the Agents or any of their respective agents will have responsibility for the performance of Euroclear or Clearstream or their respective participants of their respective obligations under the rules and procedures governing their operations, including, without limitation, rules and procedures relating to book-entry interests.

Individual Definitive Notes

If (1) the common depositary or any successor to the common depositary is at any time unwilling or unable to continue as a depositary for the reasons described in the Indenture and a successor depositary is not appointed by the Company within 90 days, (2) either Euroclear or Clearstream, or a successor clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention to permanently cease business or does in fact do so, or (3) any of the Notes has become immediately due and payable in accordance with “— Events of Default” and the Company has received a written request from a Holder, the Company will issue individual definitive notes in registered form in exchange for the Global Note. Upon receipt of such notice from the common depositary or the Trustee, as the case may be, the Parent and the Issuer will use its best efforts to make arrangements with the common depositary for the exchange of interests in the Global Note for individual definitive notes and cause the requested individual definitive notes to be executed and delivered to the Registrar in sufficient quantities and authenticated by the Trustee for delivery to Holders. Persons exchanging interests in the Global Note for individual definitive notes will be required to provide the Registrar, through the relevant clearing system, with written instruction and other information required by the Issuer and the registrar to complete, execute and deliver such individual definitive notes. In all cases, individual definitive notes delivered in exchange for the Global Note or beneficial interests therein will be registered in the names, and issued in any approved denominations, requested by the relevant clearing system.

Individual definitive notes will not be eligible for clearing and settlement through Euroclear or Clearstream.

Notices

All notices or demands required or permitted by the terms of the Notes or the Indenture to be given to or by the Holders are required to be in writing and may be given or served by being sent by prepaid courier or by being deposited, first-class postage prepaid, in the mails of the relevant jurisdiction, if intended for the Parent, the Issuer or any Subsidiary Guarantor, addressed to the Parent, the Issuer or such Subsidiary Guarantor, as the case may be, or if intended for the Trustee, addressed to the Trustee at the corporate trust office of the Trustee and, if intended for any Holder, addressed to such Holder at such Holder's last address as it appears in the Note register (or otherwise delivered to such Holders in accordance with applicable Euroclear or Clearstream procedures).

Any such notice or demand will be deemed to have been sufficiently given or served when so sent or deposited and, if to the Holders, when delivered in accordance with the applicable rules and procedures of the relevant clearing system. Any such notice shall be deemed to have been delivered on the day such notice is delivered to the relevant clearing system or if by mail, when so sent or deposited.

Consent to Jurisdiction; Service of Process

The Company, the Parent, the Issuer and each of the Subsidiary Guarantors will irrevocably (1) submit to the non-exclusive jurisdiction of any U.S. federal or New York state court located in the Borough of Manhattan, The City of New York in connection with any suit, action or proceeding arising out of, or relating to, the Notes, the Keepwell and EIPU, the Parent Guarantee, any Subsidiary Guarantee, any JV Subsidiary Guarantee, the Indenture or any transaction contemplated thereby; and (2) designate and appoint Law Debenture Corporate Services Inc. for receipt of service of process in any such suit, action or proceeding.

Governing Law

Each of the Notes, the Keepwell and EIPU, the Parent Guarantee, the Subsidiary Guarantees, the JV Subsidiary Guarantees and the Indenture provides that such instrument will be governed by, and construed in accordance with, the laws of the State of New York.

The terms “Incurrence” and “Incurred” have meanings correlative with the foregoing.

“Indebtedness” means, with respect to any Person at any date of determination (without duplication):

- (1) all indebtedness of such Person for borrowed money;
- (2) all obligations of such Person evidenced by bonds, debentures, notes or other similar instruments;
- (3) all obligations of such Person in respect of letters of credit, bankers’ acceptances or other similar instruments;
- (4) all obligations of such Person to pay the deferred and unpaid purchase price of property or services, except Trade Payables;
- (5) all Capitalized Lease Obligations and Attributable Indebtedness;
- (6) all Indebtedness of other Persons secured by a Lien on any asset of such Person, whether or not such Indebtedness is assumed by such Person; *provided* that the amount of such Indebtedness shall be the lesser of (a) the Fair Market Value of such asset at such date of determination and (b) the amount of such Indebtedness;
- (7) all Indebtedness of other Persons Guaranteed by such Person to the extent such Indebtedness is Guaranteed by such Person;
- (8) to the extent not otherwise included in this definition, Hedging Obligations; and
- (9) all Disqualified Stock issued by such Person valued at the greater of its voluntary or involuntary liquidation preference and its maximum fixed repurchase price plus accrued dividends.

Notwithstanding the foregoing, Indebtedness shall not include any capital commitments, deferred payment obligations, pre-sale receipts in advance from customers or similar obligations Incurred in the ordinary course of business in connection with the acquisition, development, construction or improvement of real or personal property (including land use rights) to be used in the businesses of the Company or any Restricted Subsidiary or any Entrusted Loan; *provided* that such Indebtedness is not reflected as borrowings on the consolidated balance sheet of the Company (contingent obligations and commitments referred to in a footnote to financial statements and not otherwise reflected on the balance sheet will not be deemed to be reflected on such balance sheet).

The amount of Indebtedness of any Person at any date shall be the outstanding balance at such date of all unconditional obligations as described above and, with respect to contingent obligations, the maximum liability upon the occurrence of the contingency giving rise to the obligation; *provided*

- (1) that the amount outstanding at any time of any Indebtedness issued with original issue discount is the face amount of such Indebtedness less the remaining unamortized portion of the original issue discount of such Indebtedness at such time as determined in conformity with GAAP,
- (2) that money borrowed and set aside at the time of the Incurrence of any Indebtedness in order to prefund the payment of the interest on such Indebtedness shall not be deemed to be “Indebtedness” so long as such money is held to secure the payment of such interest, and
- (3) that the amount of Indebtedness with respect to any Hedging Obligation shall be: (i) zero if Incurred pursuant to paragraph (2)(f) under the covenant entitled “-Certain Covenants-Limitation on Indebtedness and Preferred Stock,” and (ii) equal to the net amount payable by such Person if such Hedging Obligation terminated at that time if not Incurred pursuant to such paragraph.

- (1) the covenant pursuant to which the offer is being made and that all Notes validly tendered will be accepted for payment on a pro rata basis;
- (2) the purchase price and the date of purchase (which shall be a Business Day no earlier than 30 days nor later than 60 days from the date such notice is mailed) (the **“Offer to Purchase Payment Date”**);
- (3) that any Note not tendered will continue to accrue interest pursuant to its terms;
- (4) that, unless the Issuer or the Parent defaults in the payment of the purchase price, any Note accepted for payment pursuant to the Offer to Purchase shall cease to accrue interest on and after the Offer to Purchase Payment Date;
- (5) that Holders electing to have a Note purchased pursuant to the Offer to Purchase will be required to surrender the Note, together with the form entitled “Option of the Holder to Elect Purchase” on the reverse side of the Note completed, to the Paying Agent at the address specified in the notice prior to the close of business on the Business Day immediately preceding the Offer to Purchase Payment Date;
- (6) that Holders will be entitled to withdraw their election if the Paying Agent receives, not later than the close of business on the third Business Day immediately preceding the Offer to Purchase Payment Date, a facsimile transmission or letter setting forth the name of such Holder, the principal amount of Notes delivered for purchase and a statement that such Holder is withdrawing his election to have such Notes purchased; and
- (7) that Holders whose Notes are being purchased only in part will be issued new Notes equal in principal amount to the unpurchased portion of the Notes surrendered; *provided* that each Note purchased and each new Note issued shall be in a principal amount of US\$200,000 or integral multiples of US\$1,000.

On one Business Day prior to the Offer to Purchase Payment Date, the Issuer or the Parent will deposit with the Paying Agent money sufficient to pay the purchase price of all Notes or portions thereof so accepted by the Issuer or the Parent. On the Offer to Purchase Payment Date, the Issuer or the Parent shall (a) accept for payment on a pro rata basis Notes or portions thereof tendered pursuant to an Offer to Purchase; and (b) deliver, or cause to be delivered, to the Trustee all Notes or portions thereof so accepted together with an Officers' Certificate specifying the Notes or portions thereof accepted for payment by the Issuer or the Parent. The Paying Agent shall promptly mail to the Holders of Notes so

accepted payment in an amount equal to the purchase price, and the Trustee or an authenticating agent shall as soon as reasonably practicable authenticate and mail to such Holders a new Note equal in principal amount to any unpurchased portion of the Note surrendered; *provided* that each Note purchased and each new Note issued shall be in a principal amount of US\$200,000 or integral multiples of US\$1,000. The Issuer or the Parent will publicly announce the results of an Offer to Purchase as soon as practicable after the Offer to Purchase Payment Date. The Company will comply with Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable, in the event that the Issuer or the Parent is required to repurchase Notes pursuant to an Offer to Purchase.

To the extent that the provisions of any securities laws or regulations of any jurisdiction conflict with the provisions of the Indenture governing any Offer to Purchase, the Issuer and the Parent will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Indenture by virtue of such compliance. The Issuer and the Parent will not be required to make an Offer to Purchase if a third party makes the Offer to Purchase in compliance with the requirements set forth in the Indenture applicable to an Offer to Purchase made by the Issuer or the Parent and purchases all Notes properly tendered and not withdrawn under the Offer to Purchase.

The offer is required to contain or incorporate by reference information concerning the business of the Company and its Subsidiaries which the Issuer and the Parent in good faith believes will assist such Holders to make an informed decision with respect to the Offer to Purchase, including a brief description of the events requiring the Issuer or the Parent to make the Offer to Purchase, and any other information required by applicable law to be included therein. The offer is required to contain all instructions and materials necessary to enable such Holders to tender Notes pursuant to the Offer to Purchase.

DESCRIPTION OF THE KEEPWELL AND EQUITY INTEREST PURCHASE UNDERTAKING

The following contains summaries of certain key provisions of the Keepwell and EIPU. Such statements do not purport to be complete and are qualified in their entirety by reference to the Keepwell and EIPU.

The Keepwell and EIPU will be entered into by the Company, the Parent Guarantor, the Issuer and the Trustee.

The Keepwell and EIPU is not, and nothing therein contained and nothing done pursuant thereto by the Company shall be deemed to constitute, or shall be construed as, or shall be deemed an evidence of, a guarantee by or any legal binding obligation of the Company of the payment of any obligation, responsibilities, indebtedness or liability, of any kind or character whatsoever, of the Issuer, the Parent Guarantor, the Subsidiary Guarantors or the JV Subsidiary Guarantors (if any) under the laws of any jurisdiction, including the PRC.

The Company will acknowledge in the Keepwell and EIPU that the Keepwell and EIPU is being entered into for the benefit of the Trustee on behalf of the Trustee for itself and the Noteholders and will agree that the provisions of the Keepwell and EIPU may be enforced by the Trustee in that capacity in accordance with the terms of the Keepwell and EIPU. The parties to the Keepwell and EIPU will acknowledge and agree that the Trustee has agreed to become a party to the Keepwell and EIPU solely for the purpose of taking the benefit of, and for agreeing modifications and amendments to and termination of, the Keepwell and EIPU and shall not assume any obligations or liabilities whatsoever to the other parties to the Keepwell and EIPU by virtue of the provisions of the Keepwell and EIPU.

The Keepwell and EIPU and any non-contractual obligations arising out of or in connection with it shall be governed by and construed in accordance with New York law.

Stock Ownership of the Parent Guarantor

Under the Keepwell and EIPU, the Company will undertake that for so long as any Note is outstanding, it will directly or indirectly own and hold entire legal title to and beneficial interest in all the outstanding shares of stock of the Parent Guarantor having the right to vote for the election of members of the Board of Directors of the Parent Guarantor and will not directly or indirectly pledge or in any way encumber or otherwise dispose of any such shares of stock.

Maintenance of Consolidated Net Worth; Liquidity

During the term of the Keepwell and EIPU, the Company will undertake that it shall cause (i) (x) the Parent Guarantor to have a Consolidated Net Worth (as defined in the Keepwell and EIPU) of at least RMB1.0 billion at all times; and (y) the Issuer, each Subsidiary Guarantor and each JV Subsidiary Guarantor (if any) to have a Consolidated Net Worth of at least US\$1.00 at all times; (ii) the Issuer, the Parent Guarantor, each Subsidiary Guarantor and each JV Subsidiary Guarantor (if any) to have sufficient liquidity to ensure timely payment by such entity of any amounts payable in respect of the Notes, the Guarantees, in accordance with their terms of payment set forth in the Indenture and when due; and (iii) each of the Parent Guarantor, the Issuer, Subsidiary Guarantors and JV Subsidiary Guarantors (if any) to remain solvent and a going concern at all times under the laws of their respective jurisdictions of incorporation or applicable accounting standards.

Obligation to Purchase Equity Interest

Under the Keepwell and EIPU, the Company will agree that it shall, subject to obtaining all necessary approvals, consents, licenses, orders, permits and any other authorizations from the relevant approval authorities (the “**Relevant Purchase Approvals**”) and upon the receipt of a written Purchase

Notice (as defined in the Keepwell and EIPU) provided by the Trustee in accordance with the Indenture following receipt of written notice of the occurrence of an Event of Default under the Notes, purchase (either by itself or through a Subsidiary of the Company as designated by it):

- (i) the Equity Interest (as defined in the Keepwell and EIPU) held by the Parent Guarantor and/or any other Subsidiaries of the Parent Guarantor, as designated by the Company and notified in writing to the Trustee within two Business Days (as defined in the Keepwell and EIPU) after the date of the Purchase Notice; or
- (ii) in the absence of a designation and notification within two Business Days after the date of the Purchase Notice as provided in (i) above, the Equity Interest held by all the Subsidiaries of the Parent Guarantor incorporated outside the PRC,

in either such case at the Purchase Price (as defined in and determined under the Keepwell and EIPU) on the relevant Purchase Closing Date (as defined in the Keepwell and EIPU) on the terms set out in the Keepwell and EIPU.

Under the Keepwell and EIPU, the Company will agree that it shall determine, within 20 Business Days after the date of any Purchase Notice, (i) the purchase price of the Equity Interest(s) subject to the Purchase (as defined in the Keepwell and EIPU) in accordance with any applicable laws and regulations effective at the time of determination; and (ii) the other applicable terms relating to the Purchase, *provided that* the Purchase Price shall not be less than the lesser of (A) the aggregate of the following amounts (the “**Shortfall Amount**”), or (B) the fair market value of such Equity Interest(s), as determined by the Company in good faith solely at its own expense:

- (i) the amount in US dollars sufficient to enable the Parent Guarantor, the Issuer, the Subsidiary Guarantors and the JV Subsidiary Guarantors (if any) to discharge in full their respective obligations under the Notes, the Guarantees and the Indenture (including without limitation the principal amount of the Notes then outstanding as at the date of such Purchase Notice, any premium and any interest due and unpaid and/or accrued but unpaid on the Notes up to but excluding the date of such Purchase Notice), plus
- (ii) the interest payable in respect of one interest period on the Notes (calculated based on the principal amount outstanding on the issue date of the Notes), plus
- (iii) the amount in US dollars that is sufficient to pay in full all costs, fees, expenses and other amounts payable to the Trustee and/or the agents under or in connection with the Notes, the Guarantees, the Indenture and/or the Keepwell and EIPU as at the date of such Purchase Notice plus provisions for costs, fees, expenses and all other amounts which may be incurred after the date of the Purchase Notice, as notified by the Trustee in the Purchase Notice.

The Company’s determination of the Purchase Price in accordance with the Keepwell and EIPU shall be final and binding on the parties save in the case of manifest error; *provided that* if the Company fails to make a determination of the Purchase Price within 10 Business Days after the date of the Purchase Notice, the Purchase Price shall be the Shortfall Amount unless the applicable laws and regulations effective at the time of determination require that the Equity Interest(s) be purchased at a specified amount.

The Company will, and will procure each Relevant Transferor (as defined in the Keepwell and EIPU) to, use their respective best efforts to do all such things and take all such actions as may be necessary or desirable, including providing information and applying with a view to obtaining Relevant Approvals (as defined in the Keepwell and EIPU) to (i) procure the completion of the Purchase on the relevant Purchase Closing Date no later than the date falling six months from the date of the Purchase Notice; and (ii) procure the remittance of the sum of the Purchase Price to or to the order of the

Relevant Transferor(s) in accordance with the Keepwell and EIPU. The Parent Guarantor will procure that all amounts received by it or any of its Subsidiaries to be promptly applied towards payment and discharge of the Shortfall Amount.

The Purchase obligation set out above shall be suspended if, prior to the relevant Purchase Closing Date, each of the Company and the Issuer receives a notice in writing from the Trustee stating that all of the payment obligations of the Parent Guarantor, the Issuer, the Subsidiary Guarantors and the JV Subsidiary Guarantors (if any) under the Notes, the Guarantees and the Indenture have been satisfied as at the date of that notice.

Obligation to Invest

Upon the receipt of a written Investment Notice (as defined in the Keepwell and EIPU) provided by the Trustee following the occurrence of an Event of Default and the written notification from the Company that it has reasonably determined that (A) the Purchase Price will be less than the Shortfall Amount or (B) any Relevant Purchase Approval is unlikely to be obtained, the Company agrees that it shall, subject to obtaining all necessary approvals, consents, licenses, orders, permits and any other authorizations from the relevant approval authorities (the “**Relevant Investment Approvals**”), invest (either by itself or through a Subsidiary of the Company as designated by it (the “**Designated Investor**”)) (the “**Investment**”) in (by equity investment or shareholders’ loan or a combination thereof):

- (i) the Parent Guarantor and/or any other Subsidiaries of the Parent Guarantor incorporated outside the PRC, as designated by the Company and notified in writing to the Trustee within three Business Days after the date of the Investment Notice; or
- (ii) in the absence of a designation and notification within two Business Days after the date of the Investment Notice as provided in (i) above, the Parent Guarantor,

(each such designated entity in the case referred to in (i) above or, as the case may be, the Parent Guarantor in the case of (ii) above, a “**Relevant Investee**”) in either such case at the Investment Amount on the Investment Closing Date (as defined in the Keepwell and EIPU) on the terms set out in the Keepwell and EIPU and the Investment Agreement (as defined in the Keepwell and EIPU).

Within 10 Business Days after the date of the Investment Notice, the Company shall determine (i) the amount of the investment(s) subject to the Investment (the “**Investment Amount**”) in accordance with any applicable laws and regulations effective at the time of determination; and (ii) the other applicable terms relating to the Investment, *provided that* the Investment Amount shall be no less than the excess of the Shortfall Amount over the Purchase Price (the Purchase Price shall be deemed zero if the Company has reasonably determined that any Relevant Purchase Approval is unlikely to be obtained) (the “**EOD Investment Amount**”).

The Company’s determination of the Investment Amount in accordance with the Keepwell and EIPU shall be final and binding on the parties save in the case of manifest error. Should the Company fail to make a determination of the Investment Amount within 10 Business Days after the date of the Investment Notice, the Investment Amount shall be the EOD Investment Amount.

The Company shall, and shall procure each Relevant Investee to, use its best efforts to do all such things and take all such actions as may be necessary or desirable, including providing information and applying with a view to obtaining for Relevant Investment Approvals as soon as reasonably practicable, to (i) procure the completion of the Investment no later than the date falling six months from the date of the relevant Investment Notice; and (ii) procure the remittance of the sum of the Investment Amount to or to the order of the Relevant Investee(s) in accordance with the Keepwell and EIPU. The Parent Guarantor will procure that all amounts received by it or any of its Subsidiaries to be promptly applied towards payment and discharge of the Shortfall Amount.

The Investment obligation set out in the Keepwell and EIPU shall be suspended if, prior to the Investment Closing Date, each of the Company and the Issuer receives a Suspension Notice from the Trustee.

TAXATION

The following summary of certain British Virgin Islands, Hong Kong and PRC, tax consequences of the purchase, ownership and disposition of Notes is based upon applicable laws, regulations, rulings and decisions in effect as of the date of this offering memorandum, all of which are subject to change (possibly with retroactive effect). This discussion does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to purchase, own or dispose of the Notes and does not purport to deal with consequences applicable to all categories of investors, some of which may be subject to special rules. Persons considering the purchase of Notes should consult their own tax advisors concerning the tax consequences of the purchase, ownership and disposition of Notes, including such possible consequences under the laws of their country of citizenship, residence or domicile.

British Virgin Islands

There is no income or other tax of the British Virgin Islands imposed by withholding or otherwise on any payment to be made to or by the Parent Guarantor or Subsidiary Guarantors pursuant to the Parent Guarantee or the Subsidiary Guarantees provided that the payment is made to persons who are not residents in the British Virgin Islands.

If neither the Issuer nor any subsidiary holds an interest in real estate in the British Virgin Islands, no stamp duty is payable in respect of the issue of the Notes or on an instrument of transfer in respect of the Notes.

Hong Kong

Withholding Tax. No withholding tax in Hong Kong is payable on payments of principal (including any premium payable on redemption of the Notes) or interest in respect of the Notes or the Guarantees.

Profits Tax. Hong Kong profits tax is charged on every person carrying on a trade, profession or business in Hong Kong in respect of assessable profits arising in or derived from Hong Kong from such trade, profession or business. Under the Inland Revenue Ordinance (Chapter 112 of the Laws of Hong Kong), or the Inland Revenue Ordinance, as it is currently applied, Hong Kong profits tax may be charged on revenue profits arising on the sale, disposal or redemption of the Notes where such sale, disposal or redemption is or forms part of a trade, profession or business carried on in Hong Kong.

Interest payments on the Notes will be subject to Hong Kong profits tax where such payments have a Hong Kong source, and are received by or accrue to:

- a financial institution (as defined in the Inland Revenue Ordinance) and arises through or from the carrying on by the financial institution of its business in Hong Kong; or
- a corporation carrying on a trade, profession or business in Hong Kong; or
- a person, other than a corporation, carrying on a trade, profession or business in Hong Kong and such interest is in respect of the funds of the trade, profession or business.

Although no tax is imposed in Hong Kong in respect of capital gains, Hong Kong profits tax may be chargeable on trading gains arising on the sale or disposal of the Notes where such transactions are or form part of a trade, profession or business carried on in Hong Kong.

Stamp Duty. No Hong Kong stamp duty will be chargeable upon the issue or transfer of a Note (if the register of holders of the Notes is maintained outside Hong Kong).

PRC

Taxation on Interest. The PRC Enterprise Income Tax Law and its implementation regulations, effective January 1, 2008, impose a withholding tax at the rate of 10% on interest paid to holders of the Notes that are “non-resident enterprises” so long as such “non-resident enterprise” holder does not have an establishment or place of business in China or, despite the existence of establishment or place of business in China, the relevant income is not effectively connected with such establishment or place of business in China, to the extent such interests are sourced within China. The Issuer and the Parent Guarantor may be considered a PRC tax resident enterprise, as described in “Risk Factors — Risks Relating to Our Business — The Issuer and the Parent Guarantor may be deemed PRC resident enterprises under the PRC Enterprise Income Tax Law, which may subject them to PRC taxation on their worldwide income, require them to withhold taxes on interest they pay on the Notes and require holders of the Notes to pay taxes on gains realized from the sale of the Notes.” Pursuant to these provisions of the PRC tax law, despite many uncertainties with respect to their application, if the Issuer or the Parent Guarantor is considered a PRC resident enterprise, interest paid to non-resident enterprise holders of the Notes may be treated as income derived from sources within China and be subject to the PRC withholding tax at a rate of 10%. In the case of non-resident individual holders of the Notes, the tax may be withheld at a rate of 20%. Any such PRC tax liability may be reduced under applicable tax treaties.

Taxation on Capital Gains. The PRC Enterprise Income Tax Law and its implementation regulations, effective January 1, 2008, impose a tax at the rate of 10% on capital gains realized by holders of the Notes that are “non-resident enterprises” so long as any such “non-resident enterprise” holder does not have an establishment or place of business in China or, despite the existence of establishment or place of business in China, the relevant gain is not effectively connected with such establishment or place of business in China, to the extent such capital gains are sourced within China. Pursuant to these provisions of the PRC tax law, despite many uncertainties with respect to their application, if the Issuer is considered a PRC resident enterprise, the capital gains realized by holders of the Notes may be treated as income derived from sources within China and be subject to the PRC tax at a rate of 10% (or possibly 20% in the case of non-resident individual holders of the Notes). Any such PRC tax liability may be reduced under applicable tax treaties.

Stamp duty. No PRC stamp tax will be chargeable upon the issue or transfer of a Note (for so long as the register of holders of the Notes is maintained outside Mainland China).

PLAN OF DISTRIBUTION

Under the terms and subject to the conditions contained in a purchase agreement dated January 21, 2020, or the Purchase Agreement, each of Credit Suisse (Hong Kong) Limited, UBS AG Hong Kong Branch, Merrill Lynch (Asia Pacific) Limited and TFI Securities and Futures Limited, or the Initial Purchasers, have agreed to purchase from us severally, and we have agreed to sell to the Initial Purchasers, US\$2,000,000,000 principal amount of 2022 Notes and US\$2,000,000,000 principal amount of 2023 Notes.

<u>Initial Purchasers</u>	<u>2022 Notes</u>	<u>2023 Notes</u>
	(US\$)	(US\$)
Credit Suisse (Hong Kong) Limited	550,000,000	550,000,000
UBS AG Hong Kong Branch	550,000,000	550,000,000
Merrill Lynch (Asia Pacific) Limited	550,000,000	550,000,000
TFI Securities and Futures Limited	350,000,000	350,000,000
Total	<u>2,000,000,000</u>	<u>2,000,000,000</u>

The Purchase Agreement provides that the obligation of the Initial Purchasers to pay for and accept delivery of the Notes is subject to the approval of certain legal matters by their counsel and certain other conditions. After the initial offering, the offering price and other selling terms may be varied from time to time by the Initial Purchasers.

Each Initial Purchaser proposes to resell the Notes at the offering price set forth on the cover page of this offering memorandum to non-U.S. persons outside the United States in reliance on Regulation S under the Securities Act. See the section entitled “Transfer Restrictions.” The price at which the Notes are offered may be changed at any time without notice. The Initial Purchasers may offer and sell the Notes through certain of their affiliates. Each Initial Purchaser or certain of its affiliates may purchase Notes and be allocated Notes for asset management and/or proprietary purposes but not with a view to distribution. Dr. Hui Ka Yan, the chairman of the Company, is expected to be allocated an aggregate principal amount of US\$20 million of the 2022 Notes and US\$580 million of the 2023 Notes. Mr. Xia Haijun, the chief executive officer and executive director of our parent company China Evergrande Group, is expected to be allocated an aggregate principal amount of US\$50 million of the 2022 Notes. In addition, we have agreed with the Initial Purchasers that certain private banks will be paid a commission in connection with the purchase of the Notes by their private bank clients.

We and the Subsidiary Guarantors have agreed to indemnify the Initial Purchasers against certain liabilities, including liabilities under the Securities Act, and to contribute to payments which the Initial Purchasers may be required to make in respect thereof.

The Notes are a new issue of securities with no established trading market. No assurance can be given as to the liquidity of, or the trading market for, the Notes. These transactions may be effected in the over-the-counter market or otherwise.

The Notes, the Subsidiary Guarantees and the JV Subsidiary Guarantees (if any) have not been and will not be registered under the Securities Act and may not be offered, sold or delivered within the United States except outside the United States to non-U.S. persons in offshore transactions in reliance on Regulation S under the Securities Act.

Each Initial Purchaser has represented and agreed that, except as permitted by the Purchase Agreement, it has not offered, sold or delivered and will not offer, sell or deliver any Notes as part of its distribution in the United States.

We expect that delivery of the Notes will be made against payment therefor on or about the closing date specified on the cover page of this offering memorandum.

We have been advised that the Initial Purchasers presently intend to make a market in the Notes, as permitted by applicable laws and regulations. No Initial Purchaser is obligated, however, to make a market in the Notes, and any such market making may be discontinued at any time without prior notice at the sole discretion of the Initial Purchasers. Accordingly, no assurance can be given as to the liquidity of, or trading markets for, the Notes.

Each Initial Purchaser and its affiliates have in the past engaged, and may in the future engage, in transactions with and perform services, including financial advisory and investment banking services, for us and our affiliates in the ordinary course of business. Each Initial Purchaser or its affiliates may hold our debt or equity securities from time to time. We may enter into non-speculative hedging or other derivative transactions as part of our risk management strategy with the Initial Purchasers, which may include transactions relating to our obligations under the Notes. Our obligations under these transactions may be secured by cash or other collateral.

SELLING RESTRICTIONS

No action has been taken or will be taken in any jurisdiction by us or the Initial Purchasers that would permit a public offering of the Notes, or the possession, circulation or distribution of this offering memorandum or any other material relating to the Notes or this offering, in any jurisdiction where action for that purpose is required. Accordingly, the Notes may not be offered or sold, directly or indirectly, and neither this offering memorandum nor such other material may be distributed or published, in or from any country or jurisdiction except in compliance with any applicable rules and regulations of such country or jurisdiction.

United States

The Notes and the Subsidiary Guarantees have not been and will not be registered under the Securities Act or any state securities laws and may not be offered or sold within the United States except in transactions exempt from, or not subject to, the registration requirements of the Securities Act and applicable state securities laws. In addition, until 40 days after the commencement of this offering, an offer or sale of Notes within the United States by a dealer (whether or not participating in this offering) may violate the registration requirements of the Securities Act.

Each Initial Purchaser, through its affiliates, acting as a selling agent where applicable, proposes to offer the Notes to non-U.S. persons in offshore transactions in reliance on Regulation S. The Notes will not be offered, sold or delivered within the United States. Terms used in this paragraph have the meanings given to them by Regulation S.

United Kingdom

No invitation or inducement to engage in investment activity (within the meaning of section 21 of the Financial Services and Markets Act 2000 (the “FSMA”)) received by the Initial Purchasers in connection with the issue or sale of the Notes may be communicated or caused to be communicated except in circumstances in which section 21(1) of the FSMA does not apply to the Initial Purchasers. All applicable provisions of the FSMA must be complied with respect to anything done or to be done by the Initial Purchasers in relation to any Notes in, from or otherwise involving the United Kingdom.

Hong Kong

This offering memorandum has not been and will not be registered with the Registrar of Companies in Hong Kong. Accordingly, except as mentioned below, this offering memorandum may not be issued, circulated or distributed in Hong Kong. A copy of this offering memorandum may, however, be issued to a limited number of prospective applicants for the Notes in Hong Kong in a manner which does not constitute an offer of the Notes to the public in Hong Kong or an issue, circulation or distribution in Hong Kong of a prospectus for the purposes of the Companies (Winding Up and

Miscellaneous Provisions) Ordinance (Cap. 32 of the Laws of Hong Kong). No advertisement, invitation or document relating to the Notes may be issued or may be in the possession of any person other than with respect to the Notes which are or are intended to be disposed of only to persons outside Hong Kong or only to “professional investors” within the meaning of the Securities and Futures Ordinance (Cap. 571. Laws of Hong Kong) and any rules made thereunder.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Law of Japan (Law No. 25 of 1948) (as amended) (the “FIEL”), and disclosure under the FIEL has not been made with respect to the Notes. Accordingly, the Notes may not be offered or sold, directly or indirectly, in Japan or to, or for the account of, any resident of Japan, or to others for reoffering or resale, directly or indirectly in Japan or to, or for the benefit of, any resident of Japan, except pursuant to any exemption from the registration requirements of the FIEL and otherwise in compliance with the FIEL and other applicable provisions of Japanese laws and regulations. As used in this paragraph, “resident of Japan” means any person residing in Japan, including any corporation or other entity organized under the laws of Japan.

Singapore

This offering memorandum has not been and will not be registered as a prospectus with the MAS under the SFA. Accordingly, this offering memorandum and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the Notes may not be circulated or distributed, nor may the Notes be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to any person in Singapore other than (i) to an institutional investor under Section 274 of the SFA, (ii) to a relevant person pursuant to Section 275(1) of the SFA, or any person pursuant to Section 275(1A) of the SFA, and in accordance with the conditions specified in Section 275 of the SFA and (where applicable) Regulation 3 of the Securities and Futures (Classes of Investors) Regulations 2018 of Singapore, or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Where the Notes are subscribed or purchased under Section 275 of the SFA by a relevant person which is:

- (a) a corporation (which is not an accredited investor (as defined in Section 4A of the SFA)) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or
- (b) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary of the trust is an individual who is an accredited investor,

securities or securities-based derivatives contracts (each term as defined in the SFA) of that corporation or the beneficiaries’ rights and interest (howsoever described) in that trust shall not be transferred within six months after that corporation or that trust has acquired the Notes pursuant to an offer made under Section 275 of the SFA except:

- (1) to an institutional investor or to a relevant person defined in Section 275(2) of the SFA, or to any person arising from an offer referred to in Section 275(1A) or Section 276(4)(i)(B) of the SFA;
- (2) where no consideration is or will be given for the transfer;
- (3) where the transfer is by operation of law;
- (4) as specified in Section 276(7) of the SFA; or

- (5) as specified in Regulation 37A of the Securities and Futures (Offers of Investments) (Securities and Securities-based Derivatives Contracts) Regulations 2018 of Singapore.

PRC

This offering memorandum does not constitute a public offer of the Notes, whether by sale or by subscription, in the PRC. The Notes will not be offered or sold within the PRC by means of this offering memorandum or any other document except pursuant to the applicable laws and regulations of the PRC.

Bermuda

Each Initial Purchaser has not made and will not make on behalf of the Company any invitation directly or indirectly to the public in Bermuda to subscribe for any of the Notes.

British Virgin Islands

No invitation will be made directly or indirectly to any person resident in the British Virgin Islands to subscribe for any of the Notes.

TRANSFER RESTRICTIONS

Because of the following restrictions, purchasers are advised to consult their legal counsel prior to making any offer, sale, resale, pledge or other transfer of the Notes.

The Notes are subject to restrictions on transfer as summarized below. By purchasing the Notes, including the Parent Guarantor, the Subsidiary Guarantees and the JV Subsidiary Guarantees (collectively, the “**Securities**”), you will be deemed to have made the following acknowledgements, representations to, and agreements with, us and the Initial Purchasers:

1. You understand and acknowledge that:
 - the Securities have not been registered under the Securities Act or any other applicable securities laws;
 - the Securities are being offered for resale in transactions that do not require registration under the Securities Act or any other securities laws;
 - the Securities are being offered and sold only outside the United States, to certain persons, other than U.S. persons, in offshore transactions in reliance on Rule 903 of Regulation S under the Securities Act; and
 - unless so registered, the Securities may not be sold or otherwise transferred except under an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act or any other applicable securities laws, and in each case in compliance with the conditions for transfer set forth in paragraph 4 below.
2. You represent that you are not an affiliate (as defined in Rule 144 under the Securities Act) of ours, that you are not acting on our behalf and that you are not a U.S. person (as defined in Regulation S under the Securities Act) or purchasing for the account or benefit of a U.S. person, other than a distributor, and you are purchasing the Securities in an offshore transaction in accordance with Regulation S.
3. You acknowledge that neither we nor the Initial Purchasers nor any person representing us or the Initial Purchasers have made any representation to you with respect to us or the offering of the Securities, other than the information contained in this offering memorandum. You represent that you are relying only on this offering memorandum in making your investment decision with respect to the Securities. You agree that you have had access to such financial and other information concerning us and the Securities as you have deemed necessary in connection with your decision to purchase the Securities including an opportunity to ask questions of and request information from us.
4. You represent that you are purchasing the Securities for your own account, or for one or more investor accounts for which you are acting as a fiduciary or agent, in each case not with a view to, or for offer or sale in connection with, any distribution of the Securities in violation of the Securities Act. You agree on your own behalf and on behalf of any investor account for which you are purchasing the Securities, and each subsequent holder of the Securities by its acceptance of the Securities will agree, that until the end of the Distribution Compliance Period (as defined below), the Securities may be offered, sold or otherwise transferred only:
 - (a) to us;
 - (b) under a registration statement that has been declared effective under the Securities Act;

- (c) outside the United States in compliance with Rule 903 or 904 of Regulation S under the Securities Act; or
- (d) under any other available exemption from the registration requirements of the Securities Act, subject in each of the above cases to any requirement of law that the disposition of the seller's property or the property of an investor account or accounts be at all times within the seller or account's control and in compliance with applicable state and other securities laws.

5. You also acknowledge that:

- the above restrictions on resale will apply from the closing date until the date that is 40 days after the later of the closing date and the last date that we or any of our affiliates was the owner of the Securities or any predecessor of the Securities (the "Distribution Compliance Period"), and will not apply after the applicable Distribution Compliance Period ends;
- we and the Transfer Agent reserve the right to require in connection with any offer, sale or other transfer of the Securities under clause (d) above the delivery of an opinion of counsel, certifications and/or other information satisfactory to us and the Transfer Agent; and
- each note will contain a legend substantially to the following effect:

THIS SECURITY HAS NOT BEEN REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE "**SECURITIES ACT**"), OR THE SECURITIES LAWS OF ANY STATE OR OTHER JURISDICTION. NEITHER THIS SECURITY NOR ANY INTEREST OR PARTICIPATION HEREIN MAY BE REOFFERED, SOLD, ASSIGNED, TRANSFERRED, PLEDGED, ENCUMBERED OR OTHERWISE DISPOSED OF IN THE ABSENCE OF SUCH REGISTRATION OR UNLESS SUCH TRANSACTION IS EXEMPT FROM, OR NOT SUBJECT TO, SUCH REGISTRATION.

THE HOLDER OF THIS SECURITY, BY ITS ACCEPTANCE HEREOF, AGREES ON ITS OWN BEHALF AND ON BEHALF OF ANY INVESTOR ACCOUNT FOR WHICH IT HAS PURCHASED SECURITIES, TO OFFER, SELL OR OTHERWISE TRANSFER SUCH SECURITY, PRIOR TO THE DATE (THE "**RESALE RESTRICTION TERMINATION DATE**") THAT IS 40 DAYS AFTER THE LATER OF THE ORIGINAL ISSUE DATE HEREOF AND THE LAST DATE ON WHICH SCENERY JOURNEY LIMITED (THE "**COMPANY**") OR ANY AFFILIATE OF THE COMPANY WAS THE OWNER OF THIS SECURITY (OR ANY PREDECESSOR OF SUCH SECURITY), ONLY (A) TO THE COMPANY OR ANY SUBSIDIARY THEREOF, (B) PURSUANT TO A REGISTRATION STATEMENT THAT HAS BEEN DECLARED EFFECTIVE UNDER THE SECURITIES ACT, (C) PURSUANT TO OFFERS AND SALES THAT OCCUR OUTSIDE THE UNITED STATES IN COMPLIANCE WITH REGULATION S UNDER THE SECURITIES ACT, OR (D) PURSUANT TO ANOTHER AVAILABLE EXEMPTION FROM THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT, SUBJECT TO THE COMPANY'S AND THE TRANSFER AGENT'S RIGHT PRIOR TO ANY SUCH OFFER, SALE OR TRANSFER PURSUANT TO CLAUSE (D) TO REQUIRE THE DELIVERY OF AN OPINION OF COUNSEL, CERTIFICATION AND/OR OTHER INFORMATION SATISFACTORY TO EACH OF THEM. THIS PARAGRAPH OF THIS SECURITY WILL BE REMOVED UPON THE REQUEST OF THE HOLDER AFTER THE RESALE RESTRICTION TERMINATION DATE. BY ITS ACQUISITION HEREOF, THE HOLDER HEREOF REPRESENTS THAT IT IS NOT

A U.S. PERSON NOR IS IT PURCHASING FOR THE ACCOUNT OR BENEFIT OF A U.S. PERSON AND IS ACQUIRING THIS SECURITY IN AN OFFSHORE TRANSACTION IN ACCORDANCE WITH REGULATION S UNDER THE SECURITIES ACT.

6. You acknowledge that we, the Initial Purchasers, the Transfer Agent and others will rely upon the truth and accuracy of the above acknowledgments, representations and agreements. You agree that if any of the acknowledgments, representations or agreements you are deemed to have made by your purchase of the Securities is no longer accurate, you will promptly notify us, the Transfer Agent and the Initial Purchasers. If you are purchasing any Securities as a fiduciary or agent for one or more investor accounts, you represent that you have sole investment discretion with respect to each of those accounts and that you have full power to make the above acknowledgments, representations and agreements on behalf of each account.

RATINGS

The Notes are expected to be assigned a rating of B by S&P and B2 by Moody's. The ratings reflect the rating agencies' assessment of the likelihood of timely payment of the principal of and interest on the Notes. The ratings do not constitute recommendations to purchase, hold or sell the Notes inasmuch as such ratings do not comment as to market price or suitability for a particular investor. Each such rating should be evaluated independently of any other rating on the Notes, on other securities of ours, or on us. Additionally, we have been assigned a long-term corporate credit rating of B+ with a stable outlook by S&P, a corporate family rating of B1 with a stable outlook by Moody's and a long-term foreign currency issuer default rating of B+ with a stable outlook by Fitch Ratings. We cannot assure you that the ratings will remain in effect for any given period or that the ratings will not be revised by such rating agencies in the future if in their judgment circumstances so warrant.

LEGAL MATTERS

Certain legal matters with respect to the Notes will be passed upon for us by Maples and Calder (Hong Kong) LLP as to matters of British Virgin Islands law, Sidley Austin as to matters of Hong Kong, United States federal and New York law and Commerce and Finance Law Offices as to matters of PRC law. Certain legal matters will be passed upon for the Initial Purchasers by Norton Rose Fulbright Hong Kong as to matters of United States federal and New York law and King & Wood Mallesons as to matters of PRC law.

Review report

PwC ZT Yue Zi (2020) No. 003

To the Board of Directors of Hengda Real Estate Group Company Limited,

We have reviewed the accompanying interim financial statements of Hengda Real Estate Group Company Limited (hereinafter "Hengda Real Estate Group"), which comprises the consolidated and company balance sheets as at 30 June 2019, and the interim consolidated and company income statements, the consolidated and company statements of changes in owners' equity and the consolidated and company cash flow statements for the six months then ended, and the notes to the interim financial statements. Management of Hengda Real Estate Group is responsible for the preparation and presentation of interim financial statements in accordance with the requirements of *CAS 32 "Interim Financial Reporting"*. Our responsibility is to express an opinion on the interim financial statements based on our review.

We conducted our review in accordance with *China Standards on Review Engagement 2101 "Review of Financial Statements"*. This Standard requires that we plan and perform the review to obtain limited assurance as to whether the financial information is free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and, accordingly, we do not express an audit opinion.

Based on our review, nothing has come to our attention that causes us to believe that the Interim Financial Information, for the purpose of this report is not prepared, in all material respects, in accordance with *CAS 32 "Interim Financial Reporting"*.

For the year ended 31 December 2018, the ongoing principal activities of the Group are within the approved scope of business as mentioned above.

These financial statements are authorised for issue by the Company’s responsible person on 21 January 2020.

The interim financial statements have not been audited.

2 Major accounting policies and accounting estimates

(1) Basis of preparation

The financial statements are prepared in accordance with the *Accounting Standards for Business Enterprises - Basic Standard*, the specific accounting standards and other relevant regulations issued by the Ministry of Finance on 15 February 2006 and in subsequent periods (the “CAS”). The condensed consolidated interim financial statements for the six months ended 30 June 2019 has been prepared in accordance with *Accounting Standards for Business Enterprises 32 – Interim financial statement*. The condensed consolidated interim financial information should be read in conjunction with the annual financial statements for the year ended 31 December 2018.

In 2017, the Ministry of Finance issued “CAS No.22 – Recognition and Measurement of Financial Instruments”, “CAS No.23 – Accounting for the Transfer of Financial Asset” and “CAS No.37 – Presentation of financial instruments” (hereinafter collectively referred to as the “New Financial Instrument Standards”, and In 2019, the Ministry of Finance issued “Notice of the Ministry of Finance on Revising the Format of the General Enterprise Financial Statements for 2019 (Accounting [2019] 6)” and its interpretation (the “Notice”). The Group has adopted above-mentioned New Financial Instrument Standards and the Notice on 1 January 2019. Apart from adopting New Financial Instrument Standards and the Notice, the accounting policies adopted in these interim financial statements are consistent with those adopted in the financial statements for the year ended 31 December 2018.

The financial statements are prepared on a going concern basis.

(2) New Financial Instrument Standards

The financial instrument standards that have been applied from 1 January 2019, the new financial instrument standards related to the Group’s accounting policies and estimations are as follows:

(a) Financial assets

The financial instrument standards that have been applied from 1 January 2019, the new financial instrument standards related to the Group’s accounting policies and estimations are as follows:

(i) Classification and measurement

Financial assets are classified into the following three categories depends on the Group’s business mode of managing financial assets and cash flow characteristics of financial assets: (1) financial assets at amortized cost; (2) financial assets at fair value through other comprehensive income; (3) financial assets at fair value through profit or loss.

(i) Classification and measurement (Continued)

Debt instruments

Debt instruments held by the Group are instruments that meet the definition of financial liabilities from the issuer's point of view and are measured at the following three ways:

At amortized cost:

The Group's business model for managing such financial assets is aimed at collecting contractual cash flow, and the contractual cash flow characteristics of such financial assets are consistent with the basic lending arrangements, i.e. cash flow generated on a specific

date is only payment of principal and interest based on the amount of outstanding principal. The Group recognizes interest income for such financial assets in accordance with the effective interest rate method. Such financial assets mainly include cash at bank and on hand, notes receivables and trade receivables, other receivables, debt investments and long-term receivables. The Group lists the debt investments and longterm receivables maturing within one year (including one year) since the balance sheet date as current portion of non-current assets, and the debt investments maturing within one year (including one year) as other current assets.

At fair value through other comprehensive income

The Group's business model for managing such financial assets is aimed at held for collection of contractual cash flows and for selling the financial assets, where the the contractual cash flow characteristics of such financial assets are consistent with the basic lending arrangements. The Group recognizes other comprehensive income at fair value changes while interest income for such financial assets in accordance with the effective interest rate method. The Group lists the debt investments and longterm receivables maturing within one year (including one year) since the balance sheet date as current portion of non-current assets, and the debt investments maturing within one year (including one year) as other current assets.

At fair value through profit or loss:

The Group lists debt instruments which are not measured by amortized cost or at fair value through other comprehensive income as trading financial assets at fair value through profit or loss. Those that are maturing over one year and expected to be held for more than one year since the balance sheet date are recognized as other non-current financial assets.

(2) New Financial Instrument Standards (Continued)

(a) Financial assets (Continued)

(i) Classification and measurement (Continued)

Equity instruments

Investments in equity instruments which are not controlled, jointly controlled or significantly affected by the Group will be measured at fair value through profit or loss and recognized as trading financial assets; those that are expected to be held for more than one year since the balance sheet date will be recognized as other non-current financial assets.

In addition, the Group designates some non-tradable equity instrument investments as financial assets which are measured at fair value through other comprehensive income and are listed as other equity instruments investment. The relevant dividend income of the financial assets is included in the current profit or loss when certain conditions are met.

(ii) Impairment

The Group accounts for the impairment of financial assets at amortized cost based on expected credit loss.

The Group takes into account reasonable and valid information on past events, current conditions and forecasts of future economic conditions, with the risk of default as the weight, to calculate the probabilistic weighted amount of the present value of the difference between the cash flow receivable from contract and the expected cash flow to be received and recognize the expected credit loss.

On each balance sheet date, the Group measures the expected credit losses of financial instruments at different stages. The financial instrument is in the first stage if its credit risk has not increased significantly since the initial recognition. The Group measures loss provision according to the expected credit loss in the next 12 months. The financial instrument is in the second stage if its credit risk has increased significantly since the initial recognition, but no credit impairment has occurred.

The Group measures loss provision according to the lifetime expected credit loss. The financial instrument is in the third stage if credit impairment has occurred. The Group measures loss provision according to the lifetime expected credit loss.

For financial instruments with low credit risk on the balance sheet date, the Group assumes that their credit risk has not increased significantly since the initial recognition, and measures the loss provision according to the expected credit loss over the next 12 months.

(2) New Financial Instrument Standards (Continued)

(a) Financial assets (Continued)

(ii) Impairment (Continued)

For financial instruments in the first and second stage and with lower credit risk, the Group calculates interest income on the basis of their book value without deducting the provision for impairment and using effective interest rates. For financial instruments in the third stage, interest income is calculated on the basis of their book value deducting the amortized cost after the provision for impairment has been made and using the effective interest rates.

For notes receivables and trade receivables from operating activities including sales of goods and rendering of services, the Group measures loss provisions in accordance with lifetime expected credit losses whether or not significant financing elements exist.

When it is unable to evaluate the information of expected credit loss of a single financial asset at a reasonable cost, the Group divides the receivables into portfolios according to the characteristics of credit risk, calculates the expected credit losses on the basis of the portfolio.

The Group recognized the accrued or reversed loss provision in profit or loss for the current period. For an investment in an equity instrument classified as debt instrument on which the impairment loss has been recognised, the increase in its fair value in a subsequent period is recognised directly in equity.

(iii) Derecognition

A financial asset is derecognized when any of the below criteria is met: (1) the contractual rights to receive the cash flows from the financial asset expire; (2) the financial asset has been transferred and the Group transfers substantially all the risks and rewards of ownership of the financial asset to the transferee; or (3) the financial asset has been transferred and the Group has not retained control of the financial asset, although the Group neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset.

On derecognition of other equity instrument investments, the difference between the carrying amount and the sum of the consideration received along with the cumulative changes in fair value that had been recognized directly in other comprehensive income, is recognized in retained earnings; On derecognition of other financial assets, the difference between the carrying amount and the sum of the consideration received along with the cumulative changes in fair value that had been recognized directly in other comprehensive income, is recognized in profit or loss.

(2) New Financial Instrument Standards (Continued)

(b) Financial liabilities

Financial liabilities are classified into financial liabilities at amortized cost and financial liabilities at fair value through profit or loss at initial recognition.

The Group's financial liabilities are mainly financial liabilities at amortized cost, including notes payables and trade payables, other payables, long-term payables, borrowings and debentures payable which are initially recognized at fair value deducting transaction costs and recorded at amortized cost using effective interest rate in subsequent measurement. Financial liabilities with repayment period within 1 year (including 1 year) are stated as current liabilities; other financial liabilities with repayment period over 1 year but repayment date within 1 year since balance sheet date are stated as current portion of non-current liabilities; others are stated as non-current liabilities.

A financial liability is derecognized or partly derecognized when the current obligation is discharged or has been partly discharged. The difference between the carrying amount of the derecognized part of the financial liabilities and the consideration paid is recognized in profit or loss.

(c) Determination of fair value of financial instrument

The fair value of a financial instrument that is traded in an active market is determined by the quoted price in the active market. The fair value of a financial instrument that is not traded in an active market is determined by using a valuation technique. The Group uses the valuation technique when it is applicable under current conditions and there are enough available data and other information to support and the technique should maximize the use of relevant observable. Unobservable inputs are used under the circumstance that the relevant observable inputs cannot be obtained or not feasible. Those inputs should be consistent with the inputs a market participant would use when pricing the asset or liability.

(3) Changes in significant accounting policies

(a) New Financial Instrument Standards

In 2017, the Ministry of Finance issued New Financial Instrument Standards, the Group has adopted New Financial Instrument Standards to prepare the interim financial statements for the six months ended 30 June 2019. According to the relevant provisions of the New Financial Instrument Standards, the cumulative impact of the Group on the first adoption of the standards adjusts the retained earnings and other related items in the financial statements at the beginning of 2019, and the comparative financial statements are not restated.

6 Segment information

The reportable segments of the Group are the business units that provide different products or service. Different businesses require different technologies and marketing strategies, the Group, therefore, separately manages the production and operation of each reportable segment and evaluates their operating results respectively, in order to make decisions about resources to be allocated to these segments and to assess their performance.

The Group identified 4 reportable segments as follows:

- Property development
- Property investment
- Property management
- Other business

Inter-segment transfer prices are measured by reference to selling prices to third parties.

The assets are allocated based on the operations of the segment and the physical location of the asset. The liabilities are allocated based on the operations of the segment. Expenses indirectly attributable to each segment are allocated to the segments based on the proportion of each segment's revenue.

9 Share-based payment

Share-based payment option scheme is issued by China Evergrande to its employees (including employees of the Group), which is settled with its own shares. The Group is a customers receiving service and has no settlement obligation. Such share-based payment transaction will be treated as an equity-settled share-based payment.

As at 18 May 2010, China Evergrande granted 490,000,000 share options to employees of the Group ("2010 share options"), the exercise price of which was HK\$2.4 per share. All share options were exercisable within five years from the date of grant.

As at 9 October 2014, China Evergrande granted 387,000,000 share options to employees of the Group ("2014 share options"), the exercise price of which was HK\$3.05 per share. All share options were exercisable within five years from the date of grant.

As at 6 October 2017, China Evergrande granted 505,140,000 share options to employees of the Group ("2017 share options"), the exercise price of which was HK\$30.20 per share. All share options were exercisable within five years from the date of grant.

Movements in the share options are set out as follows:

	Number of share options ('000)
1 January 2019	650,218
Exercised during the year	(5,184)
Lapsed during the year	(1,200)
Cancelled during the year	(29,998)

9 Share-based payment (Continued)

Details of the share options as at 30 June 2019 are set out as follows:

Date of grant	Vesting period	Exercise period	Exercise price/ (HK\$ per share)	Number of share options/ (‘000)
<u>2010 share options</u>				
18 May 2010	7-55 months	31 December 2010 to 31 December 2019	2.40	14,032
<u>2014 share options</u>				
9 October 2014	1-5 years	9 October 2015 to 8 October 2024	3.05	164,752
<u>2017 share options</u>				
6 October 2017	1-5 years	6 October 2018 to 5 October 2027	30.20	435,052

The weighted average fair value of share options was determined by reference to the valuation prepared by independent valuers using the Binomial Model. The significant inputs into the model were share price at the date of grant, annual risk-free rate, expected volatility, option expiry period and expected dividend yield, which are based on the best estimation of the management. The value of an option varies with different variables of certain subjective assumptions.

As of the six months ended 30 June 2019, the Group has recognised an expense of RMB298,223,000 (six months ended 30 June 2018: RMB803,990,000) under the share option scheme.

11 Contingencies

	30 June 2019	31 December 2018
Guarantees in respect of mortgage facilities for certain purchasers of the Group's property units (a)	406,092,709	402,375,534
Guarantees for borrowings of cooperation parties (b)	8,985,466	15,488,581
Guarantees for borrowings of joint ventures (c)	20,954,942	12,347,305
	<u>436,033,117</u>	<u>430,211,420</u>

- (a) The Group provided guarantees in respect of the banking facilities for certain customers of the Group's property units according to relevant regulations. Such guarantees terminate upon the earlier of (i) issuance of the real estate ownership certificate which will generally be available within an average period of two to three years upon the completion of guarantee registration; or (ii) the satisfaction of mortgaged loan by the purchasers of properties. Pursuant to the terms of the guarantees, in case of default in mortgage payments by these purchasers during the period of guarantee, the Group shall repay the outstanding mortgage principals together with accrued interest and penalty owed by the defaulted purchasers to the banks. After payment of the principals, interest and penalty, the Group is entitled to take over the legal title of the related mortgaged properties.

The management of the Group considers that the fair value of these guarantee contracts at the date of inception was minimal and in case of default in mortgage payments by the purchasers, the net realisable value of the related real estates is sufficient to cover the repayment of the outstanding mortgage principals together with the accrued interest and penalty. Therefore, no provision has been made in the financial statements for the guarantees.

- (b) The Group provided financing guarantees for certain cooperation parties (primarily sub-contractors) that are independent of the Group, based on their history of performance in contracts. The Group closely monitors the repayment of such financing guarantees. The management of the Group considers that the possibility of the Group's exposure to compensation risk due to such guarantees is remote, therefore no provision has been made in the financial statements for guarantees.
- (c) The Group provided financing guarantees for borrowings for property development projects of some joint ventures. The management of the Group considers that the possibility of the Group's exposure to compensation risk due to such guarantees is remote, therefore no provision has been made in the financial statements for guarantees.

12 Subsequent event after the balance sheet date

On January 2 2020, the Company resolved to distribute profit of RMB 44,605,519,000 to all shareholders.

on January 8 2020, , the Company issued 6.98%, three-year public PRC corporate bonds with an aggregated principal amount of RMB 4,500 million at 100% of the face value.

13 Financial risk management and financial instruments

The Group's activities expose it to a variety of financial risks: market risk (primarily including currency risk and interest rate risk), credit risk and liquidity risk. The Group's overall risk management focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance.

(1) Market risk

(a) Foreign exchange risk

The Group's major operational activities are carried out in Mainland China and most of the transactions are denominated in RMB. The Group is exposed to foreign exchange risk arising from the assets, liabilities, and transactions denominated in foreign currencies, primarily with respect to HKD and US Dollars ("USD"). The Group's finance department is responsible for monitoring the amount of assets, liabilities and transactions denominated in foreign currencies to minimise the foreign exchange risk to the greatest extent. During six months ended 30 June 2019 and 2018, the Group did not enter into any forward exchange contracts or currency swap contracts.

As at 30 June 2019 and 31 December 2018, the financial assets and liabilities denominated in foreign currencies held by companies whose recording currencies are HKD in the Group are insignificant.

As at 30 June 2019 and 31 December 2018, the carrying amounts of the Group's foreign currencies denominated monetary assets and liabilities at the respective balance sheet dates are as follows:

As at 30 June 2019, if the RMB had strengthened/weakened by 2% against the foreign currencies while all other variables had been held constant, the Group's net for the year would have been higher/lower approximately RMB2,782,068,000 (31 December 2018: approximately RMB2,126,301,000) respectively and have no impact on other comprehensive income.

(b) Interest rate risk

The Group's interest rate risk arises from long-term interest bearing borrowings. Financial liabilities issued at floating rates expose the Group to cash flow interest rate risk. Financial liabilities issued at fixed rates expose the Group to fair value interest rate risk. The Group determines the relative proportions of its fixed rate and floating rate contracts depending on the prevailing market conditions. As at 30 June 2019, the Group's long-term interest bearing borrowings were mainly RMB-denominated bank borrowings with floating rates, amounting to RMB126,819,902,000 (31 December 2018: RMB128,109,952,000).

(b) Interest rate risk (Continued)

The Group's finance department at its headquarters continuously monitors the interest rate position of the Group. Increases in interest rates will increase the cost of new borrowing and the interest expenses with respect to the Group's outstanding floating rate borrowings, and therefore could have a material adverse effect on the Group's financial performance. The Group makes adjustments timely with reference to the latest market conditions and may enter into interest rate swap agreements to mitigate its exposure to interest rate risk. During the period ended 30 June 2019 and the year ended 31 December 2018, the Group did not enter into any interest rate swap agreements.

As at 30 June 2019, if interest rates on the floating rate borrowings had risen/fallen by 100 basis points while all other variables had been held constant, the Group's net profit would have decreased/increased by approximately RMB951,149,000 (31 December 2018: approximately RMB960,825,000).

(2) Credit risk

Credit risk is managed on the grouping basis. Credit risk mainly arises from cash at bank and receivables etc.

The Group expects that there is no significant credit risk associated with cash at bank since they are deposited at state-owned banks and other medium or large size listed banks. Management does not expect that there will be any significant losses from non-performance by these counterparties.

In addition, the Group has policies to limit the credit exposure on receivables. The Group assesses the credit quality of and sets credit limits on its customers by taking into account their financial position, the availability of guarantee from third parties, their credit history and other factors such as current market conditions. The credit history of the customers is regularly monitored by the Group. In respect of customers with a poor credit history, the Group will use written payment reminders, or shorten or cancel credit periods, to ensure the overall credit risk of the Group is limited to a controllable extent.

(3) Liquidity risk

Cash flow forecasting is performed by the Group, which also monitors rolling forecasts of the Group's short-term and long-term liquidity requirements to ensure it has sufficient cash to meet operational needs. Meanwhile the Group maintains sufficient headroom on its undrawn committed borrowing facilities from major financial institutions so that the Group does not breach borrowing limits or covenants on any of its borrowing facilities to meet the short-term and long-term liquidity requirements.

(All amounts in thousands of RMB unless otherwise stated)

14 Fair value estimation

The level in which fair value measurement is categorised is determined by the level of the fair value hierarchy of the lowest level input that is significant to the entire fair value measurement:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Unobservable inputs for the asset or liability.

(1) Assets measured at fair value on a recurring basis

As at 30 June 2019, the assets measured at fair value on a recurring basis by the above three levels are analysed below:

	Level 1	Level 2	Level 3	Total
Financial assets				
Financial assets at fair value through profit or loss				
-Investments in equity instrument held for trading	186,653	-	-	186,653

Total assets	<u>1,009,582</u>	<u>-</u>	<u>155,227,709</u>	<u>156,237,291</u>

As at 31 December 2018, the assets measured at fair value on a recurring basis by the above three levels are analysed below:

	Level 1	Level 2	Level 3	Total
Financial assets				
Financial assets at fair value through profit or loss				
-Investments in equity instrument held for trading	914,160	-	-	914,160
-Monetary fund	-	-	4,700	4,700
Available-for-sale financial assets				
-Available-for-sale equity instruments	633,159	-	277,999	911,158
	<u>1,547,319</u>	<u>-</u>	<u>282,699</u>	<u>1,830,018</u>

Total assets	<u>1,547,319</u>	<u>-</u>	<u>155,921,187</u>	<u>157,468,506</u>

The Group takes the date on which events causing the transfers between the levels take place as the timing specific for recognising the transfers. There is no transfer between Level 1 and Level 2 for the current period.

14 Fair value estimation (Continued)

(1) Assets measured at fair value on a recurring basis (Continued)

The fair value of financial instruments traded in an active market is determined at the quoted market price.

The Group determines the fair value of investment real estate with reference to the evaluation report of an independent third party qualified appraiser. The valuation method of fair value of investment real estate includes direct comparison method, income method and residual value method. The main evaluation parameters include final return rate, capitalization rate, expected vacancy rate, market rent, market price, estimated cost and developer profit rate.

For the six months ended 30 June 2019, there is no change in the valuation method.

(2) Assets and liabilities not measured at fair value but for which the fair value is disclosed

Financial assets and liabilities measured at amortised cost mainly include receivables, short-term borrowings, accounts payable and long-term borrowings.

The carrying amount of such financial assets and liabilities not measured at fair values value is a reasonable approximation of their fair value since the impact of discount is insignificant or the long-term borrowings have a floating rate.

(3) The fair value of corporate bonds in an active market is determined at the quoted market price, and categorised within Level 1 of the fair value hierarchy. The fair value of long-term borrowings, long-term payables and Corporate bonds not quoted in an active market is the present value of the contractually determined stream of future cash flows discounted at the rate of interest applied at that time by the market to instruments of comparable credit status and providing substantially the same cash flows on the same terms, and categorised within Level 3 of the fair value hierarchy.

15 Capital management

The Group's capital management policies aim to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders, and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, refund capital to shareholders, issue new shares or sell assets to reduce debts.

The Group's total capital is calculated as 'owners' equity' as shown in the consolidated balance sheet. The Group is not subject to external mandatory capital requirements, and monitors capital on the basis of asset-to-liability rate.

As at 30 June 2019 and 31 December 2018, the Group's assets-liabilities rate is as follows:

	30 June 2019	31 December 2018
Assets-liabilities rate	<u>79%</u>	<u>80%</u>

(6) Financial risk management and financial instruments

The Company's activities expose it to a variety of financial risks: market risk (primarily interest rate risk), credit risk and liquidity risk. The Group's overall risk management focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Company's financial performance.

(a) Market risk

Interest rate risk

The Company's interest rate risk arises from long-term interest bearing borrowings. Financial liabilities issued at floating rates expose the Company to cash flow interest rate risk. Financial liabilities issued at fixed rates expose the Company to fair value interest rate risk. The Company determines the relative proportions of its fixed rate and floating rate contracts depending on the prevailing market conditions. As at 30 June 2019, the Company's long-term interest bearing borrowings were mainly bank borrowings with floating rates, amounting to RMB3,541,400,000 (31 December 2018: RMB8,109,400,000).

一 公司基本情况(续)

本财务报表由本公司企业负责人于 2020 年 1 月 21 日批准报出。

本中期财务报表未经审计。

二 主要会计政策和会计估计

(一) 财务报表的编制基础

本财务报表按照财政部于 2006 年 2 月 15 日及以后期间颁布的《企业会计准则——基本准则》、各项具体会计准则及相关规定(以下合称“企业会计准则”)编制。本财务报表根据财政部颁布的《企业会计准则第 32 号——中期财务报告》的要求进行列报和披露，本财务报表应与本集团 2018 年度财务报表一并阅读。

财政部于 2017 年颁布了修订后的《企业会计准则第 22 号——金融工具确认和计量》、《企业会计准则第 23 号——金融资产转移》及《企业会计准则第 37 号——金融工具列报》等(合称“新金融工具准则”)，以及于 2019 年颁布了《财政部关于修订印发 2019 年度一般企业财务报表格式的通知》(财会[2019]6 号)及其解读(以下简称“通知”)。本集团于 2019 年 1 月 1 日采用上述新金融工具准则与通知编制本财务报表，除采用上述新金融工具准则与通知外，本财务报表所采用的会计政策与本集团编制 2018 年度财务报表所采用的会计政策一致。

本财务报表以持续经营为基础编制。

(二) 新金融工具准则

本集团自 2019 年 1 月 1 日起执行新金融工具准则，与本集团相关的新金融工具准则主要会计政策及会计估计如下：

(a) 金融资产

(i) 分类和计量

本集团根据管理金融资产的业务模式和金融资产的合同现金流量特征，将金融资产划分为：
(1) 以摊余成本计量的金融资产；(2) 以公允价值计量且其变动计入其他综合收益的金融资产；(3) 以公允价值计量且其变动计入当期损益的金融资产。

金融资产在初始确认时以公允价值计量。对于以公允价值计量且其变动计入当期损益的金融资产，相关交易费用直接计入当期损益；对于其他类别的金融资产，相关交易费用计入初始确认金额。因销售产品或提供劳务而产生的、未包含或不考虑重大融资成分的应收账款或应收票据，本集团按照预期有权收取的对价金额作为初始确认金额。

(a) 金融资产(续)

(i) 分类和计量(续)

债务工具

本集团持有的债务工具是指从发行方角度分析符合金融负债定义的工具，分别采用以下三种方式进行计量：

以摊余成本计量：

本集团管理此类金融资产的业务模式为以收取合同现金流量为目标，且此类金融资产的合同现金流量特征与基本借贷安排相一致，即在特定日期产生的现金流量，仅为对本金和以未偿付本金金额为基础的利息的支付。本集团对于此类金融资产按照实际利率法确认利息收入。此类金融资产主要包括货币资金、应收票据及应收账款、其他应收款和长期应收款等。本集团将自资产负债表日起一年内(含一年)到期的长期应收款，列示为一年内到期的非流动资产。

以公允价值计量且其变动计入其他综合收益：

本集团管理此类金融资产的业务模式为既以收取合同现金流量为目标又以出售为目标，且此类金融资产的合同现金流量特征与基本借贷安排相一致。此类金融资产按照公允价值计量且其变动计入其他综合收益，但减值损失或利得、汇兑损益和按照实际利率法计算的利息收入计入当期损益。此类金融资产列示为其他债权投资，自资产负债表日起一年内(含一年)到期的其他债权投资，列示为一年内到期的非流动资产；取得时期限在一年内(含一年)的其他债权投资列示为其他流动资产。

以公允价值计量且其变动计入当期损益：

本集团将持有的未划分为以摊余成本计量和以公允价值计量且其变动计入其他综合收益的债务工具，以公允价值计量且其变动计入当期损益，列示为交易性金融资产。自资产负债表日起超过一年到期且预期持有超过一年的，列示为其他非流动金融资产。

权益工具

本集团将对其没有控制、共同控制和重大影响的权益工具投资按照公允价值计量且其变动计入当期损益，列示为交易性金融资产；自资产负债表日起预期持有超过一年的，列示为其他非流动金融资产。

此外，本集团将部分非交易性权益工具投资指定为以公允价值计量且其变动计入其他综合收益的金融资产，列示为其他权益工具投资。该类金融资产的相关股利收入计入当期损益。

二 主要会计政策和会计估计(续)

(二) 新金融工具准则(续)

(a) 金融资产(续)

(ii) 减值

本集团对于以摊余成本计量的金融资产、以公允价值计量且其变动计入其他综合收益的债务工具投资和财务担保合同等，以预期信用损失为基础确认损失准备。

本集团考虑有关过去事项、当前状况以及对未来经济状况的预测等合理且有依据的信息，以发生违约的风险为权重，计算合同应收的现金流量与预期能收到的现金流量之间差额的现值的概率加权金额，确认预期信用损失。

于每个资产负债表日，本集团对于处于不同阶段的金融工具的预期信用损失分别进行计量。金融工具自初始确认后信用风险未显著增加的，处于第一阶段，本集团按照未来 12 个月内的预期信用损失计量损失准备；金融工具自初始确认后信用风险已显著增加但尚未发生信用减值的，处于第二阶段，本集团按照该工具整个存续期的预期信用损失计量损失准备；金融工具自初始确认后已经发生信用减值的，处于第三阶段，本集团按照该工具整个存续期的预期信用损失计量损失准备。

对于在资产负债表日具有较低信用风险的金融工具，本集团假设其信用风险自初始确认后并未显著增加，按照未来 12 个月内的预期信用损失计量损失准备。

本集团对于处于第一阶段和第二阶段、以及较低信用风险的金融工具，按照其未扣除减值准备的账面余额和实际利率计算利息收入。对于处于第三阶段的金融工具，按照其账面余额减已计提减值准备后的摊余成本和实际利率计算利息收入。

对于因销售商品、提供劳务等日常经营活动形成的应收票据及应收账款，无论是否存在重大融资成分，本集团均按照整个存续期的预期信用损失计量损失准备。

当单项金融资产无法以合理成本评估预期信用损失的信息时，本集团依据信用风险特征将应收款项划分为若干组合，在组合基础上计算预期信用损失。

本集团将计提或转回的损失准备计入当期损益。对于持有的以公允价值计量且其变动计入其他综合收益的债务工具，本集团在将减值损失或利得计入当期损益的同时调整其他综合收益。

二 主要会计政策和会计估计(续)

(二) 新金融工具准则(续)

(a) 金融资产(续)

(iii) 终止确认

金融资产满足下列条件之一的，予以终止确认：(1) 收取该金融资产现金流量的合同权利终止；(2) 该金融资产已转移，且本集团将金融资产所有权上几乎所有的风险和报酬转移给转入方；(3) 该金融资产已转移，虽然本集团既没有转移也没有保留金融资产所有权上几乎所有的风险和报酬，但是放弃了对该金融资产控制。

其他权益工具投资终止确认时，其账面价值与收到的对价以及原直接计入其他综合收益的公允价值变动累计额之和的差额，计入留存收益；其余金融资产终止确认时，其账面价值与收到的对价以及原直接计入其他综合收益的公允价值变动累计额之和的差额，计入当期损益。

(b) 金融负债

金融负债于初始确认时分类为以摊余成本计量的金融负债和以公允价值计量且其变动计入当期损益的金融负债。

本集团的金融负债主要为以摊余成本计量的金融负债，包括应付票据及应付账款、其他应付款、借款及应付债券等。该类金融负债按其公允价值扣除交易费用后的金额进行初始计量，并采用实际利率法进行后续计量。期限在一年以下(含一年)的，列示为流动负债；期限在一年以上但自资产负债表日起一年内(含一年)到期的，列示为一年内到期的非流动负债；其余列示为非流动负债。

当金融负债的现时义务全部或部分已经解除时，本集团终止确认该金融负债或义务已解除的部分。终止确认部分的账面价值与支付的对价之间的差额，计入当期损益。

(c) 金融工具的公允价值确定

存在活跃市场的金融工具，以活跃市场中的报价确定其公允价值。不存在活跃市场的金融工具，采用估值技术确定其公允价值。在估值时，本集团采用在当前情况下适用并且有足够可利用数据和其他信息支持的估值技术，选择与市场参与者在相关资产或负债的交易中所考虑的资产或负债特征相一致的输入值，并尽可能优先使用相关可观察输入值。在相关可观察输入值无法取得或取得不切实可行的情况下，使用不可观察输入值。

六 分部信息

本集团的报告分部是提供不同产品或服务的业务单元。由于各种业务需要不同的技术和市场战略，因此，本集团分别独立管理各个报告分部的生产经营活动，分别评价其经营成果，以决定向其配置资源并评价其业绩。

本集团有 4 个报告分部，分别为：

- 房地产开发业务
- 投资性房地产经营
- 物业管理
- 其他业务分部

分部间转移价格参照向第三方销售所采用的价格确定。

资产根据分部的经营以及资产的所在位置进行分配，负债根据分部的经营进行分配，间接归属于各分部的费用按照收入比例在分部之间进行分配。

十一 或有事项

	2019 年 6 月 30 日	2018 年 12 月 31 日
业主按揭担保(a)	406,092,709	402,375,534
第三方融资担保(b)	8,985,466	15,488,581
合营企业融资担保(c)	20,954,942	12,347,305
	<u>436,033,117</u>	<u>430,211,420</u>

- (a) 本集团按相关规定为本集团物业单位若干买家的银行融资提供担保。该等担保在下列较早者终止：(i)出具房屋产权证，此证一般平均在担保登记完成后两至三年内出具；或(ii)物业买家按揭贷款支付完毕时。根据担保条款，在担保期间，若该等买家拖欠按揭还款时，本集团须向银行偿还买家拖欠的按揭本金连同应计利息及罚金。在支付本息和罚金后，本集团有权接收相关按揭物业的法定业权。

本集团管理层认为，该类担保合约在生效日的公允价值较小，而且一旦买家未能支付按揭款，相关房产的可变现净值足以弥补尚未支付的贷款本金、累计利息和罚金，管理层认为该类担保预期信用风险减值损失非常小，因此无需在财务报表中为该类担保提取准备。

- (b) 本集团根据合作方的履约历史，为部分独立于本集团的合作方(主要为施工分包商)提供融资担保。本集团密切关注此类担保融资的还款情况。管理层认为该类担保预期信用风险减值损失非常小，因此无需在财务报表中为该类担保提取准备。

- (c) 本集团为部分合营企业房地产项目开发借款提供融资担保。管理层认为该类担保预期信用风险减值损失非常小，因此无需在财务报表中为该类担保提取准备。

十二 资产负债表日后事项

于 2020 年 1 月 2 日，本公司股东会决议向全体股东分配利润 44,605,519,000 元。

本公司于 2020 年 1 月 8 日公开发行人公司债券，发行总额人民币 4,500,000,000 元，期限为 3 年。此债券采用单利按年计息，固定年利率为 6.98%，每年付息一次。

十三 金融工具及其风险

本集团的经营活动会面临各种金融风险：市场风险(主要为外汇风险和利率风险)、信用风险和流动风险。本集团整体的风险管理计划针对金融市场的不可预见性，力求减少对本集团财务业绩的潜在不利影响。

十三 金融工具及其风险(续)

(1) 市场风险

(a) 外汇风险

本集团的主要经营位于中国境内，主要业务以人民币结算。本集团之外币资产和负债及外币交易的计价货币主要为港币及美元，存在外汇风险。本集团财务部门负责监控公司外币交易和外币资产及负债的规模，以最大程度降低面临的外汇风险。截至 2019 年 6 月 30 日止六个月期间及 2018 年 6 月 30 日止六个月期间，本集团未签署任何远期外汇合约或货币互换合约。

于 2019 年 6 月 30 日及 2018 年 12 月 31 日本集团记账本位币为港元的公司持有的外币金融资产和外币金融负债均不重大。

于 2019 年 6 月 30 日及 2018 年 12 月 31 日，本集团记账本位币为人民币的公司持有的外币金融资产和外币金融负债折算成人民币的金额列示如下：

十三 金融工具及其风险(续)

(1) 市场风险(续)

(a) 外汇风险(续)

于 2019 年 6 月 30 日，对于本集团各类外币金融资产和外币金融负债，如果人民币对外币升值或贬值 2%，其他因素保持不变，则本集团净利润将增加或减少约 2,782,068,000 元(2018 年 12 月 31 日：净利润将增加或减少约 2,126,301,000 元)，对其他综合收益无影响。

(b) 利率风险

本集团的利率风险主要产生于长期带息债务。浮动利率的金融负债使本集团面临现金流量利率风险，固定利率的金融负债使本集团面临公允价值利率风险。本集团根据当时的市场环境来决定固定利率及浮动利率合同的相对比例。于 2019 年 6 月 30 日，本集团长期带息债务主要为人民币计价的浮动利率银行借款，金额为 126,819,902,000 元(2018 年 12 月 31 日：128,109,952,000 元)。

本集团总部财务部门持续监控集团利率水平。利率上升会增加新增带息债务的成本以及本集团尚未付清的以浮动利率计息的带息债务的利息支出，并对本集团的财务业绩产生重大的不利影响，管理层会依据最新的市场状况及时做出调整，这些调整可能是进行利率互换的安排来降低利率风险。于 2019 年 6 月 30 日及 2018 年 12 月 31 日本集团并无利率互换安排。

于 2019 年 6 月 30 日，如果以浮动利率计算的借款利率上升或下降 100 个基点，而其他因素保持不变，本集团的净利润将减少或增加约 951,149,000 元(2018 年 12 月 31 日：净利润将减少或增加约 960,825,000 元)。

(2) 信用风险

本集团对信用风险按组合分类进行管理。信用风险主要产生于银行存款与应收款项。

本集团银行存款主要存放于国有银行和其他大中型上市银行，本集团认为其不存在重大的信用风险，不会产生因对方单位违约而导致的任何重大损失。

此外，对于应收款项，本集团设定相关政策以控制信用风险敞口。本集团基于对客户的财务状况、从第三方获取担保的可能性、信用记录及其他因素诸如目前市场状况等评估客户的信用资质并设置相应信用期。本集团会定期对客户信用记录进行监控，对于信用记录不良的客户，本集团会采用书面催款、缩短信用期或取消信用期等方式，以确保本集团的整体信用风险在可控的范围内。

(3) 流动性风险

本集团对现金流量进行预测，并持续监控短期和长期的资金需求，以确保维持合理的现金储备；同时持续监控本集团是否符合借款协议的规定，从主要金融机构获得提供足够备用资金的承诺，以满足短期和长期的资金需求。

十四 公允价值估计

公允价值计量结果所属的层次，由对公允价值计量整体而言具有重要意义的输入值所属的最低层次决定：

第一层次：相同资产或负债在活跃市场上未经调整的报价。

第二层次：除第一层次输入值外相关资产或负债直接或间接可观察的输入值。

第三层次：相关资产或负债的不可观察输入值。

(1) 持续的以公允价值计量的资产

于 2019 年 6 月 30 日，持续的以公允价值计量的资产按上述三个层次列示如下：

	第一层次	第二层次	第三层次	合计
金融资产				
以公允价值计量且其变动 计入当期损益的金融资 产				
-交易性权益工具投资	186,653	-	-	186,653

十四 公允价值估计(续)

(1) 持续的以公允价值计量的资产(续)

于 2018 年 12 月 31 日，持续的以公允价值计量的资产按上述三个层次列示如下：

	第一层次	第二层次	第三层次	合计
金融资产				
以公允价值计量且其变动 计入当期损益的金融资 产				
-交易性权益工具投资	914,160	-	-	914,160
-理财产品	-	-	4,700	4,700

资产合计	<u>1,547,319</u>	<u>-</u>	<u>155,921,187</u>	<u>157,468,506</u>

本集团以导致各层次之间转换的事项发生日为确认各层次之间转换的时点。截至 2019 年 6 月 30 日止六个月期间，无第一层次与第二层次间的转换。

存在活跃市场的金融工具，以活跃市场中的报价确定其公允价值。

本集团参考独立第三方合资格评估师的评估报告确定投资性房地产的公允价值。投资性房地产公允价值的估值方法包括直接比较法、收益法与残值法，主要评估参数包括最终收益率、资本化率、预期空置率、市场租金、市场价格、预计成本与发展商利润率。

估值方法于截至 2019 年 6 月 30 日止六个月期间无变动。

(2) 不以公允价值计量但披露其公允价值的资产和负债

本集团以摊余成本计量的金融资产和金融负债主要包括：应收款项、短期借款、应付款项和长期借款等。

该等不以公允价值计量的金融资产和金融负债的账面价值与公允价值差异很小，由于折现的影响并不重大或者该长期借款按浮动利率计息。

(3) 存在活跃市场的应付债券，以活跃市场中的报价确定其公允价值，属于第一层次。长期借款、长期应付款以及不存在活跃市场的应付债券，以合同规定的未来现金流量按照市场上具有可比信用等级并在相同条件下提供几乎相同现金流量的利率进行折现后的现值确定其公允价值，属于第三层次。

十五 资本管理

本集团资本管理政策的目标是为了保障本集团能够持续经营，从而为股东提供回报，并使其他利益相关者获益，同时维持最佳的资本结构以降低资本成本。

为了维持或调整资本结构，本集团可能会调整支付给股东的股利金额、向股东返还资本、发行新股或出售资产以减低债务。

本集团的总资本为合并资产负债表中所列示的所有者权益。本集团不受制于外部强制性资本要求，利用资产负债比率监控资本。

于 2019 年 6 月 30 日及 2018 年 12 月 31 日，本集团的资产负债比率列示如下：

	2019 年 6 月 30 日	2018 年 12 月 31 日

(6) 金融工具及其风险

本公司的经营活动会面临各种金融风险：市场风险(主要为利率风险)、信用风险和流动风险。本公司整体的风险管理计划针对金融市场的不可预见性，力求减少对本公司财务业绩的潜在不利影响。

(a) 市场风险

利率风险

本公司的利率风险主要产生于长期带息债务。浮动利率的金融负债使本公司面临现金流量利率风险，固定利率的金融负债使本公司面临公允价值利率风险。本公司根据当时的市场环境来决定固定利率及浮动利率合同的相对比例。2019 年 6 月 30 日，本公司长期带息债务主要为浮动利率计价的银行借款，金额为 3,541,400,000 元(2018 年 12 月 31 日为 8,109,400,000 元)。

本公司财务部门持续监控集团利率水平。利率上升会增加新增带息债务的成本以及本公司尚未付清的以浮动利率计息的带息债务的利息支出，并对本公司的财务业绩产生重大的不利影响，管理层会依据最新的市场状况及时做出调整，这些调整可能是进行利率互换的安排来降低利率风险。于 2019 年 6 月 30 日及 2018 年 12 月 31 日本公司并无利率互换安排。

于 2019 年 6 月 30 日，如果以浮动利率计算的借款利率上升或下降 100 个基点，而其他因素保持不变，本公司的净利润将减少或增加约为 17,357,000 元(2018 年 12 月 31 日：将减少或增加净利润 47,888,000 元)。

(b) 信用风险

本公司对信用风险按组合分类进行管理。信用风险主要产生于银行存款及应收款项。

本公司银行存款主要存放于国有银行和其他大中型上市银行，本公司认为其不存在重大的信用风险，不会产生因对方单位违约而导致的任何重大损失。

此外，对于应收款项，本公司设定相关政策以控制信用风险敞口。本公司基于对客户的财务状况、从第三方获取担保的可能性、信用记录及其他因素诸如目前市场状况等评估客户的信用资质并设置相应信用期。本公司会定期对客户信用记录进行监控，对于信用记录不良的客户，本公司会采用书面催款、缩短信用期或取消信用期等方式，以确保本公司的整体信用风险在可控的范围内。

(c) 流动性风险

本公司金融资产包括以公允价值计量且其变动计入当期损益的金融资产、应收款项和可供出售金融资产。金融负债包括应付款项、借款及应付债券。

本公司对现金流量进行预测，并持续监控短期和长期的资金需求，以确保维持充裕的现金储备。同时持续监控本公司是否符合借款协议的规定，从主要金融机构获得提供足够备用资金的承诺，以满足短期和长期的资金需求。

Auditor's Report

PwC ZT Shen Zi (2019) No. 24052
(Page 1 of 3)

To the Board of Directors of Hengda Real Estate Group Company Limited,

Opinion

What we have audited

We have audited the accompanying financial statements of Hengda Real Estate Group Company Limited (hereinafter "the Company"), which comprise:

- the consolidated and company balance sheets as at 31 December 2018;
- the consolidated and company income statements for the year then ended;
- the consolidated and company cash flow statements for the year then ended;
- the consolidated and company statements of changes in owners' equity for the year then ended; and
- notes to the financial statements.

Our opinion

In our opinion, the accompanying financial statements present fairly, in all material respects, the consolidated and company's financial position of the Company as at 31 December 2018, and their financial performance and cash flows for the year then ended in accordance with the requirements of Accounting Standards for Business Enterprises ("CASs").

Basis for Opinion

We conducted our audit in accordance with China Standards on Auditing ("CSAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the Company in accordance with the Code of Ethics for Professional Accountants of the Chinese Institute of Certified Public Accountants ("CICPA Code"), and we have fulfilled our other ethical responsibilities in accordance with the CICPA Code.

Other Information

Management of the Company is responsible for the other information. The other information comprises all of the information included in 2018 annual report of the Company other than the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

Other Information (Continued)

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management of the Company is responsible for the preparation and fair presentation of these financial statements in accordance with the CASs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing these financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether these financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with CSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with CSAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in these financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

3 Statement of compliance with the Accounting Standard for Business Enterprises

The financial statements of the Company for the year ended 31 December 2018 are in compliance with the CAS, and truly and completely present the consolidated and company's financial position of the Company as at 31 December 2018 and their financial performance, cash flows and other information for the year then ended.

4 Significant accounting policies and accounting estimates

(1) Accounting year

The Company's accounting year starts on 1 January and ends on 31 December.

(2) Functional currency

The Company's recording currency is Renminbi (RMB). The subsidiaries of the Company decide their own recording currencies in accordance with the economic environment in which they operate. Apart from Pioneer Time Investment Limited whose functional currency is Hong Kong Dollar ("HKD"), the other subsidiaries adopt RMB as their functional currencies. The financial statements are presented in RMB.

(3) Foreign currency translation

(a) Foreign currency transactions

Foreign currency transactions are translated into RMB using the exchange rates prevailing at the dates of the transactions.

At the balance sheet date, monetary items denominated in foreign currencies are translated into RMB using the spot exchange rates on the balance sheet date. Exchange differences arising from these translations are recognised in profit or loss, except for those attributable to foreign currency borrowings that have been taken out specifically for acquisition or construction of qualifying assets, which are capitalised as part of the cost of those assets. Non-monetary items denominated in foreign currencies that are measured at historical costs are translated at the balance sheet date using the spot exchange rates at the date of the transactions. The effect of exchange rate changes on cash are presented separately in the cash flow statement.

(b) Translation of foreign currency financial statements

The asset and liability items in the balance sheets for overseas operations are translated at the spot exchange rates on the balance sheet date. Among the owners' equity items, the items other than "undistributed profits" are translated at the spot exchange rates of the transaction dates. The income and expense items in the income statements of overseas operations are translated at the spot exchange rates of the transaction dates. The differences arising from the above translation are presented in other comprehensive income. The cash flows of overseas operations are translated at the spot exchange rates on the dates of the cash flows. The effect of exchange rate changes on cash is presented separately in the cash flow statement.

(4) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, deposits that can be readily drawn on demand, and short-term and highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(5) Financial assets

Financial assets are classified into the following categories at initial recognition: financial assets at fair value through profit or loss, held-to-maturity investments, receivables and available-for-sale financial assets. The classification of financial assets depends on the Group's intention and ability to hold the financial assets. During the reporting period, the financial assets of the Group include financial assets at fair value through profit or loss, receivables and available-for-sale financial assets.

(a) Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss include financial assets held for trading in the short term.

(b) Receivables

Receivables, including accounts receivable and other receivables, are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market (Note 4(7)).

(c) Available-for-sale financial assets

Available-for-sale financial assets are non-derivatives that are either designated in this category or not classified in any of the other categories at initial recognition. They are included in other current assets on the balance sheet within 12 months from the balance sheet date.

(d) Recognition and measurement

Financial assets are recognised at fair value on the balance sheets when the Group becomes a party to the contractual provisions of the financial instrument. In the case of financial assets at fair value through profit or loss, the related transaction costs incurred at the time of acquisition are recognised in profit or loss for the current period. For other financial assets, transaction costs that are attributable to acquisition of the financial assets are included in their initially recognised amounts. Financial assets are derecognised when the contractual rights to receive cash flows from the investments have expired, or all the substantial risks and rewards of ownership of the financial asset have been transferred.

Financial assets at fair value through profit or loss and available-for-sale financial assets are subsequently measured at fair value. Investments in equity instruments are measured at cost when they do not have a quoted market price in an active market and whose fair value cannot be reliably measured. Receivables are subsequently measured at amortised cost using the effective interest method.

Gains or losses arising from change in the fair value of financial assets at fair value through profit or loss are recognised in profit or loss. Interest or cash dividends received during the period in which such financial assets are held, as well as the gains or losses arising from disposal of these assets are recognised in profit or loss for the current period.

Gains or losses arising from change in fair value of available-for-sale financial assets are recognised directly in owners' equity, except for impairment losses and foreign exchange gains and losses arising from translation of monetary financial assets. When such financial assets are derecognised, the cumulative gains or losses previously recognised directly into equity are recycled into profit or loss for the current period. Interest on available-for-sale investments in debt instruments calculated using the effective interest method during the period in which such investments are held and cash dividends declared by the investee on available-for-sale investments in equity instruments are recognised as investment income, which is recognised in profit or loss for the period.

(5) Financial assets (Continued)

(e) Impairment of financial assets

The Group assesses the carrying amounts of financial assets other than those at fair value through profit or loss at each balance sheet date. If there is objective evidence that a financial asset is impaired, an impairment loss is provided for.

For the impairment on a financial asset carried at amortised cost has occurred, the amount of the impairment loss is provided for at the difference between the asset's carrying amount and the present value of its estimated future cash flows (excluding future credit losses that have not been incurred). If there is objective evidence that the value of the financial asset recovered and the recovery is related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed and the amount of reversal is recognised in profit or loss.

If there is objective evidence that an impairment loss on available-for-sale financial assets measured at fair value incurred, the cumulative loss arising from the decline in fair value that had been recognised directly in equity are removed from equity and recognised as impairment loss. For an investment in debt instrument classified as available-for-sale on which the impairment loss has been recognised, if, in a subsequent period, its fair value increases and the increase can be objectively related to an event occurring after the impairment loss was recognised, the previously recognised impairment loss is reversed through profit or loss for the current period. For an investment in an equity instrument classified as available-for-sale on which the impairment loss has been recognised, the increase in its fair value in a subsequent period is recognised directly in equity.

If an impairment loss on an available-for-sale financial asset measured at cost incurs, the amount of loss is measured at the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the current market rate of return for similar financial assets. The previously recognised impairment loss will not be reversed in subsequent periods.

(f) Derecognition of financial assets

A financial asset is derecognised when one of the following is fulfilled: (1) the contractual rights to receive the cash flows from the financial asset have expired; (2) the financial assets is transferred and all the substantial risks and rewards from the ownership of the financial asset have been transferred; (3) the financial asset is transferred, and even if risks and rewards from the ownership of the financial asset are neither transferred or maintained by the Group, the Group loses control over the financial asset.

Once a financial asset is derecognised, the difference between its carrying amount and its consideration received as well as the accumulative amount of changes in fair value which is recognised in other comprehensive income is recognised in profit or loss.

(6) Financial liabilities

Financial liabilities are classified into the following categories at initial recognition: financial liabilities at fair value through profit or loss and other financial liabilities. The financial liabilities of the Group mainly comprise other financial liabilities, including payables, borrowings and bonds payable.

Payables, including accounts payable and other payables, are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

Borrowings and bonds payable are recognised initially at fair value, net of transaction costs incurred, and subsequently measured at amortised cost using the effective interest method.

Other financial liabilities with maturities within one year (inclusive) are classified as current liabilities. Other financial liabilities with maturities over one year but are due within one year (inclusive) from the balance sheet date are classified as the current portion of non-current liabilities. Others are classified as non-current liabilities.

A financial liability is derecognised or partially derecognised when the current obligation is discharged or partially discharged. The difference between the carrying amount of the derecognised financial liabilities and the consideration paid is recognised in profit or loss.

Financial assets and financial liabilities are separately presented in consolidated balance sheets with no offsetting, except when:

(a) the Company has a legally enforceable right to offset a certain amounts;

(b) the Company has intention to settle on a net basis, or realise the assets and settle the liabilities simultaneously.

(7) Receivables

Receivables comprise accounts receivable and other receivables. Accounts receivable arising from sales of goods or rendering of services are initially recognised at fair value of the contractual payments from the customers or service recipients.

(a) Receivables with amounts that are individually significant and subject to separate assessment for impairment.

Receivables with amounts that are individually significant are subject to separate assessment for impairment. If there are objective evidences that the Group will not be able to receive the amount under the original terms, provision for bad debts should be made.

Individual accounts receivable with amounts greater than RMB10,000,000 or other receivables with amounts greater than RMB30,000,000 are regarded as significant.

Provision for bad debts of receivables with amount that is individually significant and subject to separate assessment for impairments is made at the difference between its carrying amount and the present value of estimated future cash flows.

(b) Provision for bad debts of receivables with similar credit risk

Receivables with amounts that are not individually significant and those receivables that have been individually assessed for impairment and have not been impaired are classified into certain groupings based on their credit risk characteristics. Provision for bad debts is determined based on the historical loss experience for groupings of receivables with similar credit risk, taking into consideration of the current circumstances.

Receivables with similar credit risk are grouped by:

Item	Method for making provision
Receivables from sales of property	No provision is made based on the historical loss experience.
Receivables from related parties within consolidation scope	No provision is made based on the historical loss experience.
Receivables from related parties out of consolidation scope	Bad debt provision is made at 1% based on the percentage of balances.
Receivables from non-controlling interests	Bad debt provision is made at 1% based on the percentage of balances.
Deposits and petty cash	No provision is made based on the historical loss experience.
Bank acceptance	No provision is made based on the historical loss experience.
Others	Provision is made based on ageing analysis.

Provision for bad debts of receivables are based on ageing analysis which are listed as below:

	Provision ratio for accounts receivable	Provision ratio for other receivables
Within 1 year	1%	1%
1 to 2 years	2%	2%
Over 2 years	5%	5%

(7) Receivables (Continued)

- (c) Receivables with amounts that are individually insignificant but subject to separate assessment for impairment

The reason for separate assessment for impairment is that there exists objective evidence that the Group will not be able to collect the amount under the original terms.

Provision for bad debts of receivables is made at the difference between the carrying amount and the present value of estimated future cash flows.

- (d) When the Group transfers the accounts receivable to the financial institutions without right of recourse, the difference between the proceeds received from the transaction and their carrying amounts along with related taxes charge are recognised in profit or loss.

(8) Inventories

Inventories are categorised by real estate properties and non-real estate properties. Real estate properties include developed properties and properties under development. Non-real estate properties are goods and others.

A developed property represents one that is developed and ready for sale. A property under development refers to a property that is not completely developed and is held for sale purpose.

Inventories are initially measured at cost. As at the balance sheet date, inventories are measured at the lower of cost and net realisable value.

Costs of real estate properties include costs of land, construction costs, and other direct and indirect development costs. Borrowing costs that are eligible for capitalization are included in the costs of real estate properties.

Provision for impairment of inventories is determined at the excess amount of the carrying amounts of the inventories over their net realisable value. Net realisable value is determined based on the estimated selling price in the ordinary course of business less the estimated costs to completion and estimated costs necessary to the sales and related taxes charge.

(9) Long-term equity investments

Long-term equity investments comprise the Company's investments in its subsidiaries and the Group's investments in its joint ventures and associates.

Subsidiaries are the investees over which the Company is able to exercise control. Joint ventures are under joint arrangement which is structured through a separate vehicle over which the Group has joint control together with other parties and with the rights to the net assets of the arrangement based on legal forms, contractual terms and other facts and circumstances. Associates are the investee over which the Group has significant influence on its financial and operating policy decisions.

Investments in subsidiaries are accounted for at cost less impairment method and are adjusted to the equity method when preparing the consolidated financial statements. Investments in joint ventures and associates are accounted for using the equity method.

(9) Long-term equity investments (Continued)

(a) Recognition of the cost

For the long-term equity investments acquired by business combinations, where it's acquired by business combinations involving enterprises under common control, the cost of investment is recognised at the share of the carrying value of the owners' equity of the acquiree on the consolidated financial statements of the ultimate controller at the date of acquisition; where it's acquired by business combinations not under common control, the cost of investments is recognised at the considerations of combinations.

For the long-term equity investments acquired by methods other than business combinations, if it's acquired by cash, the cost of investments is initially recognised at the actual payment. If it is acquired by the issuance of equity securities, the fair value of which is initially recognised as the investment cost.

(b) Subsequent measurement and recognition of profit or loss

Long-term equity investments accounted for using the cost method are measured at initial investment cost. Cash dividends or profit distributions declared by the investees are recognised as investment income in profit or loss.

For long-term equity investments accounted for using the equity method, where the initial investment cost exceeds the Group's share of the fair value of the investee's identifiable net assets at the date of acquisition, the investment is initially measured at that cost. Where the initial investment cost is less than the Group's share of the fair value of the investee's identifiable net assets at the time of acquisition, the difference is included in profit or loss and the cost of the long-term equity investments is adjusted upwards accordingly.

For investments accounted for using equity method, the Group recognises the investment income according to its share of net profit or loss of the investee. The Group does not recognise further losses when the carrying amounts of the long-term equity investment together with any long-term interests that, in substance, form part of the Group's net investment in investees are reduced to zero. However, if the Group has obligations for additional losses and the criteria with respect to recognition of provisions are satisfied, the Group continues recognising the investment losses and the provisions at the amount it expects to undertake. The Group's share of the changes in investee's owners' equity other than those arising from the net profit or loss, other comprehensive income and profit distribution is recognised in capital surplus with a corresponding adjustment to the carrying amounts of the long-term equity investment. The carrying amount of the investment is reduced by the Group's share of the profit distribution or cash dividends declared by the investees. Unrealised gains or losses on transactions between the Group and its investees are eliminated to the extent of the Group's equity interest in the investees, based on which the investment income or losses are recognised. Any losses resulting from transactions between the Group and its investees attributable to asset impairment losses are not eliminated.

(c) Basis for recognition of control, common control and significant influence over the investee

Control refers to the right over the investee, to participate in the relevant activities of the investee and entitle to a variable return, and the ability to exercise its power over the investee to influence the amount of return.

Joint control refers to a share of control over an arrangement in accordance with a related agreements, and the relevant activities of the arrangement must be agreed by the Group and other parties which share the right of joint control over the investee.

Significant influence refers to the right over the investee, to participate in decisions making of the investee on its financial and operating policies, but not control or be able to common control the decisions making process together with other parties.

(d) Impairment of long-term equity investments

For a long-term equity investment in subsidiaries, joint ventures or associates, its carrying amount is written down immediately to its recoverable amount if its carrying amount is greater than its estimated recoverable amount (Note 4(16)).

(10) Investment properties

Investment properties, including land use rights that have already been leased out, buildings that are held for the purpose of leasing and buildings that are being constructed or developed for future use for leasing, are measured initially at cost. Subsequent expenditures incurred in relation to an investment property are included in the cost of the investment property when it is probable that the associated economic benefits will flow to the Group and their costs can be reliably measured; otherwise, the expenditures are recognised in profit or loss for the period in which they are incurred.

Investment properties are subsequently measured using the fair value model and are not depreciated or amortised. The carrying amount of investment properties is adjusted based on their fair value at the balance sheet date, and the difference between the fair value and the original carrying amount is recognised in profit or loss.

When an investment property is transferred to owner-occupied properties, it is reclassified as property, equipment and plant or intangible asset at the date of the transfer with the carrying amount determined at the fair value of the investment property at the date of the transfer, and the difference between the fair value and the original carrying amount of the investment property is recognised in profit or loss for the current period. When an owner-occupied property is transferred out for earning rentals or for capital appreciation, the property, equipment and plant or intangible asset is transferred to investment properties with the carrying amount determined at the fair value at the date of the transfer. If the fair value at the date of the transfer is less than the original carrying amount of the property, equipment and plant or the intangible asset, the difference is recognised in profit or loss for the current period; otherwise, it is included in other comprehensive income.

An investment property is derecognised on disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from its disposal. The net amount of proceeds from sale, transfer, retirement or damage of an investment property after its carrying amount and related taxes and expenses is recognised in profit or loss for the current period.

(11) Property, equipment and plant

(a) Initial recognition and measurement of property, equipment and plant

Property, equipment and plant comprise buildings, machinery and equipment, motor vehicles and office equipment. Property, equipment and plant purchased or constructed by the Group are initially measured at cost.

Subsequent expenditures incurred for property, equipment and plant are included in the cost of the property, equipment and plant when it is probable that the associated economic benefits will flow to the Group and the related cost can be reliably measured. The carrying amount of the replaced part is derecognised. All the other subsequent expenditures are recognised in profit or loss for the period in which they are incurred.

Property, equipment and plant are depreciated using the straight-line method to allocate the cost of the assets to their estimated residual values over their estimated useful lives. For the property, equipment and plant that have been provided for impairment loss, the related depreciation charge is prospectively determined based upon the adjusted carrying amounts over their remaining useful lives.

(b) Depreciation of property, equipment and plant

Property, equipment and plant are depreciated using the straight-line method to allocate the cost of the assets to their estimated residual values over their estimated useful lives. For the property, equipment and plant that have been provided for impairment loss, the related depreciation charge is prospectively determined based upon the adjusted carrying amounts over their remaining useful lives.

The estimated useful lives, the estimated residual values expressed as a percentage of cost and the annual depreciation rates of property, equipment and plant are as follows:

	Estimated useful lives	Estimated residual values	Annual depreciation rates
Buildings	15 - 30 years	5%	3% - 6%
Machinery and equipment	5 - 10 years	3%	10% - 19%
Motor vehicles	5 - 10 years	5%	10% - 19%
Office equipment	5 - 10 years	5%	10% - 19%

The estimated useful life and the estimated net residual value of property, equipment and plant and the depreciation method applied to the asset are reviewed, and adjusted as appropriate at each year-end.

(c) The carrying amount of property, equipment and plant is written down immediately to their recoverable amount if the carrying amount is greater than the recoverable amount (Note 4(16)).

(d) Disposal of property, equipment and plant

Property, equipment and plant are derecognised on disposal or when no future economic benefits are expected from their use or disposal. The amount of proceeds from disposals on sale, transfer, retirement or damage of the property, equipment and plant net of their carrying amount and related taxes and expenses is recognised in profit or loss.

(12) Construction in progress

Construction in progress is measured at actual cost. Actual cost comprises construction costs, installation costs, borrowing costs that are eligible for capitalisation and other costs necessary to bring the property, equipment and plant ready for their intended use. Construction in progress is transferred to property, equipment and plant when the assets are ready for their intended use, and depreciation is charged starting from the following month. The carrying amount of a construction in progress is written down immediately to its recoverable amount if its carrying amount is greater than its estimated recoverable amount (Note 4(16)).

(13) Intangible assets

Intangible assets comprise land use rights, software licenses and others. Intangible assets are measured at cost and amortised evenly over their estimated useful lives.

(a) Land use rights

Land use rights are amortised on the straight-line basis over their approved use period of 40-70 years. If the acquisition costs of the land use rights and the buildings located thereon cannot be reasonably allocated between the land use rights and the buildings, all of the acquisition costs are recognised as property, equipment and plant.

(b) Software licenses

The software licenses purchased by the Group are measured at actual cost and amortised evenly over their useful lives.

(c) Periodical review of useful life and amortisation method

For an intangible asset with a finite useful life, review of its useful life and amortisation method is performed by the Group at each year-end, with adjustment made as appropriate.

The estimated useful lives, estimated residual values and annual amortisation rates of intangible assets are as follows:

	Estimated useful lives	Estimated residual values	Annual amortisation rates
Land use rights	40 - 70 years	0%	1.43% - 2.50%
Others	3 - 20 years	0%	5% - 33.33%

(14) Goodwill

Goodwill arises on the acquisition of subsidiaries represents the excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the identified net assets acquired.

(15) Long-term prepaid expenses

Long-term prepaid expenses are expenditures for improvements to property, equipment and plant under operating leases. Long-term prepaid expenses are amortised on the straight-line basis over the expected beneficial period and are presented at actual expenditure net of accumulated amortisation.

(16) Impairment of long-term assets

Property, equipment and plant, construction in progress, intangible assets with finite useful lives, long-term prepaid expenses and investments in subsidiaries, joint ventures and associates are subject to impairment tests if there is any indicator that the assets may be impaired at the balance sheet date. If the result of the impairment test indicates that the recoverable amount of an asset is less than its carrying amount, a provision for impairment and an impairment loss are recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and the present value of the future cash flows expected to be derived from the asset. Provision for asset impairment is determined and recognised on the individual asset basis. If it is not possible to estimate the recoverable amount of an individual asset, the recoverable amount of a group of assets to which the asset belongs is determined. An assets group is the smallest group of assets that is able to generate independent cash inflows.

Goodwill that is separately presented in the financial statements is tested at least annually for impairment, irrespective of whether there is any indicator that it may be impaired. In conducting the test, the carrying value of goodwill is allocated to the related asset group or groups of asset groups which are expected to benefit from the synergies of the business combination. If the result of the test indicates that the recoverable amount of an asset group or a group of asset groups, including the allocated goodwill is lower than its carrying amount, the corresponding impairment loss is recognised. The impairment loss is first deducted from the carrying amount of goodwill that is allocated to the asset group or group of asset groups, and then deducted from the carrying amounts of other assets within the asset group or group of asset groups in proportion to the carrying amounts of assets other than goodwill.

Once the above asset impairment loss is recognised, it will not be reversed for the value recovered in the subsequent periods.

(17) Borrowing costs

The borrowing costs that are directly attributable to acquisition and construction of an asset that needs a substantially long period of time for its intended use commence to be capitalised and recorded as part of the cost of the asset when expenditures for the asset and borrowing costs have been incurred, and the activities relating to the acquisition and construction that are necessary to prepare the asset for its intended use have commenced. The capitalisation of borrowing costs ceases when the asset under acquisition or construction becomes ready for its intended use and the borrowing costs incurred thereafter are recognised in profit or loss for the current period. Capitalisation of borrowing costs is suspended during periods in which the acquisition or construction of an asset is interrupted abnormally and the interruption lasts for more than 3 months, until the acquisition or construction is resumed.

The capitalised amount of specific borrowings intended to be used for the acquisition and construction of qualifying assets is determined by the interest expenses incurred in the period less interest income of the unused borrowings deposited at bank or investment income from temporary investment.

The capitalised amount of general borrowings intended to be used for the acquisition and construction of qualifying assets is determined by the weighted average of the excess of accumulated capital expenditure over capital expenditure of the special borrowings multiplied by the weighted average effective interest rate of the utilised general borrowings. The effective interest rate is the one at which the future cash flows of the borrowings over the estimated life or a shorter applicable period are discounted into the initial recognised amount of the borrowings.

(18) Borrowings

Borrowings are recognised initially at fair value, net of transaction costs incurred, and subsequently measured at amortised cost using the effective interest method. Borrowings of which the period is within one year (inclusive) are classified as the short-term borrowings, and the others are classified as long-term borrowings.

(19) Employee benefits

Employee benefits refer to consideration or compensation given by the Group in exchange for service rendered by employees or for termination of employment, which include short-term employee benefits, post-employment benefits and wages and salaries of employees benefited by China Evergrande.

(a) Short-term employee benefits

Short-term employee benefits include wages or salaries, bonus, allowances and subsidies, staff welfare, premiums or contributions on medical insurance, work injury insurance and maternity insurance, housing funds, union running costs and employee education costs and etc. The short-term employee benefits actually occurred are recognised as a liability in the accounting period in which the service is rendered by the employees, with a corresponding charge to the profit or loss for the current period or the cost of relevant assets. Non-monetary benefits are measured at fair value.

(b) Post-employment benefits

The Group classifies post-employment benefit plans as either defined contribution plans or defined benefit plans. Defined contribution plans are post-employment benefit plans under which the Group pays fixed contributions into a separate fund and will have no obligation to pay further contributions; and defined benefit plans are post-employment benefit plans other than defined contribution plans. During the reporting period, the Group's post-employment benefits mainly include the premiums or contributions on basic pensions and unemployment insurance, both of which belong to defined contribution plans.

(c) Post-retirement benefits

The Group's employees participate in post-retirement benefits plan set up and administered by local authorities of Ministry of Human Resource and Social Security. Monthly payments of premiums on the basic pensions are calculated according to the bases and percentage prescribed by the relevant local authorities. When employees retire, the relevant local authorities are obliged to pay the basic pensions to them. The amounts based on the above calculations are recognised as liabilities in the accounting period in which the service has been rendered by the employees, with a corresponding charge to the profit or loss or the cost of relevant assets.

(d) Termination benefits

Termination benefits are payable when employment is terminated before the normal retirement date, or whenever an employee accepts voluntary redundancy in exchange for these benefits. The Group recognises termination benefits when it is demonstrably committed to either: terminating the employment of current employees according to a detailed formal plan without possibility of withdrawal; or providing termination benefits as a result of an offer made to encourage voluntary redundancy.

The termination benefits expected to be settled within 12 months since the balance sheet date are classified as current liabilities.

(20) Construction contracts

If the outcome of a construction contract can be estimated reliably, contract revenue and cost should be recognised with reference to the percentage of completion method at the balance sheet date. The term “the outcome of a construction contract can be estimated reliably” refers to the fact where the total revenue of the contract can be estimated reliably, the economic benefits associated with the contract will flow to the Company, the progress of completion and the cost necessary to complete the contract can be determined reliably at the balance sheet date, and the actual contract cost incurred for the completion of the contract can be differentiated clearly and measured reliably to compare the actual contract cost with the previous estimated cost.

The percentage of completion is measured by the stage of completed workload to the estimated total workload of the contract or the surveying progress of the completed workload, or the proportion of contract cost actually incurred to the estimated total contract cost.

For construction contract completed in the current period, the total actual contract revenue is recognised as revenue for the period after deducting the accumulated revenue recognised in prior years. Meanwhile, the accumulated actual contract cost is recognised as cost for the period after deducting the accumulated cost recognised in prior years.

When the outcome of a construction contract cannot be estimated reliably, if the contract cost can be recovered, the contract revenue shall be recognised only to the extent that the contract cost incurred is expected to be recovered, with the contract cost recognised as expense in the period in which it is incurred. When the contract cost cannot be recovered, such cost shall be recognised as expense promptly as incurred and no contract revenue may be recognised.

In the case where the estimated total contract cost exceeds the estimated total contract revenue, the estimated loss is recognised in profit or loss for the current period..

(21) Deferred tax assets and liabilities

Deferred tax assets and liabilities are calculated and recognised based on the differences arising between the tax bases of assets and liabilities and their carrying amounts (temporary differences). Deferred tax asset is recognised for the deductible tax losses that can be carried forward to subsequent years for deduction of the taxable profit in accordance with the tax laws. No deferred tax liabilities is recognised for a temporary difference arising from the initial recognition of goodwill. No deferred tax assets or liabilities is recognised for the temporary differences resulting from the initial recognition of assets or liabilities due to a transaction other than a business combination, which affects neither accounting profit nor taxable profit (or deductible loss). At the balance sheet date, deferred tax assets and deferred tax liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled.

Deferred tax assets are only recognised for deductible temporary differences, deductible losses and tax credits to the extent that it is probable that taxable profit will be available in the future against which the deductible temporary differences, deductible losses and tax credits can be utilised.

Deferred tax liabilities are recognised for temporary differences arising from investments in subsidiaries, joint ventures and associates, except where the Group is able to control the timing of reversal of the temporary difference, and it is probable that the temporary difference will not reverse in the foreseeable future. When it is probable that the temporary differences arising from investments in subsidiaries and joint ventures will be reversed in the foreseeable future and that the taxable profit will be available in the future against which the temporary differences can be utilised, the corresponding deferred tax assets are recognised.

Deferred tax assets and liabilities are offset when:

- the deferred taxes are related to the same tax payer within the Group and the same taxation authority jurisdiction; and,
- that tax payer within the Group has a legally enforceable right to offset the current tax assets against liabilities.

(22) Revenue recognition

The amount of revenue is determined in accordance with the fair value of the consideration received or receivable for the sales of goods and provision of services in the ordinary course of the Group's activities. Revenue is stated net of discounts, rebates and returns.

Revenue is recognised when it's probable that the economic benefits associated with the transaction will flow to the Group, the related revenue can be reliably measured, and the specific criteria of revenue recognition have been met for each type of the Group's activities as described below:

(a) Sales of properties

Revenue from sales of properties is recognised when the risks and rewards of properties are transferred to the purchasers, which is when the construction of relevant properties has been completed and the properties have been delivered to the purchasers and collectability of related receivables is reasonably assured. To the extent that the Group has to perform further work on the properties already delivered to the purchasers, the relevant expenses shall be recognised simultaneously.

Deposits and installments received on properties sold are included in advances from customers when the specific criteria of revenue recognition is not met, and recognised in revenue when such criteria is met.

(b) Sales of goods

The Group manufactures and sells of construction materials. Revenue from sales of goods is recognised when the products have been delivered to the customers.

(c) Rendering of services

Revenue arising from property management is recognised in the accounting period in which the services are rendered, using a straight-line basis over the term of the contract.

(d) Hotel operations

Hotel revenue from room rentals, food and beverage sales and other ancillary services is recognised when the goods are delivered or services are rendered.

(e) Construction services

For the accounting policies in relation to the revenue recognition of construction services, please refer to Note 4(20).

(23) Government Grants

Government grants refer to the monetary or non-monetary assets obtained by the Group from the government, including tax return, financial subsidy and etc.

Government grants are recognised when the grants can be received and the Group can comply with all attached conditions. If a government grant is a monetary asset, it will be measured at the amount received or receivable. If a government grant is a non-monetary asset, it will be measured at its fair value. If it is unable to obtain its fair value reliably, it will be measured at its nominal amount.

Government grants related to assets refer to government grants which are obtained by the Group for the purposes of purchase, construction or acquisition of the long-term assets. Government grants related to income refer to the government grants other than those related to assets.

(23) Government Grants (Continued)

Government grants related to assets are deducted against the carrying amount of the assets. Government grants related to income that compensate the future costs, expenses or losses are recorded as deferred income and recognised in profit or loss, or deducted against related costs, expenses or losses in reporting the related expenses; government grants related to income that compensate the incurred costs, expenses or losses are recognised in profit or loss, or deducted against related costs, expenses or losses directly in current period. The Group consistently applies similar presentation to the government grants.

Government grants that are related to ordinary activities are included in operating profit, otherwise, they are recorded in non-operating income or expenses.

(24) Maintenance funds and quality deposits

The maintenance fund is recognised in accordance with relevant local regulations, based on a certain proportion of the total selling price of the properties, or an established standard for by square meter for the multi-story buildings.

Quality deposits are generally reserved on certain proportion of construction project payment and will be paid to the construction vendors after the inspection and approval of completion of the property as well as the prescribed quality guarantee period during which no quality issue incur.

(25) Leases

A lease that transfers in substance all the risks and rewards incident to ownership of an asset is classified as a finance lease. An operating lease is a lease other than a finance lease.

(a) Finance Lease

As the lessor, the Group records the sum of the minimum lease payments and the initial direct cost as the finance lease receivables on the inception date of lease, and records the unguaranteed residual value. The difference between the aggregate of the minimum lease receipts, the initial direct costs and the unguaranteed residual value and their present value is recognised as unrealised finance income. The unrealised finance income is amortised using the effective interest rate method over the period of the lease.

(b) Operating leases

Lease payments under an operating lease are recognised on a straight-line basis over the period of the lease, and are charged as an expense for the current period.

Rental income from an operating lease is recognised on a straight-line basis over the period of the lease.

(26) Financial guarantee contract

Financial guarantee contracts are accounted for as financial liabilities, which are initially recognised at fair values plus transaction costs that are directly attributable to the acquisition or issuance of the financial guarantee liabilities. After initial recognition, such liabilities are measured subsequently at the higher of the present value of the best estimate of the expenditure required to settle the present obligation and the amount initially recognised less cumulative amortisation of fees recognised.

Financial guarantee liabilities are derecognised from the balance sheets when and only when the obligation specified in the contract is discharged or cancelled or expired.

(27) Dividend distribution

Dividend distribution to the equity holders of the Company is recognised as a liability in the Group's and the Company's financial statements in the period in which the dividends are approved by board of directors.

(28) Business combinations

(a) Business combinations under common control

The consideration paid and net assets obtained by the absorbing party in a business combination are measured at the carrying amount. If the acquire is acquired by the ultimate controller from a third party in the previous year, the assets and liabilities (including the goodwill incurred by the acquisition of the acquire by the ultimate controller) on the consolidation financial statements of the ultimate controller are measured at the carrying value. The difference between the carrying amount of the net assets obtained from the combination and the carrying amount of the consideration paid for the combination is treated as an adjustment to capital surplus (share premium). If the capital surplus (share premium) is not sufficient to absorb the difference, the remaining balance is adjusted against retained earnings. Costs directly attributable to the combination are included in profit or loss in the period in which they are incurred. Transaction costs associated with the issue of equity or debt securities for the business combination are included in the initially recognised amounts of the equity or debt securities.

(b) Business combinations not under common control

The cost of combination and identifiable net assets obtained by the acquirer in a business combination are measured at fair value at the acquisition date. Where the cost of the combination exceeds the acquirer's interest in the fair value of the acquiree's identifiable net assets, the difference is recognised as goodwill; where the cost of combination is lower than the acquirer's interest in the fair value of the acquiree's identifiable net assets, the difference is recognised in profit or loss for the current period. Costs directly attributable to the combination are included in profit or loss in the period in which they are incurred. Transaction costs associated with the issue of equity or debt securities for the business combination are included in the initially recognised amounts of the equity or debt securities.

(29) Preparation of consolidated financial statements

The consolidated financial statements comprise the financial statements of the Company and all of its subsidiaries and the structured entities controlled by the Group.

A subsidiary is an entity that is controlled by the Group. Control refers to the right over the investee, to participate in the relevant activities of the investee and enjoy a variable return, and the ability to exercise its power over the investee to influence the amount of return. The Group has more than 50% voting rights in the investee directly or indirectly through the subsidiaries, indicating that the Group is able to control the investee and shall recognise the investee as a subsidiary and incorporate it in the scope of the consolidated financial statements. Subsidiaries are consolidated from the date on which the Group obtains control and are de-consolidated from the date that such control ceases. For a subsidiary that is acquired in business combinations involving entities under common control, it is included in the consolidated financial statements from the date when it, together with the Company, comes under the control of the same ultimate holding company. The portion of the net profits realised before the combination date is presented separately in the consolidated statement of profit or loss and other comprehensive income.

A structured entity refers to an entity of which, when the controller of an entity is determined, the voting rights or similar rights do not compose a decisive factor in the design of the entity structure (e.g. the voting rights are only related to administrative affairs), and the relevant activity of the entity is subject to the contract or corresponding arrangements.

(29) Preparation of consolidated financial statements (Continued)

When the Group initiates the establishment of a special asset management plan as the original equity owner and secondary equity owner, the Group will assess whether the Group is exercising decision-making power as the principal responsible person for the structured entity. If the other parties (other investors of the structured entity) exercise the decision-making power, the Group does not control the structured entity. However, if the Group is judged to exercise the decision-making power, it is the principal responsible person and thus controls the structured entity.

Subsidiaries are consolidated from the date on which the Group obtains control and are de-consolidated from the date that such control ceases. For a subsidiary that is acquired in a business combination involving enterprises under common control, it is included in the consolidated financial statements from the date when it, together with the Company, comes under common control of the ultimate controlling party. The portion of the net profits realised before the combination date is presented separately in the consolidated income statement.

In preparing the consolidated financial statements, where the accounting policies and the accounting periods of the Company and subsidiaries are inconsistent, the financial statements of the subsidiaries are adjusted in accordance with the accounting policies and the accounting period of the Company. For subsidiaries acquired from business combinations involving enterprises not under common control, the individual financial statements of the subsidiaries are adjusted based on the fair value of the identifiable net assets at the acquisition date.

All significant inter-group balances, transactions and unrealised profits are eliminated in the consolidated financial statements. The portion of subsidiaries' owners' equity and the portion of subsidiaries' net profits and losses and comprehensive incomes for the period not attributable to the Company are recognised as non-controlling interests, net profit attributed to non-controlling interests and total comprehensive incomes attributed to non-controlling interests, and presented separately in the consolidated financial statements under owners' equity, net profits and total comprehensive income respectively. Unrealised profits and losses resulting from the sale of assets by the Company to its subsidiaries are fully eliminated against net profit attributable to owners of the parent. Unrealised profits and losses resulting from the sale of assets by a subsidiary to the Company are eliminated and allocated between net profit attributable to owners of the parent and net profit attributed to non-controlling interests in accordance with the allocation proportion of the parent in the subsidiary. Unrealised profits and losses resulting from the sale of assets by one subsidiary to another are eliminated and allocated between net profit attributable to owners of the parent and net profit attributed to Non-controlling interests in accordance with the allocation proportion of the parent in the subsidiary.

If the accounting treatment of a transaction is inconsistent in the financial statements at the Group level and at the Company or its subsidiary level, adjustments will be raised from the Group.

(30) Segment information

The Group identifies operating segments based on the organisation structure, management requirements and internal reporting system, and discloses segment information of reportable segments which is determined on the basis of operating segments.

An operating segment is a component of the Group that satisfies all of the following conditions: (1) the component is able to generate revenues and incur expenses from its ordinary activities; (2) whose operating results are regularly reviewed by the Group's management to make decisions about resources to be allocated to the segments and to assess its performance, and (3) for which the information on financial position, operating results and cash flows is available to the Group.

Two or more operating segments that have similar economic characteristics and satisfy certain conditions can be aggregated into one single operating segment.

(31) Critical accounting estimates and assumptions

The Group continually evaluates the critical accounting estimates and key estimates and assumptions applied based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The critical accounting estimates and assumptions that have a significant risk of a material adjustment to the carrying amounts of assets and liabilities within the next accounting period are as below:

(a) Income taxes

There are some transactions and events for which the ultimate tax determination is uncertain during the ordinary course of business. Significant judgement is required from the Group in determining the provision for income taxes in each of these jurisdictions. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

(b) PRC land appreciation taxes

The Group is subject to land appreciation taxes in the PRC. The Group has not finalised its LAT calculation and payments with local tax authorities in the PRC for most of its property projects. Accordingly, judgement is required in determining the amount of the land appreciation taxes. The Group recognised these land appreciation taxes based on management's best estimates according to the interpretation of the tax rules. The final tax outcome could be different from the amounts that were initially recorded, and these differences will impact the income tax expense and tax provisions in the periods in which such taxes have been finalised with local tax authorities.

(31) Critical accounting estimates and assumptions (Continued)

(c) Estimated fair value of investment properties

The best evidence of fair value is current prices in an active market for the properties with similar lease and other contracts. In the absence of such information, the Group determines the amount within a range of reasonable fair value estimates. In making its judgement, the Group considers information from a variety of sources including: (i) current prices in an active market for properties of different nature, condition or location (or subject to different lease or other contracts), adjusted to reflect those differences; (ii) recent prices of similar properties in less active markets, with adjustments to reflect any changes in economic conditions since the date of the transactions that occurred at those prices; and (iii) discounted cash flow projections based on reliable estimates of future cash flows, derived from the terms of any existing lease and other contracts and (where possible) from external evidence such as current market rents for similar properties in the same location and condition, and using capitalisation rates that reflect current market assessments of the uncertainty in the amount and timing of the cash flows. The Group assesses the fair value of its investment properties based on valuations determined by independent and professional qualified valuers.

(d) Provision for properties under development and completed properties held for sale

The Group assesses the carrying amounts of properties under development and completed properties held for sale according to their recoverable amounts based on the reliability of these properties, taking into account estimated costs to completion based on past experience and committed contracts and estimated net sales value based on prevailing market conditions. The assessment requires the use of judgement and estimates.

(e) Estimate costs of properties under development

The Group estimates the total costs of property when recognising the costs of property sales. The estimate is based on management's detailed budgets on the development of the property and is regularly assessed during the construction. If the relevant estimate does not match the cost actually incurred, the difference will affect the correctness of the recognised cost of sales.

(32) Significant changes in accounting policies

In 2018, the Ministry of Finance released the Circular of the Ministry of Finance on Revising and Issuing the Formats of Corporate Financial Statements for 2018 (Cai Kuai [2018] No. 15). The financial statements for the year ended 31 December 2018 and 2017 are prepared and adjusted in accordance with the above standards and circular, and the impacts are as follows:

5 Taxation

The main categories and rates of taxes applicable to the Group are set out below:

Category	Tax base	Tax rate
Value added tax ("VAT") (a)	Taxable value added amount (Tax payable is calculated using the current taxable sales amount multiplied by the applicable tax rate less deductible VAT input)	3%, 5%, 6%, 10%, 11%, 16% or 17%
Land appreciation tax	Value-added amount in sales of properties	30% – 60% in a progressive tax rate
Property tax	Original costs of the investment properties or rental income	1.2% of the original costs of the investment properties or 12% of the rental income
Income tax(b)	Taxable income/(losses)	25%

- (a) Pursuant to the Circular on the Adjustment of VAT Tax Rate (Cai Shui [2018] 32) jointly issued by the Ministry of Finance and the State Administration of Taxation and relevant regulations, since 1 May 2018, the VAT rate of the Group's revenue from property sales of non-simple method, construction services and lease is 10%. The VAT rate of revenue from construction material is 16%, and the VAT rate of revenue from construction material before 1 May 2018 is 17%. The VAT rate of other business is 11%.
- (b) Pursuant to the Notice of the State Administration of Taxation on the Relevant Enterprise Income Tax Policies for the Deduction of Equipment and Instruments (Cai Shui [2018] No. 54) and other relevant regulations issued by the State Administration of Taxation. From 1 January 2018 to 31 December 2020, new equipment purchased by the Group of less than RMB5 million are allowed to be one-off recognised as costs or expenses for deduction in the calculation of taxable income, instead of being depreciated annually.

8 Segment information

The reportable segments of the Group are the business units that provide different products or services. Different businesses require different technologies and marketing strategies, the Group, therefore, separately manages the production and operation of each reportable segment and evaluates their operating results respectively, in order to make decisions about resources to be allocated to these segments and to assess their performances.

The Group identified 4 reportable segments as follows:

- Property development
- Investment property
- Property management
- Other business segments

Inter-segment transfer prices are measured with reference to selling prices to third parties.

The assets are allocated based on the operations of the segment and the physical location of the asset. The liabilities are allocated based on the operations of the segment. Expenses indirectly attributable to each segment are allocated to the segments based on the proportion of each segment's revenue.

9 Increase in the scope of consolidation

(1) Acquisition of subsidiaries

In 2018, the Group acquired controlling interests of certain real estate development companies in the PRC. These companies only held parcels of land and didn't conduct substantial operations before being acquired by the Group. Thus, management was of the view that the acquisitions didn't constitute acquisition of businesses, and should be deemed as the acquisition of land use rights. These acquisitions resulted in an increase in the non-controlling interests of the Group in the amount of RMB1,365,000,000 (2017: RMB405,000,000).

(2) Business combination involving entities not under common control

12 Share-based payment

Share-based payment option scheme is issued by China Evergrande to its employees (including employees of the Group), which is settled with its own shares. The Group is a customer receiving service and has no settlement obligation. Such share-based payment transaction will be treated as an equity-settled share-based payment.

As at 18 May 2010, China Evergrande granted 490,000,000 share options to employees of the Group ("share options in 2010"), the exercise price of which was HK\$2.4 per share. All share options were exercisable within five years from the date of grant.

As at 9 October 2014, China Evergrande granted 387,000,000 share options to employees of the Group ("share options in 2014"), the exercise price of which was HK\$3.05 per share. All share options were exercisable within five years from the date of grant.

As at 6 October 2017, China Evergrande granted 505,140,000 share options to employees of the Group ("share options in 2017"), the exercise price of which was HK\$30.20 per share. All share options were exercisable within five years from the date of grant.

Movements in the share options are set out as follows:

	Number of share options ('000)
1 January 2017	346,515
Granted during the year	505,140
Exercised during the year	(112,403)

12 Share-based payment (Continued)

Details of the share options as at 31 December 2018 are set out as follows:

Date of grant	Vesting period	Exercise period	Exercise price/ (HK\$ per share)	Number of share options/ ('000)
<u>2010 share options</u>				
18 May 2010	7-55 months	31 December 2010 to 31 December 2019	2.40	14,471
<u>2014 share options</u>				
9 October 2014	1-5 years	9 October 2015 to 8 October 2024	3.05	171,897
<u>2017 share options</u>				
6 October 2017	1-5 years	6 October 2018 to 5 October 2027	30.20	463,850

The weighted average fair value of share options was determined with reference to the valuation prepared by independent valuers using the Binomial Model. The significant inputs into the model were share price at the date of grant, annual risk-free rate, expected volatility, option expiry period and expected dividend yield, which were based on the best estimate of China Evergrande's directors. The value of an option varies with different variables of certain subjective assumptions.

As of 2018, the Group had recognised an expense of RMB1,456,000,000 (2017: RMB496,000,000) under the share option scheme.

14 Contingencies

	31 December 2018	31 December 2017
Mortgage guarantee for property owners (a)	402,376	339,121
Financing guarantee to third parties (b)	15,489	9,101
Financing guarantee to joint ventures (c)	12,347	2,229
	<u>430,212</u>	<u>350,451</u>

- (a) The Group provided guarantees in respect of the banking facilities for certain customers of the Group's property units according to relevant regulations. Such guarantees terminate upon the earlier of (i) issuance of the real estate ownership certificate which will generally be available within an average period of two to three years upon the completion of guarantee registration; or (ii) the satisfaction of mortgaged loan by the purchasers of properties. Pursuant to the terms of the guarantees, in case of default in mortgage payments by these purchasers during the period of guarantee, the Group shall repay the outstanding mortgage principals together with accrued interest and penalty owed by the defaulted purchasers to the banks. After payment of the principals, interest and penalty, the Group is entitled to take over the legal title of the related mortgaged properties.

Management of the Group considered that the fair value of these guarantee contracts at the date of inception was minimal and in case of default in mortgage payments by the purchasers, the net realisable value of the related real estates was sufficient to cover the repayment of the outstanding mortgage principals together with the accrued interest and penalty. Therefore, no provision had been made in the financial statements for the guarantees.

- (b) The Group provided financing guarantees for certain cooperation parties (primarily sub-contractors) that were independent of the Group, based on their history of performance in contracts. The Group closely monitored the repayment of such financing guarantees. Management of the Group considered that the possibility of the Group's exposure to compensation risk due to such guarantees was remote, therefore no provision had been made in the financial statements for guarantees.
- (c) The Group provided financing guarantees for borrowings for property development projects of some joint ventures. Management of the Group considered that the possibility of the Group's exposure to compensation risk due to such guarantees was remote, therefore no provision had been made in the financial statements for guarantees.

16 Financial risk management and financial instruments

The Group's activities expose it to a variety of financial risks: market risk (primarily including foreign exchange risk and interest rate risk), credit risk and liquidity risk. The Group's overall risk management focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance.

(1) Market risk

(a) Foreign exchange risk

As at 31 December 2018 and 31 December 2017, the financial assets and liabilities denominated in foreign currencies held by companies whose recording currencies were HKD in the Group were insignificant.

The Group's major operational activities are carried out in Mainland China and most of the transactions are denominated in RMB. The Group is exposed to foreign exchange risk arising from the assets, liabilities, and transactions denominated in foreign currencies, primarily with respect to HKD and US Dollars ("USD"). The Group's finance department is responsible for monitoring the amount of assets, liabilities and transactions denominated in foreign currencies to minimise the foreign exchange risk to the greatest extent. During the year ended 31 December 2018 and 2017, the Group did not enter into any forward exchange contracts or currency swap contracts.

As at 31 December 2018 and 31 December 2017, the carrying amounts of financial assets and liabilities denominated in foreign currencies held by companies whose recording currencies were RMB in the Group were dominated in RMB as follows:

	31 December 2018			
	USD	HKD	Others	Total
Financial assets denominated in foreign currency				
-Cash at bank and on hand	7,650	1,412	14	9,076

	<u>30,613</u>	<u>30,345</u>	<u>15,559</u>	<u>76,517</u>

As at 31 December 2018, if the RMB had strengthened/weakened by 5% against the foreign currencies while all other variables had been held constant, the Group's net profit for the year would have been higher/lower approximately RMB2,126,000,000 (31 December 2017: approximately RMB2,628,000,000) respectively and have no impact on other comprehensive income.

(b) Interest rate risk

The Group's interest rate risk mainly arises from long-term interest bearing borrowings. Financial liabilities issued at floating rates expose the Group to cash flow interest rate risk. Financial liabilities issued at fixed rates expose the Group to fair value interest rate risk. The Group determines the relative proportions of its fixed rate and floating rate contracts depending on the prevailing market conditions. As at 31 December 2018, the Group's long-term interest bearing borrowings were mainly RMB-denominated bank borrowings with floating rates, amounting to RMB128,110,000,000 (31 December 2017: RMB100,177,000,000).

The Group's finance department at its headquarters continuously monitors the interest rate position of the Group. Increases in interest rates will increase the cost of new borrowings and the interest expenses with respect to the Group's outstanding floating rate borrowings, and therefore could have a material adverse effect on the Group's financial performance. The Group makes adjustments timely with reference to the latest market conditions and may enter into interest rate swap agreements to mitigate its exposure to interest rate risk. During 2018 and 2017, the Group did not enter into any interest rate swap agreements.

As at 31 December 2018, if interest rates on the floating rate borrowings had risen/fallen by 100 basis points while all other variables had been held constant, the Group's net profit would have decreased/increased by approximately RMB961,000,000 (31 December 2017: approximately RMB751,000,000).

(c) Other price risk

HENGDA REAL ESTATE GROUP COMPANY LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2018 (CONTINUED)

(All amounts in millions of RMB unless otherwise stated)
[English translation for reference only]

The Group's other price risk mainly arises from financial assets at fair value through profit or loss and available-for-sale financial assets.

As at 31 December 2018, if anticipated price of above investment held by the Group had risen/fallen by 5% while all other variables had been held constant, the Group's net profit would have increased/ decreased by approximately RMB34,000,000 (31 December 2017: approximately RMB10,000,000), the Group's other comprehensive income would have increased/ decreased by approximately RMB24,000,000 (31 December 2017: approximately RMB44,000,000).

(2) Credit risk

Credit risk is managed on the grouping basis. Credit risk mainly arises from cash at bank and receivables.

The Group expects that there is no significant credit risk associated with cash at bank since they are deposited at state-owned banks and other medium or large size listed banks. The Group does not expect that there will be any significant losses from non-performance by these counterparties.

In addition, the Group has policies to limit the credit exposure on receivables. The Group assesses the credit quality of the customers and sets credit limits on its customers by taking into account their financial position, the availability of guarantee from third parties, their credit history and other factors such as current market conditions. The credit history of the customers is regularly monitored by the Group. In respect of customers with a poor credit history, the Group will use written payment reminders, or shorten or cancel credit periods, to ensure the overall credit risk of the Group is limited to a controllable extent.

(3) Liquidity risk

Cash flow forecasting is performed by the Group, which also monitors rolling forecasts of the Group's short-term and long-term liquidity requirements to ensure it has sufficient cash to meet operational needs. Meanwhile, the Group maintains sufficient headroom on its undrawn committed borrowing facilities from major financial institutions so that the Group does not breach borrowing limits or covenants on any of its borrowing facilities to meet the short-term and long-term liquidity requirements.

The financial liabilities of the Group at the balance sheet date are analysed by their maturity date below at their undiscounted contractual cash flows.

17 Fair value estimation

The level in which fair value measurement is categorised is determined by the level of the fair value hierarchy of the lowest level input that is significant to the entire fair value measurement:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Unobservable inputs for the asset or liability.

(1) Assets measured at fair value on a recurring basis

As at 31 December 2018, the assets measured at fair value on a recurring basis by the above three levels were analysed below:

- (2) Assets and liabilities not measured at fair value but for which the fair value is disclosed

Financial assets and liabilities measured at amortised cost mainly include receivables, short-term borrowings, payables and long-term borrowings.

The carrying amount of such financial assets and liabilities not measured at fair value is a reasonable approximation of their fair value since the impact of discount is insignificant or the long-term borrowings have a floating rate.

- (3) The fair value of bonds payable in an active market is determined at the quoted market price, and categorised within Level 1 of the fair value hierarchy. The fair value of long-term borrowings, long-term payables and bonds payable not quoted in an active market is the present value of the contractually determined stream of future cash flows discounted at the rate of interest applied at that time by the market to instruments of comparable credit status and providing substantially the same cash flows on the same terms, and categorised within Level 3 of the fair value hierarchy.

18 Capital management

The Group's capital management policies aim to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders, and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, refund capital to shareholders, issue new shares or sell assets to reduce debts.

The Group's total capital is calculated as 'owners' equity' as shown in the consolidated balance sheet. The Group is not subject to external mandatory capital requirements, and monitors capital on the basis of asset-to-liability rate.

As at 31 December 2018 and 31 December 2017, the Group's gearing ratio was as follows:

	31 December 2018	31 December 2017
Gearing ratio	80%	84%

审计报告

普华永道中天审字(2019)第 24052 号
(第一页, 共四页)

恒大地产集团有限公司董事会:

一、 审计意见

(一) 我们审计的内容

我们审计了恒大地产集团有限公司(以下简称“贵公司”)的财务报表, 包括 2018 年 12 月 31 日的合并及公司资产负债表, 2018 年度的合并及公司利润表、合并及公司现金流量表、合并及公司所有者权益变动表以及财务报表附注。

(二) 我们的意见

我们认为, 后附的财务报表在所有重大方面按照企业会计准则的规定编制, 公允反映了贵公司 2018 年 12 月 31 日的合并及公司财务状况以及 2018 年度的合并及公司经营成果和现金流量。

二、 形成审计意见的基础

我们按照中国注册会计师审计准则的规定执行了审计工作。审计报告的“注册会计师对财务报表审计的责任”部分进一步阐述了我们在这些准则下的责任。我们相信, 我们获取的审计证据是充分、适当的, 为发表审计意见提供了基础。

按照中国注册会计师职业道德守则, 我们独立于贵公司, 并履行了职业道德方面的其他责任。

普华永道

普华永道中天审字(2019)第 24052 号
(第二页, 共四页)

三、 其他信息

贵公司管理层对其他信息负责。其他信息包括贵公司 2018 年年度报告中涵盖的信息, 但不包括财务报表和我们的审计报告。

我们对财务报表发表的审计意见不涵盖其他信息, 我们也不对其他信息发表任何形式的鉴证结论。

结合我们对财务报表的审计, 我们的责任是阅读其他信息, 在此过程中, 考虑其他信息是否与财务报表或我们在审计过程中了解到的情况存在重大不一致或者似乎存在重大错报。基于我们已经执行的工作, 如果我们确定其他信息存在重大错报, 我们应当报告该事实。在这方面, 我们无任何事项需要报告。

四、 管理层和治理层对财务报表的责任

贵公司管理层负责按照企业会计准则的规定编制财务报表, 使其实现公允反映, 并设计、执行和维护必要的内部控制, 以使财务报表不存在由于舞弊或错误导致的重大错报。

在编制财务报表时, 管理层负责评估贵公司的持续经营能力, 披露与持续经营相关的事项(如适用), 并运用持续经营假设, 除非管理层计划清算贵公司、终止运营或别无其他现实的选择。

治理层负责监督贵公司的财务报告过程。

五、 注册会计师对财务报表审计的责任

我们的目标是对财务报表整体是否不存在由于舞弊或错误导致的重大错报获取合理保证, 并出具包含审计意见的审计报告。合理保证是高水平的保证, 但并不能保证按照审计准则执行的审计在某一重大错报存在时总能发现。错报可能由于舞弊或错误导致, 如果合理预期错报单独或汇总起来可能影响财务报表使用者依据财务报表作出的经济决策, 则通常认为错报是重大的。

在按照审计准则执行审计工作的过程中, 我们运用职业判断, 并保持职业怀疑。同时, 我们也执行以下工作:

(一) 识别和评估由于舞弊或错误导致的财务报表重大错报风险; 设计和实施审计程序以应对这些风险, 并获取充分、适当的审计证据, 作为发表审计意见的基础。由于舞弊可能涉及串通、伪造、故意遗漏、虚假陈述或凌驾于内部控制之上, 未能发现由于舞弊导致的重大错报的风险高于未能发现由于错误导致的重大错报的风险。

(二) 了解与审计相关的内部控制, 以设计恰当的审计程序, 但目的并非对内部控制的有效性发表意见。

(三) 评价管理层选用会计政策的恰当性和作出会计估计及相关披露的合理性。

(四) 对管理层使用持续经营假设的恰当性得出结论。同时, 根据获取的审计证据, 就可能导致对贵公司持续经营能力产生重大疑虑的事项或情况是否存在重大不确定性得出结论。如果我们得出结论认为存在重大不确定性, 审计准则要求我们在审计报告中提请报表使用者注意财务报表中的相关披露; 如果披露不充分, 我们应当发表非无保留意见。我们的结论基于截至审计报告日可获得的信息。然而, 未来的事项或情况可能导致贵公司不能持续经营。

普华永道

普华永道中天审字(2019)第 24052 号
(第四页,共四页)

五、 注册会计师对财务报表审计的责任(续)

(五) 评价财务报表的总体列报、结构和内容(包括披露),并评价财务报表是否公允反映相关交易和事项。

(六) 就贵公司中实体或业务活动的财务信息,获取充分、适当的审计证据,以对合并财务报表发表审计意见。我们负责指导、监督和执行集团审计,并对审计意见承担全部责任。

我们与治理层就计划的审计范围、时间安排和重大审计发现等事项进行沟通,包括沟通我们在审计中识别出的值得关注的内部控制缺陷。

恒大地产集团有限公司

2018 年度财务报表附注
(除特别注明外, 金额单位为人民币百万元)

一 公司基本情况(续)

本财务报表由本公司企业负责人于 2019 年 3 月 27 日批准报出。

二 财务报表的编制基础

本财务报表按照财政部于 2006 年 2 月 15 日及以后期间颁布的《企业会计准则——基本准则》、各项具体会计准则及相关规定(以下合称“企业会计准则”)编制。

本财务报表以持续经营为基础编制。

三 遵循企业会计准则的声明

本公司 2018 年度财务报表符合企业会计准则的要求, 真实、完整地反映了本公司 2018 年 12 月 31 日的合并及公司财务状况以及 2018 年度的合并及公司经营成果和现金流量等有关信息。

四 重要会计政策和会计估计

(1) 会计年度

会计年度为公历 1 月 1 日起至 12 月 31 日止。

(2) 记账本位币

本公司记账本位币为人民币。本公司下属子公司根据其经营所处的主要经济环境确定其记账本位币。除本公司子公司 Pioneer Time Investment Limited 的记账本位币为港元外, 其他子公司的记账本位币均为人民币。本财务报表以人民币列示。

(3) 外币折算

(a) 外币交易

外币交易按交易发生日的即期汇率将外币金额折算为人民币入账。

于资产负债表日, 外币货币性项目采用资产负债表日的即期汇率折算为人民币。为购建符合借款费用资本化条件的资产而借入的外币专门借款产生的汇兑差额在资本化期间内予以资本化; 其他汇兑差额直接计入当期损益。以历史成本计量的外币非货币性项目, 于资产负债表日采用交易发生日的即期汇率折算。汇率变动对现金的影响额在现金流量表中单独列示。

(b) 外币财务报表的折算

境外经营的资产负债表中的资产和负债项目, 采用资产负债表日的即期汇率折算, 股东权益中除未分配利润项目外, 其他项目采用发生时的即期汇率折算。境外经营的利润表中的收入与费用项目, 采用交易发生日的即期汇率折算。上述折算产生的外币报表折算差额, 计入其他综合收益。境外经营的现金流量项目, 采用现金流量发生日的即期汇率折算。汇率变动对现金的影响额, 在现金流量表中单独列示。

四 重要会计政策和会计估计(续)

(4) 现金及现金等价物

现金及现金等价物是指库存现金、可随时用于支付的存款, 以及持有的期限短、流动性强、易于转换为已知金额现金及价值变动风险很小的投资。

(5) 金融资产

金融资产于初始确认时分类为: 以公允价值计量且其变动计入当期损益的金融资产、持有至到期投资、应收款项和可供出售金融资产。金融资产的分类取决于本集团对金融资产的持有意图和持有能力。于报告期内, 本集团的金融资产仅包括以公允价值计量且其变动计入当期损益的金融资产、应收款项和可供出售金融资产。

(a) 以公允价值计量且其变动计入当期损益的金融资产

以公允价值计量且其变动计入当期损益的金融资产包括持有目的为短期内出售的金融资产。

(b) 应收款项

应收款项是指在活跃市场中没有报价、回收金额固定或可确定的非衍生金融资产, 包括应收票据及应收账款、其他应收款和长期应收款(附注四(7))。

(c) 可供出售金融资产

可供出售金融资产包括初始确认时即被指定为可供出售的非衍生金融资产及未被划分为其他类的金融资产。自资产负债表日起一年内(含一年)将出售的可供出售金融资产在资产负债表内列示为其他流动资产。

(d) 确认和计量

金融资产于本集团成为金融工具合同的一方时, 按公允价值在资产负债表内确认。以公允价值计量且其变动计入当期损益的金融资产, 取得时发生的相关交易费用计入当期损益; 其他金融资产的相关交易费用计入初始确认金额。当收取某项金融资产现金流量的合同权利已终止或该金融资产所有权上几乎所有的风险和报酬已转移时, 终止确认该金融资产。

以公允价值计量且其变动计入当期损益的金融资产和可供出售金融资产按照公允价值进行后续计量, 但在活跃市场中没有报价且其公允价值不能可靠计量的权益工具投资, 按照成本计量; 应收款项采用实际利率法, 以摊余成本计量。

以公允价值计量且其变动计入当期损益的金融资产的公允价值变动作为公允价值变动损益计入当期损益; 在资产持有期间所取得的利息或现金股利以及在处置时产生的处置损益, 计入当期损益。

除减值损失及外币货币性金融资产形成的汇兑损益外, 可供出售金融资产公允价值变动直接计入所有者权益, 待该金融资产终止确认时, 原直接计入权益的公允价值变动累计额转入当期损益。可供出售债务工具投资在持有期间按实际利率法计算的利息, 以及被投资单位已宣告发放的与可供出售权益工具投资相关的现金股利, 作为投资收益计入当期损益。

四 重要会计政策和会计估计(续)

(5) 金融资产(续)

(e) 金融资产减值

除以公允价值计量且其变动计入当期损益的金融资产外, 本集团于资产负债表日对金融资产的账面价值进行检查, 如果有客观证据表明某项金融资产发生减值的, 计提减值准备。

以摊余成本计量的金融资产发生减值时, 按预计未来现金流量(不包括尚未发生的未来信用损失)现值低于账面价值的差额, 计提减值准备。如果有客观证据表明该金融资产价值已恢复, 且客观上与确认该损失后发生的事项有关, 原确认的减值损失予以转回, 计入当期损益。

当有客观证据表明以公允价值计量的可供出售金融资产发生减值时, 原直接计入所有者权益的因公允价值下降形成的累计损失予以转出并计入减值损失。对已确认减值损失的可供出售债务工具投资, 在期后公允价值上升且客观上与确认原减值损失后发生的事项有关的, 原确认的减值损失予以转回并计入当期损益。对已确认减值损失的可供出售权益工具投资, 期后公允价值上升直接计入所有者权益。

以成本计量的可供出售金融资产发生减值时, 按其账面价值超过按类似金融资产当时市场收益率对未来现金流量折现确定的现值之间的差额, 确认减值损失。已发生的减值损失以后期间不再转回。

(f) 金融资产的终止确认

金融资产满足下列条件之一的, 予以终止确认: (1)收取该金融资产现金流量的合同权利终止; (2)该金融资产已转移, 且本集团将金融资产所有权上几乎所有的风险和报酬转移给转入方; 或者(3)该金融资产已转移, 虽然本集团既没有转移也没有保留金融资产所有权上几乎所有的风险和报酬, 但是放弃了对该金融资产控制。

金融资产终止确认时, 其账面价值与收到的对价以及原直接计入股东权益的公允价值变动累计额之和的差额, 计入当期损益。

恒大地产集团有限公司

2018 年度财务报表附注

(除特别注明外, 金额单位为人民币百万元)

四 重要会计政策和会计估计(续)

(6) 金融负债

金融负债于初始确认时分类为以公允价值计量且其变动计入当期损益的金融负债和其他金融负债。本集团的金融负债主要为其他金融负债, 包括应付款项、借款及应付债券等。

应付款项包括应付账款、其他应付款等, 以公允价值进行初始计量, 并采用实际利率法按摊余成本进行后续计量。

借款及应付债券按其公允价值扣除交易费用后的金额进行初始计量, 并采用实际利率法按摊余成本进行后续计量。

其他金融负债期限在一年以下(含一年)的, 列示为流动负债; 期限在一年以上但自资产负债表日起一年内(含一年)到期的, 列示为一年内到期的非流动负债; 其余列示为非流动负债。

当金融负债的现时义务全部或部分已经解除时, 终止确认该金融负债或义务已解除的部分。终止确认部分的账面价值与支付的对价之间的差额, 计入当期损益。

金融资产和金融负债应当在资产负债表内分别列示, 不得相互抵销。但是, 同时满足下列条件的, 应当以相互抵销后的净额在资产负债表内列示:

(a) 企业具有抵销已确认金额的法定权利, 且该种法定权利现在是可执行的;

(b) 企业计划以净额结算, 或同时变现该金融资产和清偿该金融负债。

恒大地产集团有限公司

2018 年度财务报表附注

(除特别注明外，金额单位为人民币百万元)

四 重要会计政策和会计估计(续)

(7) 应收款项

应收款项包括应收票据及应收账款、其他应收款和长期应收款。本集团对外销售商品或提供劳务形成的应收账款，按从购货方或劳务接受方应收的合同或协议价款的公允价值作为初始确认金额。

(a) 单项金额重大并单独计提坏账准备的应收款项

对于单项金额重大的应收款项，单独进行减值测试。当存在客观证据表明本集团将无法按应收款项的原有条款收回款项时，计提坏账准备。

单项金额大于 1,000 万元的应收账款，及单项金额大于 3,000 万元的其他应收款视为重大。

单项金额重大并单独计提坏账准备的计提方法为：根据应收款项的预计未来现金流量现值低于其账面价值的差额进行计提。

(b) 按信用风险特征组合计提坏账准备的应收款项

对于单项金额不重大的应收款项，与经单独测试后未减值的应收款项一起按信用风险特征划分为若干组合，根据以前年度与之具有类似信用风险特征的应收款项组合的实际损失率为基础，结合现时情况确定应计提的坏账准备。

信用风险特征组合的确定依据：

项目	计提方法
应收楼款组合	根据历史实际损失率确定坏账准备计提比例为零
对子公司的应收款项组合	根据历史实际损失率确定坏账准备计提比例为零
对子公司以外的关联方应收款项组合	按余额百分比法计提坏账准备，计提比例为 1%
少数股东往来款组合、备用金组合	按余额百分比法计提坏账准备，计提比例为 1%
保证金组合	根据历史实际损失率确定坏账准备计提比例为零
银行承兑汇票	根据历史实际损失率确定坏账准备计提比例为零
其他	按照账龄分析法计提坏账准备

组合中，采用账龄分析法的计提比例列示如下：

	应收账款计提比例	其他应收款计提比例
一年以内	1%	1%
一到二年	2%	2%
二年以上	5%	5%

(除特别注明外,金额单位为人民币百万元)

四 重要会计政策和会计估计(续)

(7) 应收款项(续)

(c) 单项金额虽不重大但单项计提坏账准备的应收款项

单项计提坏账准备的理由为:存在客观证据表明本集团将无法按应收款项的原有条款收回款项。

坏账准备的计提方法为:根据应收款项的预计未来现金流量现值低于其账面价值的差额进行计提。

(d) 本集团向金融机构转让不附追索权的应收账款,按交易款项扣除已转销应收账款的账面价值和相关税费后的差额计入当期损益。

(8) 存货

存货按房地产开发产品和非房地产开发产品分类。房地产开发产品包括已完工开发产品和在建开发产品。非房地产开发产品为库存商品及其他。

已完工开发产品是指已建成、待出售的物业;在建开发产品是指尚未建成、以出售为目的的物业。

存货按取得成本进行初始计量,于资产负债表日,存货按照成本与可变现净值孰低计量。

房地产开发产品成本包括土地成本、建筑成本、其他直接和间接开发费用等。符合资本化条件的借款费用,亦计入房地产开发产品成本。

存货跌价准备按单项存货成本高于其可变现净值的差额计提。可变现净值按日常活动中,以存货的估计售价减去至完工时估计将要发生的成本、估计的销售费用以及相关税费后的金额确定。

(9) 长期股权投资

长期股权投资包括:本公司对子公司的长期股权投资、本集团对合营企业和联营企业的长期股权投资。

子公司为本公司能够对其实施控制的被投资单位。合营企业为本集团通过单独主体达成,能够与其他方实施共同控制,且基于法律形式、合同条款及其他事实与情况仅对其净资产享有权利的合营安排;联营企业为本集团能够对其财务和经营决策具有重大影响的被投资单位。

对子公司的投资,在公司财务报表中按照成本法确定的金额列示,在编制合并财务报表时按权益法调整后合并;对合营企业和联营企业投资采用权益法核算。

四 重要会计政策和会计估计(续)

(9) 长期股权投资(续)

(a) 投资成本确定

对于企业合并形成的长期股权投资：同一控制下企业合并取得的长期股权投资，在合并日按照被合并方所有者权益在最终控制方合并财务报表中的账面价值的份额作为投资成本；非同一控制下企业合并取得的长期股权投资，按照合并成本作为长期股权投资的投资成本。

对于以企业合并以外的其他方式取得的长期股权投资：支付现金取得的长期股权投资，按照实际支付的购买价款作为初始投资成本；发行权益性证券取得的长期股权投资，以发行权益性证券的公允价值作为初始投资成本。

(b) 后续计量及损益确认方法

采用成本法核算的长期股权投资，按照初始投资成本计量，被投资单位宣告分派的现金股利或利润，确认为投资收益计入当期损益。

采用权益法核算的长期股权投资，初始投资成本大于投资时应享有被投资单位可辨认净资产公允价值份额的，以初始投资成本作为长期股权投资成本；初始投资成本小于投资时应享有被投资单位可辨认净资产公允价值份额的，其差额计入当期损益，并相应调增长期股权投资成本。

采用权益法核算的长期股权投资，本集团按应享有或应分担的被投资单位的净损益份额确认当期投资损益。确认被投资单位发生的净亏损，以长期股权投资的账面价值以及其他实质上构成对被投资单位净投资的长期权益减记至零为限，但本集团负有承担额外损失义务且符合预计负债确认条件的，继续确认预计将承担的损失金额。被投资单位除净损益、其他综合收益和利润分配以外所有者权益的其他变动，调整长期股权投资的账面价值并计入资本公积。被投资单位分派的利润或现金股利于宣告分派时按照本集团应分得的部分，相应减少长期股权投资的账面价值。本集团与被投资单位之间未实现的内部交易损益按照持股比例计算归属于本集团的部分，予以抵销，在此基础上确认投资损益。本集团与被投资单位发生的内部交易损失，其中属于资产减值损失的部分，相应的未实现损失不予抵销。

(c) 确定对被投资单位具有控制、共同控制、重大影响的依据

控制是指拥有对被投资单位的权力，通过参与被投资单位的相关活动而享有可变回报，并且有能力运用对被投资单位的权力影响其回报金额。

共同控制是指按照相关约定对某项安排所共有的控制，并且该安排的相关活动必须经过本集团及分享控制权的其他参与方一致同意后才能决策。

重大影响是指对被投资单位的财务和经营政策有参与决策的权力，但并不能够控制或者与其他方一起共同控制这些政策的制定。

四 重要会计政策和会计估计(续)

(9) 长期股权投资(续)

(d) 长期股权投资减值

对子公司、合营企业、联营企业的长期股权投资，当其可收回金额低于其账面价值时，账面价值减记至可收回金额(附注四(16))。

(10) 投资性房地产

投资性房地产包括已出租的土地使用权和以出租为目的的建筑物以及正在建造或开发过程中将来用于出租的建筑物，以成本进行初始计量。与投资性房地产有关的后续支出，在相关的经济利益很可能流入本集团且其成本能够可靠的计量时，计入投资性房地产成本；否则，于发生时计入当期损益。

本集团对所有投资性房地产采用公允价值模式进行后续计量，不计提折旧或进行摊销，在资产负债表日以投资性房地产的公允价值为基础调整其账面价值，公允价值与原账面价值之间的差额计入当期损益。

投资性房地产的用途改变为自用时，自改变之日起，将该投资性房地产转换为固定资产或无形资产，基于转换当日投资性房地产的公允价值确定固定资产和无形资产的账面价值，公允价值与投资性房地产原账面价值的差额计入当期损益。自用房地产的用途改变为赚取租金或资本增值时，自改变之日起，将固定资产或无形资产转换为投资性房地产，以转换当日的公允价值作为投资性房地产的账面价值，转换当日的公允价值小于固定资产和无形资产原账面价值的，差额计入当期损益，转换当日的公允价值大于固定资产和无形资产原账面价值的，差额计入其他综合收益。

当投资性房地产被处置、或者永久退出使用且预计不能从其处置中取得经济利益时，终止确认该项投资性房地产。投资性房地产出售、转让、报废或毁损的处置收入扣除其账面价值和相关税费后的金额计入当期损益。

(11) 固定资产

(a) 固定资产确认及初始计量

固定资产包括房屋及建筑物、机器设备、运输工具以及办公设备等。购置或新建的固定资产按取得时的成本进行初始计量。

与固定资产有关的后续支出，在相关的经济利益很可能流入本集团且其成本能够可靠的计量时，计入固定资产成本；对于被替换的部分，终止确认其账面价值；所有其他后续支出于发生时计入当期损益。

固定资产折旧采用年限平均法并按其入账价值减去预计净残值后在预计使用寿命内计提。对计提了减值准备的固定资产，则在未来期间按扣除减值准备后的账面价值及依据尚可使用年限确定折旧额。

四 重要会计政策和会计估计(续)

(11) 固定资产(续)

(b) 固定资产的折旧方法

固定资产折旧采用年限平均法并按其入账价值减去预计净残值后在预计使用寿命内计提。对计提了减值准备的固定资产，则在未来期间按扣除减值准备后的账面价值及依据尚可使用年限确定折旧额。

固定资产的预计使用寿命、净残值率及年折旧率列示如下：

	预计使用寿命	预计净残值率	年折旧率
房屋及建筑物	15 - 30 年	5%	3% - 6%
机器设备	5 - 10 年	3%	10% - 19%
运输工具	5 - 10 年	5%	10% - 19%
办公设备	5 - 10 年	5%	10% - 19%

对固定资产的预计使用寿命、预计净残值和折旧方法于每年年度终了进行复核并作适当调整。

(c) 当固定资产的可收回金额低于其账面价值时，账面价值减记至可收回金额(附注四(16))。

(d) 固定资产的处置

当固定资产被处置、或者预期通过使用或处置不能产生经济利益时，终止确认该固定资产。固定资产出售、转让、报废或毁损的处置收入扣除其账面价值和相关税费后的金额计入当期损益。

(12) 在建工程

在建工程按实际发生的成本计量。实际成本包括建筑成本、安装成本、符合资本化条件的借款费用以及其他为使在建工程达到预定可使用状态所发生的必要支出。在建工程在达到预定可使用状态时，转入固定资产并自次月起开始计提折旧。当在建工程的可收回金额低于其账面价值时，账面价值减记至可收回金额(附注四(16))。

四 重要会计政策和会计估计(续)

(13) 无形资产

无形资产包括土地使用权、软件使用权等，以成本计量，并按其预计使用年限平均摊销。

(a) 土地使用权

土地使用权按使用年限 40-70 年平均摊销。外购土地及建筑物的价款难以在土地使用权与建筑物之间合理分配的，全部作为固定资产。

(b) 软件使用权

本集团购买的软件使用权按照实际成本计量，并在可使用年限内平均摊销。

(c) 定期复核使用寿命和摊销的方法

本集团对使用寿命有限的无形资产的预计使用寿命及摊销方法于每年年度终了进行复核并作适当调整。

无形资产的预计使用寿命、净残值率及年折旧率列示如下：

	预计使用寿命	预计净残值率	年摊销率
土地使用权	40 - 70	0%	1.43% - 2.50%
其他	3 - 20	0%	5.00% - 33.33%

(14) 商誉

非同一控制下的企业合并，其合并成本超过合并中取得的被购买方可辨认净资产于购买日的公允价值份额的差额确认为商誉。

(15) 长期待摊费用

长期待摊费用为经营租入固定资产改良支出，按预计受益期间分期平均摊销，并以实际支出减去累计摊销后的净额列示。

四 重要会计政策和会计估计(续)

(16) 长期资产减值

固定资产、在建工程、使用寿命有限的无形资产、长期待摊费用及对子公司、合营企业和联营企业的长期股权投资等, 于资产负债表日存在减值迹象的, 进行减值测试; 减值测试结果表明资产的可收回金额低于其账面价值的, 按其差额计提减值准备并计入减值损失。可收回金额为资产的公允价值减去处置费用后的净额与资产预计未来现金流量的现值两者之间的较高者。资产减值准备按单项资产为基础计算并确认, 如果难以对单项资产的可收回金额进行估计的, 以该资产所属的资产组确定资产组的可收回金额。资产组是能够独立产生现金流入的最小资产组合。

在财务报表中单独列示的商誉, 无论是否存在减值迹象, 至少每年进行减值测试。减值测试时, 商誉的账面价值分摊至预期从企业合并的协同效应中受益的资产组或资产组组合。测试结果表明包含分摊的商誉的资产组或资产组组合的可收回金额低于其账面价值的, 确认相应的减值损失。减值损失金额先抵减分摊至该资产组或资产组组合的商誉的账面价值, 再根据资产组或资产组组合中除商誉以外的其他各项资产的账面价值所占比重, 按比例抵减其他各项资产的账面价值。

上述资产减值损失一经确认, 以后期间不予转回价值得以恢复的部分。

(17) 借款费用

本集团发生的可直接归属于需要经过相当长时间的购建活动才能达到预定可使用状态之资产的购建的借款费用, 在资产支出及借款费用已经发生、为使资产达到预定可使用状态所必要的购建活动已经开始时, 开始资本化并计入该资产的成本。当购建的资产达到预定可使用状态时停止资本化, 其后发生的借款费用计入当期损益。如果资产的购建活动发生非正常中断, 并且中断时间连续超过 3 个月, 暂停借款费用的资本化, 直至资产的购建活动重新开始。

对于为购建符合资本化条件的资产而借入的专门借款, 以专门借款当期实际发生的利息费用减去尚未动用的借款资金存入银行取得的利息收入或进行暂时性投资取得的投资收益后的金额确定专门借款借款费用的资本化金额。

对于为购建符合资本化条件的资产而占用的一般借款, 按照累计资产支出超过专门借款部分的资本支出加权平均数乘以所占用一般借款的加权平均实际利率计算确定一般借款借款费用的资本化金额。实际利率为将借款在预期存续期间或适用的更短期间内的未来现金流量折现为该借款初始确认金额所使用的利率。

(18) 借款

借款按其公允价值扣除交易费用后的金额进行初始计量, 并采用实际利率法按摊余成本进行后续计量。借款期限在一年以下(含一年)的借款为短期借款, 其余借款为长期借款。

四 重要会计政策和会计估计(续)

(19) 职工薪酬

职工薪酬是本集团为获得职工提供的服务或解除劳动关系而给予的各种形式的报酬或补偿，包括短期薪酬和离职后福利，以及中国恒大为本集团部分职工承担的工资薪金等。

(a) 短期薪酬

短期薪酬包括工资、奖金、津贴和补贴、职工福利费、医疗保险费、工伤保险费、生育保险费、住房公积金、工会和教育经费等。本集团在职工提供服务的会计期间，将实际发生的短期薪酬确认为负债，并计入当期损益或相关资产成本。其中，非货币性福利按照公允价值计量。

(b) 离职后福利

本集团将离职后福利计划分类为设定提存计划和设定受益计划。设定提存计划是本集团向独立的基金缴存固定费用后，不再承担进一步支付义务的离职后福利计划；设定受益计划是除设定提存计划以外的离职后福利计划。于报告期内，本集团的离职后福利主要是为员工缴纳的基本养老保险和失业保险，均属于设定提存计划。

(c) 基本养老保险

本集团职工参加了由当地劳动和社会保障部门组织实施的社会基本养老保险。本集团以当地规定的社会基本养老保险缴纳基数和比例，按月向当地社会基本养老保险经办机构缴纳养老保险费。职工退休后，当地劳动及社会保障部门有责任向已退休员工支付社会基本养老金。本集团在职工提供服务的会计期间，将根据上述社保规定计算应缴纳的金额确认为负债，并计入当期损益或相关资产成本。

(d) 辞退福利

本集团在职工劳动合同到期之前解除与职工的劳动关系、或者为鼓励职工自愿接受裁减而提出给予补偿，在本集团不能单方面撤回解除劳动关系计划或裁减建议时和确认与涉及支付辞退福利的重组相关的成本费用时两者孰早日，确认因解除与职工的劳动关系给予补偿而产生的负债，同时计入当期损益。

预期在资产负债表日起一年内需支付的辞退福利，列示为流动负债。

四 重要会计政策和会计估计(续)

(20) 建造合同

在建造合同的结果能够可靠地估计时, 根据完工百分比法在资产负债表日确认合同收入及费用。建造合同的结果能够可靠地估计是指合同总收入能可靠地计量, 与合同相关的经济利益能够流入本公司, 在资产负债表日合同完工进度和为完成合同尚需发生的成本能够可靠地确定及为完成合同已经发生的合同成本能够清楚地区分和可靠地计量, 以便实际合同成本能与以前的预计成本相比较。

完工进度主要根据建造项目的性质, 按已经完成的合同工作量占合同预计总工作量的比例或已完工合同工作的测量进度或者按实际发生的合同成本占合同预计总成本的比例确定。

当期完成的建造合同, 按实际合同总收入扣除以前年度累计已确认的收入后的余额作为当期收入, 同时按累计实际发生的合同成本扣除以前年度累计已确认的成本后的余额确认为当期成本。

当建造合同的结果不能可靠地估计, 如果合同成本能够收回的, 合同收入根据能够收回的实际合同成本加以确认, 合同成本在其发生的当期确认为费用; 如果合同成本不能收回的, 应在发生时立即确认为费用, 不确认收入。

如果合同预计总成本将超过合同预计总收入, 即将预计损失计入当期损益。

(21) 递延所得税资产和递延所得税负债

递延所得税资产和递延所得税负债根据资产和负债的计税基础与其账面价值的差额(暂时性差异)计算确认。对于按照税法规定能够于以后年度抵减应纳税所得额的可抵扣亏损, 确认相应的递延所得税资产。对于商誉的初始确认产生的暂时性差异, 不确认相应的递延所得税负债。对于既不影响会计利润也不影响应纳税所得额(或可抵扣亏损)的非企业合并的交易中产生的资产或负债的初始确认形成的暂时性差异, 不确认相应的递延所得税资产和递延所得税负债。于资产负债表日, 递延所得税资产和递延所得税负债, 按照预期收回该资产或清偿该负债期间的适用税率计量。

递延所得税资产的确认以很可能取得用来抵扣可抵扣暂时性差异、可抵扣亏损和税款抵减的应纳税所得额为限。

对与子公司、合营企业及联营企业投资相关的应纳税暂时性差异, 确认递延所得税负债, 除非本集团能够控制该暂时性差异转回的时间且该暂时性差异在可预见的未来很可能不会转回。对与子公司及合营企业投资相关的可抵扣暂时性差异, 当该暂时性差异在可预见的未来很可能转回且未来很可能获得用来抵扣可抵扣暂时性差异的应纳税所得额时, 确认递延所得税资产。

同时满足下列条件的递延所得税资产和递延所得税负债以抵销后的净额列示:

- 递延所得税资产和递延所得税负债与同一税收征管部门对本集团内同一纳税主体征收的所得税相关;
- 本集团内该纳税主体拥有以净额结算当期所得税资产及当期所得税负债的法定权利。

四 重要会计政策和会计估计(续)

(22) 收入确认

收入的金额按照本集团在日常经营活动中销售商品和提供劳务时，已收或应收合同或协议价款的公允价值确定。收入按扣除销售折让及销售退回的净额列示。

与交易相关的经济利益很可能流入本集团，相关的收入能够可靠计量且满足下列各项经营活动的特定收入确认标准时，确认相关的收入：

(a) 房地产销售

房地产销售收入于物业的风险及报酬转移给买家时，即相关物业建筑工程完成及物业已交付给买家，且已合理确定可收回有关应收款项时确认。如果本集团须就已交付买家的物业进行其他工程，则须同时确认相关支出。

本集团将已收但尚未达到收入确认条件的房款计入预收款项科目，待符合上述收入确认条件后确认营业收入。

(b) 销售商品

本集团销售建筑材料，商品销售收入于产品交付予客户时进行确认。

(c) 提供劳务

物业管理所产生的收入按合约规定，以直线法在提供服务的会计期间确认。

(d) 酒店运营

来自客房租金、餐饮销售及其他配套服务的酒店收入在交付商品或提供服务时确认。

(e) 建造合同收入

有关建造合同收入的会计政策，请参阅附注四(20)。

(23) 政府补助

政府补助为本集团从政府无偿取得的货币性资产或非货币性资产，包括税费返还、财政补贴等。

政府补助在本集团能够满足其所附的条件并且能够收到时，予以确认。政府补助为货币性资产的，按照收到或应收的金额计量。政府补助为非货币性资产的，按照公允价值计量；公允价值不能可靠取得的，按照名义金额计量。

与资产相关的政府补助，是指企业取得的、用于购建或以其他方式形成长期资产的政府补助。与收益相关的政府补助是指除与资产相关的政府补助之外的政府补助。

四 重要会计政策和会计估计(续)

(23) 政府补助(续)

与资产相关的政府补助,冲减相关资产的账面价值。与收益相关的政府补助,用于补偿以后期间的相关成本费用或损失的,确认为递延收益,并在确认相关成本费用或损失的期间,计入当期损益或冲减相关成本,用于补偿已发生的相关费用或损失的,直接计入当期损益或冲减相关成本。本集团对同类政府补助采用相同的列报方式。

与日常活动相关的政府补助纳入营业利润,与日常活动无关的政府补助计入营业外收支。

(24) 维修基金和质量保证金

维修基金按照当地相关的规定,按房价总额的一定比例或者按照多层及高层每建筑平方米的既定收取标准确定。

质量保证金一般按施工单位工程款的一定比例预留,在开发产品办理竣工验收后并在约定的质量保证期内无质量问题时,再行支付给施工单位。

(25) 租赁

实质上转移了与资产所有权有关的全部风险和报酬的租赁为融资租赁。其他的租赁为经营租赁。

(a) 融资租赁

作为出租人,在租赁开始日本集团按最低租赁收款额与初始直接费用之和作为应收融资租赁款的入账价值,同时记录未担保余值;将最低租赁收款额、初始直接费用及未担保余值之和与其现值之和的差额确认为未实现融资收益。未实现融资收益在租赁期内各个期间采用实际利率法计算确认当期的融资收入。

(b) 经营租赁

经营租赁的租金支出在租赁期内按照直线法计入当期损益。

经营租赁的租金收入在租赁期内按照直线法确认。

(26) 财务担保合同

对于财务担保合同,会作为金融负债进行核算,初始计量以其公允价值加取得或发出财务担保合同之直接交易成本确认入账。初始确认后,本集团会以下列两者之较高者进行后续计量:估计偿付现时义务所需开支之现值,以及初始确认金额减累计摊销后的余额。

财务担保负债只会于合约列明的责任已履行或注销或届满时,方会于资产负债表终止确认。

四 重要会计政策和会计估计(续)

(27) 利润分配

拟发放的利润于董事会批准的当期，确认为负债。

(28) 企业合并

(a) 同一控制下的企业合并

合并方支付的合并对价及取得的净资产均按账面价值计量，如被合并方是最终控制方以前年度从第三方收购来的，则以被合并方的资产、负债(包括最终控制方收购被合并方而形成的商誉)在最终控制方合并财务报表中的账面价值为基础。合并方取得的净资产账面价值与支付的合并对价账面价值的差额，调整资本公积(股本溢价)；资本公积(股本溢价)不足以冲减的，调整留存收益。为进行企业合并发生的直接相关费用于发生时计入当期损益。为企业合并而发行权益性证券或债务性证券的交易费用，计入权益性证券或债务性证券的初始确认金额。

(b) 非同一控制下的企业合并

购买方发生的合并成本及在合并中取得的可辨认净资产按购买日的公允价值计量。合并成本大于合并中取得的被购买方于购买日可辨认净资产公允价值份额的差额，确认为商誉；合并成本小于合并中取得的被购买方可辨认净资产公允价值份额的差额，计入当期损益。为进行企业合并发生的直接相关费用于发生时计入当期损益。为企业合并而发行权益性证券或债务性证券的交易费用，计入权益性证券或债务性证券的初始确认金额。

(29) 合并财务报表的编制方法

编制合并财务报表时，合并范围包括本公司及全部子公司以及本集团控制的结构化主体。

子公司是指被本集团控制的主体。控制，是指拥有对被投资方的权力，通过参与被投资方的相关活动而享有可变回报，并且有能力运用对被投资方的权力影响回报金额。本集团直接或通过子公司间接拥有被投资单位半数以上的表决权，表明本集团能够控制被投资单位，应当将该被投资单位认定为子公司，纳入合并财务报表的合并范围。从取得子公司的实际控制权之日起，本集团开始将其纳入合并范围；从丧失实际控制权之日起停止纳入合并范围。对于同一控制下企业合并取得的子公司，自其与本公司同受最终控制方控制之日起纳入本公司合并范围，并将其在合并日前实现的净利润在合并利润表中单列项目反映。

结构化主体，是指在判断主体的控制方时，表决权或类似权利没有被作为设计主体架构时的决定性因素(例如表决权仅与行政管理事务相关)，而主导该主体相关活动的依据是合同或相应安排。

四 重要会计政策和会计估计(续)

(29) 合并财务报表的编制方法(续)

当本集团作为原始权益人及次级权益持有人发起成立专项资产管理计划时，本集团将评估就该结构化主体而言，本集团是否以主要责任人的身份行使决策权。如果其他方(结构化主体的其他投资者)行使决策权，则本集团不控制该结构化主体。但若本集团被判断为行使决策权，则是主要责任人，因而控制该结构化主体。

从取得子公司的实际控制权之日起，本集团开始将其纳入合并范围；从丧失实际控制权之日起停止纳入合并范围。对于同一控制下企业合并取得的子公司，自其与本公司同受最终控制方控制之日起纳入本公司合并范围，并将其在合并日前实现的净利润在合并利润表中单列项目反映。

在编制合并财务报表时，子公司与本公司采用的会计政策或会计期间不一致的，按照本公司的会计政策或会计期间对子公司财务报表进行必要的调整。对于非同一控制下企业合并取得的子公司，以购买日可辨认净资产公允价值为基础对其财务报表进行调整。

集团内所有重大往来余额、交易及未实现利润在合并财务报表编制时予以抵销。子公司的所有者权益、当期净损益及综合收益中不属于本公司所拥有的部分分别作为少数股东权益、少数股东损益及归属于少数股东的综合收益总额在合并财务报表中所有者权益、净利润及综合收益总额项下单独列示。本公司向子公司出售资产所发生的未实现内部交易损益，全额抵销归属于母公司股东的净利润；子公司向本公司出售资产所发生的未实现内部交易损益，按本公司对该子公司的分配比例在归属于母公司股东的净利润和少数股东损益之间分配抵销。子公司之间出售资产所发生的未实现内部交易损益，按照母公司对出售方子公司的分配比例在归属于母公司股东的净利润和少数股东损益之间分配抵销。

如果以本集团为会计主体与以本公司或子公司为会计主体对同一交易的认定不同时，从本集团的角度对该交易予以调整。

(30) 分部信息

本集团以内部组织结构、管理要求、内部报告制度为依据确定经营分部，以经营分部为基础确定报告分部并披露分部信息。

经营分部是指本集团内同时满足下列条件的组成部分：(1)该组成部分能够在日常活动中产生收入、发生费用；(2)本集团管理层能够定期评价该组成部分的经营成果，以决定向其配置资源、评价其业绩；(3)本集团能够取得该组成部分的财务状况、经营成果和现金流量等有关会计信息。如果两个或多个经营分部具有相似的经济特征，并且满足一定条件的，则合并为一个经营分部。

(31) 重要会计估计和判断

本集团根据历史经验和其他因素，包括对未来事项的合理预期，对所采用的重要会计估计和关键判断进行持续的评价。

下列重要会计估计及关键假设存在会导致下一会计年度资产和负债的账面价值出现重大调整的重要风险：

(a) 所得税

在正常的经营活动中，部分交易和事项的最终的税务处理存在不确定性。在考虑计提所得税费用及确认递延所得税时，本集团需要作出重大判断。如果这些税务事项的最终认定结果与最初入账的金额存在差异，该差异将对作出上述最终认定期间的所得税费用和递延所得税的金额产生影响。

(b) 土地增值税

按照中国相关税法规定，本集团需缴纳土地增值税。于资产负债表日，地方税务机关尚未对部分开发项目土地增值税清算应纳税额出具《核准意见书》。本集团依据《土地增值税暂行条例》及其实施细则的规定计算应纳税额入账。如果地方税务机关审核确认税额与原入账金额不一致，该差异将计入完成土地增值税清算的会计期间。

(31) 重要会计估计和判断(续)

(c) 投资性房地产的公允价值评估

公允价值的最佳证据为在活跃市场上附带类似租约与其他合约的物业的现行价格。倘若并无有关资料，本集团将金额定于合理公允价值估计的范围内。作出判断时，本集团会考虑多个来源的数据，包括：(i) 不同性质、状况或位置或受不同租约或其他合约规定的物业在活跃市场的现行价格，并予以调整以反映该等差异；(ii) 类似物业在不活跃市场的最近价格，并予以调整以反映自按该等价格进行交易的日期起任何经济状况的变化；及(iii) 按日后现金流量的可靠估计作出的贴现现金流量预测，该估计乃源自任何现有租约及其他合约的条款及(如有可能)源自外来凭证，例如处于相同位置及状况下的类似物业的现行市场租金，并采用可反映现金流量金额及时间不明确性的现有市场评估的折现率计算。本集团根据独立专业合资格估值师确定的估值评估其投资性房地产的公允价值。

(d) 存货跌价准备

本集团于资产负债表日对存货按照成本与可变现净值孰低计量，可变现净值的计算需要利用假设和估计。如果管理层对估计售价及完工时将要发生的成本及费用等进行修订，将影响存货的可变现净值的估计，该差异将对计提的存货跌价准备产生影响。

(e) 估计物业总建筑成本

本集团在确认物业销售成本时需估计物业建筑总成本。该项估计由管理层根据相关物业发展的详细预算资料为基础，并于工程进展期间作出定期评估。如果相关估计与实际发生的成本不符，则该项差异会影响已确认销售成本的正确性。

(32) 重要会计政策变更

财政部于 2018 年颁布了《财政部关于修订印发 2018 年度一般企业财务报表格式的通知》(财会[2018]15 号)，本集团已按照上述通知编制 2018 年度的财务报表，比较财务报表已相应调整，对财务报表的影响列示如下：

五

税项

本集团适用的主要税种及其税率列示如下:

税种	计税依据	税率
增值税(a)	应纳税增值额(应纳税额按应纳税销售额乘以适用税率扣除当期允许抵扣的进项税后的余额计算)	3%、5%、6%、10%、11%、16%或 17%
土地增值税	按转让房地产所取得的增值额	按超率累进税率 30% - 60%
房产税	房产原值或租金收入	房产原值的 1.2%或租金收入 12%
企业所得税(b)	应纳税所得额	25%

- (a) 根据财政部、国家税务总局颁布的《财政部、国家税务总局关于调整增值税税率的通知》(财税[2018]32 号)及相关规定, 自 2018 年 5 月 1 日起, 本集团非简易计价的房地产销售业务收入、建筑工程业务收入及租赁收入适用的增值税税率为 10%, 材料销售业务收入适用的增值税税率为 16%, 2018 年 5 月 1 日前材料销售业务适用的增值税税率为 17%, 其他业务适用的增值税税率为 11%。
- (b) 根据国家税务总局颁布的《关于设备、器具扣除有关企业所得税政策的通知》(财税[2018]54 号)及相关规定, 本集团在 2018 年 1 月 1 日至 2020 年 12 月 31 日的期间内, 新购买的低于 500 万元的设备可于资产投入使用的次月一次性计入当期成本费用, 在计算应纳税所得额时扣除, 不再分年度计算折旧。

八

分部信息

本集团的报告分部是提供不同产品或服务的业务单元。由于各种业务需要不同的技术和市场战略, 因此, 本集团分别独立管理各个报告分部的生产经营活动, 分别评价其经营成果, 以决定向其配置资源并评价其业绩。

本集团有 4 个报告分部, 分别为:

- 房地产开发业务
- 投资性房地产经营
- 物业管理
- 其他业务分部

分部间转移价格参照向第三方销售所采用的价格确定。

资产根据分部的经营以及资产的所在位置进行分配, 负债根据分部的经营进行分配, 间接归属于各分部的费用按照收入比例在分部之间进行分配。

十二 股份支付

股份支付为中国恒大授予包括本集团员工在内的中国恒大员工并以中国恒大发行自身的股份进行结算的购股权计划。本集团作为接受服务企业且没有结算义务，将该股份支付交易作为权益结算的股份支付进行处理。

于 2010 年 5 月 18 日，中国恒大授予本集团员工 49,000 万份购股权(“2010 年购股权”)，行权价格为每股 2.4 港元。所有购股权于授予后 5 年内可行使。

于 2014 年 10 月 9 日，中国恒大授予本集团员工 38,700 万份购股权(“2014 年购股权”)，行权价格为每股 3.05 港元。所有购股权于授予后 5 年内可行使。

于 2017 年 10 月 6 日，中国恒大授予本集团员工 50,514 万份购股权(“2017 年购股权”)，行权价格为每股 30.20 港元。所有购股权于授予后 5 年内可行使。

十四 或有事项

2018 年 12 月 31 日 2017 年 12 月 31 日

业主按揭担保(a)	402,376	339,121
第三方融资担保(b)	15,489	9,101
合营企业融资担保(c)	12,347	2,229
	<u>430,212</u>	<u>350,451</u>

- (a) 本集团按相关规定为本集团物业单位若干买家的银行融资提供担保。该等担保在下列较早者终止：(i) 出具房屋产权证，此证一般平均在担保登记完成后两至三年内出具；或(ii) 物业买家按揭贷款支付完毕时。根据担保条款，在担保期间，若该等买家拖欠按揭还款时，本集团须向银行偿还买家拖欠的按揭本金连同应计利息及罚金。在支付本息和罚金后，本集团有权接收相关按揭物业的法定业权。

本集团管理层认为，该类担保合约在生效日的公允价值较小，而且一旦买家未能支付按揭款，相关房产的可变现净值足以弥补尚未支付的贷款本金、累计利息和罚金，因此无需在财务报表中为该担保提取准备。

- (b) 本集团根据合作方的履约历史，为部分独立于本集团的合作方(主要为施工分包商)提供融资担保。本集团密切关注此类担保融资的还款情况。本集团管理层认为该类担保导致集团承担代偿风险的可能性极小，因此无需在财务报表中为该担保提取准备。
- (c) 本集团为部分合营企业房地产项目开发借款提供融资担保。本集团管理层认为该类担保导致集团承担代偿风险的可能性极小，因此无需在财务报表中为该担保提取准备。

十五 资产负债表日后事项

于 2019 年 3 月 7 日，本公司之子公司发行 2021 年 3 月 6 日到期、年利率为 9.0% 的优先票据，面值合计 600,000,000 美元。

十六 金融工具及其风险

本集团的经营活动会面临各种金融风险：市场风险(主要为外汇风险、利率风险和价格风险)、信用风险和流动风险。本集团整体的风险管理计划针对金融市场的不可预见性，力求减少对本集团财务业绩的潜在不利影响。

(1) 市场风险

(a) 外汇风险

于 2018 年 12 月 31 日及 2017 年 12 月 31 日本集团记账本位币为港元的公司持有的外币金融资产和外币金融负债均不重大。

本集团的主要经营位于中国境内，主要业务以人民币结算。本集团之外币资产和负债及外币交易的计价货币主要为港币及美元，存在外汇风险。本集团财务部门负责监控公司外币交易和外币资产及负债的规模，以最大程度降低面临的外汇风险。于 2018 年度及 2017 年度，本集团未签署任何远期外汇合约或货币互换合约。

于 2018 年 12 月 31 日及 2017 年 12 月 31 日，本集团记账本位币为人民币的公司持有的外币金融资产和外币金融负债折算成人民币的金额列示如下：

	2018 年 12 月 31 日			合计
	美元项目	港元项目	其他币种	
外币金融资产				
-货币资金	7,650	1,412	14	9,076

十六 金融工具及其风险(续)

(1) 市场风险(续)

(a) 外汇风险(续)

	2017年12月31日			合计
	美元项目	港元项目	其他币种	
外币金融资产				
-货币资金	322	6,083	2	6,407
-其他应收款	-	22	-	22
	<u>322</u>	<u>6,105</u>	<u>2</u>	<u>6,429</u>
外币金融负债				
-短期借款	28,210	23,807	15,559	67,576
-一年内到期的非流动负债	2,403	-	-	2,403
-其他应付款	-	519	-	519
-长期借款	-	6,019	-	6,019
	<u>30,613</u>	<u>30,345</u>	<u>15,559</u>	<u>76,517</u>

于2018年12月31日,对于本集团各类外币金融资产和外币金融负债,如果人民币对外币升值或贬值5%,其他因素保持不变,则本集团净利润将增加或减少约2,126,000,000元(2017年12月31日:净利润将增加或减少约2,628,000,000元),对其他综合收益无影响。

(b) 利率风险

本集团的利率风险主要产生于长期带息债务。浮动利率的金融负债使本集团面临现金流量利率风险,固定利率的金融负债使本集团面临公允价值利率风险。本集团根据当时的市场环境来决定固定利率及浮动利率合同的相对比例。于2018年12月31日,本集团长期带息债务主要为人民币计价的浮动利率银行借款,金额为128,110,000,000元(2017年12月31日:100,177,000,000元)。

本集团总部财务部门持续监控集团利率水平。利率上升会增加新增带息债务的成本以及本集团尚未付清的以浮动利率计息的带息债务的利息支出,并对本集团的财务业绩产生重大的不利影响,管理层会依据最新的市场状况及时做出调整,这些调整可能是进行利率互换的安排来降低利率风险。于2018年度及2017年度本集团并无利率互换安排。

于2018年12月31日,如果以浮动利率计算的借款利率上升或下降100个基点,而其他因素保持不变,本集团的净利润将减少或增加约961,000,000元(2017年12月31日:净利润将减少或增加约751,000,000元)。

十六 金融工具及其风险(续)

(1) 市场风险(续)

(b) 利率风险(续)

(c) 其他价格风险

本集团其他价格风险主要产生于本集团持有的以公允价值计量且其变动计入当期损益的金融资产和可供出售金融资产。

于 2018 年 12 月 31 日，如果本集团持有上述各类投资的预期价格上涨或下跌 5%，其他因素保持不变，则本集团将增加或减少净利润约 34,000,000 元(2017 年 12 月 31 日：约 10,000,000 元)，增加或减少其他综合收益约 24,000,000 元(2017 年 12 月 31 日：约 44,000,000 元)。

(2) 信用风险

本集团对信用风险按组合分类进行管理。信用风险主要产生于银行存款与应收款项。

本集团银行存款主要存放于国有银行和其他大中型上市银行，本集团认为其不存在重大的信用风险，不会产生因对方单位违约而导致的任何重大损失。

此外，对于应收款项，本集团设定相关政策以控制信用风险敞口。本集团基于对客户的财务状况、从第三方获取担保的可能性、信用记录及其他因素诸如目前市场状况等评估客户的信用资质并设置相应信用期。本集团会定期对客户信用记录进行监控，对于信用记录不良的客户，本集团会采用书面催款、缩短信用期或取消信用期等方式，以确保本集团的整体信用风险在可控的范围内。

十六 金融工具及其风险(续)

(3) 流动性风险

本集团对现金流量进行预测，并持续监控短期和长期的资金需求，以确保维持合理的现金储备；同时持续监控本集团是否符合借款协议的规定，从主要金融机构获得提供足够备用资金的承诺，以满足短期和长期的资金需求。

于资产负债表日，本集团各项金融负债以未折现的合同现金流量按到期日列示如下：

	2018年12月31日				
	一年以内	一到二年	二到五年	五年以上	合计

公允价值估计

公允价值计量结果所属的层次，由对公允价值计量整体而言具有重要意义的输入值所属的最低层次决定：

第一层次：相同资产或负债在活跃市场上未经调整的报价。

第二层次：除第一层次输入值外相关资产或负债直接或间接可观察的输入值。

第三层次：相关资产或负债的不可观察输入值。

(1) 持续的以公允价值计量的资产

十七 公允价值估计(续)

(2) 不以公允价值计量但披露其公允价值的资产和负债

本集团以摊余成本计量的金融资产和金融负债主要包括：应收款项、短期借款、应付款项和长期借款等。

由于折现的影响并不重大或者该长期借款按浮动利率计息，该等不以公允价值计量的金融资产和金融负债的账面价值与公允价值差异很小。

(3) 存在活跃市场的应付债券，以活跃市场中的报价确定其公允价值，属于第一层次。长期借款、长期应付款以及不存在活跃市场的应付债券，以合同规定的未来现金流量按照市场上具有可比信用等级并在相同条件下提供几乎相同现金流量的利率进行折现后的现值确定其公允价值，属于第三层次。

十八 资本管理

本集团资本管理政策的目标是为了保障本集团能够持续经营，从而为股东提供回报，并使其他利益相关者获益，同时维持最佳的资本结构以降低资本成本。

为了维持或调整资本结构，本集团可能会调整支付给股东的股利金额、向股东返还资本、发行新股或出售资产以减低债务。

本集团的总资本为合并资产负债表中所列示的所有者权益。本集团不受制于外部强制性资本要求，利用资产负债比率监控资本。

于2018年12月31日及2017年12月31日，本集团的资产负债比率列示如下：

	2018年12月31日	2017年12月31日

To the Board of Directors of Hengda Real Estate Group Company Limited

OPINION

What we have audited

We have audited the accompanying financial statements of Hengda Real Estate Group Company Limited (hereinafter “the Company”), which comprise:

- the consolidated and company balance sheets as at 31 December 2017;
- the consolidated and company income statements for the year then ended;
- the consolidated and company cash flow statements for the year then ended;
- the consolidated and company statements of changes in owners’ equity for the year then ended; and
- notes to the financial statements.

Our opinion

In our opinion, the accompanying financial statements present fairly, in all material respects, the consolidated and company’s financial position of the Company as at 31 December 2017, and their financial performance and cash flows for the year then ended in accordance with the requirements of Accounting Standards for Business Enterprises (“CASs”).

BASIS FOR OPINION

We conducted our audit in accordance with China Standards on Auditing (“CSAs”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the Company in accordance with the Code of Ethics for Professional Accountants of the Chinese Institute of Certified Public Accountants (“CICPA Code”), and we have fulfilled our other ethical responsibilities in accordance with the CICPA Code.

OTHER INFORMATION

Management of the Company is responsible for the other information. The other information comprises all of the information included in 2017 annual report of the Company other than the financial statements and our auditor’s report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE FINANCIAL STATEMENTS

Management of the Company is responsible for the preparation and fair presentation of these financial statements in accordance with the CASs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing these financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether these financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with CSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with CSAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in these financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

4 Significant accounting policies and accounting estimates

(1) Accounting year

The Company’s accounting year starts on 1 January and ends on 31 December.

(2) Functional currency

The Company’s recording currency is Renminbi (RMB). The subsidiaries of the Company decide their own recording currencies in accordance with the economic environment in which they operate. Apart from Pioneer Time Investment Limited whose functional currency is Hong Kong Dollar (“HKD”), the other subsidiaries adopt RMB as their functional currencies. The financial statements are presented in RMB.

(3) Foreign currency translation

(a) Foreign currency transactions

Foreign currency transactions are translated into RMB using the exchange rates prevailing at the dates of the transactions.

At balance sheet date, monetary items denominated in foreign currencies are translated into RMB using the current exchange rates on the balance sheet date. Exchange differences arising from these translations are recognised in profit or loss, except for those attributable to foreign currency borrowings that have been taken out specifically for acquisition or construction of qualifying assets, which are capitalised as part of the cost of those assets. Non-monetary items denominated in foreign currencies that are measured at historical costs are translated at the balance sheet date using the spot exchange rates at the date of the transactions. The effect of exchange rate changes on cash and cash equivalents are presented separately in the statement of cash flows.

(b) *Currency translations*

The assets and liabilities of the balance sheets for overseas operations are translated at the current exchange rates on the balance sheet date. Among the owners' equity, the items other than retain earnings are translated at the spot exchange rates of the transaction dates. The income and expense items in the statement of profit or loss of overseas operations are translated at the spot exchange rates of the transaction dates. The differences arising from the above translation are presented in statement of other comprehensive income. The cash flows of overseas operations are translated at the spot exchange rates on the dates of the cash inflows/outflows. The effect of exchange rate changes on cash and cash equivalents are presented separately in the statement of cash flows.

(4) *Cash and cash equivalents*

Cash and cash equivalents comprise cash on hand, deposits that can be readily drawn on demand, and short-term and highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(5) *Financial assets*

Financial assets are classified into the following categories at initial recognition: financial assets at fair value through profit or loss, held-to-maturity investments, receivables and available-for-sale financial assets. The classification of financial assets depends on the Group's intention and ability to hold the financial assets. During the reporting period, the financial assets of the Group includes financial assets at fair value through profit or loss, receivables and available-for-sale financial assets.

(a) *Financial assets at fair value through profit or loss*

Financial assets at fair value through profit or loss include financial assets held for trading in the short term.

(b) *Receivables*

Receivables, including accounts receivable, other receivables and notes receivable, are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market (Note 4(7)).

(c) *Available-for-sale financial assets*

Available-for-sale financial assets are non-derivatives that are either designated in this category or not classified in any of the other categories. They are included in non-current assets unless the investment matures or management intends to dispose of it within 12 months of the end of the reporting period.

(d) *Recognition and measurement*

Financial assets are recognised at fair value on the balance sheets when the Group becomes a party to the contractual provisions of the financial instrument. In the case of financial assets at fair value through profit or loss, the related transaction costs incurred at the time of acquisition are recognised in profit or loss for the current period. For other financial assets, transaction costs that are attributable to acquisition of the financial assets are included in their initially recognised amounts. Financial assets are derecognised when the rights to receive cash flows from the investments have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership.

Financial assets at fair value through profit or loss and available-for-sale financial assets are subsequently measured at fair value. Investments in equity instruments are measured at cost when they do not have a quoted market price in an active market and whose fair value cannot be reliably measured. Receivables are subsequently measured at amortised cost using the effective interest method.

Gains or losses arising from change in the fair value of financial assets at fair value through profit or loss are recognised in profit or loss as “Changes in fair value” in the period in which they arise. Dividend income from financial assets at fair value through profit or loss is recognised in the income statement as part of other income when the group’s right to receive payments is established.

Gains or losses arising from change in fair value of available-for-sale financial assets are recognised directly in other comprehensive income, except for impairment losses and foreign exchange gains and losses arising from translation of monetary financial assets. When securities classified as available for sale are sold or impaired, the accumulated fair value adjustments recognised in equity are included in the profit or loss. Dividends on available-for-sale equity instruments are recognised in the profit or loss when the Group’s right to receive payments is established.

(e) *Impairment of financial assets*

The Group assesses at the end of each reporting period whether there is objective evidence that a financial asset or group of financial assets is impaired.

For the impairment on a financial asset carried at amortised cost has occurred, the amount of the impairment loss is provided for at the difference between the asset’s carrying amount and the present value of its estimated future cash flows (excluding future credit losses that have not been incurred). If there is objective evidence that the value of the financial asset recovered and the recovery is related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed and the amount of reversal is recognised in profit or loss.

If there is objective evidence that an impairment loss on available-for-sale financial assets measured at fair value incurred, the cumulative loss arising from the decline in fair value that had been recognised directly in equity are removed from equity and recognised as impairment loss. For an investment in debt instrument classified as available-for-sale on which the impairment loss has been recognised, if, in a subsequent period, its fair value increases and the increase can be objectively related to an event occurring after the impairment loss was recognised, the previously recognised impairment loss is reversed through profit or loss for the current period. For an investment in an equity instrument classified as available-for-sale on which the impairment loss has been recognised, the increase in its fair value in a subsequent period is recognised directly in equity.

If an impairment loss on an available-for-sale financial asset measured at cost incurred, the amount of loss is measured at the difference between the asset’s carrying amount and the present value of estimated future cash flows discounted at the current market rate of return for similar financial assets. The previously recognised impairment loss will not be reversed in subsequent periods.

(f) *Derecognition of financial assets*

A financial asset is derecognised when one of the following is fulfilled: (1) the contractual rights to receive the cash flows from the financial asset have expired; (2) risks and rewards from the financial asset have been transferred; (3) financial assets having been transferred, risks and rewards from the financial asset are neither transferred or maintained by the Group, the Group loses the control over the financial assets.

Once a financial asset is derecognized, the difference between its carrying amount and its consideration received as well as the accumulative amount of changes in fair value which is recognized in other comprehensive income is recognized in profit or loss.

(6) *Financial liabilities*

Financial liabilities are classified into the following categories at initial recognition: financial liabilities at fair value through profit or loss and other financial liabilities. The financial liabilities of the Group mainly comprise other financial liabilities, including payables, borrowings and corporate bonds.

Payables, including trade and other payables, are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

Borrowings and corporate bonds are recognised initially at fair value, net of transaction costs incurred, and subsequently measured at amortised cost using the effective interest method.

Other financial liabilities with maturities within one year (inclusive) are classified as current liabilities. Other financial liabilities with maturities over one year but are due within one year (inclusive) at the balance sheet date are classified as the current portion of non-current liabilities. Others are classified as non-current liabilities.

A financial liability is derecognised or partially derecognised when the current obligation is discharged or partially discharged. The difference between the carrying amount of the derecognised financial liabilities and the consideration paid is recognised in profit or loss.

Financial assets and financial liabilities are separately presented in consolidated balance sheets with no offsetting, except when:

- (a) the Company has a legally enforceable right to offset a certain amount;
- (b) the Company has intention to settle on a net basis, or realize the assets and settle the liabilities simultaneously.

(7) *Receivables*

Receivables comprise accounts receivable and other receivables. Accounts receivable arising from sale of goods or rendering of services are initially recognised at fair value of the contractual payments from the customers or service recipients.

- (a) Receivables with amounts that are individually significant and subject to separate assessment for impairment.

Receivables with amounts that are individually significant are subject to separate assessment for impairment. If there is objective evidence that the Group will not be able to receive the amount with the original terms, an allowance for bad debts should be made.

Individual accounts receivable with amounts greater than RMB10,000,000 or other receivables with amounts greater than RMB30,000,000 are regarded as significant.

An allowance for bad debts of receivables with amount that is individually significant and subject to separate assessment for impairments is made at the difference between its carrying amount and the present value of estimated future cash flows.

(b) *Allowance for bad debts of receivables with similar credit risk*

Receivables with amounts that are not individually significant and those receivables that have been individually assessed for impairment and have not been impaired are classified into certain groupings based on their credit risk characteristics. Allowance for bad debts is determined based on the historical loss experience for groupings of receivables with similar credit risk, taking into consideration of the current circumstances.

Receivables with similar credit risk are grouped by:

Item	Method for making provision
Receivables from sales of property. . .	No provision is made based on the historical loss experience.
Receivables from related parties within consolidation group	No provision is made based on the historical loss experience.
Receivables from related parties out of consolidation group.	Bad debt provision is made at 1% based on the percentage of balances.
Receivables from non-controlling interests	Bad debt provision is made at 1% based on the percentage of balances.
Deposits and petty cash	No provision is made based on the historical loss experience.
Notes receivable	No provision is made based on the historical loss experience.
Others	Provision is made based on aging analysis.

Allowance of doubtful debt of receivables are based on aging analysis which listed as below:

	Allowance ratio for accounts receivable	Allowance ratio for other receivables
Within 1 year	1%	1%
1 to 2 years	2%	2%
Over 2 years.	5%	5%

(c) *Receivables with amounts that are individually insignificant but subject to separate assessment for impairment*

The reason for separate assessment for impairment is that there exists objective evidence that the Group will not be able to collect the amount under the original terms.

Allowance of bad debts of receivable is made at the difference between its carrying amount and the present value of estimated future cash flows.

(d) When the Group transfers the accounts receivable to the financial institutions without right of recourse, the difference between the proceeds received and their carrying amounts along with related taxes charge are recognised in profit or loss.

(8) *Inventories*

Inventories are categorized by real estate properties and non-real estate properties. Real estate properties include developed properties and properties under development. Non-real estate properties are goods and others.

A property that has developed and is ready for sale. A property under development refers to a property that has not completely developed and hold for sale purpose.

Inventories are initially measured at cost. At as balance sheet date, inventories are measured at the lower of cost and net realisable value.

Costs of real estate properties include costs of land, construction costs, and other direct and indirect development costs.

Borrowing costs that are eligible for capitalization are included in the costs of real estate properties.

Provision for impairment of inventories is determined at the excess amount of the carrying amounts of the inventories over their net realisable value. Net realisable value is determined based on the estimated selling price in the ordinary course of business less the estimated costs to completion and estimated costs necessary to the sales and related taxes charge.

(9) *Long-term equity investments*

Long-term equity investments comprise the Company's investments in its subsidiaries and the Group's investments in its joint ventures and associates.

Subsidiaries are the investees over which the Company is able to exercise control. Joint ventures are under joint arrangement which is structured through a separate vehicle over which the Group has joint control together with other parties and with the rights to the net assets of the arrangement based on legal forms, contractual terms and other facts and circumstances. Associates are the investee over which the Group has significant influence on its financial and operating policy decisions.

Investments in subsidiaries are accounted for at cost less impairment method and are adjusted to the equity method when preparing the consolidated financial statements. Investments in joint ventures and associates are accounted for using the equity method.

(a) *Recognition of the cost of Long-term equity investments*

For the long-term equity investments acquired by business combinations, where it's acquired by business combinations involving under common control, the cost of investment is recognized at the share of the carrying value of the owners' equity of the acquiree on the consolidated financial statements of the ultimate controller at the date of acquisition. Where the long-term equity investments acquired by business combinations not under common control, the cost of investments is recognized at the considerations of combinations.

For the long-term equity investments acquired by other methods other than business combinations, if it's acquired by cash, the cost of investments is initially recognized at the actual payment. If it is acquired by the issuance of equity securities, the fair value of which is initially recognized as the investment cost.

(b) *Subsequent measurement and recognition of profit or loss*

For long-term equity investments accounted for using the cost method are measured at initial investment cost. Cash dividends or profit distributions declared by the investees are recognised as investment income in profit or loss.

For long-term equity investments accounted for using the equity method, where the initial investment cost exceeds the Group's share of the fair value of the investee's identifiable net assets at the date of acquisition, the investment is initially measured at that cost. Where the initial investment cost is less than the Group's share of the fair value of the investee's identifiable net assets at the time of acquisition, the difference is included in profit or loss and the cost of the long-term equity investments is adjusted upwards accordingly.

For investments accounted for using equity method, the Group recognised the investment income according to its share of net profit or loss of the investee. The Group did not recognise further losses when the Group's share of losses in investments accounted for using equity method equals or exceeds its interests (which includes any long-term interests that, in substance, form part of the Group's net investment in investments accounted for using equity method), the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the joint ventures. The Group's share of the changes in investee's owner's equity other than those arising from the net profit or loss, other comprehensive income and profit distribution is recognised in capital surplus with a corresponding adjustment to the carrying amounts of the long-term equity investments. The carrying amount of the investment is reduced by the Group's share of the profit distribution or cash dividends declared by the investees. Unrealised gains on transactions between the Group and its joint ventures are eliminated to the extent of the Group's interest in the joint ventures. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred.

(c) *Basis for recognition of control, common control and significant influence over the investee*

Control refers to the right over the investee, to participate in the relevant activities of the investee and entitle to a variable return, and the ability to exercise its power over the investee to influence the amount of return.

Joint control refers to a share of control over an arrangement in accordance with a related agreements, and the relevant activities of the arrangement must be agreed by the Group and other parties which share the right of joint control over the investee.

Significant influence refers to the right over the investee, to participate in decisions making of the investee on its financial and operating policies, but not control or be able to common control the decisions making process together with other parties.

(d) *Impairment of long-term equity investments*

For a long-term equity investments in subsidiaries, joint ventures or associates, its carrying amount is written down immediately to its recoverable amount if its carrying amount is greater than its estimated recoverable amount (Note 4(16)).

(10) *Investment properties*

Investment properties, including land use rights, are held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Group, which measured initially at cost. Subsequent expenditures incurred in relation to an investment property are included in the

cost of the investment property when it is probable that the associated economic benefits will flow to the Group and their costs can be reliably measured; otherwise, the expenditures are recognised in profit or loss for the period in which they are incurred.

Investment properties are subsequently measured using the fair value model and are not depreciated or amortised. The carrying amount of investment properties is adjusted based on their fair value at the balance sheet date, and the difference between the fair value and the original carrying amount is recognised in profit or loss.

If an investment property becomes owner-occupied or commences to be further developed for sale, it is reclassified as property, plant and equipment and land use right or properties under development, and its fair value at the date of change in use becomes its cost for accounting purposes.

If an item of property, plant and equipment becomes an investment property because its use has changed, if the fair value of this item at the date of transfer is less than the carrying amount, the difference is recognised in profit or loss; otherwise, it is included in other comprehensive income.

Investment properties are derecognised on disposal or when the investment properties are permanently withdrawn from use and no future economic benefits are expected from its disposal. The net amount of proceeds from sale, transfer, retirement or damage of investment properties after its carrying amount and related taxes charge and expenses is recognised in profit or loss.

(11) *Property, equipment and plant*

(a) *Initial recognition and measurement of property, equipment and plant*

Property, equipment and plant comprise buildings, machinery and equipment, motor vehicles and office equipment. Property, equipment and plant purchased or constructed by the Group are initially measured at cost.

Subsequent expenditures incurred for property, equipment and plant are included in the cost of acquired when it is probable that the associated economic benefits will flow to the Group and the related cost can be reliably measured. The carrying amount of the replaced part is derecognised. All the other subsequent expenditures are recognised in profit or loss in which they are incurred.

Property, equipment and plant are depreciated using the straight-line method to allocate the cost of the assets to their estimated residual values over their estimated useful lives. For the property, equipment and plant that have been provided for impairment loss, the related depreciation charge is prospectively determined based upon the adjusted carrying amounts over their remaining useful lives.

(b) *Depreciation of property, equipment and plant*

Property, equipment and plant are depreciated using the straight-line method to allocate the cost of the assets to their estimated residual values over their estimated useful lives. For the property, equipment and plant that have been provided for impairment loss, the related depreciation charge is prospectively determined based upon the adjusted carrying amounts over their remaining useful lives.

The estimated useful lives, the estimated residual values expressed as a percentage of cost and the annual depreciation rates of property, equipment and plant are as follows:

	<u>Estimated useful lives</u>	<u>Estimated residual values</u>	<u>Annual depreciation rates</u>
Buildings	15–30 years	5%	3%–6%
Machinery and equipment. . .	5–10 years	3%	10%–19%
Motor vehicles	5–10 years	5%	10%–19%
Office equipment.	5–10 years	5%	10%–19%

The estimated useful life and the estimated net residual value of property, equipment and plant and the depreciation method applied to the asset are reviewed, and adjusted as appropriate at each year-end.

- (c) Carrying amount of property, equipment and plant is written down immediately to its recoverable amount if its carrying amount is greater than its estimated recoverable amount (Note 4(16)).

- (d) *Disposal of property, equipment and plant*

Property, equipment and plant are derecognised on disposal or when no future economic benefits are expected from its use or disposal. The amount of proceeds from disposals on sale, transfer, retirement or damage of a fixed asset net of its carrying amount and related taxes and expenses is recognised in profit or loss.

(12) *Construction in progress*

Construction in progress is measured at actual cost. Actual cost comprises construction costs, installation costs, borrowing costs that are eligible for capitalisation and other costs necessary to bring the property, equipment and plant ready for their intended use. Construction in progress is transferred to property, equipment and plant when the assets are ready for their intended use, and depreciation is charged starting from the following month. The carrying amount of a construction in progress is written down immediately to its recoverable amount if its carrying amount is greater than its estimated recoverable amount (Note 4(16)).

(13) *Intangible assets*

Intangible assets comprise land use rights, software licenses and others. Intangible assets are measured at cost and amortized evenly over their estimated useful lives.

- (a) *Land use rights*

Land use rights are amortised on the straight-line basis over their approved use period of 40–70 years. If the costs of the land use rights and the buildings located thereon cannot be reasonably allocated between the land use rights and the buildings, all of the costs are recognised as property, equipment and plant.

- (b) *Software licenses*

The software licenses purchased by the Group are measured at actual cost and amortised evenly over their useful lives.

(c) *Periodical review of useful life and amortisation method*

For an intangible asset with a finite useful life, review of its useful life and amortisation method is performed by the Group at each year-end, with adjustment made as appropriate.

The estimated useful lives, estimated residual values and annual amortisation rates of intangible assets are as follows:

	<u>Estimated useful lives</u>	<u>Estimated residual values</u>	<u>Annual amortisation rates</u>
Land use rights	40–70	0%	1.43%–2.50%
Others	3–20	0%	5%–33.33%

(14) Goodwill

Goodwill arises on the acquisition of subsidiaries represents the excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the identified net assets acquired.

(15) Long-term prepaid expenses

Long-term prepaid expenses are expenditures for improvements to property, equipment and plant under operating leases. Long-term prepaid expenses are amortised on the straight-line basis over the expected beneficial period and are presented at actual expenditure net of accumulated amortisation.

(16) Impairment of long-term assets

Property, equipment and plant, construction in progress, intangible assets with finite useful lives, long-term prepaid expenses and investments in subsidiaries, joint ventures and associates are subject to impairment tests if there is any indicator that the assets may be impaired at the balance sheet date. If the result of the impairment test indicates that the recoverable amount of an asset is less than its carrying amount, a provision for impairment and an impairment loss are recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and the present value of the future cash flows expected to be derived from the asset. Provision for asset impairment is determined and recognised on the individual asset basis. If it is not possible to estimate the recoverable amount of an individual asset, the recoverable amount of a group of assets to which the asset belongs is determined. An assets group is the smallest group of assets that is able to generate independent cash inflows.

Goodwill that is separately presented in the financial statements is tested at least annually for impairment, irrespective of whether there is any indicator that it may be impaired. In conducting the test, the carrying value of goodwill is allocated to the related asset group or groups of asset groups which are expected to benefit from the synergies of the business combination. If the result of the test indicates that the recoverable amount of an asset group or a group of asset groups, including the allocated goodwill is lower than its carrying amount, the corresponding impairment loss is recognised. The impairment loss is first deducted from the carrying amount of goodwill that is allocated to the asset group or group of asset groups, and then deducted from the carrying amounts of other assets within the asset group or group of asset groups in proportion to the carrying amounts of assets other than goodwill.

Any impairment is recognised immediately as an expense and is not subsequently reversed.

(17) *Borrowing costs*

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. The capitalisation of borrowing costs ceases when the asset under acquisition or construction are substantially ready for its intended use and the borrowing costs incurred thereafter are recognised in profit or loss. Capitalisation of borrowing costs is suspended during periods in which the acquisition or construction of an asset is interrupted abnormally and the interruption lasts for more than 3 months, until the acquisition or construction is resumed.

The amount of costs capitalised of specific borrowings directly attributable to the acquisition, construction or production of qualifying assets is limited to the actual borrowing costs incurred on that borrowing during the period less any investment income earned on the temporary investment as well as bank interest of specific borrowings pending their expenditure on qualifying assets.

The amount of costs capitalised of general borrowings directly attributable to the acquisition, construction or production of qualifying assets should be determined by applying the weighted average of the actual interest rates of general borrowings to the weighted average of the accumulated expenditures on qualifying assets less those incurred by specific borrowing. The actual interest rate of a general borrowing is the discounted rate used in the initial measurement of that borrowing for discounting the future cash flow of that borrowing during the expected period of duration or a shorter applicable period.

(18) *Borrowings*

Borrowings are recognised initially at fair value, net of transaction costs incurred, and subsequently measured at amortised cost using the effective interest method. Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the respective balance sheet date.

(19) *Employee benefits*

Employee benefits refer to consideration or compensation given by the Group in exchange for service rendered by employees or for termination of employment, which include short-term employee benefits, post-employment benefits and wages and salaries of employees benefited by China Evergrande.

(a) *Short-term employee benefits*

Short-term employee benefits include wages or salaries, bonus, allowances and subsidies, staff welfare, premiums or contributions on medical insurance, work injury insurance and maternity insurance, housing funds, union running costs and employee education costs and etc. The short-term employee benefits actually occurred are recognised as a liability in the accounting period in which the service is rendered by the employees, with a corresponding charge to the profit or loss for the current period or the cost of relevant assets. Non-monetary benefits are measured at fair value.

(b) *Post-employment benefits*

The Group classifies post-employment benefit plans as either defined contribution plans or defined benefit plans. Defined contribution plans are post-employment benefit plans under which the Group pays fixed contributions into a separate fund and will have no obligation to pay further contributions; and defined benefit plans are post-employment benefit plans other

than defined contribution plans. During the reporting period, the Group's post-employment benefits mainly include the premiums or contributions on basic pensions and unemployment insurance, both of which belong to defined contribution plans.

(c) Post-retirement benefits

The Group's employees participate in post-retirement benefits plan set up and administered by local authorities of Ministry of Human Resource and Social Security. Monthly payments of premiums on the basic pensions are calculated according to the bases and percentage prescribed by the relevant local authorities. When employees retire, the relevant local authorities are obliged to pay the basic pensions to them. The amounts based on the above calculations are recognised as liabilities in the accounting period in which the service has been rendered by the employees, with a corresponding charge to the profit or loss or the cost of relevant assets.

(d) Termination benefits

Termination benefits are payable when employment is terminated before the normal retirement date, or whenever an employee accepts voluntary redundancy in exchange for these benefits. The Group recognises termination benefits when it is demonstrably committed to either: terminating the employment of current employees according to a detailed formal plan without possibility of withdrawal; or providing termination benefits as a result of an offer made to encourage voluntary redundancy.

The termination benefits expected to be settled within 12 months since the balance sheet date are classified as current liabilities.

(20) Construction contracts

If the construction contract can be estimated reliably, contract revenue and cost should be recognised by reference to the percentage of completion method at the balance sheet date. The term "the outcome of a construction contract can be estimated reliably" refers to the fact where the total income of the contract can be estimated reliably, the economic benefits associated with the contract will flow to the Company, the progress of completion and the cost necessary to complete the contract can be determined reliably at the balance sheet date, and the actual contract cost incurred for the completion of the contract can be differentiated clearly and measured reliably to compare the actual contract cost with the previous estimated costs.

The percentage of completion is measured by the stage of completed works to the estimated total works of the contracts or the surveying progress of the completed works, or the proportion of contract costs actually incurred to the estimated total costs of contracts, based on the nature of construction.

For construction contract completed in the current period, total income of the actual contract is recognized as income for the period after deducting the accumulated recognized income. Meanwhile, total accumulated cost of the actual contract is recognized as cost for the period after deducting the accumulated recognized cost.

When the outcome of a construction contract cannot be estimated reliably, if contract costs can be recovered, contract revenue shall be recognised only to the extent that the contract costs incurred are expected to be recovered, with the contract costs recognised as expenses in the period in which they are incurred. When contract costs cannot be recovered, these costs shall be recognised as expenses promptly when incurred and no contract revenue may be recognised.

In the case where the estimated total costs of contract exceed the estimated total revenue, the estimated losses of the contract shall be included into profit or loss for the current period.

(21) *Deferred income tax assets and liabilities*

Deferred income tax assets and liabilities are calculated and recognised based on the differences arising between the tax bases of assets and liabilities and their carrying amounts (temporary differences). Deferred income tax asset is recognised for the deductible tax losses that can be carried forward to subsequent years for deduction of the taxable profit in accordance with the tax laws. No deferred income tax liabilities is recognised for a temporary difference arising from the initial recognition of goodwill. No deferred income tax assets or liabilities is recognised for the temporary differences resulting from the initial recognition of assets or liabilities due to a transaction other than a business combination, which affects neither accounting profit nor taxable profit (or deductible loss). At the balance sheet date, Deferred income tax assets and Deferred income tax liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled.

Deferred income tax assets are only recognised for deductible temporary differences, deductible losses and tax credits to the extent that it is probable that taxable profit will be available in the future against which the deductible temporary differences, deductible losses and tax credits can be utilised.

Deferred income tax liabilities are recognised for temporary differences arising from investments in subsidiaries, joint ventures and associates, except where the Group is able to control the timing of reversal of the temporary difference, and it is probable that the temporary difference will not reverse in the foreseeable future. When it is probable that the temporary differences arising from investments in subsidiaries and joint ventures will be reversed in the foreseeable future and that the taxable profit will be available in the future against which the temporary differences can be utilised, the corresponding Deferred income tax assets are recognised.

Deferred income tax assets and liabilities are offset when:

- the deferred income taxes are related to the same tax payer within the Group and the same taxation authority jurisdiction; and,
- that tax payer within the Group has a legally enforceable right to offset the current tax assets against liabilities.

(22) *Revenue recognition*

The amount of revenue is determined in accordance with the fair value of the consideration received or receivable for the sale of goods and services in the ordinary course of the Group's activities. Revenue is stated net of discounts, rebates and returns.

Revenue is recognised when it's probable that the economic benefits associated with the transaction will flow to the Group, the related revenue can be reliably measured, and the specific criteria of revenue recognition have been met for each type of the Group's activities as described below:

(a) *Sales of properties*

Revenue from sales of properties is recognised when the risks and rewards of properties are transferred to the purchasers, which is when the construction of relevant properties has been completed and the properties have been delivered to the purchasers and collectability of

related receivables is reasonably assured. To the extent that the Group has to perform further work on the properties already delivered to the purchasers, the relevant expenses shall be recognised simultaneously.

Deposits and installments received on properties sold prior to the date of revenue recognition are included in the balance sheets under current liabilities.

(b) *Sale of goods*

The Group manufactures and sells of construction materials. Revenue from sales of goods are recognised when the products have been delivered to the customers.

(c) *Rendering of services*

Revenue arising from property management is recognised in the accounting period in which the services are rendered, using a straight-line basis over the term of the contract.

(d) *Hotel operations*

Hotel revenue from room rentals, food and beverage sales and other ancillary services are recognized when the goods are delivered or services are rendered.

(e) *Construction services*

For the accounting policies in relation to the revenue recognition of construction services, please refer to Note 4(20).

(23) Government Grants

Government grants refer to the monetary or non-monetary assets obtained by the Group from the government, including tax return, financial subsidy and etc.

Government grants are recognised when the grants can be received and the Group can comply with all attached conditions. If a government grant is a monetary asset, it will be measured at the amount received or receivable. If a government grant is a non-monetary asset, it will be measured at its fair value. If it is unable to obtain its fair value reliably, it will be measured at its nominal amount.

Government grants related to assets refer to government grants which are obtained by the Group for the purposes of purchase, construction or acquisition of the long-term assets. Government grants related to income refer to the government grants other than those related to assets.

Government grants related to assets are deducted against the carrying amount of the assets. Government grants related to income that compensate the future costs, expenses or losses are recorded as deferred income and recognised in profit or loss, or deducted against related costs, expenses or losses in reporting the related expenses; government grants related to income that compensate the incurred costs, expenses or losses are recognised in profit or loss, or deducted against related costs, expenses or losses directly in current period. The Group consistently applies similar presentation to the government grants.

Government grants that are related to ordinary activities are included in operating profit, otherwise, they are recorded in non-operating income or expenses.

(24) *Maintenance funds and quality deposits*

The maintenance fund recognised in accordance with the relevant local regulations, based on a certain proportion of the total selling price of the properties, or an established standard for by square meter for the multi-story buildings.

Quality deposits are generally reserved on certain proportion of construction project payment and will be paid to the construction vendors after the inspection and approval of completion of the property as well as the prescribed quality guarantee period during which no quality issue incur.

(25) *Leases*

Leases where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases.

(a) *Finance Lease*

As the lessor, the cost of the finance lease receivables should be determined by the combination of the lowest finance lease receivables as well as the initial direct cost from the beginning date of leasing. The unguaranteed residual value is recorded and the difference between the present value and the combination of the lowest finance lease receivables, initial cost as well as the unguaranteed residual value is recognised as unrealized financing income which would be recognized as current financing income by effective interest method in each leasing period.

(b) *Operating leases*

Lease payments under an operating lease are recognised on a straight-line basis over the period of the lease, and are charged as an expense for the current period.

Rental income from an operating lease is recognised on a straight-line basis over the period of the lease.

(26) *Financial guarantee contract*

Financial guarantee contracts are classified as financial liabilities, which are initially recognized by their fair values plus transaction costs that are directly attributable to the acquiring or issue of the financial guarantee liabilities. After initial recognition, such liabilities are measured subsequently at the higher of the present value of the best estimate of the expenditure required to settle the present obligation and the amount initially recognised less cumulative amortisation of fees recognised.

Financial guarantee liabilities are derecognised from the balance sheets when, and only when, the obligation specified in the contract is discharged or cancelled or expired.

(27) *Dividend distribution*

Dividend distribution to the equity holders of the Company is recognised as a liability in the Group's and the Company's financial statements in the period in which the dividends are approved by board of directors.

(28) *Business combinations*

(a) *Business combinations under common control*

The consideration paid and net assets obtained by the absorbing party in a business combination are measured at the carrying amount. If the acquire is acquired by the ultimate controller from a third party in the previous year, the assets and liabilities (including the goodwill incurred by the acquisition of the acquire by the ultimate controller) on the consolidation financial statements of the ultimate controller are measured at the carrying value. The difference between the carrying amount of the net assets obtained from the combination and the carrying amount of the consideration paid for the combination is treated as an adjustment to capital surplus (share premium). If the capital surplus (share premium) is not sufficient to absorb the difference, the remaining balance is adjusted against retained earnings. Costs directly attributable to the combination are included in profit or loss in the period in which they are incurred. Transaction costs associated with the issue of equity or debt securities for the business combination are included in the initially recognised amounts of the equity or debt securities.

(b) *Business combinations not under common control*

The cost of combination and identifiable net assets obtained by the acquirer in a business combination are measured at fair value at the acquisition date. Where the cost of the combination exceeds the acquirer's interest in the fair value of the acquiree's identifiable net assets, the difference is recognised as goodwill; where the cost of combination is lower than the acquirer's interest in the fair value of the acquiree's identifiable net assets, the difference is recognised in profit or loss for the current period. Costs directly attributable to the combination are included in profit or loss in the period in which they are incurred. Transaction costs associated with the issue of equity or debt securities for the business combination are included in the initially recognised amounts of the equity or debt securities.

(29) *Preparation of consolidated financial statements*

The consolidated financial statements comprise the financial statements of the Company and all of its subsidiaries and the structured entities controlled by the Group.

A subsidiary is an entity that is controlled by the Group. Control refers to the right over the investee, to participate in the relevant activities of the investee and enjoy a variable return, and the ability to exercise its power over the investee to influence the amount of return. The Group has more than 50% voting rights in the investee directly or indirectly through the subsidiaries, indicating that the Group is able to control the investee and shall recognize the investee as a subsidiary and incorporate it in the scope of the consolidated financial statements. Subsidiaries are consolidated from the date on which the Group obtains control and are de-consolidated from the date that such control ceases. For a subsidiary that is acquired in business combinations involving entities under common control, it is included in the consolidated financial statements from the date when it, together with the Company, comes under the control of the same ultimate holding company. The portion of the net profits realised before the combination date is presented separately in the consolidated statement of profit or loss and other comprehensive income.

Structured entity is to the decisive factors (such as where voting rights related to administrative affairs) when the voting right or similar rights are not taken as the designed structure of the entity when judging the controlling party of the entity, and the relevant activity of the entity is subject to the contract or corresponding arrangements.

When the Group initiates the establishment of a special asset management plan as the original equity owner and secondary equity owner, the Group will assess whether the Group is exercising decision-making power as the principal responsible person for the structured entity. If the other parties (other investors of the structured entity) exercise the decision-making power, the Group does not control the structured entity. However, if the Group is judged to exercise the decision-making power, it is the principal responsible person and thus controls the structured entity.

Subsidiaries are consolidated from the date on which the Group obtains control and are de-consolidated from the date that such control ceases. For a subsidiary that is acquired in a business combination involving enterprises under common control, it is included in the consolidated financial statements from the date when it, together with the Company, comes under common control of the ultimate controlling party. The portion of the net profits realised before the combination date is presented separately in the consolidated income statement.

In preparing the consolidated financial statements, where the accounting policies and the accounting periods of the Company and subsidiaries are inconsistent, the financial statements of the subsidiaries are adjusted in accordance with the accounting policies and the accounting period of the Company. For subsidiaries acquired from business combinations involving enterprises not under common control, the individual financial statements of the subsidiaries are adjusted based on the fair value of the identifiable net assets at the acquisition date.

All significant inter-group balances, transactions and unrealised profits are eliminated in the consolidated financial statements. The portion of subsidiaries' owners' equity and the portion of subsidiaries' net profits and losses and comprehensive incomes for the period not attributable to the Company are recognised as non-controlling interests, net profit attributable to non-controlling interests and total comprehensive incomes attributed to non-controlling interests, and presented separately in the consolidated financial statements under owners' equity, net profits and total comprehensive income respectively. Unrealised profits and losses resulting from the sale of assets by the Company to its subsidiaries are fully eliminated against net profit attributable to owners of the parent. Unrealised profits and losses resulting from the sale of assets by a subsidiary to the Company are eliminated and allocated between net profit attributable to owners of the parent and net profit attributable to non-controlling interests in accordance with the allocation proportion of the parent in the subsidiary. Unrealised profits and losses resulting from the sale of assets by one subsidiary to another are eliminated and allocated between net profit attributable to owners of the parent and net profit attributable to Non-controlling interests in accordance with the allocation proportion of the parent in the subsidiary.

If the accounting treatment of a transaction is inconsistent in the financial statements at the Group level and at the Company or its subsidiary level, adjustments will be raised from the Group.

(30) *Segment information*

The Group identifies operating segments based on the organisation structure, management requirements and internal reporting system, and discloses segment information of reportable segments which is determined on the basis of operating segments.

An operating segment is a component of the Group that satisfies all of the following conditions: (1) the component is able to generate revenues and incur expenses from its ordinary activities; (2) whose operating results are regularly reviewed by the Group's management to make decisions about resources to be allocated to the segments and to assess its performance, and (3) for which the information on financial position, operating results and cash flows is available to the Group.

Two or more operating segments that have similar economic characteristics and satisfy certain conditions can be aggregated into one single operating segment.

(31) Critical accounting estimates and assumptions

The Group continually evaluates the critical accounting estimates and key estimates and assumptions applied based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The critical accounting estimates and assumptions that have a significant risk of a material adjustment to the carrying amounts of assets and liabilities within the next accounting period are as below:

(a) Income taxes

There are many transactions and calculations for which the ultimate determination is uncertain during the ordinary course of business. Where the final tax outcome of these matters (including the effect of change in the dividend policies of PRC subsidiaries) is different from the amounts that were initially recorded, such difference will impact the income tax and deferred tax provision in the period in which such determination is made.

(b) PRC land appreciation taxes

The Group is subject to land appreciation taxes in the PRC. The Group has not finalised its LAT calculation and payments with local tax authorities in the PRC for most of its property projects. Accordingly, judgement is required in determining the amount of the land appreciation taxes. The Group recognised these land appreciation taxes based on management's best estimates according to the interpretation of the tax rules. The final tax outcome could be different from the amounts that were initially recorded, and these differences will impact the income tax expense and tax provisions in the periods in which such taxes have been finalised with local tax authorities.

(c) Estimated fair value of investment properties

The best evidence of fair value is current prices in an active market for the properties with similar lease and other contracts. In the absence of such information, the Group determines the amount within a range of reasonable fair value estimates. In making its judgement, the Group considers information from a variety of sources including: (i) current prices in an active market for properties of different nature, condition or location (or subject to different lease or other contracts), adjusted to reflect those differences; (ii) recent prices of similar properties in less active markets, with adjustments to reflect any changes in economic conditions since the date of the transactions that occurred at those prices; and (iii) discounted cash flow projections based on reliable estimates of future cash flows, derived from the terms of any existing lease and other contracts and (where possible) from external evidence such as current market rents for similar properties in the same location and condition, and using capitalisation rates that reflect current market assessments of the uncertainty in the amount and timing of the cash flows. The Group assesses the fair value of its investment properties based on valuations determined by independent and professional qualified valuers.

(d) Provision for properties under development and completed properties held for sale

The Group assesses the carrying amounts of properties under development and completed properties held for sale according to their recoverable amounts based on the reliability of these properties, taking into account estimated costs to completion based on past experience and committed contracts and estimated net sales value based on prevailing market conditions. The assessment requires the use of judgement and estimates.

(e) *Estimate costs of properties under development*

The Group estimates the total costs of property when recognising the costs of property sales. The estimate is based on management's detailed budgets on the development of the property and is regularly assessed during the construction. If the relevant estimate does not match the cost actually incurred, the difference will affect the correctness of the recognized cost of sales.

(32) Significant changes in accounting policies

In 2017, the Ministry of Finance released the revised 'Accounting Standard for Business Enterprises No. 16-Government Grants' and the 'Circular on Amendment to Formats of Financial Statements of General Industry' and its interpretation (Cai Kuai [2017] 30). The financial statements are prepared in accordance with the above standards and circular, and impacts on the financial statements of the Company are as follows:

<u>The nature and the reasons of the changes in accounting policies</u>	<u>Items</u>	<u>Amounts</u>
The Company recorded government grants relates to operation in other income in year ended 31 December 2017. The comparatives of year ended 31 December 2016 were not restated.....	N/A	N/A
		Year ended 31 December 2016
The Company recorded the gains or losses on disposals of property, equipment and plant in gains on disposals of assets in year ended 31 December 2017. The comparatives for the year ended 31 December 2016 were restated restoratively.	Add: Gains on disposals of assets	43
	Less: Non-operating income	53
	Less: Non-operating expenses	10

5 Taxation

The main categories and rates of taxes applicable to the Group are set out below:

Category	Tax base	Tax rate
Value added tax (“VAT”)	Taxable value added amount (Tax payable is calculated using the current taxable sales amount multiplied by the applicable tax rate less deductible VAT input)	3%, 5%, 6%, 11% or 17%
Business tax (a)	Income of rental or sales of properties and property management	5%
	Construction income	3%
Land appreciation tax.	Value-added amount in sales of properties	30%–60% in a progressive tax rate
Property tax	Original costs of the investment properties or rental income	1.2% of the original costs of the investment properties or 12% of the rental income
Income tax	Taxable income/(losses)	25%

- (a) Pursuant to the “*Circular on the Overall Promotion of Pilot Program of Levying VAT in place of Business Tax*” (Cai Shui [2016] 36) jointly issued by the Ministry of Finance and the State Administration of Taxation, revenue from property sales of the Group, is subject to VAT since 1 May 2016, and the applicable tax rate is 5% or 11% for general taxpayers, 3% for small-scale taxpayers. 8 Segment information

The reportable segments of the Group are the business units that provide different products or service. Different businesses require different technologies and marketing strategies, the Group, therefore, separately manages the production and operation of each reportable segment and evaluates their operating results respectively, in order to make decisions about resources to be allocated to these segments and to assess their performance.

The Group identified 4 reportable segments as follows:

- Property development
- Property investment
- Property management
- Other business

Inter-segment transfer prices are measured by reference to selling prices to third parties.

The assets are allocated based on the operations of the segment and the physical location of the asset. The liabilities are allocated based on the operations of the segment. Expenses indirectly attributable to each segment are allocated to the segments based on the proportion of each segment's revenue.

9 Increase in the scope of consolidation

(1) Acquisition of subsidiaries

In 2017, the Group acquired controlling interests of certain real estate development companies in the PRC. These companies only held parcels of land and with no substantial operation had conducted before acquired by the Group. Thus, the management is of the view that the acquisitions do not constitute acquisition of businesses, and should be deemed as the acquisition of land use rights. These acquisitions resulted in an increase in the non-controlling interests of the Group in the amount of RMB405 million (2016: RMB1,172 million).

(2) Business combination involving entities not under common control

11 Share-based payment

Share-based payment option scheme is issued by China Evergrande to its employees (including employees of the Group), which is settled with its own shares. The Group is a customers receiving service and has no settlement obligation. Such share-based payment transaction will be treated as an equity-settled share-based payment.

As at 14 October 2009, China Evergrande granted 146,000,000 share options to employees of the Group (“Pre-IPO share options”), the exercise price of which was HK\$3.5 per share. All share options were exercisable within three years from the date of grant.

As at 18 May 2010, China Evergrande granted 490,000,000 share options to employees of the Group (“2010 share options”), the exercise price of which was HK\$2.4 per share. All share options were exercisable within five years from the date of grant.

As at 9 October 2014, China Evergrande granted 387,000,000 share options to employees of the Group (“2014 share options”), the exercise price of which was HK\$3.05 per share. All share options were exercisable within five years from the date of grant.

As at 6 October 2017, China Evergrande granted 505,140,000 share options to employees of the Group (“2017 share options”), the exercise price of which was HK\$30.20 per share. All share options were exercisable within five years from the date of grant.

Movements in the share options are set out as follows:

	Number of share options ('000)
1 January 2016	375,238
Exercised during the year	(16,923)
Lapsed during the year	(11,800)
31 December 2016.	<u>346,515</u>
1 January 2017	346,515
Granted during the year	505,140
Exercised during the year	(112,403)
Lapsed during the year	(6,400)
31 December 2017.	<u>732,852</u>

Details of the share options as at 31 December 2017 are set out as follows:

<u>Date of grant</u>	<u>Vesting period</u>	<u>Exercise period</u>	<u>Exercise price/ (HK\$ per share)</u>	<u>Number of share options/('000)</u>
2010 share options				
18 May 2010	7–55 months	31 December 2010 to 31 December 2019	2.40	15,321
2014 share options				
9 October 2014	1–5 years	9 October 2015 to 8 October 2024	3.05	212,391
2017 share options				
6 October 2017	1–5 years	6 October 2018 to 5 October 2027	30.20	505,140

The weighted average fair value of share options was determined by reference to the valuation prepared by independent valuers using the Binomial Model. The significant inputs into the model were share price at the date of grant, annual risk-free rate, expected volatility, option expiry period and expected dividend yield, which are based on the best estimate of China Evergrande’s directors. The value of an option varies with different variables of certain subjective assumptions.

As of 2017, the Group has recognised an expense of RMB496 million (2016: RMB55 million) under the share option scheme.

12 Commitments

(1) Operating lease commitments

The future minimum lease payments due under the signed irrevocable operating leases contracts are summarised as follows:

	31 December 2017	31 December 2016
Within 1 year	443	408
1 to 2 years	320	330
2 to 3 years	271	287
Over 3 years	169	423
	<u>1,203</u>	<u>1,448</u>

(2) Capital commitments

Capital expenditures contracted for by the Group but are not yet necessary to be recognised on the consolidated balance sheets as at the balance sheet date are as follows:

	31 December 2017	31 December 2016
Construction and installation contracts contracted for which is or going to be performed	186,219	150,075
Land purchase contracts contracted for which is or going to be performed.	68,816	59,151
	<u>255,035</u>	<u>209,226</u>

(3) Investment commitments

Significant external investment contracted for by the Group but are not yet necessary to be recognised on the consolidated balance sheets as at the balance sheet date are as follows:

	31 December 2017	31 December 2016
Acquisition of subsidiaries	10,574	—

13 Contingencies

	31 December 2017	31 December 2016
Mortgage guarantee for property owners (a)	339,121	247,721
Financing guarantee to third parties (b)	9,101	23,349
Joint ventures financing guarantee (c)	2,229	—
	<u>350,451</u>	<u>271,070</u>

- (a) The Group provided guarantees in respect of the banking facilities for certain customers of the Group's property units according to relevant regulations. Such guarantees terminate upon the earlier of (i) issuance of the real estate ownership certificate which will generally be available within an average period of two to three years upon the completion of guarantee registration; or (ii) the satisfaction of mortgaged loan by the purchasers of properties. Pursuant to the terms of the guarantees, in case of default in mortgage payments by these purchasers during the period of guarantee, the Group shall repay the outstanding mortgage

principals together with accrued interest and penalty owed by the defaulted purchasers to the banks. After payment of the principals, interest and penalty, the Group is entitled to take over the legal title of the related mortgaged properties.

The management of the Group considers that the fair value of these guarantee contracts at the date of inception was minimal and in case of default in mortgage payments by the purchasers, the net realisable value of the related real estates is sufficient to cover the repayment of the outstanding mortgage principals together with the accrued interest and penalty. Therefore, no provision has been made in the financial statements for the guarantees.

- (b) The Group provided financing guarantees for certain cooperation parties (primarily sub-contractors) that are independent of the Group, based on their history of performance in contracts. The Group closely monitors the repayment of such financing guarantees. The management of the Group considers that the possibility of the Group's exposure to compensation risk due to such guarantees is remote, therefore no provision has been made in the financial statements for guarantees.
- (c) The Group provided financing guarantees for borrowings for property development projects of some joint ventures. The management of the Group considers that the possibility of the Group's exposure to compensation risk due to such guarantees is remote, therefore no provision has been made in the financial statements for guarantees.

14 Events after the balance sheet date

As at 18 January 2018, the Company has redeemed part of the corporate bonds with interest rate of 6.98% per annum and principal totaling RMB5,482 million in advance.

15 Financial risk management and financial instruments

The Group's activities expose it to a variety of financial risks: market risk (primarily including currency risk and interest rate risk), credit risk and liquidity risk. The Group's overall risk management focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance.

(1) Market risk

(a) Foreign exchange risk

The Group's major operational activities are carried out in Mainland China and most of the transactions are denominated in RMB. The Group is exposed to foreign exchange risk arising from the assets, liabilities, and transactions denominated in foreign currencies, primarily with respect to HKD and US Dollars ("USD"). The Group's finance department is responsible for monitoring the amount of assets, liabilities and transactions denominated in foreign currencies to minimise the foreign exchange risk to the greatest extent. During year ended 31 December 2017 and 2016, the Group did not enter into any forward exchange contracts or currency swap contracts.

As at 31 December 2017 and 2016, the financial assets and liabilities denominated in foreign currencies held by companies whose recording currencies are HKD in the Group are insignificant.

As at 31 December 2017 and 2016, the carrying amounts of the Group's foreign currencies denominated monetary assets and liabilities at the respective balance sheet dates are as follows:

As at 31 December 2017, if the RMB had strengthened/weakened by 5% against the foreign currencies while all other variables had been held constant, the Group's net for the year would have been higher/lower approximately RMB2,628 million (31 December 2016: approximately RMB1,059 million) respectively and have no impact on other comprehensive income.

(b) *Interest rate risk*

The Group's interest rate risk arises from long-term interest bearing borrowings. Financial liabilities issued at floating rates expose the Group to cash flow interest rate risk. Financial liabilities issued at fixed rates expose the Group to fair value interest rate risk. The Group determines the relative proportions of its fixed rate and floating rate contracts depending on the prevailing market conditions. As at 31 December 2017, the Group's long-term interest bearing borrowings were mainly RMB-denominated bank borrowings with floating rates, amounting to RMB100,177 million (31 December 2016: RMB63,079 million).

The Group's finance department at its headquarters continuously monitors the interest rate position of the Group. Increases in interest rates will increase the cost of new borrowing and the interest expenses with respect to the Group's outstanding floating rate borrowings, and therefore could have a material adverse effect on the Group's financial performance. The Group makes adjustments timely with reference to the latest market conditions and may enter into interest rate swap agreements to mitigate its exposure to interest rate risk. During 2017 and 2016, the Group did not enter into any interest rate swap agreements.

As at 31 December 2017, if interest rates on the floating rate borrowings had risen/fallen by 100 basis points while all other variables had been held constant, the Group's net profit would have decreased/increased by approximately RMB751 million (31 December 2016: approximately RMB473 million).

(2) *Credit risk*

Credit risk is managed on the grouping basis. Credit risk mainly arises from cash at bank and receivables etc.

The Group expects that there is no significant credit risk associated with cash at bank since they are deposited at state-owned banks and other medium or large size listed banks. Management does not expect that there will be any significant losses from non-performance by these counterparties.

In addition, the Group has policies to limit the credit exposure on receivables. The Group assesses the credit quality of and sets credit limits on its customers by taking into account their financial position, the availability of guarantee from third parties, their credit history and other factors such as current market conditions. The credit history of the customers is regularly monitored by the Group. In respect of customers with a poor credit history, the Group will use written payment reminders, or shorten or cancel credit periods, to ensure the overall credit risk of the Group is limited to a controllable extent.

(3) *Liquidity risk*

Cash flow forecasting is performed by the Group, which also monitors rolling forecasts of the Group's short-term and long-term liquidity requirements to ensure it has sufficient cash to meet operational needs. Meanwhile the Group maintains sufficient headroom on its undrawn committed borrowing facilities from major financial institutions so that the Group does not breach borrowing limits or covenants on any of its borrowing facilities to meet the short-term and long-term liquidity requirements.

The financial liabilities of the Group at the balance sheet date are analysed by their maturity date below at their undiscounted contractual cash flows.

For the financing guarantees provided by the Group, the management of the Group was in the consideration that the possibility of the Group's exposure to compensation risk is remote, therefore there is no need to present its liquidity risk.

16 Fair value estimation

The level in which fair value measurement is categorised is determined by the level of the fair value hierarchy of the lowest level input that is significant to the entire fair value measurement:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Unobservable inputs for the asset or liability.

(1) Assets measured at fair value on a recurring basis

As at 31 December 2017, the assets measured at fair value on a recurring basis by the above three levels are analysed below:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Financial assets				
Financial assets at fair value through profit or loss				
— Investments in equity instrument held for trading. . .	2,772	—	—	2,772

As at 31 December 2016, the assets measured at fair value on a recurring basis by the above three levels are analysed below:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Financial assets

Total assets	<u>37,614</u>	<u>274</u>	<u>130,224</u>	<u>168,112</u>

The Group takes the date on which events causing the transfers between the levels take place as the timing specific for recognising the transfers. There is no transfer between Level 1 and Level 2 for the current year.

The fair value of financial instruments traded in an active market is determined at the quoted market price.

Information about fair value measurements in level 3 are as follows:

(2) Assets and liabilities not measured at fair value but for which the fair value is disclosed

Financial assets and liabilities measured at amortised cost mainly include receivables, short-term borrowings, accounts payable and long-term borrowings.

The carrying amount of such financial assets and liabilities not measured at fair values value is a reasonable approximation of their fair value since the impact of discount is insignificant or the long-term borrowings have a floating rate.

- (3) The fair value of corporate bonds in an active market is determined at the quoted market price, and categorised within Level 1 of the fair value hierarchy. The fair value of long-term borrowings, long-term payables and Corporate bonds not quoted in an active market is the present value of the contractually determined stream of future cash flows discounted at the rate of interest applied at that time by the market to instruments of comparable credit status and providing substantially the same cash flows on the same terms, and categorised within Level 3 of the fair value hierarchy.

17 Capital management

The Group's capital management policies aim to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders, and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, refund capital to shareholders, issue new shares or sell assets to reduce debts.

The Group's total capital is calculated as 'owners' equity' as shown in the consolidated balance sheet. The Group is not subject to external mandatory capital requirements, and monitors capital on the basis of asset-to-liability rate.

As at 31 December 2017 and 2016, the Group's assets-liabilities rate is as follows:

	31 December 2017	31 December 2016
Assets-liabilities rate	84%	93%

(15) Financial risk management and financial instruments

The Company's activities expose it to a variety of financial risks: market risk (primarily interest rate risk), credit risk and liquidity risk. The Group's overall risk management focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Company's financial performance.

(1) Market risk

Interest rate risk

The Company's interest rate risk arises from long-term interest bearing borrowings. Financial liabilities issued at floating rates expose the Company to cash flow interest rate risk. Financial liabilities issued at fixed rates expose the Company to fair value interest rate risk. The Company determines the relative proportions of its fixed rate and floating rate contracts depending on the prevailing market conditions. As at 31 December 2017, the Company's long-term interest bearing borrowings were mainly bank borrowings with floating rates, amounting to RMB2,090 million (31 December 2016: RMB2,510 million).

The Company's finance department continuously monitors the interest rate position of the Company. Increases in interest rates will increase the cost of new borrowing and the interest expenses with respect to the Company's outstanding floating rate borrowings, and therefore could have a material adverse effect on the Company's financial performance. The Company makes adjustments timely with reference to the latest market conditions and may enter into interest rate swap agreements to mitigate its exposure to interest rate risk. During 2017 and 2016, the Company did not enter into any interest rate swap agreements.

As at 31 December 2017, if interest rates on the floating rate borrowings had risen/fallen by 100 basis points while all other variables had been held constant, the Company's net profit would have decreased/increased by approximately RMB16 million (31 December 2016: approximately RMB6 million).

(2) *Credit risk*

Credit risk is managed on the grouping basis. Credit risk mainly arises from cash at bank and receivables etc.

The Company expects that there is no significant credit risk associated with cash at bank since they are deposited at state-owned banks and other medium or large size listed banks. Management does not expect that there will be any significant losses from non-performance by these counterparties.

In addition, the Company has policies to limit the credit exposure on receivables. The Company assesses the credit quality of and sets credit limits on its customers by taking into account their financial position, the availability of guarantee from third parties, their credit history and other factors such as current market conditions. The credit history of the customers is regularly monitored by the Company. In respect of customers with a poor credit history, the Company will use written payment reminders, or shorten or cancel credit periods, to ensure the overall credit risk of the Company is limited to a controllable extent.

(3) *Liquidity risk*

Financial assets of the Company include financial assets at fair value through profit or loss, accounts receivable and available-for-sale financial assets. Financial liabilities include accounts payable, borrowings and corporate bonds.

Cash flow forecasting is performed by the Company, which also monitors rolling forecasts of the Company's short-term and long-term liquidity requirements to ensure it has sufficient cash to meet operational needs. Meanwhile the Company maintains sufficient headroom on its undrawn committed borrowing facilities from major financial institutions so that the Company does not breach borrowing limits or covenants on any of its borrowing facilities to meet the short-term and long-term liquidity requirements.

三、 其他信息(续)

结合我们对财务报表的审计, 我们的责任是阅读其他信息, 在此过程中, 考虑其他信息是否与财务报表或我们在审计过程中了解到的情况存在重大不一致或者似乎存在重大错报。基于我们已经执行的工作, 如果我们确定其他信息存在重大错报, 我们应当报告该事实。在这方面, 我们无任何事项需要报告。

四、 管理层和治理层对财务报表的责任

贵公司管理层负责按照企业会计准则的规定编制财务报表, 使其实现公允反映, 并设计、执行和维护必要的内部控制, 以使财务报表不存在由于舞弊或错误导致的重大错报。

在编制财务报表时, 管理层负责评估贵公司的持续经营能力, 披露与持续经营相关的事项(如适用), 并运用持续经营假设, 除非管理层计划清算贵公司、终止运营或别无其他现实的选择。

治理层负责监督贵公司的财务报告过程。

五、 注册会计师对财务报表审计的责任

我们的目标是对财务报表整体是否不存在由于舞弊或错误导致的重大错报获取合理保证, 并出具包含审计意见的审计报告。合理保证是高水平的保证, 但并不能保证按照审计准则执行的审计在某一重大错报存在时总能发现。错报可能由于舞弊或错误导致, 如果合理预期错报单独或汇总起来可能影响财务报表使用者依据财务报表作出的经济决策, 则通常认为错报是重大的。

在按照审计准则执行审计工作的过程中, 我们运用职业判断, 并保持职业怀疑。同时, 我们也执行以下工作:

(一) 识别和评估由于舞弊或错误导致的财务报表重大错报风险; 设计和实施审计程序以应对这些风险, 并获取充分、适当的审计证据, 作为发表审计意见的基础。由于舞弊可能涉及串通、伪造、故意遗漏、虚假陈述或凌驾于内部控制之上, 未能发现由于舞弊导致的重大错报的风险高于未能发现由于错误导致的重大错报的风险。

普华永道中天审字(2018)第 26914 号
(第三页, 共三页)

五、 注册会计师对财务报表审计的责任(续)

(二) 了解与审计相关的内部控制, 以设计恰当的审计程序, 但目的并非对内部控制的有效性发表意见。

(三) 评价管理层选用会计政策的恰当性和作出会计估计及相关披露的合理性。

(四) 对管理层使用持续经营假设的恰当性得出结论。同时, 根据获取的审计证据, 就可能导致对贵公司持续经营能力产生重大疑虑的事项或情况是否存在重大不确定性得出结论。如果我们得出结论认为存在重大不确定性, 审计准则要求我们在审计报告中提请报表使用者注意财务报表中的相关披露; 如果披露不充分, 我们应当发表非无保留意见。我们的结论基于截至审计报告日可获得的信息。然而, 未来的事项或情况可能导致贵公司不能持续经营。

(五) 评价财务报表的总体列报、结构和内容(包括披露), 并评价财务报表是否公允反映相关交易和事项。

(六) 就贵公司中实体或业务活动的财务信息、获取充分、适当的审计证据, 以对合并财务报表发表审计意见。我们负责指导、监督和执行集团审计, 并对审计意见承担全部责任。

我们与治理层就计划的审计范围、时间安排和重大审计发现等事项进行沟通, 包括沟通我们在审计中识别出的值得关注的内部控制缺陷。

恒大地产集团有限公司

2017 年度财务报表附注

(除特别注明外，金额单位为人民币百万元)

一 公司基本情况(续)

本财务报表由本公司企业负责人于 2018 年 4 月 26 日批准报出。

二 财务报表的编制基础

本财务报表按照财政部于 2006 年 2 月 15 日及以后期间颁布的《企业会计准则——基本准则》、各项具体会计准则及相关规定(以下合称“企业会计准则”)编制。

本财务报表以持续经营为基础编制。

三 遵循企业会计准则的声明

本公司 2017 年度财务报表符合企业会计准则的要求，真实、完整地反映了本公司 2017 年 12 月 31 日的合并及公司财务状况以及 2017 年度的合并及公司经营成果和现金流量等有关信息。

四 重要会计政策和会计估计

(1) 会计年度

会计年度为公历 1 月 1 日起至 12 月 31 日止。

(2) 记账本位币

本公司记账本位币为人民币。本公司下属子公司根据其经营所处的主要经济环境确定其记账本位币。除本公司子公司 Pioneer Time Investment Limited 的记账本位币为港元外，其他子公司的记账本位币均为人民币。本财务报表以人民币列示。

(3) 外币折算

(a) 外币交易

外币交易按交易发生日的即期汇率将外币金额折算为人民币入账。

于资产负债表日，外币货币性项目采用资产负债表日的即期汇率折算为人民币。为购建符合借款费用资本化条件的资产而借入的外币专门借款产生的汇兑差额在资本化期间内予以资本化；其他汇兑差额直接计入当期损益。以历史成本计量的外币非货币性项目，于资产负债表日采用交易发生日的即期汇率折算。汇率变动对现金的影响额在现金流量表中单独列示。

(b) 外币财务报表的折算

境外经营的资产负债表中的资产和负债项目，采用资产负债表日的即期汇率折算，股东权益中除未分配利润项目外，其他项目采用发生时的即期汇率折算。境外经营的利润表中的收入与费用项目，采用交易发生日的即期汇率折算。上述折算产生的外币报表折算差额，计入其他综合收益。境外经营的现金流量项目，采用现金流量发生日的即期汇率折算。汇率变动对现金的影响额，在现金流量表中单独列示。

四 重要会计政策和会计估计(续)

(4) 现金及现金等价物

现金及现金等价物是指库存现金、可随时用于支付的存款，以及持有的期限短、流动性强、易于转换为已知金额现金及价值变动风险很小的投资。

(5) 金融资产

金融资产于初始确认时分类为：以公允价值计量且其变动计入当期损益的金融资产、持有至到期投资、应收款项和可供出售金融资产。金融资产的分类取决于本集团对金融资产的持有意图和持有能力。于报告期内，本集团的金融资产仅包括以公允价值计量且其变动计入当期损益的金融资产、应收款项和可供出售金融资产。

(a) 以公允价值计量且其变动计入当期损益的金融资产

以公允价值计量且其变动计入当期损益的金融资产包括持有目的为短期内出售的金融资产。

(b) 应收款项

应收款项是指在活跃市场中没有报价、回收金额固定或可确定的非衍生金融资产，包括应收账款及其他应收款等(附注四(7))。

(c) 可供出售金融资产

可供出售金融资产包括初始确认时即被指定为可供出售的非衍生金融资产及未被划分为其他类的金融资产。自资产负债表日起 12 个月内将出售的可供出售金融资产在资产负债表中列示为其他流动资产。

(d) 确认和计量

金融资产于本集团成为金融工具合同的一方时，按公允价值在资产负债表内确认。以公允价值计量且其变动计入当期损益的金融资产，取得时发生的相关交易费用计入当期损益；其他金融资产的相关交易费用计入初始确认金额。当收取某项金融资产现金流量的合同权利已终止或该金融资产所有权上几乎所有的风险和报酬已转移时，终止确认该金融资产。

以公允价值计量且其变动计入当期损益的金融资产和可供出售金融资产按照公允价值进行后续计量，但在活跃市场中没有报价且其公允价值不能可靠计量的权益工具投资，按照成本计量；应收款项采用实际利率法，以摊余成本计量。

以公允价值计量且其变动计入当期损益的金融资产的公允价值变动作为公允价值变动损益计入当期损益；在资产持有期间所取得的利息或现金股利以及在处置时产生的处置损益，计入当期损益。

除减值损失及外币货币性金融资产形成的汇兑损益外，可供出售金融资产公允价值变动直接计入所有者权益，待该金融资产终止确认时，原直接计入权益的公允价值变动累计额转入当期损益。可供出售债务工具投资在持有期间按实际利率法计算的利息，以及被投资单位已宣告发放的与可供出售权益工具投资相关的现金股利，作为投资收益计入当期损益。

四 重要会计政策和会计估计(续)

(5) 金融资产(续)

(e) 金融资产减值

除以公允价值计量且其变动计入当期损益的金融资产外，本集团于资产负债表日对金融资产的账面价值进行检查，如果有客观证据表明某项金融资产发生减值的，计提减值准备。

以摊余成本计量的金融资产发生减值时，按预计未来现金流量(不包括尚未发生的未来信用损失)现值低于账面价值的差额，计提减值准备。如果有客观证据表明该金融资产价值已恢复，且客观上与确认该损失后发生的事项有关，原确认的减值损失予以转回，计入当期损益。

当有客观证据表明以公允价值计量的可供出售金融资产发生减值时，原直接计入所有者权益的因公允价值下降形成的累计损失予以转出并计入减值损失。对已确认减值损失的可供出售债务工具投资，在期后公允价值上升且客观上与确认原减值损失后发生的事项有关的，原确认的减值损失予以转回并计入当期损益。对已确认减值损失的可供出售权益工具投资，期后公允价值上升直接计入所有者权益。

以成本计量的可供出售金融资产发生减值时，按其账面价值超过按类似金融资产当时市场收益率对未来现金流量折现确定的现值之间的差额，确认减值损失。已发生的减值损失以后期间不再转回。

(f) 金融资产的终止确认

金融资产满足下列条件之一的，予以终止确认：**(1)**收取该金融资产现金流量的合同权利终止；**(2)**该金融资产已转移，且本集团将金融资产所有权上几乎所有的风险和报酬转移给转入方；或者**(3)**该金融资产已转移，虽然本集团既没有转移也没有保留金融资产所有权上几乎所有的风险和报酬，但是放弃了对该金融资产控制。

金融资产终止确认时，其账面价值与收到的对价以及原直接计入股东权益的公允价值变动累计额之和的差额，计入当期损益。

(除特别注明外，金额单位为人民币百万元)

四 重要会计政策和会计估计(续)

(6) 金融负债

金融负债于初始确认时分类为以公允价值计量且其变动计入当期损益的金融负债和其他金融负债。本集团的金融负债主要为其他金融负债，包括应付款项、借款及应付债券等。

应付款项包括应付账款、其他应付款等，以公允价值进行初始计量，并采用实际利率法按摊余成本进行后续计量。

借款及应付债券按其公允价值扣除交易费用后的金额进行初始计量，并采用实际利率法按摊余成本进行后续计量。

其他金融负债期限在一年以下(含一年)的，列示为流动负债；期限在一年以上但自资产负债表日起一年内(含一年)到期的，列示为一年内到期的非流动负债；其余列示为非流动负债。

当金融负债的现时义务全部或部分已经解除时，终止确认该金融负债或义务已解除的部分。终止确认部分的账面价值与支付的对价之间的差额，计入当期损益。

金融资产和金融负债应当在资产负债表内分别列示，不得相互抵销。但是，同时满足下列条件的，应当以相互抵销后的净额在资产负债表内列示：

(a) 企业具有抵销已确认金额的法定权利，且该种法定权利现在是可执行的；

(b) 企业计划以净额结算，或同时变现该金融资产和清偿该金融负债。

四 重要会计政策和会计估计(续)

(7) 应收款项

应收款项包括应收账款和其他应收款。本集团对外销售商品或提供劳务形成的应收账款，按从购货方或劳务接受方应收的合同或协议价款的公允价值作为初始确认金额。

(a) 单项金额重大并单独计提坏账准备的应收款项

对于单项金额重大的应收款项，单独进行减值测试。当存在客观证据表明本集团将无法按应收款项的原有条款收回款项时，计提坏账准备。

单项金额大于 1,000 万元的应收账款，及单项金额大于 3,000 万元的其他应收款视为重大。

单项金额重大并单独计提坏账准备的计提方法为：根据应收款项的预计未来现金流量现值低于其账面价值的差额进行计提。

(b) 按信用风险特征组合计提坏账准备的应收款项

对于单项金额不重大的应收款项，与经单独测试后未减值的应收款项一起按信用风险特征划分为若干组合，根据以前年度与之具有类似信用风险特征的应收款项组合的实际损失率为基础，结合现时情况确定应计提的坏账准备。

信用风险特征组合的确定依据：

项目	计提方法
应收楼款组合	根据历史实际损失率确定坏账准备计提比例为零
合并范围内关联方应收款项组合	根据历史实际损失率确定坏账准备计提比例为零
合并范围外关联方应收款项组合	按余额百分比法计提坏账准备，计提比例为 1%
少数股东往来款组合	按余额百分比法计提坏账准备，计提比例为 1%
保证金、备用金组合	根据历史实际损失率确定坏账准备计提比例为零
银行承兑汇票	根据历史实际损失率确定坏账准备计提比例为零
其他	按照账龄分析法计提坏账准备

组合中，采用账龄分析法的计提比例列示如下：

	应收账款计提比例	其他应收款计提比例
一年以内	1%	1%
一到二年	2%	2%
二年以上	5%	5%

恒大地产集团有限公司

2017 年度财务报表附注

(除特别注明外，金额单位为人民币百万元)

四 重要会计政策和会计估计(续)

(7) 应收款项(续)

(c) 单项金额虽不重大但单项计提坏账准备的应收款项

单项计提坏账准备的理由为：存在客观证据表明本集团将无法按应收款项的原有条款收回款项。

坏账准备的计提方法为：根据应收款项的预计未来现金流量现值低于其账面价值的差额进行计提。

(d) 本集团向金融机构转让不附追索权的应收账款，按交易款项扣除已转销应收账款的账面价值和相关税费后的差额计入当期损益。

(8) 存货

存货按房地产开发产品和非房地产开发产品分类。房地产开发产品包括已完工开发产品和在建开发产品。非房地产开发产品为库存商品及其他。

已完工开发产品是指已建成、待出售的物业；在建开发产品是指尚未建成、以出售为目的的物业。

存货按取得成本进行初始计量，于资产负债表日，存货按照成本与可变现净值孰低计量。

房地产开发产品成本包括土地成本、建筑成本、其他直接和间接开发费用等。符合资本化条件的借款费用，亦计入房地产开发产品成本。

存货跌价准备按单项存货成本高于其可变现净值的差额计提。可变现净值按日常活动中，以存货的估计售价减去至完工时估计将要发生的成本、估计的销售费用以及相关税费后的金额确定。

(9) 长期股权投资

长期股权投资包括：本公司对子公司的长期股权投资、本集团对合营企业和联营企业的长期股权投资。

子公司为本公司能够对其实施控制的被投资单位。合营企业为本集团通过单独主体达成，能够与其他方实施共同控制，且基于法律形式、合同条款及其他事实与情况仅对其净资产享有权利的合营安排；联营企业为本集团能够对其财务和经营决策具有重大影响的被投资单位。

对子公司的投资，在公司财务报表中按照成本法确定的金额列示，在编制合并财务报表时按权益法调整后合并；对合营企业和联营企业投资采用权益法核算。

四 重要会计政策和会计估计(续)

(9) 长期股权投资(续)

(a) 投资成本确定

对于企业合并形成的长期股权投资：同一控制下企业合并取得的长期股权投资，在合并日按照被合并方所有者权益在最终控制方合并财务报表中的账面价值的份额作为投资成本；非同一控制下企业合并取得的长期股权投资，按照合并成本作为长期股权投资的投资成本。

对于以企业合并以外的其他方式取得的长期股权投资：支付现金取得的长期股权投资，按照实际支付的购买价款作为初始投资成本；发行权益性证券取得的长期股权投资，以发行权益性证券的公允价值作为初始投资成本。

(b) 后续计量及损益确认方法

采用成本法核算的长期股权投资，按照初始投资成本计量，被投资单位宣告分派的现金股利或利润，确认为投资收益计入当期损益。

采用权益法核算的长期股权投资，初始投资成本大于投资时应享有被投资单位可辨认净资产公允价值份额的，以初始投资成本作为长期股权投资成本；初始投资成本小于投资时应享有被投资单位可辨认净资产公允价值份额的，其差额计入当期损益，并相应调增长期股权投资成本。

采用权益法核算的长期股权投资，本集团按应享有或应分担的被投资单位的净损益份额确认当期投资损益。确认被投资单位发生的净亏损，以长期股权投资的账面价值以及其他实质上构成对被投资单位净投资的长期权益减记至零为限，但本集团负有承担额外损失义务且符合预计负债确认条件的，继续确认预计将承担的损失金额。被投资单位除净损益、其他综合收益和利润分配以外所有者权益的其他变动，调整长期股权投资的账面价值并计入资本公积。被投资单位分派的利润或现金股利于宣告分派时按照本集团应分得的部分，相应减少长期股权投资的账面价值。本集团与被投资单位之间未实现的内部交易损益按照持股比例计算归属于本集团的部分，予以抵销，在此基础上确认投资损益。本集团与被投资单位发生的内部交易损失，其中属于资产减值损失的部分，相应的未实现损失不予抵销。

(c) 确定对被投资单位具有控制、共同控制、重大影响的依据

控制是指拥有对被投资单位的权力，通过参与被投资单位的相关活动而享有可变回报，并且有能力运用对被投资单位的权力影响其回报金额。

共同控制是指按照相关约定对某项安排所共有的控制，并且该安排的相关活动必须经过本集团及分享控制权的其他参与方一致同意后才能决策。

重大影响是指对被投资单位的财务和经营政策有参与决策的权力，但并不能够控制或者与其他方一起共同控制这些政策的制定。

恒大地产集团有限公司

2017 年度财务报表附注

(除特别注明外，金额单位为人民币百万元)

四 重要会计政策和会计估计(续)

(9) 长期股权投资(续)

(d) 长期股权投资减值

对子公司、合营企业、联营企业的长期股权投资，当其可收回金额低于其账面价值时，账面价值减记至可收回金额(附注四(16))。

(10) 投资性房地产

投资性房地产包括已出租的土地使用权和以出租为目的的建筑物以及正在建造或开发过程中将来用于出租的建筑物，以成本进行初始计量。与投资性房地产有关的后续支出，在相关的经济利益很可能流入本集团且其成本能够可靠的计量时，计入投资性房地产成本；否则，于发生时计入当期损益。

本集团对所有投资性房地产采用公允价值模式进行后续计量，不计提折旧或进行摊销，在资产负债表日以投资性房地产的公允价值为基础调整其账面价值，公允价值与原账面价值之间的差额计入当期损益。

投资性房地产的用途改变为自用时，自改变之日起，将该投资性房地产转换为固定资产或无形资产，基于转换当日投资性房地产的公允价值确定固定资产和无形资产的账面价值，公允价值与投资性房地产原账面价值的差额计入当期损益。自用房地产的用途改变为赚取租金或资本增值时，自改变之日起，将固定资产或无形资产转换为投资性房地产，以转换当日的公允价值作为投资性房地产的账面价值，转换当日的公允价值小于固定资产和无形资产原账面价值的，差额计入当期损益，转换当日的公允价值大于固定资产和无形资产原账面价值的，差额计入其他综合收益。

当投资性房地产被处置、或者永久退出使用且预计不能从其处置中取得经济利益时，终止确认该项投资性房地产。投资性房地产出售、转让、报废或毁损的处置收入扣除其账面价值和相关税费后的金额计入当期损益。

(11) 固定资产

(a) 固定资产确认及初始计量

固定资产包括房屋及建筑物、机器设备、运输工具以及办公设备等。购置或新建的固定资产按取得时的成本进行初始计量。

与固定资产有关的后续支出，在相关的经济利益很可能流入本集团且其成本能够可靠的计量时，计入固定资产成本；对于被替换的部分，终止确认其账面价值；所有其他后续支出于发生时计入当期损益。

固定资产折旧采用年限平均法并按其入账价值减去预计净残值后在预计使用寿命内计提。对计提了减值准备的固定资产，则在未来期间按扣除减值准备后的账面价值及依据尚可使用年限确定折旧额。

(除特别注明外，金额单位为人民币百万元)

四 重要会计政策和会计估计(续)

(11) 固定资产(续)

(b) 固定资产的折旧方法

固定资产折旧采用年限平均法并按其入账价值减去预计净残值后在预计使用寿命内计提。对计提了减值准备的固定资产，则在未来期间按扣除减值准备后的账面价值及依据尚可使用年限确定折旧额。

固定资产的预计使用寿命、净残值率及年折旧率列示如下：

	预计使用寿命	预计净残值率	年折旧率
房屋及建筑物	15 - 30 年	5%	3% - 6%
机器设备	5 - 10 年	3%	10% - 19%
运输工具	5 - 10 年	5%	10% - 19%
办公设备	5 - 10 年	5%	10% - 19%

对固定资产的预计使用寿命、预计净残值和折旧方法于每年年度终了进行复核并作适当调整。

(c) 当固定资产的可收回金额低于其账面价值时，账面价值减记至可收回金额(附注四(16))。

(d) 固定资产的处置

当固定资产被处置、或者预期通过使用或处置不能产生经济利益时，终止确认该固定资产。固定资产出售、转让、报废或毁损的处置收入扣除其账面价值和相关税费后的金额计入当期损益。

(12) 在建工程

在建工程按实际发生的成本计量。实际成本包括建筑成本、安装成本、符合资本化条件的借款费用以及其他为使在建工程达到预定可使用状态所发生的必要支出。在建工程在达到预定可使用状态时，转入固定资产并自次月起开始计提折旧。当在建工程的可收回金额低于其账面价值时，账面价值减记至可收回金额(附注四(16))。

四 重要会计政策和会计估计(续)

(13) 无形资产

无形资产包括土地使用权、软件使用权等，以成本计量，并按其预计使用年限平均摊销。

(a) 土地使用权

土地使用权按使用年限 40-70 年平均摊销。外购土地及建筑物的价款难以在土地使用权与建筑物之间合理分配的，全部作为固定资产。

(b) 软件使用权

本集团购买的软件使用权按照实际成本计量，并在可使用年限内平均摊销。

(c) 定期复核使用寿命和摊销的方法

本集团对使用寿命有限的无形资产的预计使用寿命及摊销方法于每年年度终了进行复核并作适当调整。

无形资产的预计使用寿命、净残值率及年折旧率列示如下：

	预计使用寿命	预计净残值率	年摊销率
土地使用权	40 - 70	0%	1.43% - 2.50%
其他	3 - 20	0%	5% - 33.33%

(14) 商誉

非同一控制下的企业合并，其合并成本超过合并中取得的被购买方可辨认净资产于购买日的公允价值份额的差额确认为商誉。

(15) 长期待摊费用

长期待摊费用为经营租入固定资产改良支出，按预计受益期间分期平均摊销，并以实际支出减去累计摊销后的净额列示。

四 重要会计政策和会计估计(续)

(16) 长期资产减值

固定资产、在建工程、使用寿命有限的无形资产、长期待摊费用及对子公司、合营企业和联营企业的长期股权投资等，于资产负债表日存在减值迹象的，进行减值测试；减值测试结果表明资产的可收回金额低于其账面价值的，按其差额计提减值准备并计入减值损失。可收回金额为资产的公允价值减去处置费用后的净额与资产预计未来现金流量的现值两者之间的较高者。资产减值准备按单项资产为基础计算并确认，如果难以对单项资产的可收回金额进行估计的，以该资产所属的资产组确定资产组的可收回金额。资产组是能够独立产生现金流入的最小资产组合。

在财务报表中单独列示的商誉，无论是否存在减值迹象，至少每年进行减值测试。减值测试时，商誉的账面价值分摊至预期从企业合并的协同效应中受益的资产组或资产组组合。测试结果表明包含分摊的商誉的资产组或资产组组合的可收回金额低于其账面价值的，确认相应的减值损失。减值损失金额先抵减分摊至该资产组或资产组组合的商誉的账面价值，再根据资产组或资产组组合中除商誉以外的其他各项资产的账面价值所占比重，按比例抵减其他各项资产的账面价值。

上述资产减值损失一经确认，以后期间不予转回价值得以恢复的部分。

(17) 借款费用

本集团发生的可直接归属于需要经过相当长时间的购建活动才能达到预定可使用状态之资产的购建的借款费用，在资产支出及借款费用已经发生、为使资产达到预定可使用状态所必要的购建活动已经开始时，开始资本化并计入该资产的成本。当购建的资产达到预定可使用状态时停止资本化，其后发生的借款费用计入当期损益。如果资产的购建活动发生非正常中断，并且中断时间连续超过 3 个月，暂停借款费用的资本化，直至资产的购建活动重新开始。

对于为购建符合资本化条件的资产而借入的专门借款，以专门借款当期实际发生的利息费用减去尚未动用的借款资金存入银行取得的利息收入或进行暂时性投资取得的投资收益后的金额确定专门借款借款费用的资本化金额。

对于为购建符合资本化条件的资产而占用的一般借款，按照累计资产支出超过专门借款部分的资本支出加权平均数乘以所占用一般借款的加权平均实际利率计算确定一般借款借款费用的资本化金额。实际利率为将借款在预期存续期间或适用的更短期间内的未来现金流量折现为该借款初始确认金额所使用的利率。

(18) 借款

借款按其公允价值扣除交易费用后的金额进行初始计量，并采用实际利率法按摊余成本进行后续计量。借款期限在一年以下(含一年)的借款为短期借款，其余借款为长期借款。

四 重要会计政策和会计估计(续)

(19) 职工薪酬

职工薪酬是本集团为获得职工提供的服务或解除劳动关系而给予的各种形式的报酬或补偿，包括短期薪酬和离职后福利，以及中国恒大为本集团部分职工承担的工资薪金等。

(a) 短期薪酬

短期薪酬包括工资、奖金、津贴和补贴、职工福利费、医疗保险费、工伤保险费、生育保险费、住房公积金、工会和教育经费等。本集团在职工提供服务的会计期间，将实际发生的短期薪酬确认为负债，并计入当期损益或相关资产成本。其中，非货币性福利按照公允价值计量。

(b) 离职后福利

本集团将离职后福利计划分类为设定提存计划和设定受益计划。设定提存计划是本集团向独立的基金缴存固定费用后，不再承担进一步支付义务的离职后福利计划；设定受益计划是除设定提存计划以外的离职后福利计划。于报告期内，本集团的离职后福利主要是为员工缴纳的基本养老保险和失业保险，均属于设定提存计划。

(c) 基本养老保险

本集团职工参加了由当地劳动和社会保障部门组织实施的社会基本养老保险。本集团以当地规定的社会基本养老保险缴纳基数和比例，按月向当地社会基本养老保险经办机构缴纳养老保险费。职工退休后，当地劳动及社会保障部门有责任向已退休员工支付社会基本养老金。本集团在职工提供服务的会计期间，将根据上述社保规定计算应缴纳的金额确认为负债，并计入当期损益或相关资产成本。

(d) 辞退福利

本集团在职工劳动合同到期之前解除与职工的劳动关系、或者为鼓励职工自愿接受裁减而提出给予补偿，在本集团不能单方面撤回解除劳动关系计划或裁减建议时和确认与涉及支付辞退福利的重组相关的成本费用时两者孰早日，确认因解除与职工的劳动关系给予补偿而产生的负债，同时计入当期损益。

预期在资产负债表日起一年内需支付的辞退福利，列示为流动负债。

四 重要会计政策和会计估计(续)

(20) 建造合同

在建造合同的结果能够可靠地估计时，根据完工百分比法在资产负债表日确认合同收入及费用。建造合同的结果能够可靠地估计是指合同总收入能可靠地计量，与合同相关的经济利益能够流入本公司，在资产负债表日合同完工进度和为完成合同尚需发生的成本能够可靠地确定及为完成合同已经发生的合同成本能够清楚地区分和可靠地计量，以便实际合同成本能与以前的预计成本相比较。

完工进度主要根据建造项目的性质，按已经完成的合同工作量占合同预计总工作量的比例或已完工合同工作的测量进度或者按实际发生的合同成本占合同预计总成本的比例确定。

当期完成的建造合同，按实际合同总收入扣除以前年度累计已确认的收入后的余额作为当期收入，同时按累计实际发生的合同成本扣除以前年度累计已确认的成本后的余额确认为当期成本。

当建造合同的结果不能可靠地估计，如果合同成本能够收回的，合同收入根据能够收回的实际合同成本加以确认，合同成本在其发生的当期确认为费用；如果合同成本不能收回的，应在发生时立即确认为费用，不确认收入。

如果合同预计总成本将超过合同预计总收入，即将预计损失计入当期损益。

(21) 递延所得税资产和递延所得税负债

递延所得税资产和递延所得税负债根据资产和负债的计税基础与其账面价值的差额(暂时性差异)计算确认。对于按照税法规定能够于以后年度抵减应纳税所得额的可抵扣亏损，确认相应的递延所得税资产。对于商誉的初始确认产生的暂时性差异，不确认相应的递延所得税负债。对于既不影响会计利润也不影响应纳税所得额(或可抵扣亏损)的非企业合并的交易中产生的资产或负债的初始确认形成的暂时性差异，不确认相应的递延所得税资产和递延所得税负债。于资产负债表日，递延所得税资产和递延所得税负债，按照预期收回该资产或清偿该负债期间的适用税率计量。

递延所得税资产的确认以很可能取得用来抵扣可抵扣暂时性差异、可抵扣亏损和税款抵减的应纳税所得额为限。

对与子公司、合营企业及联营企业投资相关的应纳税暂时性差异，确认递延所得税负债，除非本集团能够控制该暂时性差异转回的时间且该暂时性差异在可预见的未来很可能不会转回。对与子公司及合营企业投资相关的可抵扣暂时性差异，当该暂时性差异在可预见的未来很可能转回且未来很可能获得用来抵扣可抵扣暂时性差异的应纳税所得额时，确认递延所得税资产。

同时满足下列条件的递延所得税资产和递延所得税负债以抵销后的净额列示：

- 递延所得税资产和递延所得税负债与同一税收征管部门对本集团内同一纳税主体征收的所得税相关；
- 本集团内该纳税主体拥有以净额结算当期所得税资产及当期所得税负债的法定权利。

(22) 收入确认

收入的金额按照本集团在日常经营活动中销售商品和提供劳务时，已收或应收合同或协议价款的公允价值确定。收入按扣除销售折让及销售退回的净额列示。

与交易相关的经济利益很可能流入本集团，相关的收入能够可靠计量且满足下列各项经营活动的特定收入确认标准时，确认相关的收入：

(a) 房地产销售

房地产销售收入于物业的风险及报酬转移给买家时，即相关物业建筑工程完成及物业已交付给买家，且已合理确定可收回有关应收款项时确认。如果本集团须就已交付买家的物业进行其他工程，则须同时确认相关支出。

本集团将已收但尚未达到收入确认条件的房款计入预收款项科目，待符合上述收入确认条件后确认营业收入。

(b) 销售商品

本集团销售建筑材料，商品销售收入于产品交付予客户时进行确认。

(c) 提供劳务

物业管理所产生的收入按合约规定，以直线法在提供服务的会计期间确认。

(d) 酒店运营

来自客房租金、餐饮销售及其他配套服务的酒店收入在交付商品或提供服务时确认。

(e) 建造合同收入

有关建造合同收入的会计政策，请参阅附注四(20)。

(23) 政府补助

政府补助为本集团从政府无偿取得的货币性资产或非货币性资产，包括税费返还、财政补贴等。

政府补助在本集团能够满足其所附的条件并且能够收到时，予以确认。政府补助为货币性资产的，按照收到或应收的金额计量。政府补助为非货币性资产的，按照公允价值计量；公允价值不能可靠取得的，按照名义金额计量。

与资产相关的政府补助，是指企业取得的、用于购建或以其他方式形成长期资产的政府补助。与收益相关的政府补助是指除与资产相关的政府补助之外的政府补助。

四 重要会计政策和会计估计(续)

(23) 政府补助(续)

与资产相关的政府补助，冲减相关资产的账面价值。与收益相关的政府补助，用于补偿以后期间的相关成本费用或损失的，确认为递延收益，并在确认相关成本费用或损失的期间，计入当期损益或冲减相关成本，用于补偿已发生的相关费用或损失的，直接计入当期损益或冲减相关成本。本集团对同类政府补助采用相同的列报方式。

与日常活动相关的政府补助纳入营业利润，与日常活动无关的政府补助计入营业外收支。

(24) 维修基金和质量保证金

维修基金按照当地相关的规定，按房价总额的一定比例或者按照多层及高层每建筑平方米的既定收取标准确定。

质量保证金一般按施工单位工程款的一定比例预留，在开发产品办理竣工验收后并在约定的质量保证期内无质量问题时，再行支付给施工单位。

(25) 租赁

实质上转移了与资产所有权有关的全部风险和报酬的租赁为融资租赁。其他的租赁为经营租赁。

(a) 融资租赁

作为出租人，在租赁开始日本集团按最低租赁收款额与初始直接费用之和作为应收融资租赁款的入账价值，同时记录未担保余值；将最低租赁收款额、初始直接费用及未担保余值之和与其现值之和的差额确认为未实现融资收益。未实现融资收益在租赁期内各个期间采用实际利率法计算确认当期的融资收入。

(b) 经营租赁

经营租赁的租金支出在租赁期内按照直线法计入当期损益。

经营租赁的租金收入在租赁期内按照直线法确认。

(26) 财务担保合同

对于财务担保合同，会作为金融负债进行核算，初始计量以其公允价值加取得或发出财务担保合同之直接交易成本确认入账。初始确认后，本集团会以下列两者之较高者进行后续计量：估计偿付现时义务所需开支之现值，以及初始确认金额减累计摊销后的余额。

财务担保负债只会于合约列明的责任已履行或注销或届满时，方会于资产负债表终止确认。

(27) 利润分配

拟发放的利润于董事会批准的当期，确认为负债。

(28) 企业合并

(a) 同一控制下的企业合并

合并方支付的合并对价及取得的净资产均按账面价值计量，如被合并方是最终控制方以前年度从第三方收购来的，则以被合并方的资产、负债(包括最终控制方收购被合并方而形成的商誉)在最终控制方合并财务报表中的账面价值为基础。合并方取得的净资产账面价值与支付的合并对价账面价值的差额，调整资本公积(股本溢价)；资本公积(股本溢价)不足以冲减的，调整留存收益。为进行企业合并发生的直接相关费用于发生时计入当期损益。为企业合并而发行权益性证券或债务性证券的交易费用，计入权益性证券或债务性证券的初始确认金额。

(b) 非同一控制下的企业合并

购买方发生的合并成本及在合并中取得的可辨认净资产按购买日的公允价值计量。合并成本大于合并中取得的被购买方于购买日可辨认净资产公允价值份额的差额，确认为商誉；合并成本小于合并中取得的被购买方可辨认净资产公允价值份额的差额，计入当期损益。为进行企业合并发生的直接相关费用于发生时计入当期损益。为企业合并而发行权益性证券或债务性证券的交易费用，计入权益性证券或债务性证券的初始确认金额。

(29) 合并财务报表的编制方法

编制合并财务报表时，合并范围包括本公司及全部子公司以及本集团控制的结构化主体。

子公司是指被本集团控制的主体。控制，是指拥有对被投资方的权力，通过参与被投资方的相关活动而享有可变回报，并且有能力运用对被投资方的权力影响回报金额。本集团直接或通过子公司间接拥有被投资单位半数以上的表决权，表明本集团能够控制被投资单位，应当将该被投资单位认定为子公司，纳入合并财务报表的合并范围。从取得子公司的实际控制权之日起，本集团开始将其纳入合并范围；从丧失实际控制权之日起停止纳入合并范围。对于同一控制下企业合并取得的子公司，自其与本公司同受最终控制方控制之日起纳入本公司合并范围，并将其在合并日前实现的净利润在合并利润表中单列项目反映。

结构化主体，是指在判断主体的控制方时，表决权或类似权利没有被作为设计主体架构时的决定性因素(例如表决权仅与行政管理事务相关)，而主导该主体相关活动的依据是合同或相应安排。

四 重要会计政策和会计估计(续)

(29) 合并财务报表的编制方法(续)

当本集团作为原始权益人及次级权益持有人发起成立专项资产管理计划时，本集团将评估就该结构化主体而言，本集团是否以主要责任人的身份行使决策权。如果其他方(结构化主体的其他投资者)行使决策权，则本集团不控制该结构化主体。但若本集团被判断为行使决策权，则是主要责任人，因而控制该结构化主体。

从取得子公司的实际控制权之日起，本集团开始将其纳入合并范围；从丧失实际控制权之日起停止纳入合并范围。对于同一控制下企业合并取得的子公司，自其与本公司同受最终控制方控制之日起纳入本公司合并范围，并将其在合并日前实现的净利润在合并利润表中单列项目反映。

在编制合并财务报表时，子公司与本公司采用的会计政策或会计期间不一致的，按照本公司的会计政策或会计期间对子公司财务报表进行必要的调整。对于非同一控制下企业合并取得的子公司，以购买日可辨认净资产公允价值为基础对其财务报表进行调整。

集团内所有重大往来余额、交易及未实现利润在合并财务报表编制时予以抵销。子公司的所有者权益、当期净损益及综合收益中不属于本公司所拥有的部分分别作为少数股东权益、少数股东损益及归属于少数股东的综合收益总额在合并财务报表中所有者权益、净利润及综合收益总额项下单独列示。本公司向子公司出售资产所发生的未实现内部交易损益，全额抵销归属于母公司股东的净利润；子公司向本公司出售资产所发生的未实现内部交易损益，按本公司对该子公司的分配比例在归属于母公司股东的净利润和少数股东损益之间分配抵销。子公司之间出售资产所发生的未实现内部交易损益，按照母公司对出售方子公司的分配比例在归属于母公司股东的净利润和少数股东损益之间分配抵销。

如果以本集团为会计主体与以本公司或子公司为会计主体对同一交易的认定不同时，从本集团的角度对该交易予以调整。

(30) 分部信息

本集团以内部组织结构、管理要求、内部报告制度为依据确定经营分部，以经营分部为基础确定报告分部并披露分部信息。

经营分部是指本集团内同时满足下列条件的组成部分：(1)该组成部分能够在日常活动中产生收入、发生费用；(2)本集团管理层能够定期评价该组成部分的经营成果，以决定向其配置资源、评价其业绩；(3)本集团能够取得该组成部分的财务状况、经营成果和现金流量等有关会计信息。如果两个或多个经营分部具有相似的经济特征，并且满足一定条件的，则合并为一个经营分部。

(31) 重要会计估计和判断

本集团根据历史经验和其他因素，包括对未来事项的合理预期，对所采用的重要会计估计和关键判断进行持续的评价。

下列重要会计估计及关键假设存在会导致下一会计年度资产和负债的账面价值出现重大调整的重要风险：

(a) 所得税

在正常的经营活动中，部分交易和事项的最终的税务处理存在不确定性。在考虑计提所得税费用及确认递延所得税时，本集团需要作出重大判断。如果这些税务事项的最终认定结果与最初入账的金额存在差异，该差异将对作出上述最终认定期间的所得税费用和递延所得税的金额产生影响。

(b) 土地增值税

按照中国相关税法规定，本集团需缴纳土地增值税。于资产负债表日，地方税务机关尚未对部分开发项目土地增值税清算应纳税额出具《核准意见书》。本集团依据《土地增值税暂行条例》及其实施细则的规定计算应纳税额入账。如果地方税务机关审核确认税额与原入账金额不一致，该差异将计入完成土地增值税清算的会计期间。

四 重要会计政策和会计估计(续)

(31) 重要会计估计和判断(续)

(c) 投资性房地产的公允价值评估

公允价值的最佳证据为在活跃市场上附带类似租约与其他合约的物业的现行价格。倘若并无有关资料，本集团将金额定于合理公允价值估计的范围内。作出判断时，本集团会考虑多个来源的数据，包括：(i) 不同性质、状况或位置或受不同租约或其他合约规定的物业在活跃市场的现行价格，并予以调整以反映该等差异；(ii) 类似物业在不活跃市场的最近价格，并予以调整以反映自按该等价格进行交易的日期起任何经济状况的变化；及(iii) 按日后现金流量的可靠估计作出的贴现现金流量预测，该估计乃源自任何现有租约及其他合约的条款及(如有可能)源自外来凭证，例如处于相同位置及状况下的类似物业的现行市场租金，并采用可反映现金流量金额及时间不明确性的现有市场评估的折现率计算。本集团根据独立专业合资格估值师确定的估值评估其投资性房地产的公允价值。

(d) 存货跌价准备

本集团于资产负债表日对存货按照成本与可变现净值孰低计量，可变现净值的计算需要利用假设和估计。如果管理层对估计售价及完工时将要发生的成本及费用等进行修订，将影响存货的可变现净值的估计，该差异将对计提的存货跌价准备产生影响。

(e) 估计物业总建筑成本

本集团在确认物业销售成本时需估计物业建筑总成本。该项估计由管理层根据相关物业发展的详细预算资料为基础，并于工程进展期间作出定期评估。如果相关估计与实际发生的成本不符，则该项差异会影响已确认销售成本的正确性。

(32) 重要会计政策变更

财政部于 2017 年颁布了修订后的《企业会计准则第 16 号——政府补助》和《关于修订印发一般企业财务报表格式的通知》(财会(2017)30 号)，本公司已采用上述准则编制 2017 年度财务报表，对本公司财务报表的影响列示如下：

会计政策变更的内容和原因	受影响的报表项目名称	影响金额
本公司将 2017 年度获得的政府补助计入其他收益项目。2016 年度的比较财务报表未重列。	不适用	不适用
2016 年度		
本公司将 2017 年度处置固定资产产生的利得和损失计入资产处置损失项目。2016 年度的比较财务报表已相应调整。	增加：资产处置收益	43
	减少：营业外收入	53
	减少：营业外支出	10

五 税项

本集团适用的主要税种及其税率列示如下：

税种	计税依据	税率
增值税	应纳税增值额(应纳税额按应纳税销售额乘以适用税率扣除当期允许抵扣的进项税后的余额计算)	3%、5%、6%、11%或 17%
营业税(a)	房地产出租或销售收入、物业管理收入	5%
	提供建筑劳务收入	3%
土地增值税	按转让房地产所取得的增值额	按超率累进税率 30% - 60%
房产税	房产原值或租金收入	房产原值的 1.2%或租金收入 12%
企业所得税	应纳税所得额	25%

- (a) 根据财政部、国家税务总局颁布的《财政部国家税务总局关于全面推开营业税改征增值税试点的通知》(财税[2016]36 号)，自 2016 年 5 月 1 日起，本集团的房地产销售业务收入适用增值税，一般纳税人适用税率为 5%或 11%，小规模纳税人适用税率为 3%，建筑工程总承包适用增值税，税率为 11%，物业管理业务收入适用增值税，税率为 6%，酒店运营收入适用增值税，税率为 6%，2016 年 5 月 1 日前该等业务适用营业税，税率为 5%。

十一 股份支付

股份支付为中国恒大授予包括本集团员工在内的中国恒大员工并以中国恒大发行自身的股份进行结算的购股权计划。本集团作为接受服务企业且没有结算义务，将该股份支付交易作为权益结算的股份支付进行处理。

于 2009 年 10 月 14 日，中国恒大授予本集团员工 14,600 万份购股权(“首次公开招股前购股权”)，行权价格为每股 3.5 港元。所有购股权于授予后 3 年内可行使。

于 2010 年 5 月 18 日，中国恒大授予本集团员工 49,000 万份购股权(“2010 年购股权”)，行权价格为每股 2.4 港元。所有购股权于授予后 5 年内可行使。

于 2014 年 10 月 9 日，中国恒大授予本集团员工 38,700 万份购股权(“2014 年购股权”)，行权价格为每股 3.05 港元。所有购股权于授予后 5 年内可行使。

于 2017 年 10 月 6 日，中国恒大授予本集团员工 50,514 万份购股权(“2017 年购股权”)，行权价格为每股 30.20 港元。所有购股权于授予后 5 年内可行使。

购股权变动如下：

十一 股份支付

购股权于 2017 年 12 月 31 日的详情如下：

授予日期	归属期	行权期	行权价格 /(港元/股)	股份数 /(千份)
------	-----	-----	-----------------	--------------

2010 年购股权

2010 年 5 月 18 日	7 个月- 55 个月	2010 年 12 月 31 日至 2019 年 12 月 31 日	2.40	15,321
-----------------	----------------	------------------------------------	------	--------

2017 年 10 月 6 日	1 年-5 年	2018 年 10 月 6 日至 2027 年 10 月 5 日	30.20	505,140
-----------------	---------	----------------------------------	-------	---------

购股权加权平均公允价值参考独立估值师采用二项式模式的估值确定。代入该模式的重要输入值为授予日股价、年度无风险利率、预期波幅、购股权年期及预期股息率，为根据中国恒大董事的最佳估算确定。购股权价值会因应若干主观假设的不同变量而改变。

截至 2017 年度，本集团根据购股权计划确认费用约 496,000,000 元(2016 年：55,000,000 元)。

十二 承诺事项

(1) 经营租赁承诺事项

根据已签订的不可撤销的经营性租赁合同，本集团未来最低应支付租金汇总如下：

	2017 年 12 月 31 日	2016 年 12 月 31 日
一年以内	443	408
一到二年	320	330
二到三年	271	287
三年以上	169	423
	<u>1,203</u>	<u>1,448</u>

(2) 资本性支出承诺事项

以下为本集团于资产负债表日，已签约而尚不必在资产负债表上列示的资本性支出承诺：

	2017 年 12 月 31 日	2016 年 12 月 31 日
已签订的正在或准备履行的建安合同	186,219	150,075
已签订的正在或准备履行的土地合同	68,816	59,151
	<u>255,035</u>	<u>209,226</u>

(3) 对外投资承诺事项

以下为本集团于资产负债表日，已签约而尚不必在资产负债表上列示的重大对外投资承诺：

	2017 年 12 月 31 日	2016 年 12 月 31 日
收购子公司	<u>10,574</u>	<u>-</u>

2017 年度财务报表附注

(除特别注明外，金额单位为人民币百万元)

十三 或有事项

	2017 年 12 月 31 日	2016 年 12 月 31 日
业主按揭担保(a)	339,121	247,721
第三方融资担保(b)	9,101	23,349
合营企业融资担保(c)	2,229	-
	<u>350,451</u>	<u>271,070</u>

- (a) 本集团按相关规定为本集团物业单位若干买家的银行融资提供担保。该等担保在下列较早者终止：(i)出具房屋产权证，此证一般平均在担保登记完成后两至三年内出具；或(ii)物业买家按揭贷款支付完毕时。根据担保条款，在担保期间，若该等买家拖欠按揭还款时，本集团须向银行偿还买家拖欠的按揭本金连同应计利息及罚金。在支付本息和罚金后，本集团有权接收相关按揭物业的法定业权。

本集团管理层认为，该类担保合约在生效日的公允价值较小，而且一旦买家未能支付按揭款，相关房产的可变现净值足以弥补尚未支付的贷款本金、累计利息和罚金，因此无需在财务报表中为该类担保提取准备。

- (b) 本集团根据合作方的履约历史，为部分独立于本集团的合作方(主要为施工分包商)提供融资担保。本集团密切关注此类担保融资的还款情况。本集团管理层认为该类担保导致集团承担代偿风险的可能性极小，因此无需在财务报表中为该类担保提取准备。
- (c) 本集团为部分合营企业房地产项目开发借款提供融资担保。本集团管理层认为该类担保导致集团承担代偿风险的可能性极小，因此无需在财务报表中为该类担保提取准备。

十四 资产负债表日后事项

于 2018 年 1 月 18 日，本公司提前赎回了部分利率为 6.98%的公司债券，本金合计 5,482,000,000 元。

十五 金融工具及其风险

本集团的经营活动会面临各种金融风险：市场风险(主要为外汇风险和利率风险)、信用风险和流动风险。本集团整体的风险管理计划针对金融市场的不可预见性，力求减少对本集团财务业绩的潜在不利影响。

(1) 市场风险

(a) 外汇风险

本集团的主要经营位于中国境内，主要业务以人民币结算。本集团之外币资产和负债及外币交易的计价货币主要为港币及美元，存在外汇风险。本集团财务部门负责监控公司外币交易和外币资产及负债的规模，以最大程度降低面临的外汇风险。于 2017 年度及 2016 年度，本集团未签署任何远期外汇合约或货币互换合约。

于 2017 年 12 月 31 日及 2016 年 12 月 31 日本集团记账本位币为港元的公司持有的外币金融资产和外币金融负债均不重大。

于 2017 年 12 月 31 日及 2016 年 12 月 31 日，本集团记账本位币为人民币的公司持有的外币金融资产和外币金融负债折算成人民币的金额列示如下：

2017 年度财务报表附注

(除特别注明外，金额单位为人民币百万元)

十五 金融工具及其风险(续)

(1) 市场风险(续)

(a) 外汇风险(续)

于 2017 年 12 月 31 日，对于本集团各类外币金融资产和外币金融负债，如果人民币对外币升值或贬值 5%，其他因素保持不变，则本集团净利润将增加或减少约 2,628,000,000 元(2016 年 12 月 31 日：净利润将增加或减少约 1,059,000,000 元)，对其他综合收益无影响。

(b) 利率风险

本集团的利率风险主要产生于长期带息债务。浮动利率的金融负债使本集团面临现金流量利率风险，固定利率的金融负债使本集团面临公允价值利率风险。本集团根据当时的市场环境来决定固定利率及浮动利率合同的相对比例。于 2017 年 12 月 31 日，本集团长期带息债务主要为人民币计价的浮动利率银行借款，金额为 100,177,000,000 元(2016 年 12 月 31 日：63,079,000,000 元)。

本集团总部财务部门持续监控集团利率水平。利率上升会增加新增带息债务的成本以及本集团尚未付清的以浮动利率计息的带息债务的利息支出，并对本集团的财务业绩产生重大的不利影响，管理层会依据最新的市场状况及时做出调整，这些调整可能是进行利率互换的安排来降低利率风险。于 2017 年度及 2016 年度本集团并无利率互换安排。

于 2017 年 12 月 31 日，如果以浮动利率计算的借款利率上升或下降 100 个基点，而其他因素保持不变，本集团的净利润将减少或增加约 751,000,000 元(2016 年 12 月 31 日：净利润将减少或增加约 473,000,000 元)。

(2) 信用风险

本集团对信用风险按组合分类进行管理。信用风险主要产生于银行存款与应收款项。

本集团银行存款主要存放于国有银行和其他大中型上市银行，本集团认为其不存在重大的信用风险，不会产生因对方单位违约而导致的任何重大损失。

此外，对于应收款项，本集团设定相关政策以控制信用风险敞口。本集团基于对客户的财务状况、从第三方获取担保的可能性、信用记录及其他因素诸如目前市场状况等评估客户的信用资质并设置相应信用期。本集团会定期对客户信用记录进行监控，对于信用记录不良的客户，本集团会采用书面催款、缩短信用期或取消信用期等方式，以确保本集团的整体信用风险在可控的范围内。

(3) 流动性风险

本集团对现金流量进行预测，并持续监控短期和长期的资金需求，以确保维持合理的现金储备；同时持续监控本集团是否符合借款协议的规定，从主要金融机构获得提供足够备用资金的承诺，以满足短期和长期的资金需求。

于资产负债表日，本集团各项金融负债以未折现的合同现金流量按到期日列示如下：

(2) 不以公允价值计量但披露其公允价值的资产和负债

本集团以摊余成本计量的金融资产和金融负债主要包括：应收款项、短期借款、应付款项和长期借款等。

该等不以公允价值计量的金融资产和金融负债的账面价值与公允价值差异很小，由于折现的影响并不重大或者该长期借款按浮动利率计息。

(3) 存在活跃市场的应付债券，以活跃市场中的报价确定其公允价值，属于第一层次。长期借款、长期应付款以及不存在活跃市场的应付债券，以合同规定的未来现金流量按照市场上具有可比信用等级并在相同条件下提供几乎相同现金流量的利率进行折现后的现值确定其公允价值，属于第三层次。

十七 资本管理

本集团资本管理政策的目标是为了保障本集团能够持续经营，从而为股东提供回报，并使其他利益相关者获益，同时维持最佳的资本结构以降低资本成本。

为了维持或调整资本结构，本集团可能会调整支付给股东的股利金额、向股东返还资本、发行新股或出售资产以减低债务。

本集团的总资本为合并资产负债表中所列示的所有者权益。本集团不受制于外部强制性资本要求，利用资产负债比率监控资本。

于 2017 年 12 月 31 日及 2016 年 12 月 31 日，本集团的资产负债比率列示如下：

	2017 年 12 月 31 日	2016 年 12 月 31 日

(15) 金融工具及其风险

本公司的经营活动会面临各种金融风险：市场风险(主要为利率风险)、信用风险和流动风险。本公司整体的风险管理计划针对金融市场的不可预见性，力求减少对本公司财务业绩的潜在不利影响。

(a) 市场风险

利率风险

本公司的利率风险主要产生于长期带息债务。浮动利率的金融负债使本公司面临现金流量利率风险，固定利率的金融负债使本公司面临公允价值利率风险。本公司根据当时的市场环境来决定固定利率及浮动利率合同的相对比例。2017 年 12 月 31 日，本公司长期带息债务主要为浮动利率计价的银行借款，金额为 2,090,000,000 元(2016 年 12 月 31 日为 2,510,000,000 元)。

(除特别注明外，金额单位为人民币百万元)

十二 金融工具及其风险(续)

(1) 市场风险(续)

利率风险(续)

本公司财务部门持续监控集团利率水平。利率上升会增加新增带息债务的成本以及本公司尚未付清的以浮动利率计息的带息债务的利息支出，并对本公司的财务业绩产生重大的不利影响，管理层会依据最新的市场状况及时做出调整，这些调整可能是进行利率互换的安排来降低利率风险。于 2017 年度及 2016 年度本公司并无利率互换安排。

于 2017 年 12 月 31 日，如果以浮动利率计算的借款利率上升或下降 100 个基点，而其他因素保持不变，本公司的净利润将减少或增加约为 16,000,000 元(2016 年 12 月 31 日：将减少或增加净利润 6,000,000 元)。

(2) 信用风险

本公司对信用风险按组合分类进行管理。信用风险主要产生于银行存款及应收款项。

本公司银行存款主要存放于国有银行和其他大中型上市银行，本公司认为其不存在重大的信用风险，不会产生因对方单位违约而导致的任何重大损失。

此外，对于应收款项，本公司设定相关政策以控制信用风险敞口。本公司基于对客户的财务状况、从第三方获取担保的可能性、信用记录及其他因素诸如目前市场状况等评估客户的信用资质并设置相应信用期。本公司会定期对客户信用记录进行监控，对于信用记录不良的客户，本公司会采用书面催款、缩短信用期或取消信用期等方式，以确保本公司的整体信用风险在可控的范围内。

(3) 流动性风险

本公司金融资产包括以公允价值计量且其变动计入当期损益的金融资产、应收款项和可供出售金融资产。金融负债包括应付款项、借款及应付债券。

本公司对现金流量进行预测，并持续监控短期和长期的资金需求，以确保维持充裕的现金储备。同时持续监控本公司是否符合借款协议的规定，从主要金融机构获得提供足够备用资金的承诺，以满足短期和长期的资金需求。

**CONDENSED CONSOLIDATED INTERIM FINANCIAL INFORMATION
FOR THE SIX MONTHS ENDED 30 JUNE 2019**

**REPORT ON REVIEW OF CONDENSED CONSOLIDATED INTERIM
FINANCIAL INFORMATION
TO THE BOARD OF DIRECTORS OF TIANJI HOLDING LIMITED**
(incorporated in Hong Kong with limited liability)

Introduction

We have reviewed the interim consolidated financial information set out on pages 1 to 31, which comprises the condensed consolidated balance sheet of Tianji Holding Limited (the "Company") and its subsidiaries (together, the "Group") as at 30 June 2019 and the related condensed consolidated statements of comprehensive income, changes in equity and cash flows for the six-month period then ended, and a summary of significant accounting policies and other explanatory notes. The directors of the Company are responsible for the preparation and presentation of this interim consolidated financial information in accordance with Hong Kong Accounting Standard 34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants. Our responsibility is to express a conclusion on this interim consolidated financial information based on our review and to report our conclusion solely to you, as a body, in accordance with our agreed terms of engagement and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Scope of review

We conducted our review in accordance with Hong Kong Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Hong Kong Institute of Certified Public Accountants. A review of interim consolidated financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Hong Kong Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the interim consolidated financial information is not prepared, in all material respects, in accordance with Hong Kong Accounting Standard 34 "Interim Financial Reporting".

The immediate holding company of the Company is Hengda Real Estate Group Limited, and Hengda Real Estate Group Limited is an indirectly held subsidiary of China Evergrande Group which is a company listed on the Main Board of The Stock Exchange of Hong Kong Limited. The Company and its subsidiaries (the “Group”) are principally engaged in the property development, property investment, property management, hotel and other property development related services in the People's Republic of China (the “PRC”) including mainland China (the “Mainland China”) and Hong Kong. The address of its registered office is at 20/F Alexandra House, 18 Charter Road, Central, Hong Kong and its principal place of business is Hong Kong.

This condensed consolidated interim financial information is presented in Renminbi Yuan (“RMB”) thousands, unless otherwise stated. This condensed consolidated interim financial information has been approved for issue by the director of the Company on [21] January 2020.

This condensed consolidated interim financial information has not been audited.

2. Basis of preparation

This condensed consolidated interim financial information for the six months ended 30 June 2019 has been prepared in accordance with Hong Kong Accounting Standard (“HKAS”) 34, “Interim financial reporting”. The condensed consolidated interim financial information should be read in conjunction with the annual financial statements for the year ended 31 December 2018, which have been prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRS”).

3. Accounting Policies

Except as described below, the accounting policies applied are consistent with those of the annual financial statements for the year ended 31 December 2018, as described in those annual financial statements.

(i) New standards and amendments to standards adopted by the Group as at 1 January 2019

The following amendments to standards are mandatory for the Group's financial year beginning on 1 January 2019:

HKFRS 16	Leases
HKAS 19 (Amendments)	Plan Amendment, Curtailment or Settlement
HKAS 28 (Amendments)	Long-term Interests in an Associate or Joint Venture
HKFRS 9 (Amendments)	Prepayment Features with Negative Compensation
Annual Improvements to 2015-2017 Cycle	Improvements to HKFRS
HK (IFRIC) 23	Uncertainty over Income Tax Treatments

Save for the impact of adoption of HKFRS 16 disclosed in note 4, the adoption of other new and amended standards does not have any significant impact to the results and financial position of the Group.

TIANJI HOLDING LIMITED
NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL INFORMATION

3. Accounting Policies (Continued)

- (ii) New standards and amendments to standards that have been issued but are not effective

HKAS 1 and HKAS 8 (Amendment)	Definition of material ¹
HKFRS 3 (Amendment)	Definition of a business ¹
HKFRS 17	Insurance Contracts ²
HKFRS 10 and HKAS 28 (Amendments)	Sale or contribution of assets between an investor and its associate or joint venture ³

¹ Effective for periods beginning on or after 1 January 2020.

² Effective for periods beginning on or after 1 January 2021.

³ Effective date is to be determined by the International Accounting Standard Board.

The Group has already commenced an assessment of the impact of these new or revised standards and amendments, certain of which are relevant to the Group's operations. According to the preliminary assessment made by the Group, no significant impact on the financial performance and position of the Group is expected when they become effective.

4. Changes in accounting policies

This note explains the impact of the adoption of HKFRS 16 Leases on the Group's financial statements and discloses the new accounting policies that have been applied from 1 January 2019 in note 4(b) below.

The Group has adopted HKFRS 16 from its mandatory adoption date of 1 January 2019. The Group has applied the simplified transition approach and has not restated comparative amounts for the reporting period of 2018. Right-of-use assets will be measured at the amount of the lease liability on adoption (adjusted for any prepaid or accrued lease expenses). The reclassifications and the adjustments arising from the new leasing rules are therefore recognised in the opening balance sheet on 1 January 2019.

(a) Adjustments recognised on adoption of HKFRS 16

On adoption of HKFRS 16, the Group recognised lease liabilities in relation to leases which had previously been classified as 'operating leases' under the principles of HKAS 17 Leases. These liabilities were measured at the present value of the remaining lease payments, discounted using the lessee's incremental borrowing rate as of 1 January 2019.

	RMB'000
Operating lease commitments disclosed as at 31 December 2018	198,529
Discounted using the lessee's incremental borrowing rate of at the date of initial application	152,597
(Less): short-term leases and low-value leases recognised on a straight-line basis as expense	(57,301)
Lease liability recognised as at 1 January 2019	95,296
Of which are:	
Current lease liabilities	34,507
Non-current lease liabilities	60,789
	<u>95,296</u>

TIANJI HOLDING LIMITED
NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL INFORMATION

4. Changes in accounting policies (Continued)

(a) Adjustments recognised on adoption of HKFRS 16 (Continued)

Under the simplified transition approach, the associated right-of-use assets were measured at the amount equal to the lease liabilities on adoption, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognised in the balance sheet as at 31 December 2018. There were no onerous lease contracts that would have required an adjustment to the right-of-use assets at the date of initial application.

The land used rights are reclassified to right-of-use assets as of 1 January 2019.

The recognised right-of-use assets mainly relate to properties and land use rights.

The change in accounting policy affected the following items in the balance sheet on 1 January 2019:

At 1 January 2019	Land used rights RMB'000	Right-of-use assets RMB'000	Lease liabilities RMB'000
Opening balance	2,907,571	-	-
Reclassify from land use rights to right-of-use assets	(2,907,571)	2,907,571	-
Recognised lease liabilities and right-of-use assets	-	95,296	95,296
Opening balance — HKFRS 16	-	3,002,867	95,296

No significant impact on the Group's net profit after tax for the six months ending 30 June 2019 as a result of adoption of HKFRS 16.

In applying HKFRS 16 for the first time, the Group has used the following practical expedients permitted by the standard:

- the use of a single discount rate to a portfolio of leases with reasonably similar characteristics
- reliance on previous assessments on whether leases are onerous
- the accounting for operating leases with a remaining lease term of less than 12 months as at 1 January 2019 as short-term leases
- the exclusion of initial direct costs for the measurement of the right-of-use asset at the date of initial application, and
- the use of hindsight in determining the lease term where the contract contains options to extend or terminate the lease.

The Group has also elected not to reassess whether a contract is, or contains a lease at the date of initial application. Instead, for contracts entered into before the transition date the Group relied on its assessment made applying HKAS 17 and HKFRIC 4 Determining whether an Arrangement contains a Lease.

4. Changes in accounting policies (Continued)

(b) The Group's leasing activities and how these are accounted for

The Group mainly leases various offices for both short-term and long-term contracts. Rental contracts are typically made for fixed periods of 1 to 10 years. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. The lease agreements do not impose any covenants, but leased assets may not be used as security for borrowing purposes.

Until the 2018 financial year, leases of properties were classified as either finance or operating leases. Payments made under operating leases (net of any incentives received from the lessor) were charged to profit or loss on a straight-line basis over the period of the lease.

From 1 January 2019, leases are recognised as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Group. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period. The right-of-use asset is depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis.

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the following lease payments:

- fixed payments (including in-substance fixed payments), less any lease incentives receivable
- variable lease payment that are based on an index or a rate
- amounts expected to be payable by the lessee under residual value guarantees
- the exercise price of a purchase option if the lessee is reasonably certain to exercise that option, and
- payments of penalties for terminating the lease, if the lease term reflects the lessee exercising that option.

The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be determined, the lessee's incremental borrowing rate is used, being the rate that the lessee would have to pay to borrow the funds necessary to obtain an asset of similar value in a similar economic environment with similar terms and conditions.

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability
- any lease payments made at or before the commencement date less any lease incentives received
- any initial direct costs, and
- restoration costs.

Right-of-use assets consist of properties and land use rights.

Payments associated with short-term leases and leases of low-value assets are recognised on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less. Low-value assets comprise IT-equipment and small items of office furniture.

5. Estimates

The preparation of condensed consolidated interim financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing this condensed consolidated interim financial information, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statements for the year ended 31 December 2018.

6. Financial risk management

a) Financial risk factors

The Group's activities expose it to a variety of financial risks: market risk (including currency risk, fair value interest rate risk, cash flow interest rate risk and price risk), credit risk and liquidity risk.

b) Foreign exchange risk

The Group's businesses are principally conducted in RMB, except that certain receipts of sales proceeds and borrowings are denominated in other currencies. As at 30 June 2019, the carrying amounts of the Group's foreign currency denominated monetary assets and liabilities at the respective balance sheet dates are as follows:

	30 June 2019	31 December 2018
	RMB'000	RMB'000
Monetary assets		
- HK\$	4,607,888	4,552,427

b) Foreign exchange risk (Continued)

The following table shows the sensitivity analysis of a 2% change in RMB against the relevant foreign currencies. The sensitivity analysis includes only foreign currency denominated monetary items and adjusts their translation at the period-end for a 2% change in foreign currency rates. If there is a 2% increase/decrease in RMB against the relevant currencies, the effect of increase/(decrease) in the profit for the year is as follows:

	30 June 2019	31 December 2018
	RMB'000	RMB'000
2% appreciation in RMB against HK\$	282,795	244,520
2% depreciation in RMB against HK\$	(282,795)	(244,520)

2% depreciation in RMB against US\$	(871,935)	(615,628)
2% appreciation in RMB against Others \$	(487)	(209)
2% depreciation in RMB against Others \$	487	209

The condensed consolidated interim financial information does not include all financial risk management information and disclosures required in the annual financial statements, and should be read in conjunction with the Group's annual financial statements for the year ended 31 December 2018.

There have been no changes in the risk management department or in any risk management policies since year ended 31 December 2018.

c) Liquidity risk

Management aims to maintain sufficient cash and cash equivalents or have available funding through an adequate amount of available financing, including proceeds from pre-sale of properties, committed credit facilities, short-term and long-term borrowings to meet its construction commitments. Due to the dynamic nature of the underlying businesses, the Group maintains flexibility in funding by maintaining adequate amount of cash and cash equivalents and through having available sources of financing.

As at 30 June 2019, the Group's total borrowings stood at RMB133,119,104,000 which increased by RMB21,988,488,000 during the period, and its gearing ratio reached 39.9% (total borrowings divided by total assets).

The Group has a number of alternative plans to mitigate the potential impacts on anticipated cash flows should there be significant adverse changes in economic environment. These include control on investment in land reserve, adjusting project development timetable to adapt the changing local real estate market environment, implementing cost control measures, promotion of sales of completed properties, accelerating sales with more flexible pricing. The Group will pursue such options based on its assessment of relevant future costs and benefits.

The directors of the Company has reviewed the working capital forecast of the Group for the 12 months from 30 June 2019 and are of the opinion that the Group will have sufficient working capital to meet its financial obligations as and when they fall due within the next 12 months from the date of the consolidated balance sheet.

d) Fair value estimation

The different levels of fair value estimation have been defined as follows:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

The following table presents the Group's financial asset that are measured at fair value:

	Level 1 RMB'000	Level 2 RMB'000	Level 3 RMB'000	Total RMB'000
At 30 June 2019				
Assets				
Financial assets at fair value through profit or loss ("FVPL")	186,653	-	-	186,653
At 31 December 2018				
Assets				
Financial assets at fair value through other comprehensive income ("FVOCI")	-	-	277,999	277,999
FVPL	237,626	-	-	237,626
Total assets	237,626	-	277,999	515,625

The fair value of the following financial assets and liabilities approximate their carrying amount:

- Trade and other receivables
- Cash and cash equivalents
- Current borrowings and non-current borrowings
- Trade and other payables

7. Segment information

The chief operating decision-maker ("CODM") of the Group has been identified as the executive directors of the Company who are responsible for reviewing the Group's internal reporting in order to assess performance and allocate resources. Management has determined the operating segments based on these reports. The Group is organised into four business segments: property development, property investment, property management and other businesses. Other businesses mainly include hotel operations. As the CODM of the Group considers most of the revenue and results of the Group are attributable to the market in the PRC, and only an immaterial part (less than 10%) of the Group's assets are located outside the PRC, no geographical segment information is presented.

The directors of the Company assess the performance of the operating segments based on a measure of segment results. Fair value gains or losses on FVPL, dividend income of FVOCI, gain on disposal of FVOCI and finance cost and income are not included in the result for each operating segment.

Transactions between segments are carried out at agreed terms amongst relevant parties. The revenue from external parties reported to the management is measured in a manner consistent with that in the condensed consolidated statement of comprehensive income.

Valuation techniques

- (i) direct comparison approach is adopted assuming sale of each of these properties in its existing state with the benefit of vacant possession. By making reference to sales transactions as available in the relevant market, comparable properties in close proximity have been selected and adjustments have been made to account for the difference in factors such as location and property size.
- (ii) income approach takes into account the current rents of the property interests and the reversionary potentials of the tenancies, term yield and reversionary yield are then applied respectively to derive the market value of the property.
- (iii) residual method of valuation which is commonly used in valuing development sites by establishing the market value of the properties on an "as-if" completed basis with appropriate deduction on construction costs, professional fees, contingency, marketing and legal cost, and interest payments to be incurred, anticipated developer's profits, as well as land acquisition costs, interest payment and profit on land.

There were no changes to the valuation techniques during the six months ended 30 June 2019.

The investment properties are included in level 3 as the quantitative information about fair value measurements are using below significant unobservable inputs.

- Terminal yield, reversionary yield, expected vacancy rate, market rental and market price

For completed investment properties, increase in terminal yield, reversionary yield and expected vacancy rate may result in decrease of fair value. Decrease in market rent and market price may result in decrease of fair value.

- Market price, budgeted construction costs to be incurred, estimated percentage to completion and developer's profit margin.

For investment properties under construction, decrease in market price may result in decrease in fair value. Increase in budgeted construction costs to be incurred, estimated outstanding percentage to completion and developer's profit margin may result in decrease in fair value.

On behalf of the Board

Name of Director

Hong Kong, 25 April 2019

Independent Auditor's Report

To the Member of Tianji Holding Limited
(incorporated in Hong Kong with limited liability)

Opinion***What we have audited***

The consolidated financial statements of Tianji Holding Limited (the "Company") and its subsidiaries (the "Group") set out on pages 4 to 67, which comprise:

- the consolidated balance sheet as at 31 December 2018;
- the consolidated statement of comprehensive income for the year then ended;
- the consolidated statement of changes in equity for the year then ended;
- the consolidated statement of cash flows for the year then ended; and
- the notes to the consolidated financial statements, which include a summary of significant accounting policies.

Our opinion

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2018, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code.

Other Information

The director of the Company is responsible for the other information. The other information comprises the information included in the director's report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Director and Those Charged with Governance for the Consolidated Financial Statements

The director of the Company is responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the Hong Kong Companies Ordinance, and for such internal control as the director determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the director is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the director either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

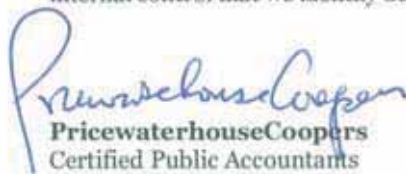

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. We report our opinion solely to you, as a body, in accordance with Section 405 of the Hong Kong Companies Ordinance and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSA's will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the director.
- Conclude on the appropriateness of the director's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

TIANJI HOLDING LIMITED
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1 General information

Tianji Holding Limited (the “Company”) was incorporated in the Hong Kong on 19 May 2009 as an exempted company with limited liability and is engaged in investment holding. The Company and its subsidiaries (the “Group”) are principally engaged in the property development, property investment, property management, hotel and other property development related services in the People’s Republic of China (the “PRC”). The address of its registered office is at 20/F Alexandra House, 18 Charter Road, Central, Hongkong and its principal place of business is Hong Kong.

These consolidated financial statements are presented in Renminbi Yuan (“RMB”) thousands, unless otherwise stated. These consolidated financial statements have been approved for issue by the director of the Company on 25 April 2019.

2 Summary of significant accounting policies

The principal accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of preparation

These consolidated financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) and requirements of the Hong Kong Companies ordinance Cap. 622. The consolidated financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets at fair value through other comprehensive income, financial assets at fair value through profit or loss, available-for-sale financial assets and investment properties, which are carried at fair value.

The preparation of financial statements in conformity with the HKFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group’s accounting policies.

New standards and amendments to standards adopted by the Group as at 1 January 2018

The following amendments to standards are mandatory for the Group’s financial year beginning on 1 January 2018 for the Group:

HKFRS 9	Financial Instruments
HKFRS 15	Revenue from Contracts with Customers
HKFRS 2 (Amendment)	Classification and Measurement of Share-based Payment Transactions
HKFRS 4 (Amendment)	Applying HKFRS 9 Financial Instruments with HKFRS 4 Insurance Contracts
HKAS 28 (Amendment)	Investments in Associates and Joint Ventures
HKFRS 40 (Amendment)	Investments in Investment property
HK (IFRIC) 22	Foreign Currency Transactions and Advance Consideration

Save for the impact of adoption of HKFRS 9 and HKFRS 15 disclosed in note 3, the adoption of other new and amended standards does not have any significant impact to the results and financial position of the Group.

HKFRS 10 and HKAS 28 (Amendments)	Sale or contribution of assets between an investor and its associate or joint venture ⁴

¹ Effective for periods beginning on or after 1 January 2019.

² Effective for periods beginning on or after 1 January 2020.

³ Effective for periods beginning on or after 1 January 2021.

⁴ Effective date is to be determined by the International Accounting Standard Board.

The Group has already commenced an assessment of the impact of these new or revised standards and amendments, certain of which are relevant to the Group's operations. According to the preliminary assessment made by the Group, no significant impact on the financial performance and position of the Group is expected when they become effective except for HKFRS 16.

HKFRS 16

The Group is a lessee of certain offices and buildings, which are currently accounted for as operating leases under HKAS 17. Under HKFRS 16, lessees are required to recognise a lease liability reflecting future lease payments and a right-of-use asset for all lease contracts in the balance sheet. Lessees will also have to present interest expense on the lease liability and depreciation on the right-of-use asset in the income statement. In comparison with operating leases under HKAS 17, this will change not only the allocation of expenses but also the total amount of expenses recognised for each period of the lease term. The combination of a straight-line depreciation of the right-of-use asset and the effective interest rate method applied to the lease liability will result in a higher total charge to profit or loss in the initial years of the lease, and decreasing expenses during the latter part of the lease term. The new standard has included an optional exemption for certain short-term leases and leases of low-value assets. This exemption can only be applied by lessees. The Group is expected to apply the new standard starting from the financial year beginning on 1 January 2019.

The accounting for lessors will not significantly change, in addition to some additional disclosures will be required, the Group does not expect any significant impact on the financial statements as a lessor.

The Group is expected to apply the new standard starting from the financial year beginning on 1 January 2019.

TIANJI HOLDING LIMITED
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2 Summary of significant accounting policies (Continued)

(b) Consolidation

(i) Subsidiaries

Subsidiaries are entities (including a structured entity) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

Intra-group transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated. When necessary, amounts reported by subsidiaries have been adjusted to conform with the Group's accounting policies.

(ii) Business combinations

The Group applies the acquisition method to account for business combinations. The consideration transferred for the acquisition of a subsidiary is the fair values of the assets transferred, the liabilities incurred to the former owners of the acquiree and the equity interests issued by the Group. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date.

The Group recognises any non-controlling interest in the acquiree on an acquisition-by-acquisition basis. Non-controlling interests in the acquiree that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation are measured at either fair value or the present ownership interests' proportionate share in the recognised amounts of the acquiree's identifiable net assets. All other components of non-controlling interests are measured at their acquisition date fair value, unless another measurement basis is required by HKFRS.

Acquisition-related costs are expensed off as incurred.

If the business combination is achieved in stages, the acquisition date carrying value of the acquirer's previously held equity interest in the acquiree is re-measured to fair value at the acquisition date; any gains or losses arising from such re-measurement are recognised in profit or loss.

Any contingent consideration to be transferred by the Group is recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration that is deemed to be an asset or liability is recognised in accordance with HKAS 39 in profit or loss. Contingent consideration that is classified as equity is not remeasured, and its subsequent settlement is accounted for within equity.

The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the identifiable net assets acquired is recorded as goodwill. If the total of consideration transferred, non-controlling interest recognised and previously held interest measured is less than the fair value of the net assets of the subsidiary acquired in the case of a bargain purchase, the difference is recognised directly in the income statement.

(iii) Changes in ownership interests in subsidiaries without change of control

Transactions with non-controlling interests that do not result in a loss of control are accounted for as equity transactions – that is, as transactions with the owners of the subsidiary in their capacity as owners. The difference between fair value of any consideration paid and the relevant share acquired of the carrying amount of net assets of the subsidiary is recorded in equity. Gains or losses on disposals to non-controlling interests are also recorded in equity.

(b) Consolidation

(iv) Disposal of subsidiaries

When the Group ceases to have control, any retained interest in the entity is re-measured to its fair value at the date when control is lost, with the change in carrying amount recognised in profit or loss. The fair value is the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to profit or loss.

(v) Investments in subsidiaries

In the Company's statement of financial position, the investments in subsidiaries are accounted for at cost less impairment. Cost includes direct attributable costs of investment. The results of subsidiaries are accounted for by the Company on the basis of dividend received and receivable.

Impairment testing of the investments in subsidiaries is required upon receiving a dividend from these investments if the dividend exceeds the total comprehensive income of the subsidiary in the period the dividend is declared or if the carrying amount of the investment in the separate financial statements exceeds the carrying amount in the consolidated financial statements of the investee's net assets including goodwill.

(c) Associates

An associate is an entity over which the Group has significant influence but not control, generally accompanying a shareholding of between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting. Under the equity method, the investment is initially recognised at cost, and the carrying amount is increased or decreased to recognise the investor's share of the profit or loss of the investee after the date of acquisition. The Group's investments in associates include goodwill identified on acquisition. Upon the acquisition of the ownership interest in an associate, any difference between the cost of the associate and the Group's share of the net fair value of the associate's identifiable assets and liabilities is accounted for as goodwill.

If the ownership interest in an associate is reduced but significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income is reclassified to profit or loss where appropriate.

The Group's share of post-acquisition profit or loss is recognised in the income statement, and its share of post-acquisition movements in other comprehensive income is recognised in other comprehensive income with a corresponding adjustment to the carrying amount of the investment. When the Group's share of losses in an associate equals or exceeds its interest in the associate, including any other unsecured receivables, the Group does not recognise further losses, unless it has incurred legal or constructive obligations or made payments on behalf of the associate.

The Group determines at each reporting date whether there is any objective evidence that the investment in the associate is impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate and its carrying value and recognises the amount adjacent to 'share of post-tax loss of associates' in the income statement.

Profits and losses resulting from upstream and downstream transactions between the Group and its associate are recognised in the Group's financial statements only to the extent of unrelated investor's interests in the associates. Unrealised losses are eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of associates have been changed where necessary to ensure consistency with the policies adopted by the Group.

Gain or losses on dilution of equity interest in associates are recognised in the income statement.

2 Summary of significant accounting policies (Continued)

(d) Joint arrangements

The Group has applied HKFRS 11 to all joint arrangements. Under HKFRS 11 investments in joint arrangements are classified as either joint operations or joint ventures depending on the contractual rights and obligations of each investor. The Group has assessed the nature of its joint arrangements and determined them to be joint ventures. Joint ventures are accounted for using the equity method.

Under the equity method of accounting, interests in joint ventures are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses and movements in other comprehensive income. The Group's investments in joint ventures include goodwill identified on acquisition. Upon the acquisition of the ownership interest in a joint venture, any difference between the cost of the joint venture and the Group's share of the net fair value of the joint venture's identifiable assets and liabilities is accounted for as goodwill. When the Group's share of losses in a joint venture equals or exceeds its interests in the joint ventures (which includes any long-term interests that, in substance, form part of the Group's net investment in the joint ventures), the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the joint ventures.

Unrealised gains on transactions between the Group and its joint ventures are eliminated to the extent of the Group's interest in the joint ventures. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of the joint ventures have been changed where necessary to ensure consistency with the policies adopted by the Group.

(e) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker (CODM). The CODM who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the executive directors that makes strategic decisions.

(f) Foreign currency translation

(i) Functional and presentation currency

Items included in the financial statements of each group entities are measured using the currency of the primary economic environment in which the entities operate (the "functional currency"). The consolidated financial statements are presented in RMB, which is the functional and presentation currency of the Company.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are re-measured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the consolidated statement of comprehensive income, except when deferred in equity as qualifying cash flow hedges and qualifying net investment hedges.

Foreign exchange gain and losses that relate to borrowings denominated in foreign currencies are presented in the consolidated statement of comprehensive income within 'finance income/(costs), net'. All other foreign exchange gain and losses are presented in the consolidated statement of comprehensive income within 'Other losses'.

2 Summary of significant accounting policies (Continued)

(f) Foreign currency translation

(iii) Group entities

The results and financial positions of the group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- assets and liabilities of each balance sheet of the group entities are translated at the closing rate at the date of that balance sheet;
- income and expenses of each income statement of the group entities are translated at average exchange rates; and
- all resulting exchange differences are recognised as a separate component of equity.

On consolidation, exchange differences arising from the translation of the net investment in foreign operations are taken into equity holders' equity. When a foreign operation is partially disposed of or sold, exchange differences that were recorded in equity are recognised in the income statement as part of the gain or loss on sale.

(g) Property, plant and equipment

Property, plant and equipment are stated at historical cost less depreciation and any impairment loss. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are recognised in profit or loss during the period in which they are incurred.

Depreciation on property, plant and equipment is calculated using the straight-line method to allocate their cost to their residual values over their estimated useful lives, as follows:

Buildings	20-30 years
Machinery	5-10 years
Transportation equipment	5-10 years
Furniture, fitting and equipment	5-10 years

The assets' residual values and useful lives are reviewed and adjusted if appropriate, at each balance sheet date.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised within other (losses)/gains, in the statement of comprehensive income.

Assets under construction are stated at historical cost less impairment losses. Historical cost includes expenditure that is directly attributable to the development of the assets which comprises construction costs, amortisation of land use rights, borrowing costs and professional fees incurred during the development period. On completion, the assets are transferred to buildings within property, plant and equipment.

No depreciation is provided for assets under construction. The carrying amount of an asset under construction is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

(h) Investment properties

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Group, is classified as investment property. Properties and land use right that are currently being constructed or developed for future use as investment property is classified as investment property.

Investment property is measured initially at its cost, including related transaction costs.

After initial recognition, investment property is carried at fair value. Where fair value of investment property under construction is not reliably measurable, the property is measured at cost until the earlier of the date construction is completed or the date at which fair value becomes reliably measurable. Fair value is based on active market prices, adjusted, if necessary, for any difference in the nature, location or condition of the specific asset. If this information is not available, the Group uses alternative valuation methods such as recent prices on less active markets or discounted cash flow projections.

Subsequent expenditure is charged to the asset's carrying amount only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance costs are recognised in profit or loss during the financial period in which they are incurred.

Changes in fair values of investment property are recognised in profit or loss.

If an investment property becomes owner-occupied or commences to be further developed for sale, it is reclassified as property, plant and equipment and land use right or properties under development, and its fair value at the date of change in use becomes its cost for accounting purposes.

If an item of property, plant and equipment becomes an investment property because its use has changed, any difference resulting between the carrying amount and the fair value of this item at the date of transfer is recognised in equity as a revaluation of property, plant and equipment under HKAS 16. However, if a fair value gain reverses a previous impairment loss, the gain is recognised in profit or loss to the extent the impairment provision previous made.

(i) Intangible asset

Acquired computer software licenses are capitalised on the basis of the costs incurred to acquire and bring to use the specific software. These costs are amortised over their estimated useful lives of three to ten years.

(j) Impairment of non-financial assets

Intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment. Assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows ("cash-generating unit"). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date.

(k) Financial assets

(i) Classification

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those to be measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

TIANJI HOLDING LIMITED
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2 Summary of significant accounting policies (Continued)

(k) Financial assets (Continued)

(i) Classification (Continued)

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in equity instruments that are not held for trading, the classification will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The Group reclassifies debt investments when and only when its business model for managing those assets changes.

(ii) Measurement

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

(iii) Debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group classifies its debt instruments:

- **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in the consolidated statement of comprehensive income when the asset is derecognised or impaired. Interest income from these financial assets is included in other income using the effective interest rate method.
- **Financial assets at fair value through other comprehensive income:** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at financial assets at fair value through other comprehensive income ("FVOCI"). Movements in the carrying amount are taken through other comprehensive income, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit and loss accounts and recognised in other gains/(losses). Interest income from these financial assets is included in other income using the effective interest rate method.
- **Financial assets at fair value through profit or loss:** Assets that do not meet the criteria for amortised cost or FVOCI are measured at financial assets at fair value through profit or loss ("FVPL"). A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss accounts and is not part of a hedging relationship is recognised in profit or loss and presented as a separate line item in the consolidated statement of comprehensive income within "Fair value gain or loss on financial assets at fair value through profit or loss" in the period in which it arises. Interest income from these financial assets is included in the other income.

(iv) Equity instruments

The Group subsequently measures all equity investments at fair value. Where the Group's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment. Dividends from such investments continue to be recognised in profit or loss as other income when the Group's right to receive payments is established.

Changes in the fair value of financial assets at FVPL are recognised in other gains/(losses) in the profit or loss accounts as applicable. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

(v) Impairment

The Group assesses on a forward looking basis the expected credit losses associated with its debt instruments carried at amortised cost and FVOCI. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables, the Group applies the simplified approach permitted by HKFRS 9, which requires expected lifetime losses to be recognised from initial recognition of the receivables. For other receivables, the Group applies the 12 months expected losses method to assess the expected credit losses. See note 4(a)(iii) for further details.

(vi) Accounting policies applied until 31 December 2017

The group has applied HKFRS 9 retrospectively, but has elected not to restate comparative information. As a result, the comparative information provided continues to be accounted for in accordance with the group's previous accounting policy.

Classification

The Group classifies its financial assets as FVPL, loans and receivables, and available-for-sale financial assets ("AFS"). The classification depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition.

- **FVPL:** FVPL are financial assets held for trading. A financial asset is classified in this category if acquired principally for the purpose of selling in the short term. Derivatives are also categorized as held for trading unless they are designated as hedges. Assets in this category are classified as current assets if expected to be settled within 12 months; otherwise, they are classified as non-current.
- **Loans and receivables:** Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for those with maturities greater than 12 months after the balance sheet date which are classified as non-current assets. Loans and receivables are classified as 'trade and other receivables' and 'cash and cash equivalents' in the balance sheet.
- **AFS:** AFS are non-derivatives that are either designated in this category or not classified in any of the other categories. They are included in non-current assets unless the investment matures or management intends to dispose of it within 12 months of the end of the reporting period.

(k) Financial assets (Continued)

(vi) Accounting policies applied until 31 December 2017 (Continued)

Recognition and measurement

Regular way purchases and sales of financial assets are recognised on the trade-date — the date on which the Group commits to purchase or sell the asset. Investments are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets are derecognised when the rights to receive cash flows from the investments have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership. AFS are subsequently carried at fair value. Loans and receivables are subsequently carried at amortised cost using the effective interest method.

Gains or losses arising from changes in the fair value of the FVPL category are presented in the income statement within 'fair value gain or loss on financial assets at fair value through profit or loss' in the period in which they arise. Dividend income from FVPL is recognised in the income statement as part of other income when the group's right to receive payments is established.

Changes in the fair value of monetary and non-monetary securities classified as available for sale are recognised in other comprehensive income.

When securities classified as available for sale are sold or impaired, the accumulated fair value adjustments recognised in equity are included in the profit or loss.

Dividends on available-for-sale equity instruments are recognised in the profit or loss when the Group's right to receive payments is established.

Impairment of financial assets

- **Assets carried at amortised cost**

The Group assesses at the end of each reporting period whether there is objective evidence that a financial asset or group of financial assets is impaired. A financial asset or a group of financial assets is impaired and impairment losses are incurred only if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated.

Evidence of impairment may include indications that the debtors or a group of debtors is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganisation, and where observable data indicate that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults.

For loans and receivables category, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate. The carrying amount of the asset is reduced and the amount of the loss is recognised in the consolidated statement of comprehensive income. If a loan or held- to-maturity investment has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract. As a practical expedient, the group may measure impairment on the basis of an instrument's fair value using an observable market price.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised (such as an improvement in the debtor's credit rating), the reversal of the previously recognised impairment loss is recognised in the consolidated statement of comprehensive income.

2 Summary of significant accounting policies (Continued)

(k) Financial assets (Continued)

(vi) Accounting policies applied until 31 December 2017 (Continued)

- Assets classified as available for sale

The Group assesses at the end of each reporting period whether there is objective evidence that a financial asset or a group of financial assets is impaired. For equity investments classified as available for sale, a significant or prolonged decline in the fair value of the security below its cost is also evidence that the assets are impaired. If any such evidence exists, the cumulative loss — measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in profit or loss — is removed from equity and recognised in profit or loss. Impairment losses recognised in profit or loss on equity instruments are not reversed through profit or loss.

(l) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the company or the counterparty.

(m) Properties under development

Properties under development are stated at the lower of cost and net realisable value. Net realisable value takes into account the price ultimately expected to be realised, less applicable variable selling expenses and anticipated cost to completion.

Development cost of property comprises mainly construction costs, cost of land use rights, borrowing costs, and professional fees incurred during the development period. On completion, the properties are transferred to completed properties held for sale.

Properties under development are classified as current assets unless those will not be realised in one normal operating cycle.

(n) Completed properties held for sale

Completed properties remaining unsold at the end of each relevant year are stated at the lower of cost and net realisable value.

Cost comprises development costs attributable to the unsold properties.

Net realisable value is determined by reference to the estimated selling price in the ordinary course of business, less applicable estimated selling expenses to make the sale.

(o) Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined using the weighted average method. The cost of finished goods and work in progress comprises, raw materials, direct labour, other direct costs and related production overheads (based on normal operating capacity). It excludes borrowing costs. Net realisable value is the estimated selling price in the ordinary course of business, less applicable variable selling expenses.

(p) Trade and other receivables

Trade receivables are amounts due from customers for properties sold or services performed in the ordinary course of business. If collection of trade and other receivables is expected in one year or less (or in the normal operating cycle of the business if longer), they are classified as current assets. If not, they are presented as non-current assets.

Trade and other receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

TIANJI HOLDING LIMITED
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2 Summary of significant accounting policies (Continued)

(q) Cash and cash equivalents

Cash and cash equivalent includes cash in hand and at banks and deposits held at call with banks, other short-term high liquidity investment with original maturities of three months or less.

Bank deposits which are restricted to use are classified as “restricted cash”. Restricted cash are excluded from cash and cash equivalents in the cash flow statements.

(r) Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new share or options are shown in equity as a deduction, net of tax, from the proceeds.

(s) Trade and other payables

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current liabilities.

Trade and other payables are recognised initially at fair value and subsequently measured at amortised cost using effective interest method.

(t) Borrowings

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in profit or loss over the period of the borrowings using the effective interest method.

Fees paid to the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that part or all of the facility will be drawn down. In this case, the fee is deferred until the draw-down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a pre-payment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the respective balance sheet date.

(u) Borrowing costs

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are recognised as an expense in the period in which they are incurred.

Borrowing costs include interest expense, and exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs. The exchange gains and losses that are an adjustment to interest costs include the interest rate differential between borrowing costs that would be incurred if the entity had borrowed funds in its functional currency, and the borrowing costs actually incurred on foreign currency borrowings. Such amounts are estimated based on forward currency rates at the inception of the borrowings.

When the construction of the qualifying assets takes more than one accounting period, the amount of foreign exchange differences eligible for capitalisation is determined for each annual period and are limited to the difference between the hypothetical interest amount for the functional currency borrowings and the actual interest incurred for foreign currency borrowings. Foreign exchange differences that did not meet the criteria for capitalisation in previous years should not be capitalised in subsequent years.

TIANJI HOLDING LIMITED
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2 Summary of significant accounting policies (Continued)

(v) Current and deferred income tax

The tax expense for the period comprises current and deferred tax. Tax is recognised in the profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case the tax is also recognised in other comprehensive income or directly in equity, respectively.

(i) Current income tax

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the balance sheet date in the countries where the Group's entities operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

(ii) Deferred income tax

Inside basis differences

Deferred income tax is recognised, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, the deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using the tax rates that have been enacted or substantially enacted by the balance sheet date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Outside basis differences

Deferred income tax liabilities are provided on taxable temporary differences arising from investments in subsidiaries, associate and joint ventures, except for deferred income tax liability where the timing of the reversal of the temporary difference is controlled by the Group and it is probable that the temporary difference will not reverse in the foreseeable future. Generally the Group is unable to control the reversal of the temporary difference for its associate, only where there is an agreement in place that gives the Group the ability to control the reversal of the temporary difference not recognised.

Deferred income tax assets are recognised on deductible temporary differences arising from investments in subsidiaries, associates and joint ventures only to the extent that it is probable the temporary difference will reverse in the future and there is sufficient taxable profit available against which the temporary difference can be utilised.

(iii) Offsetting

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income tax assets and liabilities relate to income taxes levied by the same taxation authority on either the taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

(w) Employee benefits

(i) Employee leave entitlements

Employee entitlements to annual leave and long service leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave and long service leave as a result of services rendered by employees up to the balance sheet date.

Employee entitlements to sick leave and maternity leave are not recognised until the time of leave.

(ii) Retirement benefits

In accordance with the rules and regulations in the PRC, the PRC based employees of the Group participate in various defined contribution retirement benefit plans organised by the relevant municipal and provincial governments in the PRC under which the Group and the PRC based employees are required to make monthly contributions to these plans calculated at a percentage of the employees' salaries.

The municipal and provincial governments undertake to assume the retirement benefit obligations of all existing and future retired PRC based employees' payable under the plans described above. Other than the monthly contributions, the Group has no further obligation for the payment of retirement and other post retirement benefits of its employees. The assets of these plans are held separately from those of the Group in independently administered funds managed by the PRC government.

The Group also participates in a pension scheme under the rules and regulations of the Mandatory Provident Fund Scheme Ordinance ("MPF Scheme") for all employees in Hong Kong, which is a defined contribution retirement scheme. The contributions to the MPF Scheme are based on minimum statutory contribution requirement of 5% of eligible employees' relevant aggregate income. The assets of this pension scheme are held separately from those of the Group in independently administered funds.

The Group's contributions to the defined contribution retirement schemes are expensed as incurred.

(iii) Termination benefits

Termination benefits are payable when employment is terminated before the normal retirement date, or whenever an employee accepts voluntary redundancy in exchange for these benefits. The Group recognises termination benefits when it is demonstrably committed to either: terminating the employment of current employees according to a detailed formal plan without possibility of withdrawal; or providing termination benefits as a result of an offer made to encourage voluntary redundancy. Benefits falling due more than 12 months after balance sheet date are discounted to present value.

(x) Provisions and contingent liabilities

Provisions are recognised when: the Group has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of the expenditures expected to be required to settle the obligation using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognised as interest expense.

A contingent liability is a possible obligation that arises from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group. It can also be a present obligation arising from past events that is not recognised because it is not probable that outflow of economic resources will be required or the amount of obligation cannot be measured reliably.

A contingent liability is not recognised but is disclosed in the notes to the financial statements. When a change in the probability of an outflow occurs so that outflow is probable, it will then be recognised as a provision.

(y) Revenue recognition

Revenue comprises the fair value of the consideration received or receivable for the sales of properties and services in the ordinary course of the Group's activities. Revenue is shown, net of discount and after eliminated sales with the group entities. The Group recognises revenue when the amount of revenue can be reliably measured, it is probably that future economic benefits will flow to the entity and specific criteria have been met for each of the Group's activities as described below.

(i) Sales of properties

Revenue are recognised when or as the control of the asset is transferred to the customer. Depending on the terms of the contract and laws that apply to the contract, control of the asset may transfer over time or at a point in time. Control of the asset is transferred over time if the Group's performance:

- Provides all the benefits received and consumed simultaneously by the customer; or
- Creates and enhances an asset that the customer controls as the Group performs; or
- Do not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

If control of the asset transfers over time, revenue is recognised over the period of the contract by reference to the progress towards complete satisfaction of that performance obligation. Otherwise, revenue is recognised at a point in time when the customer obtains control of the asset.

The progress towards complete satisfaction of the performance obligation is measured based on the Group's efforts or inputs to the satisfaction of the performance obligation, by reference to the contract costs incurred up to the end of reporting period as a percentage of total estimated costs for each contract.

For property sales contract for which the control of the property is transferred at a point in time, revenue is recognised when the customer obtains the physical possession or the legal title of the completed property and the Group has present right to payment and the collection of the consideration is probable.

In determining the transaction price, the Group adjusts the promised amount of consideration for the effect of a financing component if it is significant.

(ii) Property management

Revenue arising from property management is recognised in the accounting period in which the services are rendered.

(iii) Hotel operations

Hotel revenue from room rentals, food and beverage sales and other ancillary services are recognised when the goods are delivered or services are rendered.

(iv) Interest income

Interest income is recognised on a time-proportion basis using the effective interest method. When a receivable impaired, the Group reduces the carrying amount to its recoverable amount, being the estimated future cashflow discounted at original effective interest rate of the instrument, and continues unwinding the discount as interest income. Interest income on impaired loans is recognised using the original effective interest rate.

(v) Rental income

Rental income of property leasing under operating leases is recognised on a straight-line basis over the lease terms.

2 Summary of significant accounting policies (Continued)

(y) Revenue recognition (Continued)

(vi) Accounting policies applied until 31 December 2017

The Group has applied HKFRS 15 retrospectively, but has elected not to restate comparative information. As a result, the comparative information provided continues to be accounted for in accordance with the Group's previous accounting policy.

Until 31 December 2017, the Group recognises revenue when the amount of revenue can be reliably measured, it is probably that future economic benefits will flow to the entity and specific criteria have been met for each of the Group's activities as described below. The Group bases its estimates of return on historical results, taking into consideration the type of customers, the type of transactions and the specifics of each arrangement.

Sales of properties

Revenue from sales of properties is recognised when the risks and rewards of properties are transferred to the purchasers, which is when the construction of relevant properties has been completed and the properties have been delivered to the purchasers and collectability of related receivables is reasonably assured. To the extent that the Group has to perform further work on the properties already delivered to the purchasers, the relevant expenses shall be recognised simultaneously. Deposits and installments received on properties sold prior to the date of revenue recognition are included in the balance sheets under current liabilities.

Property management

Revenue arising from property management is recognised in the accounting period in which the services are rendered, using a straight-line basis over the term of the contract.

Hotel operations

Hotel revenue from room rentals, food and beverage sales and other ancillary services are recognised when the goods are delivered or services are rendered.

Interest income

Interest income is recognised on a time-proportion basis using the effective interest method. When a receivable impaired, the Group reduces the carrying amount to its recoverable amount, being the estimated future cashflow discounted at original effective interest rate of the instrument, and continues unwinding the discount as interest income. Interest income on impaired loans is recognised using the original effective interest rate.

Rental income

Rental income of property leasing under operating leases is recognised on a straight-line basis over the lease terms.

(z) Leases

Leases where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases.

(i) The Group is the lessee other than operating lease of land use rights

Payments made under operating leases (net of any incentives received from the lessor), are charged to the consolidated statement of comprehensive income on a straight-line basis over the period of the lease.

(ii) The Group is the lessee under operating lease of land use rights

Land use rights under operating lease, which mainly comprised land use rights to be developed for hotel properties and self-use buildings, are stated at cost and subsequently amortised in the consolidated statement of comprehensive income on a straight-line basis over the operating lease periods, less accumulated impairment provision.

(iii) The Group is the lessor

Assets leased out under operating leases are included in investment properties in the balance sheets.

2 Summary of significant accounting policies (Continued)

(aa) Dividend distribution

Dividend distribution to the equity holders of the Company is recognised as a liability in the Group's and the Company's financial statements in the period in which the dividends are approved by the equity holders or the board of directors, where appropriate.

(ab) Financial guarantee liabilities

Financial guarantee liabilities are recognised in respect of the financial guarantee provided by the Group to the banks for property purchasers.

Financial guarantee liabilities are recognised initially at fair value plus transaction costs that are directly attributable to the issue of the financial guarantee liabilities. After initial recognition, such liabilities are measured at the higher of the present value of the best estimate of the expenditure required to settle the present obligation and the amount initially recognised less cumulative amortisation of fees recognised.

Financial guarantee liabilities are derecognised from the balance sheet when, and only when, the obligation specified in the contract is discharged or cancelled or expired.

3 Changes in accounting policies

This note explains the impact of the adoption of HKFRS 9 Financial Instruments and HKFRS 15 Revenue from Contracts with Customers on the Group's financial statements.

(a) Impact on the financial statements

The Group applied the modified retrospective approach to adopt HKFRS 9 and HKFRS 15 without restating comparative information. The reclassifications and the adjustments arising from the new accounting policies are therefore not reflected in the balance sheet as at 31 December 2017, but are recognised in the opening balance sheet on 1 January 2018.

(b) HKFRS 9 Financial Instruments – Impact of adoption

HKFRS 9 replaces the provisions of HKAS 39 that relate to the recognition, classification and measurement of financial assets and financial liabilities, derecognition of financial instruments, impairment of financial assets and hedge accounting.

The adoption of HKFRS 9 Financial Instruments from 1 January 2018 resulted in changes in accounting policies and adjustments on the equity of the Group as at 1 January 2018.

The effects of the adoption of HKFRS 9 are as follows:

Classification and measurement of financial instruments

The adjustments to the Group's equity due to classification and measurement of financial instruments as at 1 January 2018 is as follows:

At 1 January 2018	Reserves	Retained earnings	Total
	RMB'000	RMB'000	RMB'000

(b) HKFRS 9 Financial Instruments – Impact of adoption (Continued)

Management has assessed the business models and the contractual terms of the cash flows apply to the financial assets held by the Group at the date of initial application of HKFRS 9 (1 January 2018) and has classified its financial instruments into the appropriate HKFRS 9 categories, which are those to be measured subsequently at fair value (either through other comprehensive income or through profit or loss) and those to be measured at amortised cost. The main effects resulting from this reclassification are as follows:

At 1 January 2018	AFS RMB'000	FVOCI RMB'000	FVPL RMB'000	Other receivables RMB'000
Opening balance – HKAS 39	549,672	-	-	-
Reclassify listed equity securities from AFS to FVPL	(269,671)	-	269,671	-
Reclassify unlisted equity securities from AFS to FVOCI	(277,946)	277,946	-	-
Reclassify unlisted investments from AFS to other receivables	(2,055)	-	-	2,055
Opening balance – HKFRS 9	-	277,946	269,671	2,055

The main effects resulting from this reclassification on the Group's equity is as follows:

At 1 January 2018	AFS reserve RMB'000	FVOCI reserve RMB'000	Retained earnings RMB'000
Opening balance – HKAS 39	44,314	-	-
Reclassify listed equity securities from AFS to FVPL	(49,986)	-	49,986
Reclassify unlisted equity securities from AFS to FVOCI	5,672	(5,672)	-
Opening balance – HKFRS 9	-	(5,672)	49,986

Classification and measurement of financial instruments (Continued)

There is no impact on the Group's accounting for financial liabilities, as the new requirements only affect the accounting for financial liabilities that are designated at fair value through profit or loss and the Group does not have any such liabilities except for derivative financial instruments. The derecognition rules have been transferred from HKAS 39 Financial Instruments: Recognition and Measurement and have not been changed.

Impairment of financial assets

The Group has two types of financial assets at amortised cost subject to new expected credit loss model of HKFRS 9:

- Trade receivables
- Other receivables

The Group revised its impairment methodology under HKFRS 9 for each of these classes of assets.

(i) Trade receivables

The Group applies the simplified approach to providing for expected credit losses prescribed by HKFRS 9, which permits the use of the lifetime expected loss provision for all trade receivables.

RMB4,291,000 was recognised in retained earnings as at 1 January 2018 for those trade receivables whose credit risk has been assessed as other than low and for which the impairment methodology described in note 4(a)(iii) has been applied. Note 4(a)(iii) reconciles the loss allowance as at 1 January 2018 to that at the end of the reporting period.

3 Changes in accounting policies (Continued)

(b) HKFRS 9 Financial Instruments – Impact of adoption (Continued)

(ii) Other receivables

Other receivables at amortised cost include other receivables from third parties and related parties. The Group has assessed that the expected credit losses for these receivables under the 12 months expected losses method.

RMB81,495,000 was recognised in retained earnings as at 1 January 2018 for those other receivables whose credit risk has been assessed as other than low and for which the impairment methodology described in note 4(a)(iii) has been applied. Note 4(a)(iii) reconciles the loss allowance as at 1 January 2018 to that at the end of the reporting period.

(c) HKFRS 15 Revenue from Contracts with Customers – Impact of adoption

HKFRS 15 replaces the provisions of HKAS 18 “Revenue” and HKAS 11 “Construction contracts” that relate to the recognition, classification and measurement of revenue and costs.

The Group has adopted HKFRS 15 Revenue from Contracts with Customers from 1 January 2018 which resulted in changes in accounting policies.

The effects of the adoption of HKFRS 15 are as follows:

Presentation of assets and liabilities related to contracts with customers

Reclassifications were made as at 1 January 2018 to be consistent with the terminology used under HKFRS 15:

- The incremental costs of obtaining a contract and the costs directly related to fulfilling a contract, such as sales commissions, are capitalised as contract costs.
- Contract liabilities for progress billing recognised in relation to property development activities were previously presented as advanced receipt in advance from customers.

Accounting for sales of properties

Under HKFRS 15, for properties that have no alternative use to the Group due to contractual reasons and when the Group has an enforceable right to payment from the customers for performance completed to date, the Group recognises revenue as the performance obligation is satisfied over time in accordance with the input method for measuring progress.

For the year ended 31 December 2018, the Group has assessed that there is no enforceable right to payment from the customers for performance completed to date. Thus, the adoption of HKFRS 15 did not have an impact on the timing of revenue recognition for sales of properties.

Accounting for significant financing component

For contracts where the period between the payment by the customer and the transfer of the promised property or service exceeds one year, the transaction price and the amount of revenue from the sales of completed properties is adjusted for the effects of a financing component, if significant. For the year ended 31 December 2018, the Group has assessed and considered that the financing component effect is insignificant.

Accounting for costs incurred to obtain a contract

Under HKFRS 15, costs such as stamp duty and sales commissions incurred directly attributable to obtaining a contract, if recoverable, are capitalised and recorded in contract costs.

4 Financial risk management

(a) Financial risk factor

The Group's major financial instruments include cash and bank deposits, trade and other receivables, available-for-sale financial assets, trade and other payables and borrowings. Details of these financial instruments are disclosed in the respective notes. The risks associated with these financial instruments and the policies on how to mitigate these risks are set out below. The Company manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

(i) Foreign exchange risk

The Group's businesses are principally conducted in RMB, except that certain receipts of sales proceeds and borrowings are denominated in other currencies. As at 31 December 2018, the carrying amounts of the Group's foreign currency denominated monetary assets and liabilities at the respective balance sheet dates are as follows:

	31 December	
	2018	2017
	RMB'000	RMB'000
Monetary assets		
- HK\$	4,552,427	6,167,783

- EUR\$	-	15,558,800
	<u>70,632,617</u>	<u>76,564,287</u>

The following table shows the sensitivity analysis of a 5% change in RMB against the relevant foreign currencies. The sensitivity analysis includes only foreign currency denominated monetary items and adjusts their translation at the year-end for a 5% change in foreign currency rates. If there is a 5% increase/decrease in RMB against the relevant currencies, the effect of increase/(decrease) in the profit for the year is as follows:

	31 December	
	2018	2017
	RMB'000	RMB'000
5% appreciation in RMB against HK\$	611,300	908,427

	-	-
5% appreciation in RMB against Others\$	(1)	583,364
5% depreciation in RMB against Others\$	<u>1</u>	<u>(583,364)</u>

(ii) Interest rate risk

The Group's interest-bearing assets and liabilities are mainly restricted cash, cash and cash equivalents and borrowings. The Group's exposure to changes in interest rates is mainly attributable to its long term borrowings. Borrowings at variable rates expose the Group to cash flow interest-rate risk. Borrowings issued at fixed rates expose the Group to fair value interest-rate risk.

As at 31 December 2018, if interest rate on borrowings at variable rates had been 100 basis point higher/lower with all variables held constant, post-tax profit for the year ended 31 December 2018 would decrease/increase by approximately RMB154,478,965 (2017: decrease/increase by approximately RMB178,553,000), mainly as a result of more/less interest expense on borrowings at variable rates.

The Group has not used any interest rate swaps to hedge its exposure to interest rate risk.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

4 Financial risk management (Continued)

(a) Financial risk factor (Continued)

(iii) Credit risk

The Group is exposed to credit risk in relation to its trade and other receivables and cash deposits with bank.

The carrying amounts of trade and other receivables, restricted cash and cash and cash equivalents represent the Group's maximum exposure to credit risk in relation to financial assets.

Cash transactions are limited to high-credit-quality institutions. Deposits are only placed with reputable banks.

The Group has policies in place to ensure that credit sales are made to customers with an sufficient financial strength and appropriate percentage of down payment. The Group closely monitors the collection of progress payments from customers in accordance with payment schedule agreed with customers and follow up action is taken to recover overdue debts, if any.

Meanwhile, the Group has the right to cancel the contracts once repayment from the customers is in default; it also has monitoring procedures to ensure that follow-up actions are taken to recover overdue balances. In addition, the Group regularly reviews the recoverable amount of each individual trade and other receivables to ensure that adequate impairment provisions are made for irrecoverable amounts. The Group has no significant concentrations of credit risk, with exposure spread over a number of counterparties and customers.

The Group typically provides guarantees to banks in connection with the customers' borrowing of mortgage loans to finance their purchase of properties for an amount up to 70% of the total purchase price of the property. Detailed disclosure of these guarantees is made in note 33. If a purchaser defaults on the payment of its mortgage loan during the guarantee period, the bank holding the guarantee may demand the Group to repay the outstanding principal of the loan and any interest accrued thereon. Under such circumstances, the Group is able to retain the customer's deposit and resell the property to recover the amounts paid by the Group to the bank. In this regard, the directors of the Company consider that the Group's credit risk is significantly reduced.

For other receivables, management makes periodic collective assessments as well as individual assessment on the recoverability of other receivables based on historical settlement records and past experience. The directors believe that there is no material credit risk inherent in the Group's outstanding balance of other receivables.

For financial assets originated from 1 January 2018, the following credit risk modelling applies:

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Group compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forwarding-looking information. Especially the following indicators are incorporated:

- internal credit rating
- external credit rating
- actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the borrower's ability to meet its obligations
- actual or expected significant changes in the operating results of the borrower
- significant increases in credit risk on other financial instruments of the same borrower
- significant changes in the expected performance and behaviour of the borrower, including changes in the payment status of borrowers in the group and changes in the operating results of the borrower.

The Group accounts for its credit risk by appropriately providing for expected credit losses on a timely basis. In calculating the expected credit loss rates, the Group considers historical loss rates for each category of receivables and adjusts for forward looking macroeconomic data.

(iii) Credit risk (Continued)

Trade receivables and contract assets

The Group applies the simplified approach to providing for expected credit losses prescribed by HKFRS 9, which permits the use of the lifetime expected loss provision for all trade receivables and contract assets.

To measure the expected credit losses of trade receivables, trade receivables have been grouped based on shared credit risk characteristics and the days of initial recognition.

The loss allowance provision of trade receivables as at 31 December 2018 is determined as follows, the expected credit losses below also incorporate forward looking information.

	Current	Within 180 days past due	More than 180 days past due	More than 365 days past due	Total
	RMB'000	RMB'000	RMB'000	RMB'000	RMB'000
Trade receivables

Gross carrying amount	10,958,440	11,378	8,655	33,104	11,011,577
Loss allowance provision	10,958	569	866	4,966	17,359

Other receivables

Other financial assets at amortised cost include other receivables from third parties and related parties. The Group has assessed that the expected credit losses for these receivables under the 12 months expected losses method.

Management considered other receivables from third parties and related parties to be low credit risk as they have a low risk of default and a strong capacity to meet its contractual cash flow obligations in the near term.

The expected loss rate of other receivables which are deposit in nature, such as deposits for acquisition of land use right, construction projects and borrowings, is assessed to be near to zero and no loss allowance provision is made for these deposits during the period.

To measure the expected credit losses of other receivables other than deposits, other receivables excluding deposits have been grouped based on shared credit risk characteristics and the days past due.

Loss allowance provision movement

As at 31 December 2018, the loss allowance provision for trade and other receivables reconciles to the opening loss allowance for that provision as follows:

	Trade Receivables	Other receivables	Total
	RMB'000	RMB'000	RMB'000
Balance as at 31 December 2017 (under HKAS 39)	8,530	12,795	21,325

(iv) Liquidity risk

Management aims to maintain sufficient cash and cash equivalents or have available funding through an adequate amount of available financing, including proceeds from pre-sale of properties, committed credit facilities and short-term and long-term borrowings to meet its construction commitments. Due to the dynamic nature of the underlying businesses, the Group maintains flexibility in funding by maintaining adequate amount of cash and cash equivalents and through having available sources of financing.

As at 31 December 2018, the Group's total borrowings stood at RMB 111,130,616,000, decreased by RMB 22,188,845,000 compared with 31 December 2017.

In order to properly manage the group's liquidity risk and capital structure, the Group has a number of plans to mitigate the potential impacts on anticipated cash flows should there be significant adverse changes in economic environment. These include control on investment in land reserve, adjusting project development timetable to adapt the changing local real estate market environment, implementing cost control measures, promotion of sales of completed properties, accelerating sales with more flexible pricing. The Group will pursue such options based on its assessment of relevant future costs and benefits. With the aforementioned plans, the director of the Company considered the Group's liquidity risk has been controlled.

The amounts have not included financial guarantee contracts:

- which the Group could be required to settle under the arrangement for the full guaranteed amount if that amount is claimed by the counterparty to the guarantee for loans procured by the purchasers of the Group's properties (note 33). Such guarantees terminate upon the earlier of (i) issuance of the real estate ownership certificate which will generally be available within an average period of two to three years upon the completion of guarantee registration; or (ii) the satisfaction of mortgaged loan by the purchasers of properties;

The Group considers that it is more likely than not that no amount will be payable under the arrangement.

(b) Capital risk management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for equity owners and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to equity owners, issue new shares or sell assets to reduce debt.

Consistent with others in the industry, the Group monitors capital on the basis of the gearing ratio. This ratio is calculated as total borrowings divided by total assets, as shown in the consolidated balance sheets.

The gearing ratios as at 31 December 2018 and 2017 were as follows:

	31 December	
	2018	2017
	RMB'000	RMB'000
Total borrowings (Note 22)	111,130,616	133,319,461

(c) Fair value estimation

The different levels of the financial instruments carried at fair value, by valuation method, have been defined as follows:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

At 31 December 2017				
Assets				
AFS	269,675	277,947	2,050	549,672

There were no transfers among different categories during the year.

The nominal value less impairment provisions of trade and other receivables and the nominal value of trade and other payables approximate their fair value due to their short maturities. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Group for similar financial instruments.

5 Critical accounting estimates and assumptions

Estimates and judgements used in preparing the financial statements are evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that may have a significant effect on the carrying amounts of assets and liabilities within the next financial year are discussed below:

(a) Provision for properties under development and completed properties held for sale

The Group estimates property construction cost upon recognition of respective costs of sales. Such estimates are substantiated by detailed budgetary information as developed by the management, and will be assessed periodically, as the constructions progress. Should these estimates depart from their actual finalised costs, such differences would affect the accuracy of costs of sales recognised.

The Group assesses the carrying amounts of properties under development and completed properties held for sale according to their recoverable amounts based on the realisability of these properties, taking into account estimated costs to completion based on past experience and committed contracts and estimated net sales value based on prevailing market conditions. Provision is made when events or changes in circumstances indicate that the carrying amounts may not be realised. The assessment requires the use of judgement and estimates.

TIANJI HOLDING LIMITED
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

5 Critical accounting estimates and assumptions (Continued)

(b) Estimated fair value of investment properties

The best evidence of fair value is current prices in an active market for the properties with similar lease and other contracts. In the absence of such information, the Group determines the amount within a range of reasonable fair value estimates. In making its judgement, the Group considers information from a variety of sources including:

- (i) current prices in an active market for properties of different nature, condition or location (or subject to different lease or other contracts), adjusted to reflect those differences;
- (ii) recent prices of similar properties in less active markets, with adjustments to reflect any changes in economic conditions since the date of the transactions that occurred at those prices; and
- (iii) discounted cash flow projections based on reliable estimates of future cash flows, derived from the terms of any existing lease and other contracts and (where possible) from external evidence such as current market rents for similar properties in the same location and condition, and using discount rates that reflect current market assessments of the uncertainty in the amount and timing of the cash flows.
- (iv) estimated costs to completion and expected developer's profit margin, derived from the construction budget and historical information of similar properties.

The Group assesses the fair value of its investment properties based on valuations determined by independent and professional qualified valuers.

(c) PRC corporate income taxes and deferred taxation

The Group's subsidiaries that operate in the PRC are subject to income tax in the PRC. Judgement is required in determining the provision for income tax and withholding tax on unremitted earnings of PRC subsidiaries. There are many transactions and calculations for which the ultimate determination is uncertain during the ordinary course of business. Where the final tax outcome of these matters (including the effect of change in the dividend policies of PRC subsidiaries) is different from the amounts that were initially recorded, such difference will impact the income tax and deferred tax provision in the period in which such determination is made.

Deferred tax assets relating to certain temporary differences and tax losses are recognised when management considers to be probable that future taxable profit will be available against which the temporary differences or tax losses can be utilised. The outcome of their actual utilisation may be different.

(d) PRC land appreciation taxes

The Group is subject to land appreciation taxes in the PRC. However, the implementation and settlement of LAT varies among various tax jurisdictions in cities of the PRC, and the Group has not finalised its LAT calculation and payments with local tax authorities in the PRC for most of its properties projects. Accordingly, judgement is required in determining the amount of the land appreciation taxes. The Group recognised these land appreciation taxes based on management's best estimates according to the interpretation of the tax rules. The final tax outcome could be different from the amounts that were initially recorded, and these differences will impact the income tax expense and tax provisions in the periods in which such taxes have been finalised with local tax authorities.

6 Segment information

The chief operating decision-maker ("CODM") of the Group has been identified as the executive director of the Company who are responsible for reviewing the Group's internal reporting in order to assess performance and allocate resources. Management has determined the operating segments based on these reports. The Group is organised into four business segments: property development, property investment, property management and other businesses. Other businesses mainly include hotel operations. As the CODM of the Group considers most of the revenue and results of the Group are attributable to the market in the PRC, and only an immaterial part (less than 10%) of the Group's assets are located outside the PRC, no geographical segment information is presented.

The director of the Company assess the performance of the operating segments based on a measure of segment results. Fair value gains or losses on FVPL, dividend income of FVOCI/AFS, gains or losses on disposal of FVOCI/AFS and finance cost and income are not included in the result for each operating segment.

(a) Valuation processes of the Group

The Group measures its investment properties at fair value. The fair value of the Group's investment properties has been determined on the basis of valuation carried out by an independent and professionally qualified valuer.

Discussions of valuation processes and results are held between the management and the valuer at least once every six months in line with the Group's interim and annual reporting date.

(b) Valuation techniques

Valuations were based on either:

- (i) direct comparison approach is adopted assuming sale of each of these properties in its existing state with the benefit of vacant possession. By making reference to sales transactions as available in the relevant market, comparable properties in close proximity have been selected and adjustments have been made to account for the difference in factors such as location and property size.

TIANJI HOLDING LIMITED
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

9 Investment properties (Continued)

(b) Valuation techniques (Continued)

- (ii) income approach takes into account the current rents of the property interests and the reversionary potentials of the tenancies, term yield and reversionary yield are then applied respectively to derive the market value of the property.
- (iii) residual method of valuation which is commonly used in valuing development sites by establishing the market value of the properties on an “as-if” completed basis with appropriate deduction on construction costs, professional fees, contingency, marketing and legal cost, and interest payments to be incurred, anticipated developer’s profits, as well as land acquisition costs.

There were no changes to the valuation techniques during the year.

(c) Information about fair value measurements using significant unobservable inputs (level 3) (Continued)

	Property Category	Fair value as at 31 December 2017	Valuation techniques	Unobservable inputs	Range of unobservable inputs
Completed investment properties	Commercial properties	3,963,900	Income capitalisation	Terminal yield	5.00%-6.00%
				Reversionary yield	5.00%-6.00%
				Capitalisation rate	5.00%-5.50%
				Expected vacancy rate	0.00%-15.00%
				Monthly rental (RMB/ square meter /month)	49-670
		16,777,620	Direct comparison	Market price (RMB/square meter)	6,364-44,000
	Car park	7,398,400	Direct comparison	Market price (RMB/square meter)	80,000-430,000
Investment properties under construction	Commercial properties	1,946,700	Residual method	Market price (RMB/square meter)	7,900-20,400
				Budgeted cost (RMB/ square meter)	1,681-4,728

				Market price (RMB/per car park)	130,900
				Budgeted cost (RMB/square meter)	688
				Anticipated developer's profit margin	2.00%

Relationship of unobservable inputs to fair value:

- The higher terminal and reversionary yield, the lower fair value;
- The higher capitalisation rate, the lower fair value;
- The higher expected vacancy, the lower fair value;
- The higher monthly rental, the higher fair value;
- The higher market price, the higher fair value;
- The higher budgeted construction cost to be incurred, the lower fair value;
- The higher the anticipated developer's profit margin, the lower fair value.

During the year ended 31 December 2018, loss of provision of RMB4,538,000 (2017: RMB8,530,000) was made against the gross amount of trade receivables (note 4(a)(iii)).

Trade receivables mainly arose from sales of properties. Proceeds in respect of sales of properties are to be received in accordance with the terms of the related sales and purchase agreements.

The ageing analysis of trade receivables based on revenue recognition date as at the respective balance sheet dates is as follows:

	31 December	
	2018	2017
	RMB'000	RMB'000
Within 90 days	9,135,760	1,263,960

On 6 November 2018, the Group has issued 13.0% four-year senior notes with an aggregated principal amount of US\$645,000,000 (equivalent to approximately RMB4,419,000,000) at 100% of the face value, and 13.75% five-year senior notes with an aggregated principal amount of US\$590,000,000 (equivalent to approximately RMB4,042,000,000) at 100% of the face value ("2018 issued 2023 Notes").

The above senior notes are jointly guaranteed by certain subsidiaries and secured by pledges of the shares of these subsidiaries.

(b) Other borrowings

Certain group companies in the PRC which are engaged in development of real estate projects have entered into fund arrangements with certain financial institutions (the "Trustees"), respectively, pursuant to which Trustees raised trust funds and injected the funds to the group companies. All the funds bear fixed interest rates and have fixed repayment terms.

As at 31 December 2018, the Group's other borrowings of RMB18,993,760,543 (2017: RMB25,505,275,000) were secured by pledge of the Group's property, plant and equipment, land use rights, investment properties, properties under development, completed properties held for sale, cash in bank and equity interest of certain subsidiaries, totalling RMB16,343,407,693 (2017: RMB24,106,318,000).

(c) Bank borrowings

As at 31 December 2018, the Group's bank borrowings of RMB71,113,015,000 (2017: RMB103,499,427,000) were secured by pledge of the Group's property, plant and equipment, land use rights, investment properties, properties under development, completed properties held for sale, cash in bank and equity interests of certain subsidiaries, totalling RMB48,026,569,000 (2017: RMB94,110,513,000).

(a) Expenses not deductible for tax purpose for the year ended 31 December 2018 mainly comprised: (i) the cost of land premium without official invoices resulted from the land acquisitions through acquisitions of companies; and (ii) exchange losses and expenses incurred by offshore group companies.

Hong Kong profits tax

Hong Kong profits tax has been provided at the rate of 16.5% (2017: 16.5%) on the estimated assessable profit for the current period in respect of operations in Hong Kong. (2017: the estimated assessable profit for the current period in respect of operations in Hong Kong).

PRC corporate income tax

The income tax provision of the Group in respect of operations in Mainland China has been calculated at the applicable tax rate of 25% (2017: 25%) on the estimated assessable profits for the year, based on the existing legislation, interpretations and practices in respect thereof.

PRC withholding income tax

According to the new Corporate Income Tax Law of the PRC, starting from 1 January 2008, a withholding tax of 10% will be levied on the immediate holding companies outside the PRC when their PRC subsidiaries declare dividend out of profits earned after 1 January 2008. A lower 5% withholding tax rate may be applied when the immediate holding companies of the PRC subsidiaries are established in Hong Kong according to the tax treaty arrangements between the PRC and Hong Kong.

PRC land appreciation tax

PRC land appreciation tax is levied at progressive rates ranging from 30% to 60% on the appreciation of land value, being the proceeds of sales of properties less deductible expenditures including land use rights and all property development expenditures.

OPINION

What we have audited

The consolidated financial statements of Tianji Holding Limited (the “Company”) and its subsidiaries (the “Group”) set out on pages 4 to 70, which comprise:

- the consolidated balance sheet as at 31 December 2017;
- the consolidated statement of comprehensive income for the year then ended;
- the consolidated statement of changes in equity for the year then ended;
- the consolidated statement of cash flows for the year then ended; and
- the notes to the consolidated financial statements, which include a summary of significant accounting policies.

Our opinion

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2017, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing (“HKSAs”) issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Group in accordance with the HKICPA’s Code of Ethics for Professional Accountants (the “Code”), and we have fulfilled our other ethical responsibilities in accordance with the Code.

OTHER INFORMATION

The director of the Company is responsible for the other information. The other information comprises the information included in the director's report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF THE DIRECTOR AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The director of the Company is responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the Hong Kong Companies Ordinance, and for such internal control as the director determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the director is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the director either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. We report our opinion solely to you, as a body, in accordance with Section 405 of the Hong Kong Companies Ordinance and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the director.
- Conclude on the appropriateness of the director's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1 General information

Tianji Holding Limited (the “Company”) was incorporated in the Hong Kong on 19 May 2009 as an exempted company with limited liability and is engaged in investment holding. The Company and its subsidiaries (the “Group”) are principally engaged in the property development, property investment, property management, hotel and other property development related services in the People’s Republic of China (the “PRC”). The address of its registered office is at 20/F Alexandra House, 18 Charter Road, Central, Hongkong and its principal place of business is Hong Kong.

These consolidated financial statements are presented in Renminbi Yuan (“RMB”) thousands, unless otherwise stated. These consolidated financial statements have been approved for issue by the director of the Company on 28 April 2018.

2 Summary of significant accounting policies

The principal accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) *Basis of preparation*

These consolidated financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) and requirements of the Hong Kong Companies ordinance Cap. 622. The consolidated financial statements have been prepared under the historical cost convention, as modified by the revaluation of available-for-sale financial assets and investment properties, which are carried at fair value.

The preparation of financial statements in conformity with the HKFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group’s accounting policies.

(i) *New and amended standards adopted by the Group*

The following amendments to standards are mandatory for the Group’s financial year beginning on 1 January 2017. The adoption of these amended standards does not have any significant impact to the results and financial position of the Group.

The amendments to HKAS 7 require disclosure of changes in liabilities arising from financing activities, see note 30(b).

HKAS 7 (Amendments)	Statement of cash flows
HKAS 12 (Amendments)	Income tax
HKFRS 12 (Amendments)	Disclosure of interest in other entities

(ii) *New standards and amendments to standards that have been issued but are not effective*

The following new standards and amendments to standards have been issued but are not effective for the financial year beginning on 1 January 2017 and have not been early adopted by the Group:

HKFRS 15	Revenue from Contracts with Customers ¹
HKFRS 9	Financial Instruments ¹
HKFRS 16	Leases ²
HKFRS 2 (Amendment)	Classification and Measurement of Share-based Payment Transactions ¹
HKFRS 4 (Amendment)	Applying HKFRS 9 Financial Instruments with HKFRS 4 Insurance Contracts ¹
HKAS 28 (Amendment)	Investments in Associates and Joint Ventures ¹
HKFRS 40 (Amendment)	Investments in Investment property ¹
HK (IFRIC) 22	Foreign Currency Transactions and Advance Consideration ¹
HK (IFRIC) 23	Uncertainty over Income Tax Treatments ²
HKFRS 17	Insurance contracts ²
HKFRS 10 and HKAS 28 (Amendments)	Sale or contribution of assets between an investor and its associate or joint venture ³

¹ Effective for annual periods beginning on or after 1 January 2018.

² Effective for annual periods beginning on or after 1 January 2019.

³ Effective date is to be determined by the International Accounting Standard Board.

The Group has already commenced an assessment of the impact of these new or revised standards and amendments, certain of which are relevant to the Group's operations.

HKFRS 15

The HKICPA has issued a new standard for the recognition of revenue. This will replace HKAS 18 which covers contracts for goods and services and HKAS 11 which covers construction contracts and the related literature.

The new standard is based on the principle that revenue is recognised when control of a good or service transfers to a customer.

The standard permits either a full retrospective or a modified retrospective approach for the adoption.

The Group has assessed the effects of applying the new standard on the Group's financial statements and has identified the following areas that will be affected:

- Revenue from pre-sales of properties under development in the PRC is recognised when or as the control of the asset is transferred to the customer. Depending on the terms of the contract and laws that apply to the contract, control of the properties under development may be transferred over time or at a point in time.

- The timing of revenue recognition for sale of completed properties, which is currently based on whether significant risk and reward of ownership of properties has been transferred, will be recognised at a later point in time when the underlying property is legally or physically transferred to the customer under the control transfer model.
- The Group currently offers different payment schemes to customers, the transaction price and the amount of revenue for the sale of property will be adjusted when significant financial component exists in that contract.
- The Group provides different incentives to customers when they sign a property sale contract. Certain incentives (e.g. free gift and property management service) represents separate performance obligation in a contract. Part of the consideration of the contract will be allocated to those performance obligations and recognised as revenue only when performance obligation is satisfied. The amount of revenue for the sale of property will also be reduced for any cash payment to customer which does not represent fair value of good or service provided by the customer.
- Certain costs incurred for obtaining a pre-sale property contract, which is currently expensed off in profit and loss directly, will be eligible for capitalisation under HKFRS 15 and match with revenue recognition pattern of related contract in the future.

The Group intends to adopt the standard on all uncompleted contracts as at 1 January 2018 using the modified retrospective approach which means that the cumulative impact of the adoption will be recognised in retained earnings as of 1 January 2018 and that comparatives will not be restated.

At this stage, the Group is not able to estimate the impact of the new rules on the Group's financial statements. The Group will make more detailed assessments of the impact over the next few months.

HKFRS 15 is mandatory for financial years commencing on or after 1 January 2018. The Group does not intend to adopt the standard before its effective date.

HKFRS 9

HKFRS 9 addresses the classification, measurement and derecognition of financial assets and financial liabilities, introduces new rules for hedge accounting and a new impairment model for financial assets.

While the Group has yet to undertake a detailed assessment, the Group's financial assets currently classified as available-for-sale (AFS) would appear to satisfy the conditions for classification as fair value through other comprehensive income (FVOCI) and hence there will be no change to the accounting for these assets. And the Group expects that its financial assets currently measured at amortised cost and fair value through profit or loss will continue with their respective classification and measurements.

There will be no impact on the Group's accounting for financial liabilities, as the new requirements only affect the accounting for financial liabilities that are designated at fair value through profit or loss and the Group does not have any such liabilities. The derecognition rules have been transferred from HKAS 39 Financial Instruments: Recognition and Measurement and have not been changed.

The new impairment model requires the recognition of impairment provisions based on expected credit losses (ECL) rather than only incurred credit losses as is the case under HKAS 39. It applies to financial assets classified at amortised cost, debt instruments measured at FVOCI, contract assets under HKFRS 15 Revenue from Contracts with Customers, lease receivables, loan commitments and certain financial guarantee contracts. While the Group has not yet undertaken a detailed assessment of how its impairment provisions would be affected by the new model, it may result in an earlier recognition of credit losses.

The new standard also introduces expanded disclosure requirements and changes in presentation. These are expected to change the nature and extent of the Group's disclosures about its financial instruments particularly in the year of the adoption of the new standard.

HKFRS 9 must be applied for financial years commencing on or after 1 January 2018. Based on the transitional provisions in the completed HKFRS 9, early adoption in phases was only permitted for annual reporting periods beginning before 1 February 2015. After that date, the new rules must be adopted in their entirety. The Group does not intend to adopt HKFRS 9 before its mandatory date.

HKFRS 16

The Group is a lessee of certain offices and buildings, which are currently accounted for as operating leases under HKAS 17. Under HKFRS 16, lessees are required to recognise a lease liability reflecting future lease payments and a right-of-use asset for all lease contracts in the balance sheet. Lessees will also have to present interest expense on the lease liability and depreciation on the right-of-use asset in the income statement. In comparison with operating leases under HKAS 17, this will change not only the allocation of expenses but also the total amount of expenses recognised for each period of the lease term. The combination of a straight-line depreciation of the right-of-use asset and the effective interest rate method applied to the lease liability will result in a higher total charge to profit or loss in the initial years of the lease, and decreasing expenses during the latter part of the lease term. The new standard has included an optional exemption for certain short-term leases and leases of low-value assets. This exemption can only be applied by lessees. The Group is expected to apply the new standard starting from the financial year beginning on 1 January 2019.

(b) Consolidation

(i) Subsidiaries

Subsidiaries are entities (including a structured entity) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

Intra-group transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated. When necessary, amounts reported by subsidiaries have been adjusted to conform with the Group's accounting policies.

(ii) *Business combinations*

The Group applies the acquisition method to account for business combinations. The consideration transferred for the acquisition of a subsidiary is the fair values of the assets transferred, the liabilities incurred to the former owners of the acquiree and the equity interests issued by the group. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date.

The Group recognises any non-controlling interest in the acquiree on an acquisition-by-acquisition basis. Non-controlling interests in the acquiree that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation are measured at either fair value or the present ownership interests' proportionate share in the recognised amounts of the acquiree's identifiable net assets. All other components of non-controlling interests are measured at their acquisition date fair value, unless another measurement basis is required by HKFRS.

Acquisition-related costs are expensed off as incurred.

If the business combination is achieved in stages, the acquisition date carrying value of the acquirer's previously held equity interest in the acquiree is re-measured to fair value at the acquisition date; any gains or losses arising from such re-measurement are recognised in profit or loss.

Any contingent consideration to be transferred by the Group is recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration that is deemed to be an asset or liability is recognised in accordance with HKAS 39 in profit or loss. Contingent consideration that is classified as equity is not remeasured, and its subsequent settlement is accounted for within equity.

The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the identifiable net assets acquired is recorded as goodwill. If the total of consideration transferred, non-controlling interest recognised and previously held interest measured is less than the fair value of the net assets of the subsidiary acquired in the case of a bargain purchase, the difference is recognised directly in the income statement.

(iii) *Changes in ownership interests in subsidiaries without change of control*

Transactions with non-controlling interests that do not result in a loss of control are accounted for as equity transactions — that is, as transactions with the owners of the subsidiary in their capacity as owners. The difference between fair value of any consideration paid and the relevant share acquired of the carrying amount of net assets of the subsidiary is recorded in equity. Gains or losses on disposals to non-controlling interests are also recorded in equity.

(iv) *Disposal of subsidiaries*

When the Group ceases to have control, any retained interest in the entity is re-measured to its fair value at the date when control is lost, with the change in carrying amount recognised in profit or loss. The fair value is the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised in other comprehensive income in

respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to profit or loss.

(v) *Investments in subsidiaries*

In the Company's statement of financial position, the investments in subsidiaries are accounted for at cost less impairment. Cost includes direct attributable costs of investment. The results of subsidiaries are accounted for by the Company on the basis of dividend received and receivable.

Impairment testing of the investments in subsidiaries is required upon receiving a dividend from these investments if the dividend exceeds the total comprehensive income of the subsidiary in the period the dividend is declared or if the carrying amount of the investment in the separate financial statements exceeds the carrying amount in the consolidated financial statements of the investee's net assets including goodwill.

(c) *Associates*

An associate is an entity over which the Group has significant influence but not control, generally accompanying a shareholding of between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting. Under the equity method, the investment is initially recognised at cost, and the carrying amount is increased or decreased to recognise the investor's share of the profit or loss of the investee after the date of acquisition. The Group's investments in associates include goodwill identified on acquisition. Upon the acquisition of the ownership interest in an associate, any difference between the cost of the associate and the Group's share of the net fair value of the associate's identifiable assets and liabilities is accounted for as goodwill.

If the ownership interest in an associate is reduced but significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income is reclassified to profit or loss where appropriate.

The Group's share of post-acquisition profit or loss is recognised in the income statement, and its share of post-acquisition movements in other comprehensive income is recognised in other comprehensive income with a corresponding adjustment to the carrying amount of the investment. When the Group's share of losses in an associate equals or exceeds its interest in the associate, including any other unsecured receivables, the Group does not recognise further losses, unless it has incurred legal or constructive obligations or made payments on behalf of the associate.

The Group determines at each reporting date whether there is any objective evidence that the investment in the associate is impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate and its carrying value and recognises the amount adjacent to 'share of post-tax loss of associates' in the income statement.

Profits and losses resulting from upstream and downstream transactions between the Group and its associate are recognised in the Group's financial statements only to the extent of unrelated investor's interests in the associates. Unrealised losses are eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of associates have been changed where necessary to ensure consistency with the policies adopted by the Group.

Gain or losses on dilution of equity interest in associates are recognised in the income statement.

(d) *Joint arrangements*

The Group has applied HKFRS 11 to all joint arrangements. Under HKFRS 11 investments in joint arrangements are classified as either joint operations or joint ventures depending on the contractual rights and obligations of each investor. The Group has assessed the nature of its joint arrangements and determined them to be joint ventures. Joint ventures are accounted for using the equity method.

Under the equity method of accounting, interests in joint ventures are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses and movements in other comprehensive income. The Group's investments in joint ventures include goodwill identified on acquisition. Upon the acquisition of the ownership interest in a joint venture, any difference between the cost of the joint venture and the Group's share of the net fair value of the joint venture's identifiable assets and liabilities is accounted for as goodwill. When the Group's share of losses in a joint venture equals or exceeds its interests in the joint ventures (which includes any long-term interests that, in substance, form part of the Group's net investment in the joint ventures), the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the joint ventures.

Unrealised gains on transactions between the Group and its joint ventures are eliminated to the extent of the Group's interest in the joint ventures. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of the joint ventures have been changed where necessary to ensure consistency with the policies adopted by the Group.

(e) *Segment reporting*

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker (CODM). The CODM who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the executive directors that makes strategic decisions.

(f) *Foreign currency translation*

(i) *Functional and presentation currency*

Items included in the financial statements of each group entities are measured using the currency of the primary economic environment in which the entities operate (the "functional currency"). The consolidated financial statements are presented in RMB, which is the functional and presentation currency of the Company.

(ii) *Transactions and balances*

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are re-measured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the consolidated statement of comprehensive income, except when deferred in equity as qualifying cash flow hedges and qualifying net investment hedges.

Foreign exchange gain and losses that relate to borrowings denominated in foreign currencies are presented in the consolidated statement of comprehensive income within 'finance income/(costs), net'. All other foreign exchange gain and losses are presented in the consolidated statement of comprehensive income within other income or other expenses.

(iii) *Group entities*

The results and financial positions of the Group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- assets and liabilities for each balance sheet of the Group entities are translated at the closing rate at the date of that balance sheet;
- income and expenses for each income statement of the Group entities are translated at average exchange rates; and
- all resulting exchange differences are recognised as a separate component of equity.

On consolidation, exchange differences arising from the translation of the net investment in foreign operations are taken into holders' equity. When a foreign operation is partially disposed of or sold, exchange differences that were recorded in equity are recognised in the income statement as part of the gain or loss on sale.

(g) *Property, plant and equipment*

Property, plant and equipment are stated at historical cost less depreciation and any impairment loss. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are recognised in profit or loss during the period in which they are incurred.

Depreciation on property, plant and equipment is calculated using the straight-line method to allocate their cost to their residual values over their estimated useful lives, as follows:

Buildings	20–30 years
Machinery	5–10 years
Transportation equipment	5–10 years
Furniture, fitting and equipment	5–10 years

The assets' residual values and useful lives are reviewed and adjusted if appropriate, at each balance sheet date.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised within other (losses)/gains, in the statement of comprehensive income.

Assets under construction are stated at historical cost less impairment losses. Historical cost includes expenditure that is directly attributable to the development of the assets which comprises construction costs, amortisation of land use rights, borrowing costs and professional fees incurred during the development period. On completion, the assets are transferred to buildings within property, plant and equipment.

No depreciation is provided for assets under construction. The carrying amount of an asset under construction is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

(h) *Investment properties*

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Group, is classified as investment property. Properties and land use right that are currently being constructed or developed for future use as investment property is classified as investment property.

Investment property is measured initially at its cost, including related transaction costs.

After initial recognition, investment property is carried at fair value. Where fair value of investment property under construction is not reliably measurable, the property is measured at cost until the earlier of the date construction is completed or the date at which fair value becomes reliably measurable. Fair value is based on active market prices, adjusted, if necessary, for any difference in the nature, location or condition of the specific asset. If this information is not available, the Group uses alternative valuation methods such as recent prices on less active markets or discounted cash flow projections.

Subsequent expenditure is charged to the asset's carrying amount only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance costs are recognised in profit or loss during the financial period in which they are incurred.

Changes in fair values of investment property are recognised in profit or loss.

If an investment property becomes owner-occupied or commences to be further developed for sale, it is reclassified as property, plant and equipment and land use right or properties under development, and its fair value at the date of change in use becomes its cost for accounting purposes.

If an item of property, plant and equipment becomes an investment property because its use has changed, any difference resulting between the carrying amount and the fair value of this item at the date of transfer is recognised in equity as a revaluation of property, plant and equipment under HKAS 16. However, if a fair value gain reverses a previous impairment loss, the gain is recognised in profit or loss to the extent the impairment provision previous made.

(i) *Intangible asset*

Acquired computer software licenses are capitalised on the basis of the costs incurred to acquire and bring to use the specific software. These costs are amortised over their estimated useful lives of three to ten years.

(j) *Impairment of non-financial assets*

Intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment. Assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purpose of assessing impairment, assets are grouped at the

lowest levels for which there are separately identifiable cash flows (“cash-generating unit”). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date.

(k) Financial assets

(i) Classification

The Group classifies its financial assets as financial assets at fair value through profit or loss, loans and receivables, and available-for-sale financial assets. The classification depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition.

Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss are financial assets held for trading. A financial asset is classified in this category if acquired principally for the purpose of selling in the short term. Derivatives are also categorized as held for trading unless they are designated as hedges. Assets in this category are classified as current assets if expected to be settled within 12 months; otherwise, they are classified as non-current.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for those with maturities greater than 12 months after the balance sheet date which are classified as non-current assets. Loans and receivables are classified as ‘trade and other receivables’ and ‘cash and cash equivalents’ in the balance sheet.

Available-for-sale financial assets

Available-for-sale financial assets are non-derivatives that are either designated in this category or not classified in any of the other categories. They are included in non-current assets unless the investment matures or management intends to dispose of it within 12 months of the end of the reporting period.

(ii) Recognition and measurement

Regular way purchases and sales of financial assets are recognised on the trade-date — the date on which the Group commits to purchase or sell the asset. Investments are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets are derecognised when the rights to receive cash flows from the investments have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership. Available-for-sale financial assets are subsequently carried at fair value. Loans and receivables are subsequently carried at amortised cost using the effective interest method.

Gains or losses arising from changes in the fair value of the ‘financial assets at fair value through profit or loss’ category are presented in the income statement within ‘fair value gain on financial assets at fair value through profit or loss’ in the period in which they arise. Dividend income from financial assets at fair value through profit or loss is recognised in the income statement as part of other income when the group’s right to receive payments is established.

Changes in the fair value of monetary and non-monetary securities classified as available for sale are recognised in other comprehensive income.

When securities classified as available for sale are sold or impaired, the accumulated fair value adjustments recognised in equity are included in the profit or loss.

Dividends on available-for-sale equity instruments are recognised in the profit or loss when the Group's right to receive payments is established.

(iii) *Offsetting financial instruments*

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the company or the counterparty.

(I) *Impairment of financial assets*

(i) *Assets carried at amortised cost*

The Group assesses at the end of each reporting period whether there is objective evidence that a financial asset or group of financial assets is impaired. A financial asset or a group of financial assets is impaired and impairment losses are incurred only if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated.

Evidence of impairment may include indications that the debtors or a group of debtors is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganisation, and where observable data indicate that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults.

For loans and receivables category, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate. The carrying amount of the asset is reduced and the amount of the loss is recognised in the consolidated statement of comprehensive income. If a loan or held- to-maturity investment has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract. As a practical expedient, the Group may measure impairment on the basis of an instrument's fair value using an observable market price.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised (such as an improvement in the debtor's credit rating), the reversal of the previously recognised impairment loss is recognised in the consolidated statement of comprehensive income.

(ii) *Assets classified as available for sale*

The Group assesses at the end of each reporting period whether there is objective evidence that a financial asset or a group of financial assets is impaired. For equity investments classified as available for sale, a significant or prolonged decline in the fair value of the security below its cost is also evidence that the assets are impaired. If any such evidence exists, the cumulative loss — measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in profit or loss — is removed from equity and recognised in profit or loss. Impairment losses recognised in profit or loss on equity instruments are not reversed through profit or loss.

(m) *Properties under development*

Properties under development are stated at the lower of cost and net realisable value. Net realisable value takes into account the price ultimately expected to be realised, less applicable variable selling expenses and anticipated cost to completion.

Development cost of property comprises mainly construction costs, cost of land use rights, borrowing costs, and professional fees incurred during the development period. On completion, the properties are transferred to completed properties held for sale.

Properties under development are classified as current assets unless those will not be realised in one normal operating cycle.

(n) *Completed properties held for sale*

Completed properties remaining unsold at the end of each relevant year are stated at the lower of cost and net realisable value.

Cost comprises development costs attributable to the unsold properties.

Net realisable value is determined by reference to the estimated selling price in the ordinary course of business, less applicable estimated selling expenses to make the sale.

(o) *Inventories*

Inventories are stated at the lower of cost and net realisable value. Cost is determined using the weighted average method. The cost of finished goods and work in progress comprises, raw materials, direct labour, other direct costs and related production overheads (based on normal operating capacity). It excludes borrowing costs. Net realisable value is the estimated selling price in the ordinary course of business, less applicable variable selling expenses.

(p) *Trade and other receivables*

Trade receivables are amounts due from customers for properties sold or services performed in the ordinary course of business. If collection of trade and other receivables is expected in one year or less (or in the normal operating cycle of the business if longer), they are classified as current assets. If not, they are presented as non-current assets.

Trade and other receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

(q) *Cash and cash equivalents*

Cash and cash equivalent includes cash in hand and at banks and deposits held at call with banks, other short-term high liquidity investment with original maturities of three months or less.

Bank deposits which are restricted to use are classified as “restricted cash”. Restricted cash are excluded from cash and cash equivalents in the cash flow statements.

(r) *Share capital*

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new share or options are shown in equity as a deduction, net of tax, from the proceeds.

(s) *Trade and other payables*

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current liabilities.

Trade and other payables are recognised initially at fair value and subsequently measured at amortised cost using effective interest method.

(t) *Borrowings*

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in profit or loss over the period of the borrowings using the effective interest method.

Fees paid to the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that part or all of the facility will be drawn down. In this case, the fee is deferred until the draw-down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a pre-payment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the respective balance sheet date.

(u) *Borrowing costs*

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are recognised as an expense in the period in which they are incurred.

Borrowing costs include interest expense, and exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs. The exchange gains and losses that are an adjustment to interest costs include the interest rate differential between borrowing costs that would be incurred if the entity had borrowed funds in its functional currency, and the borrowing costs actually incurred on foreign currency borrowings. Such amounts are estimated based on forward currency rates at the inception of the borrowings.

When the construction of the qualifying assets takes more than one accounting period, the amount of foreign exchange differences eligible for capitalisation is determined for each annual period and are limited to the difference between the hypothetical interest amount for the functional currency borrowings and the actual interest incurred for foreign currency borrowings. Foreign exchange differences that did not meet the criteria for capitalisation in previous years should not be capitalised in subsequent years.

(v) *Current and deferred income tax*

The tax expense for the period comprises current and deferred tax. Tax is recognised in the profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case the tax is also recognised in other comprehensive income or directly in equity, respectively.

(i) *Current income tax*

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the balance sheet date in the countries where the Group's entities operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

(ii) *Deferred income tax*

Inside basis differences

Deferred income tax is recognised, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, the deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using the tax rates that have been enacted or substantially enacted by the balance sheet date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Outside basis differences

Deferred income tax liabilities are provided on taxable temporary differences arising from investments in subsidiaries, associate and joint ventures, except for deferred income tax liability where the timing of the reversal of the temporary difference is controlled by the Group and it is probable that the temporary difference will not reverse in the foreseeable future. Generally the Group is unable to control the reversal of the temporary difference for its associate, only where there is an agreement in place that gives the Group the ability to control the reversal of the temporary difference not recognised.

Deferred income tax assets are recognised on deductible temporary differences arising from investments in subsidiaries, associates and joint ventures only to the extent that it is probable the temporary difference will reverse in the future and there is sufficient taxable profit available against which the temporary difference can be utilised.

(iii) *Offsetting*

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income tax assets and liabilities relate to income taxes levied by the same taxation authority on either the taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

(w) ***Employee benefits***

(i) *Employee leave entitlements*

Employee entitlements to annual leave and long service leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave and long service leave as a result of services rendered by employees up to the balance sheet date.

Employee entitlements to sick leave and maternity leave are not recognised until the time of leave.

(ii) *Retirement benefits*

In accordance with the rules and regulations in the PRC, the PRC based employees of the Group participate in various defined contribution retirement benefit plans organised by the relevant municipal and provincial governments in the PRC under which the Group and the PRC based employees are required to make monthly contributions to these plans calculated at a percentage of the employees' salaries.

The municipal and provincial governments undertake to assume the retirement benefit obligations of all existing and future retired PRC based employees' payable under the plans described above. Other than the monthly contributions, the Group has no further obligation for the payment of retirement and other post retirement benefits of its employees. The assets of these plans are held separately from those of the Group in independently administrated funds managed by the PRC government.

The Group also participates in a pension scheme under the rules and regulations of the Mandatory Provident Fund Scheme Ordinance ("MPF Scheme") for all employees in Hong Kong, which is a defined contribution retirement scheme. The contributions to the MPF Scheme are based on minimum statutory contribution requirement of 5% of eligible employees' relevant aggregate income. The assets of this pension scheme are held separately from those of the Group in independently administered funds.

The Group's contributions to the defined contribution retirement schemes are expensed as incurred.

(iii) *Termination benefits*

Termination benefits are payable when employment is terminated before the normal retirement date, or whenever an employee accepts voluntary redundancy in exchange for these benefits. The Group recognises termination benefits when it is demonstrably committed to either: terminating the employment of current employees according to a detailed formal plan without possibility of withdrawal; or providing termination benefits as a result of an offer made to encourage voluntary redundancy. Benefits falling due more than 12 months after balance sheet date are discounted to present value.

(x) *Provisions and contingent liabilities*

Provisions are recognised when: the Group has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of the expenditures expected to be required to settle the obligation using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognised as interest expense.

A contingent liability is a possible obligation that arises from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group. It can also be a present obligation arising from past events that is not recognised because it is not probable that outflow of economic resources will be required or the amount of obligation cannot be measured reliably.

A contingent liability is not recognised but is disclosed in the notes to the financial statements. When a change in the probability of an outflow occurs so that outflow is probable, it will then be recognised as a provision.

(y) *Revenue recognition*

Revenue comprises the fair value of the consideration received or receivable for the sales of properties and services in the ordinary course of the Group's activities. Revenue is shown, net of discount and after eliminated sales with the group entities.

The Group recognises revenue when the amount of revenue can be reliably measured, it is probably that future economic benefits will flow to the entity and specific criteria have been met for each of the Group's activities as described below. The group bases its estimates of return on historical results, taking into consideration the type of customers, the type of transactions and the specifics of each arrangement.

(i) *Sales of properties*

Revenue from sales of properties is recognised when the risks and rewards of properties are transferred to the purchasers, which is when the construction of relevant properties has been completed and the properties have been delivered to the purchasers and collectability of related receivables is reasonably assured. To the extent that the Group has to perform further work on the properties already delivered to the purchasers, the relevant expenses shall be recognised simultaneously. Deposits and installments received on properties sold prior to the date of revenue recognition are included in the balance sheets under current liabilities.

(ii) *Property management*

Revenue arising from property management is recognised in the accounting period in which the services are rendered, using a straight-line basis over the term of the contract.

(iii) *Hotel operations*

Hotel revenue from room rentals, food and beverage sales and other ancillary services are recognised when the goods are delivered or services are rendered.

(iv) *Interest income*

Interest income is recognised on a time-proportion basis using the effective interest method. When a receivable impaired, the Group reduces the carrying amount to its recoverable amount, being the estimated future cashflow discounted at original effective interest rate of the instrument, and continues unwinding the discount as interest income. Interest income on impaired loans is recognised using the original effective interest rate.

(v) *Rental income*

Rental income of property leasing under operating leases is recognised on a straight-line basis over the lease terms.

(vi) *Dividend income*

Dividend income is recognised when the right to receive payment is established.

(z) *Leases*

Leases where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases.

(i) *The Group is the lessee other than operating lease of land use rights*

Payments made under operating leases (net of any incentives received from the lessor), are charged to the consolidated statement of comprehensive income on a straight-line basis over the period of the lease.

(ii) *The Group is the lessee under operating lease of land use rights*

Land use rights under operating lease, which mainly comprised land use rights to be developed for hotel properties and self-use buildings, are stated at cost and subsequently amortised in the consolidated statement of comprehensive income on a straight-line basis over the operating lease periods, less accumulated impairment provision.

(iii) *The Group is the lessor*

Assets leased out under operating leases are included in investment properties in the balance sheets.

(aa) *Dividend distribution*

Dividend distribution to the equity holders of the Company is recognised as a liability in the Group's and the Company's financial statements in the period in which the dividends are approved by the equity holders or the director, where appropriate.

(ab) *Financial guarantee liabilities*

Financial guarantee liabilities are recognised in respect of the financial guarantee provided by the Group to the banks for property purchasers.

Financial guarantee liabilities are recognised initially at fair value plus transaction costs that are directly attributable to the issue of the financial guarantee liabilities. After initial recognition, such liabilities are measured at the higher of the present value of the best estimate of the expenditure required to settle the present obligation and the amount initially recognised less cumulative amortisation of fees recognised.

Financial guarantee liabilities are derecognised from the balance sheet when, and only when, the obligation specified in the contract is discharged or cancelled or expired.

3 Financial risk management

(a) Financial risk factor

The Group's major financial instruments include cash and bank deposits, trade and other receivables, available-for-sale financial assets, trade and other payables and borrowings. Details of these financial instruments are disclosed in the respective notes. The risks associated with these financial instruments and the policies on how to mitigate these risks are set out below. The Company manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

(i) Foreign exchange risk

The Group's businesses are principally conducted in RMB, except that certain receipts of sales proceeds and borrowings are denominated in other currencies. As at 31 December 2017, the carrying amounts of the Group's foreign currency denominated monetary assets and liabilities at the respective balance sheet dates are as follows:

	31 December	
	2017	2016
	RMB'000	RMB'000
Monetary assets		
— HK\$	6,167,783	420,748
— US\$	322,850	522,528
— EUR\$	2,433	—
	<u>6,493,066</u>	<u>943,276</u>
Monetary liabilities		
— HK\$	30,392,513	12,919,569
— US\$	30,612,974	14,666,787
— EUR\$	15,558,800	6,104,199
	<u>76,564,287</u>	<u>33,690,555</u>

The following table shows the sensitivity analysis of a 5% change in RMB against the relevant foreign currencies. The sensitivity analysis includes only foreign currency denominated monetary items and adjusts their translation at the year-end for a 5% change in foreign currency rates. If there is a 5% increase/decrease in RMB against the relevant currencies, the effect of increase/(decrease) in the profit for the year is as follows:

	31 December	
	2017	2016
	RMB'000	RMB'000
5% appreciation in RMB against HK\$	908,427	468,706
5% depreciation in RMB against HK\$	(908,427)	(468,706)
5% appreciation in RMB against US\$	1,135,880	530,410
5% depreciation in RMB against US\$	(1,135,880)	(530,410)
5% appreciation in RMB against EUR\$	583,364	228,907
5% depreciation in RMB against EUR\$	(583,364)	(228,907)

(ii) *Price risk*

The Group is exposed to equity securities price risk in connection with the available-for-sale financial assets held by the Group, which are publicly traded in stock exchange. The Group closely monitors the fluctuation of the price and assesses the impact on the Group's financial statements. If the price of equity securities the Group invested had been 5% higher/lower, other comprehensive income for the year ended 31 December 2017 would have been approximately RMB10,113,000 higher/lower (2016: RMB9,978,000 higher/lower), as a result of more/less fair value gain on available-for-sale financial assets.

(iii) *Interest rate risk*

The Group's interest-bearing assets and liabilities are mainly restricted cash, cash and cash equivalents and borrowings. The Group's exposure to changes in interest rates is mainly attributable to its long term borrowings. Borrowings at variable rates expose the Group to cash flow interest-rate risk. Borrowings issued at fixed rates expose the Group to fair value interest-rate risk.

As at 31 December 2017, if interest rate on borrowings at variable rates had been 100 basis point higher/lower with all variables held constant, post-tax profit for the year ended 31 December 2017 would decrease/increase by approximately RMB178,553,000 (2016: decrease/increase by approximately RMB43,014,000), mainly as a result of more/less interest expense on borrowings at variable rates.

The Group has not used any interest rate swaps to hedge its exposure to interest rate risk.

(iv) *Credit risk*

Cash transactions are limited to high-credit-quality institutions. The extent of the Group's credit exposure is represented by the aggregate balance of cash in bank, trade and other receivables. Deposits are only placed with reputable banks.

For credit exposures to customers, credit terms are granted to customers upon obtaining approval from the Company's senior management after assessing the credit history of those customers. The Group closely monitors the collection of progress payments from customers

in accordance with payment schedule agreed with customers. The Group has policies in place to ensure that sales are made to purchasers with an appropriate financial strength and appropriate percentage of down payments.

Meanwhile, the Group has the right to cancel the contracts once repayment from the customers is in default; it also has monitoring procedures to ensure that follow-up actions are taken to recover overdue balances. In addition, the Group regularly reviews the recoverable amount of each individual trade and other receivables to ensure that adequate impairment provisions are made for irrecoverable amounts. The Group has no significant concentrations of credit risk, with exposure spread over a number of counterparties and customers.

The Group typically provides guarantees to banks in connection with the customers' borrowing of mortgage loans to finance their purchase of properties for an amount up to 70% of the total purchase price of the property. Detailed disclosure of these guarantees is made in note 31. If a purchaser defaults on the payment of its mortgage loan during the guarantee period, the bank holding the guarantee may demand the Group to repay the outstanding principal the loan and any interest accrued thereon. Under such circumstances, the Group is able to retain the customer's deposit and resell the property to recover any amounts paid by the Group to the bank. In this regard, the director of the Company consider that the Group's credit risk is significantly reduced.

(v) *Liquidity risk*

Management aims to maintain sufficient cash and cash equivalents or have available funding through an adequate amount of available financing, including proceeds from pre-sale of properties, committed credit facilities and short-term and long-term borrowings to meet its construction commitments. Due to the dynamic nature of the underlying businesses, the Group maintains flexibility in funding by maintaining adequate amount of cash and cash equivalents and through having available sources of financing.

To cope with the rapid expansion of the Group's businesses, the Group raised significant amounts of borrowings during the years ended 31 December 2017. As at 31 December 2017, the Group's total borrowings stood at RMB133,319,461,000 and its gearing ratio achieved at 41.54% (note 3(b)).

In order to properly manage the group's liquidity risk and capital structure, the Group has a number of plans to mitigate the potential impacts on anticipated cash flows should there be significant adverse changes in economic environment. These include control on investment in land reserve, adjusting project development timetable to adapt the changing local real estate market environment, implementing cost control measures, promotion of sales of completed properties, accelerating sales with more flexible pricing. The Group will pursue such options based on its assessment of relevant future costs and benefits. With the aforementioned plans, the director of the Company considered the Group's liquidity risk has been controlled.

The table below analyses the Group's financial liabilities into relevant maturity groupings based on the remaining period at the balance sheet date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscount cash flows.

	Less than 1 year	Between 1 and 2 years	Between 2 and 5 years	Over 5 years	Total

* Excluding staff welfare benefit payable and other taxes payable.

The amounts have not included financial guarantee contracts:

- which the Group could be required to settle under the arrangement for the full guaranteed amount if that amount is claimed by the counterparty to the guarantee for loans procured by the purchasers of the Group's properties (note 31). Such guarantees terminate upon the earlier of (i) issuance of the real estate ownership certificate which will generally be available within an average period of two to three years upon the completion of guarantee registration; or (ii) the satisfaction of mortgaged loan by the purchasers of properties;

The Group considers that it is more likely than not that no amount will be payable under the arrangement.

(b) *Capital risk management*

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for equity owners and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to equity owners, issue new shares or sell assets to reduce debt.

Consistent with others in the industry, the Group monitors capital on the basis of the gearing ratio. This ratio is calculated as total borrowings divided by total assets, as shown in the consolidated balance sheets.

The gearing ratios as at 31 December 2017 and 2016 were as follows:

	31 December	
	2017	2016
	RMB'000	RMB'000
Total borrowings (<i>note 20</i>)	133,319,461	78,838,468
Total assets	320,947,192	274,838,077
Gearing ratio	41.54%	28.69%

(c) Fair value estimation

The different levels of the financial instruments carried at fair value, by valuation method, have been defined as follows:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

	Level 1	Level 2	Level 3	Total
	RMB'000	RMB'000	RMB'000	RMB'000
At 31 December 2017				
Assets				
Available-for-sale financial assets	269,675	277,947	2,050	549,672
At 31 December 2016				
Assets				
Available-for-sale financial assets	266,073	274,471	11,000	551,544

There were no transfers among different categories during the year.

The nominal value less impairment provisions of trade and other receivables and the nominal value of trade and other payables approximate their fair value due to their short maturities. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Group for similar financial instruments.

4 CRITICAL ACCOUNTING ESTIMATES AND ASSUMPTIONS

Estimates and judgements used in preparing the financial statements are evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that may have a significant effect on the carrying amounts of assets and liabilities within the next financial year are discussed below:

(a) *Estimated fair value of investment properties*

The best evidence of fair value is current prices in an active market for the properties with similar lease and other contracts. In the absence of such information, the Group determines the amount within a range of reasonable fair value estimates. In making its judgement, the Group considers information from a variety of sources including:

- (i) current prices in an active market for properties of different nature, condition or location (or subject to different lease or other contracts), adjusted to reflect those differences;
- (ii) recent prices of similar properties in less active markets, with adjustments to reflect any changes in economic conditions since the date of the transactions that occurred at those prices; and
- (iii) discounted cash flow projections based on reliable estimates of future cash flows, derived from the terms of any existing lease and other contracts and (where possible) from external evidence such as current market rents for similar properties in the same location and condition, and using discount rates that reflect current market assessments of the uncertainty in the amount and timing of the cash flows.
- (iv) estimated costs to completion and expected developer's profit margin, derived from the construction budget and historical information of similar properties.

The Group assesses the fair value of its investment properties based on valuations determined by independent and professional qualified valuers.

(b) *Provision for properties under development and completed properties held for sale*

The Group estimates property construction cost upon recognition of respective costs of sales. Such estimates are substantiated by detailed budgetary information as developed by the management, and will be assessed periodically, as the constructions progress. Should these estimates depart from their actual finalised costs, such differences would affect the accuracy of costs of sales recognised.

The Group assesses the carrying amounts of properties under development and completed properties held for sale according to their recoverable amounts based on the realisability of these properties, taking into account estimated costs to completion based on past experience and committed contracts and estimated net sales value based on prevailing market conditions. Provision is made when events or changes in circumstances indicate that the carrying amounts may not be realised. The assessment requires the use of judgement and estimates.

(c) *PRC corporate income taxes and deferred taxation*

The Group's subsidiaries that operate in the PRC are subject to income tax in the PRC. Judgement is required in determining the provision for income tax and withholding tax on unremitted earnings of PRC subsidiaries. There are many transactions and calculations for which the ultimate determination is uncertain during the ordinary course of business. Where the final tax outcome of these matters (including the effect of change in the dividend policies of PRC subsidiaries) is different from the amounts that were initially recorded, such difference will impact the income tax and deferred tax provision in the period in which such determination is made.

Deferred tax assets relating to certain temporary differences and tax losses are recognised when management considers to be probable that future taxable profit will be available against which the temporary differences or tax losses can be utilised. The outcome of their actual utilisation may be different.

(d) *PRC land appreciation taxes*

The Group is subject to land appreciation taxes in the PRC. However, the implementation and settlement of LAT varies among various tax jurisdictions in cities of the PRC, and the Group has not finalised its LAT calculation and payments with local tax authorities in the PRC for most of its properties projects. Accordingly, judgement is required in determining the amount of the land appreciation taxes. The Group recognised these land appreciation taxes based on management's best estimates according to the interpretation of the tax rules. The final tax outcome could be different from the amounts that were initially recorded, and these differences will impact the income tax expense and tax provisions in the periods in which such taxes have been finalised with local tax authorities.

5 Segment information

The chief operating decision-maker ("CODM") of the Group has been identified as the executive director of the Company who are responsible for reviewing the Group's internal reporting in order to assess performance and allocate resources. Management has determined the operating segments based on these reports. The Group is organised into four business segments: property development, property investment, property management and other businesses. Other businesses mainly include hotel operations. As the CODM of the Group considers most of the revenue and results of the Group are attributable to the market in the PRC, and only an immaterial part (less than 10%) of the Group's assets are located outside the PRC, no geographical segment information is presented.

The director of the Company assess the performance of the operating segments based on a measure of segment results. Dividend income of available-for-sale financial assets, gain or loss on disposal of available-for-sale financial assets and finance cost and income are not included in the result for each operating segment.

Revenue for the year ended 31 December 2017 consists of sales of properties, rental income of investment properties, income from property management services and income from other businesses, which are set out below:

	Year ended 31 December	
	2017	2016
	RMB'000	RMB'000
Sales of properties	30,660,133	17,325,364
Rental income of investment properties	618,155	374,187
Property management services	3,864,766	3,008,201
Other businesses	496,015	381,292
	<u>35,639,069</u>	<u>21,089,044</u>

Sales between segments are carried out at agreed terms amongst relevant parties. The revenue from external parties reported to the management is measured in a manner consistent with that in the consolidated statement of comprehensive income.

Segment assets consist primarily of property, plant and equipment, investment properties, land use rights, properties under development, completed properties held for sale, receivables, prepayments and cash balances. They exclude deferred tax assets, income tax recoverable and available-for-sale financial assets.

Segment liabilities consist of operating liabilities. Unallocated liabilities comprise taxation and borrowings.

Capital expenditure comprises additions to property, plant and equipment, investment properties, land use rights and intangible assets.

Reportable segments' assets are reconciled to total assets as follows:

As at 31 December 2017, the Group had no unprovided contractual obligations for future repairs and maintenance (2016: nil).

As at 31 December 2017, investment properties of RMB8,702,404,000 (2016: RMB9,651,071,000) were pledged as collateral for the Group's borrowings (note 20).

(a) Valuation processes of the Group

The Group measures its investment properties at fair value. The fair value of the Group's investment properties has been determined on the basis of valuation carried out by CB Richard Ellis Limited ("CBRE"), an independent and professionally qualified valuer.

Discussions of valuation processes and results are held between the management and the valuer at least once every six months, in line with the Group's interim and annual reporting dates.

(b) Valuation techniques

Valuations were based on either:

- (i) direct comparison approach is adopted assuming sale of each of these properties in its existing state with the benefit of vacant possession. By making reference to sales transactions as available in the relevant market, comparable properties in close proximity have been selected and adjustments have been made to account for the difference in factors such as location and property size.
- (ii) income approach takes into account the current rents of the property interests and the reversionary potentials of the tenancies, term yield and reversionary yield are then applied respectively to derive the market value of the property.
- (iii) residual method of valuation which is commonly used in valuing development sites by establishing the market value of the properties on an "as-if" completed basis with appropriate deduction on construction costs, professional fees, contingency, marketing and legal cost, and interest payments to be incurred, anticipated developer's profits, as well as land acquisition costs.

There were no changes to the valuation techniques during the year.

(c) Information about fair value measurements using significant unobservable inputs (level 3)

	Property Category	Fair value as at	Valuation techniques	Range of

				Reversionary yield	5.00%
				Capitalisation rate	5.00%–6.00%
				Expected vacancy rate	0.00%–10.00%
				Monthly rental (RMB/square meter/month)	70–660
		13,627,610	Direct comparison	Market price (RMB/square meter)	7,000–144,633
Investment properties under construction . .	Car park	5,423,600	Direct comparison	Market price (RMB/per car park)	70,000–430,000
	Commercial properties	3,438,500	Residual method	Market price (RMB/square meter)	6,800–21,900
				Budgeted cost (RMB/square meter)	1,233–7,610
				Anticipated developer's profit margin	5.00%–20.00%
	Car park	1,505,200	Residual method	Market price (RMB/per car park)	100,000–158,100
				Budgeted cost (RMB/square meter)	525–1,171
				Anticipated developer's profit margin	2.00%–5.00%

Relationship of unobservable inputs to fair value:

- The higher terminal and reversionary yield, the lower fair value;
- The higher capitalisation rate, the lower fair value;
- The higher expected vacancy, the lower fair value;
- The higher monthly rental, the higher fair value;
- The higher market price, the higher fair value;
- The higher budgeted construction cost to be incurred, the lower fair value;
- The higher the anticipated developer's profit margin, the lower fair value.

The properties under development include costs of acquiring rights to use certain lands, which are located in the PRC, for property development over fixed periods. Land use rights are held on leases of between 40 to 70 years.

As at 31 December 2017, properties under development of approximately RMB35,159,498,000 (2016: RMB55,146,378,000) were pledged as collateral for the Group's borrowings (note 20).

The capitalisation rate of borrowing costs for the year ended 31 December 2017 is 6.07% (2016: 7.16%).

10 Completed properties held for sale

All completed properties held for sale are located in the PRC.

As at 31 December 2017, completed properties held for sale of approximately RMB1,268,962,000 (2016: RMB4,906,894,000) were pledged as collateral for the Group's borrowings (note 20).

Trade receivables — third parties (<i>note (a)</i>)	(417,768)	(623,328)
Current portion	105,284,572	84,145,587

As at 31 December 2017 and 2016, the fair value of trade and other receivables approximated their carrying amounts.

- (a) Trade receivables mainly arose from sales of properties. Proceeds in respect of sales of properties are to be received in accordance with the terms of the related sales and purchase agreements.

As at 31 December 2017, trade receivables of RMB81,660,000 (31 December 2016: RMB45,615,000) were past due but not impaired. These accounts are mainly related to a number of customers who did not have a recent history of default, and the Group normally holds collateral of the properties before collection of the outstanding balances and pass the titles to the purchasers. The director of the Company considers that the past due trade receivables would be recovered and no provision was made against past due receivables as at 31 December 2017 (31 December 2016: nil). The ageing analysis of these trade receivables is as follows:

	31 December	
	2017	2016
	RMB'000	RMB'000
Within 90 days	15,317	15,158
Over 90 days and within 180 days	10,792	9,908
Over 180 days and within 365 days	13,769	2,887
Over 365 days	41,783	17,662
	81,661	45,615

The maximum exposure to credit risk at each balance sheet date is the carrying value of each class of receivables mentioned above. The Group has retained the legal titles of the properties sold to these customers before the trade receivables are settled.

The carrying amounts of the Group's trade and other receivables are mainly denominated in RMB, HKD and USD.

(b) Amounts are unsecured, interest free and repayable on demand.

(c) Amounts mainly represented the deposits for construction projects.

The trade and other receivables are denominated in the following currencies:

(a) Merger reserve

The merger reserve represents the aggregate nominal value of the share capital/paid-in capital of the subsidiaries acquired by the Company less considerations paid.

(b) Statutory reserves

Pursuant to the relevant rules and regulation concerning foreign investment enterprise established in the PRC and the articles of association of certain PRC subsidiaries of the Group, those subsidiaries are required to transfer an amount of their profit after taxation to the statutory reserve fund, until the accumulated total of the fund reaches 50% of their registered capital. The statutory reserve fund may be distributed to equity holders in form of bonus issue.

(c) Business combination under common control

On 29 September 2016, Ever Grace Group Limited, a wholly-owned subsidiary of the Company, entered into agreements with ANJI (BVI) Limited and SHENGJIAN (BVI) Limited, to acquire twelve subsidiaries of ANJI and one subsidiary of SHENGJIAN, at total cash considerations of RMB8,698,605,000.

US dollar	30,612,961	14,666,776
HK dollar	29,825,854	3,460,394
EUR dollar	15,558,800	6,104,199
	133,319,461	78,838,468

(a) Other borrowings

Certain group companies in the PRC which are engaged in development of real estate projects have entered into fund arrangements with certain financial institutions (the “Trustees”), respectively, pursuant to which Trustees raised trust funds and injected the funds to the group companies. All the funds bear fixed interest rates and have fixed repayment terms.

As at 31 December 2017, the Group’s other borrowings of RMB25,505,275,000 (2016: RMB31,222,289,000) were secured by pledge of the Group’s property, plant and equipment, land use rights, investment properties, properties under development, completed properties held for sale, cash in bank and equity interest of certain subsidiaries, totalling RMB24,106,318,000 (2016: RMB27,238,936,000).

(b) Bank borrowings

As at 31 December 2017, the Group’s bank borrowings of RMB103,499,427,000 (2016: RMB34,243,234,000) were secured by pledge of the Group’s property, plant and equipment, land use rights, investment properties, properties under development, completed properties held for sale, cash in bank and equity interests of certain subsidiaries, totalling RMB94,110,513,000 (2016: RMB43,242,468,000).

As at 31 December 2017, the effective interest rate of borrowings is 5.08% (31 December 2016: 7.9%).

The exposure of the bank and other borrowings to interest-rate changes and the contractual repricing dates or maturity date whichever is earlier are as follows:

	6 months or less	6–12 months	1–5 years	Total
	RMB'000	RMB'000	RMB'000	RMB'000
At 31 December 2017 . .	53,705,848	52,027,491	27,586,122	133,319,461
At 31 December 2016 . .	<u>28,684,477</u>	<u>14,266,122</u>	<u>35,887,869</u>	<u>78,838,468</u>

The fair value of the Group's bank borrowings and other borrowings approximates their carrying amounts at each of the balance sheet date for the reason that the impact of discounting is not significant or the borrowings carry floating rate of interests.

21 Deferred income tax

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income taxes relate to the same fiscal authority. The offset amounts of deferred tax assets and liabilities of the Group are as follows:

	31 December

Deferred income tax assets are recognised for tax losses carry-forwards to the extent that the realisation of the related benefit through future taxable profits is probable. The Group did not recognise deferred tax assets of RMB95,024,000(2016: RMB53,807,000) in respect of tax losses amounting to RMB380,096,000(2016: RMB215,227,000) in certain subsidiaries as the future profit streams of these subsidiaries are uncertain. These tax losses will expire in the following years:
