- MAYNILAD CORE NET INCOME AT P 2.3 BILLION
- METRO PACIFIC TOLLWAYS CORE NET INCOME AT ₽ 895 MILLION
- TOTAL NET INCOME OF HOSPITALS AT ₽ 131 MILLION

- RELAUNCH IPO RAISED US\$300 OF NEW EQUITY, THE LARGEST ISSUE IN THE PHILIPPINES SINCE 2007

MANILA, Philippines, 12th November 2009 – Metro Pacific Investments Corporation ("MPIC" or the "Company") (PSE: MPI) today reported consolidated core net income of ₽ 1,213 million for the first nine months ended 30th September 2009 versus a restated core net income of ₽135 million for the same period last year. Consolidated reported net income stood at ₽ 2,086 million this year compared with ₽ 638 million last year. The results represent principally the contribution of the Company's water distribution and toll operations businesses of which a fuller description is given below. The 2008 numbers have been restated to reflect the impact of International Financial Reporting Committee's Interpretation 12 - also known as "IFRIC 12" or "Service Concession Arrangements" - on the water concession company, and the de-consolidation of Landco Pacific Corporation ("Landco") on a line by line basis.

Before interest and operating expenses at head office, the water distribution business contributed 45% or $\stackrel{\square}{=}$ 894 million to the Company's net profit contribution from operations. The Toll road business accounted for 48% or $\stackrel{\square}{=}$ 948 million, while the healthcare group made up the balance 7% or $\stackrel{\square}{=}$ 131 million.

Non-recurring gains of $\stackrel{\square}{=}$ 873 million attributable to MPIC reflect a number of accounting adjustments made during the period.

"The first nine months of 2009 underscored the significant progress which MPIC has made in realizing its strategic objective of being the country's leading infrastructure company. The impressive growth in our consolidated results reflect our continuing effort to improve operations, raise service levels and enhance the value of our business portfolio " said **Jose Ma. K. Lim. President and Chief Executive Officer.**

OPERATIONAL REVIEW

MAYNILAD: CONTINUING TO IMPROVE

Maynilad's operations for the first nine (9) months of 2009 has improved considerably compared with the same period in 2008. Maynilad billed 257.2 Million Cubic Meters ("MCM"), an increase of 11.6% versus the 230.4 MCM billed last year. With billed volume continuing to grow despite an effective 0.5% reduction in supply, Non Revenue Water (NRW) improved to 58% by end-September, from 63% in the same period last year. Serviced customers at end-September 2009 also rose by 6.7% as compared with 30th September 2008, including 3,000 new customers in BF Homes, Paranaque.

Revenues recorded were at $\not=7,718$ million in 2009 against $\not=6,108$ million in 2008. Maynilad registered net income of $\not=2,331$ million in 2009, compared with the $\not=1,752$ million registered in 2008. This has resulted from increases in (i) billed water volume; (ii) the number of billed customers; (iii) tariffs; and water consumption per capita. A decline in non-revenue water was also a contributing factor.

Despite increases in electric power rates, real estate and business taxes, Maynilad was able to limit the expansion of its cash operating expenses to only 3% from the same period in 2008.

Future enhancements in Maynilad's operations are expected from the Muntinlupa Water Treatment Plant, which started construction in March 2009. The facility using the latest technology for water purification will process up to 100 million liters per day of water coming from Laguna de Bay to service an initial 105,000 homes in the Muntinlupa areas of Alabang, Bayanan, Poblacion, Putatan, Tunasan and Ayala Alabang.

Further, the Board of Trustees of the Metropolitan Waterworks and Sewerage System ("MWSS") has approved a resolution approving Maynilad's concession term extension application for fifteen (15) years. Once approval of the Philippine Government is received, an extended term will allow Maynilad to increase its planned investments and further improve service levels. The term extension will also enhance Maynilad's ability to undertake long-term projects that will ensure the reliability and security of water supply for the West Zone, address environmental issues with an accelerated sewerage program, and generate thousands of jobs from these increased capital expenditures.

MPTC: HISTORIC HIGH AVERAGE DAILY TRAFFIC

Metro Pacific Tollways Corporation ("MPTC") reported net income of $\stackrel{\square}{=}$ 1,182 million for the nine month period ended 30th September 2009 versus $\stackrel{\square}{=}$ 747 million in 2008. The attributable profit contribution of MPTC for MPIC to the period amounted to $\stackrel{\square}{=}$ 948 million. There is no comparable amount from last year as the acquisition of MPTC took place in November 2008.

The improvement in net income of MPTC is attributable to the higher than expected traffic reported by Manila North Tollways Corporation ("MNTC") and the higher contribution of Tollways Management Corporation ("TMC"). MNTC holds the concession to operate and maintain the North Luzon Expressway ("NLEX") and is owned 67.1% by MPTC. TMC operates the NLEX for MNTC and has an interim agreement to operate and maintain Subic-Clark-Tarlac Expressway. TMC is owned 46.0% by MPTC.

MPTC continues to venture in linking the network of tollroads from Alabang to Subic through the expansion of its existing concessions. The construction of the 2.7 kilometer toll road under Phase 2 Segment 8.1, linking Mindanao Avenue in Quezon City to NLEX in Valenzuela City, is on track for completion by May 2010. This will decongest the main Balintawak entry point during peak hours of traffic. Growth in MPTC's existing business and

operations through its purchase of a stake in the Skyway project in the South, together with a potential bid for the SCTEX are currently being considered. Also being studied are Segments 9 and 10 which will connect Mac Arthur Highway with the Port Area of Manila.

HEALTHCARE: IMPROVED HOSPITAL OPERATIONS

Medical Doctors Inc., ("MDI") owner and operator of the Makati Medical Center and Colinas Verdes Hospital Managers Corporation ("CVHMC"), operator of Cardinal Santos Medical Center and a wholly owned by subsidiary of MDI, reported a 48% increase in consolidated revenues to ₱3,633 million for the period from ₱2,450 million achieved last year. The Roman Catholic Archbishop of Manila awarded a 20-year operating contract to CVHMC beginning 1st March 2009 for the Cardinal Santos Medical Center. Accordingly, consolidated core net income of Makati Medical increased to ₱297 million versus ₱181 million last year. Core net income attributable to MPIC from the consolidated results of MDI reached ₱ 97 million this year versus ₱ 59 million last year.

Last 21st October 2009, MPIC subscribed to an additional 139,983 shares of the capital stock of MDI for a total subscription price of approximately ₽160 million, thereby raising MPIC's ownership in MDI from 32.39% to 35%.

Davao Doctors Hospital ("DDH") consolidated net income reached ₽ 110 million for the first nine months this year versus ₽ 92 million last year, a growth of 20%. DDH contributed ₽ 34 million of core profitability to MPIC for the period compared with ₽ 18 million last year. MPIC equity accounted the results of Davao Doctors starting June 2008.

SUCCESSFUL COMPLETION OF INTERNATIONAL ROADSHOW

MPIC successfully completed an offering of new MPIC common shares by way of an international placing and road show sponsored by CLSA and UBS. This new equity substantially strengthened MPIC's capital structure, broadened its shareholder base and increased trading liquidity and volumes. MPIC is now the 3rd largest listed holding company with a free float of 26%, and amongst the top 20 largest listed companies in the Philippine Stock Exchange.

THE MERALCO TRANSACTION

As of today, MPIC's aggregate investment in Meralco stood at 14.7%. This resulted from the purchase of a 13.0% stake from the PLDT Beneficial Trust Fund and from Crogan Limited, in addition to open market purchases. Further, MPIC entered into an agreement with First Philippine Holdings Corporation ("FPHC") of the Lopez family wherein MPIC will extend a short-term loan to FPHC; FPHC has also agreed to grant an independent call option in respect of the Meralco shares owned by FPHC equivalent to 6.7% of the total outstanding common shares of Meralco. Certain other rights, e.g., right of first refusal, tag-along, and standstill, were given to MPIC as part of a broader Investment and Cooperation Agreement. The acquisition of a strategic block in Meralco is consistent with MPIC's stated objective of becoming a significant infrastructure company in the Philippines.

THE MANILA NORTH HARBOR AWARD

Early in October of this year, the Philippine Ports Authority ("PPA") awarded to the consortium of MPIC and Harbour Centre Port Terminal, Inc. the development, management, operation and maintenance of the Manila North Harbour for a period of twenty five (25) years. The # 14.5 billion investment project will entail the modernization and re-arrangement of the existing ports, and expansion of its operational area from 52 to 70 hectares.

In compliance with PPA's requirement, the consortium which bided for the North Harbor successfully incorporated on 5th November 2009. More than 1,000 workers engaged in the different operations of the North Harbor will be absorbed. An additional 20,000 jobs will be created as the modernization of the North Harbor proceeds in earnest

OUTLOOK FOR 2009: POSITIVE ON SIGNIFICANT PERFORMANCE

"The strong operational performance across all the operating investee companies of MPIC affirms the guidance number, which we have previously announced about the Company's core income for 2009 being at least ₽ 1.5 billion" said MPIC Chairman Manuel V. Pangilinan. "The additional investments in Meralco and North Harbor to our expanding business portfolio serve to reinforce MPIC's position as the preeminent infrastructure company in the Philippines."

This press release may contain some "forward-looking statements" that are subject to a number of risks and uncertainties that could affect MPIC's business and results of operations. Although MPIC believes that expectations reflected in any forward-looking statements are reasonable, it can give no guarantee of future performance, action or events.
