

EVERBRIGHT GREENTECH TO BE INCLUDED AS A CONSTITUENT STOCK OF THE MSCI CHINA SMALL CAP INDEX

Hong Kong, 14 November 2017 - China Everbright Greentech Limited (“Everbright Greentech” or the “Company”) (SEHK: 1257) is pleased to announce that it is added as a constituent stock of the MSCI China Small Cap Index following the latest round of MSCI index review. The adjustment of the index will take effect after the market closes on 30 November 2017.

MSCI is a leading provider of investment decision support tools worldwide. Compiled by MSCI, MSCI China Small Cap Index is designed to measure the performance of the small-cap segment of the China market. The constituent stocks of the index are companies with excellent performance and development potential. It is considered one of the most commonly used indexes by institutional investors.

Mr. QIAN Xiaodong, CEO of Everbright Greentech, said, “Following our inclusion in the Hang Seng Composite Index and the Stock Connect Hong Kong Index shortly after the Company listed on the mainboard of the Stock Exchange of Hong Kong Limited in May 2017, the inclusion in the MSCI China Small Cap Index is a further testament to the recognition of the Company from the capital market. Everbright Greentech will continue introducing new technologies and techniques, together with its diversified and unique business models, so as to leverage green technologies to deliver benefits to the society, and also generate stable returns to the investors.”

About China Everbright Greentech Limited

China Everbright Greentech Limited is a specialty environmental protection service provider in China, focusing on biomass integrated utilisation, hazardous waste treatment, solar energy and wind power. The Company was listed on the Mainboard of The Stock Exchange of Hong Kong Limited (“Hong Kong Stock Exchange”) on 8 May 2017. As of 31 December, 2016, the Company’s aggregate biomass power generation designed capacity ranked the fourth in China, and aggregate hazardous waste disposal designed capacity ranked the third in China and the first in Eastern China. Everbright Greentech adheres to development driven by business innovation and initiated the urban-rural integration project in the country. Its businesses span across 9 provinces and municipalities in China, and in Germany. Leveraging its unique and diversified business models, strategic layout, robust supply networks, a strong pipeline of projects, and high level of technologies and management capabilities, Everbright Greentech is well positioned in China’s environmental protection service industry.

The Company's controlling shareholder, China Everbright International Limited (“Everbright International”, a listed company on the Mainboard of the Hong Kong Stock Exchange, stock code: 257) is a leader in China's environmental protection industry, whereas China Everbright Group Ltd., the parent company of Everbright International, is a conglomerate among the Fortune Global 500.
