1. ADOPTION OF MEGAHUNT SHARE OPTION SCHEME

Megahunt Share Option Scheme

On 4 July 2018, the directors and the sole shareholder of Megahunt passed resolutions to adopt Megahunt Share Option Scheme.

The purpose of Megahunt Share Option Scheme is to enable Megahunt to grant options to selected Participants as incentives or rewards for their contribution or potential contribution to Megahunt. The Board of Megahunt considers that Megahunt Share Option Scheme will provide the Participants with the opportunity to acquire proprietary interests in Megahunt and encourage Participants to work towards enhancing the value of equity interests in Megahunt for the benefit of Megahunt and its shareholder(s) as a whole. Megahunt Share Option Scheme will provide Megahunt with a flexible means of retaining, incentivising, rewarding, and/or providing benefits to the Participants. Given the different nature of the duties of the employees of various business units of the Group, the Directors believe that the authority given to the Board of Megahunt under Megahunt Share Option Scheme to determine the eligibility of any Megahunt Share Option Scheme Participant of any Option from time to time based on his or her contribution or potential contribution to the development and growth of Megahunt on a case by case basis, and specify any minimum holding period and/or performance target at its discretion as conditions in any Option granted will serve to protect the value of Megahunt and achieve the purpose stated above.

Scheme Mandate Limit and Individual Limit

Under the rules of Megahunt Share Option Scheme, the total Registered Capital contributed and to be contributed upon exercise of the Options granted to each Participant (including both exercised and outstanding Options) in any 12-month period shall not exceed 1% of the Registered Capital (“**Individual Limit**”). Any further grant of Options to a Participant which would result in the Registered Capital contributed and to be contributed by a Participant upon exercise of all Options granted and to be granted to such Participant (including exercised, cancelled and outstanding Options) in the 12-month period up to and including the date of grant of such further Options exceeding the Individual Limit shall be subject to approval of the Shareholders in advance with such Participant and his or her close associates (or his or her associates if such Participant is a connected person) abstaining from voting.

The Enlarged Registered Capital attributable to Mr. Li, Mr. Liu, Mr. Yang and Ms. Song represent 12%, 3.5%, 3.5% and 1% respectively of the Registered Capital as at the Date of Grant (i.e. the date of this announcement). The grant of Options to Mr. Li, Mr. Liu and Mr. Yang exceed the Individual Limit and is therefore subject to the Shareholders’ approval at the SGM.

In addition, under the rules of Megahunt Share Option Scheme, the total Registered Capital which may be contributed by the grantees upon exercise of all Options to be granted under Megahunt Share Option Scheme and other share option schemes of Megahunt shall not in aggregate exceed 10% of the Registered Capital of Megahunt as at the date of the SGM (i.e. the Megahunt Scheme Mandate Limit), being HK\$15,000,000 multiplied by 10% which equals to HK\$1,500,000, assuming that there is no change in the Registered Capital between the period from the date of this announcement and the date of the SGM.

Pursuant to note 1 to Rule 17.03(3) of the Listing Rules and the rules of Megahunt Share Option Scheme, Megahunt may also seek separate approval of the Shareholders in general meeting for granting Options beyond the Megahunt Scheme Mandate Limit provided the Options in excess of the Megahunt Scheme Mandate Limit are granted only to Participants specifically identified by the Company before such approval is sought. After granting Options to Ms. Song, Mr. Yang and Mr. Liu whose Option Interests represent, in aggregate, 8% of the Registered Capital of Megahunt as at the date of the SGM, the grant of Option to Mr. Li has exceeded the Megahunt Scheme Mandate Limit. Therefore, the grant of Option to Mr. Li, which exceeded the Megahunt Scheme Mandate Limit, is subject to Shareholders' approval at the SGM.

Reasons for and benefits of the grant of Options

Megahunt is principally engaged in the sales of information security chips and solutions ("Business"). Driven by the significant growth of the payment market in the PRC, the information security chips business expanded rapidly in the second half of 2017 and the annual sales increased to approximately 3 times as compared with that for 2016. The Directors are of the view that the Proposed Grantees, being key employees and senior management of Megahunt, have made substantial contributions to Megahunt. In addition, the grant of Options to enable the Proposed Grantees to subscribe for the equity interest in Megahunt will motivate them to contribute to the success and long term development of the Business. It is also beneficial to Megahunt and the Group as a whole as the interest of the senior management of Megahunt will be aligned with that of the Group by subscribing for equity interests in Megahunt themselves. In addition, the capital base of Megahunt will be enlarged and the Proposed Grantees will be more committed to the furtherance of the development of the Business.

As at the date of this announcement, neither the Company nor Megahunt have any plan to grant further Option in the future.

The Directors (including the independent non-executive Directors) consider that the adoption of Megahunt Share Option Scheme and the grant of the Options are in the interests of Megahunt, the Company and the Shareholders as a whole.
