In July 2006, Mr. Kwok applied for substantial amendments to his Re-Re-Amended Statement of Claim for joinder of party and joinder of causes of action against the former director and chairman of the Company, Mr. Chan Sheung Wai. It is opinion of Counsel and Senior Counsel acting for the Company that such amendments would only delay the fair trial of the Action without improving the Plaintiff's case and the Company is going to resist such amendment application by Mr. Kwok and proceed with the trial of the Action as soon as possible. Having reviewed all the evidence disclosed in the Action and with the benefit of the advice of Solicitors, Counsel and Senior Counsel acting for the Company, the directors of the Company formed the opinion that Mr. Kwok does not have a valid claim against the Company notwithstanding the outcome of the amendment application and therefore it is unlikely to have any material adverse financial impact on the Group.

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS AND OPERATION REVIEW

Toy products trading and manufacturing remains as the core business of the Group and recorded a revenue of HK\$52.8 million during the review period, representing a slight increase of 4.3% when compared with last corresponding period. Adhering to the Group's business strategy of focusing on toy business, revenue generated by other segments during the review period is HK\$2.5 million only, contributing less than 5.0% of the consolidated revenue.

The Group continues to consolidate and streamline the operations in its self-owned flagship manufacturing plant in Boluo, Huizhou so as to enhance productivity. After having its own production plant, efficiency is uplifted by more controllable delivery schedule, workflow and products quality when compared with leaning upon outside sub-contractors. However, the betterment is curtailed by the intensified price competition, soaring material and operation cost, unstable utilities supplies and labour shortage in Mainland China. The management is exercising stringent cost control, exploring new products and markets and taking other cautious measures to combat the downturn.

Among the various means to preserve the Group's competitiveness is to divest non-performing business. During the period, the Group disposed of its entire interests in a non-wholly owned subsidiary, Thunder Force Limited, which is engaged in the trading and manufacturing of electronic components and has been suffered from loss over the past years.

PROSPECTS

Because of the seasonal factors of toy industry, sales in the second half of the year will generally be greater. Nevertheless, as the unfavourable factors are still hovering, the remaining year is expected to be challenging. Apart from further tightening the cost and expenses of its core operations, the management is actively searching for business and enterprises in toy-related business with good potential and in lucrative niche with a view to secure growth in scales, profitability and returns to the shareholders.

FINANCIAL REVIEW

REVIEW OF RESULTS

The Group reported revenue of approximately HK\$55.4 million for the six months ended 30 June 2006, representing a decrease of HK\$6.0 million or 9.8% when compared with that of last corresponding period. The decline in revenue was mainly attributable to the inactiveness of securities trading and investments business during the review period, which generated revenue of HK\$8.3 million in last corresponding period.

Gross profit dropped by HK\$11.4 million from HK\$15.3 million to HK\$3.9 million when compared with last corresponding period. The substantial decrease in gross profit was partly due to non-contributing securities trading which recorded gross profit of HK\$2.9 million during the same period in last year. Whilst, certain unfavourable factors impacting the toy business, including severe price competition, escalating material cost, wages and other direct production cost, were the greater reasons. The low level of gross profit was insufficient to cover the expense and as a consequence the Group suffered from loss attributable to equity holders of HK\$9.5 million in the current period.

LIQUIDITY AND FINANCIAL RESOURCES

At 30 June 2006, total borrowings of the Group amounted to HK\$16.1 million (31 December 2005: HK\$8.3 million), of which HK\$13.1 million (31 December 2005: 3.4 million) was repayable within one year. The borrowings included an unsecured loan of HK\$2.0 million (31 December 2005: HK\$3.0 million), obligations under finance leases of HK\$4.5 million (31 December 2005: HK\$5.3 million) and secured bank loan of HK\$9.6 million (31 December 2005: nil).

The gearing ratio, expressed as the percentage of total liability over equity attributable to the equity holders of the Company, of the Group at 30 June 2006 was 78.5% (31 December 2005: 62.0%). The increase was due to, on one hand, the new secured bank loan in HK\$9.6 million obtained to finance the working capital of the Group and, on the other hand, the reduction in equity resulted from the loss incurred by the Group during the review period.

CHARGES ON ASSETS

At 30 June 2006, certain property, plant and equipment and land use right amounted to HK\$31.4 million (31 December 2005: HK\$6.0 million) were pledged to banks for loans and finance leases granted to the Group.

EXPOSURE TO EXCHANGE RATES

Most of the Group's business transactions, assets and liabilities are denominated in Hong Kong dollars, United States dollars and Renminbi. As Hong Kong dollars is pegged to United States dollars and the fluctuation in the exchange rate between Hong Kong dollars and Renminbi is relatively mild, the Group's exposure to foreign currency risk is minimal and thus has not undertaken any hedging activity during the period under review.

CONTINGENT LIABILITIES

The Group has no material contingent liabilities save that a writ of summons dated 8 October 2004 was filed by Mr. Kwok Chin Wing, a former director of the Company, against the Company in respect of the loans due from two former subsidiaries of the Company for a sum of approximately HK\$44.5 million together with related interests (the "Action").

The parties to the Action had completed discovery of all documentary evidence and also exchanged witness statements as to facts. In July 2006, Mr. Kwok applied for substantial amendments to his Re-Re-Amended Statement of Claim for joinder of party and joinder of causes of action against the former director and chairman of the Company, Mr. Chan Sheung Wai. It is opinion of Counsel and Senior Counsel acting for the Company that such amendments would only delay the fair trial of the Action without improving the Plaintiff's case and the Company is going to resist such amendment application by Mr. Kwok and proceed with the trial of the Action as soon as possible. Having reviewed all the evidence disclosed in the Action and with the benefit of the advice of Solicitors, Counsel and Senior Counsel acting for the Company, the directors of the Company formed the opinion that Mr. Kwok does not have a valid claim against the Company notwithstanding the outcome of the amendment application and therefore it is unlikely to have any material adverse financial impact on the Group.

EMPLOYEES

As at 30 June 2006, the Group had approximately 2,200 employees (30 June 2005: 2,100) in Hong Kong and the PRC.

To attract, retain and motivate its employees, the Group has developed effective remuneration policies that are subject to review on regular basis. The Group's employees are remunerated with competitive packages which are in line with prevailing industry practice and individual performance. Furthermore, share option and performance-based bonus scheme are also in place to recognize the outstanding employees.

CORPORATE GOVERNANCE

The Company has complied with the code provision set out in the Code on Corporate Governance Practices (the “CG Code”) contained in Appendix 14 of the Listing Rules throughout the six months ended 30 June 2006 except for the deviation from A.4.1 of the CG Code that none of the existing non-executive directors is appointed for specific term.
