The board (the “**Board**”) of directors (the “**Directors**”) of the Company wishes to inform shareholders of the Company and potential investors that based on the currently available information of the Group, it is expected that the Group will record a significant improvement in the financial results of the Group for the six months ending 30 June 2019 as compared to a loss attributable to the equity holders of the Company of approximately HK\$154 million for the corresponding period in 2018. Such expected improvement in financial results is mainly attributable to the following factors:

- (1) the increase in sales of metal casing products, which have a higher unit price than plastic casing products, which leads to an increase in the revenue of the Group; and

The information contained in this announcement is only based on a preliminary assessment by the Board based on information currently available to it, which have not been confirmed or reviewed by the Company’s auditors or the audit committee of the Company. The Group’s interim results for the six months ending 30 June 2019 are expected to be announced by the end of August 2019 in compliance with the Listing Rules.
