PROFIT WARNING

This announcement is made by Ju Teng International Holdings Limited (the “**Company**” together with its subsidiaries, the “**Group**”) pursuant to Rule 13.09 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “**Listing Rules**”) and the Inside Information Provisions (as defined under the Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Cap. 571 of the Laws of Hong Kong).

The board (the “**Board**”) of directors (the “**Directors**”) of the Company wishes to inform shareholders of the Company and potential investors that based on the currently available information of the Group, it is expected that the Group will record a net loss for the six months ending 30 June 2018 (the “**Period**”) as compared to a net profit for the corresponding period in 2017. Although the sales of the Group remain stable, the expected net loss is mainly attributable to the following factors:

- (1) Increase in labour and manufacturing overhead costs of the Group due to the unexpected delay in the relocation of the manufacturing facilities in Wujiang Economic Development Zone (吳江經濟技術開發區) at Jiangsu Province, the PRC. To cater for such relocation and interruption of production during the relocation, the Group had increased its production capacity in other manufacturing facilities. While the orders of the Group remain stable, the unexpected delay of relocation leads to an overcapacity during the Period which decreases the gross profit margin of the Group;
- (2) Appreciation of Renminbi which causes increase in the operating costs of the Group as most of the revenue of the Group is denominated in United States dollars while most of the Group’s expenses are denominated in Renminbi; and
- (3) Write-off of certain moulds during the Period which can no longer be used.

Nevertheless, the Board wishes to state that the financial position of the Group remains strong and healthy, and the Company will continue to keep abreast with the market trend, optimize the product mix and seize the opportunities ahead to maintain its growth and to improve its profitability.

The information contained in this announcement is only based on a preliminary assessment by the Board based on information currently available to it, which have not been confirmed or reviewed by the Company's auditors or the audit committee of the Company. The Group's interim results for the six months ending 30 June 2018 are expected to be announced by the end of August 2018 in compliance with the Listing Rules.

Shareholders of the Company and potential investors are advised to exercise caution when dealing in the securities of the Company and read the announcement of the interim results of the Company for the six months ending 30 June 2018 carefully when it is published.
