**VOLUNTARY ANNOUNCEMENT
BUSINESS UPDATE**

This announcement is made by Ju Teng International Holdings Limited (the “**Company**” and together with its subsidiaries, the “**Group**”) on a voluntary basis.

Since the outbreak of the new coronavirus pneumonia epidemic (the “**Epidemic**”) across the People’s Republic of China (the “**PRC**”), a number of provinces and municipalities in the PRC have taken emergency public health measures and various actions to prevent the spread of the Epidemic. As of the date of this announcement, all of the Group’s production facilities in the PRC have largely resumed to its normal operation, albeit some of its employees are unable to return to work due to the implementation of travel restrictions and crowd control measures imposed in certain areas by the local authorities in the PRC. In addition, due to such restrictions, the normal operations of the businesses of some of the customers of the Group and the logistics network for the delivery of goods have been affected. Since the outbreak of the Epidemic, the Group has been maintaining close communication with its customers and endeavour to accommodate and fulfill its commitment for the customers’ orders and liaise with its customers to adjust delivery schedules as and when appropriate. The board (the “**Board**”) of directors (the “**Directors**”) of the Company expects that the adverse impact brought by the Epidemic will be temporary, and the operation environment in the PRC will gradually return to normal upon the lifting of relevant epidemic prevention measures.

The Board will continue to monitor closely the development of the Epidemic and relevant PRC government policies.

Shareholders and potential investors of the Company are advised to exercise caution when dealing in the shares of the Company.
