This announcement is made by Ju Teng International Holdings Limited (the “**Company**” together with its subsidiaries, the “**Group**”) pursuant to Rule 13.09(1) of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “**Listing Rules**”).

The board (the “**Board**”) of directors (the “**Directors**”) of the Company wishes to inform shareholders of the Company and potential investors that, based on a review of the Group's unaudited management accounts for the five months ended 31 May 2011, the earnings of the Group for the six months ending 30 June 2011 is expected to drop substantially as compared to the financial results of the Group for the six months ended 30 June 2010, which is primarily due to decline in gross profit margin of the Group. Since the second half of 2010, gross profit margin of the Group has decreased due to rising labour costs and the appreciation of the value of Renminbi as well as decline in the average selling price of the Group's products.

Despite these unfavourable conditions, with the effort of the management of the Company, the gross profit margin of the Group in the five months ended 31 May 2011 has stabilized. To strengthen the competitiveness of the Group in the industry, the Group has adjusted its business strategies by focusing on high-end casing products with higher profit margin and expanding production in Western China. The management believes that such strategies would be beneficial to the long term business growth and development of the Group.

The information contained in this announcement is only based on a preliminary assessment by the Board based on information currently available to it, including the unaudited consolidated management accounts of the Group for the five months ended 31 May 2011, which have not yet been confirmed or reviewed by the Company's auditors or the audit committee of the Company and finalized as at the date of this announcement.
