### **About the “Hong Kong – Guangdong Cleaner Production Partners Recognition Scheme”**

The Environment Bureau of Hong Kong, in collaboration with the Economic & Information Commission of Guangdong Province and the major trade and industry associations in Hong Kong, launched a five-year Cleaner Production Partnership Programme (the Programme) in April 2008. Professional advice and technical support is provided under the Programme to encourage and facilitate Hong Kong-owned factories in the Pearl River Delta region to adopt cleaner production technologies and practices, thereby making a positive contribution to improving the air quality and regional environment. To further galvanize the efforts in promoting cleaner production, the Hong Kong and Guangdong governments jointly launched the “Hong Kong – Guangdong Cleaner Production Partners Recognition Scheme” in August 2009, awarding commendation to those Hong Kong-owned enterprises which demonstrate active participation in cleaner production.

### **About Luk Fook Holdings (International) Limited (Stock Code: 00590)**
