# DIRECTORS' INTERESTS IN CONTRACTS

Except as disclosed in note 25 of the consolidated financial statements, no other contract of significance in relation to the Group's business to which the Company or its subsidiary company was a party and in which a Director had a material interest, whether directly or indirectly, subsisted at the end of the financial year or at any time during the financial year.

No loan was made during the financial year to the Company's Directors or officers or body corporate controlled by them either by the Company or by its subsidiary company or by a third party on the security or guarantee of the Company or its subsidiary company.

# CONTINUING CONNECTED TRANSACTIONS

Continuing connected transactions during the year and up to the date of this report are set out below:

(1) On 28 July 2010, the Company as lessor and Promising Realty Limited ("PR") as lessee renewed a lease agreement, pursuant to which the lessee leased Rooms 2401-2411 on 24th floor of Melbourne Plaza, 33 Queen's Road Central, Hong Kong (the "PR Premises") from the lessor for a fixed term of two years from 1 August 2010 to 31 July 2012 at a monthly rental of HK\$214,608 with monthly air-conditioning charges and management fees of HK\$35,978, which were adjusted upward to HK\$39,134 commencing on 1 May 2011.

The lease agreement was renewed on 26 July 2012 for a fixed term of two years from 1 August 2012 to 31 July 2014 at a monthly rental of HK\$250,866 with monthly air-conditioning charges and management fees of HK\$39,134.

The PR Premises, the subject of the lease agreement, is owned by the Company. PR is a company whose shares are ultimately owned by two executive Directors, namely Mr. Chung Ming Fai and Mr. Chung Yin Shu, Frederick, and a non-executive Director, namely Mr. Chung Wai Shu, Robert, and their associates and is, accordingly, a connected person of the Company and the renewal of the lease agreement and all the transactions contemplated thereunder constitute continuing connected transactions for the Company under the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules").

As set out in the announcement of the Company dated 26 July 2012, the annual cap for the previous lease agreement for the year ended 30 September 2012 and the new lease agreement for each of the two years ending 30 September 2013 and 2014 was HK\$3,254,000, HK\$3,628,000 and HK\$3,057,000 respectively.

The total amount received from PR during the year ended 30 September 2013 under the lease agreements amounted to HK\$3,480,000 which is within the annual cap of HK\$3,628,000.

### CONTINUING CONNECTED TRANSACTIONS (cont'd)

(2) On 25 February 2010, the Company as lessor and Foo Hang Jewellery, Limited ("FH") as lessee renewed a lease agreement, pursuant to which the lessee would lease Rooms 1801-1814 on 18th floor of Melbourne Plaza, 33 Queen's Road Central, Hong Kong (the "FH Premises") for a fixed term of two years from 1 March 2010 to 29 February 2012 at a monthly rental of HK\$281,232 with monthly air-conditioning charges and management fees of HK\$48,768, which were adjusted upward to HK\$53,046 commencing on 1 May 2011.

The lease agreement was renewed on 23 February 2012 for a fixed term of two years from 1 March 2012 to 28 February 2014 at a monthly rental of HK\$336,954 with monthly air-conditioning charges and management fees of HK\$53,046.

The FH Premises, the subject of the lease agreement, is owned by the Company. FH is a company which shares are owned by associates of Mr. Lo Pak Shiu, an Independent Non-executive Director and is, accordingly, a connected person of the Company and the renewal of the lease agreement and all the transactions contemplated thereunder constitute continuing connected transactions for the Company under the Listing Rules.

As set out in the announcement of the Company dated 23 February 2012, the annual cap for the previous lease agreement for the year ended 30 September 2012 and the new lease agreement for each of the two years ending 30 September 2013 and 2014 was HK\$4,540,000, HK\$4,870,000 and HK\$2,030,000 respectively.

The total amount received from FH during the year ended 30 September 2013 under the lease agreement amounted to HK\$4,680,000 which is within the annual cap of HK\$4,870,000.

### CONTINUING CONNECTED TRANSACTIONS (cont'd)

The continuing connected transactions mentioned above have been reviewed by the Independent Non-executive Directors of the Company who have confirmed that the transactions have been entered into:

- (a) in the ordinary and usual course of business of the Company;
- (b) on normal commercial terms; and
- (c) in accordance with the relevant agreements governing them on terms that are fair and reasonable and in the interests of the shareholders of the Company as a whole.

The Company's independent auditor was engaged to report on the Group's continuing connected transactions in accordance with Hong Kong Standard on Assurance Engagements 3000 "Assurance Engagements Other Than Audits or Reviews of Historical Financial Information" and with reference to Practice Note 740 "Auditor's Letter on Continuing Connected Transactions under the Hong Kong Listing Rules" issued by the Hong Kong Institute of Certified Public Accountants. The independent auditor has issued an unqualified letter containing the findings and conclusions in respect of the abovementioned continuing connected transactions disclosed by the Group in accordance with Main Board Listing Rule 14A.38. A copy of the auditor's letter has been provided by the Company to The Stock Exchange of Hong Kong Limited.

# DIRECTORS' INTERESTS IN COMPETING BUSINESSES

During the year and up to the date of this report, the following Directors are considered to have interests in the following businesses which compete or are likely to compete, either directly or indirectly, with the businesses of the Group other than those businesses where the Directors of the Company were appointed as directors to represent the interests of the Company and/or the Group pursuant to the Listing Rules as set out below:

Name of Director	Name of entity which businesses are considered to compete or likely to compete with the businesses of the Group	Description of businesses of the entity which are considered to compete or likely to compete with the Group	Nature of interest of the Director in the entity

On behalf of the Board Chung Yin Shu, Frederick Company Secretary

Hong Kong, 13 December 2013

# **CORPORATE GOUERNANCE REPORT**

# **CORPORATE GOVERNANCE PRACTICES**

The Company is committed to maintain a high standard of corporate governance practices and procedures to safeguard the interests of the shareholders and enhance the performance of the Group. The Company has complied with all the applicable code provisions of the Code on Corporate Governance Practices in Appendix 14 to the Listing Rules (the "CG Code") throughout the year ended 30 September 2013, except for the deviations as disclosed in this report.

### DIRECTORS' SECURITIES TRANSACTIONS

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers as set out in Appendix 10 to the Listing Rules (the "Model Code") as its own code of conduct regarding securities transactions. Having made specific enquiry of all Directors, the Directors of the Company confirmed that they had complied with the required standard set out in the Model Code during the year ended 30 September 2013.

### **BOARD OF DIRECTORS**

The Board is responsible for overseeing the management, businesses, strategic directions and financial performance of the Group. The Board holds regular meetings to discuss the Group's businesses and operations. All important issues are discussed in a timely manner.

The Board comprises 8 Directors, with 3 Executive Directors, 1 Non-executive Director and 4 Independent Nonexecutive Directors. The biographies of the Directors are set out in Management Profile on page 4 of this annual report. The Company has received annual confirmation of independence from all the Independent Non-executive Directors in accordance with Rule 3.13 of the Listing Rules. The Board is of the view that all the Independent Non-executive Directors are independent in accordance with the Listing Rules.

#### **DIRECTORS' TRAINING**

All Directors are provided with timely updates on the Company's performance, position and prospects to enable the Board as a whole and each Director to discharge their duties. In addition, all Directors are encouraged to participate in continuous professional development to develop and refresh their knowledge and skills.

# NON-EXECUTIVE DIRECTORS

Non-executive Directors (including the Independent Non-executive Directors) serve the relevant function of bringing independent judgement on the development, performance and risk management of the Group. The Non-executive Directors are not appointed for a specific term as is stipulated in Code provision A.4.1, but are subject to retirement by rotation in accordance with the articles of association of the Company. Article 103(A) of the articles of association of the Company provides that at each annual general meeting, one-third of the Directors for the time being (or if their number is not a multiple of three, the number nearest to one-third) shall retire from office by rotation, provided that every Director (including those appointed for a specific term) shall be subject to retirement by rotation at least once every three years.

### AUDIT COMMITTEE

The Audit Committee, established with specific written terms of reference, consists of three Independent Non-executive Directors, one Non-executive Director and one Executive Director serving as secretary, and is responsible for the review and supervision of the Group's financial reporting process and internal controls.

During the year, the Audit Committee reviewed the audited financial statements for the year ended 30 September 2013 and the unaudited interim financial statements for the six months ended 31 March 2013 with recommendations to the Board for approval, reviewed reports on internal control system of the Group, and discussed with the management and the external auditors the accounting policies and practices which may affect the Group and financial reporting matters.

Members of the Audit Committee are Mr. Yuen Pak Yiu, Philip (Chairman), Mr. Chung Yin Shu, Frederick (Secretary), Mr. Chung Wai Shu, Robert, Mr. Lo Pak Shiu and Mr. Yuen Sik Ming, Patrick.

# **REMUNERATION COMMITTEE**

The Remuneration Committee, established with specific written terms of reference, is responsible for making recommendations on the Company's policy and structure for the remuneration of all the Directors and senior management of the Company and on the establishment of a formal and transparent procedure for developing remuneration policy for approval by the Board. The Remuneration Committee met once during the year to review the remuneration policy for Directors and senior management of the Company.

The remuneration for the Directors and senior management comprises basic salary, retirement benefits and discretionary bonus. Details of the amount of emoluments of Directors paid for the financial year ended 30 September 2013 are set out in note 9 to the financial statements.

# DIRECTORS' RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The Board, supported by the finance and accounts department, is responsible for the preparation of the financial statements of the Company and the Group. In preparing the financial statements, the Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants have been adopted. Appropriate accounting policies have also been used and applied consistently. The Directors are not aware of any material uncertainties relating to events or conditions which may cast significant doubt upon the Group's ability to continue as a going concern.

The statement by the auditor of the Company regarding their reporting responsibilities on the financial statements of the Group is included in the Report of the Independent Auditor on pages 20 and 21 of this annual report.

# **INTERNAL CONTROL**

The Group conducts an annual review on the need for setting up an internal audit department. Given the Group's simple operating structure, it was decided that the Board would be directly responsible for internal control of the Group and for reviewing its effectiveness. Procedures have been designed for safeguarding assets against unauthorised use or disposition, ensuring the maintenance of proper accounting records for the provision of reliable financial information for internal use or for publication, and ensuring compliance with applicable laws, rules and regulations. The procedures provide reasonable but not absolute assurance against material errors, losses or fraud.

# COMMUNICATION WITH SHAREHOLDERS

The Board and senior management maintain a continuing dialogue with the Company's shareholders and investors through various channels including the Company's annual general meeting. The Chairman and other members of the Board attend the annual general meeting. The Directors will answer questions raised by the shareholders on the performance of the Group. The Company also holds press and analysts' conferences at least once a year following the release of full year results announcements at which the Executive Directors and senior management of the Group are available to answer questions regarding the performance of the Group.

# **DIRECTORS' BUSINESS REVIEW**

I would report to shareholders that the Group's profit after taxation for the financial year ended 30 September 2013 amounted to 576 million (2012: HK\$538 million). The Board of Directors recommend a final dividend of HK\$2.40 per share payable to the shareholders registered on 29 January 2014. In addition to the interim dividend of HK\$2.20 per share paid in June 2013, the total dividend for the year amounted to HK\$4.60 per share (2012: HK\$4.60 per share).

The Group's investment properties at Melbourne Plaza, 33 Queen's Road Central and Kimley Commercial Building at 142-146 Queen's Road Central were both 92% leased as at 30 September 2013.

Leasing demand for office space remained strong during the year. The Group's rental income also grew correspondingly to HK\$201 million, up 8% as compared with last year, which is satisfactory. Without any debt or commitment, the Group is in a healthy financial position.

The Foshan Golf Club project forms part of the Group's investment. The club is running a trial operation. Certain blocks within the residential complex have attained pre-sale prerequisites, and are being prepared for marketing activities. Auxiliary works are being carried out.

Facing future challenges, the Group will continue with its prudent business approach. Through close liaison with tenants, the Group will keep on bringing optimum return to all shareholders.

Taking this opportunity, I would like to thank my fellow directors and staff members for their loyal services and continuing efforts.

Chung Yin Shu, Frederick Executive Director

Hong Kong, 13 December 2013

# **GROUP RESULTS**

Profit attributable to equity holders for the year amounted to HK\$576 million (2012: HK\$538 million). The increase in profit mainly resulted from the current year's uplift in fair value of investment properties of HK\$449 million compared with the HK\$413 million in 2012. Revenue for the year amounted to HK\$201 million, up 8% year-on-year. Rental operation contributed HK\$152 million (2012: HK\$149 million) to the operating profit, representing an increase of 2% as compared to last year.

# SIGNIFICANT INVESTMENTS

The Group's investment properties at Melbourne Plaza and Kimley Commercial Building in Central were both approximately 92% let as at 30 September 2013.

# LIQUIDITY AND FINANCIAL RESOURCES

Basically, the Group's working capital requirement was financed by its rental income. As at 30 September 2013, the Group had cash and bank balances totalling HK\$125 million (2012: HK\$108 million). During the year, the Group did not take up any borrowings or overdraft facilities.

# EMPLOYEES AND REMUNERATION POLICIES

The Group employs a total of 16 employees. The Group recognises the importance of the strength of its human resources for its success. Remuneration of employees is maintained at competitive levels and promotion and salary increments are assessed on a performance basis.

# MATERIAL ACQUISITIONS, DISPOSALS AND FUTURE DEVELOPMENTS

There were no acquisitions or disposals of subsidiary companies and associated companies during the year. The Group is likely to be required to contribute additional shareholder's loans to Billion Park Investment Limited, its available-for-sale investee company, for the development of golf courses and related commercial and residential facilities in Foshan, China. There are no other plans for material capital investments or future developments.

### TO THE SHAREHOLDERS OF MELBOURNE ENTERPRISES LIMITED

(Incorporated in Hong Kong with limited liability)

We have audited the consolidated financial statements of Melbourne Enterprises Limited (the "Company") and its subsidiary (together, the "Group") set out on pages 22 to 54, which comprise the consolidated and company balance sheets as at 30 September 2013, and the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

#### Directors' Responsibility for the Consolidated Financial Statements

The directors of the Company are responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants, and the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit and to report our opinion solely to you, as a body, in accordance with section 141 of the Hong Kong Companies Ordinance and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the Hong Kong Institute of Certified Public Accountants. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### 1. GENERAL INFORMATION

Melbourne Enterprises Limited (the "Company") is a limited liability company incorporated in Hong Kong. The address of its registered office is Rooms 2102-4, Melbourne Plaza, 33 Queen's Road Central, Hong Kong. The shares of the Company are listed on the Main Board of The Stock Exchange of Hong Kong Limited.

The Company and its subsidiary company (together the "Group") are principally engaged in property investment and investment holding in Hong Kong.

These financial statements have been approved for issue by the Board of Directors on 13 December 2013.

#### 2. BASIS OF PREPARATION

The financial statements have been prepared under the historical cost convention, as modified by the revaluation of investment properties and the available-for-sale investment, which are measured at fair value, and in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA").

The preparation of financial statements in conformity with HKFRSs requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements, are disclosed in note 5 below.

#### (a) Adoption of new or revised HKFRSs

For the year ended 30 September 2013, the Group has adopted the following new or revised HKFRSs, amendments and interpretations that are mandatory for the financial year ended 30 September 2013:

- The Group early adopted HKAS 12 (Amendment) "Income Taxes Deferred Tax: Recovery of Underlying Assets" for the year ended 30 September 2012.
- (ii) HKAS 1 (Amendment) Presentation of Items of Other Comprehensive Income

Hong Kong Accounting Standards ("HKAS") 1 (Amendment) "Presentation of Items of Other Comprehensive Income", which requires the identification of other comprehensive income items that are and are not subsequently re-classifiable to the profit and loss account in the statement of comprehensive income. As the Group has no other comprehensive income items, the adoption of HKAS 1 (Amendment) has had no impact on the contents or disclosures of these financial statements.

(iii) The Group has adopted all other new or revised accounting standards, amendments and interpretations that are mandatory for the financial year ended 30 September 2013. The adoption of these new or revised standards, amendments and interpretations has not had any significant effect on the accounting policies or results and financial position of the Group for the year.

# NOTES TO THE FINANCIAL STATEMENTS

# 2. BASIS OF PREPARATION (cont'd)

#### (b) Standards, amendments and interpretations which are not yet effective

The following new or revised standards and amendments which are relevant to the Group's operations and are mandatory for the Group's accounting periods beginning on 1 October 2013 or later periods have not been early adopted by the Group:

#### Effective for the year ending 30 September 2014

The Group has already commenced an assessment of the impact of these new or revised HKFRSs but is not yet in a position to state whether these new or revised HKFRSs would have a significant impact on its results of operations and financial position.

# 3. PRINCIPAL ACCOUNTING POLICIES

#### (a) Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and its subsidiary company made up to 30 September and include the Group's share of the results for the year and undistributed post-acquisition reserves of associated companies.

#### (b) Subsidiary company

Subsidiaries are all entities (including special purpose entities) over which the Group has the power to govern the financial and operating policies generally accompanying a shareholding of more than one half of the voting rights. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Group controls another entity.

Subsidiaries are fully consolidated from the date on which control is transferred to the Group and deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the Group. The consideration given for the acquisition of a subsidiary is the aggregated fair values of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Acquisition-related costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. There is a choice, on the basis of each acquisition, to measure the non-controlling interest in the acquiree either at fair value or at the non-controlling interest's proportionate share of the acquiree's net assets.

The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the fair value of any previous equity interest in the acquiree at the date of acquisition over the fair value of the Group's share of the identifiable net assets acquired is recorded as goodwill. If this is less than the fair value of the net assets of the subsidiary company acquired in the case of a bargain purchase, the difference is recognised directly in the statement of comprehensive income (operating profit).

#### (b) Subsidiary company (cont'd)

Intra group transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred.

The Company's investment in the subsidiary company is carried at cost less provision for impairment losses. Provision for impairment is made when, in the opinion of the Directors, the carrying amount exceeds the recoverable amount. The results of the subsidiary company are accounted for by the Company on the basis of dividend income.

### (c) Associated companies

An associated company is a company other than a subsidiary company and a jointly controlled entity, in which the Group's interest is held for the long term and substantial and significant influence is exercised through representatives on the board of directors.

Investments in associated companies are accounted for in the consolidated financial statements using the equity method of accounting and are initially recognised at cost. Investments in associated companies include goodwill (net of any accumulated impairment loss) identified on acquisition. Investments in associated companies are carried at cost less provision for impairment losses in the Company's financial statements. The results of associated companies are accounted for by the Company on the basis of dividend income.

The share of post-acquisition profits or losses of associated companies is recognised in the Group's profit or loss and the share of post-acquisition movements in other comprehensive income is recognised in other comprehensive income with a corresponding adjustment to the carrying amount of the investment. When the share of losses in an associated company equals or exceeds its interest in the associated company, including any other unsecured receivables, the Group does not recognise further losses, unless it has incurred legal or constructive obligations or made payments on behalf of the associated company.

Unrealised gains on transactions between the Group and its associated companies are eliminated to the extent of the Group's interests in the associated companies. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. For equity accounting purpose, accounting policies of associated companies have been changed where necessary to ensure consistency with the policies adopted by the Group.

#### (d) Investments

The Group classifies its investments as either loans and receivables or available-for-sale investments. Management determines the classification of its investments at initial recognition depending on the purpose for which the investments are acquired.

#### (i) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They arise when the Group provides money, goods or services directly to a debtor with no intention of trading the receivable. They are included in current assets, except for those with maturities greater than 12 months after the balance sheet date, which are classified as noncurrent assets.

#### (ii) Available-for-sale investments

Available-for-sale investments are non-derivatives that are either designated in this category or not classified in the other category. They are included in non-current assets unless management intends to dispose of the investment within 12 months of the balance sheet date.

Purchases and sales of investments are recognised on the trade-date – the date on which the Group commits to purchase or sell the asset. Investments are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Investments are derecognised when the rights to receive cash flows from the investments have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership. Available-for-sale investments are subsequently carried at fair value. Loans and receivables are carried at amortised cost using the effective interest method. Unrealised gains and losses from changes in the fair value of non-monetary securities classified as available-for-sale are recognised in equity. When securities classified as available-for-sale are sold or impaired, the accumulated fair value adjustments are included in the statement of comprehensive income as gains or losses from investments.

The fair values of quoted investments are based on current bid prices. If the market for a financial asset is not active (and for unlisted securities), the Group establishes fair value by using valuation techniques. These include the use of recent arm's length transactions, reference to other instruments that are substantially the same, discounted cash flow analysis, and option pricing models refined to reflect the issuer's specific circumstances.

#### (d) Investments (cont'd)

The Group assesses at each balance sheet date whether there is objective evidence that a financial asset or a group of financial assets is impaired. In the case of equity securities classified as available-for-sale, a significant or prolonged decline in the fair value of a security below its cost is considered in determining whether securities are impaired. If any such evidence exists for available-for-sale investments, the cumulative loss – measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in the profit or loss – is removed from equity and recognised in the statement of comprehensive income (operating profit). Impairment losses recognised in the statement of comprehensive income (operating profit) on equity instruments are not reversed through the statement of comprehensive income (operating profit).

### (e) Property, plant and equipment

Property, plant and equipment are stated at historical cost less accumulated depreciation and impairment losses. Historical cost includes expenditure that is directly attributable to the acquisition of items. Subsequent costs are included in the carrying amount of the assets or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the asset will flow to the Group and the cost of the asset can be measured reliably. All other repair and maintenance costs are expensed in the statement of comprehensive income (operating profit) during the period in which they are incurred. The carrying amount of an asset is written down immediately to its recoverable amount if the carrying value of an asset is greater than its estimated recoverable amount.

Depreciation of property, plant and equipment is calculated to write off their cost or carrying values less accumulated impairment losses to their estimated residual values over their estimated useful lives using the straight-line method at the rate of 10% per annum. The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date.

The gain or loss on disposal of property, plant and equipment is the difference between the net sales proceeds and the carrying amount of the relevant asset, and is recognised in the statement of comprehensive income (operating profit).

#### (f) Investment properties

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Group, is classified as investment property.

Investment property is measured initially at its cost, including related transaction costs. After initial recognition, investment property is carried at fair value. Fair value is determined by professional valuation conducted as at the balance sheet date. Changes in fair value are recognised in the statement of comprehensive income (operating profit).

Subsequent expenditure is charged to the carrying amount of the asset only when it is probable that future economic benefits associated with the asset will flow to the Group and the cost of the asset can be measured reliably. All other repairs and maintenance costs are expensed in the statement of comprehensive income (operating profit) during the financial period in which they are incurred.

#### (g) Impairment of non-financial assets

Assets that are not subject to depreciation/amortisation are tested at least annually for impairment and are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. Assets that are subject to depreciation/amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less cost to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units).

#### (h) Cash and cash equivalents

Cash and bank balances are carried in the balance sheet at cost. For the purposes of the statement of cash flows, cash and cash equivalents comprise cash on hand, deposits held at call with banks and cash investments with original maturity of three months or less from date of investment.

#### (i) Revenue recognition

Rental and service income from investment properties is recognised on a straight-line basis over the periods of the leases. Interest income is recognised on a time proportion basis using the effective interest method. Dividend income is recognised when the right to receive payment is established.

## 3. PRINCIPAL ACCOUNTING POLICIES (cont'd)

#### (j) Operating leases

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases.

### (k) Contingent liabilities and contingent assets

A contingent liability is a possible obligation that arises from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group. It can also be a present obligation arising from past events that is not recognised because it is not probable that an outflow of economic resources will be required or the amount of obligation cannot be measured reliably.

A contingent liability is not recognised but is disclosed in the notes to the financial statements. When a change in the probability of an outflow occurs so that outflow is probable, it will then be recognised as a provision.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain events not wholly within the control of the Group.

A contingent asset is not recognised but is disclosed in the notes to the financial statements when an inflow of economic benefits is probable. When inflow is virtually certain, an asset is recognised.

### (I) Current and deferred taxation

The current taxation is calculated on the basis of the tax laws enacted or substantively enacted at the balance sheet date in the country where the Company and its subsidiary company and associated companies operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authority.

Deferred taxation is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Taxation rates enacted or substantively enacted by the balance sheet date are used to determine deferred taxation.

Deferred tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

Deferred taxation is provided on temporary differences arising on investments in subsidiary company and associated companies, except where the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

### 3. PRINCIPAL ACCOUNTING POLICIES (cont'd)

#### (m) Employee benefits

#### (i) Employee long service payments

Employees' entitlements to long service payments are recognised when they accrue to employees. A provision is made for the estimated liability for long service payments as a result of services rendered by employees up to the balance sheet date.

#### (ii) Mandatory Provident Fund Scheme

The Company contributes to a Mandatory Provident Fund ("MPF") scheme under the Hong Kong Mandatory Provident Fund Schemes Ordinance. The scheme is a defined contribution scheme managed by an independent trustee and is available to all employees. The MPF is funded by payments from employees and by the Company, and provide benefits linked to contributions and investment returns on the scheme. Contributions to the scheme are recognised as an expense in the statement of comprehensive income (operating profit) in the year to which the contributions relate.

#### (iii) Bonus plan

Provision for bonus plan is recognised when the Group has a present legal or constructive obligation as a result of services rendered by employees and a reliable estimate of the obligation can be made.

#### (n) Foreign currencies

The functional and presentation currencies of all the Group's entities are Hong Kong dollars. Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of comprehensive income (operating profit).

#### (o) Dividend distribution

Dividend distribution to the Company's shareholders is recognised as a liability in the consolidated financial statements in the financial period when the dividends are approved by the Company's shareholders/ Directors, where appropriate.

## 3. PRINCIPAL ACCOUNTING POLICIES (cont'd)

## (p) Trade and other debtors

Trade and other debtors are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment, which is established when there is objective evidence that the Group will not be able to collect all amounts due according to the original terms of receivable. Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy and default or delinquency in payments are considered indicators that the receivable is impaired. The amount of the provision is the difference between the carrying amount of the assets and the present value of estimated future cash flows, discounted at the original effective interest rate. The carrying amount of the assets is reduced through the use of an allowance account, and the amount of the provision is recognised in the statement of comprehensive income (operating profit). When a debtor is uncollectible, it is written off against the allowance account for debtors. Subsequent recoveries of amounts previously written off are credited in the statement of comprehensive income (operating profit).

### (q) Trade creditors

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Trade creditors are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current liabilities.

Trade creditors are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

#### (r) **Provisions**

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation, and the amount has been reliably estimated.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of the expenditures expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognised as interest expense.

#### (s) Share capital

Ordinary shares are classified as equity.

### 4. FINANCIAL RISK MANAGEMENT AND FAIR VALUE ESTIMATION

#### (a) Credit risk

The credit risk of the Group mainly arises from deposits with banks, advances to an investee company, debtors and deposits. The Group's maximum exposure to credit risk in the event of the counterparties' failure to perform their obligations as at the balance sheet dates in relation to each class of recognised financial asset is the carrying amount of those assets as stated in the balance sheets.

Deposits are placed with high credit-quality financial institutions.

The Group monitors the exposure to credit risk in respect of the financial assistance provided to an investee company through reviewing its financial position on a regular basis. When necessary, impairment loss is made for estimated irrecoverable amounts.

Debtors mainly include rental receivables. There is no concentration of credit risk with respect to these receivables as the customer bases are widely dispersed in different sectors and industries. The exposures to these credit risks are closely monitored on an ongoing basis using established credit policies. The Group carries out regular review and follow-up action on any overdue amounts to minimise exposures to credit risk, and will monitor its credit control procedures and policies.

#### (b) Liquidity risk

The Group aims to maintain prudent liquidity risk management and flexibility in funding by keeping sufficient cash and cash equivalents. The Group's working capital requirement is generally financed by its rental income.

Creditors and deposits are due within one year. Amount due to a subsidiary company which does not have contractual maturity date is repayable on demand.

#### (c) Capital management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders or issue new shares.

The Group did not have any borrowings at 30 September 2013 and 2012. The Group uses equity to finance its operation.

#### (d) Fair value estimation

The carrying amounts of debtors, deposits, creditors and accruals approximate their fair values due to the short-term maturities of these assets and liabilities.

## 5. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that may have a significant effect on the carrying amounts of investment properties are as follows:

### Estimate of fair value of investment properties

The fair value of each investment property is individually determined at each balance sheet date by independent valuers on a market value assessment. The fair value is based on the direct comparison method with reference to current sale prices in an active market for properties of similar nature, condition or location. In the absence of such information, the valuer determines the amount within a range of reasonable fair value estimates. In making its judgement, the valuer considers information from a variety of sources including:

- (*i*) current sale prices in an active market for properties of different nature, condition or location, adjusted to reflect those differences; and
- *(ii)* recent prices of similar properties in less active markets, with adjustments to reflect any changes in economic conditions since the date of the transactions that occurred at those prices.

Judgement is required to determine the principal valuation assumptions to determine the fair value of the investment properties.

At 30 September 2013, if the market value of investment properties had been 10% higher/lower with all other variables held constant, the carrying value of the Group's investment properties would have been HK\$560.1 million (2012: HK\$515.3 million) higher/lower and the Group's profit before tax would have been increased/ decreased by HK\$560.1 million (2012: HK\$515.3 million).

## 6. SEGMENT INFORMATION

The Board collectively has been identified as the chief operating decision maker. The Board reviews the Group's internal reporting in order to assess performance and allocate resources.

The Board considers property investment in Hong Kong as the sole operating segment of the Group.

		2013	2012

The emoluments of each of the individuals are below HK\$1,000,000.

### **10. TAXATION**

Hong Kong profits tax has been provided at the rate of 16.5% (2012: 16.5%) on the estimated assessable profits for the year.

The amount of taxation charged to the consolidated statement of comprehensive income represents:

	2013	2012
	HK\$'000	HK\$'000
Hong Kong profits tax		
Current taxation –		
Tax for the year	24,881	24,115
Over-provision in respect of prior year	(20)	(24)
	24,861	24,091
Deferred taxation -		
Origination and reversal of temporary differences		530
Taxation	24,861	24,621

Share of taxation of associated companies for the year ended 30 September 2013 of HK\$ nil (2012: HK\$ nil) is included in the statement of comprehensive income as share of results of associated companies.

The taxation on the Group's profit before taxation differs from the theoretical amount that would arise using the taxation rate of Hong Kong as follows:

	2013 HK\$'000	2012 HK\$'000
Profit before taxation and share of results of associated companies	600,389	562,432
Calculated at a taxation rate of 16.5% (2012: 16.5%)	99,064	92,801
Income not subject to taxation	(74,183)	(68,156)
Expenses not deductible for taxation purposes	—	
Over-provision in respect of prior year	(20)	(24)
Taxation	24,861	24,621

## **11. DIVIDENDS**

	2013	2012
	HK\$'000	HK\$'000
Interim dividend paid of HK\$2.20 (2012: HK\$2.20) per share	55,000	55,000
Final dividend proposed of HK\$2.40 (2012: HK\$2.40) per share	60,000	60,000
	115,000	115,000

At a meeting held on 13 December 2013, the Directors recommended a final dividend of HK\$2.40 per share. This proposed dividend will be accounted for as an appropriation of retained profits for the year ending 30 September 2014.

## **12. EARNINGS PER SHARE**

The calculation of basic earnings per share is based on profit attributable to equity holders of HK\$575,514,000 (2012: HK\$537,804,000) and the 25,000,000 shares in issue throughout the two years ended 30 September 2013 and 2012.

Diluted earnings per share equal basic earnings per share because there were no potential dilutive shares outstanding during the two years ended 30 September 2013 and 2012.

The principal activity of Billion Park is to participate in Foshan Country Club Company Limited, a co-operative joint venture formed in the People's Republic of China in which the Group has an effective interest of 5%, for the construction of golf courses and related commercial and residential facilities in Foshan.

The advances are unsecured, interest free and not repayable within 12 months. Their carrying amounts are not materially different from their fair values.

## 18. DEBTORS, DEPOSITS AND PREPAYMENTS

Trade debtors represent rental and service income receivables. The Group normally does not grant credit to trade debtors. As of 30 September 2013, trade receivables (net of provisions) of the Group and the Company of HK\$4,376,000 (2012: HK\$4,713,000) and HK\$4,055,000 (2012: HK\$4,354,000) respectively were past due but not impaired. These relate to a number of independent customers for whom there is no recent history of default. The aging of these trade receivables is as follows:

	Group		Company	
	2013	2012	2013	2012
	HK\$'000	HK\$'000	HK\$'000	HK\$'000
