VOLUNTARY ANNOUNCEMENT UPDATE ON PRODUCT DEVELOPMENT

The board of directors (the “Board”) of SSY Group Limited (the “Company”, together with its subsidiaries, the “Group”) is pleased to announce that the Group has obtained the approval for drug production and registration for Doxofylline Injection (10ml: 0.1g) in form of polypropylene (PP) ampoule from the National Medical Products Administration. This product has passed through the China national review and approval of its consistency with the original drug in terms of quality and curative effect, and has the first approval for drug production under newly classified type 4 chemical drug. Doxofylline is mainly used in treatment of difficulty in breathing due to bronchial asthma, chronic asthmatic bronchitis and other bronchospasm.

This announcement is a voluntary announcement made by the Company to keep the shareholders and potential investors informed of the latest business development of the Group.

By order of the Board
Chow Hing Yeung
Company Secretary

Hong Kong, 6 February 2020
