1. The shipment volume of handset lens sets decreased by 49.3% YoY, which was mainly due to the high base of shipment volume in the same period of last year and the current ongoing weak demand from the overall smartphone market.
2. The shipment volume of vehicle lens sets increased by 22.0% YoY, which was mainly due to the increased demand from the vehicle camera market caused by the relief of the key components in the auto supply chain; It increased by 86.8% MoM, which was mainly due to the low base of shipment volume in December of last year brought by the customers' Christmas Holiday.
3. The shipment volume of handset camera modules decreased by 18.6% YoY, which was mainly due to the high base of shipment volume in the same period of last year and the current ongoing weak demand from the overall smartphone market.
