THIS PROSPECTUS IS IMPORTANT AND REQUIRES YOUR IMMEDIATE ATTENTION

If you are in doubt as to any aspect of this prospectus or as to the action to be taken, you should consult a licensed securities dealer or registered institution in securities, a bank manager, solicitor, professional accountant or other professional adviser.

If you have sold or transferred all your shares in TCL Multimedia Technology Holdings Limited (the "Company"), you should at once hand this prospectus and the accompanying provisional allotment letter and the form of application for excess rights shares to the purchaser or the transferee or to the licensed securities dealer or registered institution in securities or other agent through whom the sale or transfer was effected for transmission to the purchaser or the transferee.

A copy of each of the Rights Issue Documents, together with copies of the documents specified in the paragraph headed "Documents delivered to the Registrar of Companies" in Appendix III to this prospectus, have been registered with the Registrar of Companies in Hong Kong as required by Section 342C of the Companies Ordinance. The Registrar of Companies in Hong Kong takes no responsibility as to the contents of any of these documents.

Dealings in the securities of the Company and the Rights Shares (as defined herein) in their nil-paid form and fully-paid form may be settled through CCASS (as defined herein) and you should consult a licensed securities dealer or other registered dealer in securities, bank manager, solicitor, professional accountant or other professional adviser for details of the settlement arrangements and how such arrangements may affect your rights and interests.

Subject to the granting of the listing of, and permission to deal in, the Rights Shares in both their nil-paid and fully-paid forms on the Stock Exchange (as defined herein) as well as compliance with the stock admission requirements of HKSCC (as defined herein), the Rights Shares in both their nil-paid and fullypaid forms will be accepted as eligible securities by HKSCC for deposit, clearance and settlement in CCASS with effect from the respective commencement dates of dealings in the Rights Shares in their nil-paid and fully-paid forms or such other dates as determined by HKSCC. Settlement of transactions between participants of the Stock Exchange on any trading day is required to take place in CCASS on the second trading day thereafter. All activities under CCASS are subject to the General Rules of CCASS and CCASS Operational Procedures in effect from time to time.

The latest time for acceptance of and payment for the Rights Shares is 4:00 p.m. on 9 July 2007. The procedure for acceptance and payment or transfer is set out on pages 25 to 26 of this prospectus.

It should be noted that the Underwriting Agreement contains provisions granting the Underwriter, by notice in writing, the right to terminate the Underwriter's obligations thereunder on the occurrence of certain events. The Underwriter may terminate the Underwriting Agreement on or before the Latest Time for Termination if prior to the Latest Time for Termination, any of the following happens:

(a) in the reasonable opinion of the Underwriter, the success of the Rights Issue would be materially and adversely affected by:

(i) the introduction of any new regulation or any change in existing law or regulation (or the judicial interpretation thereof) or other occurrence of any nature whatsoever which may in the reasonable opinion of the Underwriter materially and adversely affect the business or the financial or trading position or prospects of the Group as a whole or is materially adverse in the context of the Rights Issue; or

(ii) the occurrence of any local, national or international event or change (whether or not forming part of a series of events or changes occurring or continuing before, and/or after the date of the Underwriting Agreement), of a political, military, financial, economic or other nature, or in the nature of any local, national or international outbreak or escalation of hostilities or armed conflict, or affecting local securities markets which may, in the reasonable opinion of the Underwriter materially and adversely affect the business or the financial or trading position or prospects of the Group as a whole; or

(iii) any material adverse change in the business or in the financial or trading position or prospects of the Group as a whole; or

(iv) the imposition of any moratorium, suspension or material restriction on trading in securities generally on the Stock Exchange occurring due to exceptional financial circumstances; or

(v) a change or development involving a prospective material change in taxation in Hong Kong or the implementation of exchange controls which shall or might materially adversely affect the Company; or

(vi) any material change in market conditions, taxation or exchange control or combination of circumstances in Hong Kong, the PRC or the US (including without limitation suspension or material restriction on trading in securities); or

(b) any material adverse change in market conditions (including, without limitation, a change in fiscal or monetary policy or foreign exchange or currency markets, suspension or restriction of trading in securities, and a change in currency conditions for the purpose of this clause includes a change in the system under which the value of the Hong Kong currency is pegged with that of the currency of the United States of America) occurs which in the reasonable opinion of the Underwriter makes it inexpedient or inadvisable to proceed with the Rights Issue; or

(c) the circular in relation to the Rights Issues or this prospectus when published contain information (either as to business prospects or the condition of the Group or as to its compliance with any laws or the Listing Rules or any applicable regulations) which has not prior to the date hereof been publicly announced or published by the Company and which in the reasonable opinion of the Underwriter is material to the Group as a whole upon completion of the Rights Issue and is likely to affect materially and adversely the success of the Rights Issue or might cause a prudent investor not to accept the Rights Shares provisionally allotted to it; or

(d) if the Underwriter shall receive notification of, or shall otherwise become aware of, the fact that any of the representations or warranties given by the Company in the Underwriting Agreement was, when given, untrue or inaccurate in any material respect or would be untrue or inaccurate in any material respect if repeated as provided in the Underwriting Agreement and the Underwriter shall determine that any such untrue representation or warranty represents or is likely to represent a material adverse change in the business, financial or trading position or prospects of the Group taken as a whole or is otherwise likely to have a materially prejudicial effect on the Rights Issue; or

(e) any change occurs in the circumstances of the Company or any member of the Group, or the Company commits any breach of or omits to observe any of the obligations or undertakings expressed to be assumed by it under the Underwriting Agreement which breach or omission, which, in the sole opinion of the Underwriter, would materially and adversely affect the business, financial or trading position or prospects of the Group as a whole; or

(f) the occurrence of any event, or series of events, beyond the control of the Underwriter which, at the absolute discretion of the Underwriter, have or would have the effect of making any part of the Underwriting Agreement incapable of performance in accordance with its terms or which prevents the processing of applications and/or payments pursuant to the Rights Issue or pursuant to the underwriting thereof or which have or is likely to have a material prejudicial effect on the Rights Issue.

As far as the Company is aware, there is no information falling within paragraph (c) above.

Pursuant to the Underwriting Agreement, a European Restructuring Event shall not constitute a cause for termination of the Underwriting Agreement by the Underwriter.

If the Underwriting Agreement is terminated by the Underwriter on or before the aforesaid deadline or does not become unconditional, the Underwriting Agreement shall terminate (save in respect of any rights and obligations which may accrue under the Underwriting Agreement prior to such termination) and neither the Company nor the Underwriter shall have any claim against the other party for costs, damages, compensation or otherwise and the Rights Issue will not proceed.

The Shares have been dealt in on an ex-rights basis since 14 June 2007 and that the Rights Shares are expected to be dealt with in their nil-paid form from 26 June 2007 to 4 July 2007 (both dates inclusive). If the conditions of the Rights Issue are not fulfilled and/or waived on or before the Latest Acceptance Time (or such later time and/or date as the Company and the Underwriter may determine in writing), or the Underwriting Agreement is terminated by the Underwriter, the Rights Issue will not proceed and the Rights Issue will lapse.

Any person dealing in the securities of the Company from now up to the date on which all the conditions of the Rights Issue are fulfilled or waived and any person dealing in the nil-paid Rights Shares from 26 June 2007 to 4 July 2007 (being the first day and last day of dealings in the nil-paid Rights Shares respectively) will accordingly bear the risk that the Rights Issue may not become unconditional and may not proceed. Any person dealing or contemplating any dealing in the securities of the Company and/or the Rights Shares in their nil-paid form during this period who is in any doubt about his/her/its/their position is recommended to consult his/her/its/their own professional adviser.

It is expected that the conditions referred to in the section headed "Conditions of the Rights Issue" in this prospectus are to be fulfilled by 4:00 p.m. Hong Kong time on 9 July 2007. If the conditions referred to in that section are not fulfilled or waived by the Underwriter on or before 4:00 p.m. Hong Kong time on 9 July 2007 (or such later time and/or date as the Company and the Underwriter may determine in writing) or the Underwriting Agreement has been terminated in accordance with the terms thereof, the Rights Issue will not proceed.

TERMINATION OF THE UNDERWRITING AGREEMENT

The Underwriting Agreement contains provisions granting the Underwriter, by notice in writing, the right to terminate the Underwriter's obligations thereunder on the occurrence of certain events. The Underwriter may terminate the Underwriting Agreement on or before the Latest Time for Termination if prior to the Latest Time for Termination, any of the following happens:

(a) in the reasonable opinion of the Underwriter, the success of the Rights Issue would be materially and adversely affected by:

(i) the introduction of any new regulation or any change in existing law or regulation (or the judicial interpretation thereof) or other occurrence of any nature whatsoever which may in the reasonable opinion of the Underwriter materially and adversely affect the business or the financial or trading position or prospects of the Group as a whole or is materially adverse in the context of the Rights Issue; or

(ii) the occurrence of any local, national or international event or change (whether or not forming part of a series of events or changes occurring or continuing before, and/or after the date of the Underwriting Agreement), of a political, military, financial, economic or other nature, or in the nature of any local, national or international outbreak or escalation of hostilities or armed conflict, or affecting local securities markets which may, in the reasonable opinion of the Underwriter materially and adversely affect the business or the financial or trading position or prospects of the Group as a whole; or

(iii) any material adverse change in the business or in the financial or trading position or prospects of the Group as a whole; or

(iv) the imposition of any moratorium, suspension or material restriction on trading in securities generally on the Stock Exchange occurring due to exceptional financial circumstances; or

(v) a change or development involving a prospective material change in taxation in Hong Kong or the implementation of exchange controls which shall or might materially adversely affect the Company; or

(vi) any material change in market conditions, taxation or exchange control or combination of circumstances in Hong Kong, the PRC or the US (including without limitation suspension or material restriction on trading in securities); or

(b) any material adverse change in market conditions (including, without limitation, a change in fiscal or monetary policy or foreign exchange or currency markets, suspension or restriction of trading in securities, and a change in currency conditions for the purpose of this clause includes a change in the system under which the value of the Hong Kong currency is pegged with that of the currency of the United States of America) occurs which in the reasonable opinion of the Underwriter makes it inexpedient or inadvisable to proceed with the Rights Issue; or

(c) the circular in relation to the Rights Issues or this prospectus when published contain information (either as to business prospects or the condition of the Group or as to its compliance with any laws or the Listing Rules or any applicable regulations) which has not prior to the date hereof been publicly announced or published by the Company and which in the reasonable opinion of the Underwriter is material to the Group as a whole upon completion of the Rights Issue and is likely to affect materially and adversely the success of the Rights Issue or might cause a prudent investor not to accept the Rights Shares provisionally allotted to it; or

(d) if the Underwriter shall receive notification of, or shall otherwise become aware of, the fact that any of the representations or warranties given by the Company in the Underwriting Agreement was, when given, untrue or inaccurate in any material respect or would be untrue or inaccurate in any material respect if repeated as provided in the Underwriting Agreement and the Underwriter shall determine that any such untrue representation or warranty represents or is likely to represent a material adverse change in the business, financial or trading position or prospects of the Group taken as a whole or is otherwise likely to have a materially prejudicial effect on the Rights Issue; or

(e) any change occurs in the circumstances of the Company or any member of the Group, or the Company commits any breach of or omits to observe any of the obligations or undertakings expressed to be assumed by it under the Underwriting Agreement which breach or omission, which, in the sole opinion of the Underwriter, would materially and adversely affect the business, financial or trading position or prospects of the Group as a whole; or

(f) the occurrence of any event, or series of events, beyond the control of the Underwriter which, at the absolute discretion of the Underwriter, have or would have the effect of making any part of the Underwriting Agreement incapable of performance in accordance with its terms or which prevents the processing of applications and/or payments pursuant to the Rights Issue or pursuant to the underwriting thereof or which have or is likely to have a material prejudicial effect on the Rights Issue.

As far as the Company is aware, there is no information falling within paragraph (c) above.

TERMINATION OF THE UNDERWRITING AGREEMENT

Pursuant to the Underwriting Agreement, a European Restructuring Event shall not constitute a cause for termination of the Underwriting Agreement by the Underwriter.

If the Underwriting Agreement is terminated by the Underwriter on or before the aforesaid deadline or does not become unconditional, the Underwriting Agreement shall terminate (save in respect of any rights and obligations which may accrue under the Underwriting Agreement prior to such termination) and neither the Company nor the Underwriter shall have any claim against the other party for costs, damages, compensation or otherwise and the Rights Issue will not proceed.

The Shares have been dealt in on an ex-rights basis since 14 June 2007 and the Rights Shares are expected to be dealt with in their nil-paid form from 26 June 2007 to 4 July 2007 (both dates inclusive). If the conditions of the Rights Issue are not fulfilled and/or waived on or before the Latest Acceptance Time (or such later time and/or date as the Company and the Underwriter may determine in writing), or the Underwriting Agreement is terminated by the Underwriter, the Rights Issue will not proceed and the Rights Issue will lapse.

Any person dealing in the securities of the Company from now up to the date on which all the conditions of the Rights Issue are fulfilled or waived and any person dealing in the nil-paid Rights Shares from 26 June 2007 to 4 July 2007 (being the first day and last day of dealings in the nil-paid Rights Shares respectively) will accordingly bear the risk that the Rights Issue may not become unconditional and may not proceed. Any person dealing or contemplating any dealing in the securities of the Company and/or the Rights Shares in their nil-paid form during this period who is in any doubt about his/her/its/their position is recommended to consult his/her/its/their own professional adviser.

If the conditions referred to in the section headed “Conditions of the Rights Issue” in this prospectus are not fulfilled or (where applicable) waived by the Underwriter on or before 4:00 p.m. Hong Kong time on 9 July 2007 (or such later time and/or date as the Company and the Underwriter may determine in writing) or the Underwriting Agreement has been terminated in accordance with the terms thereof, the Rights Issue will not proceed.

To the Qualifying Shareholders and, for information only, the Excluded Shareholders

RIGHTS ISSUE OF 1,951,475,863 RIGHTS SHARES OF HK$0.1 EACH AT HK$0.40 PER RIGHTS SHARE PAYABLE IN FULL ON ACCEPTANCE (IN THE PROPORTION OF 1 RIGHTS SHARE FOR EVERY 2 EXISTING SHARES HELD ON THE RECORD DATE)

INTRODUCTION

On 15 May 2007, the Board announced that the Company proposed to raise not less than HK$780.6 million before expenses by issuing not less than 1,951,475,863 Rights Shares (assuming no Outstanding Options are exercised on or before the Record Date) and to raise not more than approximately HK$807.6 million before expenses by issuing not more than 2,019,010,863 Rights Shares (assuming all Outstanding Options are exercised on or before the Record Date) at the Subscription Price of HK$0.40 per Rights Share on the basis of 1 Rights Share for every 2 existing Shares in issue on the Record Date.

On 5 June 2007, a circular containing details of, among other things, the Rights Issue and the Whitewash Waiver, was despatched to Shareholders, a copy of which is available for inspection as set out in the paragraph headed "Documents available for inspection" in Appendix III of this prospectus. The Whitewash Waiver has been granted by the Executive (subject to, among other things, the Whitewash Waiver being approved by the Independent Shareholders) and was approved by the Independent Shareholders by poll at the EGM.

The Rights Shares will be fully underwritten by TCL Industries, based on the terms and conditions set out in the Underwriting Agreement. Details of the major terms and conditions of the Underwriting Agreement are set out in the paragraph headed "Underwriting Agreement" of this prospectus. TCL Industries is a substantial shareholder and therefore a connected person of the Company within the meaning of the Listing Rules. The Underwriting Agreement constitutes an exempt connected transaction for the Company under Rule 14A.31(3)(c) of the Listing Rules, and is therefore exempted from the reporting, announcement and independent shareholders' approval requirements under Chapter 14A of the Listing Rules.

As at the Latest Practicable Date, TCL Industries, the controlling shareholder (as defined in the Listing Rules) of the Company, and parties acting in concert with TCL Industries are beneficially interested in a total of 1,534,109,289 Shares, of which 1,512,121,289 Shares were held by TCL Industries (or its nominee(s)) and 21,988,000 Shares were held by Mr. Li Dongsheng, the Chairman of the Company and a director of TCL Industries and TCL Corporation, representing approximately 39.31% of the existing issued share capital of the Company.

The Rights Issue is conditional upon the fulfillment or waiver of the conditions set out under the paragraph headed "Conditions of the Rights Issue" under the section headed "The Rights Issue" in this prospectus. In particular, it is subject to the Underwriting Agreement not being terminated in accordance with its terms (see the paragraph headed "Termination of the Underwriting Agreement" under the section headed "The Rights Issue" in this prospectus). If the Underwriter terminates the Underwriting Agreement, or the conditions of the Rights Issue are not fulfilled or waived, the Rights Issue will not proceed.

The purpose of this prospectus is to give you further information on, among other things, details of the Rights Issue, including information on dealings in, transfer and acceptance of the Rights Shares and certain financial and other information in respect of the Group.

THE RIGHTS ISSUE

Basis of the Rights Issue:	1 Rights Share for every 2 existing Shares held on the Record Date
Number of existing shares in issue as at the Latest Practicable Date:	3,902,951,727 Shares
Number of Rights Shares	1,951,475,863 Rights Shares

Outstanding derivatives, options, warrants, conversion rights or other similar rights which are convertible or exchangeable into Shares as at the Latest Practicable Date:	Outstanding Options attaching subscription rights to subscribe for 135,070,000 Shares

The nil-paid Rights Shares proposed to be provisionally allotted pursuant to the terms of the Rights Issue represented approximately 50.0% of the Company's issued share capital as at the Latest Practicable Date and approximately 33.3% of the enlarged issued share capital of the Company immediately following the completion of the Rights Issue assuming that no Outstanding Options are exercised on or before the completion of the Rights Issue.

As at the Latest Practicable Date, other than the Outstanding Options, the Company has no derivatives, options, warrants and conversion rights or other similar rights which are convertible or exchangeable into Shares.

The Subscription Price

The Subscription Price for the Rights Shares is HK$0.40 per Rights Share, payable in full when a Qualifying Shareholder accepts his/her/its provisional allotment under the Rights Issue or applies for excess Rights Shares or when a transferee of nil-paid Rights Shares subscribes for the Rights Shares.

The Subscription Price of HK$0.40 per Rights Share represents:

- a discount of approximately 37.5% to the closing price of HK$0.64 per Share as quoted on the Stock Exchange on the Last Trading Date;
- a discount of approximately 34.4% to the average closing price of HK$0.61 per Share for the five consecutive trading days up to and including the Last Trading Date;
- a discount of approximately 35.5% to the average closing price of HK$0.62 per Share for the 10 consecutive trading days up to and including the Last Trading Date;
- a discount of approximately 28.6% to the theoretical ex-rights price of HK$0.56 per Share based on the closing price as quoted on the Stock Exchange on the Last Trading Date;
- a discount of approximately 49.4% to the closing price of HK$0.79 per Share as quoted on the Stock Exchange on the Latest Practicable Date;

- a discount of approximately 39.4% to the theoretical ex-rights price of HK$0.66 per Share based on the closing price as quoted on the Stock Exchange on the Latest Practicable Date;

- a premium of approximately 10.5% over the audited consolidated net tangible asset value per Share of approximately HK$0.362 (calculated by using the latest published audited net tangible asset value of the Group as at 31 December 2006 and dividing this sum total by the 3,902,951,727 Shares in issue as at the Latest Practicable Date); and

- a premium of approximately 14.3% over the unaudited consolidated net tangible asset value per Share of approximately HK$0.350 (calculated by using the latest published unaudited net tangible asset value of the Group as at 31 March 2007 and dividing this sum total by the 3,902,951,727 Shares in issue as at the Latest Practicable Date).

The Subscription Price was arrived at after arm's length negotiation between the Company and the Underwriter with reference to the then market environment, prevailing Share prices and the recent financial conditions of the Group. In order to enhance the attractiveness of rights issues, issuance of new shares by way of rights issue at a discount to the market price has been commonly adopted by listed issuers in Hong Kong. Given the relatively long underwriting period of a rights issue and taking into account the aforesaid and the theoretical ex-rights price per Share, the Directors consider that, in order to enhance the attractiveness of the Rights Issue, the discount on the Subscription Price to the current market price of the Shares as proposed is appropriate. Each Qualifying Shareholder is entitled to subscribe for the Rights Shares at the same price in proportion to his/her/its shareholding in the Company held on the Record Date. The Directors consider the Subscription Price to be fair and reasonable and in the interests of the Company and the Shareholders as a whole.

Status of the Rights Shares

The Rights Shares, when allotted, issued and fully-paid, will rank *pari passu* with the then existing Shares in issue on the date of allotment of the Rights Shares in fully-paid form. Holders of such Rights Shares will be entitled to receive all future dividends and distributions which are declared after the date of allotment and issue of the Rights Shares.

Fractions of Rights Shares

The Company will not provisionally allot fractions of Rights Shares in nil-paid form. All fractions of Rights Shares will be aggregated and all nil-paid Rights Shares arising from such aggregation will be sold in the market and, if a premium (net of expenses) can be achieved, the Company will keep the net proceeds for its own benefit. Any unsold fractions of Rights Shares will be made available for excess application.

Application for excess Rights Shares

Qualifying Shareholders are entitled to apply for any unsold entitlements of the Excluded Shareholders (see the paragraph headed “Excluded Shareholders” below), any unsold fractions of Rights Shares and any nil-paid Rights Shares provisionally allotted but not accepted by the Qualifying Shareholders.

Applications may be made by completing the form of application for excess Rights Shares and lodging the same with a separate remittance for the excess Rights Shares. The Directors will allocate the excess Rights Shares at their discretion on a fair and equitable basis on the following principles:

(1) preference will be given to applications for less than a board lot of Rights Shares where they appear to the Directors that such applications are made to round up odd-lot holdings to whole-lot holdings;

(2) subject to availability of excess Rights Shares after allocation under principle (1) above, any further remaining excess Rights Shares will be allocated to applicants in proportion to the excess Rights Shares applied by them; and

(3) in accordance with any further requirements of the Stock Exchange.

Shareholders with their Shares held by a nominee company should note that the Board will regard the nominee company as a single Shareholder according to the register of members of the Company. Accordingly, Shareholders should note that the aforesaid arrangement in relation to the top-up of odd lots for allocation of excess Rights Shares will not be extended to ultimate beneficial owners individually.

Refund cheques in respect of wholly or partially unsuccessful applications for excess Rights Shares (if any) are expected to be posted by 16 July 2007 by ordinary post to the relevant unsuccessful applicants therefore at their own risk.

The latest time for acceptance of and payment for the Rights Shares and application for excess Rights Shares is expected to be at 4:00 p.m. on 9 July 2007, or such later date as may be agreed between the Company and the Underwriter.

Share certificates for the Rights Shares

Subject to the fulfillment of the conditions of the Rights Issue, certificates for all fully-paid Rights Shares are expected to be posted to Qualifying Shareholders who have accepted and applied for (where appropriate), and paid for the Rights Shares by 16 July 2007 at their own risk.

Qualifying Shareholders

The Company will send (i) the Rights Issue Documents to the Qualifying Shareholders; and (ii) this prospectus, for information only, to the Excluded Shareholders.

To qualify for the Rights Issue, Shareholders must be registered as members of the Company on the Record Date. In order to qualify for the Rights Issue, a holder of Outstanding Options must (i) exercise its subscription rights in accordance with the relevant procedures specified in the rules of the Share Option Scheme on or before the Record Date; (ii) be registered as a holder of the Shares allotted pursuant to the exercise of the subscription rights of the Outstanding Options on or before the Record Date; and (iii) not be an Excluded Shareholder.

Rights of Overseas Shareholders:

If at the close of business on the Record Date, a Shareholder's address on the Company's register of members is at a place outside of Hong Kong, that Shareholder may not be eligible to take part in the Rights Issue as documents to be issued in connection with the Rights Issue will not be registered and/or filed under the applicable securities or equivalent legislation of any jurisdictions other than Hong Kong.

No persons receiving a copy of the provisional allotment letter or the form of application for excess Rights Shares in any jurisdiction outside Hong Kong may treat it as an offer or invitation to apply for the Rights Shares, unless in the relevant jurisdiction such an offer or invitation could lawfully be made without compliance with any registration or other legal and regulatory requirements. It is the responsibility of any person outside Hong Kong wishing to make an application for the Rights Shares to satisfy himself/herself/itself as to the observance of the laws and regulations of the relevant jurisdiction, including the obtaining of any government or other consents, and payment of any taxes and duties required to be paid in such jurisdiction in connection therewith.

Based on the register of members of the Company on the Record Date, no Shareholder had a registered address outside Hong Kong. Therefore, there are no Excluded Shareholders for the Rights Issue.

Adjustment to Outstanding Options

As at the Latest Practicable Date, there are 135,070,000 Outstanding Options entitling the holders thereof to subscribe for up to 135,070,000 Shares. Pursuant to the provisions of the Share Option Scheme, if the Rights Issue becomes unconditional, the Rights Issue will constitute an event giving rise to an adjustment to both the exercise price of the Outstanding Options and the number of Shares issuable upon exercise of the Outstanding Options. Details of the exercise prices, and the number of Shares issuable upon exercise in full, of the Outstanding Options and the adjustments are set out in Appendix III to this prospectus. The Directors confirmed that such adjustments are fair and reasonable and satisfied the supplementary guidance attached to the letter from the Stock Exchange dated 5 September 2005 to all listed issuers relating to share option adjustments. The Company's auditors also confirmed to the Directors that such adjustments are in compliance with the provisions of the Share Option Scheme.

Application for listing of the Rights Shares on the Stock Exchange

The Company has applied to the Listing Committee of the Stock Exchange for the listing of, and permission to deal in, the Rights Shares in both nil-paid and fully-paid forms.

Subject to the grant of listing of, and permission to deal in, the Rights Shares in both their nil-paid and fully-paid forms on the Stock Exchange as well as compliance with the stock admission requirements of HKSCC, the Rights Shares in both their nil-paid and fully-paid forms will be accepted as eligible securities by HKSCC for deposit, clearance and settlement in CCASS with effect from the respective commencement dates of dealings in the Rights Shares in their nil-paid and fully-paid forms on the Stock Exchange or such other dates as determined by HKSCC.

Settlement of transactions between participants of the Stock Exchange on any trading day is required to take place in CCASS on the second trading day thereafter. All activities under CCASS are subject to the General Rules of CCASS and CCASS Operational Procedures in effect from time to time.

All necessary arrangements will be made to enable the Rights Shares in both their nil-paid and fully-paid forms to be admitted into CCASS.

None of the securities of the Company are listed or dealt in any other stock exchange other than the Stock Exchange and no such listing or permission to deal is being or is proposed to be sought.

Nil-paid Rights Shares are expected to be traded in board lots of 2,000 (Shares are currently traded in board lots of 2,000). Dealings in nil-paid and fully-paid Rights Shares will be subject to the payment of stamp duty in Hong Kong.

Odd lots of Rights Shares may arise as a result of the acceptance of the Rights Issue. In order to alleviate the difficulties in trading odd lots of Rights Shares, the Company has appointed CIMB-GK Securities (HK) Limited to act as the agent to match, on a "best effort" basis, the sale and purchase of odd lots of Rights Shares arising from the Rights Issue for a one-month period from the commencement date of dealings of the fully-paid Rights Shares. Such arrangement is to facilitate Shareholders who wish to dispose of or top up their odd lots of Rights Shares. Shareholders who wish to take advantage of this facility should contact Mr. Boby Ho of CIMB-GK Securities (HK) Limited at 25/F Central Tower, 28 Queen's Road Central, Hong Kong (Tel: 2532 1131) during the aforesaid period. Shareholders should note that the matching of the sale and purchase of odd lots of Rights Shares is not guaranteed.

The first day of dealings in the Rights Shares in their fully-paid form is expected to commence on 18 July 2007.

Taxation

Qualifying Shareholders are recommended to consult their professional advisers if they are in any doubt as to the tax implications of the acquisition, holding or disposal of, or dealing in the Rights Shares and, as regards the Excluded Shareholders, their receipt of the net proceeds of sale of the Rights Shares in their nil-paid form otherwise falling to be issued to them under the Rights Issue. It is emphasized that none of the Company, the Directors or any other parties involved in the Rights Issue accepts responsibility for any tax effects or liabilities of holders of the Rights Shares resulting from the purchase, holding or disposal of, or dealing in the Rights Shares.

Conditions of the Rights Issue

The Rights Issue is conditional upon the following conditions being fulfilled:

(1) the Company despatching the circular in relation to the Rights Issue to the Shareholders containing, among other matters, details of the Rights Issue and Whitewash Waiver together with the proxy form and notice of the EGM;

(2) the passing by the shareholders of TCL Corporation of a resolution to approve the funding or investment to be provided by TCL Corporation to the Underwriter in connection with the Rights Issue;

(3) the passing by the Independent Shareholders at the EGM by way of poll of an ordinary resolution(s) to approve the Whitewash Waiver by no later than the date on which this prospectus is despatched;

(4) the Executive granting the Whitewash Waiver to TCL Industries and parties acting in concert with it and the satisfaction of all conditions (if any) attached to the Whitewash Waiver granted;

(5) the Listing Committee of the Stock Exchange granting or agreeing to grant (subject to allotment) and not having withdrawn or revoked listing of and permission to deal in all the Rights Shares (in their nil-paid and fully-paid forms) by no later than the date on which this prospectus is despatched;

(6) the filing and registration of all documents relating to the Rights Issue, which are required to be filed or registered with the Registrar of Companies in Hong Kong in accordance with the Companies Ordinance (Chapter 32 of the Laws of Hong Kong);

(7) the posting of the Rights Issue Documents to the Shareholders; and

(8) compliance with and performance of all the undertakings and obligations of the Company and TCL Industries under the terms of the Underwriting Agreement.

None of the Company and the Underwriter may waive conditions (1) to (7) set out above. The Underwriter may waive condition (8) set out above in whole or in part by written notice to the Company. If any of the conditions of the Rights Issue are not fulfilled or (in respect of condition (8) only) waived on or before the Latest Acceptance Time (or such later time and/or date as the Company and the Underwriter may determine in writing), the Underwriting Agreement shall terminate (save in respect of any rights and obligations which may accrue under the Underwriting Agreement prior to such termination) and neither the Company nor the Underwriter shall have any claim against the other party for costs, damages, compensation or otherwise and the Rights Issue will not proceed.

UNDERWRITING AGREEMENT DATED 15 MAY 2007

Parties:	(1) the Company (2) TCL Industries, the controlling shareholder of the Company interested in approximately 38.74% of the existing issued share capital of the Company as at the Latest Practicable Date
Number of Shares to be underwritten by TCL Industries:	1,195,415,219 Rights Shares
Commission:	None

The Underwriter is an investment holding company whose ordinary course of business does not include underwriting. The ultimate controlling shareholder of TCL Industries is TCL Corporation. As at the Latest Practicable Date, the directors of TCL Industries comprised Li Dongsheng, Lu Zhongli, Yuan Bing and Zheng Chuan Lie (鄭傳烈), and the directors of TCL Corporation comprised Li Dongsheng, Zheng Chuan Lie (鄭傳烈), Hon Fongming (韓方明), Chen Shidong (陳石東), Rudy Provoost, Xiang Bing (項兵), Zhu Youzhi (朱友植), Yang Shizhong (楊世忠), Chen Shengquan (陳盛泉) and Zeng Xianzhang (曾憲章).

Pursuant to the Underwriting Agreement, subject to the conditions set out therein, the Underwriter has undertaken that (i) the 1,512,121,289 Shares currently held by the Underwriter or its nominees will remain beneficially owned by the Underwriter or its nominee(s) and that it (or its nominee(s)) will have a registered address (as shown in the register of members of the Company) in Hong Kong up to the Record Date; and (ii) the Underwriter will accept or procure the acceptance of such number of Rights Shares to be provisionally allotted to it (or its nominee(s)) pursuant to the Rights Issue in respect of its existing holding of 1,512,121,289 Shares.

Under the terms of the Underwriting Agreement, the Company and the Underwriter agreed that if the conditions of the Rights Issue are fulfilled or waived on or before the Latest Acceptance Time (or such later time and/or date as the Company and the Underwriter may determine in writing) and the Underwriting Agreement becomes unconditional and is not terminated in accordance with the terms thereof, the Company shall on or before 6:00 p.m. on the first Business Day after the Latest Acceptance Time notify or procure its share registrar in Hong Kong on behalf of the Company to notify the Underwriter in writing of the number of Underwritten Shares not taken up by Qualifying Shareholders on or before the Latest Acceptance Time ("Untaken Shares") and the Underwriter shall subscribe for the Untaken Shares not later than 4:00 p.m. on the second Business Day after the date of the Latest Acceptance Time and pay the relevant Subscription Monies not later than 4:00 p.m. on the third Business Day after the date of the Latest Acceptance Time in full.

Termination of the Underwriting Agreement

The Underwriting Agreement contains provisions granting the Underwriter, by notice in writing, the right to terminate the Underwriter's obligations thereunder on the occurrence of certain events. The Underwriter may terminate the Underwriting Agreement on or before the Latest Time for Termination if prior to the Latest Time for Termination, any of the following happens:

(a) in the reasonable opinion of the Underwriter, the success of the Rights Issue would be materially and adversely affected by:

(i) the introduction of any new regulation or any change in existing law or regulation (or the judicial interpretation thereof) or other occurrence of any nature whatsoever which may in the reasonable opinion of the Underwriter materially and adversely affect the business or the financial or trading position or prospects of the Group as a whole or is materially adverse in the context of the Rights Issue; or

(ii) the occurrence of any local, national or international event or change (whether or not forming part of a series of events or changes occurring or continuing before, and/or after the date of the Underwriting Agreement), of a political, military, financial, economic or other nature, or in the nature of any local, national or international outbreak or escalation of hostilities or armed conflict, or affecting local securities markets which may, in the reasonable opinion of the Underwriter materially and adversely affect the business or the financial or trading position or prospects of the Group as a whole; or

(iii) any material adverse change in the business or in the financial or trading position or prospects of the Group as a whole; or

(iv) the imposition of any moratorium, suspension or material restriction on trading in securities generally on the Stock Exchange occurring due to exceptional financial circumstances; or

(v) a change or development involving a prospective material change in taxation in Hong Kong or the implementation of exchange controls which shall or might materially adversely affect the Company; or

(vi) any material change in market conditions, taxation or exchange control or combination of circumstances in Hong Kong, the PRC or the US (including without limitation suspension or material restriction on trading in securities); or

(b) any material adverse change in market conditions (including, without limitation, a change in fiscal or monetary policy or foreign exchange or currency markets, suspension or restriction of trading in securities, and a change in currency conditions for the purpose of this clause includes a change in the system under which the value of the Hong Kong currency is pegged with that of the currency of the United States of America) occurs which in the reasonable opinion of the Underwriter makes it inexpedient or inadvisable to proceed with the Rights Issue; or

(c) the circular in relation to the Rights Issues or this prospectus when published contain information (either as to business prospects or the condition of the Group or as to its compliance with any laws or the Listing Rules or any applicable regulations) which has not prior to the date hereof been publicly announced or published by the Company and which in the reasonable opinion of the Underwriter is material to the Group as a whole upon completion of the Rights Issue and is likely to affect materially and adversely the success of the Rights Issue or might cause a prudent investor not to accept the Rights Shares provisionally allotted to it; or

(d) if the Underwriter shall receive notification of, or shall otherwise become aware of, the fact that any of the representations or warranties given by the Company in the Underwriting Agreement was, when given, untrue or inaccurate in any material respect or would be untrue or inaccurate in any material respect if repeated as provided in the Underwriting Agreement and the Underwriter shall determine that any such untrue representation or warranty represents or is likely to represent a material adverse change in the business, financial or trading position or prospects of the Group taken as a whole or is otherwise likely to have a materially prejudicial effect on the Rights Issue; or

(e) any change occurs in the circumstances of the Company or any member of the Group, or the Company commits any breach of or omits to observe any of the obligations or undertakings expressed to be assumed by it under the Underwriting Agreement which breach or omission, which, in the sole opinion of the Underwriter, would materially and adversely affect the business, financial or trading position or prospects of the Group as a whole; or

(f) the occurrence of any event, or series of events, beyond the control of the Underwriter which, at the absolute discretion of the Underwriter, have or would have the effect of making any part of the Underwriting Agreement incapable of performance in accordance with its terms or which prevents the processing of applications and/or payments pursuant to the Rights Issue or pursuant to the underwriting thereof or which have or is likely to have a material prejudicial effect on the Rights Issue.

As far as the Company is aware, there is no information falling within paragraph (c) above.

Pursuant to the Underwriting Agreement, a European Restructuring Event shall not constitute a cause for termination of the Underwriting Agreement by the Underwriter.

If the Underwriting Agreement is terminated by the Underwriter on or before the aforesaid deadline or does not become unconditional, the Underwriting Agreement shall terminate (save in respect of any rights and obligations which may accrue under the Underwriting Agreement prior to such termination) and neither the Company nor the Underwriter shall have any claim against the other party for costs, damages, compensation or otherwise and the Rights Issue will not proceed.

WARNING OF THE RISK OF DEALING IN THE SHARES AND NIL-PAID RIGHTS SHARES

The Shares have been dealt in on an ex-rights basis from 14 June 2007. Dealings in the Rights Shares in the nil-paid form will take place from 26 June 2007 to 4 July 2007 (both days inclusive). If the conditions of the Rights Issue are not fulfilled and/or waived on or before the Latest Acceptance Time (or such later time and/or date as the Company and the Underwriter may determine in writing), or the Underwriting Agreement is terminated by the Underwriter, the Rights Issue will not proceed and the Rights Issue will lapse.

Any persons contemplating buying or selling Shares from the date of the Announcement up to the date on which all the conditions of the Rights Issue are fulfilled or waived, and any dealings in the Rights Shares in their nil-paid form between 26 June 2007 to 4 July 2007 (both dates inclusive), bear the risk that the Rights Issue may not become unconditional or may not proceed.

Any Shareholders or other persons contemplating dealing in the Shares or nil-paid Rights Shares are recommended to consult their own professional advisers.

CHANGES IN SHAREHOLDING STRUCTURE AFTER COMPLETION OF THE RIGHTS ISSUE

Set out below is the shareholding structure of the Company after completion of the Rights Issue (assuming no Outstanding Options are exercised on or before completion of the Rights Issue):

Assuming Shareholders have taken up their respective rights and entitlements under the Rights Issue

Total issued shares	3,902,951,727	100.00%	5,854,427,590	100.00%

Note:

1. The shareholding of Thomson S.A. in the Company has since 29 May 2007 fallen below 10% and therefore Thomson S.A. is regarded as a public Shareholder.

Shareholders and public investors should note that the above shareholding changes are for illustration purposes only and the actual changes in the shareholding structure of the Company upon completion of the Rights Issue are subject to various factors, including the results of acceptance of the Rights Issue.

Reasons for the Rights Issue and the use of proceeds

The Company is an investment holding company. The Company, through its subsidiaries (including the TTE Group), associated companies and jointly controlled entities, is principally engaged in the manufacture and sale of a wide range of electronic consumer products including television sets and audio-visual products.

The net proceeds from the Rights Issue after deducting for expenses are estimated to be approximately HK$773.9 million. The Company intends to use approximately HK$390.0 million for partial repayment of syndicated loans, if required, otherwise this amount will be used for general working capital of the Group, and retain the remaining balance of approximately HK$383.9 million for general working capital of the Group.

The Rights Issue will enlarge the capital base of the Company and the Directors consider that it will facilitate the long-term development of the Company. Taking into account the fact that the net proceeds from the Rights Issue would improve the Group's gearing position and enhance the Company's capital base, the Directors are of the view that the terms of the Rights Issue are fair and reasonable and are in the interests of the Group and the Shareholders as a whole.

Save for the Rights Issue and the issue of the Bonds (details of which are set out in a circular of the Company dated 5 June 2007), the Company did not carry out any other issue of equity securities for fund raising purposes within the 12-month period immediately preceding the date of the Announcement.

The Underwriter has no intention to make any changes to the Group's existing principal businesses, the deployment of the Company's fixed assets and the continued employment of the employees of the Group.

EFFECT OF BAD WEATHER ON THE LATEST TIME FOR ACCEPTANCE AND PAYMENT FOR THE RIGHTS SHARES

If there is a "black" rainstorm warning or a tropical cyclone warning signal number 8 or above in force in Hong Kong on the latest date for acceptance of and payment for the Rights Shares at any local time between 12:00 noon and 4:00 p.m., the Latest Acceptance Time will be postponed to 4:00 p.m. on the following Business Day, which does not have either of those warnings in force in Hong Kong at any time between 12:00 noon and 4:00 p.m. Accordingly, the dates subsequent to the expected date of the Latest Acceptance Time mentioned in the section headed "Expected timetable for the Rights Issue" in this prospectus may be affected. A press announcement will be made by the Company in such event as soon as practicable.

Procedure for acceptance and payment or transfer

For each Qualifying Shareholder, a provisional allotment letter is enclosed with this prospectus which entitles you to subscribe for the number of the Rights Shares shown therein. **If you wish to exercise your right to subscribe for all the Rights Shares provisionally allotted to you as specified in the provisional allotment letter, you must lodge the provisional allotment letter in accordance with the instructions printed thereon, together with a remittance for the full amount payable on acceptance, with the Company's share registrar in Hong Kong, Tengis Limited ("Registrar") at 26th Floor, Tesbury Centre, 28 Queen's Road East, Wanchai, Hong Kong, by no later than 4:00 p.m. on 9 July 2007. All remittances must be made in Hong Kong dollars. Cheques must be drawn on an account with, or cashier's orders must be issued by, a licensed bank in Hong Kong and made payable to "TCL MULTIMEDIA TECHNOLOGY HOLDINGS LIMITED – PAL" and crossed "ACCOUNT PAYEE ONLY".**

It should be noted that unless the duly completed provisional allotment letter, together with the appropriate remittance, has been lodged with the Registrar at 26th Floor, Tesbury Centre, 28 Queen's Road East, Wanchai, Hong Kong, by no later than 4:00 p.m. on 9 July 2007, whether by the original allottee or any person to whom the rights have been validly transferred, the relevant provisional allotment and all rights and entitlement thereunder will be deemed to have been declined and will be cancelled and such Rights Shares will be available for application by the Qualifying Shareholders through the form of application for excess Rights Shares.

If you wish to accept only part of your provisional allotment or transfer part of your rights to subscribe for the Rights Shares provisionally allotted to you or to transfer your rights to more than one person, the entire provisional allotment letter must be surrendered and lodge for cancellation by no later than 4:00 p.m. on 28 June 2007, to the Registrar at 26th Floor, Tesbury Centre, 28 Queen's Road East, Wanchai, Hong Kong, which will cancel the entire original provisional allotment letter and issue new provisional allotment letters in the denominations required. It should be noted that Hong Kong stamp duty is payable in connection with the transfer of the rights to subscribe for the Rights Shares.

The provisional allotment letter contains full information regarding the procedures to be followed for acceptance and/or transfer of the whole or part of your provisional allotment.

All cheques and cashier's orders will be presented for payment immediately following receipt and all interest earned on such monies will be retained for the benefit of the Company. Any provisional allotment letter in respect of which the accompanying cheque or cashier's order is dishonoured on first presentation is liable to be rejected, and in that event the relevant provisional allotment of Rights Shares and all rights thereunder will be deemed to have been declined and will be cancelled.

No action has been taken to permit the offering of the Rights Shares or the distribution of this prospectus or the provisional allotment letter for the Rights Shares in any territory other than Hong Kong. Subject to the paragraph headed "Excluded Shareholders" above, no person receiving a provisional allotment letter for the Rights Shares in any territory outside Hong Kong may treat it as an offer or invitation to apply for the Rights Shares, unless in the relevant territory such an offer or invitation could lawfully be made without compliance with any registration or other legal and regulatory requirements. Subject as referred to below, it is the responsibility of anyone outside Hong Kong wishing to make an application for the Rights Shares to satisfy himself/herself/itself/themselves as to the observance of the laws and regulations of the relevant territory or jurisdiction, including the obtaining of any governmental or other consents, and to pay any taxes and duties required to be paid in such territory in connection therewith. No application for Rights Shares will be accepted from any person whose address is outside Hong Kong unless the Company is satisfied (in its absolute discretion) that such acceptance would not involve a breach of any applicable laws or regulatory requirements of any need for compliance with any registration or other legal or regulatory requirements. The Company reserves the right to refuse to accept any application for the Rights Shares where it believes that doing so would violate the applicable securities or other laws or regulations of the territory of residence of the applicant.

If the Underwriter exercises its right to terminate its obligations under the Underwriting Agreement before the Latest Time for Termination, the Rights Issue will not proceed and the monies received in respect of acceptances of the Rights Shares will be returned without interest to the Qualifying Shareholders or such other persons to whom the Rights Shares in their nil-paid form shall have been validly transferred, by means of cheques crossed "ACCOUNT PAYEE ONLY" to be despatched by ordinary post to their registered addresses and in the case of joint applicants to the registered address of the applicant whose name first appears on the register of members of the Company or the transfer form at their own risk on or before 16 July 2007.

APPLICATION FOR EXCESS RIGHTS SHARES

Qualifying Shareholders are entitled to apply for any unsold entitlements of the Excluded Shareholders (see the paragraph headed "Excluded Shareholders" above), any unsold fractions of Rights Shares and any nil-paid Rights Shares provisionally allotted but not accepted by the Qualifying Shareholders.

If you as a Qualifying Shareholder wish to apply for any Rights Shares in addition to your provisional allotment indicated on the provisional allotment letter enclosed with this prospectus, you must complete and sign the enclosed form of application for excess Rights Shares in accordance with the instructions printed thereon and lodge it, together with a separate remittance for the full amount payable on application in respect of the excess Rights Shares applied for, with the Registrar at 26th Floor, Tesbury Centre, 28 Queen's Road East, Wanchai, Hong Kong, by no later than 4:00 p.m. on 9 July 2007. All

remittances must be made by cheque or cashier's order in Hong Kong dollars. Cheques must be drawn on account with, or cashier's order must be issued by, a licensed bank in Hong Kong and made payable to "TCL MULTIMEDIA TECHNOLOGY HOLDINGS LIMITED – EAF" and crossed "ACCOUNT PAYEE ONLY". <u>Shareholders should note that only cheques issued by and bearing the name of the Qualifying Shareholders will be accepted.</u>

The Qualifying Shareholder(s) will be notified of any allotment of excess Rights Shares made to him/her/it/them on or about 13 July 2007 from the announcement of the result of the Rights Issue to be appeared in newspapers.

All cheques and cashier's orders will be presented for payment immediately following receipt and all interest earned on such monies shall be retained for the benefit of the Company. Any form of application for excess Rights Shares in respect of which the accompanying cheque or cashier's order is dishonored on first presentation is liable to be rejected and cancelled.

If no excess Rights Shares are allotted to the Qualifying Shareholders, it is expected that a cheque for the full amount tendered on application for the excess Rights Shares without interest will be posted to the Qualifying Shareholder's address as shown on the register of member of the Company by ordinary post at his/her/its/their own risk on or before 16 July 2007. If the number of excess Rights Shares allotted to the Qualifying Shareholders is less than that applied for, it is expected that a cheque for the amount of the surplus application monies, without interest, will be posted to the Qualifying Shareholder's address as shown on the register of members of the Company by ordinary post at his/her/its/their own risk on or before 16 July 2007.

No action has been taken to permit the offering of the Rights Shares or the distribution of this prospectus or the form of application for excess Rights Shares in any territory outside Hong Kong and therefore the form of application for excess Rights Shares may not be used by the Excluded Shareholders. Subject to the paragraph headed "Excluded Shareholders" above, no person receiving a copy of the form of application for excess Rights Shares in any territory outside Hong Kong may treat it as an offer or invitation to apply for excess Rights Shares, unless in the relevant territory such an offer or invitation could lawfully be made without compliance with any registration or other legal and regulatory requirements. Subject as referred to below, it is the responsibility of anyone outside Hong Kong wishing to make an application for the excess Rights Shares to satisfy himself/herself/itself/themselves as to the observance of the laws and regulations of the relevant territory, including the obtaining of any governmental or other consents, and to pay any taxes and duties required to be paid in such territory in connection therewith. No application for excess Rights Shares will be accepted from any person whose address is outside Hong Kong unless the Company is satisfied (in its absolute discretion) that such acceptance would not involve a breach of any applicable laws or regulatory requirements of any need for compliance with any registration or other legal or regulatory requirements. The Company reserves the right to refuse to accept any application for excess Rights Shares where it believes that doing so would violate the applicable securities or other laws or regulations of the territory of residence of the applicant.

If the Underwriter exercises its right to terminate its obligations under the Underwriting Agreement before the Latest Time for Termination, the Rights Issue will not proceed and the monies received in respect of applications for excess Rights Shares without interest will be returned to the Qualifying Shareholders or, in the case of joint applicants, to the first-named person, by means of cheques crossed "ACCOUNT PAYEE ONLY" to be despatched by ordinary post to their registered addresses and in the case of joint applicants to the registered address of the applicant whose name first appears on the register of members of the Company at their own risk on or before 16 July 2007.

NOTES TO FINANCIAL STATEMENTS

31 December 2006

1. CORPORATE INFORMATION

TCL Multimedia Technology Holdings Limited is a limited liability company incorporated in the Cayman Islands.

During the year, the Group was involved in the following principal activities:

- manufacture and sale of colour television sets, and trading of related components
- manufacture and sale of other audio-visual products
- manufacture and sale of computer related products (discontinued during the year)

In the opinion of the directors, T.C.L. Industries Holdings (H.K.) Limited ("T.C.L. Industries"), a company incorporated in Hong Kong, is the immediate holding company of the Company and the ultimate holding company of the Company is TCL Corporation, which is registered in the People's Republic of China (the "PRC").

2. BASIS OF PRESENTATION

(a) Going concern

As at 31 December 2006, the Group had net current liabilities of approximately HK$1,010 million that included bank loans of approximately HK$1,115 million (the "Syndication Loans") which were repayable on demand due to the breach of certain financial covenants of the relevant bank loan agreements. The Group also incurred a loss attributable to equity holders of the parent of approximately HK$2,497 million for the year ended 31 December 2006.

In order to strengthen the capital base of the Group and to improve the Group's financial position, immediate liquidity and cash flows, or otherwise to sustain the Group as a going concern, the directors of the Company have taken the following measures:

(i) On 12 October 2006, the Company, TTE Corporation ("TTE"), a wholly-owned subsidiary of the Company, and TTE Europe SAS ("TTE Europe"), a wholly-owned subsidiary of TTE, (collectively the "TCL Parties") entered into the term sheet (the "Settlement Term Sheet") with Thomson S.A. ("Thomson") and certain of its subsidiaries (collectively the "Thomson Parties") regarding the resolution of the Group's loss-making European operation (the "EU Business"), which was mainly conducted by TTE Europe, whereby the TCL Parties and the Thomson Parties have agreed to certain reciprocal concessions to alleviate the financial difficulties of the EU Business and pave the way for an amicable winding-down of this loss-making EU Business.

Details of the precise undertakings of each of the relevant parties in respect of the terms of the Settlement Term Sheet were further formalised and set forth in the Master Resolving and Settlement Agreement (the "Master Agreement") dated 13 February 2007 entered into between the TCL Parties and the Thomson Parties. Further details of these arrangements are detailed in note 47 to the financial statements.

(ii) On 15 May 2007, the Company proposed to raise not less than approximately HK$781 million (before expenses) by issuing not less than approximately 1,951 million new ordinary shares of the Company and to raise not more than approximately HK$808 million by issuing not more than approximately 2,019 million new ordinary shares of the Company at a subscription price of HK$0.4 per share (the "Rights Share") on the basis of one Rights Share for every two existing shares (the "Rights Issue"). Any Rights Share not taken up by the existing shareholders will be fully underwritten by T.C.L. Industries pursuant to the terms and conditions of the Underwriting Agreement dated 15 May 2007.

Further details of the Rights Issue are set out in the Company's announcement dated 15 May 2007.

2. **BASIS OF PRESENTATION** *(Continued)*

(a) **Going concern** *(Continued)*

(iii) On 17 May 2007, the Company obtained an undertaking from TCL Corporation which undertakes that TCL Corporation together with T.C.L. Industries and TCL Finance Co., Ltd ("TCL Finance"), will make available to the Group loans of not less than HK$469 million, in aggregate, at each month end for the period from 17 May 2007 to 30 June 2008 or the date on which the issuance of convertible bonds discussed in (iv) below is completed, whichever is earlier.

(iv) On 18 May 2007, the Company entered into a purchase agreement (the "Purchase Agreement") with Deutsche Bank AG, London (the "Purchaser"), whereby the Company agreed to issue and the Purchaser, subject to the satisfaction of the conditions precedent of the Purchase Agreement, agreed to subscribe and pay for or to procure subscribers to subscribe and pay for the secured convertible bonds due 2012 (the "Bonds") with an aggregate principal amount of US$140 million (equivalent to approximately HK$1,095 million).

Further details of the issue of the Bonds are set out in the Company's announcement dated 21 May 2007.

In the opinion of the directors of the Company, in light of the measures taken to date, together with the expected results of the fund raising exercises in progress, the Group will have sufficient working capital for its current requirements and it is reasonable to expect the Group to return to a commercially viable going concern. Accordingly, the directors of the Company are satisfied that it is appropriate to prepare the financial statements on a going concern basis, notwithstanding the Group's financial and liquidity position at 31 December 2006.

Should the Group be unable to continue as a going concern, adjustments would have to be made to restate the values of assets to their recoverable amounts, to provide for any further liabilities which might arise and to reclassify non-current assets and liabilities as current assets and liabilities, respectively. The effects of these potential adjustments have not been reflected in these financial statements.

(b) **Winding-down and liquidation of TTE Europe and its subsidiaries (collectively the "EU Group")**

Liquidation basis of accounting

As a result of the Company's decision to significantly wind down the EU Group in October 2006 and the filing of a declaration of insolvency to the French court by TTE Europe on 24 May 2007, the liquidation basis of accounting has been adopted for the financial statements of the EU Group for the year ended 31 December 2006.

Under the liquidation basis of accounting, assets are stated at their estimated net realisable value, and liabilities are stated at their estimated settlement amounts, and the relevant estimates will be periodically reviewed and adjusted as appropriate. Assets and liabilities included in the financial statements of the EU Group are stated on the following bases:

- Items of property, plant and equipment and inventories are reflected at net realisable values which are based on the expected net sales proceeds to be received from the scrap sales of these assets;
- Trade receivables and other receivables are stated at their recoverable amounts, which are the estimated net cash proceeds to be received from the debtors;
- Cash and bank balances are presented at face value; and
- Trade payables, other payables, accruals and provisions are stated at estimated settlement amounts.

2. BASIS OF PRESENTATION *(Continued)*

(b) Winding-down and liquidation of TTE Europe and its subsidiaries (collectively the "EU Group") *(Continued)*

Adjustments to the liquidation basis of accounting

The EU Group accrued approximately HK$147 million as at 31 December 2006 in respect of costs and expenses expected to be incurred for the remaining wind-down activities. These costs and expenses include salaries and benefits for employees retained to assist with the wind-down activities, legal, accounting and professional fees, as well as other administrative expenses anticipated to be incurred during the wind-down period of the EU Group before liquidation.

In accordance with the liquidation basis of accounting, the Group recorded an adjustment of approximately HK$181 million to adjust liabilities of the EU Group to estimated settlement amounts.

Further details of the costs relating to the winding-down of the EU Group are set out in note 7 to the financial statements.

The preparation of the financial statements of the EU Group using the liquidation basis of accounting requires the Group to make assumptions, judgements and estimates that can have a significant impact on the assets and liabilities of the EU Group. Management bases its assumptions, judgements and estimates on the most recent information available and various other factors believed to be reasonable under the circumstances. Actual results could differ materially from these estimates under different assumptions or conditions. On a regular basis, management evaluates its assumptions, judgements and estimates and makes changes accordingly.

3.1 BASIS OF PREPARATION

These financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") (which also include Hong Kong Accounting Standards ("HKASs") and Interpretations) issued by the Hong Kong Institute of Certified Public Accountants, accounting principles generally accepted in Hong Kong and the disclosure requirements of the Hong Kong Companies Ordinance. They have been prepared under the historical cost convention, except for derivative financial instruments and certain equity investments, which have been measured at fair value. These financial statements are presented in Hong Kong dollars ("HK$") and all values are rounded to the nearest thousand except when otherwise indicated.

Basis of consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiaries for the year ended 31 December 2006. Adjustments are made to bring into line any dissimilar accounting policies that may exist. The results of subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases. All significant intercompany transactions and balances within the Group are eliminated on consolidation.

Minority interests represent the interests of outside shareholders not held by the Group in the results and net assets of the Company's subsidiaries. Acquisitions of minority interests are accounted for using the parent entity extension method whereby the difference between the consideration and the book value of the share of the net assets acquired is recognised as goodwill.

3.2 IMPACT OF NEW AND REVISED HKFRSs

The Group has adopted the following new and revised HKFRSs for the first time for the current year's financial statements. Except for in certain cases, giving rise to new and revised accounting policies and additional disclosures, the adoption of these new and revised standards and interpretation has had no material effect on these financial statements.

HKAS 21 Amendment	Net Investment in a Foreign Operation
HKAS 39 & HKFRS 4 Amendments	Financial Guarantee Contracts
HKAS 39 Amendment	Cash Flow Hedge Accounting of Forecast Intragroup Transactions
HKAS 39 Amendment	The Fair Value Option
HK(IFRIC)-Int 4	Determining whether an Arrangement contains a Lease
HK(IFRIC)-Int 6	Liabilities arising from Participating in a Specific Market - Waste Electrical and Electronic Equipment

The principal changes in accounting policies are as follows:

(a) HKAS 21 *The Effects of Changes in Foreign Exchange Rates*

Upon the adoption of the HKAS 21 Amendment regarding a net investment in a foreign operation, all exchange differences arising from a monetary item that forms part of the Group's net investment in a foreign operation are recognised in a separate component of equity in the consolidated financial statements irrespective of the currency in which the monetary item is denominated. This change has had no material impact on these financial statements as at 31 December 2006 or 31 December 2005.

(b) HKAS 39 *Financial Instruments: Recognition and Measurement*

(i) Amendment for financial guarantee contracts

This amendment has revised the scope of HKAS 39 to require financial guarantee contracts issued that are not considered insurance contracts, to be recognised initially at fair value and to be remeasured at the higher of the amount determined in accordance with HKAS 37 *Provisions, Contingent Liabilities and Contingent Assets* and the amount initially recognised less, when appropriate, cumulative amortisation recognised in accordance with HKAS 18 *Revenue*. The adoption of this amendment has had no material impact on these financial statements.

(ii) Amendment for the fair value option

This amendment has changed the definition of a financial instrument classified as at fair value through profit or loss and has restricted the use of the option to designate any financial asset or any financial liability to be measured at fair value through the income statement. The Group had not previously used this option, and hence the amendment has had no effect on these financial statements.

(iii) Amendment for cash flow hedge accounting of forecast intragroup transactions

This amendment has revised HKAS 39 to permit the foreign currency risk of a highly probable intragroup forecast transaction to qualify as a hedged item in a cash flow hedge, provided that the transaction is denominated in a currency other than the functional currency of the entity entering into that transaction and that the foreign currency risk will affect the consolidated income statement. As the Group currently has no such transactions, the amendment has had no effect on these financial statements.

3.2 IMPACT OF NEW AND REVISED HKFRSs *(Continued)*

(c) HK(IFRIC)-Int 4 ***Determining whether an Arrangement contains a Lease***

The Group has adopted this interpretation as of 1 January 2006, which provides guidance in determining whether arrangements contain a lease to which lease accounting must be applied. This interpretation has had no material impact on these financial statements.

(d) HK(IFRIC)-Int 6 ***Liabilities arising from Participating in a Specific Market - Waste Electrical and Electronic Equipment***

The Group has adopted this interpretation as of 1 January 2006, which provides guidance on the recognition, in the financial statements of producers, of liabilities for waste management under the European Union's Directive on Waste Electrical and Electronic Equipment in respect of sales of historical household equipment. This interpretation has had no material impact on these financial statements.

3.3 IMPACT OF ISSUED BUT NOT YET EFFECTIVE HKFRSs

The Group has not applied the following new and revised HKFRSs, that have been issued but are not yet effective, in these financial statements.

HKAS 1 Amendment	Capital Disclosures
HKFRS 7	Financial Instruments: Disclosures
HKFRS 8	Operating Segments
HK(IFRIC)-Int 7	Applying the Restatement Approach under HKAS 29 *Financial Reporting in Hyperinflationary Economies*
HK(IFRIC)-Int 8	Scope of HKFRS 2
HK(IFRIC)-Int 9	Reassessment of Embedded Derivatives
HK(IFRIC)-Int 10	Interim Financial Reporting and Impairment
HK(IFRIC)-Int 11	HKFRS 2 – Group and Treasury Share Transactions
HK(IFRIC)-Int 12	Service Concession Arrangements

The HKAS 1 Amendment shall be applied for annual periods beginning on or after 1 January 2007. The revised standard will affect the disclosures about qualitative information about the Group's objective, policies and processes for managing capital; quantitative data about what the Company regards as capital; and compliance with any capital requirements and the consequences of any non-compliance.

HKFRS 7 shall be applied for annual periods beginning on or after 1 January 2007. The standard requires disclosures that enable users of the financial statements to evaluate the significance of the Group's financial instruments and the nature and extent of risks arising from those financial instruments.

HKFRS 8 shall be applied for annual periods beginning on or after 1 January 2009. The standard requires the disclosure of information about the operating segments of the Group, the products and services provided by the segments, the geographical areas in which the Group operates, and revenues from the Group's major customers. This standard will supersede HKAS 14 *Segment Reporting*.

HK(IFRIC)-Int 7, HK(IFRIC)-Int 8, HK(IFRIC)-Int 9, HK(IFRIC)-Int 10, HK(IFRIC)-Int 11 and HK(IFRIC)-Int 12 shall be applied for annual periods beginning on or after 1 March 2006, 1 May 2006, 1 June 2006, 1 November 2006, 1 March 2007 and 1 January 2008, respectively.

The Group is in the process of making an assessment of the impact of these new and revised HKFRSs upon initial application. So far, it has concluded that while the adoption of the HKAS 1 Amendment, HKFRS 7 and HKFRS 8 may result in new or amended disclosures, these new and revised HKFRSs are unlikely to have a significant impact on the Group's results of operations and financial position.

3.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Subsidiaries

A subsidiary is an entity whose financial and operating policies the Company controls, directly or indirectly, so as to obtain benefits from its activities.

The results of subsidiaries are included in the Company's income statement to the extent of dividends received and receivable. The Company's interests in subsidiaries are stated at cost less any impairment losses.

Joint ventures

A joint venture is an entity set up by contractual arrangement, whereby the Group and other parties undertake an economic activity. The joint venture operates as a separate entity in which the Group and the other parties have an interest.

The joint venture agreement between the venturers stipulates the capital contributions of the joint venture parties, the duration of the joint venture entity and the basis on which the assets are to be realised upon its dissolution. The profits and losses from the joint venture's operations and any distributions of surplus assets are shared by the venturers, either in proportion to their respective capital contributions, or in accordance with the terms of the joint venture agreement.

A joint venture is treated as:

(a) a subsidiary, if the Group has unilateral control, directly or indirectly, over the joint venture;

(b) a jointly-controlled entity, if the Group does not have unilateral control, but has joint control, directly or indirectly, over the joint venture;

(c) an associate, if the Group does not have unilateral or joint control, but holds, directly or indirectly, generally not less than 20% of the joint venture's registered capital and is in a position to exercise significant influence over the joint venture; or

(d) an equity investment accounted for in accordance with HKAS 39, if the Group holds, directly or indirectly, less than 20% of the joint venture's registered capital and has neither joint control of, nor is in a position to exercise significant influence over, the joint venture.

Jointly-controlled entities

A jointly-controlled entity is a joint venture that is subject to joint control, resulting in none of the participating parties having unilateral control over the economic activity of the jointly-controlled entity.

The Group's share of the post-acquisition results and reserves of jointly-controlled entities is included in the consolidated income statement and consolidated reserves, respectively. The Group's interests in jointly-controlled entities are stated in the consolidated balance sheet at the Group's share of net assets under the equity method of accounting, less any impairment losses.

Associates

An associate is an entity, not being a subsidiary or a jointly-controlled entity, in which the Group has a long term interest of generally not less than 20% of the equity voting rights and over which it is in a position to exercise significant influence.

The Group's share of the post-acquisition results and reserves of an associate is included in the consolidated income statement and consolidated reserves, respectively. The Group's interests in an associate are stated in the consolidated balance sheet at the Group's share of net assets under the equity method of accounting, less any impairment losses.

3.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Goodwill

Goodwill arising on the acquisition of subsidiaries represents the excess of the cost of the business combination over the Group's interest in the net fair value of the acquirees' identifiable assets acquired, and liabilities and contingent liabilities assumed as at the date of acquisition.

Goodwill on acquisitions for which the agreement date is on or after 1 January 2005

Goodwill arising on acquisition is recognised in the consolidated balance sheet as an asset, initially measured at cost and subsequently at cost less any accumulated impairment losses.

The carrying amount of goodwill is reviewed for impairment annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired.

For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units, or groups of cash-generating units, that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the Group are assigned to those units or groups of units. Each unit or group of units to which the goodwill is so allocated:

- represents the lowest level within the Group at which the goodwill is monitored for internal management purposes; and

- is not larger than a segment based on either the Group's primary or the Group's secondary reporting format determined in accordance with HKAS 14 *Segment Reporting*.

Impairment is determined by assessing the recoverable amount of the cash-generating unit (group of cash-generating units) to which the goodwill relates. Where the recoverable amount of the cash-generating unit (group of cash-generating units) is less than the carrying amount, an impairment loss is recognised.

Where goodwill forms part of a cash-generating unit (group of cash-generating units) and part of the operation within that unit is disposed of, the goodwill associated with the operation disposed of is included in the carrying amount of the operation when determining the gain or loss on disposal of the operation. Goodwill disposed of in this circumstance is measured based on the relative values of the operation disposed of and the portion of the cash-generating unit retained.

An impairment loss recognised for goodwill is not reversed in a subsequent period.

Goodwill previously eliminated against consolidated capital reserve

Prior to the adoption of the HKICPA's Statement of Standard Accounting Practice 30 "Business Combinations" ("SSAP 30") in 2001, goodwill arising on acquisition was eliminated against consolidated capital reserve in the year of acquisition. On the adoption of HKFRS 3, such goodwill remains eliminated against consolidated capital reserve and is not recognised in the income statement when all or part of the business to which the goodwill relates is disposed of or when a cash-generating unit to which the goodwill relates becomes impaired.

Excess over the cost of business combinations

Any excess of the Group's interest in the net fair value of the acquirees' identifiable assets, liabilities and contingent liabilities over the cost of acquisition of subsidiaries (previously referred to as negative goodwill), after reassessment, is recognised immediately in the income statement.

3.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Impairment of non-financial assets other than goodwill

Where an indication of impairment exists, or when annual impairment testing for an asset is required (other than inventories, deferred tax assets, financial assets, goodwill and non-current assets/a disposal group classified as held for sale), the asset's recoverable amount is estimated. An asset's recoverable amount is calculated as the higher of the asset's or cash-generating unit's value in use and its fair value less costs to sell, and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case, the recoverable amount is determined for the cash-generating unit to which the asset belongs.

An impairment loss is recognised only if the carrying amount of an asset exceeds its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. An impairment loss is charged to the income statement in the period in which it arises in those expense categories consistent with the function of the impaired asset, unless the asset is carried at a revalued amount, in which case the impairment loss is accounted for in accordance with the relevant accounting policy for that revalued asset.

An assessment is made at each reporting date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. If such indication exists, the recoverable amount is estimated. A previously recognised impairment loss of an asset other than goodwill and certain financial assets is reversed only if there has been a change in the estimates used to determine the recoverable amount of that asset, however not to an amount higher than the carrying amount that would have been determined (net of any depreciation/amortisation), had no impairment loss been recognised for the asset in prior years. A reversal of such impairment loss is credited to the income statement in the period in which it arises, unless the asset is carried at a revalued amount, in which case the reversal of the impairment loss is accounted for in accordance with the relevant accounting policy for that revalued asset.

Related parties

A party is considered to be related to the Group if:

(a) the party, directly or indirectly through one or more intermediaries, (i) controls, is controlled by, or is under common control with, the Group; (ii) has an interest in the Group that gives it significant influence over the Group; or (iii) has joint control over the Group;

(b) the party is an associate;

(c) the party is a jointly-controlled entity;

(d) the party is a member of the key management personnel of the Group or its parent;

(e) the party is a close member of the family of any individual referred to in (a) or (d);

(f) the party is an entity that is controlled, jointly controlled or significantly influenced by or for which significant voting power in such entity resides with, directly or indirectly, any individual referred to in (d) or (e); or

(g) the party is a post-employment benefit plan for the benefit of the employees of the Group, or of any entity that is a related party of the Group.

3.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Property, plant and equipment and depreciation

Property, plant and equipment, other than construction in progress, are stated at cost less accumulated depreciation and any impairment losses. When an item of property, plant and equipment is classified as held for sale or when it is part of a disposal group classified as held for sale, it is not depreciated and is accounted for in accordance with HKFRS 5. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Expenditure incurred after items of property, plant and equipment have been put into operation, such as repairs and maintenance, is normally charged to the income statement in the period in which it is incurred. In situations where it can be clearly demonstrated that the expenditure has resulted in an increase in the future economic benefits expected to be obtained from the use of an item of property, plant and equipment, and where the cost of the item can be measured reliably, the expenditure is capitalised as an additional cost of that asset or as a replacement.

Depreciation is calculated on the straight-line basis to write off the cost of each item of property, plant and equipment to its residual value over its estimated useful life. The principal annual rates used for this purpose are as follows:

Freehold land	Not depreciated
Buildings	2% - 4.5%
Leasehold improvements	25% - 50%
Plant and machinery	9% - 20%
Furniture, fixtures and equipment	18% - 25%
Motor vehicles	18% - 25%

Where parts of an item of property, plant and equipment have different useful lives, the cost of that item is allocated on a reasonable basis among the parts and each part is depreciated separately.

Residual values, useful lives and the depreciation method are reviewed, and adjusted if appropriate, at each balance sheet date.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on disposal or retirement recognised in the income statement in the year the asset is derecognised is the difference between the net sales proceeds and the carrying amount of the relevant asset.

Construction in progress represents buildings under construction and plant and machinery in the process of installation, which is stated at cost less any impairment losses, and is not depreciated. Cost comprises the direct costs of construction and installation during the period of construction. Construction in progress is reclassified to the appropriate category of property, plant and equipment when completed and ready for use.

Intangible assets (other than goodwill)

The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each balance sheet date.

Intangible assets with indefinite useful lives are tested for impairment annually either individually or at the cash-generating unit level. Such intangible assets are not amortised. The useful life of an intangible asset with an indefinite life is reviewed annually to determine whether indefinite life assessment continues to be supportable. If not, the change in the useful life assessment from indefinite to finite is accounted for on a prospective basis.

3.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Intangible assets (other than goodwill) *(Continued)*

Patents and licences

Purchased patents and licences are stated at cost less any impairment losses and are amortised on the straight-line basis over their estimated useful lives of 4 to 10 years.

Trademarks

Purchased trademarks with finite lives are stated at cost less any impairment losses and are amortised on the straight-line basis over their estimated useful lives of 10 years.

Research and development costs

All research costs are charged to the income statement as incurred.

Expenditure incurred on projects to develop new products is capitalised and deferred only when the Group can demonstrate the technical feasibility of completing the intangible asset so that it will be available for use or sale, its intention to complete and its ability to use or sell the asset, how the asset will generate future economic benefits, the availability of resources to complete the project and the ability to measure reliably the expenditure during the development. Product development expenditure which does not meet these criteria is expensed when incurred.

Operating leases

Leases where substantially all the rewards and risks of ownership of assets remain with the lessor are accounted for as operating leases. Where the Group is the lessor, assets leased by the Group under operating leases are included in non-current assets, and rentals receivable under the operating leases are credited to the income statement on the straight-line basis over the lease terms. Where the Group is the lessee, rentals payable under the operating leases are charged to the income statement on the straight-line basis over the lease terms.

Prepaid land lease payments under operating leases are initially stated at cost and subsequently amortised on the straight-line basis over the lease terms. When the lease payments cannot be allocated reliably between the land and buildings elements, the entire lease payments are included in the cost of the land and buildings as a finance lease in property, plant and equipment.

Investments and other financial assets

Financial assets in the scope of HKAS 39 are classified as financial assets at fair value through profit or loss, loans and receivables and available-for-sale financial assets, as appropriate. When financial assets are recognised initially, they are measured at fair value, plus, in the case of investments not at fair value through profit or loss, directly attributable transaction costs. The Group considers whether a contract contains an embedded derivative when the Group first becomes a party to it. The embedded derivatives are separated from the host contract which is not measured at fair value through profit or loss when the analysis shows that the economic characteristics and risks of embedded derivatives are not closely related to those of the host contract.

The Group determines the classification of its financial assets after initial recognition and, where allowed and appropriate, re-evaluates this designation at the balance sheet date.

All regular way purchases and sales of financial assets are recognised on the trade date, that is, the date that the Group commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace.

3.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Investments and other financial assets *(Continued)*

Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss include financial assets held for trading and financial assets designated upon initial recognition as at fair value through profit or loss. Financial assets are classified as held for trading if they are acquired for the purpose of sale in the near term. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments or financial guarantee contracts. Gains or losses on these financial assets are recognised in the income statement.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are subsequently carried at amortised cost using the effective interest method. Amortised cost is calculated taking into account any discount or premium on acquisition and includes fees that are an integral part of the effective interest rate and transaction costs. Gains and losses are recognised in the income statement when the loans and receivables are derecognised or impaired, as well as through the amortisation process.

Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets in unlisted equity securities that are designated as available for sale or are not classified in any of the other two categories. After initial recognition, available-for-sale financial assets are measured at fair value, with gains or losses recognised as a separate component of equity until the investment is derecognised or until the investment is determined to be impaired, at which time the cumulative gain or loss previously reported in equity is included in the income statement.

When the fair value of unlisted equity securities cannot be reliably measured because (a) the variability in the range of reasonable fair value estimates is significant for that investment or (b) the probabilities of the various estimates within the range cannot be reasonably assessed and used in estimating fair value, such securities are stated at cost less any impairment losses.

Fair value

The fair value of investments that are actively traded in organised financial markets is determined by reference to quoted market bid prices at the close of business at the balance sheet date. For investments where there is no active market, fair value is determined using valuation techniques. Such techniques include using recent arm's length market transactions; reference to the current market value of another instrument which is substantially the same; a discounted cash flow analysis; and option pricing models.

Impairment of financial assets

The Group assesses at each balance sheet date whether there is any objective evidence that a financial asset or a group of financial assets is impaired.

Assets carried at amortised cost

If there is objective evidence that an impairment loss on loans and receivables carried at amortised cost has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate (i.e., the effective interest rate computed at initial recognition). The carrying amount of the asset is reduced either directly or through the use of an allowance account. The amount of the impairment loss is recognised in the income statement.

3.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Impairment of financial assets *(Continued)*

Assets carried at amortised cost (Continued)

The Group first assesses whether objective evidence of impairment exists individually for financial assets that are individually significant, and individually or collectively for financial assets that are not individually significant. If it is determined that no objective evidence of impairment exists for an individually assessed financial asset, whether significant or not, the asset is included in a group of financial assets with similar credit risk characteristics and that group is collectively assessed for impairment. Assets that are individually assessed for impairment and for which an impairment loss is or continues to be recognised are not included in a collective assessment of impairment.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed. Any subsequent reversal of an impairment loss is recognised in the income statement, to the extent that the carrying value of the asset does not exceed its amortised cost at the reversal date.

In relation to trade receivables, a provision for impairment is made when there is objective evidence (such as the probability of insolvency or significant financial difficulties of the debtor) that the Group will not be able to collect all of the amounts due under the original terms of an invoice. The carrying amount of the receivables is reduced through the use of an allowance account. Impaired debts are derecognised when they are assessed as uncollectible.

Assets carried at cost

If there is objective evidence that an impairment loss on an unquoted equity instrument that is not carried at fair value because its fair value cannot be reliably measured has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the current market rate of return for a similar financial asset. Impairment losses on these assets are not reversed.

Available-for-sale financial assets

If an available-for-sale asset is impaired, an amount comprising the difference between its cost (net of any principal payment and amortisation) and its current fair value, less any impairment loss previously recognised in the income statement, is transferred from equity to the income statement. Impairment losses on equity instruments classified as available for sale are not reversed through the income statement.

Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised where:

- the rights to receive cash flows from the asset have expired;
- the Group retains the rights to receive cash flows from the asset, but has assumed an obligation to pay them in full without material delay to a third party under a "pass-through" arrangement; or
- the Group has transferred its rights to receive cash flows from the asset and either (a) has transferred substantially all the risks and rewards of the asset, or (b) has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Where the Group has transferred its rights to receive cash flows from an asset and has neither transferred nor retained substantially all the risk and rewards of the asset nor transferred control of the asset, the asset is recognised to the extent of the Group's continuing involvement in the asset. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

3.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Derecognition of financial assets *(Continued)*

Where continuing involvement takes the form of a written and/or purchased option (including a cash-settled option or similar provision) on the transferred asset, the extent of the Group's continuing involvement is the amount of the transferred asset that the Group may repurchase, except in the case of a written put option (including a cash-settled option or similar provision) on an asset measured at fair value, where the extent of the Group's continuing involvement is limited to the lower of the fair value of the transferred asset and the option exercise price.

Financial liabilities at amortised cost (including interest-bearing bank and other borrowings)

Financial liabilities including trade and other payables, amounts due to the ultimate holding company and a shareholder and interest-bearing bank and other borrowings are initially stated at fair value less directly attributable transaction costs and are subsequently measured at amortised cost, using the effective interest method unless the effect of discounting would be immaterial, in which case they are stated at cost.

Gains and losses are recognised in the income statement when the liabilities are derecognised as well as through the amortisation process.

Financial guarantee contracts

Financial guarantee contracts in the scope of HKAS 39 are accounted for as financial liabilities. A financial guarantee contract is recognised initially at its fair value plus transaction costs that are directly attributable to the acquisition or issue of the financial guarantee contract, except when such contract is recognised at fair value through profit or loss. Subsequent to initial recognition, the Group measures the financial guarantee contract at the higher of: (i) the amount determined in accordance with HKAS 37 *Provisions, Contingent Liabilities and Contingent Assets*; and (ii) the amount initially recognised less, when appropriate, cumulative amortisation recognised in accordance with HKAS 18 *Revenue*.

Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and a recognition of a new liability, and the difference between the respective carrying amounts is recognised in the income statement.

Derivative financial instruments and hedging

The Group uses derivative financial instruments such as forward currency contracts and interest rate swaps to hedge its risks associated with foreign currency and interest rate fluctuations. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value. Derivatives are carried as assets when the fair value is positive and as liabilities when the fair value is negative.

Any gains or losses arising from changes in fair value on derivatives that do not qualify for hedge accounting are taken directly to the income statement.

The fair value of forward currency contracts is calculated by reference to current forward exchange rates for contracts with similar maturity profiles. The fair value of interest rate swap contracts is determined by reference to market values of similar instruments.

Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined on the weighted average basis and, in the case of work in progress and finished goods, comprises direct materials, direct labour and an appropriate proportion of overheads. Net realisable value is based on estimated selling prices less any estimated costs to be incurred to completion and disposal.

3.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Cash and cash equivalents

For the purpose of the consolidated cash flow statement, cash and cash equivalents comprise cash on hand and demand deposits, and short term highly liquid investments which are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, and have a short maturity of generally within three months when acquired, less bank overdrafts which are repayable on demand and form an integral part of the Group's cash management.

For the purpose of the balance sheets, cash and bank balances comprise cash on hand and at banks, including term deposits, which are not restricted as to use.

Provisions

A provision is recognised when a present obligation (legal or constructive) has arisen as a result of a past event and it is probable that a future outflow of resources will be required to settle the obligation, provided that a reliable estimate can be made of the amount of the obligation.

Income tax

Income tax comprises current and deferred tax. Income tax is recognised in the income statement, or in equity if it relates to items that are recognised in the same or a different period directly in equity.

Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities.

Deferred tax is provided, using the liability method, on all temporary differences at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- where the deferred tax liability arises from goodwill or the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and

- in respect of taxable temporary differences associated with investments in subsidiaries, an associate and interests in joint ventures, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, carryforward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carryforward of unused tax credits and unused tax losses can be utilised except:

- where the deferred tax asset relating to the deductible temporary differences arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and

- in respect of deductible temporary differences associated with investments in subsidiaries, an associate and interests in joint ventures, deferred tax assets are only recognised to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Conversely, previously unrecognised deferred tax assets are reassessed at each balance sheet date and are recognised to the extent that it is probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

3.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Income tax *(Continued)*

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Government grants

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. When the grant relates to an expense item, it is recognised as income over the periods necessary to match the grant on a systematic basis to the costs that it is intended to compensate.

Revenue recognition

Revenue is recognised when it is probable that the economic benefits will flow to the Group and when the revenue can be measured reliably, on the following bases:

(a) from the sale of goods, when the significant risks and rewards of ownership have been transferred to the buyer, provided that the Group maintains neither managerial involvement to the degree usually associated with ownership, nor effective control over the goods sold;

(b) interest income, on an accrual basis using the effective interest method by applying the rate that discounts the estimated future cash receipts through the expected life of the financial instrument to the net carrying amount of the financial asset;

(c) from the rendering of services, when the services are rendered;

(d) rental income, on a time proportion basis over the lease terms; and

(e) dividend income, when the shareholders' right to receive payment has been established.

Employee benefits

Share-based payment transactions

The Company operates a share option scheme for the purpose of providing incentives and rewards to eligible participants who contribute to the success of the Group's operations. Employees (including directors) of the Group receive remuneration in the form of share-based payment transactions, whereby employees render services as consideration for equity instruments ("equity-settled transactions").

The cost of equity-settled transactions with employees is measured by reference to the fair value at the date at which they are granted. The fair value is determined by an external valuer or management using a binomial model, further details of which are given in note 40 to the financial statements. In valuing equity-settled transactions, no account is taken of any performance conditions, other than conditions linked to the price of the shares of the Company ("market conditions"), if applicable.

The cost of equity-settled transactions is recognised, together with a corresponding increase in equity, over the period in which the performance and/or service conditions are fulfilled, ending on the date on which the relevant employees become fully entitled to the award (the "vesting date"). The cumulative expense recognised for equity-settled transactions at each balance sheet date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The charge or credit to the income statement for a period represents the movement in the cumulative expense recognised as at the beginning and end of that period. The equity amount is recognised in the share option reserve until either the option is exercised (when it is transferred to the share premium account) or the option expires/lapses (when it is released directly to retained profits).

3.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Employee benefits *(Continued)*

Share-based payment transactions (Continued)

No expense is recognised for awards that do not ultimately vest, except for awards where vesting is conditional upon a market condition, which are treated as vesting irrespective of whether or not the market condition is satisfied, provided that all other performance conditions are satisfied.

Where the terms of an equity-settled award are modified, as a minimum an expense is recognised as if the terms had not been modified. In addition, an expense is recognised for any modification, which increases the total fair value of the share-based payment arrangement, or is otherwise beneficial to the employee as measured at the date of modification.

Where an equity-settled award is cancelled, it is treated as if it had vested on the date of cancellation, and any expense not yet recognised for the award is recognised immediately. However, if a new award is substituted for the cancelled award, and is designated as a replacement award on the date that it is granted, the cancelled and new awards are treated as if they were a modification of the original award, as described in the previous paragraph.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of earnings per share.

The Group has adopted the transitional provisions of HKFRS 2 in respect of equity-settled awards and has applied HKFRS 2 only to equity-settled awards granted after 7 November 2002 that had not vested by 1 January 2005 and to those granted on or after 1 January 2005.

Pension schemes

The Group operates a defined contribution Mandatory Provident Fund retirement benefits scheme (the "MPF Scheme") in Hong Kong under the Mandatory Provident Fund Schemes Ordinance for those employees who are eligible to participate in the MPF Scheme. Contributions are made based on a percentage of the employees' basic salaries and are charged to the income statement as they become payable in accordance with the rules of the MPF Scheme. The assets of the MPF Scheme are held separately from those of the Group in an independently administered fund. The Group's employer contributions vest fully with the employees when contributed into the MPF Scheme.

Certain subsidiaries outside Hong Kong are required to contribute a certain percentage of their payroll costs to pension schemes operated by the respective governments. The only obligation of the Group with respect to the pension schemes is to pay the required ongoing contributions. Contributions under the schemes are charged to the income statement as they become payable in accordance with the rules of the pension schemes.

Certain subsidiaries operate defined benefits pension schemes and provide certain additional post-employment healthcare benefits to certain employees. These benefits are unfunded. The cost of providing benefits under the plans is determined separately for each plan using the projected unit credit actuarial valuation method. Actuarial gains and losses are recognised as income or expenses when the net cumulative unrecognised actuarial gains and losses for each individual plan at the end of the previous reporting year exceeded 10% of the defined benefits obligation. These gains or losses are recognised over the expected average remaining working lives of the employees participating in the plans.

Foreign currencies

These financial statements are presented in Hong Kong dollars, which is the Company's functional and presentation currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency. Foreign currency transactions are initially recorded using the functional currency rates ruling at the date of the transactions. Monetary assets and liabilities denominated in foreign currencies are retranslated at the functional currency rates of exchange ruling at the balance sheet date. All differences are taken to the income statement. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

3.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Foreign currencies *(Continued)*

The functional currencies of certain overseas subsidiaries and jointly-controlled entities and an associate are currencies other than the Hong Kong dollar. As at the balance sheet date, the assets and liabilities of these entities are translated into the presentation currency of the Company at the exchange rates ruling at the balance sheet date, and their income statements are translated into Hong Kong dollars at the weighted average exchange rates for the year. The resulting exchange differences are included in the exchange fluctuation reserve. On disposal of a foreign entity, the deferred cumulative amount recognised in equity relating to that particular foreign operation is recognised in the income statement.

For the purpose of the consolidated cash flow statement, the cash flows of overseas subsidiaries are translated into Hong Kong dollars at the exchange rates ruling at the dates of the cash flows. Frequently recurring cash flows of overseas subsidiaries which arise throughout the year are translated into Hong Kong dollars at the weighted average exchange rates for the year.

4. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

Judgements

In addition to the judgements and estimates made by the EU Group in applying the liquidation basis of accounting in note 2(b) to the financial statements, in the process of applying the Group's accounting policies, management has made the following judgements, apart from those involving estimations, which have the most significant effect on the amounts recognised in the financial statements:

(i) Derecognition of financial assets – Receivables purchase arrangements

The Group has entered into certain receivables purchase arrangements with its banks and a factoring company on its trade receivables. The Group has determined that it retains substantially all the risks and rewards of ownership of these trade receivables, either the risks in respect of default payments or the time value of money, which are purchased by the relevant banks and the factoring company. Accordingly, the relevant trade receivables are not derecognised.

(ii) Trademarks with indefinite useful lives

The Group has certain trademarks with indefinite useful lives. The Group has determined that the useful lives of such trademarks are indefinite as there is no foreseeable limit to the period over which these trademarks may be used to generate cash flows to the Group.

Estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the balance sheet date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below.

(i) Impairment of goodwill and intangible assets with indefinite useful lives

The Group determines whether goodwill and intangible assets with indefinite useful lives are impaired at least on an annual basis. This requires an estimation of the value in use of the cash-generating units to which the goodwill/intangible asset is allocated. Estimating the value in use requires the Group to make an estimate of the expected future cash flows from the cash-generating unit and also to choose a suitable discount rate in order to calculate the present value of those cash flows. The carrying amounts of goodwill and intangible assets with indefinite useful lives at 31 December 2006 were HK$119,638,000 (2005: HK$206,639,000) and HK$56,598,000 (2005: HK$56,598,000), respectively. Further details are given in notes 19 and 20 to the financial statements, respectively.

4. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES *(Continued)*

Estimation uncertainty *(Continued)*

(ii) Useful lives and impairment of property, plant and equipment

The Group determines the useful lives and related depreciation charges for its property, plant and equipment based on the historical experience of the actual useful lives of property, plant and equipment of similar nature and functions. The estimated useful lives could change significantly as a result of technical innovations and competitor actions in response to severe industry cycles.

Management will increase the depreciation charge where useful lives are less than previously estimated, or it will write off or write down technically obsolete or non-strategic assets that have been abandoned. Actual economic lives of property, plant and equipment may differ from estimated useful lives. Periodic review could result in a change in depreciable lives and therefore depreciation in the future periods.

(iii) Impairment of trade receivables

Impairment of trade receivables is made based on assessment of the recoverability of receivables due from customers. The identification of impairment requires management judgements and estimates. Where the actual outcome or expectation in future is different from the original estimate, such differences will impact on the carrying value of the receivables and impairment losses/reversal of impairment losses in the period in which such estimate has been changed.

(iv) Provision against obsolete and slow-moving inventories

The Group reviews the condition of its inventories and makes provision against obsolete and slow-moving inventory items which are identified as no longer suitable for sale or use. Management estimates the net realisable value for such inventories based primarily on the latest invoice prices and current market conditions. The Group carries out an inventory review at each balance sheet date and makes provision against obsolete and slow-moving items. Management reassesses the estimation on each balance sheet date.

The provision against obsolete and slow-moving inventories requires the use of judgements and estimates. Where the expectation is different from the original estimate, such difference will impact on the carrying value of inventories and the write-down of inventories recognised in the periods in which such estimates have been changed.

(v) Warranty provisions

As further explained in note 35, the Group makes provisions for the warranties it gives on sale of its products taking into account the Group's current sales levels and past experience of the level of repairs and returns. As the Group is continually upgrading its product designs and launching new models, it is possible that the past experience of the level of repairs and returns is not indicative of future claims that it will receive in respect of past sales. Any increase or decrease in the actual claims would affect profit or loss in future years.

Further information about the assumptions and their risk factors relating to defined retirement benefit obligations, the fair value of the share options granted and financial instruments are discussed in notes 39, 40 and 48, respectively.

5. SEGMENT INFORMATION

Segment information is presented by way of two segment formats: (i) on a primary segment reporting basis, by business segment; and (ii) on a secondary segment reporting basis, by geographical segment.

The Group's operating businesses are structured and managed separately according to the nature of their operations and the products and services they provide. Each of the Group's business segments represents a strategic business unit that offers products and services which are subject to risks and returns that are different from those of the other business segments. Summary details of the business segments are as follows:

(a) the television segment manufactures colour television sets and trades related components;

(b) the computer segment manufactures personal computers and peripheral products (discontinued during the year);

(c) the audio-visual segment manufactures audio-visual products; and

(d) the others segment comprises information technology and other businesses.

In determining the Group's geographical segments, revenues are attributed to the segments based on the location of the customers, and assets are attributed to the segments based on the location of the assets.

Intersegment sales and transfers are transacted with reference to the selling prices used for sales made to third parties at the then prevailing market prices.

The share of tax attributable to jointly-controlled entities amounting to HK$783,000 (2005: HK$1,130,000) is included in "Share of profits and losses of jointly-controlled entities and an associate" on the face of the consolidated income statement.

In accordance with the relevant tax rules and regulations of the PRC, certain of the Company's PRC subsidiaries and jointly-controlled entities enjoy income tax exemptions and reductions. Certain PRC subsidiaries and jointly-controlled entities and an associate are subject to income taxes at tax rates ranging from 15% to 33%.

13. LOSS ATTRIBUTABLE TO EQUITY HOLDERS OF THE PARENT

The consolidated loss attributable to equity holders of the parent for the year ended 31 December 2006 includes a loss of HK$2,700,095,000 (2005: HK$296,037,000) which has been dealt with in the financial statements of the Company (note 41).

14. DISCONTINUED OPERATION

On 21 June 2006, the Company and T.C.L. Industries entered into a sale and purchase agreement and pursuant to which the Company, inter alia, disposed of its entire interest in TCL Computer Technology (BVI) Co., Ltd. ("Computer Technology") to T.C.L. Industries for a consideration of HK$283 million. Computer Technology and its subsidiaries are principally engaged in the manufacture and sale of computer related products and represent a separate business segment, the Computer segment, of the Group that is part of the PRC operations. The disposal was completed on 8 September 2006 and further details of this disposal are set out in note 47 to the financial statements.

The results of the Computer segment for the period from 1 January to 8 September 2006 and the year ended 31 December 2005 are presented below:

	2006	**2005**

As further detailed in note 3.4 to the financial statements, the Group applied the transitional provisions of HKFRS 3 that permitted goodwill in respect of business combinations which occurred prior to 2001 to remain eliminated against consolidated capital reserve.

At 31 December 2006, the amount of goodwill remaining in consolidated capital reserve, arising from the acquisition of a subsidiary prior to the adoption of SSAP 30 in 2001, was HK$1,819,000 (2005: HK$1,819,000), representing its cost.

19. GOODWILL *(Continued)*

Impairment testing of goodwill

Goodwill acquired through business combinations has been allocated to the PRC television products cash-generating unit for impairment testing.

The carrying amount of goodwill allocated to the PRC television products cash-generating unit is as follows:

	PRC television products	
	2006	**2005**
	HK$'000	*HK$'000*
Carrying amount of goodwill	119,638	56,500

PRC television products cash-generating unit

The recoverable amount of the PRC television products cash-generating unit has been determined based on a value in use calculation using cash flow projections based on financial budgets covering a five-year period approved by senior management. The discount rate applied to cash flow projections is 7.6% (2005: 8%) and cash flows beyond the five-year period are extrapolated using a steady growth rate.

Management has determined the budgeted gross margins based on past performance and its expectation for market development. The discount rates used are before tax and reflect specific risks relating to the relevant units.

Included in the balance of trademarks are certain trademarks with an aggregate carrying value of HK$56,598,000 (2005: HK$56,598,000) which have indefinite useful lives. These trademarks are treated as having an indefinite useful life because, in the opinion of the directors, there is no foreseeable limit to the period over which these trademarks may be used to generate cash flows to the Group.

The recoverable amounts of these trademarks have been determined based on a value in use calculation using cash flow projections based on financial budgets covering a five-year period approved by senior management. The discount rate applied to cash flow projections is 11% (2005: 15%) and cash flows beyond the five-year period are extrapolated using a steady growth rate. The projected cash flows are determined by estimated future revenue based on management expectations for market development.

@ Direct subsidiaries of the Company

* Registered as wholly-foreign-owned enterprises under the PRC law

** Registered as Sino-foreign joint ventures under the PRC law

The above table lists the subsidiaries of the Company which, in the opinion of the directors, principally affected the results for the year or formed a substantial portion of the net assets of the Group. To give details of other subsidiaries would, in the opinion of the directors, result in particulars of excessive length.

22. INTERESTS IN JOINTLY-CONTROLLED ENTITIES

	Group 2006 HK$'000	Group 2005 HK$'000
Share of net assets	110,444	157,088

The Group's trade receivables and payables due from/to the jointly-controlled entities are disclosed in notes 28 and 33 to the financial statements, respectively.

Particulars of the jointly-controlled entities, all of which are indirectly held by the Company, are as follows:

Name	Particulars of issued shares/ registered capital	Place of incorporation/ registration and operations	Percentage of Ownership interest	Percentage of Voting power	Percentage of Profit sharing	Principal activities
Henan TCL-Melody Electronics Co., Ltd.	US$16,550,000	PRC	52	57	52	Manufacture and sale of audio-visual products
TCL Sun, Inc.	Ordinary shares of PHP100 each	Philippines	50	50	50	Trading of audio-visual products

The following table illustrates the summarised financial information of the Group's jointly-controlled entities:

23. INTERESTS IN AN ASSOCIATE

	Group 2006	Group 2005
	HK$'000	*HK$'000*
Share of net assets	69,566	–

Particulars of the associate is as follows:

Name	Particulars of registered capital	Place of registration and operations	Percentage of ownership interest attributable to the Group	Principal activities
TCL Finance Co., Ltd	RMB500,000,000	PRC	14	Provision of financial services

The Group's shareholding in TCL Finance is held through an indirectly wholly-owned subsidiary of the Company.

Although the Group holds less than 20% of the voting power of TCL Finance, in the opinion of the directors, the Group is in a position to exercise significant influence over TCL Finance through its representation on the board of directors and its participation in policy-making processes of TCL Finance.

TCL Finance has been accounted for using the equity method in these financial statements, and the financial year end of TCL Finance is coterminous with that of the Group.

The following table illustrates the summarised financial information of TCL Finance extracted from its financial statements:

	2006	2005
	HK$'000	*HK$'000*
Assets	582,740	–
Liabilities	85,840	–

Unlisted equity investments, at cost	5,055	15,831
Provision for impairment	(2,730)	(1,058)
	2,325	14,773

The Group's available-for-sale investments represent investments in unlisted equity securities in the PRC. In the opinion of the directors, the fair value of these unlisted equity investments cannot be reliably measured because (a) they do not have quoted market prices in an active market; (b) the range of reasonable fair value estimates is significant for these investments; and (c) the probabilities of the various estimates cannot be reasonably assessed and used in estimating fair value. As such, all these unlisted equity securities are stated at cost less any impairment losses.

Notes:

(a) Pursuant to the Agreement relating to Thomson Television Angers dated 30 July 2004 (as amended and restated by the Amended and Restated Agreement (Angers) dated 1 September 2005 (the "Amended Angers Agreement")), TTE shall purchase certain existing assets and new assets of the Angers Factory owned by Thomson (the "Angers Factory Assets") with an aggregate fair value of Euro16 million for a nominal consideration of Euro1 within five years from 30 July 2004.

According to the Settlement Term Sheet and the Master Agreement and as further amended by the Amendment to Amended and Restated Agreement (Angers) dated 13 February 2007, Thomson agreed to pay to TTE the amount of Euro15 million (the "Assets Settlement") in lieu of, and in full satisfaction and discharge of, any outstanding obligations of Thomson in respect of the Angers Factory Assets.

According to the Settlement Term Sheet and the Master Agreement, the Assets Settlement was settled by way of offsetting part of the loan due to Thomson as at 31 August 2006 (note 37), and the loss of approximately HK$10 million arising from the Assets Settlement was charged to the income statement for the year ended 31 December 2006 and was included as "Net gain arising from the Settlement Term Sheet" as detailed in note 7 to the financial statements.

Non-current portion	–	81,151

Pursuant to the Thomson Trademark License Agreement dated 30 July 2004 (the "Original Trademark Agreement"), Thomson is required to reinvest the trademark fee receivable from TTE in respect of the sales of certain Thomson-owned brands televisions for the period from the second until the fifth anniversaries (the "Reinvestment Period") after the closing (i.e. 30 July 2004) of the Combination Agreement dated 28 January 2004 (the "Combination Agreement") in general brand awareness advertising compaigns for such brands for the benefits of TTE (hereafter referred to as the "Advertising Obligations").

The Original Trademark Agreement was restated and replaced by the Amended and Restated Thomson Trademark License Agreement dated 1 July 2006 (the "Amended Trademark Agreement"). Pursuant to the Amended Trademark Agreement and as further supplemented by the terms of the Settlement Term Sheet, Thomson agreed to compensate the Group Euro10 million (the "Compensation") for the restructuring of the Original Trademark Agreement. As a result of the restructuring, Thomson was fully released and discharged from the Advertising Obligations. According to the Settlement Term Sheet and the Master Agreement, the Compensation was settled by way of offsetting part of the loan due to Thomson as at 31 August 2006 (note 37), and the difference of approximately HK$11 million was charged to the Group's income statement for the year ended 31 December 2006 and was included as "Net gain arising from the Settlement Term Sheet" as detailed in note 7 to the financial statements.

26. PREPAID ROYALTY

Pursuant to the Patent Royalty Agreement dated 30 July 2004 (the "Patent Royalty Agreement") signed between Thomson Licensing S.A. ("TLSA") (a subsidiary of Thomson) and TTE, a paid-up royalty account with an initial amount of Euro70 million (the "Prepaid Royalty Amount") was established. Any royalties payable under the patent license agreement(s) between TLSA or its affiliates and TTE or its affiliates will be paid out of the Prepaid Royalty Amount. After the fourth anniversary of the Patent Royalty Agreement, TTE may elect to apply the remaining balance of the Prepaid Royalty Amount to pay any other amounts that may be due to TLSA and its affiliates under certain other operation agreements associated with the Combination Agreement.

Pursuant to the Settlement Term Sheet and the Master Agreement, Thomson agreed to repay TTE an amount of Euro30.4 million (the "Partial Royalty Repayment") in respect of the portion of the Prepaid Royalty Amount that TTE has allocated to TTE Europe. The Partial Royalty Repayment was settled partly by cash and partly by way of offsetting part of the loan due to Thomson as at 31 August 2006 (note 37). A loss of approximately HK$43 million arose from this settlement. The loss was charged to the Group's income statement for the year ended 31 December 2006 and was included as "Net gain arising from the Settlement Term Sheet" as detailed in note 7 to the financial statements.

The majority of the Group's sales in the PRC were made on the cash-on-delivery basis and on commercial bills guaranteed by banks with credit periods ranging from 30 to 90 days. For overseas sales, the Group usually requires settlement by letters of credit with tenures ranging from 90 to 180 days. Sales to certain long term strategic customers were made on the open-account basis with credit terms of no more than 180 days. The Group also entered into certain receivables purchase agreements with its banks and a factoring company. Pursuant to the related agreements, the trade receivables of certain major customers were factored to the relevant banks and the factoring company.

In view of the aforementioned and the fact that the Group's trade receivables relate to a large number of diversified customers, there is no significant concentration of credit risk. Trade receivables are non-interest-bearing.

An aged analysis of the trade and bills receivables as at the balance sheet date, based on the invoice date and net of provisions, is as follows:

	Group	
	2006	**2005**
	HK$'000	*HK$'000*

28. TRADE AND BILLS RECEIVABLES *(Continued)*

At 31 December 2006, the Group's trade receivables of HK$764,384,000 (2005:HK$1,110,972,000) (the "Factored Receivables") were factored to certain banks and a factoring company under certain receivables purchase agreements. The Group continued to recognise the Factored Receivables in the balance sheet because, in the opinion of the directors, the Group has retained substantially all the risks and rewards of ownership of the Factored Receivables, either the risks in respect of default payments or the time value of money, as at the balance sheet date.

Moreover, at 31 December 2005, the Group discounted bills receivables of HK$20,082,000 to a bank with recourse (the "Discounted Bills"). The Discounted Bills were included in the above balance of bills receivables at 31 December 2005 because the derecognition criteria for financial assets were not met.

Accordingly, the advances from the relevant banks of HK$764,384,000 (2005: HK$828,433,000) received by the Group as consideration for the Factored Receivables and the Discounted Bills at the balance sheet dates and the advances of HK$302,621,000 from a factoring company as consideration for the Factored Receivables at 31 December 2005 were recognised as liabilities, and they are included in "Interest-bearing bank and other borrowings"(note 36).

29. DUE FROM/TO THE ULTIMATE HOLDING COMPANY/ COMPANIES CONTROLLED BY TCL CORPORATION/THE THOMSON GROUP/JOINTLY-CONTROLLED ENTITIES

The amounts are unsecured and are repayable within one year. The amounts are interest-free, except for the amount of HK$281,747,000 (2005: HK$717,863,000) due to the ultimate holding company which bears interest at 4.32% per annum, being the loan interest rate offered by the Export-Import Bank of China (2005: 2.8% per annum, being the discount rate for bills of exchange offered by the People's Bank of China).

The above equity investments at 31 December 2005 were classified as held for trading.

Note: The call option was granted by Thomson pursuant to the Common Stock Call Option Agreement dated 30 July 2004 and is exercisable during the period from 1 November 2004 to 31 October 2006 for the purchase of 2.5 million shares of common stock of Thomson from Thomson at an exercise price of Euro18.12 per share (the "Call Option"). The fair value of the Call Option at 31 December 2005 was estimated by the directors using the binomial model, taking into account the terms and conditions upon which the Call Option was granted. The Call Option was not exercised by the Company and lapsed on 31 October 2006.

32. CASH AND BANK BALANCES AND PLEDGED DEPOSITS

	Group		Company

Cash and bank balances	1,894,633	1,861,957	5,041	12,396

Cash at banks earns interest at floating rates based on daily bank deposit rates. Short term time deposits are made for varying periods of between one day and three months depending on the immediate cash requirements of the Group, and earn interest at the respective short term time deposit rates. The carrying amounts of the cash and bank balances and the pledged deposits approximate to their fair values.

Included in the Group's cash and bank balances are deposits of HK$62,056,000 (2005: Nil) placed with TCL Finance, a financial institution approved by the People's Bank of China. The interest rate for these deposits was 0.72% per annum, being the saving rate offered by the People's Bank of China. Further details of the interest income attributable to the deposits with TCL Finance are set out in note 47 to the financial statements.

Included also in the Group's cash and bank balances is a balance of HK$50,963,000 (2005: Nil) held in an escrow bank account which is designated to finance the termination costs in respect of the employees of the EU Business in France.

Restructuring costs

Pursuant to the Restructuring Cost Reimbursement Agreement dated 30 July 2004 (as supplemented and amended by the Reimbursement Agreement Amendment dated 1 September 2005), Thomson agreed to reimburse TTE up to Euro38 million of restructuring costs incurred within the first two years of the closing date (i.e. 30 July 2004) of the Combination Agreement in relation to the injection of the Thomson television businesses into TTE, subject to certain adjustment as may be agreed by the parties. The restructuring costs recoverable from Thomson during the year of HK$9,415,000 (2005: HK$164,587,000) were credited directly to restructuring costs in the income statement.

Moreover, according to the relevant agreements, a portion of the reimbursement shall be reimbursed by Thomson six months after 30 July 2006. As such, the relevant portion of the reimbursement was classified as a non-current asset in the balance sheet as at 31 December 2005.

During the year, the Group had implemented a number of measures in restructuring the EU Business and finally, after the conclusion of the Settlement Term Sheet, the Group decided to restructure and reposition its presence in Europe by significantly winding down the EU Business and building up a new business model. Details of the net costs in connection with the restructuring and winding-down of the EU Business charged to the Group's income statement were set out in note 7 to the financial statements.

Warranties

The Group provides warranties ranging from three months to three years to its customers on certain of its electronic products, under which faulty products are repaired or replaced. The amount of the provision for the warranties is estimated based on sales volumes and past experience of the level of repairs and returns. The estimation basis is reviewed on an ongoing basis and revised where appropriate.

(a) The Group's overdraft facilities amounting to HK$53,048,000 (2005: HK$175,443,000), all of which (2005: HK$141,467,000) had been utilised as at the balance sheet date, are secured by the pledge of certain of the Group's time deposits, property, plant and equipment, and inventories amounting to HK$Nil (2005: HK$59,911,000), HK$Nil (2005: HK$90,090,000), and HK$53,292,000 (2005: Nil), respectively.

(b) Certain of the Group's bank loans are secured by the pledge of certain of the Group's time deposits and items of property, plant and equipment amounting to HK$10,000,000 (2005: HK$30,254,000) and HK$92,834,000 (2005: Nil), respectively.

(c) As at 31 December 2006, the carrying amounts of the Group's and the Company's bank and other borrowings approximated to their fair values.

(d) Except for the unsecured bank loans with an aggregate carrying amount of HK$412,159,000 (2005: HK$328,625,000), the loan from TCL Finance of HK$187,027,000 (2005: Nil) and the other loan of HK$36,546,000 (2005: Nil), all other borrowings of the Group bear interest at floating rates.

In addition, the Company's ultimate holding company has guaranteed certain of the Group's bank loans up to HK$315,657,000 (2005: HK$91,267,000) as at the balance sheet date.

Included in bank loans are the following amounts denominated in currencies other than the functional currency of the entity to which they relate:

36. INTEREST-BEARING BANK AND OTHER BORROWINGS *(Continued)*

Breach of loan covenants

As at 31 December 2006, in respect of the Syndication Loans with an aggregate carrying amount of HK$1,114,831,000 (2005: HK$1,538,300,000), the Group breached certain of the financial covenants of the relevant loan agreements, which are primarily related to the value of the Group's consolidated tangible net worth, interest cover ratio and current ratio. On discovery of the breach, the directors of the Company informed the lenders but no renegotiation of the terms of the Syndication Loans was initiated since the Group is planning to settle the Syndication Loans in full in July 2007.

Since the lenders have not agreed to waive its right to demand immediate payment as at the balance sheet date, the Syndication Loans have been classified as current liabilities in these financial statements at 31 December 2006.

37. DUE TO A SHAREHOLDER

The loan as at 31 December 2005 was due to Thomson, borne interest at rates ranging from 2.36% to 4.26% per annum (being the cost of fund of Thomson) and was secured by the Group's trade receivables with a carrying value of HK$536,364,000. This loan amount should have been fully repaid on 30 July 2006 and the related agreement was terminated automatically.

Pursuant to the Settlement Term Sheet and the Master Agreement, the outstanding and overdue sum related to this loan as at 31 August 2006 amounting to approximately Euro46 million (equivalent to approximately HK$472 million) was settled by way of offsetting the Assets Settlement, the Compensation and the Partial Royalty Repayments as further discussed in notes 25(a), 25(b) and 26, respectively.

The Group has tax losses of HK$3,739,284,000 (2005: HK$1,687,303,000) that are available for offsetting against future taxable profits of the companies in which the losses arose, subject to certain tax rules of the countries in which the Group operates. Deferred tax assets have not been recognised in respect of these losses as the utilisation of which is uncertain.

At 31 December 2006, there was no significant unrecognised deferred tax liability (2005: Nil) for taxes that would be payable on the unremitted earnings of certain of the Group's subsidiaries, jointly-controlled entities or an associate.

There are no income tax consequences attaching to the payment of dividends by the Company to its shareholders.

39. PENSIONS AND OTHER POST-EMPLOYMENT BENEFITS

The Group has defined benefits plans in certain locations, covering its employees. The Group also has agreed to provide certain additional post-employment healthcare benefits to employees in certain locations. These benefits are unfunded.

The following tables summarise the components of net benefit expense recognised in the consolidated income statement and the amounts recognised in the consolidated balance sheet for the plans.

Share options

On 12 May 2003, the share option scheme adopted by the Company on 30 August 2001 (the "Old Scheme") was terminated and a new share option scheme (the "New Scheme") was adopted by the shareholders of the Company, subject to adjustments. As a result, the Company can no longer grant any further options under the Old Scheme. However, all options granted prior to the termination of the Old Scheme will remain in full force and effect. Unless otherwise terminated or amended, the New Scheme will remain in force for three and a half years from the date of adoption.

The purpose of the New Scheme is to recognise the contribution of eligible participants, to motivate them by providing incentives to them, to help the Company retain its existing full-time or part-time employees (including any executive and non-executive director or proposed executive and non-executive director) of the Company and its subsidiaries (the "Employees") and recruit additional employees and to provide them with a direct economic interest in attaining the long term business objectives of the Company.

The eligible participants of the New Scheme include any Employee, adviser, consultant, agent, contractor, client or supplier of any member of the Group or any other person whom the board of directors at its sole discretion considers may contribute or have contributed to the Group.

Pursuant to the New Scheme, the maximum number of shares in respect of which options may be granted under the New Scheme is such number of shares representing 10% of the issued share capital of the Company from time to time (excluding for this purpose any shares which have been duly allotted and issued pursuant to the New Scheme and any other scheme).

40. SHARE CAPITAL *(Continued)*

Share options *(Continued)*

The maximum number of shares in respect of which options may be granted to any one participant in a 12-month period shall not exceed 1% (0.1% for connected persons) of the issued share capital of the Company. The offer of a grant of share options may be accepted within 28 days from the date of the offer upon payment of a nominal consideration of HK$1 in total by the grantee. The exercise period of the share options granted is determinable by the directors, and commences on a specified date and ends on a date which is not later than three and a half years from the date of offer of the share options. The subscription price for the shares in respect of which options are granted is determinable by the directors, but may not be less than the higher of (i) the closing price of the Company's shares on the Stock Exchange on the date of the offer; (ii) the average closing price of the Company's shares on the Stock Exchange for the five trading days immediately preceding the date of the offer; and (iii) the nominal value of the Company's shares.

At 31 December 2006, the number of shares issuable under share options granted under the schemes was 135,420,000 (2005: 183,342,861), which represented approximately 3.5% (2005: 4.7%) of the Company's shares in issue as at that date.

Note 1 Such share options were exercisable after the expiry of 9 months from the date of grant, up to 3 May 2006.

Note 2 One-third of such share options was exercisable after the expiry of 9 months from the date of grant, a further one-third was exercisable after the expiry of 18 months from the date of grant, and the remaining one-third was exercisable after the expiry of 27 months from the date of grant, up to 29 July 2006.

Note 3 One-third of such share options is exercisable after the expiry of 9 months from the date of grant, a further one-third is exercisable after the expiry of 18 months from the date of grant, and the remaining one-third is exercisable after the expiry of 27 months from the date of grant, up to 30 November 2008.

The price of the Company's shares disclosed as at the date of grant of the share options is the Stock Exchange closing price on the trading day immediately prior to the date of grant of the options.

Δ The vesting period of the share options is from the date of grant until the commencement of the exercise period.

The fair value of the share options granted in the prior year was HK$57,081,000. The fair value of equity-settled share options granted in prior year was estimated as at the date of grant using a binomial model, taking into account the terms and conditions upon which the options were granted. The following table lists the inputs to the model used for the year ended 31 December 2005.

Dividend yield (%)	3.00 per annum
Expected volatility (%)	40.00 per annum
Historical volatility (%)	50.00 per annum
Risk-free interest rate (%)	3.16 per annum
Expected life of option (year)	3.50
Weighted average share price (HK$)	1.50

The expected life of the options is based on the historical data over the past four years and is not necessarily indicative of the exercise patterns that may occur. The expected volatility reflects the assumption that the historical volatility is indicative of future trends, which may also not necessarily be the actual outcome.

* Pursuant to the relevant laws and regulations in the PRC, a portion of the profits of the Company's subsidiaries and jointly-controlled entities in the PRC has been transferred to the reserve funds which are restricted as to use. In addition, profits of certain jointly-controlled entities which have been capitalised are also transferred to the reserve funds.

^ The Group's capital reserve originally represented the difference between the nominal value of the shares of the subsidiaries acquired prior to the listing of the Company's shares over the nominal value of the Company's shares issued in exchange therefor.

The amount of goodwill arising on the acquisition of a subsidiary remains eliminated against the capital reserve is explained in note 19 to the financial statements.

Δ The share option reserve comprises the fair value of share options granted which are yet to be exercised, as further explained in the accounting policy for share-based payment transactions in note 3.4 to the financial statements. The amount will either be transferred to the share premium account when the related options are exercised, or be transferred to retained profits should the related options expire or be forfeited.

The capital reserve arose as a result of the Group reorganisation in 1999 and represents the excess of the fair value of the shares of the subsidiaries acquired over the nominal value of the Company's shares issued in exchange therefor.

42. NOTES TO THE CONSOLIDATED CASH FLOW STATEMENT

(a) Acquisition of minority interests

(i) For the year ended 31 December 2006

During the year, the Group acquired the remaining 49% equity interest in TCL Electrical Appliance Sales Co., Ltd. (the "Sales Company") owned by TCL Corporation. This acquisition was completed on 10 May 2006 and the consideration has not been settled as at 31 December 2006. Further details of this transaction are included in note 47 to the financial statements.

The carrying amount of the 49% equity interest in the Sales Company as at the date of acquisition and the goodwill arose from the acquisition were as follows:

	HK$'000
Carrying amount	–
Goodwill	63,138
	63,138
Satisfied by:	
Due to the ultimate holding company	63,138

(ii) For the year ended 31 December 2005

On 10 August 2005, pursuant to the Exchange Option Agreement dated 30 July 2004, Thomson exercised the exchange option (the "Exchange Option") to exchange its 33% equity interest in TTE for shares in the Company (the "Share Exchange").

The Share Exchange represented an acquisition of minority interests in TTE by the Company from Thomson.

The carrying amount of the 33% equity interest in TTE immediately before the Share Exchange and the fair value of the shares of the Company issued on 10 August 2005 were as follows:

	HK$'000
Carrying amount of the 33% equity interest in TTE	1,159,255
Goodwill arising from the Share Exchange	520,725
	1,679,980
Satisfied by:	
Issue of shares of the Company at fair value *(note 40)*	1,636,180
Cash	43,800
	1,679,980

The goodwill arising from the Share Exchange was set off against the negative goodwill (HK$548,016,000 as at 1 January 2005) arising from the Combination Agreement in 2004 because, in the opinion of the directors, the Share Exchange was part of the Combination Agreement and was interrelated and indivisible with the business combination associated with the Combination Agreement in 2004. Since the negative goodwill has been eliminated against the opening balance of retained profits at 1 January 2005 upon the adoption of HKFRS 3, the set-off of this goodwill was accounted for as a reserve movement for the year.

(d) Deconsolidation of a subsidiary

On 27 November 2006, a provisional administrator was appointed by the German court to secure and manage the assets and operations of TTE Germany GmbH ("TTE Germany"), an indirect wholly-owned subsidiary of the Company, upon a declaration of insolvency was filed by TTE Germany. Formal insolvency proceedings were opened under the court order issued by the German court on 1 February 2007 and up to the date of these financial statements, the insolvency proceedings have not been completed. TTE Germany was deconsolidated on 27 November 2006 because, in the opinion of the directors, the Group was unable to exercise its rights as shareholder either to control the assets and operations or to exercise significant influence over the financial and operating policy decisions of TTE Germany since that day.

(xviii) The brand advertising costs represent advertising costs incurred by Thomson Group and were reimbursed by the Group at cost and at a minimum of 0.5% of the aggregate net sales of TV products using Thomson A brand as defined in the Thomson Trademark License Agreement.

47. **RELATED PARTY TRANSACTIONS** *(Continued)*

Notes: (Continued)

(xix) The trademark royalty fee was charged by Thomson Group at rates of 0.4% and 0.2% for Thomson A Brands and Thomson B Brands, respectively.

(xx) The strategic sourcing fee expense in 2005 was charged at an annual fee of Euro2.85 million (approximately HK$27 million) by Thomson Group, subject to adjustments.

(xxi) The reimbursement of reorganisation costs represents payment by the Group to Thomson to cover the reorganisation costs incurred by Thomson in connection with having an operation mode of Angers Factory acceptable to the Group according to the Amended Angers Agreement. The Group is required to pay a total amount of Euro20 million (equivalent to approximately HK$184 million) over a period of five years, ranging from Euro6 million (equivalent to approximately HK$58 million) in 2005 to Euro2 million (equivalent to approximately HK$18 million) in 2009.

According to the Settlement Term Sheet, the Master Agreement and the Amendment to Amended Angers Agreement dated 13 February 2007, Thomson agreed to waive its right to receive any future payment, including the payment due and payable in 2006, from the Group in respect of the above reimbursement.

(xxii) The subcontracting fee charged by Thomson Group was calculated based on the production cost structure in use at other European factory operations of the Group.

(xxiii) The styling service fee and logistics management service fee were charged by the Group at cost.

(b) Other transactions with related parties:

(i) On 9 March 2006, TCL King Electrical Appliances (Huhehaote) Company Limited ("TCL King Huhehaote"), an indirect wholly-owned subsidiary of the Company, entered into an investment agreement (the "Investment Agreement") with TCL Corporation in relation to the setting up of TCL Finance. Pursuant to the Investment Agreement, TCL King Huhehaote contributed RMB70 million as capital contribution to the TCL Finance, representing 14% of the registered capital of TCL Finance.

TCL Finance was established on 17 October 2006 and further details of this transaction were set out in the Company's announcements dated 9 March 2006 and 27 October 2006.

(ii) On 4 July 2005, the Company and TCL International Electronics (BVI) Limited ("TCLIE"), a direct wholly-owned subsidiary of the Company, entered into a conditional sale and purchase agreement with TCL Corporation for the acquisition of the remaining 49% equity interest in the Sales Company owned by TCL Corporation at a consideration of Euro6.5 million (equivalent to approximately HK$63 million). This acquisition was completed on 10 May 2006 and the Sales Company became a wholly-owned subsidiary of the Group. Further details of this acquisition were set out in the Company's announcement dated 5 July 2005.

(iii) On 21 June 2006, the Company entered into a sale and purchase agreement (the "Disposal Agreement") with T.C.L. Industries and pursuant to which the Company agreed to sell and procure its relevant subsidiaries to sell to T.C.L. Industries (i) the entire issued share capital of Computer Technology; (ii) the entire issued share capital of TCL Education Web Limited; and (iii) the 65% equity interest in Shenzhen TCL Central R&D Co., Ltd. for a total initial consideration of HK$377 million. Completion of the Disposal Agreement took place on 8 September 2006 and the final consideration was adjusted to HK$374 million.

Further details of the Disposal Agreement were set out in the Company's announcements dated 23 June 2006 and 9 November 2006.

47. **RELATED PARTY TRANSACTIONS** *(Continued)*

(b) Other transactions with related parties: *(Continued)*

(iv) On 25 September 2006, the Company entered into a loan agreement (the "Loan Agreement") with T.C.L. Industries and pursuant to which certain short term loans with an aggregate amount of HK$302 million (the "Loans") were drawn by the Company from T.C.L. Industries for a period of sixty days. The interest on the Loans was charged at 0.5% above the respective inter-bank offer rates of the currency in which the related loans were denominated.

Pursuant to an interest waiver letter issued by T.C.L. Industries dated 31 December 2006, the total interest payable by the Company to T.C.L. Industries in respect of the Loans of approximately HK$3 million was unconditionally waived by T.C.L. Industries.

(v) On 12 October 2006, the TCL Parties entered into the Settlement Term Sheet with the Thomson Parties regarding the resolution of the EU Business, whereby the TCL Parties and the Thomson Parties have agreed to, inter alia, the following reciprocal concessions to alleviate the financial difficulties of the EU Business and pave the way for an amicable wind-down of this loss-making EU Business:

- Thomson to waive approximately Euro15.4 million trade payables owed by TTE Europe;
- Thomson to repay TTE Europe approximately Euro30.4 million in respect of the Prepaid Royalty Amount;
- The TCL Parties and the Thomson Parties to restructure the Original Trademark Agreement and the Thomson Parties to compensate the TCL Parties Euro10 million for the restructuring of the Original Trademark Agreement;
- Thomson to pay to TTE the amount of Euro15 million as full settlement of the Angers Factory Assets; and
- The TCL Parties and the Thomson Parties to terminate/restructure certain cooperative agreements related to the EU Business and settle outstanding balances owed to each party.

Details of the precise undertakings of each of the relevant parties in respect of the terms of the Settlement Term Sheet were further formalised and set forth in the Master Agreement entered into between the TCL Parties and the Thomson Parties. A net gain of HK$87,211,000 was recognised from the above settlements and included in "Costs in connection with the restructuring and winding-down of the EU Business, net" on the face of the consolidated income statement and in note 7 to the financial statements.

Further details of the Settlement Term Sheet were set out in the Company's announcement dated 27 October 2006 and details of the financial impacts of the Settlement Term Sheet and the Master Agreement were set out in notes 7, 25, 26, 37 and 49 to the financial statements.

(c) Details of compensation of key management personnel of the Group are set out in notes 10 and 11 to the financial statements.

Except for the transactions with jointly-controlled entities included in item (a), all the above transactions also constitute connected transactions or continuing connected transactions as defined in Chapter 14A of the Listing Rules.

48. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's principal financial instruments, other than derivatives, comprise bank loans and overdrafts, convertible notes, other interest-bearing borrowings and cash and short term deposits. The main purpose of these financial instruments is to raise finance for the Group's operations. The Group has various other financial assets and liabilities such as trade receivables and trade payables, which arise directly from its operations.

The Group also enters into derivative transactions, including principally interest rate swaps and forward currency contracts. The purpose is to manage the interest rate and currency risks arising from the Group's operations and its sources of finance.

It is, and has been, throughout the year under review, the Group's policy that no trading in financial instruments shall be undertaken.

The main risks arising from the Group's financial instruments are cash flow interest rate risk, foreign currency risk, credit risk and liquidity risk. The board reviews and agrees policies for managing each of these risks and they are summarised below. The Group's accounting policies in relation to derivatives are set out in note 3.4 to the financial statements.

Cash flow interest rate risk

The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's debt obligations with floating interest rates.

In general, the Group's treasury department (the "Group Treasury") implements all external financings to meet borrowing needs of all subsidiaries. In some cases, subsidiaries may borrow directly from local banks upon approval from the Group Treasury in advance. At subsidiary level, financing is generally done on a short term floating rate basis. Long term financings are normally done at Group level.

Foreign currency risk

The Group has transactional currency exposures. Such exposures arise from sales or purchases by operating units in currencies other than the units' functional currency.

The Group Treasury hedges foreign exchange risk on its commercial exposures and financial exposures. For commercial exposures, generally 80% of the exposures must be hedged (but may vary with the historical volatility and country risks) after netting off exposures at Group level. Hedging for commercial exposures is normally in short term nature with a maximum of a six-month period which corresponds to the Group's sales cycle. It is the Group's policy to borrow and invest excess cash in the functional currency of its businesses to minimise its foreign currency exposures.

Credit risk

The Group trades only with recognised and creditworthy third parties. It is the Group's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, receivable balances are monitored on an ongoing basis.

The credit risk of the Group's other financial assets, which comprise cash and cash equivalents, available-for-sale financial assets and certain derivative instruments, arises from default of the counterparty, with a maximum exposure equal to the carrying amount of these instruments.

Since the Group trades only with recognised and creditworthy third parties, there is no requirement for collateral.

Liquidity risk

The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts, bank loans, factoring and other interest-bearing loans.

49. POST BALANCE SHEET EVENTS

(i) On 13 February 2007, the TCL Parties and the Thomson Parties entered into the Master Agreement which further formalised and set forth the precise undertakings of each of the relevant parties in respect of the terms of the Settlement Term Sheet. Further details of the Settlement Term Sheet and the Master Agreement were set out in note 47 to the financial statements.

(ii) Pursuant to an ordinary resolution passed in the extraordinary general meeting held on 15 February 2007, a new share option scheme was approved and adopted. Further details of the new share option scheme was set out in the Company's circular dated 29 January 2007.

(iii) During the 5th Session of the 10th National People's Congress, which was concluded on 16 March 2007, the PRC Corporate Income Tax Law (the "New Corporate Income Tax Law") was approved and will become effective on 1 January 2008. The New Corporate Income Tax Law introduces a wide range of changes which include, but are not limited to, the unification of the income tax rate for domestic-invested and foreign-invested enterprises at 25%. Since the detailed implementation and administrative rules and regulations have not yet been announced, the financial impact of the New Corporate Income Tax Law to the Group cannot be reasonably estimated at this stage.

(iv) On 15 May 2007, the Company proposed to raise not less than approximately HK$781 million (before expenses) by issuing not less than approximately 1,951 million new ordinary shares of the Company and to raise not more than approximately HK$808 million by issuing not more than approximately 2,019 million new ordinary shares of the Company at a subscription price of HK$0.4 per share (the "Rights Share") on the basis of one Rights Share for every two existing shares (the "Rights Issue"). Any Rights Share not taken up by the existing shareholders will be fully underwritten by T.C.L. Industries pursuant to the terms and conditions of the Underwriting Agreement dated 15 May 2007. Further details of the Rights Issue are set out in the Company's announcement dated 15 May 2007.

(v) On 18 May 2007, the Company entered into a purchase agreement (the "Purchase Agreement") with Deutsche Bank AG, London (the "Purchaser"), whereby the Company agreed to issue and the Purchaser, subject to the satisfaction of the conditions precedent of the Purchase Agreement, agreed to subscribe and pay for or to procure subscribers to subscribe and pay for the secured convertible bonds due 2012 (the "Bonds") with an aggregate principal amount of US$140 million (equivalent to approximately HK$1,095 million). Further details of the issue of the Bonds are set out in the Company's announcement dated 21 May 2007.

(vi) On 24 May 2007, TTE Europe filed a declaration of insolvency to the French court and the French court appointed a judicial liquidator (the "Liquidator") to take control over TTE Europe on 29 May 2007. Formal insolvency proceedings then commenced on 29 May 2007 and the Liquidator is now the sole person responsible for winding-up TTE Europe by liquidating its assets and making payment to its creditors. The Group will deconsolidate the EU Group on 29 May 2007 from the Group's financial statements for the year ending 31 December 2007. The financial statements of the EU Group for the year ended 31 December 2006 have been prepared under the liquidation basis of accounting.

50. COMPARATIVE AMOUNTS

The comparative income statement has been re-presented as if the operation discontinued during the current year had been discontinued at the beginning of the comparative period (note 14).

51. APPROVAL OF THE FINANCIAL STATEMENTS

The financial statements were approved and authorised for issue by the board of directors on 31 May 2007.

3. UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS OF THE GROUP

The following is the unaudited consolidated financial statements of the Group for the three months ended 31 March 2007 together with the accompanying notes as extracted from the results announcement of the Company for the three months ended 31 March 2007.

Notes:

1. BASIS OF PRESENTATION

As at 31 March 2007, the Group had net current liabilities of approximately HK$1,031 million which included long term bank loans of approximately HK$1,103 million (the "Syndication Loans") which were repayable on demand due to the breach of certain financial covenants of the relevant bank loan agreements. The Group also incurred a loss attributable to equity holders of the parent of approximately HK$67 million for the period ended 31 March 2007.

In order to strengthen the capital base of the Group and to improve the Group's financial position, immediate liquidity and cash flows, and otherwise to sustain the Group as a going concern, the directors of the Company have implemented the following measures:

(i) On 15 May 2007, the Company proposed to raise not less than approximately HK$781 million (before expenses) by issuing not less than approximately 1,951 million new ordinary shares of the Company and to raise not more than approximately HK$808 million by issuing not more than approximately 2,019 million new ordinary shares of the Company at a subscription price of HK$0.4 per share (the "Rights Share") on the basis of one Rights Share for every two existing shares (the "Rights Issue"). Any Rights Share not taken up by the existing shareholders will be fully underwritten by T.C.L. Industries pursuant to the terms and conditions of the Underwriting Agreement dated 15 May 2007.

Further details of the Rights Issue are set out in the Company's announcement dated 15 May 2007.

(ii) On 17 May 2007, the Company obtained an undertaking from TCL Corporation which undertakes that TCL Corporation together with T.C.L. Industries Holdings (H.K.) Ltd ("T.C.L. Industries") and TCL Finance Co., Ltd ("TCL Finance"), will make available to the Group loans of not less than HK$469 million, in aggregate, at each month end for the period from 17 May 2007 to 30 June 2008 or the date on which the issuance of convertible bonds discussed in (iii) below is completed, whichever is earlier.

(iii) On 18 May 2007, the Company entered into a purchase agreement (the "Purchase Agreement") with Deutsche Bank AG, London (the "Purchaser"), whereby the Company agreed to issue and the Purchaser, subject to the satisfaction of the conditions precedent of the Purchase Agreement, agreed to subscribe and pay for or to procure subscribers to subscribe and pay for the secured convertible bonds due 2012 (the "Bonds") with an aggregate principal amount of US$140 million (equivalent to approximately HK$1,095 million).

Further details of the issue of the Bonds are set out in the Company's announcement dated 21 May 2007.

In the opinion of the directors of the Company, in light of the measures taken to date, together with the expected results of the fund raising exercises in progress, the Group will have sufficient working capital for its current requirements and it is reasonable to expect the Group to return to a commercially viable going concern. Accordingly, the directors of the Company are satisfied that it is appropriate to prepare the financial statements on a going concern basis, notwithstanding the Group's financial and liquidity position at 31 March 2007.

Should the Group be unable to continue as a going concern, adjustments would have to be made to restate the values of assets to their recoverable amounts, to provide for any further liabilities which might arise and to reclassify non-current assets and liabilities as current assets and liabilities, respectively. The effects of these potential adjustments have not been reflected in the financial statements.

2. BASIS OF PREPARATION

These financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") (which also include Hong Kong Accounting Standards ("HKASs") and Interpretations) issued by the Hong Kong Institute of Certified Public Accountants, accounting principles generally accepted in Hong Kong and the disclosure requirements of the Hong Kong Companies Ordinance. They have been prepared under the historical cost convention, except for derivative financial instruments and certain equity investments, which have been measured at fair value. These financial statements are presented in Hong Kong dollars and all values are rounded to the nearest thousand except when otherwise indicated.

The accounting policies and the basis of preparation adopted in the preparation of these financial statements are consistent with those adopted in the annual financial statements for the year ended 31 December 2006.

Notes:

(a) As at 31 March 2007, the Group's overdraft facilities amounting to nil (31 December 2006: overall facilities amounting to HK$53,048,000, of which HK$53,048,000 had been utilized as at the balance sheet date, are secured by the pledge of certain of the Group's inventories amounting to HK$53,292,000).

(b) As at 31 March 2007, certain of the Group's bank loans are secured by the pledge of certain of the Group's time deposits amounting to HK$10,000,000 (31 December 2006: time deposits and property, plant & equipment amounting to HK$10,000,000 and HK$92,834,000 respectively).

(c) As at 31 March 2007, the carrying amounts of the Group's bank and other borrowings approximated to their fair values.

(d) Except for unsecured bank loans of HK$462,117,000 (31 December 2006: HK$412,159,000), loan from an associate of HK$150,896,000 (31 December 2006: HK$187,027,000) and the other loan of HK$36,721,000 (31 December 2006: HK$36,546,000), all other borrowings of the Group bear interest at floating rates.

In addition, TCL Corporation, the ultimate holding company, has guaranteed certain of the Group's bank loans up to HK$384,108,000 (31 December 2006: HK$315,657,000) as at the balance sheet date.

4. MATERIAL CHANGE

Save as disclosed in the results announcement of the Company for the three months ended 31 March 2007 dated 1 June 2007 and below, as at the Latest Practicable Date, the Directors were not aware of any other material change in the financial or trading position or outlook of the Group since 31 December 2006, the date to which the latest published audited consolidated financial statements of the Group were made up:

(i) On 13 February 2007, the Company and Thomson S.A. entered into the master resolving and settlement agreement regarding the resolution of the Group's loss-making European operation.

(ii) On 15 May 2007, the Company proposed to raise not less than HK$781 million (before expenses) by issuing not less than approximately 1,951 million new ordinary Shares and to raise not more than approximately HK$808 million by issuing not more than approximately 2,019 million new ordinary Shares at a subscription price of HK$0.4 per Share on the basis of 1 Rights Share for every 2 existing Shares. Pursuant to the Underwriting Agreement dated 15 May 2007, the Underwriter shall subscribe for any Rights Shares not taken up by Qualifying Shareholders on or before the Latest Acceptance Time. Further details of the Rights Issue are set out in the Announcement, a circular of the Company dated 5 June 2007 in relation to, among other things, the Rights Issue and in this prospectus.

(iii) On 17 May 2007, the Company obtained an undertaking from TCL Corporation that TCL Corporation, together with TCL Industries and TCL Finance Co., Ltd ("TCL Finance"), will make available to the Group loans of not less than HK$469 million, in aggregate, at each month end for the period from 17 May 2007 to 30 June 2008 or the date on which the issuance of the Bonds is completed, whichever is earlier. Such undertaking was made in connection with the working capital sufficiency confirmation disclosed in section 6 of this appendix.

(iv) On 18 May 2007, the Company entered into the purchase agreement with Deutsche Bank AG, London, whereby the Company agreed to issue and Deutsche Bank AG, London, subject to the satisfaction of the conditions precedent of the purchase agreement, agreed to subscribe and pay for or to procure subscribers to subscribe and pay for the Bonds with an aggregate principal amount of US$140 million (equivalent to approximately HK$1,095 million). Further details of the issue of the Bonds are set out in an announcement of the Company dated 21 May 2007 and in a circular of the Company dated 5 June 2007 in relation to, among other things, the issue of the Bonds.

(v) On 24 May 2007, a declaration of insolvency was filed by TTE Europe SAS ("TTE Europe"), a major subsidiary of the Company. On 29 May 2007, the French court appointed a judicial liquidator to take control over TTE Europe after the insolvency filing. The liquidator is then the sole person responsible for winding-up TTE Europe by liquidating its assets and making payment to its creditors. The Company has been advised that under French law, a shareholder is normally not held responsible for the liabilities of subsidiaries in judicial liquidation. The audited consolidated financial statements of the Group for the year ended 31 December 2006 included the financial statements of TTE Europe which were prepared on a liquidation basis of accounting and therefore already incorporated the financial impact of TTE Europe's liquidation on the Group. Save as disclosed in the financial statements of the Group for the year ended 31 December 2006, the insolvency filing of TTE Europe is not expected to have a material adverse financial impact on the Group.

5. INDEBTEDNESS

At the close of business on 31 March 2007, being the latest practicable date for ascertaining certain information relating to this indebtedness statement, the Group had outstanding unsecured bank loans of approximately HK$1,566 million, advances from banks as consideration for factored receivables of approximately HK$375 million, unsecured and secured trust receipt loans of approximately HK$65 million and HK$9 million respectively, a loan from an associate of approximately HK$151 million, a loan from the immediate holding company of the Company of approximately HK$117 million, a loan from the ultimate holding company of the Company of approximately HK$240 million and unsecured other loan of approximately HK$37 million.

The secured bank loans of the Group were secured by the pledge of certain of the Group's time deposits amounting to HK$10 million. In addition, the ultimate holding company of the Company has guaranteed certain bank loans of the Group of up to approximately HK$384 million as at 31 March 2007.

Save as aforesaid and apart from intra-group liabilities, at the close of business on 31 March 2007, the Group did not have any loan capital issued and outstanding or agreed to be issued, bank overdrafts, loans or other similar indebtedness, liabilities under acceptances or acceptable credits, debentures, mortgages, charges, hire purchases commitments, guarantees or other material contingent liabilities.

6. WORKING CAPITAL

The Directors are of the opinion that despite the breach of certain financial covenants by the Company of the relevant bank loan agreements as at 31 December 2006, after taking into account the present internal financial resources of the Group, the available banking facilities, the filling of a declaration of insolvency by TTE Europe and the estimated net proceeds from the Rights Issue and the issue of the Bonds, the Group has sufficient working capital for its present requirements for at least the next 12 months from the date of this prospectus.

7. FINANCIAL REVIEW FOR THE YEAR ENDED 31 DECEMBER 2006

The year under review was a challenging one for the Group as well as for the television ("TV") industry globally. The rapid transition from cathode ray tube ("CRT") to flat panel TVs and from analogue to digital technology across different markets tested all manufacturers. During the year under review, the Group had developed right strategies to master these market changes and had completed the integration of the international TV business acquired from Thomson in 2004. These efforts put pressure on the Group's operations and greatly impacted its profitability.

Restoring profitability has been the Group's primary target. Strategies were implemented by the Group to deal with market changes and to strengthen the Group's international competitiveness. However, the management was disappointed to see the operating loss in the European market widen.

Separately, the Group continued to rationalize its operations and resources along its core global TV business. Thus, the Group disposed of its personal computer ("PC") business in September 2006 to TCL Corporation, its parent company. In addition, to effectively address the continued poor results in Europe, the Group implemented a wide-ranging restructuring plan beginning in October 2006, and incurred and accrued HK$695 million costs, net of related gains, in connection with the restructuring and winding-down of the European business. The operating loss in this market together with the restructuring costs depleted the Group's profits from other markets, leading to a loss of HK$2,500 million for the year ended 31 December 2006.

Review of Operations

Revenue from TV sales decreased by 12% to HK$26,368 million during the year under review. The Group sold a total of approximately 22 million TV sets, representing a decrease of 4% as compared to the previous year. High-end TV models, including digital light processing ("DLP"), flat panel liquid crystal display ("LCD") and plasma TVs, accounted for 36% of the Group's TV revenue, as compared to 30% in the previous year. Unit sales of such high-end TVs outpaced overall sales by far, posting a surge of 27% in 2006.

Seeing enormous potential from flat panel TVs, the Group placed strong focus on, and committed significant resources to, product design and development, supply chain management and sales and marketing in order to capture opportunities in this high-growth market segment. More than 174 models were launched during the reviewing year, of which 84 were high-end models. The Group's market share in the flat panel TV segment rose with its extended product offering.

The PRC Market

Competition in the PRC continued to be fierce as domestic and foreign TV manufacturers flooded the market, quickening the pace of new product introduction and intensifying competition in pricing. This led to rapid price declines in all product categories, in particular for LCD TVs. Seeing this, some consumers delayed their purchases in the hopes of further price reductions.

Despite the intense competition, the Group maintained its position as the market leader in 2006. Sales revenue from the PRC market amounted to HK$10,459 million, representing a decrease of 5% and accounting for 40% of the total TV revenue. The Group sold a total of 7,976,000 TV sets in the PRC. Although this was a 14% decline compared with 2005, it was within the overall trend of the market. Thus, the Group maintained its leading position in the PRC market, with a share of 18% (source: Ministry of Information Industry (January – December 2006)).

The Group also achieved good performance in terms of the overall product mix, with high-end TV sales accounting for 35% of total TV sales revenue, as compared to 19% for 2005. In terms of unit sales, the Group grew LCD TV sales by 174% year-on-year. Thus, according to the China market monitor report of November 2006, the Group achieved a 10% share of the LCD segment in the PRC.

Although the increase in high-end TV sales helped to boost the average product selling price by 10%, the overall profit margin for the PRC market decreased. This was due to the fact that the gross margin for high-end goods such as LCD TVs was and remains lower than that of CRT TVs.

In view of the rapid shift in consumer preference from CRT TVs to flat panel TVs, the Group invested further in the development of high-end TVs and introduced more high-end products, such as its 47" large display LCD TV model, to capture the significant opportunity represented by this growing market.

European and North American Markets

The European and North American markets continue to challenge the Group. Although performance in North American market was in line with expectation, performance in Europe continued to be well below management expectations. Thus, the Company recorded a significant operating loss and provision for the business restructuring.

Sales revenue generated from these two markets in aggregate amounted to HK$10,421 million, representing a year-on-year decrease of 28% and accounting for 39% of the Group's total TV revenue, as compared to 48% in the previous year. A total of 4,775,000 TV sets were sold in these markets during the year under review.

European Market

The European market is one of the world's most dynamic markets in that consumers are migrating at an unprecedented pace towards flat panel LCD TVs. In this highly competitive operating environment, the Group experienced an extremely difficult year. The Group's cost advantages, which had helped it to become a global leader in the CRT market, did not translate into the same market leadership in the high-end flat panel TV market.

Due to the heavy losses in the first part of the year, the Group decided to implement a wide-ranging restructuring plan to close certain loss-making business lines and re-launch the operation under a new, smaller, leaner business model. Going forward, the Group plans to work only with a limited number of key customers, major accounts and markets with the greatest potential, which will enable it to rationalize product lines and its supply chain. The restructuring process began in October 2006 and completion is expected to be in the first half of 2007.

North American Market

In the North American market, price pressure continued to prevail in mature segments, such as CRT TV and CRT-based Panel TV ("PTV"). In the DLP segment, brand image became another crucial competitive factor, though pricing still remained as the primary consideration. In the flat panel segment, product price and brand recognition were of equal importance.

Following the year's reform and hard work in 2005, the Group recorded sales and operating performance were in line with management's expectation for the full year results of 2006. This attests to the Group's capability of managing development efficiently in key aspects such as product development, sales and marketing and cost management.

Both sales volume and sales value exceeded the Group's targets. Remarkable growth was seen in the LCD and CRT PTV segments. According to Synovate data on consumer purchases of TVs in October 2006, the Group's RCA brand ranked the third in the U.S. market with a market share of 9%.

The Group expanded its offering of LCD models in North America and introduced its first model in the plasma segment in 2006. A total of 49 new product models were launched, of which 21 were high-end models. Sales of high-end TVs accounted for 58% of the sales revenue, compared to 47% in 2005.

During the year under review, the Group maintained its focus on key products that are well-received by the market and served key customers that generated higher margin purchases. Meanwhile, the Group continued to communicate and reinforce its product positioning as "Affordable Digital Television for Every Room and Budget", with the aim of offering a compelling combination of good picture quality at an affordable price through its marketing activities.

In addition, the Group put emphasis on enhancing profitability by adopting effective cost control measures, such as reduced inventory, better supply chain management and an enhanced product mix. During the year, the Group enjoyed an overall reduction in R&D expenses on a company-wide basis with better manpower and resources allocation.

Emerging Markets and Strategic OEM Business

The emerging market and strategic original equipment manufacturing ("OEM") business achieved the Group's targets, posting stable and satisfactory sales volume growth in the year under review. Total TV unit sales of these two markets rose by 23% to 9,409,000 sets as compared with last year. Sales revenue of these two segments grew by 24% to HK$5,488 million, accounting for 21% of the Group's total TV sales revenue. However, during the year the emerging market business recognized provisions for bad debts and assets write-down of appropriately HK$132 million in total arising from restructuring of operations in certain regions including Russia, India, Thailand and Indonesia. These two divisions, in aggregate, therefore incurred an operating loss of HK$70 million.

An increasing number of new international market entrants made competition in the emerging markets keener than in the past. Prices for both CRT TVs and flat panel TVs decreased, thereby leading to declines in the overall average selling price despite the fact that sales of higher-priced LCD grew as a percentage of total sales.

In line with its strategy and market trends, the Group focused on key markets such as India, Russia and Brazil, and was one of the top-tier players in Vietnam, the Philippines and Australia.

In the strategic OEM business, the Group recorded sustainable growth for the year under review. The Group extended the business scope to its major international clients with a mixed original design manufacturer ("ODM") and OEM approach, using TCL-designed chassis. Strong sales growth was seen in the Latin American as well as countries in South East Asia. The Group continued to maintain amicable strategic relationships with its existing clients. On top of that, the Group will seek every possible opportunity to develop new accounts and explore the potential to work with internationally renowned customers to produce theme-designed TVs to broaden its product variety.

PC Business

In line with its strategy of focusing resources on its core TV business, the Group disposed of its PC and other non-core businesses to TCL Corporation in early September 2006. As a result, only eight months' results of this business unit were consolidated into the full year results of the Group in 2006 as a discontinued operation. Sales from the PC business amounted to HK$1,568 million, accounting for 5% of the Group's total revenue in 2006.

8. FINANCIAL AND TRADING PROSPECTS OF THE GROUP

While competition will remain keen in the consumer electronics industry, the outlook of the Group for 2007 is positive. To capture new opportunities arising from the migration to flat panel TV and digital TV, the Group is focusing additional resources on these two areas, in particular on LCD TV. It is determined to improve its product development capability and develop itself into a competitive ODM organization. The creation of an innovation centre to lead product development is just one of the initiatives demonstrating the Group's commitment.

The Group is moving towards its goal of establishing global cost advantage in small-size products (products of 26 inches or less), while achieving feature and industrial design differentiation in mid-range and high-end products. Cost reductions in manufacturing have been achieved through component and software standardization, together with a relentless effort to improve overall product and supply chain quality. The Group is also implementing plans to enhance the flexibility and efficiency of its supply chain. Some of the key areas of focus include improving information flow from sales to raw material inventory, thereby increasing organizational transparency, together with re-aligning production workflows, stepping up the accountability of each factory and shortening the overall product turnaround time.

Although the PRC market experienced a contraction in demand in 2006, current signs indicate that it will return to a pattern of growth. It is expected that consumer desire to purchase higher quality TVs, whether higher end CRT TV or flat panel TV, will increase in the lead-up to the 2008 Olympics Games. This grand event is expected to produce a positive consumer sentiment which will largely offset the current slowdown in consumption.

As a result of the restructuring of the Group's Europe business, sales for Europe in 2007 will decrease in terms of both volume and revenue. Despite this, the new business model is expected to reduce the loss attributable to Europe, as operating costs will be significantly reduced after the business restructuring.

The Group expects to see continued improvements in the North American operation. Currently, projection TVs (including microdisplay rear projection TV and CRT-based TVs) account for a large proportion of the sales mix in this market. Sales of LCD TVs are still in early days. The Group will improve its position in the LCD TV segment in the next few years with more marketing campaigns as well as further improvements in cost structure.

Emerging Markets and the Strategic OEM business offer ample room for growth, though they are expected to grow at a relatively slower pace. As competition continues to be mainly on pricing, profit margins will be squeezed further in 2007.

Although there was shrinkage in the market for CRT TVs, it remains a sizable business by volume, as market demand is forecasted to stay at 122 million sets per annum. There has been a trend for global TV manufacturers with sizeable scale to reduce or stop production of CRT TVs. This business has always contributed a stable revenue and profit stream for the Group and, as the demand for CRT TVs still represents a substantial market, the Group is poised for brisk growth in the OEM business at a global level. Its largest manufacturing facilities are in the PRC, where a complete CRT manufacturing industry chain, including key raw materials, components and TV sets, is present.

With its competitive cost advantages, strong research and development capability, effective sales and marketing strategies, and strong brand positions, with the right strategies, the Group will be well placed to maintain a steady global market share and enhance its competitiveness.

The following unaudited pro forma financial information prepared in accordance with Paragraph 29 of Chapter 4 of the Listing Rules is for illustrative purposes only, and is set out here to provide Shareholders with further information about how the Rights Issue might have affected the net tangible assets of the Group after completion of the Rights Issue. Although reasonable care has been exercised in preparing the said information, Shareholders who read the information should bear in mind that these figures are inherently subject to adjustments and may not give a complete picture of the Group's financial results and positions for the financial periods concerned.

(a) Unaudited pro forma statement of adjusted consolidated net tangible assets of the Group

The following is an illustrative unaudited pro forma statement of adjusted consolidated net tangible assets (the "Unaudited Pro Forma Financial Information") of the Group which has been prepared on the basis of the notes set out below for the purpose of illustrating the effect of the Rights Issue as if it had taken place on 31 March 2007. The Unaudited Pro Forma Financial Information of the Group is prepared based on the unaudited consolidated net tangible assets of the Group as at 31 March 2007, as extracted from the published results announcement of the Group for the three months ended 31 March 2007 and is adjusted for the effect of the Rights Issue.

The Unaudited Pro Forma Financial Information of the Group has been prepared for illustrative purposes only and, because of its hypothetical nature, it may not give a true picture of the consolidated net tangible assets of the Group following the Rights Issue.

Dear Sirs,

TCL Multimedia Technology Holdings Limited
Unaudited Pro Forma Statement of Adjusted Consolidated Net Tangible Assets

We report on the unaudited pro forma statement of adjusted consolidated net tangible assets (the "Unaudited Pro Forma Financial Information") of TCL Multimedia Technology Holdings Limited (the "Company") and its subsidiaries (hereafter collectively referred to as the "Group") set out on pages 124 to 125 in Appendix II of the Company's prospectus dated 22 June 2007 (the "Prospectus") in connection with the proposed rights issue of the Company (the "Rights Issue"). The Unaudited Pro Forma Financial Information has been prepared by the directors of the Company, for illustrative purposes only, to provide information about how the Rights Issue might have affected the consolidated net tangible assets of the Group if the Rights Issue had taken place at 31 March 2007.

Respective responsibilities of directors of the Company and reporting accountants

It is the responsibility solely of the directors of the Company to prepare the Unaudited Pro Forma Financial Information in accordance with paragraph 4.29 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules") and with reference to Accounting Guideline 7 "Preparation of Pro Forma Financial Information for Inclusion in Investment Circulars" issued by the Hong Kong Institute of Certified Public Accountants.

It is our responsibility to form an opinion, as required by paragraph 4.29(7) of the Listing Rules, on the Unaudited Pro Forma Financial Information and to report our opinion to you. We do not accept any responsibility for any reports previously given by us on any financial information used in the compilation of the Unaudited Pro Forma Financial Information beyond that owed to those to whom those reports were addressed by us at the dates of their issue.

Basis of opinion

We conducted our engagement in accordance with the Hong Kong Standard on Investment Circular Reporting Engagements 300 "Accountants' Reports on Pro Forma Financial Information in Investment Circulars" issued by the Hong Kong Institute of Certified Public Accountants. Our work consisted primarily of comparing the unadjusted financial information with source documents, considering the evidence supporting the adjustments and discussing the Unaudited Pro Forma Financial Information with the directors of the Company. This engagement did not involve independent examination of any underlying financial information.

We planned and performed our work so as to obtain the information and explanations we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the Unaudited Pro Forma Financial Information has been properly compiled by the directors of the Company on the basis stated, that such basis is consistent with the accounting policies of the Group and that the adjustments are appropriate for the purposes of the Unaudited Pro Forma Financial Information as disclosed pursuant to paragraph 4.29(1) of the Listing Rules.

The Unaudited Pro Forma Financial Information is for illustrative purposes only, based on the judgments and assumptions of the directors of the Company, and, because of its hypothetical nature, does not provide any assurance or indication that any event will take place in the future and may not be indicative of: i) the financial position of the Group as at 31 March 2007 or any future dates; or ii) the consolidated net tangible assets per share of the Group as at 31 March 2007 or any future dates.

Opinion

In our opinion:

i) the Unaudited Pro Forma Financial Information has been properly compiled by the directors of the Company on the basis stated;

ii) such basis is consistent with the accounting policies of the Group; and

iii) the adjustments are appropriate for the purposes of the Unaudited Pro Forma Financial Information as disclosed pursuant to paragraph 4.29(1) of the Listing Rules.

Yours faithfully,
Ernst & Young
