

Transport International Holdings' Annual Report Received International Recognition

Following the winning of the Best of Hong Kong (Traditional Format) Award in the 2009 ARC Awards, Transport International Holdings Limited (TIH)'s 2008 Annual Report was selected as a "Stevie Finalist" in the 6th International Business Awards in the United States.

The International Business Awards, also known as the "Stevie Awards", honours organisations of all types and sizes and the people behind them, recognising outstanding performances in the workplace worldwide. It is the world's only international, all-encompassing business awards programme. This year there were more than 1,700 entries from organisations in more than 40 countries. TIH's 2008 Annual Report stood out in the "Annual Report" category, reflecting the fact that the report was of international standard.

The theme of TIH's 2008 Annual Report was "Building On Our Core Strengths To Ensure Sustainable Business Excellence", reflecting the Group's efforts in maintaining its position as a world leader in the transport industry and its commitment to ensuring sustainable business excellence by building on its core strengths of innovation, teamwork, efficiency and service excellence.

Besides reporting on the annual results and the financial information of the Group, TIH's 2008 Annual Report enhanced transparency by providing details of the Group's corporate governance practices, thus increasing the public's understanding of the Group's professional management and internal monitoring systems. It also included a conversation with the Managing Director through which the Group's strategies and future direction were presented.
