Mission

We strive to satisfy the needs of clients and provide quality service to the best we could by producing products of the highest quality in timely and competitive manner.

Dear Shareholders,

On behalf of the board ("Board") of directors ("Director(s)") of Winox Holdings Limited ("Company", together with its subsidiaries, "Group"), I am pleased to present the Group's annual results for the financial year ended 31 December 2019.

FINANCIAL PERFORMANCE

Despite the many challenges in 2019, the Group has developed its business well in the second half year and delivered a better than expected results for the full year 2019. Revenue of the Group for the year ended 31 December 2019 increased to yet another record level of HK\$1,210,334,000 (2018: HK\$1,128,653,000), representing an increase of 7.2% as compared to last year. Profit for the year and basic earnings per share decreased to HK\$138,396,000 (2018: HK\$154,126,000) and HK27.7 cents (2018: HK30.8 cents) respectively, representing a decrease of 10.2% and 10.1% as compared to last year.

DIVIDENDS

The Board recommends the payment of a final dividend of HK3 cents per ordinary share (2018: HK8.5 cents), which is subject to the approval of shareholders of the Company ("Shareholders") at the forthcoming annual general meeting. Together with the interim dividend of HK5 cents (2018: HK6 cents) per ordinary share paid in September 2019, the total dividends for the year ended 31 December 2019 is HK8 cents per ordinary share (2018: HK14.5 cents per ordinary share).

BUSINESS

In second half of 2019, the Group successfully expanded into a new product segment – smart wearables. Sales of this segment for the year ended 31 December 2019 had reached HK\$156,719,000 and the majority of the sales product was smartwatch cases and parts. We are determined to make the necessary investments required to capture the growth in this segment. The mobile phone cases and parts segment was well performed for another year. Sales of this segment for the year ended 31 December 2019 reached HK\$589,104,000, representing an increase of 18.9% as compared to last year. We expect these two product segments will be our main growth drivers going forward. The sales of watch bracelets experienced a decline of 33.8% as compared to last year. The product segments of costume jewellery and accessories and parts for leather goods were combined and renamed as fashion accessories for reporting purpose and the sales increased by 13.2% as compared to last year.

PROSPECTS

The sudden outbreak of 2019 Novel Coronavirus, ongoing US-China trade disputes and the recent tumble of global stock markets all add plenty of uncertainty to global economic prospects. However, the Group's strong financial fundamentals, well diversified product portfolio and strong customer base will enable us to sustain in the present economic downturn. With the 5G era fast approaching, we believe there will be increasing demand for premium and aesthetic stainless steel products. We will continue to utilise our expertise in stainless steel to serve our existing prominent customers, and explore opportunities that are beneficial for our long-term growth.

CORPORATE SUSTAINABILITY

The Group offers a diversified portfolio of top-notch stainless steel products to its customers. We work closely with our customers and suppliers to deliver quality and cost-effective products efficiently, which enables us to maintain long and fruitful business relationships with our customers. We are committed to achieving long-term business sustainability by building on our already excellent operational efficiency.

APPRECIATION

I would like to express my sincerely appreciation to my fellow Directors, customers, staff, suppliers and other stakeholders for their contributions and support for the Group.

Yiu Hon Ming

Chairman and Managing Director

Management Discussion and Analysis

The Dongguan Dalang factory

BUSINESS REVIEW

The principal focus of the Company remains on the development and manufacture of premium stainless steel products, and our major business segments are, namely, watch bracelets, mobile phone cases and parts, smart wearable cases and parts, and fashion accessories. In order to provide better revenue analysis by product, the segments of costume jewellery and accessories and parts for leather goods were combined this year as fashion accessories.

We are glad that the Group has successfully expanded into the smart wearables products which is a fast growing consumer electronics sector that the world's major smartphone and high-tech companies are striving for market shares. The main products that we producing are cases and parts for smart wearables especially for smartwatch. The mass production was started in the second half of 2019 and the sales for the year ended 31 December 2019 had already reached HK\$156,719,000. On the other hand, we are also pleased to inform that the demand for our mobile phone cases and parts was continuously to grow satisfactorily for the year. The demand for our watch bracelets was adversely affected by the sluggish market. The sales for fashion accessories has achieved a growth for the year. As a result, the Group recorded an increase of 7.2% in revenue for 2019 as compared to last year.

FINANCIAL REVIEW

Revenue

For the year ended 31 December 2019, the Group's revenue increased by 7.2% to HK\$1,210,334,000 (2018: HK\$1,128,653,000) as compared to last year. Revenue attributable to watch bracelets, mobile phone cases and parts, fashion accessories, and smart wearable cases and parts were 29.1%, 48.7%, 9.3% and 12.9% respectively (2018: 47.1%, 43.9%, 8.8% and 0.2%).

During the year, the Group's revenue of watch bracelets reported a decrease of 33.8% to HK\$352,063,000 (2018: HK\$531,701,000) as compared to last year.

During the year, sales of mobile phone cases and parts was HK\$589,104,000 (2018: HK\$495,437,000), representing an increase of 18.9% as compared to last year.

Sales of fashion accessories for the year recorded an increase of 13.2% to HK\$112,448,000 (2018: HK\$99,341,000).

Sales of smart wearable cases and parts amounted to HK\$156,719,000 (2018: HK\$2,174,000), which is 72.1 times that of last year.

Profit

Gross profit for the year decreased by 0.6% to HK\$306,959,000 (2018: HK\$308,694,000) as compared to last year. Gross profit margin for the year decreased by 2.0 percentage point to 25.4% (2018: 27.4%) mainly due to (1) the smart wearables segment was in its early cycle and yet to reach optimal scale and (2) higher materials costs was used in mobile phone cases and parts.

Profit for the year decreased by 10.2% to HK\$138,396,000 (2018: HK\$154,126,000) and basic earnings per share for the year decreased by 10.1% to HK27.7 cents (2018: HK30.8 cents).

Cost of Sales

Cost of sales included costs of production materials and labour, and manufacturing overhead and other costs. The following table sets forth the breakdown of our cost of sales for the year ended 31 December 2019:

	2019 HK\$'000	2018 HK\$'000
Direct materials costs	497,898	404,451
Direct labour costs	303,190	291,231
Manufacturing overhead and other costs	102,287	124,277
	903,375	819,959

For the year ended 31 December 2019, direct materials costs accounted for about 55.1% (2018: 49.3%) of the total cost of sales, the increase was mainly due to the significant increase in sales of mobile phone cases and parts, the manufacture of which requires higher proportion of materials costs.

Direct labour costs, and manufacturing overhead and other costs accounted for about 33.6% and 11.3% (2018: 35.5% and 15.2%) of the total cost of sales respectively.

Other Income

Other income for the year amounted to HK\$7,016,000 (2018: HK\$8,241,000), which was mainly comprised of gain from sales of scrap materials and sales of other parts and samples.

Other Gains and Losses

Other gains for the year amounted to HK\$572,000 (2018: HK\$3,556,000), which was mainly comprised of net exchange gain from the depreciation of Renminbi during the year.

Expenses

Selling and distribution costs decreased by 29.9% to HK\$21,287,000 for the year as compared to HK\$30,383,000 for last year which was in line with the decrease in revenue of watch bracelets.

Administrative expenses increased by 12.0% to HK\$122,101,000 (2018: HK\$109,007,000) for the year as compared to last year, the increase was mainly due to the increase in salaries.

During the year, finance costs amounted to HK\$2,585,000 (2018: HK\$2,961,000), representing a decrease of 12.7% as compared to last year which was mainly due to the repayment of bank loans.

Taxation

On 21 March 2018, the Hong Kong Legislative Council passed The Inland Revenue (Amendment) (No. 7) Bill 2017 ("Bill") which introduces the two-tiered profits tax rates regime. The Bill was signed into law on 28 March 2018 and was gazetted on the following day. Under the two-tiered profits tax rates regime, the first HK\$2 million of profits of the qualifying group entity will be taxed at 8.25%, and profits above HK\$2 million will be taxed at 16.5%. The profits of group entities not qualifying for the two-tiered profits tax rates regime will continue to be taxed at a flat rate of 16.5%.

Under the Law of the People's Republic of China ("PRC") on Enterprise Income Tax ("EIT") ("EIT Law") and Implementation Regulation of the EIT Law, the tax rate of PRC subsidiaries is 25%. During the year ended 31 December 2018, certain subsidiaries of the Company operating in the PRC are recognised as High and New Technology Enterprise and eligible to a tax rate of 15% with effect from the financial year ended 31 December 2017. Accordingly, an overprovision for the PRC EIT in prior years amounting to HK\$5,993,000 was recognised during the year ended 31 December 2018.

According to relevant laws and regulations promulgated by the State Administration of Tax of the PRC effective from 2008 onwards, enterprises engaging in research and development activities are entitled to claim 175% of their qualified research and development expenses so incurred as tax deductible expenses when determining their assessable profits for the year. The deduction of qualified research and development expenses is subject to the approval from the relevant tax authorities in the annual EIT filling. Accordingly, an overprovision for the PRC EIT in prior years amounting to HK\$2,742,000 was recognised during the year ended 31 December 2019.

Inventories

	2019 HK\$'000	2018 HK\$'000
Raw materials	14,131	10,070
Work in progress	89,636	32,915
Finished goods	29,578	31,819
	133,345	74,804

As at 31 December 2019, the Group recorded an inventory balance of HK\$133,345,000 (31 December 2018: HK\$74,804,000), representing an increase of 78.3% which was mainly due to the increase in work in progress at the end of the year. The inventory turnover of the Group for year ended 31 December 2019 was 42.1 days as compared to 34.9 days for the year ended 31 December 2018.

Trade Receivables

As at 31 December 2019, trade receivables of the Group amounted to HK\$264,090,000 (31 December 2018: HK\$153,243,000). The credit periods granted to our customers were considered on individual basis ranging from 30 days to 90 days. Generally, no credit would be granted to customers which are new, short-term and placing orders in immaterial scale. As most of our customers were internationally renowned brand owners, we considered we were exposed to relatively minimal default risk. As at 15 March 2020, approximately 95.4% of the trade receivables amounting to HK\$264,090,000 as at 31 December 2019 has been received. The trade receivables turnover of the Group for the year ended 31 December 2019 was 62.9 days (for the year ended 31 December 2018: 47.5 days) and the increase in number of days was mainly due to the increase in sales of mobile phone cases and parts and smart wearable cases and parts which have relatively longer credit period.

Trade Payables

As at 31 December 2019, the trade payables of the Group amounted to HK\$173,141,000 (31 December 2018: HK\$102,206,000). The trade payables were primarily related to the purchase of raw materials from suppliers with credit periods ranging from 30 days to 90 days. The trade payables turnover of the Group for the year ended 31 December 2019 was 55.6 days (for the year ended 31 December 2018: 44.9 days).

Liquidity, Indebtedness and Charges on Assets

During the year, the Group maintained a satisfactory liquidity level. As at 31 December 2019, net current assets of the Group was HK\$235,477,000 (31 December 2018: HK\$269,788,000). Besides, the Group had cash and bank balances of HK\$137,292,000 (31 December 2018: HK\$239,478,000), of which 43.1% was in Hong Kong dollars, 50.6% was in Renminbi, 5.1% was in United States dollars, and 1.2% was in Swiss Franc and other currencies.

As at 31 December 2019, the Group's outstanding secured bank borrowings totalled HK\$70,494,000 (31 December 2018: HK\$52,250,000), of which 42.1% was in Hong Kong dollars and 57.9% was in Renminbi. All of such outstanding secured bank borrowings were arranged on floating rate basis and HK\$29,679,000 (31 December 2018: HK\$52,250,000) contained repayment on demand clause at any time at the discretion of the bank. According to Hong Kong Accounting Standards, the Group classified the secured bank borrowings contained repayment on demand clause as current liabilities in the consolidated statement of financial position as at 31 December 2019. Of the total secured bank borrowings, according to the repayment schedule, HK\$63,386,000 was repayable within one year and the balance of HK\$7,108,000 was repayable after one year.

Part of the secured bank borrowings was secured by certain of the Group's assets with an aggregate carrying value of HK\$43,317,000 as at 31 December 2019. The charged assets included a piece of land in Dongguan where our factory was situated and certain properties constructed thereon, and the deposits for two keyman life insurance policies. The banking facilities to the Company's wholly-owned subsidiaries were also secured by corporate guarantees in favour of the bank from the Company.

As at 31 December 2019, the total unutilised banking facilities available to the Group amounted to HK\$39,262,000 (2018: HK\$30,465,000).

As at 31 December 2019, the Group's gearing ratio was 0.06 (31 December 2018: 0.06), which was calculated on the basis of outstanding secured bank borrowings over total assets of the Group.

Treasury

The Group adopted conservative treasury policies in cash and financial management for the year. Cash was generally placed in short-term deposits. The Group's liquidity and financing requirements were reviewed regularly.

For the year ended 31 December 2019, the Group's sales was mainly denominated in Hong Kong dollars and United States dollars, contributing to 36.8% and 53.0% of the total revenue respectively (2018: 54.1% and 43.0%). The expenses of the Group for the year were mainly denominated in Renminbi. As Hong Kong dollars was pegged with United States dollars, the Directors considered the Group was exposed to limited risk in this aspect. Despite that, the Group's production plants were located in PRC and the labour costs and manufacturing overhead were mainly denominated in Renminbi. The appreciation and depreciation of Renminbi might affect the overall production costs of the Group.

The Group did not use any financial instruments for hedging purposes during the year and the Group did not have any hedging instruments as at 31 December 2019. We would continue to monitor closely the exchange rate risk arising from the Group's existing operations and new investments in future. We would implement the necessary hedging arrangement to mitigate any significant foreign exchange risk when and if appropriate.

Capital Commitments and Significant Investment

Capital expenditure contracted for by the Group but not yet provided in the audited consolidated financial statements of the Company as at 31 December 2019 was HK\$29,936,000 (31 December 2018: HK\$24,030,000), which was mainly related to the acquisition of property, plant and equipment, and land use rights.

Possible Investment in a New Production Plant

Winox Watch Manufactory (Dongguan) Limited, a wholly-owned subsidiary of the Company, is negotiating with the local government in respect of the investment agreement in relation to the establishment of a new production plant on a parcel of land ("Land") located in Xinmalian Village, Dalang Town, Dongguan City, Guangdong Province, the PRC (中國廣東省東莞市大朗鎮新馬蓮村) with a total site area of approximately 24,988 square meters (or 37.5 mu), which is adjacent to one of the existing production plants of the Group, subject to the successful bidding of the Land by the Group. Please refer to the announcement of the Company dated 21 September 2018 for details of the possible investment.

Contingent Liabilities

As at 31 December 2019, save for the granting of corporate guarantees by the Company to its wholly-owned subsidiaries as described above, the Group did not have any other significant contingent liabilities.

EMPLOYMENT AND REMUNERATION POLICY

As at 31 December 2019, the total number of employees of the Group was 4,613 (2018: 3,594). During the year, staff costs (including Directors' emoluments) amounted to HK\$379,525,000 (2018: HK\$359,449,000). Remuneration of the employees which included salary and discretionary bonus was based on the Group's results and individual performance. Medical and retirement benefits schemes were made available to all levels of personnel.

The Company had adopted a share option scheme to incentivise the senior management and employees of the Group. During the year ended 31 December 2019, no option was granted by the Company pursuant to the share option scheme.

EVENT AFTER THE REPORTING PERIOD

Since January 2020, the outbreak of the 2019 Novel Coronavirus ("COVID-19") in the PRC and the subsequent quarantine measures imposed by the Chinese government have had a negative impact on the operations of the Group, as the Group's manufacturing facilities are located in Dongguan and Huizhou, PRC. The Group has had to delay its manufacturing activities due to the mandatory government quarantine measures in an effort to contain the spread of the epidemic. After the implementation of the various prevention and control measures, the Group's manufacturing facilities resumed operation on 10 February 2020 and recovered to the normal operating capacity by this report approval date. The Directors have closely monitored the development of the outbreak of COVID-19 and kept regular communications with its customers and suppliers to understand whether there would be any significant impacts on the Group's ongoing operation, and/or any shortages in supply on the materials required by the Group's production projects. Based on currently available information as of this report approval date, the Directors consider that the COVID-19 event would not have a material financial impact on the Group. However, given the inherent unpredictable nature and rapid development relating to COVID-19 globally, the Group's business might be affected and the Directors will continue to closely monitor in this regard.

OUTLOOK

Entering 2020, the pandemic of COVID-19 has caused unexpected severe interruption to the world's economic and trade activities. Although the central banks of major countries are cutting rates and acting to increase the liquidity of the money markets in order to boost the real economy, the outcome is yet to be observed. However, this is the Group's strategy to remain focused on the business segments that we have strengths and expertise. With the extensive experience of our core team and our advanced technology in handling precision stainless steel materials and product design, we are very optimistic on the development of stainless steel product business ahead. We are committed to improving our operation efficiency and will make the best use of our resources to enhance our profitability for the purpose of achieving the sustainable growth of the Group.

Report of Directors

The Directors are pleased to present the annual report together with the audited consolidated financial statements of Winox Holdings Limited and its subsidiaries for the year ended 31 December 2019 (“Annual Report”).

PRINCIPAL ACTIVITIES AND BUSINESS REVIEW

The Company is an investment holding company which provides corporate management services to its subsidiaries.

The Group is principally engaged in the development and manufacturing of stainless steel products such as watch bracelets, mobile phone cases and parts, smart wearable cases and parts, and fashion accessories. The activities and particulars of its principal subsidiaries are set out in note 35 to the consolidated financial statements.

There was no significant change in the nature of the Group’s principal activities during the year.

Further discussion and analysis of these activities as required by Schedule 5 to the Hong Kong Companies Ordinance, including an indication of likely future developments in the Group’s business, can be found in the Financial Highlights, Chairman’s Statement and Management Discussion and Analysis set out on page 3, pages 4 to 5 and pages 6 to 10 of this Annual Report respectively. These discussions form part of this Report of Directors.

KEY RISKS AND UNCERTAINTIES

Our Group’s financial condition, results of operations and business prospects may be affected by a number of risks and uncertainties directly or indirectly pertaining to our Group’s businesses. The followings are the key risks and uncertainties identified by our Group. There may be other risks and uncertainties in addition to those shown below which are not known to our Group or which may not be material now but could turn out to be material in the future.

Risks relating to the industry

Business of the Group depends substantially on the global economic and market conditions. During periods of slowing economic growth or recession, consumer spending may drop as customers are less willing to spend money. As our products are ultimately sold by our ultimate brand owners as part of their products to consumers in the high-end retail market, a drop in consumer spending power in luxury products could lead to a drop in demand for the brand owners’ products, and in turn lower the demand of our products and thereby adversely affecting our results of operations and financial condition. To manage and reduce the risk, the Board intends to focus on stainless steel products, target high-end customers, and diversify our product portfolio by extending our product category to accessories for mobile phone and wearable devices, and makes prudent decision on expansion plans.

Risks relating to concentration of customers

The largest and top five customers of the Group accounted for approximately 34.2% and 80.2% of our total revenue for the year ended 31 December 2019 respectively (2018: 43.7% and 82.9%). There is no assurance that our business relationship with our major customers will continue in the future. To reduce the risk, the Group has expanded its customer base for high-end customers in which it has achieved an improvement.

Risks relating to conducting business in the PRC

Our results, financial condition and prospect are to a significant degree subject to the economic, political and legal developments in the PRC, as a substantial part of our assets and business operations are located in the PRC. The economic, political and social conditions, as well as government policies, including taxation policies, of the PRC, could affect our business. To manage the risk, the Board has appointed certain senior management to closely monitor the economic, political, legal, institutional and social developments in the PRC, and maintained conservative treasury policy in cash management, such as holding cash in Hong Kong.

EVENTS AFTER THE REPORTING PERIOD

Details of event after the reporting period are set out in note 38 to the consolidated financial statements.

ENVIRONMENTAL POLICIES AND PERFORMANCE

The Group attaches great importance to environmental protection and carefully takes various environmental factors into account in the operation and decision-making processes to optimise the use of resources, strictly comply with the applicable environmental regulations and other statutory requirements and reduce waste, as well as actively encourages its stakeholders to protect the environment and contribute to environmental protection.

We have adopted the following principles to minimise the impact on the environment from our operations:

- Comply with all relevant environmental regulations and other statutory requirements;
- Monitor, identify and review the impact from the Group's operations on the environment on a regular basis; and
- Require all staff to address environmental responsibilities, such as implementing green office measures, to enhance their environmental awareness.

The Group has constructed environmental facilities in its factories in the PRC. We have also established a system to monitor waste and sewage generated from production processes, and installed chemical sewage treatment facility to monitor proper disposal of contaminants, and make them fit for recycling to ensure the compliance with relevant environmental regulations and standards in the PRC.

The Group deals with hazardous waste cautiously. In addition to the compliance with statutory environmental requirements on storage of hazardous waste, additional waste disposal measures have been implemented. Such waste has been regularly disposed by qualified hazardous waste management companies recognised by local environmental protection bureau in accordance with environmental requirements in order to reduce adverse environmental impact.

In the meantime, the Group has introduced energy-saving facilities at the PRC's factories, in which energy-efficient lighting is adopted to reduce power consumption. In addition, an incentive system has been employed for use of raw materials to promote waste reduction and conservation of resources.

The Company believes that the environmental systems and facilities of our factories in the PRC have complied with the relevant national and local regulations on environmental protection in the PRC.

COMPLIANCE WITH RELEVANT LAWS AND REGULATIONS

The principal activities of the Group during the year were development and manufacturing of stainless steel products such as watch bracelets, mobile phone cases and parts, smart wearable cases and parts, and fashion accessories. During the year, as far as the Company is aware, there was no material breach of non-compliance with applicable laws and regulations by the Group that has a significant impact on the business and operations of the Group.

RELATIONSHIPS WITH EMPLOYEES, KEY CUSTOMERS AND SUPPLIERS, AND OTHERS

The Company is of the view that it has been maintaining a good relationship with the following key stakeholders of the Group:

- employees and workers
- major customers
- major suppliers, such as, suppliers for production materials and component parts
- bankers

RESULTS AND APPROPRIATIONS

The results of the Group for the year ended 31 December 2019 are set out in the Consolidated Statement of Profit or Loss and Other Comprehensive Income on page 39 of this Annual Report and in the accompanying notes to the consolidated financial statements.

The Board recommends the payment of a final dividend of HK3 cents (2018: HK8.5 cents) per ordinary share for the year ended 31 December 2019 to the Shareholders whose names appear on the register of members of the Company ("Register of Members") on Tuesday, 23 June 2020. Subject to the approval of the Shareholders at the annual general meeting of the Company ("AGM") to be held on Monday, 15 June 2020, the proposed final dividend of approximately HK\$15,000,000 in aggregate will be paid on Monday, 6 July 2020. Together with the interim dividend for the year of HK5 cents (2018: HK6 cents) per ordinary share paid in September 2019, the total dividends for the year is HK8 cents (2018: HK14.5 cents) per ordinary share.

For the purpose of ascertaining Shareholders' right to attend and vote at the AGM, the Register of Members will be closed from Wednesday, 10 June 2020 to Monday, 15 June 2020, both days inclusive, during which no transfer of shares of the Company will be registered. In order to be eligible to attend and vote at the AGM, all transfer documents accompanied by the relevant share certificates must be lodged with the branch share registrar of the Company in Hong Kong, Tricor Investor Services Limited, at Level 54, Hopewell Centre, 183 Queen's Road East, Wanchai, Hong Kong, ("Branch Share Registrar") for registration not later than 4:30 p.m. on Tuesday, 9 June 2020.

For the purpose of ascertaining Shareholders' entitlement to the proposed final dividend, the Register of Members will be closed from Friday, 19 June 2020 to Tuesday, 23 June 2020, both days inclusive, during which no transfer of shares of the Company will be registered. In order to be entitled to the proposed final dividend, all transfer documents accompanied by the relevant share certificates must be lodged with the Branch Share Registrar for registration not later than 4:30 p.m. on Thursday, 18 June 2020.

RESERVES

As at 31 December 2019, reserves of the Company available for distribution to the Shareholders were approximately HK\$337,071,000 (2018: HK\$280,806,000). Details of movements in the reserves of the Group and the Company during the year are set out in the Consolidated Statement of Changes in Equity and note 34 to the consolidated financial statements on pages 41 and 81 of this Annual Report respectively. Under the Companies Law of the Cayman Islands (2018 Revised), the share premium account of the Company amounting to approximately HK\$213,244,000 (2018: HK\$213,244,000) is distributable to the Shareholders provided that immediately following the date on which the distribution or dividend is proposed to be paid, the Company will be able to pay its debts as they fall due in the ordinary course of business. The share premium account of the Company may also be distributed in the form of fully paid bonus shares to be issued to Shareholders.

DIVIDEND POLICY

The Company has adopted a dividend policy of distributing to its Shareholders all funds surplus to the operating needs of the Group as determined by the Board with a target dividend payout ratio in respect of each financial year of not less than 40% of profit attributable to its Shareholders.

The distribution of dividend depends on, among others, the Group's current and future operations, operating results, liquidity position, capital requirements, the interests of the Shareholders, dividends received from the Company's subsidiaries and associate companies, and other factors that the Board considered relevant.

FIVE-YEAR FINANCIAL SUMMARY

A summary of the results, and assets and liabilities of the Group for the last five financial years is set out on page 84 of this Annual Report.

PERMITTED INDEMNITY PROVISION

Pursuant to the Articles of Association of the Company, each Director and other officers of the Company shall be indemnified out of the assets and profits of the Company against all losses or liabilities which he or she may sustain or incur in or about the execution of the duties of his or her office or otherwise in relation thereto. In addition, the Company has maintained appropriate directors and officers liability insurance in respect of relevant legal actions against the Directors.

MANAGEMENT CONTRACTS

No contract concerning the management and administration of the whole or any substantial part of the business of the Company were entered into or existed during the year.

ARRANGEMENTS TO PURCHASE SHARES OR DEBENTURES

Other than the Share Option Scheme of the Company as disclosed below, at no time during the year was the Company, or the Company's subsidiaries or holding companies or fellow subsidiaries, a party to any arrangements to enable Directors to acquire benefits by means of acquisition of shares in, or debentures of, the Company or any other body corporate.

SHARE OPTION SCHEME

The share option scheme of the Company ("Share Option Scheme") was approved and adopted by the Board on 25 June 2011. No options may be granted under the Share Option Scheme on or after the date of the tenth anniversary of the adoption of the Share Option Scheme, i.e. 24 June 2021.

The purpose of the Share Option Scheme is to provide Directors, officers, employees and consultants of any member of our Group ("Participant(s)") with the opportunity to acquire proprietary interests in the Company and to encourage them to work towards enhancing value of the Company and its shares for the benefit of the Company and its Shareholders as a whole. The Share Option Scheme provides the Company with a flexible means to retain, incentivise, reward, remunerate, compensate and/or provide benefits to Participants. The Share Option Scheme is administered by the Board and the Remuneration Committee of the Company.

No option had been granted under the Share Option Scheme as at the date of this Annual Report. The maximum number of shares which may be issued upon exercise of all options to be granted under the Share Option Scheme shall be 50,000,000 shares, representing 10 per cent of the Company's total issued share capital as at the date of this Annual Report.

Unless approved by Shareholders, the total number of shares issued and to be issued upon exercise of the options granted to each Participant (including exercised, cancelled and outstanding options) under the Share Option Scheme in any twelve-month period must not exceed 1 per cent of the shares in issue. Each grant of options to any Director, chief executive or substantial Shareholder, or any of their respective associates shall be subject to prior approval by Independent Non-executive Directors. Where any grant of options to a substantial Shareholder or an Independent Non-executive Director, or any of their respective associates, would result in the shares issued and to be issued upon exercise of all options already granted and to be granted (including exercised, cancelled and outstanding options) to such person in the twelve-month period: (a) representing in aggregate over 0.1 per cent of the shares of the Company then in issue; and (b) having an aggregate value in excess of HK\$5,000,000, such grant of options shall be subject to prior approval by the Shareholders.

No offer shall be made and no option shall be granted to any Participant in circumstances prohibited by the Listing Rules at a time when the Participant would or might be prohibited from dealing in the shares of the Company by the Listing Rules or by any applicable rules, regulations or law.

The period within which the options must be exercised will be specified by the Company at the time of grant. Such period must expire no later than ten years from the date of grant.

The amount payable upon acceptance of an option is HK\$1. At the time of grant of the options, the Company may specify any minimum period for which an option must be held before it can be exercised or any performance targets which must be achieved before the options can be exercised. The Share Option Scheme does not contain any such minimum period and any performance targets.

The subscription price for shares on the exercise of the options shall be no less than the higher of: (a) the closing price of the shares as stated in the daily quotations sheet issued by the Stock Exchange on the date of grant; (b) the average closing price of the shares as stated in the daily quotations sheets issued by the Stock Exchange for the five business days immediately preceding the date of grant; and (c) the nominal value of a share on the date of grant.

A share to be allotted and issued upon the exercise of an option shall be subject to the provisions of the Articles of Association of the Company for the time being in force and will rank pari passu with the fully paid shares in issue on the date the name of the Participant shall be registered on the Register of Members. Prior to being registered on the Register of Members, the Participant is not entitled to any voting rights, or rights to participate in any dividends or distributions, in respect of the shares to be issued upon the exercise of the option.

During the year ended 31 December 2019, no option was granted or outstanding under the Share Option Scheme.

CORPORATE GOVERNANCE

The Company is committed to maintaining high standard of corporate governance. Details of the corporate governance practices adopted by the Company are set out in the Corporate Governance Report on pages 26 to 34 of this Annual Report.

RELATED PARTIES TRANSACTIONS

Details of related party transactions of the Group for the year ended 31 December 2019 are set out in note 31 to the consolidated financial statements. The related party transactions set out in note 31 to the consolidated financial statements constituted exempt connected transactions under rule 14A.76(1) of the Listing Rules, and the Company did not have any connected transactions which were subject to the relevant disclosure requirements under Chapter 14A of the Listing Rules for the year.

MAJOR SUPPLIERS AND CUSTOMERS

For the year ended 31 December 2019, the largest and top five customers of the Group accounted for approximately 34.2% and 80.2% of the total revenue of the Group respectively (2018: 43.7% and 82.9%).

The aggregate purchases during the year attributable to the Group's largest and top five suppliers were approximately 16.2% and 38.5% of the Group's total purchases respectively (2018: 8.9% and 30.1%).

To the best knowledge of the Directors, none of the Directors, their close associates (within the meaning of Part XV of the SFO) or any Shareholder (holding more than 5% of the Company's share capital) had any interest in the five largest customers and/or suppliers of the Group during the year.

PURCHASE, SALE OR REDEMPTION OF LISTED SECURITIES

Neither the Company nor any of its subsidiaries has purchased, sold or redeemed any of the listed securities of the Company during the year ended 31 December 2019.

PRE-EMPTIVE RIGHTS

There are no provisions for pre-emptive rights under the Articles of Association of the Company or the laws of Cayman Islands, which would oblige the Company to offer new shares on a pro-rata basis to existing Shareholders.

PUBLIC FLOAT

Based on the information that is publicly available to the Company and within the knowledge of the Directors, the Company has maintained a sufficient public float of not less than 25% of the Company's total issued share capital held by the public during the year and up to the date of this Annual Report.

SPECIFIC PERFORMANCE OBLIGATIONS ON CONTROLLING SHAREHOLDER

On 21 June 2013, Winox Enterprise, as borrower, entered into a facilities letter with a financial institution in relation to two term loans, which are interest bearing and secured, at the amounts of HK\$40,000,000 (converted to committed loan on 27 December 2013, and is repayable by 12 equal quarterly instalments and was fully repaid in September 2016) and HK\$60,000,000 (converted to committed loan on 24 March 2014 for the first 2 years from the loan drawdown date and is repayable by 28 equal quarterly instalments) respectively. HK\$30,000,000 was drawn on 25 June 2014 and HK\$30,000,000 was drawn on 25 September 2014 from the latter loan.

On 24 November 2015, Winox Enterprise, as borrower, entered into another facilities letter with the same financial institution in relation to a term loan of up to HK\$70,000,000. The loan facility (a) is interest bearing and secured; (b) is repayable by 20 equal quarterly instalments commencing three months after first drawdown; and (c) contains repayment on demand clause at the discretion of the financial institution which was effective after 22 months from the date of the first drawdown. HK\$35,000,000 was drawn on 28 December 2015 and HK\$35,000,000 was drawn on 15 March 2016.

Pursuant to these facilities letters, the controlling shareholder of the Company, Mr. Yiu Hon Ming and his family are required, at all times, to hold not less than 50% of the issued shares of the Company ("Specific Performance Obligations"). The breach of the Specific Performance Obligations will cause a default in respect of these loan facilities and the financial institution shall have the right to terminate the commitments and declare all outstanding amounts together with interests accrued thereon and all other sums payable under these loan facilities be immediately due and payable.

As at 31 December 2019, the amount of loan outstanding under these loan facilities was approximately HK\$29,679,000 and the unutilised facilities available for drawdown amounted to HK\$2,000,000.

TAX RELIEF AND EXEMPTION

The Directors are not aware of any tax relief and exemption available to the Shareholders by reason of their holding of the Company's securities.

INDEPENDENT AUDITOR

During the year, Messrs. Deloitte Touche Tohmatsu was appointed as the independent auditor of the Company. A resolution will be proposed at the AGM to re-appoint Messrs. Deloitte Touche Tohmatsu as the independent auditor of the Company.

On behalf of the Board

Yiu Hon Ming

Chairman and Managing Director

Hong Kong, 30 March 2020

Corporate Governance Report

The Company is committed to establishing and maintaining high standard of corporate governance and believes that good corporate governance system provides a sustainable and solid foundation for the Company to manage business risks, enhance transparency, advance accountability and maximise Shareholders' interests.

Throughout the year ended 31 December 2019, the Company has applied the principles of the Corporate Governance Code ("CG Code") as set out in Appendix 14 to the Listing Rules and complied with all the applicable code provisions of the CG Code, save and except for the deviations from code provisions A.2.1 and A.6.7.

Under code provision A.2.1, the roles of chairman and chief executive should be separate and should not be performed by the same individual. Mr. Yiu Hon Ming is the Chairman and Managing Director (being defined as Chief Executive under the CG Code) of the Company who is responsible for overseeing the overall operations of the Group. Mr. Yiu is the founder of the Group who possesses comprehensive knowledge and experience of the industry and has in-depth understanding of the Group's overall operations. Directors consider this structure is conducive to strong and consistent leadership, and effective and efficient planning and implementation of business decisions and strategies of the Group. The Board meets regularly to discuss major matters affecting the Group's operations and considers this structure does not impair the balance of power and authority between the Board and the management of the Company.

Under code provision A.6.7, independent non-executive directors and other non-executive directors should attend general meetings and develop a balanced understanding of the views of shareholders. An Independent Non-executive Director was unable to attend the Company's annual general meeting held on 20 May 2019 due to his other business engagement.

The Company has formulated and adopted its corporate governance policy ("CG Policy") and it is the responsibility of the Board to perform the corporate governance duties. The CG Policy outlines certain essential corporate governance principles under the CG Code and intends to provide appropriate guidance on the effective application and promotion of corporate governance principles in the Company. The CG Policy is available on the website of the Company.

DIRECTORS' SECURITIES TRANSACTIONS

The Company has adopted the Model Code as set out in Appendix 10 to the Listing Rules as its code of conduct regarding securities transactions of Directors. The Model Code applies to Directors, relevant employees and officers who are likely to be in possession of unpublished price-sensitive information of the Company. Having made specific enquiry of all Directors, each of them confirmed that he/she has complied with the required standard set out in the Model Code during the year ended 31 December 2019 and up to the date of this Annual Report.

THE BOARD

The Board guides and monitors the business and affairs of the Company to enhance long-term Shareholders' value. It is also the responsibility of the Board to determine the appropriate corporate governance practices applicable to the Company's circumstances and to ensure processes and procedures are in place to achieve the Company's corporate governance objectives.

Board Composition

During the year, the Board consisted of ten Directors (including the Chairman), amongst which six are Executive Directors and four are Independent Non-executive Directors.

Executive Directors

Mr. Yiu Hon Ming (*Chairman and Managing Director*)
Ms. Law Wai Ping
Mr. Chau Kam Wing Donald (*Finance Director*)
Mr. Li Chin Keung
Ms. Yiu Ho Ting
Mr. Yiu Tat Sing

Independent Non-executive Directors

Mr. Au Wai Ming (*Deputy Chairman*)
Mr. Carson Wen
Professor Wong Lung Tak Patrick
Mr. Wu Ming Lam

The Board focuses on formulating the Group's overall strategic policy, monitoring performance and providing leadership and control for effective management. The Board has delegated the authority and responsibility for business strategies implementation and day-to-day administration and operations of the Group's business to the Managing Director and senior management.

Major corporate matters that are specifically reserved to the Board include but not limited to:

- formulating the Group's business strategies;
- establishing corporate governance and internal control system; and
- monitoring performance of the management and providing guidance to the management.

Major duties and responsibilities of senior management include but not limited to:

- setting up offices for companies of the Group;
- executing business strategies and initiatives adopted by the Board;
- implementing proper and sufficient internal control systems and risk management procedures; and
- ensuring compliance with relevant statutory requirements and rules and regulations.

There was in place a directors' and officers' liabilities insurance coverage in respect of legal actions against the Directors and officers of the Company arising from corporate activities during the year.

Biographical details of Directors, which demonstrate a diversity of skills, expertise, experience and qualifications in the Board, are set out in the section entitled "Directors, Senior Management and Company Secretary" of this Annual Report. Save as disclosed herein, there is no financial, business, family or other material/relevant relationship between Board members.

Independent Non-Executive Directors

The Board has four Independent Non-Executive Directors, namely, Mr. Au Wai Ming ("Mr. Au"), Mr. Carson Wen, Professor Wong Lung Tak Patrick and Mr. Wu Ming Lam, representing at least one-third of the Board. Save as disclosed below in respect of Mr. Au, each of the Independent Non-Executive Directors meets the independence guidelines set out in Rule 3.13 of the Listing Rules and has provided to the Company the requisite annual confirmation as to his independence.

Mr. Au was appointed as a Non-Executive Director on 11 March 2011 and re-designated as an Independent Non-Executive Director with effect from 26 March 2019. Mr. Au, saved for being a Non-Executive Director from 11 March 2011 to 25 March 2019, has met the independence guidelines set out in Rule 3.13 of the Listing Rules. The Company has satisfied itself that Mr. Au is independent pursuant to Rule 3.13 of the Listing Rules on the basis that he has not been involved in the day-to-day operation and management of the Group prior to his re-designation, and he has not been a director of any operating subsidiaries of the Company during the two years immediately prior to his re-designation. Mr. Au has contributed to the Company as a Non-Executive Director by participating in meetings at the Board level. All Board meetings attended by Mr. Au were meetings that were also attended by other Independent Non-Executive Directors. During his term of office as a Non-Executive Director, Mr. Au's role and involvement at the Board was the same as the other Independent Non-Executive Directors.

Save as disclosed herein, none of the Independent Non-Executive Directors has any business with or significant financial interests in the Group and therefore the Company considers all Independent Non-Executive Directors to be independent.

Professor Wong Lung Tak Patrick, an Independent Non-executive Director, is a practising certified public accountant in Hong Kong who possesses over 50 years of experience in the accountancy profession. He has appropriate accounting and related financial management expertise.

All Independent Non-executive Directors were appointed with specific term of 3 years and are subject to retirement by rotation and re-election at annual general meetings in accordance with the Articles of Association of the Company.

Chairman and Managing Director

During the year, the roles of Chairman and Managing Director (being defined as chief executive under the CG Code) were performed by Mr. Yiu Hon Ming, who is responsible for overseeing the overall operations of the Group.

Directors' Commitments and Continuous Professional Development

The Company has received confirmation from each Director that he/she has given sufficient time and attention to the affairs of the Company for the year ended 31 December 2019. Directors have disclosed to the Company the number and nature of offices held in Hong Kong and overseas listed public companies or organisations.

Each newly appointed Director receives an induction on his/her appointment to ensure that he/she has proper understanding of the operations and business of the Group and is fully aware of his/her responsibilities and obligations under the Listing Rules, applicable laws and other relevant statutory requirements. Directors are continually provided with updates on statutory and regulatory developments, and evolution of the business environment so as to facilitate them to discharge their duties.

According to the records maintained by the Company, Directors received continuous professional development with an emphasis on the roles, functions and duties of being a director of a listed company in compliance with code provision A.6.5 of the CG Code during year ended 31 December 2019:

AUDIT COMMITTEE

The Audit Committee was established on 25 June 2011 with written terms of reference specifying its authority and duties which is available on the Company's website. The Audit Committee comprises wholly Independent Non-executive Directors.

Members of the Audit Committee

Professor Wong Lung Tak Patrick (*Chairman*)
Mr. Au Wai Ming
Mr. Carson Wen
Mr. Wu Ming Lam

Main functions of the Audit Committee are:

- reviewing the accounting policies and practices, and supervising the Company's financial reporting process;
- monitoring the performance of both the internal and external auditors;
- reviewing and examining the effectiveness of risk management and internal control systems;
- considering major investigation findings on risk management and internal control matters; and
- ensuring compliance with applicable statutory accounting and reporting requirements, legal and regulatory requirements.

The Audit Committee is provided with sufficient resources to discharge its responsibilities. For the year ended 31 December 2019, the Audit Committee held four meetings, among others, to review with external auditor and senior management the interim and annual results of the Group as well as the accounting principles and practices being adopted, internal control and financial reporting matters. Our Finance Director, senior management, internal auditor and external auditor, as appropriate, attended the meetings to respond to any queries raised by the Audit Committee. The Audit Committee also reviewed the external auditor's independence and made recommendations to the Board on the re-appointment of external auditor.

REMUNERATION COMMITTEE

The Remuneration Committee was established on 25 June 2011 with written terms of reference specifying its authority and duties which is available on the Company's website. The Remuneration Committee comprises five members, amongst which four are Independent Non-executive Directors and one is Executive Director.

Members of the Remuneration Committee

Professor Wong Lung Tak Patrick (*Chairman*)
Mr. Yiu Hon Ming
Mr. Au Wai Ming
Mr. Carson Wen
Mr. Wu Ming Lam

The Remuneration Committee is responsible for making recommendations to the Board on the remuneration packages of Directors and senior management, with reference to their duties, responsibilities and performance, and the results of the Group. No Director will be involved in deciding his/her own remuneration.

For the year ended 31 December 2019, the Remuneration Committee held one meeting to review and approve the 2018 performance bonus proposal of the Company, and discuss the remuneration packages of Directors and senior management of the Company.

Remuneration of Directors and Senior Management

Particulars in relation to the remuneration of the Directors and the five highest paid employees as required to be disclosed pursuant to Appendix 16 to the Listing Rules are set out in note 10 to the consolidated financial statements.

Pursuant to code provision B.1.5 of the CG Code, the remuneration of the members of senior management by band for the year ended 31 December 2019 is set out below:

	Number of Individual
HK\$1,500,001 – HK\$2,000,000	1

NOMINATION COMMITTEE

The Nomination Committee was established on 25 June 2011 with written terms of reference specifying its authority and duties which is available on the Company's website. The Nomination Committee comprises five members, amongst which four are Independent Non-executive Directors and one is Executive Director.

Members of the Nomination Committee

Mr. Yiu Hon Ming (*Chairman*)
 Mr. Au Wai Ming
 Mr. Carson Wen
 Professor Wong Lung Tak Patrick
 Mr. Wu Ming Lam

The Nomination Committee, with the aim to build up a strong and diverse Board, is responsible for identifying suitable and qualified individuals, in particular those who can add value to the management through their expertise in relevant strategic business areas, to be Board members, and recommending to the Board on relevant matters relating to the appointment and reappointment of Directors, if necessary. Details of the procedure for Shareholders to propose a person for election as a Director are outlined in the "Nomination Policy" which is available on the Company's website.

For the year ended 31 December 2019, the Nomination Committee held one meeting to review the structure, size and composition (including the skills, knowledge and experience) of the Board, assess the independence of Independent Non-executive Directors and make recommendations to the Board on the re-appointment of Directors taking into account their experience and qualifications.

Board Diversity Policy

On 23 August 2013, the Nomination Committee adopted a board diversity policy of the Company which sets out the approach to achieve diversity on the Board. The Board recognises the benefits of board diversity and endeavours to ensure that the Board has the appropriate balance and level of skills, experience and perspectives required to support the execution of the Group's business strategies. The Company seeks to achieve board diversity through the consideration of a number of factors, including but not limited to gender, age, cultural and educational background, ethnicity, professional experience, skills, knowledge and length of service. The ultimate decision will be based on the candidates' merits and contributions to the Board. The Nomination Committee reviews the board diversity policy, as appropriate, to ensure its effectiveness from time to time. The Company considers that the current Board composition is characterised by diversity, whether considered in terms of gender, professional background and skills.

BOARD AND COMMITTEE MEETINGS

During the year ended 31 December 2019, the Board held six meetings. At these meetings, the Board, among others, reviewed and discussed the Group's business updates and strategies. The individual attendance record of each Director at the Board meetings, Board committee meetings and general meetings during the year is set out below:

Minutes of the Board and Board committee meetings are recorded in sufficient details including any matters considered, decisions reached, concerns or queries raised or dissenting views expressed by the Directors in meetings. Draft and final versions of minutes of the Board and Board committees are sent to all Directors or Board committee members for comments and records respectively within a reasonable time after meetings.

COMPANY SECRETARY

The Company has engaged an external service provider as its Company Secretary since 12 June 2014. The Finance Director of the Company is the contact person of the external service provider. The biographical detail of the Company Secretary is disclosed in the section entitled "Directors, Senior Management and Company Secretary" of this Annual Report. During the year, the Company Secretary undertook over 15 hours of relevant professional training to update her skills and knowledge.

RISK MANAGEMENT AND INTERNAL CONTROL

The Board acknowledges that it is responsible for the risk management and internal control systems and reviewing their effectiveness on an ongoing basis. Such risk management and internal control systems are designed to manage rather than eliminate the risk of failure to achieve business objectives, and can only provide reasonable and not absolute assurance against material misstatement or loss.

The Group's risk management framework and the responsibilities of each delegated group within it are as follows:

Board

- Determines the business strategies and objectives of the Group, and evaluates and determines the nature and extent of risks it is willing to take in achieving the Group's strategic objectives;
- Ensures that the Group establishes and maintains appropriate and effective risk management and internal control systems; and
- Oversees management in the design, implementation and monitoring of the risk management and internal control systems.

Audit Committee

- Assists the Board to perform its responsibilities of risk management and internal control systems;
- Oversees the Group's risk management and internal control systems on an ongoing basis;
- Reviews the effectiveness of the Group's risk management and internal control systems at least annually, and such review should cover all material controls including financial, operational and compliance control;
- Ensures the adequacy of resources, staff qualifications and experience, training programs and budget of the Group's accounting, internal audit and financial reporting functions; and
- Considers major investigation findings on risk management and internal control matters, and reports and makes recommendations to the Board.

Management

- Designs, implements and maintains appropriate and effective risk management and internal control systems;
- Identifies, evaluates and manages the risks that may potentially impact the major processes of the operations;
- Monitors risks and takes measures to mitigate risks in day-to-day operations;
- Follows up the findings on risk management and internal control matters raised by the internal audit team and take prompt remedial action to improve the systems; and
- Provides confirmation to the Board and Audit Committee on the effectiveness of the risk management and internal control systems.

Internal Audit Team

- Reviews the adequacy and effectiveness of the Group's risk management and internal control systems; and
- Reports to the Audit Committee the findings of the reviews and makes recommendations to the Board and management to improve the material system deficiencies or control weaknesses identified.

The Group's internal audit function is performed by an internal audit team. The internal audit team plays an important part in the assessment of the effectiveness of the risk management and internal control systems of the Group and reports directly to the Audit Committee. It conducts internal audit reviews on material internal control systems covering major financial, operational and compliance controls, as well as risk management functions. It reports to the Audit Committee on a quarterly basis and recommends remedial plans to management for any internal control deficiencies identified. It monitors the implementation of its recommendations by the management and reports the outcome to the Audit Committee.

The Board has reviewed the effectiveness of the Group's risk management and internal control systems and considered them to be effective and adequate during the year.

HANDLING INSIDE INFORMATION

An information disclosure policy is in place to ensure potential inside information being captured and confidentiality of such information being maintained until consistent and timely disclosure are made in accordance with the Listing Rules. The policy regulates the handling and dissemination of inside information, which includes:

- Designated reporting channels from different operations informing any potential inside information to designated departments;
- Designated persons and departments to determine further escalation and disclosure as required; and
- Designated persons authorised to act as spokespersons and respond to external enquiries.

SHAREHOLDERS' RIGHTS

Shareholders convening an extraordinary general meeting

Pursuant to Article 58 of the Articles of Association of the Company, any one or more Shareholders holding at the date of deposit of the requisition not less than one-tenth of the paid-up capital of the Company carrying the right of voting at general meetings of the Company shall at all times have the right, by written requisition to the Board or the Company Secretary, to require an extraordinary general meeting to be called by the Board for the transaction of any business specified in such requisition. Such meeting shall be held within two months after the deposit of such requisition.

If within 21 days of such deposit the Board fails to proceed to convene such meeting, Shareholders may hold the extraordinary general meeting, and all reasonable expenses incurred by the Shareholders as a result of the failure of the Board shall be reimbursed to the Shareholders by the Company.

Shareholders' enquiries and proposals

To foster regular and contribute two-way communications amongst the Company, its Shareholders and potential investors, the Company Secretary is designated to respond to enquiries and proposals from Shareholders as well as the public. Shareholders' enquiries and proposals can be made via email at info@winox.com or by phone at (852) 23493776. In addition, the Company is committed to maximising the use of its website (www.winox.com) as a channel to provide updated information in a timely manner and to strengthen the communications with Shareholders and the public. The Company has formulated its shareholders communication policy ("Shareholders Communication Policy") which enables Shareholders to exercise their rights in an informed manner. The Shareholders Communication Policy is available on the Company's website.

Publication of the Company's documents

The following documents of the Company are available on the Company's website for Shareholders' reference:

- List of Directors and their Role and Functions
- Memorandum and Articles of Association

Non-audit service	320	320

The non-audit services include professional services in relation to the Company's interim results and preliminary results announcements.

OTHER SPECIFIC DISCLOSURES

During the year, there were no changes in the Company's Memorandum and Articles of Association. An up-to-date consolidated version of the Company's Memorandum and Articles of Association is available on the Company's website.

Directors have acknowledged their responsibility for preparing all information and representations contained in the consolidated financial statements of the Company for the year ended 31 December 2019.

Directors consider that the consolidated financial statements of the Company for the year ended 31 December 2019 have been prepared in conformity with the generally accepted accounting standards in Hong Kong, and reflect amounts that are based on the best estimates, and reasonable, informed and prudent judgments of the Board and management of the Company with an appropriate consideration to materiality.

Directors are not aware of any material uncertainties relating to events or conditions which may cast significant doubt upon the Company's ability to continue as going concern. Accordingly, the Directors have prepared the consolidated financial statements of the Company for the year ended 31 December 2019 on a going concern basis.

(incorporated in the Cayman Islands with limited liability)

OPINION

We have audited the consolidated financial statements of Winox Holdings Limited (the "Company") and its subsidiaries (collectively referred to as the "Group") set out on pages 39 to 83, which comprise the consolidated statement of financial position as at 31 December 2019, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2019, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the disclosure requirements of Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

KEY AUDIT MATTERS (Continued)

Key audit matter	How our audit addressed the key audit matter
<i>Impairment assessment of trade receivables</i>	
<p>We identified impairment assessment of trade receivables as a key audit matter due to the significance of trade receivables to the Group's consolidated financial position and the involvement of management judgement and estimates in evaluating the expected credit losses ("ECL") of the Group's trade receivables at the end of the reporting period.</p> <p>As set out in note 20 to the consolidated financial statements, as at 31 December 2019, the Group's trade receivables amounted to HK\$264,090,000, which represented approximately 23.8% of total assets of the Group and out of these trade receivables, HK\$57,195,000 were past due.</p> <p>As disclosed in note 4 to the consolidated financial statements, the management of the Group estimates the amount of lifetime ECL of trade receivables based on individual assessment, after considering internal credit ratings of trade debtors, aging, repayment history and/or past due status of respective trade receivables. Estimated loss rates are based on historical observed default rates over the expected life of the debtors and are adjusted for forward-looking information.</p> <p>As disclosed in note 33 to the consolidated financial statements, the Group has not recognised any impairment of trade receivables as at 31 December 2019 as amounts involved are insignificant.</p>	<p>Our procedures in relation to evaluating the impairment assessment of trade receivables included:</p> <ul style="list-style-type: none"> • Obtaining an understanding of how the management estimates the ECL allowance for trade receivables; • Testing the integrity of information used by management, including trade receivables aging analysis as at 31 December 2019, on a sample basis, by comparing individual items in the analysis with the sales invoices; • Challenging management's basis and judgement in determining ECL allowance on trade receivables as at 31 December 2019, including the assessment of internal credit rating, basis of estimated loss rates applied in individual trade debtors (with reference to historical default rates and forward-looking information); and • Evaluating the disclosures regarding the impairment assessment of trade receivables in note 33 to the consolidated financial statements.

OTHER INFORMATION

The directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF DIRECTORS AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS *(Continued)*

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in the independent auditor's report is Leung Chui Shan.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2019

1. GENERAL

Winox Holdings Limited (the “Company”) is a limited company incorporated in the Cayman Islands and its shares are listed on the Stock Exchange of Hong Kong Limited (the “Stock Exchange”). Its ultimate holding company is Ming Fung Holdings (Hong Kong) Limited, a company with limited liability incorporated in the British Virgin Islands. Its ultimate controlling shareholder is Mr. Yiu Hon Ming (“Mr. Yiu”), who is also the Chairman and Managing Director of the Company. The addresses of the registered office and principal place of business of the Company are disclosed in the section headed “Corporate Information and Key Dates” in the annual report. The Company is an investment holding company and the principal activities of its principal subsidiaries are set out in note 35.

The consolidated financial statements are presented in Hong Kong dollars (“HK\$”), which is the same as the functional currency of the Company.

2. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”)

New and amendments to HKFRSs that are mandatorily effective for the current year

The Company and its subsidiaries (collectively referred to as the “Group”) have applied the following new and amendments to HKFRSs and interpretation issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) for the first time in the current year:

HKFRS 16	Leases
HK(IFRIC) – Int 23	Uncertainty over Income Tax Treatments
Amendments to HKFRSs	Annual Improvements to HKFRSs 2015–2017 Cycle
Amendments to HKFRS 9	Prepayment Features with Negative Compensation
Amendments to HKAS 19	Plan Amendment, Curtailment or Settlement
Amendments to HKAS 28	Long-term Interests in Associates and Joint Ventures

Except as described below, the application of the new and amendments to HKFRSs and interpretation in the current year has had no material impact on the Group’s financial performance and positions for the current and prior years and/or on the disclosures set out in these consolidated financial statements.

HKFRS 16 “Leases”

The Group has applied HKFRS 16 for the first time in the current year. HKFRS 16 superseded HKAS 17 “Leases”, and the related interpretations.

Definition of a lease

The Group has elected the practical expedient to apply HKFRS 16 to contracts that were previously identified as leases applying HKAS 17 and HK(IFRIC) – Int 4 “Determining whether an Arrangement contains a Lease” and not apply this standard to contracts that were not previously identified as containing a lease. Therefore, the Group has not reassessed contracts which already existed prior to the date of initial application.

For contracts entered into or modified on or after 1 January 2019, the Group applies the definition of a lease in accordance with the requirements set out in HKFRS 16 in assessing whether a contract contains a lease. The application of new definition of a lease does not have material impact on consolidated financial statements.

For the year ended 31 December 2019

2. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (Continued)

New and amendments to HKFRSs that are mandatorily effective for the current year (Continued)

HKFRS 16 “Leases” (Continued)

As a lessee

The Group has applied HKFRS 16 retrospectively with the cumulative effect recognised at the date of initial application, 1 January 2019.

As at 1 January 2019, the Group recognised additional lease liabilities and right-of-use assets at amounts equal to the related lease liabilities by applying HKFRS 16.C8(b)(ii) transition. Any difference at the date of initial application is recognised in the opening retained profits and comparative information has not been restated.

When applying the modified retrospective approach under HKFRS 16 at transition, the Group applied the following practical expedients to leases previously classified as operating leases under HKAS 17, on lease-by-lease basis, to the extent relevant to the respective lease contracts:

- i. relied on the assessment of whether leases are onerous by applying HKAS 37 “Provisions, Contingent Liabilities and Contingent Assets” as an alternative of impairment review;
- ii. elected not to recognise right-of-use assets and lease liabilities for leases with lease term ends within 12 months of the date of initial application;
- iii. excluded initial direct costs from measuring the right-of-use assets at the date of initial application; and
- iv. used hindsight based on facts and circumstances as at date of initial application in determining the lease term for the Group’s leases with extension and termination options.

When recognising the lease liabilities for leases previously classified as operating leases, the Group has applied incremental borrowing rates of the relevant group entities at the date of initial application. The weighted average incremental borrowing rate applied is 4.95%.

	At 1 January 2019 HK\$'000

HKFRS 16 “Leases” (Continued)

As a lessee (Continued)

The carrying amount of right-of-use assets for own use as at 1 January 2019 comprises the following:

	Right-of-use assets HK\$'000
Right-of-use assets relating to operating leases recognised upon application of HKFRS 16 (Note i)	3,128
Reclassified from prepaid lease payments (Note ii)	33,704
	36,832
By class:	
Leasehold land	33,704
Land and buildings	3,085
Office equipment	43
	36,832

Notes:

- (i) As at 1 January 2019, the Group had a refundable rental deposit paid of HK\$26,000. Based on the definition of lease payments under HKFRS 16, such deposit is not a payment relating to the right to use the underlying asset and the carrying amount of such deposit should be adjusted to amortised cost and such adjustment should be considered as additional lease payment. However, no refundable rental deposit paid has been adjusted to the carrying amount of right-of-use assets as the amount is insignificant.
- (ii) Upfront payments for leasehold lands in the PRC for own used properties were classified as prepaid lease payments as at 31 December 2018. Upon application of HKFRS 16, the current and non-current portion of prepaid lease payments amounting to HK\$759,000 and HK\$32,945,000 respectively were reclassified to right-of-use assets.

For the year ended 31 December 2019

New and amendments to HKFRSs that have been issued but not yet effective

HKFRS 17	Insurance Contracts ¹
Amendments to HKFRS 3	Definition of a Business ²
Amendments to HKFRS 9, HKAS 39 and HKFRS 7	Interest Rate Benchmark Reform ⁴
Amendments to HKFRS 10 and HKAS 28	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture ³
Amendments to HKAS 1 and HKAS 8	Definition of Material ⁴

¹ Effective for annual periods beginning on or after 1 January 2021

² Effective for business combinations and asset acquisitions for which the acquisition date is on or after the beginning of the first annual period beginning on or after 1 January 2020

³ Effective for annual periods beginning on or after a date to be determined

⁴ Effective for annual periods beginning on or after 1 January 2020

In addition to the above new and amendments to HKFRSs, a revised Conceptual Framework for Financial Reporting was issued in 2018. Its consequential amendments, the Amendments to References to the Conceptual Framework in HKFRS Standards, will be effective for annual periods beginning on or after 1 January 2020.

Except for the new and amendments to HKFRSs mentioned below, the directors of the Company anticipate that the application of all other new and amendments to HKFRSs will have no material impact on the consolidated financial statements in the foreseeable future.

For the year ended 31 December 2019

2. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) *(Continued)*

New and amendments to HKFRSs that have been issued but not yet effective *(Continued)*

Amendments to HKAS 1 and HKAS 8 “Definition of Material”

The amendments provide refinements to the definition of material by including additional guidance and explanations in making materiality judgments. In particular, the amendments:

- include the concept of “obscuring” material information in which the effect is similar to omitting or misstating the information;
- replace threshold for materiality influencing users from “could influence” to “could reasonably be expected to influence”; and
- include the use of the phrase “primary users” rather than simply referring to “users” which was considered too broad when deciding what information to disclose in the financial statements.

The amendments also align the definition across all HKFRSs and will be mandatorily effective for the Group’s annual period beginning on 1 January 2020. The application of the amendments is not expected to have significant impact on the financial position and performance.

Conceptual Framework for Financial Reporting 2018 (the “New Framework”) and the Amendments to References to the Conceptual Framework in HKFRS Standards

The New Framework:

- reintroduces the terms stewardship and prudence;
- introduces a new asset definition that focuses on rights and a new liability definition that is likely to be broader than the definition it replaces, but does not change the distinction between a liability and an equity instrument;
- discusses historical cost and current value measures, and provides additional guidance on how to select a measurement basis for a particular asset or liability;
- states that the primary measure of financial performance is profit or loss, and that only in exceptional circumstances other comprehensive income will be used and only for income or expenses that arise from a change in the current value of an asset or liability; and
- discusses uncertainty, derecognition, unit of account, the reporting entity and consolidated financial statements.

Consequential amendments have been made so that references in certain HKFRSs have been updated to the New Framework, whilst some HKFRSs are still referred to the previous versions of the framework. These amendments are effective for annual periods beginning on or after 1 January 2020, with earlier application permitted. Other than specific standards which still refer to the previous versions of the framework, the Group will rely on the New Framework on its effective date in determining the accounting policies especially for transactions, events or conditions that are not otherwise dealt with under the accounting standards.

For the year ended 31 December 2019

3. SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements have been prepared in accordance with HKFRSs issued by the HKICPA. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on the Stock Exchange and by the Hong Kong Companies Ordinance.

The consolidated financial statements have been prepared on the historical cost basis at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of HKFRS 2 "Share-based Payment", leasing transactions that are accounted for in accordance with HKFRS 16 (since 1 January 2019) or HKAS 17 (before application of HKFRS 16), and measurements that have some similarities to fair value but are not fair value, such as net realisable value in HKAS 2 "Inventories" or value in use in HKAS 36 "Impairment of Assets".

The principal accounting policies are set out below.

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company and its subsidiaries. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Revenue from contracts with customers

The Group recognises revenue when (or as) a performance obligation is satisfied, i.e. when "control" of the goods or services underlying the particular performance obligation is transferred to the customer.

A performance obligation represents a good or service (or a bundle of goods or services) that is distinct or a series of distinct goods or services that are substantially the same.

For the year ended 31 December 2019

3. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Revenue from contracts with customers *(Continued)*

Control is transferred over time and revenue is recognised over time by reference to the progress towards complete satisfaction of the relevant performance obligation if one of the following criteria is met:

- the customer simultaneously receives and consumes the benefits provided by the Group's performance as the Group performs;
- the Group's performance creates or enhances an asset that the customer controls as the Group performs; or
- the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

Otherwise, revenue is recognised at a point in time when the customer obtains control of the distinct good or service.

Incremental costs of obtaining a contract

Incremental costs of obtaining a contract are those costs that the Group incurs to obtain a contract with a customer that it would not have incurred if the contract had not been obtained.

The Group recognises such costs (sales commissions) as an asset if it expects to recover these costs. The asset so recognised is subsequently amortised to profit or loss on a systematic basis that is consistent with the transfer to the customer of the goods or services to which the assets relate. The asset is subject to impairment review.

The Group applies the practical expedient of expensing all incremental costs to obtain a contract if these costs would otherwise have been fully amortised to profit or loss within one year.

Leases

Definition of a lease (upon application of HKFRS 16 in accordance with transitions in note 2)

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. For contracts entered into or modified or arising from business combinations on or after the date of initial application, the Group assesses whether a contract is or contains a lease based on the definition under HKFRS 16 at inception, modification date or acquisition date, as appropriate. Such contract will not be reassessed unless the terms and conditions of the contract are subsequently changed.

The Group as a lessee (upon application of HKFRS 16 in accordance with transitions in note 2)

(i) Allocation of consideration to components of a contract

For a contract that contains a lease component and one or more additional lease or non-lease components, the Group allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

Non-lease components are separated from lease component on the basis of their relative stand-alone prices.

(ii) Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to leases of land and office premises that have a lease term of 12 months or less from the commencement date and do not contain a purchase option. It also applies the recognition exemption for lease of low-value assets. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis or another systematic basis over the lease term.

Leases *(Continued)*

The Group as a lessee (upon application of HKFRS 16 in accordance with transitions in note 2) *(Continued)*

(iii) Right-of-use assets

The cost of right-of-use asset includes the amount of the initial measurement of the lease liability; and any initial direct costs incurred by the Group.

Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities.

Right-of-use assets in which the Group is reasonably certain to obtain ownership of the underlying leased assets at the end of the lease term are depreciated from commencement date to the end of the useful life. Otherwise, right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term.

The Group presents right-of-use assets as a separate line item on the consolidated statement of financial position.

(iv) Refundable rental deposits

Refundable rental deposits paid are accounted under HKFRS 9 "Financial Instruments" and initially measured at fair value. Adjustments to fair value at initial recognition are considered as additional lease payments and included in the cost of right-of-use assets.

(v) Lease liabilities

At the commencement date of a lease, the Group recognises and measures the lease liability at the present value of lease payments that are unpaid at that date. In calculating the present value of lease payments, the Group uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable.

The lease payments include fixed payments (including in-substance fixed payments).

After the commencement date, lease liabilities are adjusted by interest accretion and lease payments.

The Group presents lease liabilities as a separate line item on the consolidated statement of financial position.

The Group as a lessee (prior to 1 January 2019)

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Operating lease payments are recognised as an expense on a straight-line basis over the lease term.

Property, plant and equipment

Property, plant and equipment including buildings held for use in the production or supply of goods or services, or for administrative purposes (other than construction in progress as described below) are stated in the consolidated statement of financial position at cost less subsequent accumulated depreciation and accumulated impairment losses, if any.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Costs include any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management and, for qualifying assets, borrowing costs capitalised in accordance with the Group's accounting policy. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Ownership interests in leasehold land and building

When the Group makes payments for ownership interests of properties which includes both leasehold land and building elements, the entire consideration is allocated between the leasehold land and the building elements in proportion to the relative fair values at initial recognition.

To the extent the allocation of the relevant payments can be made reliably, interest in leasehold land that is accounted for as an operating lease is presented as "right-of-use assets" (upon application of HKFRS 16) or "prepaid lease payments" (before application of HKFRS 16) in the consolidated statement of financial position. When the consideration cannot be allocated reliably between non-lease building element and undivided interest in the underlying leasehold land, the entire properties are classified as property, plant and equipment.

Depreciation is recognised so as to write off the cost of items of property, plant and equipment, other than construction in progress, less their residual values over their estimated useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Inventories

Inventories are stated at the lower of cost and net realisable value. Costs of inventories are determined using the weighted average method. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle that obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (where the effect of the time value of money is material).

Provisions for the expected cost of assurance-type warranty obligations under the relevant contracts with customers for sales of stainless steel products are recognised at the date of sale of the relevant products, at the directors' best estimate of the expenditure required to settle the Group's obligation.

3. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Financial instruments

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instrument. All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

Financial assets and financial liabilities are initially measured at fair value except for trade receivables arising from contracts with customers which are initially measured in accordance with HKFRS 15. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income and interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts and payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial asset or financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Financial assets

Classification and subsequent measurement of financial assets

Financial assets that meet the following conditions are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(i) Amortised cost and interest income

Interest income is recognised using the effective interest method for financial assets measured subsequently at amortised cost. Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired. For financial assets that have subsequently become credit-impaired, interest income is recognised by applying the effective interest rate to the amortised cost of the financial asset from the next reporting period. If the credit risk on the credit-impaired financial instrument improves so that the financial asset is no longer credit-impaired, interest income is recognised by applying the effective interest rate to the gross carrying amount of the financial asset from the beginning of the reporting period following the determination that the asset is no longer credit impaired.

Impairment of financial assets

The Group performs impairment assessment under expected credit loss (“ECL”) model on financial assets (including trade and other receivables, and bank balances) which are subject to impairment under HKFRS 9. The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of the relevant instrument. In contrast, 12-month ECL represents the portion of lifetime ECL that is expected to result from default events that are possible within 12 months after the reporting date. Assessments are done based on the Group’s historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current conditions at the reporting date as well as the forecast of future conditions.

The Group always recognises lifetime ECL for trade receivables. The ECL on these assets are assessed individually for trade debtors.

For all other instruments, the Group measures the ECL allowance equal to 12-month ECL, unless when there has been a significant increase in credit risk since initial recognition, the Group recognises lifetime ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition.

For the year ended 31 December 2019

3. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Financial instruments *(Continued)*

Financial assets *(Continued)*

Impairment of financial assets *(Continued)*

(i) *Significant increase in credit risk*

In assessing whether the credit risk has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

In particular, the following information is taken into account when assessing whether credit risk has increased significantly:

- an actual or expected significant deterioration in the financial instrument's external (if available) or internal credit rating;
- significant deterioration in external market indicators of credit risk, e.g. a significant increase in the credit spread, the credit default swap prices for the debtor;
- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations;
- an actual or expected significant deterioration in the operating results of the debtor; or
- an actual or expected significant adverse change in the regulatory, economic, or technological environment of the debtor that results in a significant decrease in the debtor's ability to meet its debt obligations.

Irrespective of the outcome of the above assessment, the Group presumes that the credit risk has increased significantly since initial recognition when contractual payments are more than 30 days past due, unless the Group has reasonable and supportable information that demonstrates otherwise.

The Group regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

(ii) *Definition of default*

For internal credit risk management, the Group considers an event of default occurs when information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full.

Irrespective of the above, the Group considers that default has occurred when a financial asset is more than 90 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

Financial instruments *(Continued)*

Financial assets *(Continued)*

Impairment of financial assets *(Continued)*

(iii) Credit-impaired financial assets

A financial asset is credit-impaired when one or more events of default that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- significant financial difficulty of the issuer or the borrower;
- a breach of contract, such as a default or past due event;
- the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider;
- it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for that financial asset because of financial difficulties.

(iv) Write-off policy

The Group writes off a financial asset when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery, for example, when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings, or in the case of trade receivables, when the amounts are over one year past due, whichever occurs sooner. Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. A write-off constitutes a derecognition event. Any subsequent recoveries are recognised in profit or loss.

(v) Measurement and recognition of ECL

The measurement of ECL is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information. Estimation of ECL reflects an unbiased and probability-weighted amount that is determined with the respective risks of default occurring as the weights.

Generally, the ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and the cash flows that the Group expects to receive, discounted at the effective interest rate determined at initial recognition.

Where ECL is measured on a collective basis or cater for cases where evidence at the individual instrument level may not yet be available, the financial instruments are grouped on the following basis:

- nature of financial instruments;
- past-due status;
- nature, size and industry of debtors; and
- external credit ratings where available.

The grouping is regularly reviewed by management to ensure the constituents of each group continue to share similar credit risk characteristics.

Interest income is calculated based on the gross carrying amount of the financial asset unless the financial asset is credit impaired, in which case interest income is calculated based on amortised cost of the financial asset.

Financial instruments *(Continued)*

Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Financial liabilities at amortised cost

Financial liabilities including trade and other payables and secured bank borrowings are subsequently measured at amortised cost, using the effective interest method.

Derecognition

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

Impairment of property, plant and equipment and right-of-use assets

At the end of the reporting period, the Group reviews the carrying amounts of its property, plant and equipment and right-of-use assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the relevant asset is estimated in order to determine the extent of the impairment loss, if any.

The recoverable amount of property, plant and equipment and right-of-use assets are estimated individually, when it is not possible to estimate the recoverable amount individually, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

In addition, the Group assesses whether there is indication that corporate assets may be impaired. If such indication exists, corporate assets are also allocated to individual cash-generating units, when a reasonable and consistent basis of allocation can be identified, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset (or a cash-generated unit) for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset (or a cash-generated unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generated unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or a cash-generated unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

3. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit before taxation because of income or expense that are taxable or deductible in other year and items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax base used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary difference to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of the reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rate (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

For the purposes of measuring deferred tax for leasing transactions in which the Group recognises the right-of-use assets and the related lease liabilities, the Group first determines whether the tax deductions are attributable to the right-of-use assets or the lease liabilities. For leasing transactions in which the tax deductions are attributable to the lease liabilities, the Group applies HKAS 12 "Income Taxes" requirements to right-of-use assets and lease liabilities separately. Temporary differences relating to right-of-use assets and lease liabilities are not recognised at initial recognition and over the lease terms due to application of the initial recognition exemption.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied to the same taxable entity by the same taxation authority.

Current and deferred tax are recognised in profit or loss.

For the year ended 31 December 2019

3. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Foreign currencies

In preparing the financial statements of each individual group entity, transactions in currencies other than the functional currency of that entity (foreign currencies) are recognised at the rates of exchanges prevailing on the dates of the transactions. At the end of the reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on the retranslation of monetary items, are recognised in profit or loss in the period in which they arise.

For the purposes of presenting the consolidated financial statements, the assets and liabilities of the Group's foreign operations are translated into the presentation currency of the Group (i.e. HK\$) using of exchange rate prevailing at the end of each reporting period, and their income and expenses are translated at the average exchange rates for the year. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity under the heading of translation reserve.

Government grants

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable.

Borrowing costs

Borrowing costs not directly attributable to the acquisition, construction or production of qualifying assets are recognised in profit or loss in the period in which they are incurred.

Retirement benefits costs

Payments to retirement benefits plans and government-managed retirement benefits schemes are charged as an expense when employees have rendered service, entitling them to the contributions.

Short-term employee benefits

Short-term employee benefits are recognised at the undiscounted amount of the benefits expected to be paid as and when employees rendered the services. All short-term employee benefits are recognised as an expense unless another HKFRS requires or permits the inclusion of the benefits in the cost of an asset.

A liability is recognised for benefits accruing to employees (such as wages and salaries, annual leave and sick leave) after deducting any amount already paid.

For the year ended 31 December 2019

4. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, which are described in note 3, the directors of the Company are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical judgements in applying accounting policies

The followings are the critical judgements, apart from those involving estimations (see below), that the directors of the Company have made in the process of applying the Group's accounting policies and that have the most significant effect on the amounts recognised in the consolidated financial statements.

Revenue recognition from sales of products with no alternative use at a point in time

Under HKFRS 15, control of the asset is transferred over time when the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date. Significant judgment is required in determining whether the terms of the Group's contracts with customers in relation to products with no alternative use create an enforceable right to payment for the Group. After considering the contract terms and the relevant local laws that apply to those relevant contracts, the management of the Group do not expect the Group has an enforceable right to payment performance completed to date. Accordingly, the related revenue is recognised at a point in time.

Key sources of estimation uncertainty

The key assumption concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets within the next financial year, is described below.

Impairment assessment of trade receivables

The management of the Group estimates the amount of lifetime ECL of trade receivables based on individual assessment, after considering internal credit ratings of trade debtors, aging, repayment history and/or past due status of respective trade receivables. Estimated loss rates are based on historical observed default rates over the expected life of the debtors and are adjusted for forward-looking information. At every reporting date, the default rates are reassessed and changes in the forward-looking information are considered.

The provision of ECL is sensitive to changes in estimates. The information about the ECL and the Group's trade receivables is disclosed in note 33.

As at 31 December 2019, the carrying amount of trade receivables is HK\$264,090,000 (2018: HK\$153,243,000) (net of allowance for impairment loss of nil (2018: nil)).

For the year ended 31 December 2019

5. REVENUE AND SEGMENT INFORMATION

Operating segments

The Group's operating activities are attributable to a single reporting segment focusing on manufacture and trading of stainless steel products. Information reported to the members of executive directors of the Company, being the chief operating decision makers (the "CODM"), for the purposes of resources allocation and assessment of performance focuses on revenue analysis by products, including mobile phone cases and parts, watch bracelets, smart wearable cases and parts, and fashion accessories, and by geographic locations of customers, including Taiwan, Switzerland, PRC, Liechtenstein and other European countries, Hong Kong and other countries. However, other than revenue analysis, no operating results and other discrete financial information is available. In addition, the CODM reviews the results of the Group as a whole to make decisions. Accordingly, no segment information is presented other than entity wide disclosures.

The revenue of the Group from manufacture and trading of stainless steel products is recognised when the goods are passed to the customers, which is the point of time when the customers have the ability to direct the use of the goods and obtain substantially all of the remaining benefits of the goods.

For the year ended 31 December 2019

11. TAXATION (Continued)

On 21 March 2018, the Hong Kong Legislative Council passed The Inland Revenue (Amendment) (No. 7) Bill 2017 (the "Bill") which introduces the two-tiered profits tax rates regime. The Bill was signed into law on 28 March 2018 and was gazetted on the following day. Under the two-tiered profits tax rates regime, the first HK\$2 million of profits of the qualifying group entity will be taxed at 8.25%, and profits above HK\$2 million will be taxed at 16.5%. The profits of group entities not qualifying for the two-tiered profits tax rates regime will continue to be taxed at a flat rate of 16.5%.

Under the Law of the PRC on EIT (the "EIT Law") and Implementation Regulation of the EIT Law, the tax rate of the PRC subsidiaries is 25%. During the year ended 31 December 2018, certain PRC subsidiaries were rewarded the as High and New Technology Enterprise certificate and eligible to a tax rate of 15% for 3 years with effect from the financial year ended 31 December 2017. Accordingly, an overprovision for the PRC EIT in prior years amounting to HK\$5,993,000 was recognised during the year ended 31 December 2018.

According to relevant laws and regulations promulgated by the State Administration of Tax of the PRC effective from 2008 onwards, enterprises engaging in research and development activities are entitled to claim 175% of their qualified research and development expenses so incurred as tax deductible expenses when determining their assessable profits for the year. The deduction of qualified research and development expenses is subject to the approval from the relevant tax authorities in the annual EIT filling. Accordingly, an overprovision for the PRC EIT in prior years amounting to HK\$2,742,000 is recognised during the year ended 31 December 2019.

Taxation for the year is reconciled to profit before taxation as follows:

	2019 HK\$'000	2018 HK\$'000
Profit before taxation	168,574	178,140

14. PROPERTY, PLANT AND EQUIPMENT *(Continued)*

The buildings are situated in the PRC.

At 31 December 2019, the Group has pledged certain of its buildings of HK\$33,887,000 (2018: HK\$36,473,000) to a bank to secure the credit facilities granted to the Group.

Depreciation is provided to write off the cost of property, plant and equipment, other than construction in progress, over their estimated useful lives, using the straight-line method, at the following rates per annum:

Buildings	Over the shorter of the lease terms, or 3% – 5%
Plant and machinery	10% – 25%
Furniture, fixtures and equipment	10% – 20%

For the year ended 31 December 2019

15. RIGHT-OF-USE ASSETS *(Continued)*

For both years, the Group leases for its operations. Lease contracts are entered into for fixed term of 2 years to 43 years, but may have extension and termination options as described below. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. In determining the lease term and assessing the length of the non-cancellable period, the Group applies the definition of a contract and determines the period for which the contract is enforceable.

In addition, the Group owns several industrial buildings, where its manufacturing facilities are primarily located, and office buildings. The Group is the registered owner of these property interests, including the underlying leasehold lands. Lump sum payments were made upfront to acquire these property interests. The leasehold land components of these owned properties are presented separately only if the payments made can be allocated reliably.

Restrictions or covenants on leases

In addition, lease liabilities of HK\$4,715,000 are recognised with related right-of-use assets of HK\$4,458,000 as at 31 December 2019. The lease agreements do not impose any covenants other than the security interests in the leased assets that are held by the lessor. Leased assets may not be used as security for borrowing purposes.

Details of the lease maturity analysis of lease liabilities are set out in note 24.

At 31 December 2019, the Group had pledged certain of its land use rights of HK\$5,349,000 to a bank to secure the credit facilities granted to the Group.

At 31 December 2018, the Group had pledged certain of its land use rights of HK\$5,626,000 to a bank to secure the credit facilities granted to the Group.

For the year ended 31 December 2019

17. DEPOSIT FOR LAND USE RIGHT

A deposit of RMB18,158,000 (equivalent to HK\$20,254,000) (2018: RMB18,158,000 (equivalent to HK\$20,675,000)) was paid for land use right in prior year as the Group intended to establish a new production plant at Boluo County, Huizhou, PRC ("Huzhen Site"). The requisite construction land quota in respect of the Huzhen Site has not been granted and the development of production premises at Huzhen Site is postponed. At 31 December 2019, the transaction has not been completed. The directors of the Company considered it is in the interest of the Group to acquire more land for production use in order to cater for the long-term development plan of the Group. Accordingly, it is the Group's intention to continue to negotiate with the local government authorities for the grant of the construction land quota and approval.

18. DEPOSIT AND PREPAYMENT FOR A LIFE INSURANCE POLICY

In September 2010, a subsidiary of the Company entered into a life insurance policy (the "Policy") to insure Mr. Yiu. Under the Policy, the beneficiary and policy holder is a subsidiary of the Company and the total insured sum is US\$4,000,000 (equivalent to HK\$31,000,000). At the inception of the Policy, the Group paid an upfront payment of US\$800,000 (equivalent to HK\$6,200,000). The Group will receive cash refund based on the net nominal account value of the Policy at the date of withdrawal. The Group will also receive an interest at interest rates guaranteed by the insurer.

At the date of initial recognition, the directors of the Company expected that the Policy would be terminated at 7th anniversary from date of inception, which is 2017, and there would be a specified surrender charge of US\$97,560 (equivalent to HK\$756,000) in accordance with the Policy. The directors of the Company reassessed the expected life of the Policy as a result of a new bank borrowing granted in 2016 and expected that the Policy will be terminated at 11th anniversary from date of inception, which is 2021, and there will be an expected surrender charge of US\$54,200 (equivalent to HK\$420,000). The directors of the Company considered that the financial impact of the option to terminate the policy was not significant.

The Policy exposes the insurer to significant insurance risk. The gross premium paid at inception of the Policy consists of a deposit placed element and a prepayment for life insurance element. These two elements are recognised on the consolidated statement of financial position at the aggregate of the amount of gross premium paid plus interest earned, and after deducting the annual cost of insurance, other applicable charges as well as the amortisation of the expected surrender charge at the end of the life of the Policy.

The effective interest rate of the deposit is 4.75% (2018: 4.75%) per annum which is determined on initial recognition by discounting the estimated future cash receipts over the expected life of the Policy of 11 years (2018: 11 years).

At 31 December 2019 and 2018, the Policy was pledged to a bank to secure general banking facilities granted to the Group.

25. DEFERRED TAXATION

At 31 December 2019, the Group had unused tax losses of HK\$23,557,000 (2018: HK\$20,289,000) available to offset against future profits. No deferred tax asset has been recognised in respect of these losses due to the unpredictability of future profit streams. Such losses may be carried forward indefinitely.

Under the EIT Law of PRC, withholding tax is imposed on dividends declared in respect of profits earned by the PRC subsidiaries from 1 January 2008 onwards. Deferred taxation has not been provided for in respect of temporary differences attributable to retained profits of subsidiaries in the PRC amounting to HK\$390,812,000 (2018: HK\$315,830,000) at 31 December 2019, as the Group is able to control the timing of the reversal of the temporary differences and it is probable that the temporary differences will not reverse in the foreseeable future.

For the year ended 31 December 2019

26. SHARE CAPITAL

	2019 & 2018 HK\$'000
Authorised: 4,000,000,000 ordinary shares of HK\$0.1 each	400,000
Issued and fully paid: 500,000,000 ordinary shares of HK\$0.1 each	50,000

There was no change in the Company's authorised, issued and fully paid share capital in both years.

27. OPERATING LEASE COMMITMENTS**The Group as lessee**

At 31 December 2018, the Group was committed to make the following future minimum lease payments under non-cancellable operating leases which fall due as follows:

	2018 HK\$'000
Within one year	693
In the second to fifth year inclusive	827
After five years	6,107
	7,627

Operating lease payments mainly represented rentals for certain of its office properties and staff quarters. Leases were negotiated and rentals were fixed for lease terms ranging from 1 year to 43 years.

28. CAPITAL COMMITMENTS

	2019 HK\$'000	2018 HK\$'000
Capital expenditure contracted for but not provided in the consolidated financial statements in respect of acquisition of property, plant and equipment and land use rights	29,936	24,030

For the year ended 31 December 2019

29. RETIREMENT BENEFITS SCHEMES

The Group operates a Mandatory Provident Fund Scheme for all qualifying employees in Hong Kong. The assets of the scheme are held separately from those of the Group, in funds under the control of trustees. The Group and each employee make monthly mandatory contributions of 5% of relevant payroll costs with monthly cap of HK\$1,500 to the scheme.

The employees of the Group's subsidiaries in PRC are members of a state-managed retirement benefits plan operated by the PRC government. The subsidiaries are required to contribute a specified percentage of payroll costs to the retirement benefits scheme to fund the benefits. The only obligation of the Group with respect to the retirement benefits scheme is to make the specified contributions.

No forfeited contributions are available to reduce the contribution payable in future years.

30. SHARE OPTION SCHEME

The Company's share option scheme ("Share Option Scheme") was adopted pursuant to a resolution passed on 25 June 2011. The purpose of the Share Option Scheme is to enable the Group to grant options to the eligible participants, including directors, officers, employees and consultants of any member of the Group, to (i) encourage them to work towards enhancing value of the Company and its shares for the benefit of the Company and its shareholders as a whole, (ii) retain, incentivise, reward, remunerate, compensate and/or provide benefits to eligible participants.

The directors of the Company may, at its absolute discretion, grant an option to eligible participant(s) to subscribe for the shares of the Company at an exercise price and subject to the other terms of the Share Option Scheme. The maximum number of shares which may be issued upon exercise of all options to be granted under the Share Option Scheme shall be 50,000,000 shares, representing 10 per cent of the Company's total issued share capital as at the time dealings in the shares of the Company first commence on the Stock Exchange.

The Share Option Scheme will remain in force for a period of ten years from its adoption date.

The amount payable upon acceptance of an option is HK\$1. The subscription price for shares on the exercise of the options shall be no less than the higher of: (i) the closing price of the shares as stated in the daily quotations sheet issued by the Stock Exchange on the date of grant; (ii) the average closing price of the shares as stated in the daily quotations sheets issued by the Stock Exchange for the five business days immediately preceding the date of grant; and (iii) the nominal value of a share on the date of grant.

During the years ended 31 December 2019 and 2018, no options were granted or outstanding under the Share Option Scheme.

For the year ended 31 December 2019

31. RELATED PARTY TRANSACTIONS

- (i) In addition to transactions and balances disclosed elsewhere in the consolidated financial statements, the Group had entered into the following related party transactions during the year:

Name of related parties	Nature of balances/transactions	2019 HK\$'000	2018 HK\$'000
Ming Fung (Holdings) Limited (controlled by Mr. Yiu)	Fee received for management and administrative service	252	252
Mr. Yiu	Interest expenses on lease liabilities	32	N/A
	Rental expenses	N/A	762
	Short-term lease payments	317	N/A
	Lease liabilities	1,048	N/A

- (ii) Remuneration paid for key management personnel, who are the directors and the chief executive of the Company, is disclosed in note 10.

The remuneration of key management personnel is determined by the remuneration committee of the Company having regard to the performance of individuals and market trends.

32. CAPITAL RISK MANAGEMENT

The Group manages its capital to ensure that the group entities will be able to continue as a going concern while maximising the return to owners through the optimisation of the debt and equity balance. The Group's overall strategy remains unchanged from the prior year.

The capital structure of the Group consists of net debt, which includes secured bank borrowings disclosed in note 23, net of cash and cash equivalents and equity attributable to owners of the Company, comprising issued share capital, reserves and retained profits as disclosed in the consolidated financial statements.

The management of the Group reviews the capital structure on a regular basis. As part of this review, the management of the Group considers the cost of capital and the risks associated with the capital, and will balance its overall capital structure through the payment of dividends, new share issues of the Company as well as the raising of bank borrowings.

33. FINANCIAL INSTRUMENTS**Categories of financial instruments**

	2019 HK\$'000	2018 HK\$'000
Financial assets at amortised cost	403,205	394,761
Financial liabilities Amortised cost	306,269	200,907

Financial risk management objectives and policies

The Group's major financial instruments include trade and other receivables, bank balances and cash, trade and other payables and secured bank borrowings. Details of these financial instruments are disclosed in the respective notes. The risks associated with these financial instruments and the policies on how to mitigate these risks are set out below. The management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

For the year ended 31 December 2019

33. FINANCIAL INSTRUMENTS (Continued)**Financial risk management objectives and policies** (Continued)**Credit risk and impairment assessment**

The Group's credit risk is primarily attributable to trade and other receivables, and bank balances. The Group's maximum exposure to credit risk which will cause a financial loss to the Group due to failure to discharge the obligations by counterparties is arising from the carrying amount of the respective recognised financial assets as stated in the consolidated statement of financial position at the end of each reporting period.

Trade receivables arising from contracts with customers

In order to minimise the credit risk, the management of the Group has delegated a team responsible for determination of credit limits and credit approvals. Before accepting any new customer, the Group uses an internal credit scoring system to assess the potential customer's credit quality and defines credit limits by customer. Limits and scoring attributed to customers are reviewed twice a year. Other monitoring procedures are in place to ensure that follow-up action is taken to recover overdue debts. In addition, the Group performs impairment assessment under ECL model upon application of HKFRS 9 on trade balances individually.

As at 31 December 2019, the Group has concentration of credit risk on trade receivables as 24% (2018: 19%) and 79% (2018: 67%) of the trade receivables were due from the Group's largest customer and the five largest customers, respectively.

The Group's internal credit risk grading assessment comprises the following categories:

Internal credit rating	Description	Trade receivables
Low risk	The counterparty has a low risk of default and does not have any past due amounts	Lifetime ECL – not credit-impaired
Watch list	Debtor frequently repays after due dates but usually settle after due date	Lifetime ECL – not credit-impaired
Doubtful	There have been significant increases in credit risk since initial recognition through information developed internally or external resources	Lifetime ECL – not credit-impaired
Write-off	There is evidence indicating that the debtor is in severe financial difficulty and the Group has no realistic prospect of recovery	Amount is written off

As part of the Group's credit risk management, the Group applies internal credit rating for its customers. The following table provides information about the exposure to credit risk for trade receivables which are assessed individually as at 31 December 2019 and 2018 within lifetime ECL (not credit-impaired).

	External credit rating	Internal credit rating	Lifetime ECL	Gross carrying amount	
				2019 HK\$'000	2018 HK\$'000
Trade receivables	N/A	Low risk	Not credit impaired	92,564	115,126
		Watch list	Not credit impaired	171,435	38,019
		Doubtful	Not credit impaired	91	98
				264,090	153,243

During the years ended 31 December 2019 and 2018, trade debtors were assessed individually based on internal credit ratings. No impairment allowance of trade receivables was recognised as the directors of the Company considered the amounts involved are insignificant.

For the year ended 31 December 2019

33. FINANCIAL INSTRUMENTS (Continued)**Financial risk management objectives and policies** (Continued)**Credit risk and impairment assessment** (Continued)**Other receivables (including refundable rental deposits)**

Other receivables including refundable rental deposits were assessed individually. The management of the Group considers the internal credit rating as "Low risk" and there were no additional impairment allowance during the years ended 31 December 2019 and 2018.

Bank balances

For bank deposits, no impairment allowance was recognised since the directors of the Company consider the probability of default is negligible as such amounts are receivable from or placed in banks having good reputation. Majority of bank balances are placed with banks with external credit rating of A1.

Market risk**(i) Currency risk**

Several subsidiaries of the Company have foreign currency sales and purchases, which expose the Group to foreign currency risk.

The carrying amounts of the foreign currency denominated monetary assets and liabilities (including trade and other receivables, bank balances and cash and trade and other payables) at the end of the reporting period are as follows:

	Assets		Liabilities	
	2019 HK\$'000	2018 HK\$'000	2019 HK\$'000	2018 HK\$'000
RMB	1,689	16,983	3	3
CHF	988	2,881	7,817	43
US\$	12,201	18,037	1,680	1,945

The Group currently does not have a foreign exchange hedging policy. However, the management of the Group monitors foreign exchange exposure and will consider hedging significant foreign exchange exposure should the need arises.

Sensitivity analysis

The Group mainly exposes to RMB, CHF and US\$, which are arising from relevant group entities' foreign currency denominated monetary assets and liabilities for the Group's operating activities in Hong Kong and PRC. The following table details the Group's sensitivity to a 5% (2018: 5%) increase and decrease in the functional currencies of the group entities against the relevant foreign currencies. Under the linked exchange rate system, the financial impact on exchange difference between HK\$ and US\$ will be immaterial and therefore no sensitivity analysis has been presented. 5% (2018: 5%) is the sensitivity rate used when the management assesses the reasonably possible change in the foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the end of the reporting period. A positive (negative) number below indicates an increase (decrease) in profit after taxation where the functional currencies of each group entity strengthens 5% (2018: 5%) against the relevant foreign currencies. For a 5% (2018: 5%) weakening of the functional currencies against the relevant foreign currencies, there would be an equal and opposite impact on the profit after taxation.

	2019 HK\$'000	2018 HK\$'000
RMB	(70)	(709)
CHF	285	(118)

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk as the year end exposure at the end of the reporting period does not reflect the exposure during the year.

For the year ended 31 December 2019

33. FINANCIAL INSTRUMENTS (Continued)**Financial risk management objectives and policies** (Continued)**Market risk** (Continued)**(ii) Interest rate risk**

The Group is also exposed to cash flow interest rate risk in relation to interest bearing bank balances and secured bank borrowings at variable interest rates. The Group's exposure to cash flow interest rate risk is mainly concentrated on the fluctuation of HIBOR and the People's Bank of China Standard Loan Interest Rate. The Group currently does not have an interest rate hedging policy. However, the management will consider hedging significant interest rate risk should the need arise.

Sensitivity analysis

The sensitivity analysis below has been determined based on the exposure to interest rates for interest bearing secured bank borrowings at variable interest rates at the end of each reporting period and assumed that the said secured bank borrowings outstanding at the end of each reporting period were outstanding for the whole year. 50 basis points (2018: 50 basis points) increase represents management's assessment of the reasonably possible change in interest rates. The management does not anticipate a decrease in interest rate in the next financial year having regard to the trends in HIBOR and the People's Bank of China Standard Loan Interest Rate. Accordingly, sensitivity analysis on a decrease in interest rates is not presented.

No sensitivity analysis is presented for bank balances as the directors of the Company considered the Group's exposure to cash flow interest rate risk is not material.

If interest rates on secured bank borrowings at variable interest rates had been 50 basis points (2018: 50 basis points) higher and all other variables were held constant, the potential effect on profit after taxation is as follows:

	2019 HK\$'000	2018 HK\$'000
Decrease in profit after taxation	294	218

Liquidity risk

The management of the Group has built an appropriate liquidity risk management framework for the management of the Group's short and medium-term funding and liquidity management requirements. The Group manages liquidity risk by maintaining banking facilities and by continuously monitoring forecasted and actual cash flows and the maturity profiles of its financial liabilities and ensures compliance with loan covenants.

The following table details the Group's remaining contractual maturity for its financial liabilities and lease liabilities. The table has been drawn up to reflect the undiscounted cash flows of financial liabilities and lease liabilities based on the earliest date on which the Group can be required to pay. Specifically, secured bank borrowings with a repayment on demand clause are included in the earliest time band regardless of the probability of the banks choosing to exercise their rights. The maturity dates for other financial liabilities and lease liabilities are based on the agreed repayment dates. The table includes both interest and principal cash flows.

Secured bank borrowings with a repayment on demand clause are included in the “on demand or within one year” time band in the above maturity analysis. As at 31 December 2019, the aggregate carrying amounts of these secured bank borrowings amounted to HK\$29,679,000 (2018: HK\$52,250,000). Taking into account the Group’s financial position, the directors of the Company do not believe that it is probable that the bank will exercise its discretionary right to demand immediate repayment. The directors of the Company believe that such secured bank borrowings will be repaid within two years (2018: three years) after the end of the reporting period in accordance with the scheduled repayment dates set out in the loan agreements and the aggregate principal and interest cash outflows according to the scheduled repayment dates are set out as follows:

	Less than 3 months HK\$'000	Over 3 months but less than 1 year HK\$'000	Over 1 year but less than 2 years HK\$'000	Over 2 years but less than 5 years HK\$'000	Total undiscounted cash flows HK\$'000	Carrying amount HK\$'000

At 31 December 2018	6,204	18,251	23,482	7,229	55,166	52,250

Fair value of financial instruments

The fair values of financial assets and financial liabilities are determined in accordance with generally accepted pricing models based on discounted cash flow analysis.

The directors of the Company consider that the carrying amounts of financial assets and financial liabilities recorded at amortised cost in the consolidated financial statements approximate their fair values at the end of the reporting period.

37. MAJOR NON-CASH TRANSACTIONS

During the year, the Group entered into new lease agreements for the use of leased properties. On the lease commencement, the Group recognised HK\$2,237,000 of right-of-use assets and HK\$2,237,000 lease liabilities.

38. EVENT AFTER THE REPORTING PERIOD

Since January 2020, the outbreak of the 2019 Novel Coronavirus ("COVID-19") in the PRC and the subsequent quarantine measures imposed by the Chinese government have had a negative impact on the operations of the Group, as the Group's manufacturing facilities are located in Dongguan and Huizhou PRC. The Group has had to delay its manufacturing activities due to the mandatory government quarantine measures in an effort to contain the spread of the epidemic. After the implementation of the various prevention and control measures, the Group's manufacturing facilities resumed operation on 10 February 2020 and recovered to the normal operating capacity by this report approval date.

The directors of the Company have closely monitored the development of the outbreak of COVID-19 and kept regular communications with its customers and suppliers to understand whether there would be any significant impacts on the Group's ongoing operation, and/or any shortages in supply on the materials required by the Group's production projects. Based on currently available information as of this report approval date, the directors of the Company consider that the COVID-19 event would not have a material financial impact on the Group. However, given the inherent unpredictable nature and rapid development relating to COVID-19 globally, the Group's business might be affected and the directors of the Company will continue to closely monitor in this regard.
