After the change in control of the Company in November 2019, the Group had further expanded its core businesses, including its advertising business and exhibition and show business.

Revenue had increased rapidly from approximately HK\$5,581,000 for the six months ended 30 April 2019 to approximately HK\$21,731,000 for the six months ended 30 April 2020, which was mainly attributable to the increase in revenue of approximately HK\$16,150,000 generated from the advertising business.

Gross profit had increased significantly from approximately HK\$920,000 for the six months ended 30 April 2019 to approximately HK\$11,388,000 for the six months ended 30 April 2020.

Due to the recent social turmoil in Hong Kong and the current coronavirus outbreak, consumers' spending sentiment in advertisements had weakened and various events and exhibitions had postponed as expected. It is projected that the Group's estimated revenue and gross profit for the coming few months could deteriorate, but an increase in period-to-period estimate results is still anticipated. Furthermore, the Group's performance is anticipated to resume in the second half of year 2020 in line with the expected economic recovery. The Group will continue to use its best endeavours to implement its business development plan and improve the financial performance of the Group.

The Board wishes to remind the Shareholders and the potential investors of the Company that the financial information contained in this announcement is based on the management accounts of the Group and has not been audited.
